**Approximate date of commencement of proposed sale of the securities to the public:
As soon as practicable after the effective date of this Registration Statement.**

If the securities being registered on this Form are being offered in connection with the formation of a holding company and there is compliance with General Instruction G, check the following box.

If this Form is filed to register additional securities for an offering pursuant to Rule 462(b) under the Securities Act, check the following box and list the Securities Act registration statement number of the earlier effective registration statement for the same offering.

If this Form is a post-effective amendment filed pursuant to Rule 462(d) under the Securities Act, check the following box and list the Securities Act registration statement number of the earlier effective registration statement for the same offering.

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, or a smaller reporting company. See the definitions of "large accelerated filer," "accelerated filer," and "smaller reporting company" in Rule 12b-2 of the Exchange Act. (Check one):

Large accelerated filer

Accelerated filer

Non-accelerated filer
(Do not check if a
smaller reporting company)

Smaller reporting company

If applicable, place an X in the box to designate the appropriate rule provision relied upon in conducting this transaction:

Exchange Act Rule 13e-4(i) (Cross-Border Issue Tender Offer)

Exchange Act Rule 14d-1(d) (Cross-Border Third-Party Tender Offer)

Each registrant hereby amends this registration statement on such date or dates as may be necessary to delay its effective date until the registrant shall file a further amendment which specifically states that this registration statement shall thereafter become effective in accordance with Section 8(a) of the Securities Act of 1933 or until the registration statement shall become effective on such date as the Commission, acting pursuant to said Section 8(a), may determine.

TABLE OF ADDITIONAL REGISTRANT GUARANTORS

The information in this prospectus is not complete and may be changed. We may not sell these securities until the registration statement filed with the Securities and Exchange Commission is effective. This prospectus is not an offer to sell these securities and it is not soliciting an offer to buy these securities in any jurisdiction where the offering is not permitted.

SUBJECT TO COMPLETION, DATED APRIL 30, 2010

PROSPECTUS

***Offer to Exchange
Up To \$525,000,000 of
9.375% Senior Notes due 2017
That Have Not Been Registered Under
The Securities Act of 1933
For
Up To \$525,000,000 of
9.375% Senior Notes due 2017
That Have Been Registered Under
The Securities Act of 1933***

Terms of the New 9.375% Senior Notes due 2017 Offered in the Exchange Offer:

- The terms of the new notes are identical to the terms of the old notes that were issued on November 17, 2009 and January 19, 2010, except that the new notes will be registered under the Securities Act of 1933 and will not contain restrictions on transfer, registration rights or provisions for additional interest.

Terms of the Exchange Offer:

- We are offering to exchange up to \$525,000,000 of our old notes for new notes with materially identical terms that have been registered under the Securities Act of 1933 and are freely tradable.
 - We will exchange all old notes that you validly tender and do not validly withdraw before the exchange offer expires for an equal principal amount of new notes.
 - The exchange offer expires at 5:00 p.m., New York City time, on _____, 2010, unless extended.
 - Tenders of old notes may be withdrawn at any time prior to the expiration of the exchange offer.
 - The exchange of new notes for old notes will not be a taxable event for U.S. federal income tax purposes.
 - Broker-dealers who receive new notes pursuant to the exchange offer acknowledge that they will deliver a prospectus in connection with any resale of such new notes.
 - Broker-dealers who acquired the old notes as a result of market-making or other trading activities may use the prospectus for the exchange offer, as supplemented or amended, in connection with resales of the new notes.
-

You should carefully consider the risk factors beginning on page 10 of this prospectus before participating in the exchange offer.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or determined if this prospectus is truthful or complete. Any representation to the contrary is a criminal offense.

The date of this prospectus is _____, 2010

This prospectus is part of a registration statement we filed with the Securities and Exchange Commission. In making your investment decision, you should rely only on the information contained in this prospectus and in the accompanying letter of transmittal. We have not authorized anyone to provide you with any other information. We are not making an offer to sell these securities or soliciting an offer to buy these securities in any jurisdiction where an offer or solicitation is not authorized or in which the person making that offer or solicitation is not qualified to do so or to anyone whom it is unlawful to make an offer or solicitation. You should not assume that the information contained in this prospectus is accurate as of any date other than its date.

INDEX TO FINANCIAL STATEMENTS	F-1

In this prospectus we refer to the notes to be issued in the exchange offer as the "new notes" or "new Notes," and we refer to the \$375 million principal amount of our 9.375% senior notes due 2017 issued on November 17, 2009, together with the additional \$150 million principal amount of our 9.375% senior notes due 2017 issued on January 19, 2010, as the "old notes" or "old Notes." We refer to the new notes and the old notes collectively as the "notes." In this prospectus, references to the "issuer" refer to Antero Resources Finance Corporation, a Delaware corporation and an indirect wholly owned subsidiary of Antero Resources LLC, a Delaware limited liability company. Antero Resources Finance Corporation has been formed to be the issuer of the notes. References to "Antero"

[Table of Contents](#)

or "Antero Resources" refer to Antero Resources LLC unless otherwise indicated or the context otherwise requires. References to "operating subsidiaries" refer to Antero's principal operating subsidiaries, Antero Resources Corporation, Antero Resources Midstream Corporation, Antero Resources Piceance Corporation, Antero Resources Pipeline Corporation and Antero Resources Appalachian Corporation, each of which is a Delaware corporation. References to "we," "us" or "our" refer to Antero and its subsidiaries, unless otherwise indicated or the context otherwise requires. References to "guarantors" refer to Antero and each of its subsidiaries that guarantee amounts outstanding on the notes on a joint and several basis.

This prospectus incorporates important business and financial information about us that is not included or delivered with this prospectus. Such information is available without charge to holders of old notes upon written or oral request made to Antero Resources Finance Corporation, 1625 17th Street, Denver, Colorado, 80202, Attention: Chief Financial Officer (Telephone (303) 357-7310). To obtain timely delivery of any requested information, holders of old notes must make any request no later than five business days prior to the expiration of the exchange offer.

CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS

The information in this prospectus includes "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, as amended (the "Securities Act") and Section 21E of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). All statements, other than statements of historical fact included in this prospectus, regarding our strategy, future operations, financial position, estimated revenues and losses, projected costs, prospects, plans and objectives of management are forward-looking statements. When used in this prospectus, the words "could," "believe," "anticipate," "intend," "estimate," "expect," "project" and similar expressions are intended to identify forward-looking statements, although not all forward-looking statements contain such identifying words. These forward-looking statements are based on our current expectations and assumptions about future events and are based on currently available information as to the outcome and timing of future events. When considering forward-looking statements, you should keep in mind the risk factors and other cautionary statements described under the heading "Risk Factors" included in this prospectus. These forward-looking statements are based on management's current belief, based on currently available information, as to the outcome and timing of future events.

Forward-looking statements may include statements about our:

- business strategy;
- reserves;
- financial strategy, liquidity and capital required for our development program;
- realized natural gas and oil prices;
- timing and amount of future production of natural gas and oil;
- hedging strategy and results;
- future drilling plans;
- competition and government regulations;
- marketing of natural gas and oil;
- leasehold or business acquisitions;
- costs of developing our properties and conducting our gathering and other midstream operations;

[Table of Contents](#)

- general economic conditions;
- credit markets;
- liquidity and access to capital;
- uncertainty regarding our future operating results; and
- plans, objectives, expectations and intentions contained in this prospectus that are not historical.

We caution you that these forward-looking statements are subject to all of the risks and uncertainties, most of which are difficult to predict and many of which are beyond our control, incident to the exploration for and development, production, gathering and sale of natural gas and oil. These risks include, but are not limited to, commodity price volatility, inflation, lack of availability of drilling and production equipment and services, environmental risks, drilling and other operating risks, regulatory changes, the uncertainty inherent in estimating natural gas and oil reserves and in projecting future rates of production, cash flow and access to capital, the timing of development expenditures, and the other risks described under "Risk Factors" in this prospectus.

Reserve engineering is a process of estimating underground accumulations of natural gas and oil that cannot be measured in an exact way. The accuracy of any reserve estimate depends on the quality of available data, the interpretation of such data and price and cost assumptions made by reservoir engineers. In addition, the results of drilling, testing and production activities may justify revisions of estimates that were made previously. If significant, such revisions would change the schedule of any further production and development drilling. Accordingly, reserve estimates may differ significantly from the quantities of natural gas and oil that are ultimately recovered.

Should one or more of the risks or uncertainties described in this prospectus occur, or should underlying assumptions prove incorrect, our actual results and plans could differ materially from those expressed in any forward- looking statements.

All forward-looking statements, expressed or implied, included in this prospectus are expressly qualified in their entirety by this cautionary statement. This cautionary statement should also be considered in connection with any subsequent written or oral forward-looking statements that we or persons acting on our behalf may issue.

Except as otherwise required by applicable law, we disclaim any duty to update any forward-looking statements, all of which are expressly qualified by the statements in this section, to reflect events or circumstances after the date of this prospectus.

PROSPECTUS SUMMARY

This summary highlights some of the information contained in this prospectus and does not contain all of the information that may be important to you. You should read this entire prospectus and the documents to which we refer you before making an investment decision. You should carefully consider the information set forth under "Risk Factors" beginning on page 10 of this prospectus and the other cautionary statements described in this prospectus. In addition, certain statements include forward looking information that involves risks and uncertainties. See "Cautionary Statement Regarding Forward-Looking Statements." The information in this prospectus with respect to our estimated proved reserves as of December 31, 2007 and 2008 has been prepared by independent reserve engineering firms or by our internal reserve engineers, as applicable, in accordance with the rules and regulations of the SEC applicable to fiscal years ending before December 31, 2009. The information in this prospectus with respect to our estimated proved reserves as of December 31, 2009 has been prepared by our independent reserve engineering firms, in accordance with the rules and regulations of the SEC applicable to fiscal years ending on or after December 31, 2009. Certain operational terms used in this prospectus are defined in "Annex B: Glossary of Natural Gas and Oil Terms."

Our Company

Antero Resources is an independent oil and natural gas company engaged in the exploration, development and production of natural gas properties located onshore in the United States. We focus on unconventional reservoirs, which can generally be characterized as fractured shales and tight sand formations. Our properties are primarily located in the Appalachian Basin in West Virginia and Pennsylvania, the Arkoma Basin in Oklahoma and the Piceance Basin in Colorado. Our corporate headquarters are in Denver, Colorado.

Our management team has worked together for many years and has a successful track record of reserve and production growth as well as significant expertise in unconventional resource plays. Our strategy is to leverage our team's experience delineating and developing natural gas resource plays to profitably grow our reserves and production, primarily through internally generated projects on our existing acreage. As of December 31, 2009, our estimated proved reserves were 1,140.7 Bcfe, consisting of 1,130.3 Bcf of natural gas and 1.7 MMBbl of oil and condensate. As of December 31, 2009, 99% of our proved reserves were natural gas, 24% were proved developed and 69% were operated by us. From December 31, 2006 through December 31, 2009, we grew our estimated proved reserves from 87.0 Bcfe to 1,140.7 Bcfe. In addition, we grew our average daily production from 30.8 MMcfe/d for the year ended December 31, 2007 to 105.2 MMcfe/d for the year ended December 31, 2009. For the year ended December 31, 2009, we generated cash flow from operations of \$149.3 million, net income (loss) of \$(106.2) million and EBITDAX of \$201.3 million. See "Selected Historical Combined Financial Data" for a definition of EBITDAX (a non-GAAP measure) and a reconciliation of EBITDAX to net income (loss).

We have assembled a diversified portfolio of long-lived properties that are characterized by what we believe to be low geologic risk and a large inventory of repeatable drilling opportunities. Our drilling opportunities are focused in the Marcellus Shale of the Appalachian Basin, the Woodford Shale of the Arkoma Basin (the Arkoma Woodford), the Fayetteville Shale of the Arkoma Basin and the Mesaverde tight sands and Mancos Shale of the Piceance Basin. From inception, we have drilled and operated 285 wells through December 31, 2009 with a success rate of approximately 98%. Our drilling inventory consists of approximately 16,000 potential locations, all of which are resource-style opportunities and approximately 9.8% of which are included in our estimated proved reserve base as of December 31, 2009. For information on the possible limitations on our ability to drill our potential locations, see "Risk Factors—Risks Relating to Our Business—Our identified drilling locations are scheduled out over many years, making them susceptible to uncertainties that could materially alter the

occurrence or timing of their drilling. In addition, we may not be able to raise the substantial amount of capital that would be necessary to drill a substantial portion of our potential drilling locations."

We own two midstream systems (one in the Arkoma Basin and one in the Piceance Basin), and we believe we have secured sufficient long-term firm takeaway capacity on major pipelines that are in existence or currently under construction in each of our core operating areas to accommodate our existing and foreseeable production.

Our board of directors has approved a capital expenditure budget of up to \$319 million for 2010, approximately 87% of which is allocated to drilling. Of our 2010 drilling budget, approximately 49% is allocated to the Appalachian Basin, 31% to the Arkoma Basin Woodford Shale and 20% to the Piceance Basin. Consistent with our historical practice, we periodically review our capital expenditures and adjust our budget based on liquidity, commodity prices and drilling results.

We believe we have a conservative financial position characterized by modest leverage, a strong hedge position and ample liquidity. We have entered into hedging contracts covering a total of approximately 167 Bcf of our natural gas production from January 1, 2010 through December 31, 2014 at a weighted average index price of \$6.42 per Mcf. For 2010, we have hedged approximately 31.3 Bcf of our production at a weighted average index price of \$6.29 per Mcf. On November 17, 2009, we completed an offering of \$375 million principal amount of our 9.375% senior notes due 2017. On January 19, 2010, we completed an offering of \$150 million additional principal amount of our 9.375% senior notes due 2017. As a result of the January 2010 notes offering, the borrowing base under our senior secured revolving credit facility was automatically reduced by \$31 million. Accordingly, as of December 31, 2009, on a pro forma basis after giving effect to the use of the net proceeds of the January 2010 offering of the old notes, we would have had approximately \$366 million of available borrowing capacity under our senior secured revolving credit facility.

Corporate Sponsorship and Structure

We began operations in 2004, and have funded development and operating activities of each of the operating subsidiaries primarily through equity capital raised from private equity sponsors and institutional investors, through borrowings under our bank credit facilities and through internal operating cash flows. Our primary private equity sponsors are affiliates of Warburg Pincus, Yorktown Energy Partners and Trilantic Capital Partners.

Antero Resources LLC was formed as a holding company in October 2009 in connection with our corporate reorganization of the operating subsidiaries and the issuance of a new class of units in Antero in November 2009. Prior to this reorganization, all of our operations were conducted by five separately capitalized commonly controlled operating subsidiaries.

In connection with the November 2009 corporate reorganization, the stockholders of each of the operating subsidiaries contributed all of the outstanding shares of each operating subsidiary to Antero. In return, Antero issued an equivalent number of units of different classes to such stockholders. The newly issued units are substantially similar in character to the contributed stock of each operating subsidiary, including the relative priority of any distributions made by Antero as well as the vesting schedule applicable to shares held by any member of management. Simultaneously with this exchange, Antero issued a new class of units in exchange for \$110 million in new equity capital. Later in November 2009, Antero issued additional units of such new class in exchange for an additional \$15 million in new equity capital. We refer to these issuances in this prospectus as our November 2009 equity placements. None of Antero's outstanding units are entitled to current cash distributions or are convertible into indebtedness, and Antero has no obligation to repurchase these units at the election of the unitholders.

[Table of Contents](#)

We used the aggregate net proceeds of approximately \$124 million from the November 2009 equity placements to repay borrowings outstanding under our senior secured revolving credit facility.

Antero Resources Finance Corporation, the issuer of the notes, was formed in October 2009 as an indirect wholly owned subsidiary of Antero. The issuer was formed to arrange financing for Antero and the operating subsidiaries, including the notes. The indenture governing the notes limits the issuer's activity to those of a finance subsidiary. The issuer does not own any significant assets other than intercompany obligations. The five operating subsidiaries together own all of the outstanding common stock of the issuer. Antero owns all of the outstanding common stock of the five operating subsidiaries.

For more information on our corporate restructuring and the November 2009 equity placements, see "Business—Corporate Sponsorship and Structure."

Corporate Headquarters

Our corporate headquarters are located at 1625 17th Street, Denver, Colorado 80202, and our telephone number at that address is (303) 357-7310.

The Exchange Offer

On November 17, 2009, we completed a private offering of \$375 million principal amount of the old notes. On January 19, 2010, we completed a private offering of an additional \$150 million principal amount of the old notes. We entered into registration rights agreements with the initial purchasers in connection with these offerings in which we agreed to deliver to you this prospectus and to use commercially reasonable efforts to complete the exchange offer within 360 days after the date of the initial issuance of the old notes (November 17, 2009).

Exchange Offer	We are offering to exchange new notes for old notes.
Expiration Date	The exchange offer will expire at 5:00 p.m., New York City time, on _____, 2010, unless we decide to extend it.
Condition to the Exchange Offer	The registration rights agreements do not require us to accept old notes for exchange if the exchange offer, or the making of any exchange by a holder of the old notes, would violate any applicable law or interpretation of the staff of the Securities and Exchange Commission. The exchange offer is not conditioned on a minimum aggregate principal amount of old notes being tendered.
Procedures for Tendering Old Notes	<p>To participate in the exchange offer, you must follow the procedures established by The Depository Trust Company, which we call "DTC," for tendering notes held in book-entry form. These procedures, which we call "ATOP," require that (i) the exchange agent receive, prior to the expiration date of the exchange offer, a computer generated message known as an "agent's message" that is transmitted through DTC's automated tender offer program, and (ii) DTC confirms that:</p> <ul style="list-style-type: none">• DTC has received your instructions to exchange your notes, and• you agree to be bound by the terms of the letter of transmittal. <p>For more information on tendering your old notes, please refer to the section in this prospectus entitled "Exchange Offer—Terms of the Exchange Offer," "—Procedures for Tendering," and "Description of Notes—Book Entry; Delivery and Form."</p>
Guaranteed Delivery Procedures	None.
Withdrawal of Tenders	You may withdraw your tender of old notes at any time prior to the expiration date. To withdraw, you must submit a notice of withdrawal to the exchange agent using ATOP procedures before 5:00 p.m., New York City time, on the expiration date of the exchange offer. Please refer to the section in this prospectus entitled "Exchange Offer—Withdrawal of Tenders."

[Table of Contents](#)

Acceptance of Old Notes and Delivery of New Notes	If you fulfill all conditions required for proper acceptance of old notes, we will accept any and all old notes that you properly tender in the exchange offer before 5:00 p.m. New York City time on the expiration date. We will return any old note that we do not accept for exchange to you without expense promptly after the expiration date and acceptance of the old notes for exchange. Please refer to the section in this prospectus entitled "Exchange Offer—Terms of the Exchange Offer."
Fees and Expenses	We will bear expenses related to the exchange offer. Please refer to the section in this prospectus entitled "Exchange Offer—Fees and Expenses."
Use of Proceeds	The issuance of the new notes will not provide us with any new proceeds. We are making this exchange offer solely to satisfy our obligations under our registration rights agreements.
Consequences of Failure to Exchange Old Notes	If you do not exchange your old notes in this exchange offer, you will no longer be able to require us to register the old notes under the Securities Act except in limited circumstances provided under the registration rights agreements. In addition, you will not be able to resell, offer to resell or otherwise transfer the old notes unless we have registered the old notes under the Securities Act, or unless you resell, offer to resell or otherwise transfer them under an exemption from the registration requirements of, or in a transaction not subject to, the Securities Act.
U.S. Federal Income Tax Consequences	The exchange of new notes for old notes in the exchange offer will not be a taxable event for U.S. federal income tax purposes. Please read "Material United States Federal Income Tax Consequences."
Exchange Agent	We have appointed Wells Fargo Bank, N.A. as exchange agent for the exchange offer. You should direct questions and requests for assistance, requests for additional copies of this prospectus or the letter of transmittal to the exchange agent as follows:

By Registered & Certified Mail:

Wells Fargo Bank, N.A.
Corporate Trust Operations
MAC N9303-121
PO Box 1517
Minneapolis, Minnesota 55480
Wells Fargo Bank, N.A.,

By regular mail or overnight courier:

Wells Fargo Bank, N.A.
Corporate Trust Operations
MAC N9303-121
Sixth & Marquette Avenue
Minneapolis, Minnesota 55479.

In person by hand only:

Wells Fargo Bank, N.A.
12th Floor—Northstar East Building
Corporate Trust Operations
608 Second Avenue South
Minneapolis, Minnesota 55402

Eligible institutions may make requests by facsimile at
(612) 667-6282 and may confirm facsimile delivery by calling
(800) 344-5128.

Terms of the New Notes

The new notes will be identical to the old notes except that the new notes are registered under the Securities Act and will not have restrictions on transfer, registration rights or provisions for additional interest. The new notes will evidence the same debt as the old notes, and the same indenture will govern the new notes and the old notes.

The following summary contains basic information about the new notes and is not intended to be complete. It does not contain all information that may be important to you. For a more complete understanding of the new notes, please refer to the section entitled "Description of Notes" in this prospectus.

Issuer	Antero Resources Finance Corporation
Securities Offered	\$525 million aggregate principal amount of 9.375% senior notes due 2017.
Maturity	December 1, 2017.
Interest Payment Dates	Interest on the notes will be paid semi-annually in arrears on June 1 and December 1 and of each year commencing on June 1, 2010. Interest on each new note will accrue from the last interest payment date on which interest was paid on the old note tendered in exchange thereof, or, if no interest has been paid on the old note, from the date of the original issue of the old note.
Guarantees	The payment of the principal, premium and interest on the notes will be fully and unconditionally guaranteed on a senior unsecured basis by Antero, all of its wholly owned subsidiaries (other than the issuer) and certain of its future restricted subsidiaries. The guarantees will be unsecured senior indebtedness of the guarantors and will have the same ranking with respect to the guarantors' indebtedness as the notes will have with respect to the issuer's indebtedness. As of December 31, 2009, the only non-guarantor subsidiary of Antero, Centrahoma Processing LLC (which is 60% owned by Antero), had no outstanding indebtedness and held less than 4% of our consolidated total assets. See "Description of Notes—Guarantees."
Ranking	<p>The new notes will be the issuer's general senior unsecured obligations. The new notes will:</p> <ul style="list-style-type: none">• rank equally in right of payment with all of the issuer's other senior indebtedness (including the issuer's guarantee under our senior secured revolving credit facility); and• rank senior in right of payment to any of the issuer's future subordinated indebtedness. <p>The guarantees will be the guarantors' general senior unsecured obligations and will rank equally in right of payment with all of the other senior indebtedness of the guarantors.</p>

The notes and guarantees will effectively rank junior in right of payment to all of the issuer's and the guarantors' existing and future secured indebtedness, including indebtedness under the guarantors' senior secured revolving credit facility and capital leases, to the extent of the value of the collateral securing such indebtedness.

As of December 31, 2009, after giving effect to the application of the net proceeds of our November 2009 equity placements and of the November 2009 and January 2010 offerings of the old notes, the notes and the guarantees would have ranked effectively junior to approximately \$3 million of senior secured indebtedness (letters of credit) outstanding under our senior secured revolving credit facility and approximately \$1 million under capital leases.

Optional Redemption

The issuer will have the option to redeem the new notes, in whole or in part, at any time on or after December 1, 2013, in each case at the redemption prices described in this prospectus under the heading "Description of Notes—Optional Redemption," together with any accrued and unpaid interest to the date of such redemption.

At any time prior to December 1, 2013, the issuer may redeem the new notes, in whole or in part, at a "make-whole" redemption price described under "Description of Notes—Optional Redemption," together with any accrued and unpaid interest to the date of such redemption.

In addition, on or prior to December 1, 2012, the issuer may, at any time or from time to time, redeem up to 35% of the aggregate principal amount of the notes with the net proceeds of certain equity offerings at a redemption price equal to 109.375% of the principal amount of the notes, plus any accrued and unpaid interest to the date of such redemption.

Mandatory Offers to Purchase

Upon the occurrence of a change of control, unless the issuer has exercised its optional redemption right in respect of the notes, holders of the new notes will have the right to require the issuer to purchase all or a portion of the new notes at a price equal to 101% of the aggregate principal amount of the notes, together with any accrued and unpaid interest to the date of purchase. In connection with certain asset dispositions, the issuer will be required to use the net cash proceeds of the asset dispositions to make an offer to purchase the new notes at 100% of the principal amount, together with any accrued and unpaid interest to the date of purchase.

[Table of Contents](#)

Certain Covenants

The issuer will issue the new notes under an indenture, dated as of November 17, 2009, with Wells Fargo Bank, National Association, as trustee. The indenture, among other things, limits the ability of Antero and its restricted subsidiaries to:

- incur, assume or guarantee additional indebtedness or issue preferred stock;
- pay dividends on equity securities, repurchase equity securities or redeem subordinated indebtedness;
- make investments or other restricted payments;
- create liens to secure indebtedness;
- restrict dividends, loans or other asset transfers from our restricted subsidiaries;
- sell or otherwise dispose of assets, including capital stock of subsidiaries;
- enter into transactions with affiliates; and
- consolidate with or merge with or into, or sell substantially all of our properties to, another person.

However, many of these covenants will terminate if:

- both Standard & Poor's Ratings Services and Moody's Investors Service, Inc. assign the notes an investment grade rating; and
- no default under the indenture has occurred and is continuing.

These covenants are subject to important exceptions and qualifications, which are described under "Description of Notes—Certain Covenants."

Transfer Restrictions; Absence of a Public Market for the New Notes

The new notes generally will be freely transferable, but will also be new securities for which there will not initially be a market. There can be no assurance as to the development or liquidity of any market for the new notes. We do not intend to apply for a listing of the new notes on any securities exchange or any automated dealer quotation system.

Risk Factors

Investing in the new notes involves risks. See "Risk Factors" beginning on page 10 for a discussion of certain factors you should consider in evaluating whether or not to tender your old notes.

RISK FACTORS

Investing in the notes involves risks. You should carefully consider the information in this prospectus, including the matters addressed under "Cautionary Statement Regarding Forward-Looking Statements," and the following risks before participating in the exchange offer.

We are subject to certain risks and hazards due to the nature of the business activities we conduct. The risks mentioned in the preceding paragraph, any of which could materially and adversely affect our business, financial condition, cash flows, and results of operations, are not the only risks we face. We may experience additional risks and uncertainties not currently known to us; or, as a result of developments occurring in the future, conditions that we currently deem to be immaterial may also materially and adversely affect our business, financial condition, cash flows, and results of operations.

Risks Relating to the Notes

If you do not properly tender your old notes, you will continue to hold unregistered old notes and your ability to transfer old notes will remain restricted and may be adversely affected.

The issuer will only issue new notes in exchange for old notes that you timely and properly tender. Therefore, you should allow sufficient time to ensure timely delivery of the old notes and you should carefully follow the instructions on how to tender your old notes. Neither we nor the exchange agent is required to tell you of any defects or irregularities with respect to your tender of old notes.

If you do not exchange your old notes for new notes pursuant to the exchange offer, the old notes you hold will continue to be subject to the existing transfer restrictions. In general, you may not offer or sell the old notes except under an exemption from, or in a transaction not subject to, the Securities Act and applicable state securities laws. We do not plan to register old notes under the Securities Act unless our registration rights agreements with the initial purchasers of the old notes require us to do so. Further, if you continue to hold any old notes after the exchange offer is consummated, you may have trouble selling them because there will be fewer of the old notes outstanding.

We may not be able to generate sufficient cash to service all of our indebtedness, including the notes, and may be forced to take other actions to satisfy our obligations under our indebtedness, which may not be successful.

Our ability to make scheduled payments on or to refinance our indebtedness obligations, including the notes, depends on our financial condition and operating performance, which is subject to prevailing economic and competitive conditions and certain financial, business and other factors beyond our control. We may not be able to maintain a level of cash flows from operating activities sufficient to permit us to pay the principal, premium, if any, and interest on our indebtedness, including the notes. In particular, the cost of raising money in the debt and equity capital markets has increased substantially over the last 18 months, while the availability of funds from those markets has diminished significantly. Also, as a result of concern about the stability of financial markets generally and the solvency of counterparties specifically, the cost of obtaining money from the credit markets has increased as many lenders and institutional investors have increased interest rates, enacted tighter lending standards and reduced and, in some cases, ceased to provide funding to borrowers.

If our cash flows and capital resources are insufficient to fund our debt service obligations, we may be forced to reduce or delay investments and capital expenditures, or to sell assets, seek additional capital or restructure or refinance our indebtedness, including the notes. Our ability to restructure or refinance our indebtedness will depend on the condition of the capital markets and our financial condition at such time. Any refinancing of our indebtedness could be at higher interest rates and may require us to comply with more onerous covenants, which could further restrict our business operations. The terms of existing or future debt instruments, including the indenture governing the notes, may restrict us from adopting some of these alternatives. In addition, any failure to make payments of

interest and principal on our outstanding indebtedness on a timely basis would likely result in a reduction of our credit rating, which could harm our ability to incur additional indebtedness. In the absence of sufficient cash flows and capital resources, we could face substantial liquidity problems and might be required to dispose of material assets or operations to meet our debt service and other obligations. Our senior secured revolving credit facility and the indenture governing the notes currently restrict our ability to dispose of assets and use the proceeds from such disposition. We may not be able to consummate those dispositions, and the proceeds of any such disposition may not be adequate to meet any debt service obligations then due. These alternative measures may not be successful and may not permit us to meet our scheduled debt service obligations.

The October 2009 and January 2010 amendments to our senior secured revolving credit facility provide that, prior to our next scheduled borrowing base redetermination in May 2010, we may not issue senior debt securities in excess of \$550 million (including the \$525 million principal amount of the old notes issued in the November 2009 and January 2010 offerings of the old notes). In addition, any indebtedness that we issue during this period in excess of \$400 million will result in an automatic reduction in our borrowing base by 25 cents for every dollar of incremental indebtedness incurred. As a result of the January 2010 notes offering, the borrowing base under our senior secured revolving credit facility was automatically reduced by \$31 million. As of December 31, 2009, on a pro forma basis after giving effect to the use of the net proceeds of the January 2010 offering of the old notes, we would have had approximately \$366 million of available borrowing capacity under our senior secured revolving credit facility. Following the next scheduled borrowing base redetermination in May 2010, we may be subject to similar restrictions on our ability to incur indebtedness or our borrowing base may be reduced.

In the future, we may not be able to access adequate funding under our senior secured revolving credit facility as a result of a decrease in our borrowing base due to the issuance of new indebtedness that may result in a decrease in our borrowing base, the outcome of a subsequent semi-annual borrowing base redetermination or an unwillingness or inability on the part of our lending counterparties to meet their funding obligations and the inability of other lenders to provide additional funding to cover the defaulting lender's portion. Declines in commodity prices could result in a determination to lower the borrowing base in the future and, in such a case, we could be required to repay any indebtedness in excess of the redetermined borrowing base. As a result, we may be unable to implement our drilling and development plan, make acquisitions or otherwise carry out our business plan, which would have a material adverse effect on our financial condition and results of operations and impair our ability to service the notes.

If we are unable to comply with the restrictions and covenants in the agreements governing our notes and other indebtedness, there could be a default under the terms of these agreements, which could result in an acceleration of payment of funds that we have borrowed and would impact our ability to make principal and interest payments on the notes.

If we are unable to comply with the restrictions and covenants in the indenture governing the notes or in our senior secured revolving credit facility, or in any future debt financing agreements, there could be a default under the terms of these agreements. Our ability to comply with these restrictions and covenants, including meeting financial ratios and tests, may be affected by events beyond our control. As a result, we cannot assure you that we will be able to comply with these restrictions and covenants or meet these tests. Any default under the agreements governing our indebtedness, including a default under our senior secured revolving credit facility, that is not waived by the requisite number of lenders, and the remedies sought by the holders of such indebtedness, could prevent us from paying principal, premium, if any, and interest on the notes and substantially decrease the market value of the notes. If we are unable to generate sufficient cash flow and are otherwise unable to obtain funds necessary to meet required payments of principal, premium, if any, and interest

on our indebtedness, or if we otherwise fail to comply with the various covenants, including financial and operating covenants in the instruments governing our indebtedness (including covenants in our senior secured revolving credit facility), we could be in default under the terms of these agreements. In the event of such default:

- the holders of such indebtedness could elect to declare all the funds borrowed thereunder to be immediately due and payable, together with any accrued and unpaid interest;
- the lenders under our senior secured revolving credit facility could elect to terminate their commitments thereunder, cease making further loans to us and institute foreclosure proceedings against our assets; and
- we could be forced into bankruptcy or liquidation.

If our operating performance declines, in the future we may need to obtain waivers from the requisite number of lenders under our senior secured revolving credit facility to avoid being in default. If we breach our covenants under our senior secured revolving credit facility and seek a waiver, we may not be able to obtain a waiver from the required lenders on terms that are acceptable to us, if at all. If this occurs, we would be in default under our senior secured revolving credit facility, the lenders could exercise their rights, as described above, and we could be forced into bankruptcy or liquidation. See "—Restrictions in our existing and future debt agreements could limit our growth and our ability to engage in certain activities."

The notes and the guarantees are unsecured and effectively subordinated to the rights of our secured indebtedness.

The notes and the guarantees are general unsecured senior obligations ranking effectively junior to all of our existing and future secured indebtedness, including our obligations under our senior secured revolving credit facility, to the extent of the value of the collateral securing the indebtedness. The notes and the guarantees are also effectively subordinated to any indebtedness of any non-guarantor subsidiaries.

If we were unable to repay indebtedness under our senior secured revolving credit facility, the lenders under that facility could foreclose on the pledged assets to the exclusion of holders of the notes, even if an event of default exists under the indenture governing the notes at such time. Furthermore, if the lenders foreclose and sell the pledged equity interests in any guarantor in a transaction permitted under the terms of the indenture governing the notes, then such guarantor will be released from its guarantee of the notes automatically and immediately upon such sale. In any such event, because the notes are not secured by any of such assets or by the equity interests in any such guarantor, it is possible that there would be no assets from which your claims could be satisfied or, if any assets existed, they might be insufficient to satisfy your claims in full.

If the issuer or any guarantor is declared bankrupt, becomes insolvent or is liquidated or reorganized, any of its secured indebtedness will be entitled to be paid in full from its assets or the assets of any guarantor securing that indebtedness before any payment may be made with respect to the notes or the affected guarantees. Holders of the notes will participate ratably in our remaining assets with all holders of any unsecured indebtedness that does not rank junior to the notes, based upon the respective amounts owed to each holder or creditor. In any of the foregoing events, there may not be sufficient assets to pay amounts due on the notes or the guarantees. As a result, holders of the notes would likely receive less, ratably, than holders of secured indebtedness.

As of December 31, 2009, we had total secured indebtedness of approximately \$142 million outstanding under our senior secured revolving credit facility and approximately \$1 million outstanding under our capital leases. As of the same date, after giving effect to the use of the net proceeds of the January 2010 offering of the old notes, we would have had approximately \$3 million of senior secured

indebtedness (letters of credit) under our senior secured revolving credit facility, with additional borrowing availability of approximately \$366 million under that facility.

We may be able to incur substantially more indebtedness, including indebtedness ranking equal to the notes and the guarantees. This could increase the risks associated with the notes.

Subject to the restrictions in the indenture governing the notes and in other instruments governing our other outstanding indebtedness (including our senior secured revolving credit facility), we may incur substantial additional indebtedness (including secured indebtedness) in the future. Although the indenture governing the notes and the instruments governing our senior secured revolving credit facility contain restrictions on the incurrence of additional indebtedness, these restrictions are subject to waiver and a number of significant qualifications and exceptions, and indebtedness incurred in compliance with these restrictions could be substantial.

If the issuer or any guarantor incurs any additional indebtedness that ranks equally with the notes (or with the guarantee thereof), including trade payables, the holders of that indebtedness will be entitled to share ratably with noteholders in any proceeds distributed in connection with any insolvency, liquidation, reorganization, dissolution or other winding-up of the issuer or such guarantor. This may have the effect of reducing the amount of proceeds paid to noteholders in connection with such a distribution. As of December 31, 2009, after giving effect to the January 2010 offering of the old notes, and the application of the net proceeds therefrom, we would have had total long-term indebtedness of approximately \$529 million.

Any increase in our level of indebtedness will have several important effects on our future operations, including, without limitation:

- we will have additional cash requirements in order to support the payment of interest on our outstanding indebtedness;
- increases in our outstanding indebtedness and leverage will increase our vulnerability to adverse changes in general economic and industry conditions, as well as to competitive pressure;
- depending on the levels of our outstanding indebtedness, our ability to obtain additional financing for working capital, capital expenditures, general corporate and other purposes may be limited; and
- our level of indebtedness may prevent us from engaging in certain transactions that might otherwise be beneficial to us by.

Any of these factors could result in a material adverse effect on our business, financial condition, results of operations, business prospects and ability to satisfy our obligations under the notes.

Restrictions in our existing and future debt agreements could limit our growth and our ability to engage in certain activities.

Our senior secured revolving credit facility contains a number of significant covenants (in addition to covenants restricting the incurrence of additional indebtedness). Our senior secured revolving credit facility contains restrictive covenants that may limit our ability to, among other things:

- sell assets;
- make loans to others;
- make investments;
- enter into mergers;
- make certain payments;

[Table of Contents](#)

- incur liens; and
- engage in certain other transactions without the prior consent of the lenders.

The indenture governing the notes contains similar restrictive covenants. In addition, our senior secured revolving credit facility requires us to maintain certain financial ratios or to reduce our indebtedness if we are unable to comply with such ratios. These restrictions, together with those in the indenture governing the notes, may also limit our ability to obtain future financings to withstand a future downturn in our business or the economy in general, or to otherwise conduct necessary corporate activities. We may also be prevented from taking advantage of business opportunities that arise because of the limitations that the restrictive covenants under the indenture governing the notes and our senior secured revolving credit facility impose on us.

Our senior secured revolving credit facility limits the amounts we can borrow up to a borrowing base amount, which the lenders, in their sole discretion, determine on a semi-annual basis based upon projected revenues from the natural gas properties securing our loan. The lenders can unilaterally adjust the borrowing base and the borrowings permitted to be outstanding under our senior secured revolving credit facility. Any increase in the borrowing base requires the consent of the lenders holding 100% of the commitments. If the requisite number of lenders do not agree to an increase, then the borrowing base will be the lowest borrowing base acceptable to such lenders. Outstanding borrowings in excess of the borrowing base must be repaid, or we must pledge other natural gas properties as additional collateral. We do not currently have any substantial unpledged properties, and we may not have the financial resources in the future to make mandatory principal prepayments required under our senior secured revolving credit facility.

The October 2009 and January 2010 amendments to our senior secured revolving credit facility provide that, prior to our next scheduled borrowing base redetermination in May 2010, we may not issue senior debt securities in excess of \$550 million (including the \$525 million principal amount of the old notes issued in the November 2009 and January 2010 offerings of the old notes). In addition, any indebtedness that we issue during this period in excess of \$400 million will result in an automatic reduction in our borrowing base by 25 cents for every dollar of incremental indebtedness incurred. As a result of the January 2010 notes offering, the borrowing base under our senior secured revolving credit facility was automatically reduced by \$31 million. As of December 31, 2009, on a pro forma basis after giving effect to the use of the net proceeds of the January 2010 offering of the old notes, we would have had approximately \$366 million of available borrowing capacity under our senior secured revolving credit facility. Following the next scheduled borrowing base redetermination in May 2010, we may be subject to similar restrictions on our ability to incur indebtedness or our borrowing base may be reduced.

A breach of any covenant in our senior secured revolving credit facility would result in a default under that agreement after any applicable grace periods. A default, if not waived, could result in acceleration of the indebtedness outstanding under the facility and in a default with respect to, and an acceleration of, the indebtedness outstanding under other debt agreements. The accelerated indebtedness would become immediately due and payable. If that occurs, we may not be able to make all of the required payments or borrow sufficient funds to refinance such indebtedness. Even if new financing were available at that time, it may not be on terms that are acceptable to us. See "Management's Discussion and Analysis of Financial Condition and Results of Operations—Capital Resources and Liquidity—Cash Flow Provided by Financing Activities—Senior Secured Revolving Credit Facility" and "Description of Notes—Events of Default."

Our ability to repay our indebtedness, including the notes, is dependent on the cash flow generated by our operating subsidiaries.

The operating subsidiaries own substantially all of our assets and conduct all of our operations. Accordingly, repayment of our indebtedness, including the notes, will be dependent on the generation of cash flow by the operating subsidiaries and their ability to make such cash available to the issuer, directly or indirectly, by dividend, debt repayment or otherwise. All of the five operating subsidiaries guarantee the issuer's obligations under the notes. Unless they guarantee the notes, neither Centrahoma Processing LLC nor any of our future subsidiaries will have any obligation to pay amounts due on the notes or to make funds available for that purpose. The operating subsidiaries may not be able to or may not be permitted to, make distributions to enable the issuer to make payments in respect of its indebtedness, including the notes. Each operating subsidiary is a distinct legal entity and, under certain circumstances, legal and contractual restrictions may limit the issuer's ability to obtain cash from the operating subsidiaries. While the indenture governing the notes limits the ability of the operating subsidiaries to incur consensual encumbrances or restrictions on their ability to pay dividends or make other intercompany payments to Antero, those limitations are subject to waiver and certain qualifications and exceptions.

Your ability to transfer the notes may be limited by the absence of an active trading market, and there is no assurance that any active trading market will develop for the notes.

The old notes have not been registered under the Securities Act, and may not be resold by holders thereof unless the old notes are subsequently registered or an exemption from the registration requirements of the Securities Act is available. However, we cannot assure you that, even following registration or exchange of the old notes for new notes, an active trading market for the old notes or the new notes will exist, and we will have no obligation to create such a market. At the time of the private placements of the old notes, the initial purchasers advised us that they intended to make a market in the old notes and, if issued, the new notes. The initial purchasers are not obligated, however, to make a market in the old notes or the new notes and any market making may be discontinued at any time at their sole discretion. No assurance can be given as to the liquidity of or trading market for the old notes or the new notes.

The liquidity of any trading market for the notes and the market prices quoted for the notes depend upon the number of holders of the notes, the overall market for high yield securities, our financial performance or prospects or the prospects for companies in our industry generally, the interest of securities dealers in making a market in the notes and other factors.

The issuer may not be able to repurchase the notes in certain circumstances.

Under the terms of the indenture governing the notes, you may require us to repurchase all or a portion of your notes if we sell certain assets or in the event of a change of control. We may not have enough funds to pay the repurchase price on a purchase date (in which case, we could be required to issue equity securities to pay the repurchase price). Our existing and any future credit facilities or other debt agreements to which we become a party may provide that our obligation to repurchase the notes would be an event of default under such agreement. As a result, we may be restricted or prohibited from repurchasing the notes. If we are prohibited from repurchasing the notes, we could seek the consent of our then-existing lenders to repurchase the notes or we could attempt to refinance the borrowings that contain such prohibition. If we are unable to obtain any such consent or refinance such borrowings, we would not be able to repurchase the notes. Our failure to repurchase tendered notes would constitute a default under the indenture governing the notes and might constitute a default under the terms of our existing or future indebtedness.

[Table of Contents](#)

In a recent decision, the Chancery Court of the State of Delaware raised the possibility that a change of control put right occurring as a result of a failure to have "continuing directors" comprising a majority of a board of directors may be unenforceable on public policy grounds.

The term "change of control" is limited to certain specified transactions and may not include other events that might adversely affect our financial condition. Our obligation to repurchase the notes upon a change of control would not necessarily afford holders of notes protection in the event of a highly leveraged transaction, reorganization, merger or similar transaction.

Any guarantees of the notes by Antero or the operating subsidiaries could be deemed fraudulent conveyances under certain circumstances, and a court may subordinate or void the guarantees.

Antero and the operating subsidiaries are the initial guarantors of the notes. In certain circumstances, any of Antero's future subsidiaries may be required to guarantee the notes. A court could subordinate or void the guarantees under various fraudulent conveyance or fraudulent transfer laws. Generally, to the extent that a U.S. court were to find that at the time the guarantee was entered into:

- the guarantee was incurred with the intent to hinder, delay, or defraud any present or future creditor, or contemplated insolvency with a design to favor one or more creditors to the exclusion of others; or
- the guarantor did not receive fair consideration or reasonably equivalent value for issuing the guarantee and, at the time the guarantor issued the guarantee, it:
 - was insolvent or became insolvent as a result of issuing the guarantee,
 - was engaged or about to engage in a business or transaction for which its remaining assets constituted unreasonably small capital, or
 - intended to incur, or believed that it would incur, debts beyond its ability to pay those debts as they matured;

then the court could void or subordinate the guarantees in favor of the guarantor's other obligations.

A legal challenge of a guarantee on fraudulent conveyance grounds may focus, among other things, on the benefits, if any, the guarantor realized as a result of our issuing the notes. To the extent a guarantee is voided as a fraudulent conveyance or held unenforceable for any other reason, the holders of the notes would not have any claim against that guarantor and would be creditors solely of the issuer and any other guarantors whose guarantees are not held unenforceable.

The measures of insolvency for purposes of fraudulent transfer laws vary depending upon the governing law. Generally, a guarantor would be considered insolvent if:

- the sum of its debts, including contingent liabilities, was greater than the fair saleable value of all its assets;
- the present fair saleable value of its assets was less than the amount that would be required to pay its probable liability on its existing debts, including contingent liabilities, as they became absolute and mature; or
- it could not pay its debts as they became due.

Each guarantee contains a provision intended to limit the guarantor's liability to the maximum amount that it could incur without causing the incurrence of obligations under its guarantee to be a fraudulent conveyance or fraudulent transfer. This provision may not be effective to protect the guarantees from being voided under applicable law.

Many of the covenants contained in the indenture governing the notes will terminate if the notes are rated investment grade by both Standard & Poor's Ratings Services and Moody's Investors Service, Inc.

Many of the covenants in the indenture governing the notes will terminate if the notes are rated investment grade by both Standard & Poor's Ratings Services and Moody's Investors Service, Inc., provided at such time no default under the indenture governing the notes has occurred and is continuing. These covenants will restrict, among other things, our ability to pay dividends, to incur indebtedness and to enter into certain other transactions. There can be no assurance that the notes will ever be rated investment grade, or that if they are rated investment grade, that the notes will maintain such ratings. However, termination of these covenants would allow us to engage in certain transactions that would not be permitted while these covenants were in force. See "Description of Notes—Covenant Termination."

Risks Relating to Our Business

Natural gas prices are volatile. A substantial or extended decline in natural gas prices may adversely affect our business, financial condition or results of operations and our ability to meet our capital expenditure obligations and financial commitments.

The prices we receive for our natural gas production heavily influence our revenue, profitability, access to capital and future rate of growth. Natural gas is a commodity and, therefore, its prices are subject to wide fluctuations in response to relatively minor changes in supply and demand. Historically, the market for natural gas has been volatile. This market will likely continue to be volatile in the future. The prices we receive for our production, and the levels of our production, depend on numerous factors beyond our control. These factors include the following:

- worldwide and regional economic conditions impacting the global supply and demand for natural gas;
- the price and quantity of imports of foreign natural gas, including liquefied natural gas;
- political conditions in or affecting other natural gas-producing countries, including the current conflicts in the Middle East and conditions in South America and Russia;
- the level of global natural gas exploration and production;
- the level of global natural gas inventories;
- prevailing prices on local natural gas price indexes in the areas in which we operate;
- localized and global supply and demand fundamentals and transportation availability;
- weather conditions;
- technological advances affecting energy consumption;
- the price and availability of alternative fuels; and
- domestic, local and foreign governmental regulation and taxes.

Furthermore, the current worldwide financial and credit crisis has reduced the availability of liquidity and credit to fund the continuation and expansion of industrial business operations worldwide. The shortage of liquidity and credit combined with recent substantial losses in worldwide equity markets has led to a worldwide economic recession. The slowdown in economic activity caused by such recession has reduced worldwide demand for energy and resulted in lower natural gas prices. Natural gas spot prices have recently been particularly volatile and declined from record high levels in early July 2008 of over \$13.00 per Mcf to below \$4.00 per Mcf in September 2009.

[Table of Contents](#)

Lower natural gas prices will reduce our cash flows and borrowing ability. We may be unable to obtain needed capital or financing on satisfactory terms, which could lead to a decline in our natural gas reserves as existing reserves are depleted. Lower natural gas prices may also reduce the amount of natural gas that we can produce economically.

Substantial decreases in natural gas prices would render uneconomic a significant portion of our exploration, development and exploitation projects. This may result in our having to make significant downward adjustments to our estimated proved reserves. As a result, a substantial or extended decline in natural gas prices may materially and adversely affect our future business, financial condition, results of operations, liquidity or ability to finance planned capital expenditures.

Our exploration, development and exploitation projects require substantial capital expenditures. We may be unable to obtain required capital or financing on satisfactory terms, which could lead to a decline in our natural gas reserves.

The natural gas industry is capital intensive. We make and expect to continue to make substantial capital expenditures for the development, exploitation, production and acquisition of natural gas reserves. Our cash flow used in investing activities related to capital and exploration expenditures was approximately \$282 million in 2009. Our capital expenditure budget for 2010 is \$319 million, with approximately \$277 million allocated for drilling and completion operations. We expect to fund these capital expenditures with cash generated by operations and through borrowings under our senior secured revolving credit facility. The actual amount and timing of our future capital expenditures may differ materially from our estimates as a result of, among other things, commodity prices, actual drilling results, the availability of drilling rigs and other services and equipment, and regulatory, technological and competitive developments. A reduction in commodity prices from current levels may result in a decrease in our actual capital expenditures. Conversely, a significant improvement in product prices could result in an increase in our capital expenditures. We intend to finance our future capital expenditures primarily through cash flow from operations and through borrowings under our senior secured revolving credit facility; however, our financing needs may require us to alter or increase our capitalization substantially through the issuance of debt or equity securities or the sale of assets. The issuance of additional indebtedness may require that a portion of our cash flow from operations be used for the payment of interest and principal on our indebtedness, thereby reducing our ability to use cash flow from operations to fund working capital, capital expenditures and acquisitions.

Our cash flow from operations and access to capital are subject to a number of variables, including:

- our proved reserves;
- the level of natural gas we are able to produce from existing wells;
- the prices at which our natural gas is sold;
- our ability to acquire, locate and produce new reserves; and
- the ability of our banks to lend.

If our revenues or the borrowing base under our senior secured revolving credit facility decrease as a result of lower natural gas prices, operating difficulties, declines in reserves or for any other reason, we may have limited ability to obtain the capital necessary to sustain our operations at current levels. If additional capital is needed, we may not be able to obtain debt or equity financing on terms acceptable to us, if at all. If cash flow generated by our operations or available borrowings under our senior secured revolving credit facility are not sufficient to meet our capital requirements, the failure to obtain additional financing could result in a curtailment of our operations relating to development of our

[Table of Contents](#)

properties, which in turn could lead to a decline in our reserves, and could adversely affect our business, financial condition and results of operations.

Drilling for and producing natural gas are high risk activities with many uncertainties that could adversely affect our business, financial condition or results of operations.

Our future financial condition and results of operations will depend on the success of our exploitation, exploration, development and production activities. Our natural gas exploration, exploitation, development and production activities are subject to numerous risks beyond our control, including the risk that drilling will not result in commercially viable natural gas production. Our decisions to purchase, explore, develop or otherwise exploit prospects or properties will depend in part on the evaluation of data obtained through geophysical and geological analyses, production data and engineering studies, the results of which are often inconclusive or subject to varying interpretations. For a discussion of the uncertainty involved in these processes, see "—Reserve estimates depend on many assumptions that may turn out to be inaccurate. Any material inaccuracies in these reserve estimates or underlying assumptions will materially affect the quantities and present value of our reserves." In addition, our cost of drilling, completing and operating wells is often uncertain before drilling commences.

Further, many factors may curtail, delay or cancel our scheduled drilling projects, including the following:

- delays imposed by or resulting from compliance with regulatory requirements;
- pressure or irregularities in geological formations;
- shortages of or delays in obtaining equipment and qualified personnel;
- equipment failures or accidents;
- adverse weather conditions, such as blizzards and ice storms;
- declines in natural gas prices;
- limited availability of financing at acceptable rates;
- title problems; and
- limitations in the market for natural gas.

Our estimates of proved reserves at December 31, 2009 have been prepared under new SEC rules that went into effect for fiscal years ending on or after December 31, 2009. The new SEC rules could limit our ability to book additional proved undeveloped reserves in the future.

This prospectus includes estimates of our proved reserves as of December 31, 2009, which have been prepared and presented under the SEC's new rules relating to the reporting of oil and natural gas exploration activities. These new rules are effective for fiscal years ending on or after December 31, 2009, and require that, subject to limited exceptions, proved undeveloped reserves may only be booked if they relate to wells scheduled to be drilled within five years of the date of booking. This new rule has limited and may continue to limit our potential to book additional proved undeveloped reserves as we pursue our drilling program. Moreover, we may be required to write down any proved undeveloped reserves that are not developed within the required five-year timeframe.

The SEC has released only limited interpretive guidance regarding reporting of reserve estimates under the new rules and may not issue further interpretive guidance on the new rules. Accordingly, while the estimates of our proved reserves at December 31, 2009 included in this prospectus have been prepared based on what we and our independent reserve engineers believe to be reasonable

interpretations of the new SEC rules, those estimates could differ materially from any estimates we might prepare applying more specific SEC interpretive guidance.

Reserve estimates depend on many assumptions that may turn out to be inaccurate. Any material inaccuracies in these reserve estimates or underlying assumptions will materially affect the quantities and present value of our reserves.

The process of estimating natural gas and oil reserves is complex. It requires interpretations of available technical data and many assumptions, including assumptions relating to current and future economic conditions and commodity prices. Any significant inaccuracies in these interpretations or assumptions could materially affect our estimated quantities and present value of our reserves. See "Business—Our Operations—Estimated Proved Reserves" for information about our estimated natural gas and oil reserves and the PV-10 and standardized measure of discounted future net cash flows.

In order to prepare our estimates, we must project production rates and timing of development expenditures. We must also analyze available geological, geophysical, production and engineering data. The extent, quality and reliability of this data can vary. The process also requires economic assumptions about matters such as natural gas prices, drilling and operating expenses, capital expenditures, taxes and availability of funds.

Actual future production, natural gas prices, revenues, taxes, development expenditures, operating expenses and quantities of recoverable natural gas reserves will vary from our estimates. Any significant variance could materially affect the estimated quantities and present value of our reserves. In addition, we may adjust estimates of proved reserves to reflect production history, results of exploration and development, prevailing commodity prices and other factors, many of which are beyond our control.

You should not assume that the present value of future net revenues from our proved reserves is the current market value of our estimated natural gas reserves. We generally base the estimated discounted future net cash flows from our proved reserves on prices and costs on the date of the estimate. Actual future prices and costs may differ materially from those used in the present value estimate.

Our identified drilling locations are scheduled out over many years, making them susceptible to uncertainties that could materially alter the occurrence or timing of their drilling. In addition, we may not be able to raise the substantial amount of capital that would be necessary to drill a substantial portion of our potential drilling locations.

Our management team has specifically identified and scheduled certain drilling locations as an estimation of our future multi-year drilling activities on our existing acreage. These drilling locations represent a significant part of our growth strategy. Our ability to drill and develop these locations depends on a number of uncertainties, including natural gas and oil prices, the availability and cost of capital, drilling and production costs, availability of drilling services and equipment, drilling results, lease expirations, gathering system and pipeline transportation constraints, regulatory approvals and other factors. Because of these uncertain factors, we do not know if the numerous potential drilling locations we have identified will ever be drilled or if we will be able to produce natural gas or oil from these or any other potential drilling locations. In addition, unless production is established within the spacing units covering the undeveloped acres on which some of the potential locations are obtained, the leases for such acreage will expire. As such, our actual drilling activities may materially differ from those presently identified.

[Table of Contents](#)

We have approximately 16,000 potential drilling locations. As a result of the limitations described above, we may be unable to drill many of our potential resource play drilling locations. In addition, we will require significant additional capital over a prolonged period in order to pursue the development of these locations, and we may not be able to raise or generate the capital required to do so. Any drilling activities we are able to conduct on these potential locations may not be successful or result in our ability to add additional proved reserves to our overall proved reserves or may result in a downward revision of our estimated proved reserves, which could have a material adverse effect on our future business and results of operations.

In addition, the acquisition agreement relating to the purchase of our properties in the Appalachian Basin in 2008 contains various drilling commitments that may require us to spend up to an estimated \$625 million between January 1, 2009 and June 30, 2018 at structured intervals. If we do not fulfill our drilling commitments, title to portions of the properties we purchased may revert to the seller, which could have a material adverse effect on our future business and results of operations.

If commodity prices decrease, we may be required to take write-downs of the carrying values of our properties.

Accounting rules require that we periodically review the carrying value of our properties for possible impairment. Based on specific market factors and circumstances at the time of prospective impairment reviews, and the continuing evaluation of development plans, production data, economics and other factors, we may be required to write down the carrying value of our properties. A write-down constitutes a non-cash charge to earnings. We may incur impairment charges in the future, which could have a material adverse effect on our results of operations for the periods in which such charges are taken.

Unless we replace our natural gas reserves, our reserves and production will decline, which would adversely affect our future cash flows and results of operations.

Producing natural gas reservoirs generally are characterized by declining production rates that vary depending upon reservoir characteristics and other factors. Unless we conduct successful ongoing exploration, development and exploitation activities or continually acquire properties containing proved reserves, our proved reserves will decline as those reserves are produced. Our future natural gas reserves and production, and therefore our future cash flow and results of operations, are highly dependent on our success in efficiently developing and exploiting our current reserves and economically finding or acquiring additional recoverable reserves. We may not be able to develop, exploit, find or acquire sufficient additional reserves to replace our current and future production. If we are unable to replace our current and future production, the value of our reserves will decrease, and our business, financial condition and results of operations would be adversely affected.

Currently, we receive significant incremental cash flows as a result of our hedging activity. To the extent we are unable to obtain future hedges at effective prices consistent with those we have received to date and natural gas prices do not improve, our cash flows may be adversely impacted.

To achieve more predictable cash flows and reduce our exposure to downward price fluctuations, we have entered into a number of hedge contracts for approximately 167 Bcf of our natural gas production through December 2014. We are currently realizing a significant benefit from these hedge positions. For example, for the year ended December 31, 2009, we received approximately \$116.5 million in cash flows pursuant to our hedges. If future natural gas prices remain comparable to current prices, we expect that this benefit will decline materially over the life of the hedges, which cover decreasing volumes at declining prices through December 2013. If we are unable to enter into new hedge contracts in the future at favorable pricing and for a sufficient amount of our production, our financial condition and results of operations could be materially adversely affected. For additional

information regarding our hedging activities, please see "Management's Discussion and Analysis of Financial Condition and Results of Operations—Commodity Hedging Activities."

Our derivative activities could result in financial losses or could reduce our earnings.

To achieve more predictable cash flows and reduce our exposure to adverse fluctuations in the prices of natural gas, we enter into derivative instrument contracts for a portion of our natural gas production, including collars and price-fix swaps. Accordingly, our earnings may fluctuate significantly as a result of changes in fair value of our derivative instruments.

Derivative instruments also expose us to the risk of financial loss in some circumstances, including when:

- production is less than the volume covered by the derivative instruments;
- the counter-party to the derivative instrument defaults on its contractual obligations;
- there is an increase in the differential between the underlying price in the derivative instrument and actual prices received; or
- there are issues with regard to legal enforceability of such instruments.

The use of derivatives may, in some cases, require the posting of cash collateral with counterparties. If we enter into derivative instruments that require cash collateral and commodity prices or interest rates change in a manner adverse to us, our cash otherwise available for use in our operations would be reduced which could limit our ability to make future capital expenditures and make payments on our indebtedness, including the notes, and which could also limit the size of our borrowing base. Future collateral requirements will depend on arrangements with our counterparties, highly volatile oil and natural gas prices and interest rates.

As of December 31, 2009, our receivables from our derivatives counterparties were approximately \$41.1 million. Any default by these counterparties on their obligations to us would have a material adverse effect on our financial condition and results of operations.

In addition, derivative arrangements could limit the benefit we would receive from increases in the prices for natural gas, which could also have an adverse effect on our financial condition.

The inability of our significant customers to meet their obligations to us may adversely affect our financial results.

In addition to credit risk related to receivables from commodity derivative contracts, our principal exposures to credit risk are through joint interest receivables (\$1.9 million at December 31, 2009) and the sale of our natural gas production (\$17.5 million in receivables at December 31, 2009), which we market to energy marketing companies, refineries and affiliates. Joint interest receivables arise from billing entities who own partial interest in the wells we operate. These entities participate in our wells primarily based on their ownership in leases on which we wish to drill. We can do very little to choose who participates in our wells. We are also subject to credit risk due to concentration of our natural gas receivables with several significant customers. The largest purchaser of our natural gas during the twelve months ended December 31, 2009 purchased approximately 44% of our operated production. We do not require our customers to post collateral. The inability or failure of our significant customers to meet their obligations to us or their insolvency or liquidation may adversely affect our financial results.

We may incur substantial losses and be subject to substantial liability claims as a result of our operations. Additionally we may not be insured for, or our insurance may be inadequate to protect us against, these risks.

We are not insured against all risks. Losses and liabilities arising from uninsured and underinsured events could materially and adversely affect our business, financial condition or results of operations. Our natural gas exploration and production activities are subject to all of the operating risks associated with drilling for and producing natural gas, including the possibility of:

- environmental hazards, such as uncontrollable flows of oil, natural gas, brine, well fluids, toxic gas or other pollution into the environment, including groundwater and shoreline contamination;
- abnormally pressured formations;
- mechanical difficulties, such as stuck oilfield drilling and service tools and casing collapse;
- fires, explosions and ruptures of pipelines;
- personal injuries and death;
- natural disasters; and
- terrorist attacks targeting natural gas and oil related facilities and infrastructure.

Any of these risks could adversely affect our ability to conduct operations or result in substantial losses to us as a result of:

- injury or loss of life;
- damage to and destruction of property, natural resources and equipment;
- pollution and other environmental damage;
- regulatory investigations and penalties;
- suspension of our operations; and
- repair and remediation costs.

We may elect not to obtain insurance if we believe that the cost of available insurance is excessive relative to the risks presented. In addition, pollution and environmental risks generally are not fully insurable. The occurrence of an event that is not fully covered by insurance could have a material adverse effect on our business, financial condition and results of operations.

Prospects that we decide to drill may not yield natural gas or oil in commercially viable quantities.

Prospects that we decide to drill that do not yield natural gas or oil in commercially viable quantities will adversely affect our results of operations and financial condition. In this prospectus, we describe some of our current prospects and our plans to explore those prospects. Our prospects are in various stages of evaluation, ranging from a prospect which is ready to drill to a prospect that will require substantial additional seismic data processing and interpretation. There is no way to predict in advance of drilling and testing whether any particular prospect will yield natural gas or oil in sufficient quantities to recover drilling or completion costs or to be economically viable. The use of seismic data and other technologies and the study of producing fields in the same area will not enable us to know conclusively prior to drilling whether natural gas or oil will be present or, if present, whether natural gas or oil will be present in commercial quantities. We cannot assure you that the analogies we draw from available data from other wells, more fully explored prospects or producing fields will be applicable to our drilling prospects. Further, our drilling operations may be curtailed, delayed or cancelled as a result of numerous factors, including:

- unexpected drilling conditions;

[Table of Contents](#)

- title problems;
- pressure or lost circulation in formations;
- equipment failure or accidents;
- adverse weather conditions;
- compliance with environmental and other governmental or contractual requirements; and
- increase in the cost of, shortages or delays in the availability of, electricity, supplies, materials, drilling or workover rigs, equipment and services.

Our use of 2-D and 3-D seismic data is subject to interpretation and may not accurately identify the presence of natural gas, which could adversely affect the results of our drilling operations.

Even when properly used and interpreted, 2-D and 3-D seismic data and visualization techniques are only tools used to assist geoscientists in identifying subsurface structures and hydrocarbon indicators and do not enable geoscientists to know whether hydrocarbons are, in fact, present in those structures and the amount of hydrocarbons. We are employing 3-D seismic technology with respect to certain of our projects. The implementation and practical use of 3-D seismic technology is relatively new, unproven and unconventional, which can lessen its effectiveness, at least in the near term, and increase our costs. In addition, the use of 3-D seismic and other advanced technologies requires greater pre-drilling expenditures than traditional drilling strategies, and we could incur greater drilling and exploration expenses as a result of such expenditures, which may result in a reduction in our returns or losses. As a result, our drilling activities may not be successful or economical, and our overall drilling success rate or our drilling success rate for activities in a particular area could decline.

We often gather 3-D seismic data over large areas. Our interpretation of seismic data delineates those portions of an area that we believe are desirable for drilling. Therefore, we may choose not to acquire option or lease rights prior to acquiring seismic data, and, in many cases, we may identify hydrocarbon indicators before seeking option or lease rights in the location. If we are not able to lease those locations on acceptable terms, we will have made substantial expenditures to acquire and analyze 3-D data without having an opportunity to attempt to benefit from those expenditures.

Market conditions or operational impediments may hinder our access to natural gas and oil markets or delay our production.

Market conditions or the unavailability of satisfactory natural gas and oil transportation arrangements may hinder our access to natural gas and oil markets or delay our production. The availability of a ready market for our natural gas and oil production depends on a number of factors, including the demand for and supply of natural gas and oil and the proximity of reserves to pipelines and terminal facilities. Our ability to market our production depends in substantial part on the availability and capacity of gathering systems, pipelines and processing facilities owned and operated by third parties. Our failure to obtain such services on acceptable terms could materially harm our business. We may be required to shut in wells due to lack of a market or inadequacy or unavailability of natural gas and oil pipeline or gathering system capacity. In addition, if natural gas or oil quality specifications for the third party natural gas or oil pipelines with which we connect change so as to restrict our ability to transport natural gas or oil, our access to natural gas and oil markets could be impeded. If our production becomes shut in for any of these or other reasons, we would be unable to realize revenue from those wells until other arrangements were made to deliver the products to market.

We are subject to complex federal, state, local and other laws and regulations that could adversely affect the cost, manner or feasibility of conducting our operations or expose us to significant liabilities.

Our natural gas exploration, production and transportation operations are subject to complex and stringent laws and regulations. In order to conduct our operations in compliance with these laws and regulations, we must obtain and maintain numerous permits, approvals and certificates from various federal, state and local governmental authorities. We may incur substantial costs in order to maintain compliance with these existing laws and regulations. In addition, our costs of compliance may increase if existing laws and regulations are revised or reinterpreted, or if new laws and regulations become applicable to our operations. Such costs could have a material adverse effect on our business, financial condition and results of operations.

Our business is subject to federal, state and local laws and regulations as interpreted and enforced by governmental authorities possessing jurisdiction over various aspects of the exploration for, and the production and transportation of, natural gas. Failure to comply with such laws and regulations, including any evolving interpretation and enforcement by governmental authorities, could have a material adverse effect on our business, financial condition and results of operations.

Changes to existing or new regulations may unfavorably impact us, could result in increased operating costs and have a material adverse effect on our financial condition and results of operations. For example, Congress is currently considering legislation that, if adopted in its proposed form, would subject companies involved in natural gas and oil exploration and production activities to, among other items, additional regulation of and restrictions on hydraulic fracturing of wells, the elimination of certain U.S. federal tax incentives and deductions available to natural gas exploration and production companies, and the prohibition or additional regulation of private energy commodity derivative and hedging activities. These and other potential regulations could increase our operating costs, reduce our liquidity, delay or halt our operations or otherwise alter the way we conduct our business, which could in turn have a material adverse effect on our financial condition, results of operations and cash flows.

See "Business—Regulation of the Natural Gas and Oil Industry" for a further description of the laws and regulations that affect us.

Our operations may be exposed to significant delays, costs and liabilities as a result of environmental, health and safety requirements applicable to our business activities.

We may incur significant delays, costs and liabilities as a result of environmental, health and safety requirements applicable to our exploration, development and production activities. These delays, costs and liabilities could arise under a wide range of federal, state and local laws and regulations relating to protection of the environment, health and safety, including regulations and enforcement policies that have tended to become increasingly strict over time. Failure to comply with these laws and regulations may result in the assessment of administrative, civil and criminal penalties, imposition of cleanup and site restoration costs and liens, and, in some instances, issuance of orders or injunctions limiting or requiring discontinuation of certain operations. In addition, claims for damages to persons or property, including natural resources, may result from the environmental, health and safety impacts of our operations. Strict, joint and several liabilities may be imposed under certain environmental laws, which could cause us to become liable for the conduct of others or for consequences of our own actions that were in compliance with all applicable laws at the time those actions were taken.

New laws, regulations or enforcement policies could be more stringent and impose unforeseen liabilities or significantly increase compliance costs. If we were not able to recover the resulting costs through insurance or increased revenues, our business, financial condition or results of operations could be adversely affected.

See "Business—Regulation of Environmental and Occupational Matters" for a further description of the laws and regulations that affect us.

The unavailability or high cost of additional drilling rigs, equipment, supplies, personnel and oilfield services could adversely affect our ability to execute our exploration and development plans within our budget and on a timely basis.

The demand for qualified and experienced field personnel to drill wells and conduct field operations, geologists, geophysicists, engineers and other professionals in the natural gas and oil industry can fluctuate significantly, often in correlation with natural gas and oil prices, causing periodic shortages. Historically, there have been shortages of drilling and workover rigs, pipe and other equipment as demand for rigs and equipment has increased along with the number of wells being drilled. We cannot predict whether these conditions will exist in the future and, if so, what their timing and duration will be. Such shortages could delay or cause us to incur significant expenditures that are not provided for in our capital budget, which could have a material adverse effect on our business, financial condition or results of operations.

A change in the jurisdictional characterization of some of our assets by federal, state or local regulatory agencies or a change in policy by those agencies may result in increased regulation of our assets, which may cause our revenues to decline and operating expenses to increase.

Section 1(b) of the Natural Gas Act of 1938, or NGA, exempts natural gas gathering facilities from regulation by the Federal Energy Regulatory Commission, or FERC, as a natural gas company under the NGA. We believe that the natural gas pipelines in our gathering systems meet the traditional tests FERC has used to establish a pipeline's status as a gatherer not subject to regulation as a natural gas company. However, the distinction between FERC-regulated transmission services and federally unregulated gathering services is the subject of on-going litigation, so the classification and regulation of our gathering facilities are subject to change based on future determinations by FERC, the courts or Congress.

Should we fail to comply with all applicable FERC administered statutes, rules, regulations and orders, we could be subject to substantial penalties and fines.

Under the Domenici-Barton Energy Policy Act of 2005, FERC has civil penalty authority under the NGA to impose penalties for current violations of up to \$1 million per day for each violation and disgorgement of profits associated with any violation. While our systems have not been regulated by FERC as a natural gas company under the NGA, FERC has adopted regulations that may subject certain of our otherwise non-FERC jurisdictional facilities to FERC annual reporting and daily scheduled flow and capacity posting requirements. Additional rules and legislation pertaining to those and other matters may be considered or adopted by FERC from time to time. Failure to comply with those regulations in the future could subject us to civil penalty liability.

The adoption of climate change legislation or regulations restricting emissions of "greenhouse gases" could result in increased operating costs and reduced demand for the natural gas we produce.

On December 15, 2009, the U.S. Environmental Protection Agency ("EPA") officially published its findings that emissions of carbon dioxide, methane and other "greenhouse gases" present an endangerment to human health and the environment because emissions of such gases are, according to the EPA, contributing to warming of the earth's atmosphere and other climatic changes. These findings by the EPA allow the agency to proceed with the adoption and implementation of regulations that would restrict emissions of greenhouse gases under existing provisions of the federal Clean Air Act. In late September 2009, the EPA had proposed two sets of regulations in anticipation of finalizing its findings that would require a reduction in emissions of greenhouse gases from motor vehicles and that could also lead to the imposition of greenhouse gas emission limitations in Clean Air Act permits for certain stationary sources. In addition, on September 22, 2009, the EPA issued a final rule requiring the reporting of greenhouse gas emissions from specified large greenhouse gas emission sources in the

United States beginning in 2011 for emissions occurring in 2010. The adoption and implementation of any regulations imposing reporting obligations on, or limiting emissions of greenhouse gases from, our equipment and operations could require us to incur costs to reduce emissions of greenhouse gases associated with our operations or could adversely affect demand for the oil, natural gas and NGL that we produce.

Also, on June 26, 2009, the U.S. House of Representatives passed the "American Clean Energy and Security Act of 2009," or "ACESA," which would establish an economy wide cap-and-trade program to reduce U.S. emissions of greenhouse gases, including carbon dioxide and methane. ACESA would require a 17 percent reduction in greenhouse gas emissions from 2005 levels by 2020 and just over an 80 percent reduction of such emissions by 2050. Under this legislation, the EPA would issue a capped and steadily declining number of tradable emissions allowances to certain major sources of greenhouse gas emissions so that such sources could continue to emit greenhouse gases into the atmosphere. These allowances would be expected to escalate significantly in cost over time. The net effect of ACESA will be to impose increasing costs on the combustion of carbon-based fuels such as oil, refined petroleum products, and natural gas. The U.S. Senate has begun work on its own legislation for restricting domestic greenhouse gas emissions and the Obama Administration has indicated its support of legislation to reduce greenhouse gas emissions through an emission allowance system. Although it is not possible at this time to predict when the Senate may act on climate change legislation or how any bill passed by the Senate would be reconciled with ACESA, any future federal laws or implementing regulations that may be adopted to address greenhouse gas emissions could require us to incur increased operating costs and could adversely affect demand for the oil, natural gas and NGLs that we produce.

Even if such legislation is not adopted at the national level, more than one-third of the states have begun taking actions to control and/or reduce emissions of greenhouse gases. Although most of the state-level initiatives have to date been focused on large sources of greenhouse gas emissions, such as coal-fired electric power plants, it is possible that smaller sources of emissions could become subject to greenhouse gas emission limitations or allowance purchase requirements in the future. Any one of these climate change regulatory and legislative initiatives could have a material adverse effect on our business, financial condition and results of operations.

The adoption of derivatives legislation by Congress could have an adverse impact on our ability to hedge risks associated with our business.

Congress currently is considering broad financial regulatory reform legislation that among other things would impose comprehensive regulation on the over-the-counter (OTC) derivatives marketplace and could affect the use of derivatives in hedging transactions. The financial regulatory reform bill adopted by the House of Representatives on December 11, 2009, would subject swap dealers and "major swap participants" to substantial supervision and regulation, including capital standards, margin requirements, business conduct standards, and recordkeeping and reporting requirements. It also would require central clearing for transactions entered into between swap dealers or major swap participants. For these purposes, a major swap participant generally would be someone other than a dealer who maintains a "substantial" net position in outstanding swaps, excluding swaps used for commercial hedging or for reducing or mitigating commercial risk, or whose positions create substantial net counterparty exposure that could have serious adverse effects on the financial stability of the U.S. banking system or financial markets. The House-passed bill also would provide the Commodity Futures Trading Commission (CFTC) with express authority to impose position limits for OTC derivatives related to energy commodities. Separately, in late January, 2010, the CFTC proposed regulations that would impose speculative position limits for certain futures and option contracts in natural gas, crude oil, heating oil, and gasoline. These proposed regulations would make an exemption available for certain *bona fide* hedging of commercial risks. Additionally, the Senate currently is considering

legislation that would impose new rules on derivatives that could be more restrictive than those adopted by the House. Although it is not possible at this time to predict whether or when Congress will enact derivatives legislation or the CFTC will finalize its proposed regulations, any laws or regulations that subject us to additional capital or margin requirements relating to, or to additional restrictions on, our trading and commodity positions could have an adverse effect on our ability to hedge risks associated with our business or on the cost of our hedging activity.

Federal and state legislation and regulatory initiatives relating to hydraulic fracturing could result in increased costs and additional operating restrictions or delays.

Congress is currently considering legislation to amend the federal Safe Drinking Water Act to require the disclosure of chemicals used by the natural gas and oil industry in the hydraulic fracturing process. Hydraulic fracturing involves the injection of water, sand and chemicals under pressure into rock formations to stimulate natural gas production. Sponsors of bills currently pending before the Senate and House of Representatives have asserted that chemicals used in the fracturing process could adversely affect drinking water supplies. The proposed legislation would require the reporting and public disclosure of chemicals used in the fracturing process, which could make it easier for third parties opposing the hydraulic fracturing process to initiate legal proceedings based on allegations that specific chemicals used in the fracturing process could adversely affect groundwater. In addition, these bills, if adopted, could establish an additional level of regulation at the federal level that could lead to operational delays or increased operating costs and could result in additional regulatory burdens that could make it more difficult to perform hydraulic fracturing and increase our costs of compliance and doing business.

Recent Colorado legislative changes could limit our Piceance Basin operations and adversely affect our cost of doing business.

Our future Piceance Basin operations and cost of doing business may be affected by changes in regulations and the ability to obtain drilling permits. Our properties located in the Piceance Basin are subject to the authority of the Colorado Oil and Gas Conservation Commission, or COGCC. The COGCC has the authority to regulate natural gas and oil activities to protect public health, safety and welfare, including the environment and wildlife. In 2007, the Colorado state legislature approved legislation requiring the COGCC to promulgate rules (1) in consultation with the Colorado Department of Public Health and Environment, or CDPHE, to provide CDPHE an opportunity to provide comments on public health issues during the COGCC's decision-making process and (2) in consultation with the Colorado Division of Wildlife, or CDOW, to establish standards for minimizing adverse impacts to wildlife resources affected by natural gas and oil operations and to ensure the proper reclamation of wildlife habitat during and following such operations. These rules became effective April 1, 2009 for the majority of our Piceance Basin operations. We believe the revised rules will cause additional costs and may cause delay in our operations in Colorado. The rules require consultation with the CDOW and CDPHE prior to drilling and completion operations in our Piceance Basin project area. These rules are open-ended and resulting permit restrictions remain subject to appeal by the CDOW, CDPHE and the surface owner. The rules also would impact the ability and extend the time necessary to obtain drilling permits, which creates substantial uncertainty about our ability to obtain sufficient permits in a timely fashion in order to meet future drilling plans and thus production and capital expenditure targets. It is also possible that similar rules will be proposed in the other states in which we operate, further impacting our operations.

Competition in the natural gas industry is intense, making it more difficult for us to acquire properties, market natural gas and secure trained personnel.

Our ability to acquire additional prospects and to find and develop reserves in the future will depend on our ability to evaluate and select suitable properties and to consummate transactions in a highly competitive environment for acquiring properties, marketing natural gas and securing trained personnel. Also, there is substantial competition for capital available for investment in the oil and natural gas industry. Many of our competitors possess and employ financial, technical and personnel resources substantially greater than ours. Those companies may be able to pay more for productive natural gas properties and exploratory prospects and to evaluate, bid for and purchase a greater number of properties and prospects than our financial or personnel resources permit. In addition, other companies may be able to offer better compensation packages to attract and retain qualified personnel than we are able to offer. The cost to attract and retain qualified personnel has increased over the past three years due to competition and may increase substantially in the future. We may not be able to compete successfully in the future in acquiring prospective reserves, developing reserves, marketing hydrocarbons, attracting and retaining quality personnel and raising additional capital, which could have a material adverse effect on our business.

The loss of senior management or technical personnel could adversely affect operations.

We depend on the services of our senior management and technical personnel. The loss of the services of our senior management or technical personnel, including Paul M. Rady, our Chairman and Chief Executive Officer, and Glen C. Warren, Jr., our President and Chief Financial Officer, could have a material adverse effect on our operations. We do not maintain, nor do we plan to obtain, any insurance against the loss of any of these individuals.

We have limited control over activities on properties we do not operate, which could reduce our production and revenues.

A significant portion of our business activities is conducted through joint operating agreements under which we own partial interests in natural gas properties. If we do not operate the properties in which we own an interest, we do not have control over normal operating procedures, expenditures or future development of the underlying properties. The failure of an operator of our wells to adequately perform operations or an operator's breach of the applicable agreements could reduce our production and revenues. The success and timing of our drilling and development activities on properties operated by others, therefore, depends upon a number of factors outside of our control, including the operator's timing and amount of capital expenditures, expertise and financial resources, inclusion of other participants in drilling wells and use of technology. Because we do not have a majority interest in most wells that we do not operate, we may not be in a position to remove the operator in the event of poor performance.

Seasonal weather conditions and lease stipulations adversely affect our ability to conduct drilling activities in some of the areas where we operate.

Natural gas operations in our operating areas can be adversely affected by seasonal weather conditions and lease stipulations designed to protect various wildlife. In certain areas of Colorado, for example, drilling and other natural gas activities can only be conducted during the spring and summer months. This limits our ability to operate in those areas and can intensify competition during those months for drilling rigs, oilfield equipment, services, supplies and qualified personnel, which may lead to periodic shortages. These constraints and the resulting shortages or high costs could delay our operations and materially increase our operating and capital costs.

We have been an early entrant into new or emerging plays. As a result, our drilling results in these areas are uncertain, and the value of our undeveloped acreage will decline if drilling results are unsuccessful.

While our costs to acquire undeveloped acreage in new or emerging plays have generally been less than those of later entrants into a developing play, our drilling results in these areas are more uncertain than drilling results in areas that are developed and producing. Since new or emerging plays have limited or no production history, we are unable to use past drilling results in those areas to help predict our future drilling results. As a result, our cost of drilling, completing and operating wells in these areas may be higher than initially expected, and the value of our undeveloped acreage will decline if drilling results are unsuccessful.

Increases in interest rates could adversely affect our business.

Our business and operating results can be harmed by factors such as the availability, terms of and cost of capital, increases in interest rates or a reduction in credit rating. These changes could cause our cost of doing business to increase, limit our ability to pursue acquisition opportunities, reduce cash flow used for drilling and place us at a competitive disadvantage. For example, as of December 31, 2009, outstanding borrowings under our senior secured revolving credit facility were approximately \$142 million, and the impact of a 1.0% increase in interest rates on this amount of indebtedness would result in increased annual interest expense of approximately \$1.4 million and a corresponding decrease in our net income before the effects of increased interest rates on the value of our interest rate swap contracts. Recent and continuing disruptions and volatility in the global financial markets may lead to a contraction in credit availability impacting our ability to finance our operations. We require continued access to capital. A significant reduction in cash flows from operations or the availability of credit could materially and adversely affect our ability to achieve our planned growth and operating results.

We may be subject to risks in connection with acquisitions of properties.

The successful acquisition of producing properties requires an assessment of several factors, including:

- recoverable reserves;
- future natural gas prices and their applicable differentials;
- operating costs; and
- potential environmental and other liabilities.

The accuracy of these assessments is inherently uncertain. In connection with these assessments, we perform a review of the subject properties that we believe to be generally consistent with industry practices. Our review will not reveal all existing or potential problems nor will it permit us to become sufficiently familiar with the properties to fully assess their deficiencies and capabilities. Inspections may not always be performed on every well, and environmental problems are not necessarily observable even when an inspection is undertaken. Even when problems are identified, the seller may be unwilling or unable to provide effective contractual protection against all or part of the problems. We often are not entitled to contractual indemnification for environmental liabilities and acquire properties on an "as is" basis.

We may be unable to make attractive acquisitions or successfully integrate acquired businesses, and any inability to do so may disrupt our business and hinder our ability to grow.

In the future we may make acquisitions of businesses that complement or expand our current business. We may not be able to identify attractive acquisition opportunities. Even if we do identify

attractive acquisition opportunities, we may not be able to complete the acquisition or do so on commercially acceptable terms.

The success of any completed acquisition will depend on our ability to integrate effectively the acquired business into our existing operations. The process of integrating acquired businesses may involve unforeseen difficulties and may require a disproportionate amount of our managerial and financial resources. In addition, possible future acquisitions may be larger and for purchase prices significantly higher than those paid for earlier acquisitions. No assurance can be given that we will be able to identify additional suitable acquisition opportunities, negotiate acceptable terms, obtain financing for acquisitions on acceptable terms or successfully acquire identified targets. Our failure to achieve consolidation savings, to incorporate the acquired businesses and assets into our existing operations successfully or to minimize any unforeseen operational difficulties could have a material adverse effect on our financial condition and results of operations.

In addition, our senior secured revolving credit facility imposes and the indenture governing the notes will impose certain limitations on our ability to enter into mergers or combination transactions. Our senior secured revolving credit facility and the indenture governing the notes also limit our ability to incur certain indebtedness, which could indirectly limit our ability to engage in acquisitions of businesses.

The obligations associated with being an SEC reporting company will require significant resources and management attention, which could have a material adverse effect on our business and operating results.

Following the effectiveness of the registration statement of which this prospectus forms a part, we will become subject to certain of the reporting requirements of the Exchange Act and the Sarbanes-Oxley Act of 2002, or the Sarbanes-Oxley Act. Under the Exchange Act, we will be required to file annual, quarterly and current reports with respect to our business and financial condition. Under the Sarbanes-Oxley Act, we will be required to, among other things, establish and maintain effective internal controls and procedures for financial reporting. As a result, we may incur significant additional legal, accounting and other expenses that we have not previously incurred. We anticipate that we may need to upgrade our systems, implement additional financial and management controls, reporting systems and procedures, implement an internal audit function, and hire additional accounting and internal audit staff. Furthermore, the need to establish the corporate infrastructure demanded of a reporting company may divert management's attention from implementing our growth strategy, which could prevent us from improving our business, results of operations and financial condition. We have made, and will continue to make, changes to our internal controls and procedures for financial reporting and accounting systems to meet our reporting obligations as a stand-alone public company. However, the measures we take may not be sufficient to satisfy our obligations as a public company. In addition, we cannot predict or estimate the amount of additional costs we may incur in order to comply with these requirements. We anticipate that these costs will materially increase our general and administrative expenses.

Section 404 of the Sarbanes-Oxley Act requires annual management assessments of the effectiveness of our internal control over financial reporting, starting with the annual report that we would expect to file with the SEC for the year ending December 31, 2011, and will require in such annual report, a report by our independent registered public accounting firm on the effectiveness of our internal control over financial reporting. In connection with the implementation of the necessary procedures and practices related to internal control over financial reporting, we may identify additional deficiencies. We may not be able to remediate any future deficiencies in time to meet the deadline imposed by the Sarbanes-Oxley Act for compliance with the requirements of Section 404. In addition, failure to achieve and maintain an effective internal control environment could have a material adverse effect on our business.

Risks Relating to Taxes

We may incur more taxes and certain of our projects may become uneconomic if certain federal income tax deductions currently available with respect to natural gas and oil exploration and development are eliminated as a result of future legislation.

President Obama's proposed budget for fiscal year 2010 contains a proposal to eliminate certain key U.S. federal income tax preferences currently available to natural gas and oil exploration and production companies. These changes include, but are not limited to (i) the repeal of the percentage depletion allowance for natural gas and oil properties, (ii) the elimination of current deductions for intangible drilling and development costs, (iii) the elimination of the deduction for certain U.S. production activities, and (iv) an extension of the amortization period for certain geological and geophysical expenditures. The Oil Industry Tax Break Repeal Act of 2009, which was introduced in the Senate on April 23, 2009, includes many of the same proposals.

It is unclear whether any of the foregoing changes will actually be enacted or how soon any such changes could become effective. The passage of any legislation as a result of the budget proposal, the Senate bill or any other similar change in U.S. federal income tax law could eliminate certain tax deductions that are currently available with respect to natural gas and oil exploration and development. Any such change could negatively impact our financial condition and results of operations by increasing the costs we incur which would in turn make it uneconomic to drill some prospects if commodity prices are not sufficiently high, resulting in lower revenues and decreases in production and reserves.

Recently proposed severance taxes in Pennsylvania could materially increase our liabilities.

A portion of our acreage in the Marcellus Shale in the Appalachian Basin is located in the State of Pennsylvania. Pennsylvania has historically not imposed a production or severance tax with respect to the production and sale of oil, natural gas and natural gas liquids within its jurisdiction. However, as a result of a focus on the state budget deficit and the increasing exploitation of the Marcellus Shale, the Pennsylvania state legislature is currently considering a proposed severance tax on natural gas drilling. If such legislation is adopted, these taxes may materially increase our operating costs in Pennsylvania.

EXCHANGE OFFER

Purpose and Effect of the Exchange Offer

At each closing of the offerings of the old notes, we entered into a registration rights agreement with the initial purchasers pursuant to which we agreed, for the benefit of the holders of the old notes, at our cost, to do the following:

- file an exchange offer registration statement with the SEC with respect to the exchange offer for the new notes, and
- use commercially reasonable efforts to have the exchange offer completed by the 360th day following the date of the initial issuance of the notes (November 17, 2009).

Upon the SEC's declaring the exchange offer registration statement effective, we agreed to offer the new notes in exchange for surrender of the old notes. We agreed to use commercially reasonable efforts to cause the exchange offer registration statement to be effective continuously, and to keep the exchange offer open for a period of not less than 20 business days.

For each old note surrendered to us pursuant to the exchange offer, the holder of such old note will receive a new note having a principal amount equal to that of the surrendered old note. Interest on each new note will accrue from the last interest payment date on which interest was paid on the surrendered old note or, if no interest has been paid on such old note, from November 17, 2009. The registration rights agreements also contain agreements to include in the prospectus for the exchange offer certain information necessary to allow a broker-dealer who holds old notes that were acquired for its own account as a result of market-making activities or other ordinary course trading activities (other than old notes acquired directly from us or one of our affiliates) to exchange such old notes pursuant to the exchange offer and to satisfy the prospectus delivery requirements in connection with resales of new notes received by such broker-dealer in the exchange offer. We agreed to use commercially reasonable efforts to maintain the effectiveness of the exchange offer registration statement for these purposes for a period of 180 days after the completion of the exchange offer, which period may be extended under certain circumstances.

The preceding agreement is needed because any broker-dealer who acquires old notes for its own account as a result of market-making activities or other trading activities is required to deliver a prospectus meeting the requirements of the Securities Act. This prospectus covers the offer and sale of the new notes pursuant to the exchange offer and the resale of new notes received in the exchange offer by any broker-dealer who held old notes acquired for its own account as a result of market-making activities or other trading activities other than old notes acquired directly from us or one of our affiliates.

Based on interpretations by the staff of the SEC set forth in no-action letters issued to third parties, we believe that the new notes issued pursuant to the exchange offer would in general be freely tradable after the exchange offer without further registration under the Securities Act. However, any purchaser of old notes who is an "affiliate" of ours or who intends to participate in the exchange offer for the purpose of distributing the related new notes:

- will not be able to rely on the interpretation of the staff of the SEC,
- will not be able to tender its new notes in the exchange offer, and
- must comply with the registration and prospectus delivery requirements of the Securities Act in connection with any sale or transfer of the old notes unless such sale or transfer is made pursuant to an exemption from such requirements.

[Table of Contents](#)

Each holder of the old notes (other than certain specified holders) who desires to exchange old notes for the new notes in the exchange offer will be required to make the representations described below under "—Procedures for Tendering—Your Representations to Us."

We further agreed to file with the SEC a shelf registration statement to register for public resale of old notes held by any holder who provides us with certain information for inclusion in the shelf registration statement if:

- the exchange offer is not permitted by applicable law or SEC policy, or
- the exchange offer is not for any reason completed by the 360th day following the date of the initial issuance of the notes (November 17, 2009), or
- upon completion of the exchange offer, any initial purchaser shall so request in connection with any offering or sale of notes.

We have agreed to use commercially reasonable efforts to keep the shelf registration statement continuously effective until the earlier of one year following its effective date and such time as all notes covered by the shelf registration statement have been sold. We refer to this period as the "shelf effectiveness period."

The registration rights agreements provide that, in the event that either the exchange offer is not completed or the shelf registration statement, if required, is not declared effective (or does not automatically become effective) on or prior to the 360th calendar day following the date of the initial issuance of the notes (November 17, 2009), the interest rate on the old notes will be increased by 1.00% per annum until the exchange offer is completed or the shelf registration statement is declared effective (or automatically becomes effective) under the Securities Act, at which time the increased interest shall cease to accrue.

If the shelf registration statement has been declared effective (or automatically becomes effective) and thereafter either ceases to be effective or the prospectus contained therein ceases to be usable for resales of the notes at any time during the shelf effectiveness period, and such failure to remain effective or usable for resales of the notes exists for more than 30 calendar days (whether or not consecutive) in any 12-month period, then the interest rate on the old notes will be increased by 1.00% per annum commencing on the 31st day in such 12-month period and ending on such date that the shelf registration statement has again been declared (or automatically becomes) effective or the prospectus again becomes usable, at which time the increased interest shall cease to accrue.

Holders of the old notes will be required to make certain representations to us (as described in the registration rights agreements) in order to participate in the exchange offer and will be required to deliver information to be used in connection with the shelf registration statement and to provide comments on the shelf registration statement within the time periods set forth in the registration rights agreements in order to have their old notes included in the shelf registration statement.

If we effect the registered exchange offer, we will be entitled to close the registered exchange offer 20 business days after its commencement as long as we have accepted all old notes validly rendered in accordance with the terms of the exchange offer and no brokers or dealers continue to hold any old notes.

This summary of the material provisions of the registration rights agreements do not purport to be complete and is subject to, and is qualified in its entirety by reference to, all the provisions of the registration rights agreements, copies of which are filed as exhibits to the registration statement which includes this prospectus.

[Table of Contents](#)

Except as set forth above, after consummation of the exchange offer, holders of old notes which are the subject of the exchange offer have no registration or exchange rights under the registration rights agreements. See "—Consequences of Failure to Exchange."

Terms of the Exchange Offer

Subject to the terms and conditions described in this prospectus and in the letter of transmittal, we will accept for exchange any old notes properly tendered and not withdrawn prior to 5:00 p.m. New York City time on the expiration date. We will issue new notes in principal amount equal to the principal amount of old notes surrendered in the exchange offer. Old notes may be tendered only for new notes and only in minimum denominations of \$2,000 and integral multiples of \$1,000 in excess thereof.

The exchange offer is not conditioned upon any minimum aggregate principal amount of old notes being tendered for exchange.

As of the date of this prospectus, \$525,000,000 in aggregate principal amount of the old notes is outstanding. This prospectus and the letter of transmittal are being sent to all registered holders of old notes. There will be no fixed record date for determining registered holders of old notes entitled to participate in the exchange offer.

We intend to conduct the exchange offer in accordance with the provisions of the registration rights agreements, the applicable requirements of the Securities Act and the Exchange Act and the rules and regulations of the SEC. Old notes that the holders thereof do not tender for exchange in the exchange offer will remain outstanding and continue to accrue interest. These old notes will continue to be entitled to the rights and benefits such holders have under the indenture relating to the notes.

We will be deemed to have accepted for exchange properly tendered old notes when we have given oral or written notice of the acceptance to the exchange agent and complied with the applicable provisions of the registration rights agreements. The exchange agent will act as agent for the tendering holders for the purposes of receiving the new notes from us.

If you tender old notes in the exchange offer, you will not be required to pay brokerage commissions or fees or, subject to the letter of transmittal, transfer taxes with respect to the exchange of old notes. We will pay all charges and expenses, other than certain applicable taxes described below, in connecting with the exchange offer. It is important that you read the section labeled "—Fees and Expenses" for more details regarding fees and expenses incurred in the exchange offer.

We will return any old notes that we do not accept for exchange for any reason without expense to their tendering holder promptly after the expiration or termination of the exchange offer.

Expiration Date

The exchange offer will expire at 5:00 p.m., New York City time, on _____, 2010, unless, in our sole discretion, we extend it.

Extensions, Delays in Acceptance, Termination or Amendment

We expressly reserve the right, at any time or various times, to extend the period of time during which the exchange offer is open. We may delay acceptance of any old notes by giving oral or written notice of such extension to their holders. During any such extensions, all old notes previously tendered will remain subject to the exchange offer, and we may accept them for exchange.

In order to extend the exchange offer, we will notify the exchange agent orally or in writing of any extension. We will notify the registered holders of old notes of the extension no later than 9:00 a.m., New York City time, on the first business day following the previously scheduled expiration date.

[Table of Contents](#)

If any of the conditions described below under "—Conditions to the Exchange Offer" have not been satisfied, we reserve the right, in our sole discretion:

- to extend the exchange offer, or
- to terminate the exchange offer,

by giving oral or written notice of such delay, extension or termination to the exchange agent. Subject to the terms of the registration rights agreements, we also reserve the right to amend the terms of the exchange offer in any manner.

Any extension, termination or amendment will be followed promptly by oral or written notice thereof to the registered holders of old notes. If we amend the exchange offer in a manner that we determine to constitute a material change, we will promptly disclose such amendment by means of a prospectus supplement. The supplement will be distributed to the registered holders of the old notes. Depending upon the significance of the amendment and the manner of disclosure to the registered holders, we may extend the exchange offer. In the event of a material change in the exchange offer, including the waiver by us of a material condition, we will extend the exchange offer period if necessary so that at least five business days remain in the exchange offer following notice of the material change.

Conditions to the Exchange Offer

We will not be required to accept for exchange, or exchange any new notes for, any old notes if the exchange offer, or the making of any exchange by a holder of old notes, would violate applicable law or any applicable interpretation of the staff of the SEC. Similarly, we may terminate the exchange offer as provided in this prospectus before accepting old notes for exchange in the event of such a potential violation.

In addition, we will not be obligated to accept for exchange the old notes of any holder that has not made to us the representations described under "—Purpose and Effect of the Exchange Offer," "—Procedures for Tendering" and "Plan of Distribution" and such other representations as may be reasonably necessary under applicable SEC rules, regulations or interpretations to allow us to use an appropriate form to register the new notes under the Securities Act.

We expressly reserve the right to amend or terminate the exchange offer, and to reject for exchange any old notes not previously accepted for exchange, upon the occurrence of any of the conditions to the exchange offer specified above. We will give prompt oral or written notice of any extension, amendment, non-acceptance or termination to the holders of the old notes as promptly as practicable.

These conditions are for our sole benefit, and we may assert them or waive them in whole or in part at any time or at various times in our sole discretion. If we fail at any time to exercise any of these rights, this failure will not mean that we have waived our rights. Each such right will be deemed an ongoing right that we may assert at any time or at various times.

In addition, we will not accept for exchange any old notes tendered, and will not issue new notes in exchange for any such old notes, if at such time any stop order has been threatened or is in effect with respect to the registration statement of which this prospectus constitutes a part or the qualification of the indenture relating to the notes under the Trust Indenture Act of 1939.

Procedures for Tendering

In order to participate in the exchange offer, you must properly tender your old notes to the exchange agent as described below. It is your responsibility to properly tender your notes. We have the right to waive any defects. However, we are not required to waive defects and are not required to notify you of defects in your tender.

[Table of Contents](#)

If you have any questions or need help in exchanging your notes, please call the exchange agent, whose contact information is set forth in "Prospectus Summary—The Exchange Offer—Exchange Agent."

All of the old notes were issued in book-entry form, and all of the old notes are currently represented by global certificates held for the account of DTC. We have confirmed with DTC that the old notes may be tendered using the Automated Tender Offer Program ("ATOP") instituted by DTC. The exchange agent will establish an account with DTC for purposes of the exchange offer promptly after the commencement of the exchange offer and DTC participants may electronically transmit their acceptance of the exchange offer by causing DTC to transfer their old notes to the exchange agent using the ATOP procedures. In connection with the transfer, DTC will send an "agent's message" to the exchange agent. The agent's message will state that DTC has received instructions from the participant to tender old notes and that the participant agrees to be bound by the terms of the letter of transmittal.

By using the ATOP procedures to exchange old notes, you will not be required to deliver a letter of transmittal to the exchange agent. However, you will be bound by its terms just as if you had signed it.

There is no procedure for guaranteed late delivery of the notes.

Determinations Under the Exchange Offer

We will determine in our sole discretion all questions as to the validity, form, eligibility, time of receipt, acceptance of tendered old notes and withdrawal of tendered old notes. Our determination will be final and binding. We reserve the absolute right to reject any old notes not properly tendered or any old notes our acceptance of which would, in the opinion of our counsel, be unlawful. We also reserve the right to waive any defect, irregularities or conditions of tender as to particular old notes. Our interpretation of the terms and conditions of the exchange offer, including the instructions in the letter of transmittal, will be final and binding on all parties. Unless waived, all defects or irregularities in connection with tenders of old notes must be cured within such time as we shall determine. Although we intend to notify holders of defects or irregularities with respect to tenders of old notes, neither we, the exchange agent nor any other person will incur any liability for failure to give such notification. Tendere of old notes will not be deemed made until such defects or irregularities have been cured or waived. Any old notes received by the exchange agent that are not properly tendered and as to which the defects or irregularities have not been cured or waived will be returned to the tendering holder, unless otherwise provided in the letter of transmittal, promptly following the expiration date.

When We Will Issue New Notes

In all cases, we will issue new notes for old notes that we have accepted for exchange under the exchange offer only after the exchange agent timely receives:

- a book-entry confirmation of such old notes into the exchange agent's account at DTC; and
- a properly transmitted agent's message.

Return of Old Notes Not Accepted or Exchanged

If we do not accept any tendered old notes for exchange or if old notes are submitted for a greater principal amount than the holder desires to exchange, the unaccepted or non-exchanged old notes will be returned without expense to their tendering holder. Such non-exchanged old notes will be credited to an account maintained with DTC. These actions will occur promptly after the expiration or termination of the exchange offer.

Your Representations to Us

By agreeing to be bound by the letter of transmittal, you will represent to us that, among other things:

- any new notes that you receive will be acquired in the ordinary course of your business;
- you have no arrangement or understanding with any person or entity to participate in the distribution of the new notes;
- you are not our "affiliate," as defined in Rule 405 of the Securities Act; and
- if you are a broker-dealer that will receive new notes for your own account in exchange for old notes, you acquired those notes as a result of market-making activities or other trading activities and you will deliver a prospectus (or to the extent permitted by law, make available a prospectus) in connection with any resale of such new notes.

Withdrawal of Tenders

Except as otherwise provided in this prospectus, you may withdraw your tender at any time prior to 5:00 p.m. New York City time on the expiration date. For a withdrawal to be effective you must comply with the appropriate procedures of DTC's ATOP system. Any notice of withdrawal must specify the name and number of the account at DTC to be credited with withdrawn old notes and otherwise comply with the procedures of DTC.

We will determine all questions as to the validity, form, eligibility and time of receipt of notice of withdrawal. Our determination shall be final and binding on all parties. We will deem any old notes so withdrawn not to have been validly tendered for exchange for purposes of the exchange offer.

Any old notes that have been tendered for exchange but are not exchanged for any reason will be credited to an account maintained with DTC for the old notes. This crediting will take place as soon as practicable after withdrawal, rejection of tender or termination of the exchange offer. You may retender properly withdrawn old notes by following the procedures described under "—Procedures for Tendering" above at any time prior to 5:00 p.m., New York City time, on the expiration date.

Fees and Expenses

We will bear the expenses of soliciting tenders. The principal solicitation is being made by mail; however, we may make additional solicitation by facsimile, telephone, electronic mail or in person by our officers and regular employees and those of our affiliates.

We have not retained any dealer-manager in connection with the exchange offer and will not make any payments to broker-dealers or others soliciting acceptances of the exchange offer. We will, however, pay the exchange agent reasonable and customary fees for its services and reimburse it for its related reasonable out-of-pocket expenses.

We will pay the cash expenses to be incurred in connection with the exchange offer. They include:

- all registration and filing fees and expenses;
- all fees and expenses of compliance with federal securities and state "blue sky" or securities laws;
- accounting fees, legal fees incurred by us, disbursements and printing, messenger and delivery services, and telephone costs; and
- related fees and expenses.

Transfer Taxes

We will pay all transfer taxes, if any, applicable to the exchange of old notes under the exchange offer. The tendering holder, however, will be required to pay any transfer taxes, whether imposed on the registered holder or any other person, if a transfer tax is imposed for any reason other than the exchange of old notes under the exchange offer.

Consequences of Failure to Exchange

If you do not exchange new notes for your old notes under the exchange offer, you will remain subject to the existing restrictions on transfer of the old notes. In general, you may not offer or sell the old notes unless the offer or sale is either registered under the Securities Act or exempt from the registration under the Securities Act and applicable state securities laws. Except as required by the registration rights agreements, we do not intend to register resales of the old notes under the Securities Act.

Accounting Treatment

We will record the new notes in our accounting records at the same carrying value as the old notes. This carrying value is the aggregate principal amount of the old notes adjusted for any bond discount or premium, as reflected in our accounting records on the date of exchange. Accordingly, we will not recognize any gain or loss for accounting purposes in connection with the exchange offer.

Other

Participation in the exchange offer is voluntary, and you should carefully consider whether to accept. You are urged to consult your financial and tax advisors in making your own decision on what action to take.

We may in the future seek to acquire untendered old notes in open market or privately negotiated transactions, through subsequent exchange offers or otherwise. We have no present plans to acquire any old notes that are not tendered in the exchange offer or to file a registration statement to permit resales of any untendered old notes.

USE OF PROCEEDS

The exchange offer is intended to satisfy our obligations under the registration rights agreements. We will not receive any proceeds from the issuance of the new notes in the exchange offer. In consideration for issuing the new notes as contemplated by this prospectus, we will receive old notes in a like principal amount. The form and terms of the new notes are identical in all respects to the form and terms of the old notes, except the new notes will be registered under the Securities Act and will not contain restrictions on transfer, registration rights or provisions for additional interest. Old notes surrendered in exchange for the new notes will be retired and cancelled and will not be reissued. Accordingly, the issuance of the new notes will not result in any change in our outstanding indebtedness.

SELECTED HISTORICAL CONSOLIDATED FINANCIAL DATA

The following table shows our selected historical consolidated financial data, for the periods and as of the dates indicated, for Antero Resources LLC and its subsidiaries. The subsidiaries of Antero Resources LLC include Antero Resources Corporation, Antero Resources Midstream Corporation, Antero Resources Piceance Corporation, Antero Resources Pipeline Corporation, Antero Resources Appalachian Corporation (collectively referred to as the "Antero Entities" or the "operating entities"), and Antero Finance Corporation. Prior to the formation of Antero Resources LLC in 2009, the Antero Entities were under common control, as the ownership interests in each entity were held by the same individual stockholders in the same percentages. In 2009, the ownership interests in each of the Antero Entities were contributed to a newly formed limited liability company, Antero Resources LLC, resulting in each entity being a wholly owned subsidiary of Antero Resources LLC. The assets and liabilities of the Antero Entities were carried forward at their historical basis. The selected statement of operations data for the year ended December 31, 2007, 2008 and 2009 and the balance sheet data as of December 31, 2008 and 2009 are derived from our audited consolidated financial statements included elsewhere in this prospectus. The selected statement of operations data for the years ended December 31, 2005 and 2006 and the balance sheet data as of December 31, 2005, 2006 and 2007 are derived from our audited combined financial statements not included in this prospectus. The selected financial data presented below are qualified in their entirety by reference to, and should be read in conjunction with, "Management's Discussion and Analysis of Financial Condition and Results of

Operations" and our consolidated financial statements and related notes included elsewhere in this prospectus.

Other long-term liabilities	113	859	4,230	20,469	9,467
Total equity	76,456	177,428	394,302	1,177,555	1,299,107
Total liabilities and equity	\$ 115,415	\$ 340,442	\$ 979,282	\$ 2,028,967	\$ 1,936,566

Other financial data:

EBITDAX(1)	\$ 3,475	\$ (629)	\$ 59,980	\$ 208,513	\$ 201,270
Net cash provided by (used in) operating activities	(12,227)	(18,101)	24,745	157,515	\$ 149,307
Net cash used in investing	(41,523)	(158,265)	(600,902)	(1,004,010)	(281,899)
Net cash provided by financing activities	53,750	178,311	585,326	874,350	104,292
Capital expenditures(2)	61,425	367,019	646,469	1,041,748	203,454
Ratio of EBITDAX to interest expense	4.13x	—(3)	2.39x	5.55x	5.58x

(1) "EBITDAX" is a non-GAAP financial measure that we define as net income before interest expense, realized and unrealized gains or losses on interest rate derivative instruments, taxes, impairments, depletion, depreciation, amortization, exploration expense, unrealized commodity hedge gains or losses, franchise taxes, stock compensation and interest income. "EBITDAX," as used and defined by us, may not be comparable to similarly titled measures employed by other companies and is not a measure of performance calculated in accordance with GAAP. EBITDAX should not be considered in isolation or as a substitute for operating income, net income or loss, cash flows provided by operating, investing and financing activities, or other income or cash flow statement data prepared in accordance with GAAP. EBITDAX provides no information regarding a company's capital structure, borrowings, interest costs, capital expenditures, and working capital movement or tax position. EBITDAX does not represent funds available for discretionary use because those funds are required for debt service, capital expenditures, working capital, income taxes, franchise taxes, exploration expenses, and other commitments and obligations. However, our management team believes EBITDAX is useful to an investor in evaluating our operating performance because this measure:

- is widely used by investors in the natural gas and oil industry to measure a company's operating performance without regard to items excluded from the calculation of such term, which can vary substantially from company to company depending upon accounting methods and book value of assets, capital structure and the method by which assets were acquired, among other factors;
- helps investors to more meaningfully evaluate and compare the results of our operations from period to period by removing the effect of our capital structure from our operating structure; and

- is used by our management team for various purposes, including as a measure of operating performance, in presentations to our board of directors, as a basis for strategic planning and forecasting and by our lenders pursuant to a covenant under our senior secured revolving credit facility. EBITDAX is also used as a measure of our operating performance pursuant to a covenant under the indenture governing the notes.

There are significant limitations to using EBITDAX as a measure of performance, including the inability to analyze the effect of certain recurring and non-recurring items that materially affect our net income or loss, the lack of comparability of results of operations of different companies and the different methods of calculating EBITDAX reported by different companies. The following table represents a reconciliation of our net income to EBITDAX for the periods presented:

(in thousands)	Year Ended December 31,				
	2005	2006	2007	2008	2009
Net income (loss)	\$ (46,634)	\$ (8,983)	\$ (37,753)	\$ 83,956	\$ (106,169)
Unrealized (gains) losses on					
commodity derivative contracts	7,371	(18,656)	(4,619)	(90,301)	61,186
Interest expense and other	841	1,366	28,157	52,839	41,038
Provision (benefit) for income taxes	—	400	(400)	3,029	(2,605)
Depreciation, depletion,					
amortization and accretion	6,526	7,949	50,159	124,997	140,078
Impairment of unproved properties	30,000	8,117	4,995	10,112	54,204
Exploration expense	5,455	8,832	17,970	22,998	10,228
Other	(84)	346	1,471	883	3,310
EBITDAX	\$ 3,475	\$ (629)	\$ 59,980	\$ 208,513	\$ 201,270

- (2) Capital expenditures as shown in this table differ from the amounts shown in the statement of cash flows in the financial statements because amounts in this table include changes in accounts payable for capital expenditures from the previous reporting period while the amounts in the statement of cash flows in the financial statements are presented on a cash basis.
- (3) Our EBITDAX was insufficient to cover our interest expense for this period by approximately \$2.0 million.

RATIOS OF EARNINGS TO FIXED CHARGES

The following table sets forth our ratios of earnings to fixed charges for the periods presented:

	Year Ended December 31,					Pro forma
	2005	2006	2007	2008	2009	2009
Ratio of earnings to fixed charges(1)	—(2)	—(2)	—(2)	3.30x	—(2)	—(1)

- (1) For purposes of computing the ratio of earnings to fixed charges, "earnings" consists of pretax income (loss) plus fixed charges. "Fixed charges" represents interest incurred, amortization of deferred debt offering costs and that portion of rental expense on operating leases deemed to be the equivalent of interest. Because the net proceeds of the November 2009 and January 2010 offerings of the old notes were used to repay indebtedness, pro forma impact on the amount of fixed charges causes our deficiency in earnings to cover fixed charges to change by 10% or more. After giving effect to the application of the net proceeds of the November 2009 and January 2010 offerings of the old notes, including the application of the net proceeds therefrom to repay borrowings under our senior secured revolving credit facility as if such transactions had occurred at the beginning of 2009 (which borrowings repaid under our senior secured revolving credit facility may be reborrowed from time to time, including for general corporate purposes and to fund our capital expenditure program), our pro forma earnings would have been inadequate to cover fixed charges for the year ended December 31, 2009 by approximately \$129.3 million. This pro forma data does not give effect to the application of the net proceeds of our November 2009 \$125 million equity placements. At December 31, 2009, we had approximately \$142.1 million of borrowings outstanding under our senior secured revolving credit facility. The average interest rate paid on amounts outstanding under our senior secured revolving credit facility for the year ended December 31, 2009 was 4.2% (excluding the impact of our interest rate swaps).
- (2) We generated operating losses for each of the years ended December 31, 2005, 2006, 2007 and 2009. Accordingly, our earnings were inadequate to cover total fixed charges during such periods by approximately \$46.6 million, \$8.6 million, \$38.2 million and \$109.1 million, respectively.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following discussion and analysis of our financial condition and results of operations should be read in conjunction with our combined financial statements and related notes appearing elsewhere in this prospectus. The following discussion contains "forward-looking statements" that reflect our future plans, estimates, beliefs and expected performance. We caution that assumptions, expectations, projections, intentions, or beliefs about future events may, and often do, vary from actual results and the differences can be material. Some of the key factors which could cause actual results to vary from our expectations include changes in natural gas and oil prices, the timing of planned capital expenditures, availability of acquisitions, uncertainties in estimating proved reserves and forecasting production results, operational factors affecting the commencement or maintenance of producing wells, the condition of the capital markets generally, as well as our ability to access them and uncertainties regarding environmental regulations or litigation and other legal or regulatory developments affecting our business, as well as those factors discussed below and elsewhere in this prospectus, all of which are difficult to predict. In light of these risks, uncertainties and assumptions, the forward-looking events discussed may not occur. See "Cautionary Statement Regarding Forward-Looking Statements." In this section, references to "Antero," "we," "us," "our" and "operating entities" refer to the five corporations referred to as the operating entities in the other portions of this prospectus (Antero Resources Corporation, Antero Resources Midstream Corporation, Antero Resources Piceance Corporation, Antero Resources Pipeline Corporation and Antero Resources Appalachian Corporation), unless otherwise indicated or the context otherwise requires.

Overview

Antero Resources is an independent oil and natural gas company engaged in the exploration, development and production of natural gas properties located onshore in the United States. We focus on unconventional reservoirs, which can generally be characterized as fractured shales and tight sand formations. Our properties are primarily located in the Appalachian Basin in West Virginia and Pennsylvania, the Arkoma Basin in Oklahoma and the Piceance Basin in Colorado. Our corporate headquarters are in Denver, Colorado.

Our management team has worked together for many years and has a successful track record of reserve and production growth as well as significant expertise in unconventional resource plays. Our strategy is to leverage our team's experience delineating and developing natural gas resource plays to profitably grow our reserves and production, primarily through internally generated projects on our existing acreage. As of December 31, 2009, our estimated proved reserves were 1,140.7 Bcfe, consisting of 1,130.3 Bcf of natural gas and 1.7 MMBbl of oil and condensate. As of December 31, 2009, 99% of our proved reserves were natural gas, 24% were proved developed and 69% were operated by us. From December 31, 2006 through December 31, 2009, we grew our estimated proved reserves from 87.0 Bcfe to 1,140.7 Bcfe. In addition, we grew our average daily production from 30.8 MMcfe/d for the year ended December 31, 2007 to 105.2 MMcfe/d for the year ended December 31, 2009. For the years ended December 31, 2008 and 2009, we generated cash flow from operations of \$157.5 million and \$149.3 million, respectively, net income (loss) of \$84.0 million and \$(106.2) million, respectively, and EBITDAX of \$208.5 million and \$201.3 million, respectively. See "Selected Historical Combined Financial Data" for a definition of EBITDAX (a non-GAAP measure) and a reconciliation of EBITDAX to net income (loss).

We have assembled a diversified portfolio of long-lived properties that are characterized by what we believe to be low geologic risk and a large inventory of repeatable drilling opportunities. Our drilling opportunities are focused in the Marcellus Shale of the Appalachian Basin, the Woodford Shale of the Arkoma Basin (the Arkoma Woodford), the Fayetteville Shale of the Arkoma Basin and the Mesaverde tight sands and Mancos Shale of the Piceance Basin. From inception, we have drilled and operated 285 wells through December 31, 2009 with a success rate of approximately 98%. Our drilling inventory consists of approximately 16,000 potential locations, all of which are resource-style

opportunities and approximately 9.8% of which are included in our estimated proved reserve base as of December 31, 2009. For information on the possible limitations on our ability to drill our potential locations, see "Risk Factors—Risks Relating to Our Business—Our identified drilling locations are scheduled out over many years, making them susceptible to uncertainties that could materially alter the occurrence or timing of their drilling. In addition, we may not be able to raise the substantial amount of capital that would be necessary to drill a substantial portion of our potential drilling locations."

We own two midstream systems in the Arkoma and Piceance Basins, and we believe we have secured sufficient long-term firm takeaway capacity on major pipelines that are in existence or currently under construction in each of our core operating areas to accommodate our existing and foreseeable production.

For the year ended December 31, 2009, we spent approximately \$203.5 million on capital expenditures, approximately 89% of which is allocated to low-risk development projects with the remaining capital budget allocated to infrastructure projects and land acquisition. Our board of directors has approved a capital expenditure budget of up to \$319 million for 2010, approximately 87% of which is allocated to drilling. Of our 2010 drilling budget, approximately 49% is allocated to the Appalachian Basin, 31% to the Arkoma Basin Woodford Shale and 20% to the Piceance Basin. Consistent with our historical practice, we periodically review our capital expenditures and adjust our budget based on liquidity, commodity prices and drilling results.

We believe we have a conservative financial position characterized by modest leverage, a strong hedge position and ample liquidity. We have entered into hedging contracts covering a total of approximately 167 Bcf of our natural gas production from January 1, 2010 through December 31, 2014 at a weighted average index price of \$6.42 per Mcf. For 2010, we have hedged approximately 31.3 Bcf of our production at a weighted average index price of \$6.29 per Mcf. On November 17, 2009, we completed an offering of \$375 million principal amount of our 9.375% senior notes due 2017. On January 19, 2010, we completed an offering of \$150 million additional principal amount of our 9.375% senior notes due 2017. As a result of the January 2010 notes offering, the borrowing base under our senior secured revolving credit facility was automatically reduced \$31 million. Accordingly, after the completion of the January 2010 notes offering, we had approximately \$366 million of available borrowing capacity under our senior secured revolving credit facility.

We operate in one industry segment, which is the exploration, development and production of natural gas and oil, and all of our operations are conducted in the United States. Our gathering and processing assets are primarily dedicated to supporting the natural gas volumes we produce.

Source of Our Revenues

Our production revenues are entirely from the continental United States and currently is comprised of 95% natural gas and 5% oil. Gas prices reached historically high levels in recent years and reached over \$13.00 per Mcf in July 2008. Since then, natural gas prices have declined sharply to approximately \$4.00 per Mcf in April 2010. Natural gas and oil prices are inherently volatile and are influenced by many factors outside of our control. To achieve more predictable cash flows and to reduce our exposure to downward price fluctuations, we use derivative instruments to hedge future sales prices on a significant portion of our natural gas production. We currently use fixed price natural gas swaps in which we receive a fixed price for future production in exchange for a payment of the variable market price received at the time future production is sold. For example, for the year ended December 31, 2009, we received approximately \$116.5 million in cash flows pursuant to our hedges. At each period end we estimate the fair value of these swaps and recognize an unrealized gain or loss. We have not elected hedge accounting and, accordingly, the unrealized gains and losses on open positions are reflected currently in earnings. During the years ended December 31, 2007, 2008 and 2009, we recognized significant unrealized commodity gains on these swaps as market prices were lower than our fixed price swaps. We expect continued volatility in the fair value of these swaps. We do not enter into derivatives to manage volatility for our oil or NGL sales.

Principal Components of Our Cost Structure

- *Lease operating and gathering, compression and transportation expenses.* These are daily costs incurred to bring natural gas and oil out of the ground and to the market, together with the daily costs incurred to maintain our producing properties. Such costs also include maintenance, repairs and workover expenses related to our natural gas and oil properties. These costs stabilized in 2009 and are expected to remain moderate in the first half of 2010.
- *Production taxes.* Production taxes consist of severance and ad valorem taxes and are paid on produced natural gas and oil based on a percentage of market prices (not hedged prices) or at fixed rates established by federal, state or local taxing authorities.
- *Exploration expense.* These are geological and geophysical costs, including payroll and benefits for the geological and geophysical staff, seismic costs, delay rentals and the costs of unsuccessful exploratory dry holes and unsuccessful leasing efforts.
- *Impairment of unproved and proved properties.* These costs include unproved property impairment and costs associated with lease expirations. We could also record impairment charges for proved properties if the carrying value were to exceed estimated future cash flows. Through December 31, 2009, it has not been necessary to record any impairment for proved properties.
- *Depreciation, depletion and amortization.* This includes the systematic expensing of the capitalized costs incurred to acquire, explore and develop natural gas and oil. As a successful efforts company, we capitalize all costs associated with our acquisition and development efforts and all successful exploration efforts, and allocate these costs to each unit of production using the units of production method.
- *General and administrative expense.* These costs include overhead, including payroll and benefits for our corporate staff, costs of maintaining our headquarters, costs of managing our production and development operations, franchise taxes, audit and other professional fees and legal compliance are included in general and administrative expenses.
- *Interest expense.* We finance a portion of our working capital requirements and acquisitions with borrowings under our bank credit facilities. As a result, we incur substantial interest expense that is affected by both fluctuations in interest rates and our financing decisions. We also have fixed interest at 9.375% on the new notes having a principal balance of \$525 million. We will likely continue to incur significant interest expense as we continue to grow. We have also entered into various variable to fixed interest rate swaps to mitigate the effects of interest rate changes. We do not designate these swaps as hedges and therefore do not accord them hedge accounting treatment. Realized and unrealized gains or losses on these interest rate derivative instruments are included as a separate line item in other income (expense).
- *Income tax expense.* Each of the operating entities files separate federal and state income tax returns; therefore, our provision for income taxes consists of the sum of our income tax provisions for each of the operating entities. We are subject to state and federal income taxes but are currently not in a tax paying position for regular federal income taxes, primarily due to the current deductibility of intangible drilling costs ("IDC"). We do pay some state income or franchise taxes where our IDC deductions do not exceed our taxable income or where state income or franchise taxes are determined on another basis. Collectively, the operating entities have generated net operating loss carryforwards which expire starting in 2024 through 2029. We have not recognized the full value of these net operating losses on our balance sheets because our management team believes it is more likely than not that we will not realize a future benefit equal to the full amount of the loss carryforward over time. The amount of deferred tax assets considered realizable, however, could change in the near term as we generate taxable income or estimates of future taxable income are reduced.

Significant Acquisitions

The following table presents a summary of our significant proved and unproved property acquisitions in 2007 and 2008. There were no significant acquisitions in 2009.

<u>Primary locations of acquired properties</u>	<u>Date acquired</u>	<u>Purchase price</u> (in millions)
Arkoma Basin Woodford Shale (OK)	December 2007	\$ 61.0
Piceance Basin (CO)	July 2008	\$ 39.2
Appalachian Basin (PA, WV)	September 2008	\$ 347.0

Our acquisitions were financed with a combination of funding from equity contributions, borrowings under our credit facilities and cash flow from operations.

Results of Operations

Year Ended December 31, 2008 Compared to Year Ended December 31, 2009

The following table sets forth selected operating data for the year ended December 31, 2008 compared to the year ended December 31, 2009:

<u>(in thousands, except per unit data)</u>	<u>Years Ended</u> <u>December 31,</u>		<u>Amount of</u> <u>Increase</u> <u>(Decrease)</u>	<u>Percent</u> <u>Change</u>
	<u>2008</u>	<u>2009</u>		
Operating revenues:

Net income (loss)	83,680	(106,532)	(190,012)	*
Non-controlling interest in net income of consolidated subsidiary	276	363	87	*
Net income (loss) attributable to Antero stockholders	\$ 83,956	\$ (106,169)	\$ (190,125)	*
Production data:				
Natural gas (Bcf)	30.3	35.1	4.8	15.8%
Oil (MBbl)	114.9	114.0	0.9	(0.8)%
NGLs (Bcfe)(1)	0.9	2.6	1.7	188.9%
Combined (Bcfe)	31.9	38.4	6.5	20.4%
Daily combined production (MMcfe/d)	87.4	105.2	17.8	20.4%
Average prices before effects of hedges(2):				
Natural gas (per Mcf)	\$ 7.27	\$ 3.53	\$ (3.74)	(51.4)%
Oil (per Bbl)	\$ 82.65	\$ 50.05	\$ (32.60)	(39.4)%
Combined (per Mcfe)	\$ 7.41	\$ 3.62	\$ (3.79)	(51.1)%
Average realized prices after effects of hedges(2):				
Natural gas (per Mcf)	\$ 8.13	\$ 6.85	\$ (1.28)	(15.7)%
Oil (per Bbl)	\$ 82.65	\$ 50.05	\$ (32.60)	(39.4)%
Combined (per Mcfe)	\$ 8.25	\$ 6.88	\$ (1.37)	(16.6)%
Average Costs (per Mcfe):				
Lease operating costs	\$ 0.43	\$ 0.49	\$ 0.06	14.0%
Gathering compression and transportation	\$ 0.94	\$ 0.79	\$ (0.15)	(16.0)%
Production taxes	\$ 0.33	\$ 0.14	\$ (0.19)	(57.6)%
Depletion depreciation amortization and accretion	\$ 4.03	\$ 3.91	\$ (0.12)	(3.0)%
General and administrative	\$ 0.52	\$ 0.58	\$ 0.06	11.5%

(1) Represents NGLs retained by our midstream business as compensation for processing third-party gas under long term contracts. These amounts are not reflected in the per Mcfe data in this table.

(2) Average prices shown in the table reflect both of the before-and-after effects of our realized commodity hedging transactions. Our calculation of such after-effects includes realized gains or losses on cash settlements for commodity derivatives, which do not qualify for hedge accounting because we do not designate or document them as hedges for accounting purposes. Oil production was converted at 6 Mcf per Bbl to calculate total Bcfe production and per Mcfe amounts.

* Not meaningful or applicable

Natural gas and oil sales Revenues from production of natural gas and oil decreased from \$229.7 million for the year ended December 31, 2008 to \$129.6 million for the year ended December 31, 2009, a decrease of \$100.1 million or 43.6%. Our production increased by 15.5% from 31.0 Bcfe in 2008 to 35.8 Bcfe in 2009. The net decrease in revenues resulted from commodity price declines which accounted for a \$135.7 million decrease (calculated as the decrease in year-to-year

average price times current year production volumes) in revenues as partially offset by increased production volumes which increased revenues by \$35.6 million (calculated as the increase in year-to-year volumes times the prior year average price). Realized gains from our commodity hedging contracts partially offset the effect of these price declines by \$116.5 million. The following table sets forth additional information concerning our production volumes for the years ended December 31, 2008 and 2009:

<u>(Bcfe)</u>	<u>Years Ended</u> <u>December 31,</u>		<u>Percent</u> <u>Change</u>
	<u>2008</u>	<u>2009</u>	
Arkoma Woodford	18.7	23.6	26.2%
Piceance Basin	12.3	11.7	(4.8)%
Appalachia	—	0.5	
Total	<u>31.0</u>	<u>35.8</u>	15.5%

Commodity hedging activities. To achieve more predictable cash flows and to reduce our exposure to downward price fluctuations, we enter into derivative contracts using fixed for variable swap contracts when management believes that favorable future sales prices for our natural gas production can be secured. Because we do not designate these derivatives as accounting hedges, they do not receive accounting hedge treatment and all mark-to-market gains or losses, as well as realized gains or losses on the derivative instruments, are recognized in our results of operations. The unrealized gains and losses represent the changes in the fair value of these swap agreements as the future strip prices fluctuate from the fixed price we will receive on future production. For the years ended December 31, 2008 and 2009, our hedges resulted in realized gains of \$26.1 million and \$116.5 million, respectively. For the years ended December 31, 2008 and 2009, our hedges resulted in unrealized gains of \$90.3 million and unrealized losses of \$(61.2) million, respectively. Unrealized gains in 2008 occurred as commodity prices began to fall below our fixed price swaps as a result of the weakening U.S. and global economy. During 2009, we realized part of these gains as our 2009 hedge contracts matured and prices began to recover thus partially reversing the unrealized gains recorded in 2008.

Gathering and processing revenues. Gathering and processing revenues increased from \$20.4 million for the year ended December 31, 2008 to \$23.0 million for 2009 as our plants increased utilization and recoveries.

Lease operating expenses. Lease operating expenses increased from \$13.4 million for the year ended December 31, 2008 to \$17.6 million in 2009, an increase of 31.9%, primarily as a result of an increase in Arkoma Woodford production volumes and increased water disposal costs in the Piceance Basin. On a per-Mcfe basis, lease operating expenses increased in total from \$0.43 per Mcfe in 2008 to \$0.49 per Mcfe in 2009 because of the increase in Piceance costs vs. Arkoma costs. In August 2009, two water injection wells were completed in the Piceance Basin and we believe this will decrease future water disposal costs. The following table displays the lease operating expense per Mcfe by basin for the years ended December 31, 2008 and 2009:

<u>(in thousands, except per Mcfe data)</u>	<u>Years Ended December 31,</u>			
	<u>2008</u>		<u>2009</u>	
	<u>Amount</u>	<u>Per Mcfe</u>	<u>Amount</u>	<u>Per Mcfe</u>
Arkoma Woodford	\$ 5,069	\$ 0.27	\$ 5,336	\$ 0.23
Piceance Basin	8,281	\$ 0.68	12,242	\$ 1.04
Appalachia	—	—	28	\$ 0.06
Total lease operating expense	<u>\$ 13,350</u>	\$ 0.43	<u>\$ 17,606</u>	\$ 0.49

Gathering, compression and transportation expense. Gathering, compression and transportation expense decreased from \$29.0 million for the year ended December 31, 2008 to \$28.2 million in 2009. On a per-Mcfe basis, these expenses decreased from \$0.94 per Mcfe for 2008 to \$0.79 per Mcfe for 2009 as gathering plant utilization increased and as production has increased in the Arkoma Basin as a proportion of our total production. Gathering expenses are less in the Arkoma Basin than in the Piceance Basin because of higher water production rates in the Piceance Basin.

[Table of Contents](#)

Production tax expense. Total production taxes decreased from \$10.3 million for the year ended December 31, 2008 to \$4.9 million for the year ended December 31, 2009, primarily as a result of a decrease in natural gas and oil prices. Production taxes as a percentage of natural gas and oil revenues before the effects of hedging were 3.8% for the year ended December 31, 2009 compared to 4.5% for the year ended December 31, 2008. Production taxes are primarily based on the wellhead values of production and the applicable rates vary across the areas in which we operate. As the proportion of our production changes from area to area, our production tax rate will vary depending on the quantities produced from each area and the applicable production tax rates then in effect.

Exploration expense. Exploration expense decreased from \$23.0 million for the year ended December 31, 2008 to \$10.2 million for the year ended December 31, 2009. Exploration expense during 2009 primarily consisted of \$1.0 million of seismic costs, \$1.7 million in dry hole costs, \$5.0 million of standby rig costs and \$2.5 million of contract landman costs that did not result in leasehold acquisitions. Exploration expense for 2008 primarily consisted of \$5.5 million for seismic programs in the Arkoma and Piceance areas, \$6.6 million of dry hole costs, \$6.0 million in impairment of rig upgrades and \$4.9 million of contract landman costs that did not result in leasehold acquisitions.

Impairment of unproved properties. Our impairment of unproved property expense increased from \$10.1 million for the year ended December 31, 2008 to \$54.2 million for the year ended December 31, 2009, primarily because at this time we believe we will not renew or drill on certain leaseholds within our Ardmore and Arkoma Basin acreage which are expiring at various dates through December 31, 2010. We abandon expired or soon to be expired leases when we determine they are impaired through lack of drilling activities or based on other factors, such as remaining lease terms, reservoir performance, commodity price outlooks or future plans to develop the acreage and recognize impairment costs accordingly.

Depreciation, depletion and amortization (DD&A). DD&A increased from \$124.8 million for year ended December 31, 2008 to \$139.8 million for the year ended December 31, 2009, an increase of \$15.0 million, primarily as a result of increased production for 2009 compared to 2008. DD&A per Mcfe decreased slightly from \$4.03 per Mcfe during 2008 to \$3.91 per Mcfe during 2009.

We evaluate the impairment of our proved natural gas and oil properties on a field-by-field basis whenever events or changes in circumstances indicate that a property's carrying amount may not be recoverable. If the carrying amount exceeds the estimated undiscounted future cash flows, we reduce the carrying amount of the oil and gas properties to their estimated fair value. There were no impairment expenses recorded for the years ended December 31, 2008 or 2009 for proved properties. We had \$11.9 million of exploratory well costs at December 31, 2009 included in natural gas and oil properties pending determination of whether proved reserves could be assigned to these well costs. These costs result primarily from development activity in the Marcellus Shale. As of December 31, 2009, no significant well costs have been deferred for over one year pending proved reserves determination.

General and administrative expense. General and administrative expense increased from \$16.2 million for the year ended December 31, 2008 to \$20.8 million during 2009, an increase of \$4.6 million. The increase is primarily due to increased costs related to salaries, employee benefits, contract personnel and professional services expenses for additional personnel required for our capital expenditure program and production levels. On a per-Mcfe basis, general and administrative expense increased from \$0.52 per Mcfe during the year ended December 31, 2008 to \$0.58 per Mcfe during 2009.

Interest expense and realized and unrealized gains and losses on interest rate derivatives. Interest expense decreased from \$37.6 million for the year ended December 31, 2008 to \$36.1 million during 2009, a decrease of \$1.5 million, primarily as a result of lower market interest rates in 2009. In

November 2009, we issued \$375.0 million of 9.375% senior notes, and in January 2010, we issued an additional \$150.0 million of the same series of 9.375% senior notes. The fixed interest rate on these senior notes is significantly higher than the variable rate we have been paying on our bank credit facility borrowings and on our second lien debt facility (which was repaid in full with the net proceeds of the November 2009 senior notes offering). As a result, interest expense in 2010 is expected to be significantly higher than 2009 or 2008 levels.

We have entered into various variable-to-fixed interest rate swap agreements that hedge our exposure to interest rate variations on our senior secured revolving credit facility and second lien term loan facility. During 2009, we had interest rate swaps outstanding for a notional amount of \$426.0 million with fixed pay rates ranging from 2.79% to 4.11% and terms expiring from December 2009 through July 2011. During the year ended December 31, 2009, we realized a loss on interest rate swap agreements of \$11.1 million; whereas, during 2008 we had a realized loss on interest rate swap agreements of \$1.4 million. At December 31, 2009, the estimated fair value of our interest rate swap agreements was a liability of \$11.1 million, which is included in current and long-term liabilities. As of December 31, 2009, we were in a liability position on our interest rate swaps because of the large decline in interest rates since having entered into the agreements. The amount of future gain or loss actually recognized on such swaps is dependent upon future interest rates, which will affect the value of the swaps. Additionally, we did not terminate the portion of the interest rate swaps related to the \$225 million second lien term loan facility when it was repaid in November 2009; therefore, a portion of our interest rate swaps do not currently have floating rate debt associated with them.

Income tax expense. Income tax expense reflects the fact that each of the operating entities files separate federal and state income tax returns; therefore, our provision for income taxes consists of the sum of our income tax provisions for each of the operating entities. In general, none of the operating entities have generated current taxable income in either the current or prior years, which is primarily attributable to the differing book and tax treatment of unrealized derivative gains and intangible drilling costs. Accordingly, valuation allowances have generally been established against net operating loss (NOLs) carryforwards to the extent that such NOLs exceed net deferred tax liabilities resulting in no income tax expense or benefit. During the year ended December 31, 2008, the operating entities had significant net income on a combined basis primarily related to unrealized derivative gains which are not taxable until realized. Net income tax expense in 2008 reflects the net deferred tax liabilities relating to these unrealized derivative gains which were partially offset by a decrease in the valuation allowance. During the year ended December 31, 2009, we recognized a tax benefit to the extent of existing deferred tax liabilities. We have not recognized the full value of these net operating losses on our balance sheets because our management team believes it is more likely than not that we will not realize a future benefit for the full amount of the loss carryforward over time. At December 31, 2009, the operating entities had a combined total of approximately \$276 million of NOLs, which expire starting in 2024 and through 2029. Congress recently proposed legislation that would eliminate or limit future deductions for intangible drilling costs and could significantly affect our future taxable position. The impact of any change will be recorded in the period that legislation is enacted.

Year Ended December 31, 2007 Compared to Year Ended December 31, 2008

The following table sets forth selected operating data for the year ended December 31, 2007 compared to the year ended December 31, 2008:

(in thousands, except per unit data)	Year Ended December 31,		Amount of Increase (Decrease)	Percent Change
	2007	2008		
Operating revenues:				
Natural gas sales	\$ 63,975	\$ 220,219	\$ 156,244	244.2%
Oil sales	3,749	9,496	5,747	153.3%
Realized commodity derivative gains	14,373	26,053	11,680	81.3%
Unrealized commodity derivative gains	4,619	90,301	85,682	1,855.0%
Gathering and processing	4,778	20,421	15,643	327.4%
Total operating revenues	91,494	366,490	274,996	300.6%
Operating expenses:				
Lease operating expense	4,435	13,350	8,915	201.0%
Gathering, compression and transportation expense	10,016	29,033	19,017	189.9%
Production taxes	2,233	10,281	8,048	360.4%
Exploration expense	17,970	22,998	5,028	28.0%
Impairment of unproved properties expense	4,995	10,112	5,117	102.4%
Depletion, depreciation and amortization	50,091	124,821	74,730	149.2%
Accretion of asset retirement obligations	68	176	108	158.8%
General and administrative	11,682	16,171	4,489	38.4%
Total operating expenses	101,490	226,942	125,452	123.6%
Operating income (loss)	(9,996)	139,548	149,544	*
Other income (expense):				
Interest expense	\$ (25,124)	\$ (37,594)	\$ (12,470)	49.6%
Realized and unrealized interest rate derivative losses	(3,033)	(15,245)	(12,212)	402.6%
Total other expense	(28,157)	(52,839)	(24,682)	87.7%
Income (loss) before income taxes	(38,153)	86,709	124,862	*
Provision for income tax (expense) benefit	400	(3,029)	(3,429)	*
Net income (loss)	(37,753)	83,680	121,433	*
Non-controlling interest in net income of consolidated subsidiary	—	276	276	*
Net income (loss) attributable to Antero stockholders	\$ (37,753)	83,956	121,709	*
Production data:				
Natural gas (Bcf)	10.9	30.3	19.4	178.0%
Oil (MBbl)	49.4	114.9	65.5	132.6%
NGLs (Bcfe)(1)	—	0.9	0.9	*
Combined (Bcfe)	11.2	31.9	20.7	184.8%
Daily combined production (MMcfe/d)	30.8	87.4	56.6	183.8%
Average prices before effects of hedges(2):				
Natural gas (per Mcf)	\$ 5.85	\$ 7.27	\$ 1.42	24.3%
Oil (per Bbl)	\$ 76.51	\$ 82.57	\$ 6.06	7.9%
Combined (per Mcfe)	\$ 6.03	\$ 7.41	\$ 1.38	22.9%

(in thousands, except per unit data)	Year Ended December 31,		Amount of Increase (Decrease)	Percent Change
	2007	2008		
Average realized prices after effects of hedges(2):				
Natural gas (per Mcf)	\$ 6.49	\$ 8.13	\$ 1.64	25.3%
Oil (per Bbl)	\$ 76.51	\$ 82.57	\$ 6.06	7.9%
Combined (per Mcfe):	\$ 6.65	\$ 8.25	\$ 1.60	24.1%
Average costs (per Mcfe):				
Lease operating costs	\$ 0.39	\$ 0.43	\$ 0.04	10.3%
Gathering, compression and transportation	\$ 0.89	\$ 0.94	\$ 0.05	5.6%
Production taxes	\$ 0.20	\$ 0.33	\$ 0.13	65.0%
Depletion, depreciation, amortization	\$ 4.46	\$ 4.03	\$ (0.43)	(9.6)%
General and administrative	\$ 1.04	\$ 0.52	\$ (0.52)	(50.0)%

(1) Represents NGLs retained by our midstream business as compensation for processing third-party gas under long term contracts. These amounts are not reflected in the per Mcfe data in this table.

(2) Average prices shown in the table reflect both of the before-and-after effects of our realized commodity hedging transactions. Our calculation of such after-effects includes realized gains or losses on cash settlements for commodity derivatives, which do not qualify for hedge accounting because we do not designate or document them as hedges. Oil production was converted at 6 Mcf per Bbl to calculate total Bcfe production and per Mcfe amounts.

* Not meaningful or applicable.

Natural gas and oil sales. Revenues from sales of natural gas and oil increased to \$229.7 million for the year ended December 31, 2008 from \$67.7 million for the year ended December 31, 2007, an increase of 239%. Our annual production increased by 176.8% from 11.2 Bcfe in 2007 to 31.0 Bcfe in 2008 due to increased production in the Arkoma Woodford and Piceance Basins. This net increase in production added approximately \$119.1 million of production revenues, and the increase in prices on a per-Mcfe basis increased production revenues by approximately \$42.9 million. The following table presents additional information concerning our production for the years ended December 31, 2007 and 2008:

(in Bcfe)	Year Ended December 31,		Percent Increase
	2007	2008	
Arkoma Woodford	6.3	18.7	196.8%
Piceance Basin	4.9	12.3	151.0%
Total	11.2	31.0	176.8%

Commodity hedging activities. To achieve more predictable cash flows and to reduce our exposure to downward price fluctuations, we enter into derivative contracts using fixed for variable swap contracts when management believes that favorable future sales prices for our natural gas production can be secured. Because we do not designate these derivatives as accounting hedges, they do not receive accounting hedge treatment and all mark-to-market gains or losses, as well as realized gains or losses on the derivative instruments, are currently recognized in our results of operations. The unrealized gains and losses represent the changes in the fair value of these swap agreements as the future strip prices fluctuate from the fixed price we will receive from future production. In 2008, approximately 59% of our natural gas volumes were hedged, which resulted in a realized gain on such hedges of \$26.1 million. In 2007, we hedged approximately 81% of our natural gas volumes, which resulted in realized gains on such hedges of \$14.4 million. Unrealized gains in these periods were

\$4.6 million and \$90.3 million in 2007 and 2008, respectively. The significant unrealized gains in 2008 are attributable to the sharp decline in natural gas prices in the fourth quarter as a result of market turmoil and a weakened U.S. and global economy.

Gathering and processing revenues. Gathering and processing revenues increased from \$4.8 million in 2007 to \$20.4 million in 2008 primarily as a result of recognizing a full year of operations for our Coalgate plant in Oklahoma, which began processing volumes in September 2007. Additionally, in February 2008, we entered into a joint venture with MarkWest and began operating our two processing plants under our Centrahoma joint venture.

Lease operating expense. Lease operating expenses increased from \$4.4 million in 2007 to \$13.4 million in 2008, an increase of 201% primarily as a result of an increase in our production volumes. On a per-Mcfe basis, lease operating expenses increased from \$0.39 per Mcfe in 2007 to \$0.43 per Mcfe in 2008 primarily due to increased water disposal expenses in the Piceance Basin. The following table displays our lease operating expenses per Mcfe by basin:

(in thousands, except per Mcfe data)	Year Ended December 31,			
	2007		2008	
	Amount	Per Mcfe	Amount	Per Mcfe
Arkoma Woodford	\$ 1,758	\$ 0.28	\$ 5,069	\$ 0.27
Piceance Basin	\$ 2,677	\$ 0.54	\$ 8,281	\$ 0.68
Total lease operating expense	\$ 4,435	\$ 0.39	\$ 13,350	\$ 0.43

Gathering, compression and transportation expense. Gathering and transportation expense increased from \$10.0 million in 2007 to \$29.0 million in 2008 primarily as a result of an increase in production. On a per-Mcfe basis, these expenses increased from \$0.89 per Mcfe in 2007 to \$0.94 per Mcfe as a result of start-up expenses for the Coalgate plant.

Production taxes. Total production taxes increased from \$2.2 million in 2007 to \$10.3 million in 2008 primarily as a result of an increase in natural gas and oil revenues before the effects of hedging. Production taxes as a percentage of natural gas and oil revenues before the effects of hedging were 4.5% for 2008 and 3.3% for 2007. Production taxes are primarily based on the wellhead values of production, and the tax rates vary across the different areas in which we operate. As the proportion of our production changes from area to area, our production tax rate will vary depending on the quantities produced from each area and the production tax rates in effect.

Exploration expense. Exploration expense increased from \$18.0 million in 2007 to \$23.0 million in 2008. Exploration expense for 2008 consisted of \$5.5 million for seismic programs in the Arkoma and Piceance areas, \$6.6 million in dry hole costs, \$6.0 million in impairment of rig upgrades and \$4.9 million of contract landman costs that did not result in leasehold acquisitions. Exploration expense for 2007 consisted of \$9.8 million for seismic programs in the Arkoma Woodford and Piceance areas, \$4.4 million of dry hole costs and \$3.8 million of contract landman costs that did not result in leasehold acquisitions.

Impairment of unproved properties. Our impairment of unproved property expense increased from \$5.0 million in 2007 to \$10.1 million in 2008, primarily because we elected to abandon certain leaseholds within our Ardmore Basin acreage and certain non-core Arkoma Basin acreage. We abandon expired or soon to be expired leases when we determine they are impaired through lack of drilling activities or based on other factors, such as remaining lease terms, reservoir performance, commodity price outlook or future plans to develop the acreage and accordingly recognize corresponding impairment costs.

[Table of Contents](#)

Depreciation, depletion and amortization (DD&A). DD&A increased from \$50.1 million in 2007 to \$124.8 million in 2008, an increase of \$74.7 million, primarily as a result of increased production in 2008 as compared to 2007. The weighted average DD&A rate decreased from \$4.46 per Mcfe during 2007 to \$4.03 per Mcfe during 2008 because our exploration, development and acquisition costs (total funding costs) have declined on a per Mcf basis in our two primary producing areas.

Under successful efforts accounting, DD&A expense is separately computed for each producing area based on geologic and reservoir delineation. The capital expenditures for each producing area compared to the proved reserves corresponding to each producing area determine a weighted average DD&A rate for current production. Future DD&A rates will be adjusted to reflect future capital expenditures and proved reserve changes in specific areas. We anticipate that DD&A expense per unit will decline over time as our development projects mature.

We evaluate the impairment of our proved natural gas and oil properties on a field-by-field basis whenever events or changes in circumstances indicate that a property's carrying amount may not be recoverable. If the carrying amount exceeds the property's estimated fair value, we adjust the carrying amount of the property to fair value through a charge-to-impairment expense. There were no impairment expenses recorded in 2007 or 2008 for proved properties. Additionally, there were no exploratory wells in progress at December 31, 2007 or 2008 included in unevaluated natural gas and oil properties pending determination of whether proved reserves could be assigned to any such wells.

General and administrative expense. General and administrative expense increased from \$11.7 million in 2007 to \$16.2 million in 2008, an increase of \$4.5 million, primarily as a result of increased costs of \$2.7 million related to salaries and employee benefits for additional personnel required for our capital program and production activities. As of December 31, 2008, we had 56 full-time employees, compared to 40 full-time employees as of December 31, 2007. On a per-Mcfe basis, general and administrative expense decreased from \$1.04 per Mcfe in 2007 to \$0.52 per Mcfe in 2008 primarily as a result of an increase in production volumes without a corresponding increase in general and administrative expense.

Interest expense and realized and unrealized gains and losses on interest rate derivatives. Interest expense increased from \$25.1 million in 2007 to \$37.6 million in 2008, primarily as a result of higher average outstanding debt balances in 2008 in order to fund our exploration and development activities. While interest rates on our senior secured revolving credit facility and second lien term loan facility decreased during 2008 from 2007 levels, average borrowings outstanding increased from approximately \$259.5 million during 2007 to approximately \$538.1 million during 2008.

We have entered into various variable-to-fixed interest rate swap agreements that hedge our exposure to interest rate variations on our senior secured revolving credit facility and second lien term loan facility. At December 31, 2008, we had interest rate swaps outstanding for a notional amount of \$426.0 million with fixed pay rates ranging from 2.79% to 4.11% and terms expiring from December 2009 through July 2011. During 2008, we realized losses on interest rate swap agreements of \$1.4 million, whereas, during 2007, we realized a gain on interest rate swap agreements of \$0.4 million. At December 31, 2008, the estimated fair value of our interest rate swap agreements was a liability of \$17.3 million, which is included in current and long-term liabilities. As of such date, we were in a liability position on our interest rate swaps because of the large decline in interest rates since having entered into the agreements. The amount of future gain or loss actually recognized on such swaps is dependent upon future interest rates, which will affect the value of the swaps.

Income tax expense. Income tax expense reflects the fact that each of the operating entities files separate federal and state income tax returns; therefore our provision for income taxes consists of the sum of our income tax provisions for each of the operating entities. In general, none of the operating entities have generated current taxable income in either the current or prior years, which is primarily

attributable to the differing book and tax treatment of unrealized derivative gains and intangible drilling costs. Accordingly, valuation allowances have generally been established against net operating loss (NOLs) carryforwards to the extent that such NOLs exceed net deferred tax liabilities resulting in no income tax expense or benefit in prior years. During the year ended December 31, 2008, the operating entities had significant net income on a combined basis primarily related to unrealized derivative gains which are not taxable until realized and, accordingly, we recognized related deferred tax expense. This deferred income tax expense was substantially offset by a reduction in valuation allowances. At December 31, 2008, the operating entities had a combined total of approximately \$156.9 million of NOLs, which expire starting in 2024 and through 2029. We have not recognized the full value of these net operating losses on our balance sheets because our management team believes it is more likely than not that we will not realize a future benefit for the full amount of the loss carryforward over time. Congress recently proposed legislation that would eliminate or limit future deductions for intangible drilling costs and could adversely affect our future taxable position. The impact of any change is recorded in the period that legislation is enacted.

Capital Resources and Liquidity

Our primary sources of liquidity have been through issuances of equity securities, borrowings under bank credit facilities, our second lien term loan facility, our senior notes, and net cash provided by operating activities. Our primary use of cash has been for the exploration, development and acquisition of natural gas and oil properties. As we pursue reserve and production growth, we continually monitor what capital resources, including equity and debt financings, are available to meet our future financial obligations, planned capital expenditure activities and liquidity requirements. Our future success in growing proved reserves and production will be highly dependent on the capital resources available to us. We have approximately 16,000 potential drilling locations, of which only approximately 9.8% are included in our proved reserve base as of December 31, 2009. We would be required to generate or raise significant capital to conduct drilling activities on these potential drilling locations.

By the end of the fourth quarter of 2008, natural gas and oil prices had declined significantly from their record highs in the summer of 2008, which reduced our operational cash flows. In response, we began reducing capital expenditures during the fourth quarter of 2008 and prepared our capital expenditure budget for 2009 assuming lower commodity prices. However, reducing capital expenditures to reflect lower cash flows takes place over time; as a result, our indebtedness increased during the fourth quarter of 2008. In January and March 2009, we raised an aggregate of approximately \$105 million from the issuance of additional Series B preferred stock from our existing investors in order to repay a portion of these increased borrowings. In November 2009, we issued \$375 million of 9.375% senior notes and had net proceeds after discounts and offering costs of approximately \$361 million. In November 2009, we also raised additional equity financing of \$125 million with net proceeds after offering costs of \$123.6 million. The proceeds from the senior note and equity offerings were used to repay in full our second lien term loan facility of \$225 million and to repay a portion of the borrowings outstanding under the senior secured revolving credit facility. In January 2010, we issued an additional \$150 million of the same series of senior notes at a premium of \$6 million and used the net proceeds to repay the remaining outstanding borrowings under the senior secured revolving credit facility. After giving effect to the January 2010 issuance of the senior notes, we had a borrowing base under the credit facility of approximately \$369 million and \$366 million of borrowing capacity under the facility. Our hedge position provides us with additional liquidity as it provides us with the relative certainty of receiving a significant portion of our future expected cash flows from operations despite potential further declines in the price of natural gas. Our ability to make significant additional acquisitions for cash would require us to obtain additional equity or debt financing, which we may not be able to obtain on terms acceptable to us, or at all. Over the last two years, dislocations in the credit markets, steep stock market declines, financial institution failures and government capital infusions reflected a weakened global economy and financing transactions have been difficult to

complete as a result. Our current senior secured revolving credit facility is backed by a syndicate of 13 banks. We believe that our current syndicate banks have the capability to fund up to their current commitment. If one or more banks should not be able to do so, we may not have the full availability of our credit facility.

We believe that funds from operating cash flows and available borrowings under our senior secured revolving credit facility should be sufficient to meet our cash requirements, including normal operating needs, debt service obligations, capital expenditures, and commitments and contingencies for at least the next 12 months.

For more information on our outstanding indebtedness, see "—Cash Flow Provided by Financing Activities."

Cash Flow Provided by Operating Activities

Net cash provided by operating activities was \$24.7 million, \$157.5 million and \$149.3 million for the years ended December 31, 2007, 2008 and 2009, respectively. The decrease in cash flow from operations from 2008 to 2009 was primarily the result of lower gas prices in 2009. The increase in cash flow from operations for the year ended December 31, 2008 compared to 2007 was primarily the result of an increase in natural gas and oil production and prices.

Our operating cash flow is sensitive to many variables, the most significant of which is the volatility of prices for natural gas and oil production. Prices for these commodities are determined primarily by prevailing market conditions. Regional and worldwide economic activity, weather, infrastructure capacity to reach markets and other variable factors influence market conditions for these products. These factors are beyond our control and are difficult to predict. For additional information on the impact of changing prices on our financial position, see—"Quantitative and Qualitative Disclosure About Market Risk" below.

Cash Flow Used in Investing Activities

During the years ended December 31, 2007, 2008 and 2009, we had cash flows used in investing activities of \$600.9 million, \$1.0 billion and \$281.9 million, respectively, as a result of our capital expenditures for drilling, development and acquisition costs. The decrease in cash used in investing activities in 2009 from 2008 of \$722 million is a result of the \$361.4 million investment in the Appalachian Basin in 2008 and curtailed investment and drilling activity in 2009 in all our projects in response to the decline in oil and gas prices in 2009. The increase in cash flows used in investing activities during the year ended December 31, 2008 compared to the prior year period is a result of an increase in the capital program in the Piceance Basin as well as leasehold acquisition costs incurred in the Appalachian Basin totaling \$361.4 million.

Our capital expenditures for drilling, development and acquisition costs for the years ended December 31, 2007, 2008 and 2009 are summarized in the following table. Capital expenditures reflected in the table below differ from the amounts shown in the statements of cash flows in the financial statements because amounts reflected in the table include changes in accounts payable from

the previous reporting period for capital expenditures, while the amounts in the statements of cash flows in the financial statements are presented on a cash basis.

<u>(in thousands)</u>	<u>Year Ended December 31,</u>		
	<u>2007</u>	<u>2008</u>	<u>2009</u>
Arkoma Basin	\$ 409,465	\$ 335,516	\$ 77,841
Piceance Basin	147,094	297,285	51,250
Appalachian Basin	—	361,379	68,355
Gas plant, gathering, pipeline, and other	89,910	47,568	6,008
Total capital expenditures	\$ 646,469	\$ 1,041,748	\$ 203,454

Our board of directors has approved a capital budget of up to \$319 million for 2010. Our capital budget may be adjusted as business conditions warrant. The amount, timing and allocation of capital expenditures is largely discretionary and within our control. If natural gas and oil prices decline to levels below our acceptable levels or costs increase to levels above our acceptable levels, we could choose to defer a significant portion of our budgeted capital expenditures until later periods to achieve the desired balance between sources and uses of liquidity and prioritize capital projects that we believe have the highest expected returns and potential to generate near-term cash flow. We routinely monitor and adjust our capital expenditures in response to changes in prices, availability of financing, drilling and acquisition costs, industry conditions, the timing of regulatory approvals, the availability of rigs, success or lack of success in drilling activities, contractual obligations, internally generated cash flow and other factors both within and outside our control.

Cash Flow Provided by Financing Activities

Net cash provided by financing activities in 2009 of \$104.3 million was primarily the result of cash provided by, (i) the issuance of the senior notes (net of discounts and issuance costs) of \$361 million, (ii) the issuance of preferred stock of \$105.0 million, and (iii) the issuance of member units in Antero Resources LLC for \$123.6 million (net of \$1.4 million of issuance costs); net of cash applied to (i) net repayments on the bank credit facility of \$254.5 million and (ii) the repayment of the second lien term loan facility of \$225.0 million.

Net cash provided by financing activities of \$874.4 million during the year ended December 31, 2008 was primarily the result of the issuance of \$670.0 million of Series B preferred stock and \$207.2 million of net borrowings under our senior secured revolving credit facility. Net cash provided by financing activities of \$585.3 million during the year ended December 31, 2007 was primarily the result of the issuance of \$253.8 million of preferred stock, borrowings of \$225.0 million under the second lien term loan facility, and \$106.9 million of net borrowings on our senior secured revolving credit facility.

Senior Secured Revolving Credit Facility. Our senior secured revolving credit facility was amended and restated as of January 14, 2009 and amended in October and November 2009 and in January 2010 and matures on March 15, 2012. As of December 31, 2009, we had \$142.1 million of borrowings and \$3.0 million of letters of credit outstanding under this facility and a borrowing base of \$400.0 million. The October 2009 and January 2010 amendments to our senior secured revolving credit facility provide that, prior to our next scheduled borrowing base redetermination in May 2010, we may not issue senior debt securities in excess of \$550 million (including the \$525 million principal amount of the notes issued in the November 2009 and January 2010 senior notes offerings). In addition, any indebtedness that we issue during this period in excess of \$400 million resulted in an automatic reduction in our borrowing base by \$31 million. Accordingly, as a result of the January 2010 offering of the old notes, the borrowing base under our senior secured revolving credit facility was automatically reduced to \$369 million. As of December 31, 2009, on a pro forma basis after giving effect to the use of the net

proceeds of the January 2010 offerings of the senior notes, we would have had approximately \$366 million of available borrowing capacity under our senior secured revolving credit facility. Future borrowing bases will be computed based on proved natural gas and oil reserves and estimated future cash flow from these reserves and hedge positions, as well as any other outstanding indebtedness. The borrowing base is redetermined semiannually; the next redetermination is scheduled to occur in May 2010. Following the next scheduled borrowing base redetermination, we may be subject to similar restrictions on our ability to incur indebtedness or our borrowing base may be reduced.

Principal amounts borrowed are payable on the maturity date with such borrowings bearing interest that is payable quarterly. We have a choice of borrowing in Eurodollars or at the base rate. Eurodollar loans bear interest at a rate per annum equal to the rate appearing on the Reuters BBA Libor Rates Page 3750 for one, two, three, six or twelve months plus an applicable margin ranging from 200 to 300 basis points, depending on the percentage of our borrowing base utilized. Base rate loans bear interest at a rate per annum equal to the greatest of (i) the agent bank's reference rate, (ii) the federal funds effective rate plus 50 basis points and (iii) the rate for one month Eurodollar loans, plus an applicable margin ranging from 100 to 200 basis points, depending on the percentage of our borrowing base utilized. The amounts outstanding under the facility are secured by a first priority lien on substantially all of our natural gas and oil properties and associated assets and are cross-guaranteed by each borrower entity along with each of their current and future wholly owned subsidiaries. For information concerning the effect of changes in interest rates on interest payments under this facility, see "—Quantitative and Qualitative Disclosure About Market Risk—Interest Rate Risks and Hedges."

As of December 31, 2008 and 2009, borrowings outstanding under our senior secured revolving credit facility totaled \$396.6 million and \$142.1 million, respectively, and had a weighted average interest rate (excluding the impact of our interest rate swaps) of 5.0% and 2.36%, respectively. The facility contains restrictive covenants that may limit our ability to, among other things:

- incur additional indebtedness;
- sell assets;
- make loans to others;
- make investments;
- enter into mergers;
- make certain payments to Antero;
- incur liens; and
- engage in certain other transactions without the prior consent of the lenders.

The senior revolving credit facility also requires us to maintain the following two financial ratios:

- a current ratio, which is the ratio of our consolidated current assets to our consolidated current liabilities, of not less than 1.0 to 1.0 as of the end of each fiscal quarter; and
- a leverage ratio, which is the ratio of our consolidated funded indebtedness (minus amounts of unsatisfied capital calls) as of the end of such fiscal quarter to our consolidated EBITDAX for the trailing four fiscal quarter period, of not greater than 4.0 to 1.0.

We were in compliance with such covenants and ratios as of December 31, 2009 and 2008.

Second Lien Term Loan Facility. We repaid our \$225.0 million second lien term loan facility in full with the net proceeds of the November 2009 offering of notes. This facility matured on April 12, 2014. The principal amount borrowed under the second lien term loan facility was payable on the maturity date, with such amount borrowed bearing interest, payable quarterly. Interest accrued on Eurodollar

loans at a rate per annum equal to the Eurodollar rate, plus an applicable margin of 450 basis points. Interest accrued on base rate loans at a rate per annum equal to the greater of (i) the prime lending rate as set forth on the British Banking Association Telerate Page 5 and (ii) the federal funds effective rate plus 50 basis points, plus an applicable margin of 350 basis points. The amounts outstanding under the second lien term loan facility were secured by a second priority lien on substantially all of our natural gas and oil properties and associated assets and are cross-guaranteed by each borrower entity along with each of their current and future wholly owned subsidiaries. The second lien term loan facility contained various covenants including restrictions on our ability to incur indebtedness, dispose of assets, make loans or investments or certain payments, or enter into mergers. The second lien term loan facility also required us to maintain certain financial ratios, including interest coverage, leverage and net present value to funded indebtedness. We were in compliance with such covenants and ratios at December 31, 2008.

Interest Rate Hedges. We have entered into various variable to fixed interest rate swap agreements which hedge our exposure to interest rate variations on our senior secured revolving credit facility and second lien term loan facility. At December 31, 2009, we had interest rate swaps outstanding for a notional amount of \$375.0 million with fixed pay rates of from 2.8025% to 4.11% with terms expiring from April 2010 through July 2011. During the years ended December 31, 2007, 2008 and 2009, we had realized gains (losses) on interest rate swap agreements of \$0.4 million, \$(1.4) million and \$(11.1) million, respectively. At December 31, 2009, we had unrealized losses on interest rate swap agreements of \$11.1 million. The amount of future gain or loss actually recognized on such swaps is dependent upon future interest rates. See "—Quantitative and Qualitative Disclosure About Market Risk—Interest Rate Risk and Hedges." We did not terminate the portion of the interest rate swaps related to the \$225.0 million second lien term facility when it was retired in November 2009; therefore, a portion of the interest rate swaps do not currently have debt associated with them.

Capital Leases. We lease certain compressors under agreements that are classified as capital leases having a balance of approximately \$1.3 million and \$1.2 million at December 31, 2008 and 2009, respectively.

Commodity Hedging Activities

Our primary market risk exposure is in the price we received for our natural gas and oil production. Realized pricing is primarily driven by the prevailing worldwide price for crude oil and spot regional market prices applicable to our U.S. natural gas production. Pricing for natural gas and oil production has been volatile and unpredictable for several years, and we expect this volatility to continue in the future. The prices we receive for production depend on many factors outside of our control, including volatility in the differences between product prices at sales points and the applicable index price.

To mitigate some of the potential negative impact on our cash flow caused by changes in natural gas prices, we have entered into financial commodity swap contracts to receive fixed prices for a portion of our natural gas and oil production when management believes that favorable future prices can be secured. We typically hedge a fixed price for natural gas at our sales points (New York Mercantile Exchange ("NYMEX") less basis) to mitigate the risk of differentials to the Centerpoint East, CIG Hub, Transco Zone 4 and Columbia Gas Transmission (CGTAP) Indexes.

Our financial hedging activities are intended to support natural gas and oil prices at targeted levels and to manage our exposure to natural gas price fluctuations. The counterparty is required to make a payment to us for the difference between the fixed price and the settlement price if the settlement price is below the fixed price. We are required to make a payment to the counterparty for the difference between the fixed price and the settlement price if the fixed price is below the settlement price. These contracts may include financial price swaps whereby we will receive a fixed price for our

production and pay a variable market price to the contract counterparty and cashless price collars that set a floor and ceiling price for the hedged production. If the applicable monthly price indices are outside of the ranges set by the floor and ceiling prices in the various collars, we and the counterparty to the collars would be required to settle the difference.

At December 31, 2009, we had in place natural gas swaps covering portions of production from 2010 through 2014. Our senior secured revolving credit facility allows us to hedge up to 85% of our estimated production from proved reserves for up to 12 months in the future, 75% for 13 to 24 months in the future, 65% for 25 to 36 months in the future, 55% for 37 to 48 months in the future and 45% for 49 to 60 months in the future. Based on our annual production and our fixed price swap contracts in place during 2009, our annual income before taxes for the year ended December 31, 2009 would have decreased by approximately \$1.0 million for each \$0.10 decrease per MMBtu in natural gas prices and approximately \$0.1 million for each \$1.00 per barrel decrease in crude oil prices.

All derivative instruments, other than those that meet the normal purchase and normal sales exception as mentioned above, are recorded at fair market value in accordance with US GAAP and are included in the consolidated balance sheets as assets or liabilities. Fair values are adjusted for non-performance risk. As required under US GAAP, all fair values are adjusted for non-performance risk. Because we do not designate these hedges as accounting hedges, we do not receive accounting hedge treatment and all mark-to-market gains or losses as well as realized gains or losses on the derivative instruments are recognized in our results of operations. We present realized and unrealized gains or losses on commodity derivatives in our operating revenues as "Realized and unrealized gains (losses) on commodity derivative instruments." In 2009, approximately 72% of our natural gas volumes were hedged, which resulted in realized gains on hedges of \$116.5 million. In 2008, approximately 59% of our natural gas volumes were hedged, which resulted in realized gains on hedges of \$26.1 million. In 2007, we hedged approximately 81% of our natural gas volumes, which resulted in realized gains on hedges of \$14.4 million.

Mark-to-market adjustments of derivative instruments produce earnings volatility but have no cash flow impact relative to changes in market prices until the derivative contracts are settled. We expect continued volatility in the fair value of our derivative instruments. Our cash flow is only impacted when the underlying physical sales transaction takes place in the future and when the associated derivative instrument contract is settled by making or receiving a payment to or from the counterparty. At December 31, 2009, the estimated fair value of all of our commodity derivative instruments was a net asset of \$41.1 million comprised of current and noncurrent assets.

The table below summarizes the realized and unrealized gains related to natural gas derivative instruments for years ended December 31, 2007, 2008 and 2009:

<u>(in thousands)</u>	<u>Year Ended December 31,</u>		
	<u>2007</u>	<u>2008</u>	<u>2009</u>
Realized gains (losses) on commodity derivative contracts	\$ 14,373	\$ 26,053	\$ 116,550
Unrealized gains on commodity derivative contracts	4,619	90,301	(61,186)
Total	\$ 18,992	\$ 116,354	\$ 55,364

[Table of Contents](#)

As of December 31, 2009, and including swaps entered into since December 31, 2009 through March 31, 2010, we have entered into fixed price natural gas swaps in order to hedge a portion of our natural gas production from 2010 through 2014 as summarized in the following table. Hedge agreements referenced to the Centerpoint, NYMEX and Transco Zone 4 indices are for our production in the Arkoma Basin. Hedge agreements referenced to the CIG index are for our production in the Piceance Basin. Hedge agreements referenced to the CGTAP index are for our production from the Appalachian Basin.

	<u>MMbtu/d</u>	<u>Weighted average index price</u>
Year ending December 31, 2010:		
Centerpoint	30,000	\$ 7.33
CIG	30,000	\$ 5.54
NYMEX	10,000	\$ 6.14
CGTAP	20,000	\$ 5.92
Year ending December 31, 2011:		
CIG	35,000	\$ 5.78
Transco Zone 4	35,000	\$ 6.91
CGTAP	30,000	\$ 6.60
Year ending December 31, 2012:		
CIG	35,000	\$ 6.06
Transco Zone 4	35,000	\$ 7.05
CGTAP	20,000	\$ 6.94
Year ending December 31, 2013:		
CIG	30,000	\$ 6.02
Transco Zone 4	40,000	\$ 6.51
CGTAP	20,000	\$ 6.83
Year ending December 31, 2014:		
CIG	40,000	\$ 6.07
Transco Zone 4	20,000	\$ 6.51
CGTAP	40,000	\$ 6.53
Centerpoint	10,000	\$ 6.20

By removing price volatility from a portion of our expected natural gas production through December 2014, we have mitigated, but not eliminated, the potential effects of changing prices on our operating cash flow for those periods. While mitigating negative effects of falling commodity prices, these derivative contracts also limit the benefits we would receive from increases in commodity prices.

By using derivative instruments that are not traded on an exchange to hedge exposures to changes in commodity prices, we expose ourselves to the credit risk of our counterparties. Credit risk is the potential failure of the counterparty to perform under the terms of the derivative contract. When the fair value of a derivative contract is positive, the counterparty is expected to owe us, which creates credit risk. To minimize the credit risk in derivative instruments, it is our policy to enter into derivative contracts only with counterparties that are creditworthy financial institutions deemed by management as competent and competitive market makers. The creditworthiness of our counterparties is subject to periodic review. We have economic hedges in place with four different counterparties, of which all but one are lenders in our senior secured revolving credit facility. As of December 31, 2009, JP Morgan Chase & Company accounted for approximately 87% of the net fair market value of our commodity derivative asset position. BNP Paribas, KeyBank N.A. and Wells Fargo accounted for the remainder. We believe all of these institutions currently are acceptable credit risks. We are not required to provide credit support or collateral to any of our counterparties under current contracts, nor are they required

to provide credit support to us. As of December 31, 2009, we have no past due receivables from or payables to any of our counterparties.

Contractual Obligations. A summary of our contractual obligations as of December 31, 2009 is provided in the following table.

(in millions)	As of December 31,						
	2010	2011	2012	2013	2014	Thereafter	Total
Senior secured revolving credit facility(1)	\$ —	\$ —	\$ 142.1	\$ —	\$ —	\$ —	\$ 142.1
Senior notes—interest(2)	35.2	35.2	35.2	35.2	35.2	102.6	278.6
Senior notes—principal(2)	—	—	—	—	—	375.0	375.0
Capital leases	0.2	0.2	0.2	0.2	0.2	0.4	1.4
Drilling rig commitments(3)	9.7	—	—	—	—	—	9.7
Derivative instruments(4)	8.6	2.5	—	—	—	—	11.1
Asset retirement obligations(5)	—	—	—	—	—	3.5	3.5
Office and equipment leases	0.6	0.6	0.3	0.1	—	—	1.6
Total	\$ 54.3	\$ 38.5	\$ 177.8	\$ 35.5	\$ 35.4	\$ 481.5	\$ 823.0

- (1) Includes outstanding principal amount at December 31, 2009. This table does not include future commitment fees, interest expense or other fees on these facilities because they are floating rate instruments and we cannot determine with accuracy the timing of future loan advances, repayments or future interest rates to be charged.
- (2) The 9.375% senior notes are due December 1, 2017.
- (3) At December 31, 2009 we had three drilling rigs under contracts which expire in 2010. Any other rig performing work for us is doing so on a well-by-well basis and therefore can be released without penalty at the conclusion of drilling on the current well. Drilling obligations for individual wells have not been included in the table above. The values in the table represent the gross amounts that we are committed to pay. However, we will record in our financial statements our proportionate share based on our working interest.
- Drilling rig commitments do not include contingent commitments to drill wells on our unproved properties in order to retain oil and natural gas leasehold interests, including up to an estimated \$625 million that we may be required to spend between January 1, 2009 and June 30, 2018 pursuant to the acquisition agreement relating to the purchase of our properties in the Appalachian Basin in 2008.
- (4) Derivative instruments represent the fair value for interest rate derivatives presented as liabilities in our combined balance sheet as of December 31, 2009. The ultimate settlement amounts of our derivative liabilities are unknown because they are subject to continuing market fluctuations.
- (5) Neither the ultimate settlement amounts nor the timing of our asset retirement obligations can be precisely determined in advance; however, we believe it is likely that a very small amount of these obligations will be settled within the next five years.

In addition to amounts shown in the above table, we have entered into contracts with third party pipeline owners that provide firm processing rights and firm takeaway capacity on pipeline systems. The remaining terms on these contracts range from one to 14 years and require us to pay transportation demand and commodity charges regardless of the amount of pipeline capacity utilized by us.

Critical Accounting Policies and Estimates

The discussion and analysis of our financial condition and results of operations are based upon our consolidated financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States. The preparation of our financial statements requires us to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses and related disclosure of contingent assets and liabilities. Certain accounting policies involve judgments and uncertainties to such an extent that there is reasonable likelihood that materially different amounts could have been reported under different conditions, or if different assumptions had been used. We evaluate our estimates and assumptions on a regular basis. We base our estimates on historical experience and various other assumptions that are believed to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates and assumptions used in preparation of our combined financial statements. We provide expanded discussion of our more significant accounting policies, estimates and judgments below. We believe these accounting policies reflect our more significant estimates and assumptions used in preparation of our combined financial statements. See Note 2 of the notes to the consolidated financial statements for a discussion of additional accounting policies and estimates made by management.

Natural Gas and Oil Properties

Successful Efforts Method

Our natural gas and oil exploration and production activities are accounted for using the successful efforts method. Under this method, costs of drilling successful exploration wells and development costs are capitalized and amortized on a geological reservoir basis using the unit-of-production method as natural gas and oil is produced. Geological and geophysical costs, delay rentals and costs to drill exploratory wells that do not discover proved reserves are expensed as exploration costs. The costs of development wells are capitalized whether productive or nonproductive. Natural gas and oil lease acquisition costs are also capitalized. The sale of a partial interest in a proved property is accounted for as a cost recovery and no gain or loss is recognized as long as this treatment does not significantly affect the unit-of-production amortization rate. Maintenance and repairs are charged to expense, and renewals and betterments are capitalized to the appropriate property and equipment accounts.

Unproved property costs are costs related to unevaluated properties and are transferred to proved natural gas and oil properties if the properties are determined to be productive. Proceeds from sales of partial interests in unproved leases are accounted for as a recovery of cost without recognizing any gain until all costs are recovered. Unevaluated natural gas and oil properties are assessed periodically for impairment on a property-by-property basis based on remaining lease terms, drilling results, reservoir performance, commodity price outlooks or future plans to develop acreage. If it is determined that it is probable that reserves will not be discovered, the cost of unproved leases is charged to impairment of unproved properties. During 2008 and 2009, we charged impairment expense for expired or expiring leases with a cost of \$10.1 million and \$54.2 million, respectively. The assessment of unevaluated natural gas and oil properties to determine any possible impairment requires managerial judgment.

The successful efforts method of accounting can have a significant impact on the operational results reported when we are entering a new exploratory area in anticipation of finding a gas and oil field that will be the focus of future development drilling activity. The initial exploratory wells may be unsuccessful and will be expensed. Seismic costs can be substantial, which will result in additional exploration expenses when incurred. Additionally, the application of the successful efforts method of accounting requires managerial judgment to determine the proper classification of wells designated as developmental or exploratory, which will ultimately determine the proper accounting treatment of the costs incurred.

Natural Gas and Oil Reserve Quantities and Standardized Measure of Future Cash Flows

Our independent engineers and internal technical staff prepare the estimates of natural gas and oil reserves and associated future net cash flows. Current accounting guidance allows only proved natural gas and oil reserves to be included in our financial statement disclosures. The SEC has defined proved reserves as the estimated quantities of natural gas and oil which geological and engineering data demonstrate with reasonable certainty to be recoverable in future years from known reservoirs under existing economic and operating conditions. Our independent engineers and internal technical staff must make a number of subjective assumptions based on their professional judgment in developing reserve estimates. Reserve estimates are updated annually and consider recent production levels and other technical information about each field. Natural gas and oil reserve engineering is a subjective process of estimating underground accumulations of natural gas and oil that cannot be precisely measured. The accuracy of any reserve estimate is a function of the quality of available data and of engineering and geological interpretation and judgment. Periodic revisions to the estimated reserves and future cash flows may be necessary as a result of a number of factors, including reservoir performance, new drilling, natural gas and oil prices, cost changes, technological advances, new geological or geophysical data, or other economic factors. Accordingly, reserve estimates are generally different from the quantities of natural gas and oil that are ultimately recovered. We cannot predict the amounts or timing of future reserve revisions. If such revisions are significant, they could significantly affect future amortization of capitalized costs and result in impairment of assets that may be material.

Impairment of Proved Properties

We review our proved natural gas and oil properties for impairment on a geological reservoir basis whenever events and circumstances indicate that a decline in the recoverability of their carrying value may have occurred. We estimate the expected future cash flows of our gas and oil properties and compare these future cash flows to the carrying amount of the gas and oil properties to determine if the carrying amount is recoverable. If the carrying amount exceeds the estimated undiscounted future cash flows, we will adjust the carrying amount of the natural gas and oil properties to fair value. The factors used to determine fair value are subject to our judgment and expertise and include, but are not limited to, recent sales prices of comparable properties, the present value of future cash flows, net of estimated operating and development costs using estimates of proved reserves, future commodity pricing, future production estimates, anticipated capital expenditures, and various discount rates commensurate with the risk associated with realizing the expected cash flows projected. Because of the uncertainty inherent in these factors, we cannot predict when or if future impairment charges for proved properties will be recorded. We did not record any impairment charges for proved properties in 2007, 2008 or 2009.

New Accounting Pronouncements

SFAS No. 168, The FASB Accounting Codification and the Hierarchy of Generally Accepted Accounting Principles or SFAS 168—In July 2009, the Financial Accounting Standards Board ("FASB") issued SFAS 168 which will establish the Financial Accounting Standards Board Accounting Standards Codification (the "Codification") as the source of authoritative U.S. generally accepted accounting principles ("GAAP") recognized by the FASB to be applied by nongovernmental entities. Rules and interpretive releases issued by the SEC are also sources of authoritative GAAP for SEC registrants.

SFAS No. 160, Noncontrolling Interests in Consolidated Financial Statements, an amendment of Accounting Research Bulletin No. 51 or SFAS 160 codified in FASB ASC Topic 810—In December 2007, the FASB issued SFAS 160, which establishes accounting and reporting standards for ownership interests in subsidiaries held by parties other than the parent, the amount of consolidated net income attributable to the parent and to the noncontrolling interest, changes in a parent's ownership interest and the valuation of retained noncontrolling equity investments when a subsidiary is deconsolidated.

SFAS 160 also establishes reporting requirements that provide sufficient disclosures that clearly identify and distinguish between the interests of the parent and the interests of the noncontrolling owners. SFAS 160 is effective for us on January 1, 2009. We have retroactively applied the provisions of this standard in these financial statements. The application of SFAS 160 did not affect our results of operations.

Revised Natural Gas and Oil Standard

In December 2008, the SEC released the final rule for Modernization of Oil and Gas Reporting, or Modernization. The Modernization disclosure requirements require reporting of natural gas and oil reserves using an average price based upon the prior 12 month period rather than year end prices and the use of new technologies to determine proved reserves, if those technologies have been demonstrated to result in reliable conclusions about reserves volumes. Companies are also allowed to disclose probable and possible reserves to investors in SEC filed documents. In addition, companies are required to report the independence and qualifications of their reserves preparer or auditors and file reports when a third party is relied upon to prepare reserves estimates or conduct a reserves audit. The Modernization disclosure requirements have become effective for the year ending December 31, 2009. The FASB has issued Accounting Standards Update 2010-03 (ASU 2010-03) "Extractive Industries—Oil and Gas" to align its rules for oil and gas reserve estimation and disclosure requirements with the SEC's final rule. In October 2009, the SEC issued Staff Accounting Bulletin No. 113 (SAB No. 113), which revises portions of the interpretive guidance included in the section of the Staff Accounting Bulletin Series titled Topic 12: Oil and Gas Producing Activities. The principal changes involve revisions to bring Topic 12 into conformity with the contents of the Modernization. We have adopted the Modernization standard in the preparation of our December 31, 2009 oil and gas reserve estimates and related disclosures.

Quantitative and Qualitative Disclosure about Market Risk

The primary objective of the following information is to provide forward-looking quantitative and qualitative information about our potential exposure to market risk. The term "market risk" refers to the risk of loss arising from adverse changes in natural gas and oil prices and interest rates. The disclosures are not meant to be precise indicators of expected future losses, but rather indicators of reasonably possible losses. This forward-looking information provides indicators of how we view and manage our ongoing market risk exposures. All of our market risk sensitive instruments were entered into for hedging purposes, rather than for speculative trading.

Commodity Price Risk and Hedges

For a discussion of how we use financial commodity swap contracts to mitigate some of the potential negative impact on our cash flow caused by changes in natural gas prices, see "—Commodity Hedging Activities."

Interest Rate Risks and Hedges

During the year end December 31, 2009, we had indebtedness outstanding under our \$400 million senior secured revolving credit facility and \$225.0 million under our second lien term loan facility, which bear interest at floating rates. The average annual interest rate incurred on this indebtedness for the years ended December 31, 2009 and 2008 was approximately 4.69% and 6.9%, respectively. A 1.0% increase in each of the average LIBOR rate and federal funds rate for the year ended December 31, 2009 would have resulted in an estimated \$5.3 million increase in interest expense for the year ended December 31, 2009 before giving effect to interest rate swaps.

[Table of Contents](#)

Through interest rate derivative contracts, we have attempted to mitigate our exposure to changes in interest rates. We have entered into various variable to fixed interest rate swap agreements which hedge our exposure to interest rate variations on our senior secured revolving credit facility and second lien term loan facility. At December 31, 2009, we have interest rate swaps outstanding for a notional amount of \$375 million with fixed pay rates of from 2.8025% to 4.11% with terms expiring from April 2010 through July 2011. Of the total notional amount of swaps outstanding, \$225.0 million relates to the floating rate second lien term loan, which was repaid in full with the net proceeds of the November 2009 senior notes offering. We did not terminate the portion of the interest rate swaps related to the \$225.0 million second lien term loan facility when it was repaid in November 2009; therefore, a portion of our interest rate swaps do not currently have floating rate debt associated with them.

Counterparty and Customer Credit Risk

Our principal exposures to credit risk are through receivables resulting from commodity derivatives contracts (\$41.1 million at December 31, 2009), joint interest receivables (\$1.9 million at December 31, 2009) and the sale of our natural gas production (\$17.5 million in receivables at December 31, 2009), which we market to energy marketing companies, refineries and affiliates. Joint interest receivables arise from billing entities who own partial interest in the wells we operate. These entities participate in our wells primarily based on their ownership in leases on which we wish to drill. We can do very little to choose who participates in our wells. We are also subject to credit risk due to concentration of our natural gas receivables with several significant customers. We do not require our customers to post collateral. The inability or failure of our significant customers to meet their obligations to us or their insolvency or liquidation may adversely affect our financial results.

Off-Balance Sheet Arrangements

Currently, we do not have any off-balance sheet arrangements other than operating leases.

BUSINESS

Our Company

Antero Resources is an independent oil and natural gas company engaged in the exploration, development and production of natural gas properties located onshore in the United States. We focus on unconventional reservoirs, which can generally be characterized as fractured shales and tight sand formations. Our properties are primarily located in the Appalachian Basin in West Virginia and Pennsylvania, the Arkoma Basin in Oklahoma and the Piceance Basin in Colorado. Our corporate headquarters are in Denver, Colorado.

Our management team has worked together for many years and has a successful track record of reserve and production growth as well as significant expertise in unconventional resource plays. Our strategy is to leverage our team's experience delineating and developing natural gas resource plays to profitably grow our reserves and production, primarily through internally generated projects on our existing acreage. As of December 31, 2009, our estimated proved reserves were 1,140.7 Bcfe, consisting of 1,130.3 Bcf of natural gas and 1.7 MMBbl of oil and condensate. As of December 31, 2009, 99% of our proved reserves were natural gas, 24% were proved developed and 69% were operated by us. From December 31, 2006 through December 31, 2009, we grew our estimated proved reserves from 87.0 Bcfe to 1,140.7 Bcfe. In addition, we grew our average daily production from 30.8 MMcfe/d for the year ended December 31, 2007 to 105.2 MMcfe/d for the year ended December 31, 2009. For the year ended December 31, 2009, we generated cash flow from operations of \$149.3 million, net income (loss) of \$(106.2) million and EBITDAX of \$201.3 million. See "Selected Historical Combined Financial Data" for a definition of EBITDAX (a non-GAAP measure) and a reconciliation of EBITDAX to net income (loss).

We have assembled a diversified portfolio of long-lived properties that are characterized by what we believe to be low geologic risk and a large inventory of repeatable drilling opportunities. Our drilling opportunities are focused in the Marcellus Shale of the Appalachian Basin, the Woodford Shale of the Arkoma Basin (the Arkoma Woodford), the Fayetteville Shale of the Arkoma Basin and the Mesaverde tight sands and Mancos Shale of the Piceance Basin. From inception, we have drilled and operated 285 wells through December 31, 2009 with a success rate of approximately 98%. Our drilling inventory consists of approximately 16,000 potential locations, all of which are resource-style opportunities and approximately 9.8% of which are included in our estimated proved reserve base as of December 31, 2009. For information on the possible limitations on our ability to drill our potential locations, see "Risk Factors—Risks Relating to Our Business—Our identified drilling locations are scheduled out over many years, making them susceptible to uncertainties that could materially alter the occurrence or timing of their drilling. In addition, we may not be able to raise the substantial amount of capital that would be necessary to drill a substantial portion of our potential drilling locations."

We own two midstream systems (one in the Arkoma Basin and one in the Piceance Basin), and we believe we have secured sufficient long-term firm takeaway capacity on major pipelines that are in existence or currently under construction in each of our core operating areas to accommodate our existing and foreseeable production.

Our board of directors has approved a capital expenditure budget of up to \$319 million for 2010, approximately 87% of which is allocated to drilling. Of our 2010 drilling budget, approximately 49% is allocated to the Appalachian Basin, 31% to the Arkoma Basin Woodford Shale and 20% to the Piceance Basin. Consistent with our historical practice, we periodically review our capital expenditures and adjust our budget based on liquidity, commodity prices and drilling results.

We believe we have a conservative financial position characterized by modest leverage, a strong hedge position and ample liquidity. We have entered into hedging contracts covering a total of approximately 167 Bcf of our natural gas production from January 1, 2010 through December 31, 2014

at a weighted average index price of \$6.42 per Mcf. For 2010, we have hedged approximately 31.3 Bcf of our production at a weighted average index price of \$6.29 per Mcf. On November 17, 2009, we completed an offering of \$375 million principal amount of our 9.375% senior notes due 2017. On January 19, 2010, we completed an offering of \$150 million additional principal amount of our 9.375% senior notes due 2017. As a result of the January 2010 notes offering, the borrowing base under our senior secured revolving credit facility was automatically reduced by \$31 million. Accordingly, as of December 31, 2009, on a pro forma basis after giving effect to the use of the net proceeds of the January 2010 offering of the old notes, we would have had approximately \$366 million of available borrowing capacity under our senior secured revolving credit facility.

Business Strategy

Our objective is to build value through consistent growth in estimated reserves and production on a cost-efficient basis while delineating future drilling locations. Our strategy is to emphasize internally generated drillbit growth on our potential drilling locations in low-risk, repeatable, unconventional resource plays. We have made significant investments in technical staff, acreage and seismic data and technology to build our drilling inventory. Our strategy has the following principal elements:

- *Concentrate on unconventional resources in core operating areas.* We currently operate in three primary basins: the Appalachian Basin in West Virginia and Pennsylvania, the Arkoma Basin in Oklahoma and the Piceance Basin in Colorado. Concentrating our drilling and producing activities on unconventional resources in these core areas allows us to capitalize on the regional expertise that we have developed in interpreting specific geological and operating trends and optimizing drilling and completion techniques. Operating in multiple core areas allows us to optimize capital allocation between basins based on risked well economics to balance our portfolio and achieve consistent and profitable production and reserve growth.
- *Drive growth through low-risk development drilling in established resource plays.* We expect to generate profitable, long-term reserve and production growth predominantly through repeatable, low-risk development drilling on our assets. We typically allocate the substantial majority of our drilling budget to our development and delineation projects. We have a multi-year drilling inventory and have over 16,000 potential drilling locations on our existing leasehold acreage. We have drilled 285 wells from inception through December 31, 2009 and have achieved an approximate 98% success rate.
- *Focus on cost efficiency.* We believe concentrating on our sizeable oil and gas resources in place will allow us to consistently increase production. Our experience suggests that as we increase the density of development within our operating areas, we increase our expected recovery while reducing costs on a per well basis. We endeavor to control costs such that our cost to find, develop and produce natural gas is within the best performing quartile of our peer group based on publicly available information.
- *Maintain financial flexibility and conservative financial position.* We typically use equity capital to fund land acquisitions, exploratory drilling and initial infrastructure, while using cash flow from operations and debt financing to fund our drilling program. We repaid our \$225 million second lien term loan facility in full with proceeds from the November 2009 \$375 million senior notes offering. In addition, we applied the net proceeds of \$124 million from our November 2009 equity placements and applied the balance of the net proceeds from the November senior notes offering and the net proceeds of the January 2010 notes offering to reduce the outstanding balance under our senior secured revolving credit facility. As of December 31, 2009, on a pro forma basis after giving effect to the use of the net proceeds from the January 2010 offering of the old notes, we would have had approximately \$366 million of available borrowing capacity under our senior secured revolving credit facility, which, together with our operating cash flow,

is expected to provide us with the financial flexibility to pursue our currently planned delineation and development drilling activities.

- *Manage commodity price exposure through an active hedging program.* We maintain an active hedging program designed to mitigate volatility in commodity prices and regional basis differentials. We have entered into hedging contracts covering a total of approximately 167 Bcf of our natural gas production from January 1, 2010 through December 31, 2014 at a weighted average index price of \$6.42 per Mcf. For 2010, we have hedged approximately 31.3 Bcf of our production at a weighted average index price of \$6.29 per Mcf. Substantially all of our hedges are at regional sales points in our operating regions, which mitigates the risk of basis differential to the Henry Hub index.
- *Manage midstream assets and secure firm takeaway capacity.* We own midstream systems in the Arkoma Woodford and Piceance Basin, which we believe enhance the efficiency of our drilling operations in those areas. We believe access to gathering and processing infrastructure allows us to decrease dependence on third parties, better manage the timing of our development and optimize the markets to which we sell our production. We expect that our midstream assets will accommodate our anticipated drilling program, resulting in an increase in our throughput volumes and operating cash flows. In addition, we believe we have secured sufficient long-term firm takeaway capacity on major pipelines that are in existence or currently under construction to accommodate our existing and foreseeable production.

Business Strengths

We believe we have the following strengths:

- *Proven track record of efficient production and reserve growth.* We have a proven track record of growth in our production and estimated proved reserves. For example, we grew our production from an average of 30.8 MMcfe/d for the year ended December 31, 2007 to 105.2 MMcfe/d for the year ended December 31, 2009. In addition, we have grown our estimated proved reserves from 87.0 Bcfe at December 31, 2006 to 1,140.7 Bcfe at December 31, 2009.
- *Multi-year, low-risk, development drilling inventory.* Our drilling inventory consists of approximately 16,000 potential locations, all of which are resource-style opportunities and approximately 9.8% of which are included in our estimated proved reserve base as of December 31, 2009. From inception in 2004 through December 31, 2009, we have drilled and operated 285 wells, achieving an approximate 98% success rate. Our concentrated leasehold position has been delineated largely through drilling done by us as well as other industry players, which we believe will help us to achieve predictable and repeatable future well results and minimize investment risk.
- *Control over operating decisions and capital program.* As of December 31, 2009, we had a net leasehold interest of 61.4% on our acreage and operated 67% of our production. Our high percentage of operated wells allows us to effectively control operating costs, timing of development activities, application of technological enhancements, marketing of production and allocation of our capital budget. In addition, the timing of most of our capital expenditures is discretionary, which allows us a significant degree of flexibility to adjust the size and timing of our development in response to changes in market conditions.
- *Proven executive management team with track record of value creation.* We believe our management team's experience and expertise in the Midcontinent and Rocky Mountain operating regions coupled with our multiple resource plays provides a distinct competitive advantage. Our eight corporate officers have an average of 25 years of industry experience in the Midcontinent and Rocky Mountain operating regions and have successfully built, grown and sold three unconventional resource-focused companies in the past 20 years. Our Chairman and Chief

Executive Officer and our President and Chief Financial Officer and many other members of our management team worked together as managers or executives while at Amoco, Barrett Resources, Pennaco Energy, Inc. or Antero Resources Corporation, a former affiliate of our company that operated in the Barnett Shale and was sold to XTO Energy in 2005.

- *Leading technical team with significant unconventional shale and tight sand experience.* All of our proved reserves and resources are classified as unconventional resources, including fractured shale gas plays and basin-centered tight gas. Since 2003, our technical team has drilled and operated over 200 horizontal and over 150 vertical wells in the Barnett, Woodford and Marcellus shales and over 150 directional wells in the Piceance tight sands. Our technical team has significant experience in drilling horizontal and directional wells in addition to fracture stimulation of unconventional formations. We utilize the latest geologic, drilling and completion technologies to increase the predictability and repeatability of finding and recovering resources in these unconventional gas plays. We were an early user of microseismic imaging to monitor frac performance in real time, completed one of the first simul-fracs stimulating three horizontal wells simultaneously in the Barnett Shale and have drilled some of the longest lateral shale gas wells completed to date.
- *Strong sponsor support.* We are backed by a number of well known financial sponsors, including Warburg Pincus, Yorktown Energy Partners and Trilantic Capital Partners. To date, our equity investors have made total equity investments of approximately \$1.4 billion, including our November 2009 \$125 million equity placements.

Our Operations

Estimated Proved Reserves

The information with respect to our estimated proved reserves presented below has been prepared by our independent reserve engineering firms or by our internal reserve engineers, as applicable, in accordance with the rules and regulations of the SEC applicable to the periods presented. In this prospectus, we have only included estimates of our proved reserves and have not included any estimates of probable or possible reserves that may exist.

New SEC Rules

In December 2008, the SEC adopted new rules related to modernizing reserve calculations and disclosure requirements for oil and natural gas companies, which became effective for annual reporting periods ending on or after December 31, 2009. The most significant amendments to the requirements included the following:

- *Commodity Prices*—Economic producibility of reserves and discounted cash flows are now determined using the unweighted arithmetic average of the first-day-of-the-month commodity prices over the preceding 12-month period unless contractual arrangements designate a different price to be used.
- *Disclosure of Unproved Reserves*—Probable and possible reserves may be disclosed separately on a voluntary basis.
- *Proved Undeveloped Reserve Guidelines*—Reserves may be classified as proved undeveloped if there is a high degree of confidence that the quantities will be recovered and they are scheduled to be drilled within the next five years, unless the specific circumstances justify a longer time.
- *Reserves Estimation Using New Technologies*—Reserves may be estimated through the use of reliable technology in addition to flow tests and production history.

[Table of Contents](#)

- *Reserves Personnel and Estimation Process*—Additional disclosure is required regarding the qualifications of the chief technical person who oversees the reserves estimation process. We are also required to provide a general discussion of our internal controls used to assure the objectivity of the reserves estimate.
- *Non-Traditional Resources*—The definition of oil and gas producing activities has expanded and focuses on the marketable product rather than the method of extraction.

We adopted these new rules effective December 31, 2009 as required by the SEC.

Application of the new reserve rules resulted in the use of 12-month average prices, which were lower at December 31, 2009 for both oil and gas than the prices we would have used under the previous rules, under which we would have used prices at such date. This resulted in a decrease in some of our proved reserves due to pricing when compared to what our proved reserves would have been at December 31, 2009 using prices at such date. This decrease was offset by our ability to include additional undrilled locations offsetting producing wells in our estimation of our proved reserves under the new rules.

Other Changes to Proved Reserves Presentation

Beginning with the year ended December 31, 2009, we recognized proved reserves from properties having a positive undiscounted net estimated future cash flow as opposed to our practice in prior years of including properties within our proved reserves only if their cash flow was positive using a discount rate of 10% (PV-10). This change is consistent with the SEC definitions of "economic producibility" and "proved oil and gas reserves" and consistent with what we believe to be the common practice of the oil and gas industry. Accordingly, the estimated proved reserves as of December 31, 2009 included in this prospectus have been prepared using a different methodology than that used to prepare our estimated proved reserves as of December 31, 2007 and 2008 included in this prospectus. The effect of this change resulted in increased estimated proved reserve volumes as of December 31, 2009 of approximately 138 Bcfe over our estimated proved reserves as of December 31, 2008 and also had the effect of reducing our standardized measure of discounted future net cash flows.

Reserves Presentation

The following table summarizes our estimated proved reserves and related PV-10 at December 31, 2007, 2008 and 2009. All of our proved reserves have been estimated by our independent reserve engineers. Our estimated proved reserves are located in the Appalachian Basin, the Arkoma Basin Woodford Shale, the Piceance Basin and the Fayetteville Shale and are based on reports from Wright & Company, Inc., DeGolyer and MacNaughton ("D&M"), Ryder Scott & Company, L.P. and D&M, respectively. We refer to these firms collectively as our independent engineers. Our independent engineers estimated 100% our our proved reserves in each applicable basin as of December 31, 2009. Copies of the summary reports of our independent engineers with respect to each of our operating basins as of December 31, 2009 are filed as Exhibits 99.1 through 99.4 to the registration statement of

which this prospectus forms a part. The information in the following table does not give any effect to or reflect our commodity hedges.

	At December 31,		
	2007	2008	2009
Estimated proved reserves:			
Natural gas (Bcf)	228.7	672.2	1,130.3
Oil and condensate (MMBbl)	1.0	1.2	1.7
Total estimated proved reserves (Bcfe)	234.7	679.6	1,140.7
Proved developed producing (Bcfe)	98.9	238.1	247.0
Proved developed non-producing (Bcfe)	10.2	0.7	28.6
Proved undeveloped (Bcfe)	125.6	440.8	864.9
Percent developed	46.5%	35.1%	24.2%
PV-10 (in millions)(1)	\$ 425.9	\$ 649.1	\$ 244.8
Standardized measure (in millions)(1)	\$ 432.1	\$ 688.6	\$ 235.1

- (1) PV-10 was prepared using prices in effect at the end of the periods presented, discounted at 10% per annum, without giving effect to taxes. PV-10 may be considered a non-GAAP financial measure. We believe that the presentation of PV-10 is relevant and useful to our investors as supplemental disclosure to the standardized measure of future net cash flows, or after tax amount, because it presents the discounted future net cash flows attributable to our proved reserves prior to taking into account future corporate income taxes and our current tax structure. While the standardized measure is dependent on the unique tax situation of each company, PV-10 is based on prices and discount factors that are consistent for all companies. Because of this, PV-10 can be used within the industry and by creditors and securities analysts to evaluate estimated net cash flows from proved reserves on a more comparable basis. The difference between the standardized measure and the PV-10 amount is the discounted estimated future income tax.

The following table sets forth the estimated future net cash flows, contracts, from proved reserves (without giving effect to our commodity hedges), the present value of those net cash flows (PV-10), and the prices used in projecting future net cash flows at December 31, 2007, 2008 and 2009:

(In millions, except per Mcf data)	At December 31,		
	2007(1)	2008(2)	2009(3)
Future net cash flows	\$ 972.3	\$ 1,695.6	\$ 1,362
Present value of future net cash flows:			
Before income tax (PV-10)	\$ 425.9	\$ 649.1	\$ 244.8
After income tax (Standardized measure)	\$ 432.1	\$ 688.6	\$ 235.1

- (1) Spot prices used at December 31, 2007 were \$6.22 per Mcf for the Arkoma Basin and \$6.04 per Mcf for the Piceance Basin.
- (2) Spot prices used at December 31, 2008 were \$4.61 per Mcf for the Arkoma Basin and \$4.61 per Mcf for the Piceance Basin.
- (3) Average prices used at December 31, 2009 were \$3.25 per Mcf for the Arkoma Basin, \$3.07 per Mcf for the Piceance Basin and \$4.15 per Mcf for the Appalachian Basin.

Future net cash flows represent projected revenues from the sale of proved reserves net of production and development costs (including operating expenses and production taxes). Such calculations for 2007 and 2008 are based on costs and prices in effect at December 31 of each year, without escalation. In accordance with the new SEC rules, prices for 2009 were based on a 12-month average, without escalation. There can be no assurance that the proved reserves will be produced

within the periods indicated or that prices and costs will remain constant. There are numerous uncertainties inherent in estimating reserves and related information and different reservoir engineers often arrive at different estimates for the same properties.

Proved Undeveloped Reserves

Our proved undeveloped reserves at December 31, 2009, as estimated by our independent engineers, were 864.9 Bcfe, over 99% of which consisted of natural gas. Changes in proved undeveloped reserves that occurred during the year were due to:

- conversion of 3.2 Bcfe of proved undeveloped reserves into proved developed reserves;
- addition of new proved undeveloped reserves of 754.0 Bcfe, including approximately 138 Bcfe attributable to our decision to recognize proved reserves from properties having a positive undiscounted net estimated future cash flow; and
- negative revision of 326.8 Bcfe in proved undeveloped reserves due to lower commodity prices and performance revisions.

Estimated future development costs relating to the development of our proved undeveloped reserves are approximately \$1,389.2 million. All of our proved undeveloped drilling locations are scheduled to be drilled prior to the end of 2014.

Preparation of Reserve Estimates

Our proved reserve estimates as of December 31, 2009 included in this prospectus relating to our properties in the Arkoma Basin Woodford Shale, the Fayetteville Shale, the Piceance Basin and the Appalachian Basin were prepared by our independent engineers in accordance with generally accepted petroleum engineering and evaluation principles and definitions and guidelines established by the SEC. Our independent reserve engineers were selected for their geographic expertise and their historical experience in engineering certain properties. The technical persons at each independent reserve engineering firm responsible for preparing the reserves estimates presented herein meet the requirements regarding qualifications, independence, objectivity and confidentiality set forth in the Standards Pertaining to the Estimating and Auditing of Oil and Gas Reserves Information promulgated by the Society of Petroleum Engineers.

We maintain an internal staff of petroleum engineers and geoscience professionals who work closely with our independent engineers to ensure the integrity, accuracy and timeliness of data furnished to our independent engineers in their reserves estimation process. Throughout the year, our technical team meets on a regular basis with each independent engineer to review properties and discuss methods and assumptions used by such firms in their respective preparations of our year-end reserves estimates. While we have no formal committee specifically designated to review reserves reporting and the reserves estimation process, preliminary copies of each independent engineer's reserve reports are reviewed by our internal technical staff with representatives of such firms. The independent engineers' reserve estimates and related reports are reviewed and approved by our Vice President of Production, Kevin J. Kilstrom. Mr. Kilstrom has served as Vice President of Production since June 2007. Mr. Kilstrom was a Manager of Petroleum Engineering with AGL Energy of Sydney, Australia from 2006 to 2007. Prior to AGL, Mr. Kilstrom was with Marathon Oil as an Engineering Consultant and Asset Manager from 2003 to 2007 and as a Business Unit Manager for Marathon's Powder River coal bed methane assets from 2001 to 2003. Mr. Kilstrom also served as a member of the board of directors of three Marathon subsidiaries from October 2003 through May 2005. Mr. Kilstrom was an Operations Manager and reserve engineer at Pennaco Energy from 1999 to 2001. Mr. Kilstrom was at Amoco for more than 22 years prior to 1999. Mr. Kilstrom holds a B.S. in Engineering from Iowa State University and an M.B.A. from DePaul University. Our senior management also reviews our

independent engineers' reserve estimates and related reports with Mr. Kilstrom and other members of our technical staff. Additionally, our senior management reviews and approves any internally estimated significant changes to our proved reserves on a quarterly basis.

Proved reserves are those quantities of oil and natural gas, which, by analysis of geoscience and engineering data, can be estimated with reasonable certainty to be economically producible from a given date forward, from known reservoirs, and under existing economic conditions, operating methods, and government regulations. The term "reasonable certainty" implies a high degree of confidence that the quantities of oil and/or natural gas actually recovered will equal or exceed the estimate. To achieve reasonable certainty, each independent engineer employed technologies that have been demonstrated to yield results with consistency and repeatability. The technologies and economic data used in the estimation of our proved reserves include, but are not limited to, well logs, geologic maps and available downhole and production data, seismic data, well test data.

Production, Revenues and Price History

Natural gas is a commodity. The price that we receive for the natural gas we produce is largely a function of market supply and demand. Demand for natural gas in the United States has increased dramatically during this decade; however, the current economic slowdown reduced this demand during the second half of 2008 and through 2009. Demand is impacted by general economic conditions, weather and other seasonal conditions, including hurricanes and tropical storms. Over or under supply of natural gas can result in substantial price volatility. Historically, commodity prices have been volatile and we expect that volatility to continue in the future. A substantial or extended decline in gas prices or poor drilling results could have a material adverse effect on our financial position, results of operations, cash flows, quantities of gas reserves that may be economically produced and our ability to access capital markets.

The following table sets forth information regarding our production for each field containing 15% or more of our total estimated proved reserves and our total production, and regarding our revenues and realized prices and production costs for the years ended December 31, 2007, 2008 and 2009. For additional information on price calculations, see information set forth in "Management's Discussion and Analysis of Financial Condition and Results of Operations."

	<u>Year Ended December 31,</u>		
	<u>2007</u>	<u>2008</u>	<u>2009</u>
Production data:			
Natural gas (Bcf):			
Arkoma	6.2	18.6	23.4
Piceance	4.7	11.7	11.2
Appalachia	—	—	0.5
Total	<u>10.9</u>	<u>30.3</u>	<u>35.1</u>

	Year Ended December 31,		
	2007	2008	2009
Oil (MBbl):			
Arkoma	15.3	20.5	26.7
Piceance	34.1	94.4	87.3
Appalachia	—	—	—
Total	49.4	114.9	114.0
NGLs (Bcfe)(1)	—	0.9	2.6
Total combined production (Bcfe)	11.2	31.9	38.4
Daily combined production (MMcfe/d)	30.8	87.4	105.2
Gas and oil production revenues (in millions)	\$ 67.7	\$ 229.7	\$ 129.6
Average prices before effects of hedges (per Mcfe)(2)	\$ 6.03	\$ 7.41	\$ 3.62
Average realized prices after effects of hedges (per Mcfe)(2)	\$ 6.65	\$ 8.25	\$ 6.88
Average costs per Mcfe:			
Lease operating costs	\$ 0.39	\$ 0.43	\$ 0.49
Gathering, compression and transportation	\$ 0.89	\$ 0.94	\$ 0.79
Production taxes	\$ 0.20	\$ 0.33	\$ 0.14
Depreciation, depletion, amortization and accretion	\$ 4.46	\$ 4.03	\$ 3.91
General and administrative	\$ 1.04	\$ 0.52	\$ 0.58

- (1) Represents NGLs retained by our midstream business as compensation for processing third-party gas under long term contracts. These amounts are not reflected in the per Mcfe data in this table.
- (2) Average prices shown in the table reflect both of the before-and-after effects of our realized commodity hedging transactions. Our calculation of such after-effects includes realized gains or losses on cash settlements for commodity derivatives, which do not qualify for hedge accounting because we do not designate or document them as hedges.

Productive Wells

As of December 31, 2009, we had a total of 792.0 gross (304.0 net) producing wells averaging a 37.8% working interest.

Acreage

The following table sets forth certain information regarding the total developed and undeveloped acreage in which we own an interest as of December 31, 2009. A majority of our developed acreage is subject to mortgage liens securing our revolving credit facility. Acreage related to royalty, overriding royalty and other similar interests is excluded from this table.

Developed Acres		Undeveloped Acres		Total Acres		Percent Leasehold Interest
Gross	Net	Gross	Net	Gross	Net	
132,416	61,796	338,513	227,354	470,929	289,150	61.4%

Undeveloped Acreage Expirations

The following table sets forth the number of total gross and net undeveloped acres as of December 31, 2009 that will expire over the next three years unless production is established within the spacing units covering the acreage prior to the expiration dates or unless such acreage is extended or renewed.

	<u>Gross</u>	<u>Net</u>
2010	82,948	33,122
2011	70,477	26,417
2012	12,806	7,965

Drilling Activity

The following table summarizes our drilling activity for the years ended December 31, 2007, 2008 and 2009. Gross wells reflect the sum of all wells in which we own an interest. Net wells reflect the sum of our working interests in gross wells.

	<u>Year Ended December 31,</u>					
	<u>2007</u>		<u>2008</u>		<u>2009</u>	
	<u>Gross</u>	<u>Net</u>	<u>Gross</u>	<u>Net</u>	<u>Gross</u>	<u>Net</u>
Development wells:						
Productive	36.0	17.5	38.0	25.4	35.0	4.8
Dry	—	—	1.0	0.8	—	—
Total development wells	<u>36.0</u>	<u>17.5</u>	<u>39.0</u>	<u>26.2</u>	<u>35.0</u>	<u>4.8</u>
Exploratory wells:						
Productive	152.0	51.7	297.0	80.1	125.0	19.9
Dry	4.0	1.0	2.0	0.6	1.0	0.08
Total exploratory wells	<u>156.0</u>	<u>52.7</u>	<u>299.0</u>	<u>80.7</u>	<u>126.0</u>	<u>19.98</u>

Our Core Operating Areas*Appalachian Basin Marcellus Shale*

Our properties in the Appalachian Basin are principally located in southwest Pennsylvania and northern West Virginia. As of December 31, 2009, we had approximately 119,000 net leasehold acres in the Appalachian Basin, 87% of which was held by production. All of this acreage includes Marcellus Shale rights.

Since spudding our first well in the Appalachian Basin in March 2009, through December 31, 2009 we have completed a total of 4 gross (4 net) horizontal wells and 1 gross (1 net) vertical well in the area. We are currently operating three drilling rigs in the Appalachian Basin. As of December 31, 2009, we had 2,124 potential drilling locations in the area.

Our first two wells in the Marcellus Shale of the Appalachian Basin were brought online in August 2009, and three additional wells were brought online in December 2009.

Approximately 49% of our 2010 drilling budget has been allocated to the Appalachian Basin.

Arkoma Basin Woodford Shale

Our properties in the Arkoma Woodford are located in eastern Oklahoma. As of December 31, 2009, we had approximately 84,000 net leasehold acres in the area, 61% of which was held by

production. For the year ended December 31, 2009, we had 60.5 MMcfe/d of average daily production in the area, including NGLs retained by our midstream business.

Our activity in the Arkoma Woodford has consisted of a combination of exploratory, step-out and development drilling designed both to secure acreage and to delineate areas of economic production for further development. As of December 31, 2009, we had a total of 482 gross (122 net) producing wells in the area. We are currently operating one drilling rig in the Arkoma Woodford and, as of December 31, 2009, had 4,693 gross potential drilling locations in the area.

During 2007, we and the industry began to develop this area using alternative spacing to determine the optimum density for development. These results indicate that 80-acre spacing is economically feasible on much of our acreage. In addition, we have reduced our average cost per lateral foot drilled during 2009 through improved mud systems, optimal bit selections, operational efficiencies and reduced drilling day rates. Our development efforts to date have also successfully demonstrated that we are able to drill and complete wells across minor faults that previously limited the length of our lateral drilling.

Approximately 31% of our 2010 drilling budget has been allocated to the Arkoma Basin Woodford Shale.

Piceance Basin

Our properties in the Piceance Basin are located on the western slope of Colorado. As of December 31, 2009, we had approximately 60,000 net leasehold acres in the area.

Since drilling our first well in the Piceance Basin in 2006 and through December 31, 2009, we have operated and completed 185 gross (154.7 net) producing directional wells in the area. For the year ended December 31 2009, we completed 12 gross (6.9 net) directional wells in this area. We had average production of 32.2 MMcfe/d for the year months ended December 31, 2009. We are currently operating one drilling rig and one completion rig in the Piceance Basin and, as of December 31, 2009, had 7,821 potential drilling locations in the area.

We believe we are well positioned to take advantage of the significant opportunities we have identified in the development of the Mesaverde tight sands and the Mancos Shale in the Piceance Basin. We initiated a drilling pilot to evaluate potential Mancos Shale reserves in January 2008. This pilot was designed to test productivity and evaluate the economics of low permeability lithologies of the Mancos/Niobrara petroleum system. We have received formal approval from the Colorado Oil & Gas Commission for 10-acre density for Mancos/Niobrara on 7,000 acres. We also received approval to commingle our Mancos Shale production with production from the overlying Mesaverde tight sand formation, which we believe will enhance our economic returns in this area.

Approximately 20% of our 2010 drilling budget has been allocated to the Piceance Basin.

Other Operating Areas

Fayetteville Shale

As of December 31, 2009, we held approximately 6,000 net acres in the eastern part of the Fayetteville Shale. We had average production of 4.0 MMcfe/d for the year ended December 31, 2009. We have 83 gross (5.3 net) wells currently on production. We do not operate wells in the Fayetteville Shale but participate in wells operated by others.

Our Midstream Operations

Arkoma Midstream System

We own 60% of Centrahoma Processing LLC, a joint venture that operates two cryogenic processing plants in the Arkoma Basin. The remaining 40% interest in Centrahoma is owned by MarkWest. These plants are currently running at or near their operational capacity of 100 MMcf/d, yield 8,000 to 9,000 gross Bbl/d of NGLs and are capable of yielding NGLs of up to 4.0 gallons per Mcf. Due to capacity constraints at these plants, we are in the early stages of a plant capacity expansion plan for 2011. All of our and the majority of Newfield Exploration's wet gas in the Woodford Play is processed at these plants under long term contracts. In addition, the ONEOK NGL pipeline, which both of our plants deliver NGL products into, became operational in September 2008.

We own and operate an amine treating plant for CO₂ removal in the East Rockpile area of the Arkoma Woodford. This plant is located in one of our key drilling areas, has 42 MMcf/d capacity and is currently running at 25 MMcf/d.

We also own approximately 50 miles of gathering pipeline in the Northern Front and East Rockpile areas of the Arkoma Woodford.

In April 2010, we began a process to consider strategic alternatives with respect to our Arkoma Woodford midstream assets.

Piceance Gathering System

We own approximately 20 miles of gathering pipeline in the Gravel Trend in the Piceance Basin. We do not currently own or operate any compression facilities in the area. Our gas is gathered and delivered to third parties for compression, processing and takeaway.

Takeaway Capacity

Arkoma Basin

We currently have firm takeaway capacity of 20 MMcf/d on the Ozark Gas Transmission Pipeline through August 2012 and 20 MMcf/d of firm takeaway capacity on the Boardwalk Gulf Crossing Pipeline through July 2014. We have also contracted for 10 MMcf/d of additional takeaway capacity on the Boardwalk Gulf Crossing Pipeline to begin in August 2010 and another 10 MMcf/d of additional takeaway capacity to begin in August 2011, with both contracts having five-year terms.

Piceance Basin

We currently have 40MMcf/d of firm takeaway capacity on the WIC Pipeline through September 2020. The El Paso WIC Pipeline expansion from Meeker, Colorado to Opal, Wyoming will provide 230 MMcf/d of incremental capacity to more liquid markets. Additionally, we have contracted for 25 MMcf/d of firm takeaway capacity for 10 years on the El Paso Ruby Pipeline that has applied to FERC for authorization to commence construction. The Ruby Pipeline will begin in Opal, Wyoming and is expected to provide approximately 1.3 Bcf/d of incremental pipeline capacity to the Northwest and West Coast of the United States beginning in 2011.

Appalachian Basin

We have 40 MMcf/d of firm transportation on the Columbia Pipeline from August 2009 for 7.5 years. In April 2010, we added an additional 110 MMcf/d of firm transportation capacity on the Columbia Pipeline, of which 70 MMcf/d is scheduled to begin in August 2010 and the remaining 40 MMcf/d is scheduled to begin in April 2011. Our contract for this additional capacity runs through March 2021.

Corporate Sponsorship and Structure

We began operations in 2004, and have funded development and operating activities of each of the operating subsidiaries primarily through equity capital raised from private equity sponsors and institutional investors, through borrowings under our bank credit facilities and through internal operating cash flows. Our primary private equity sponsors are affiliates of Warburg Pincus, Yorktown Energy Partners and Trilantic Capital Partners.

Antero Resources LLC was formed as a holding company in October 2009 in connection with our November 2009 corporate reorganization of the operating subsidiaries and the issuance of a new class of units. Prior to this reorganization, all of our operations were conducted by five separately capitalized commonly controlled operating subsidiaries.

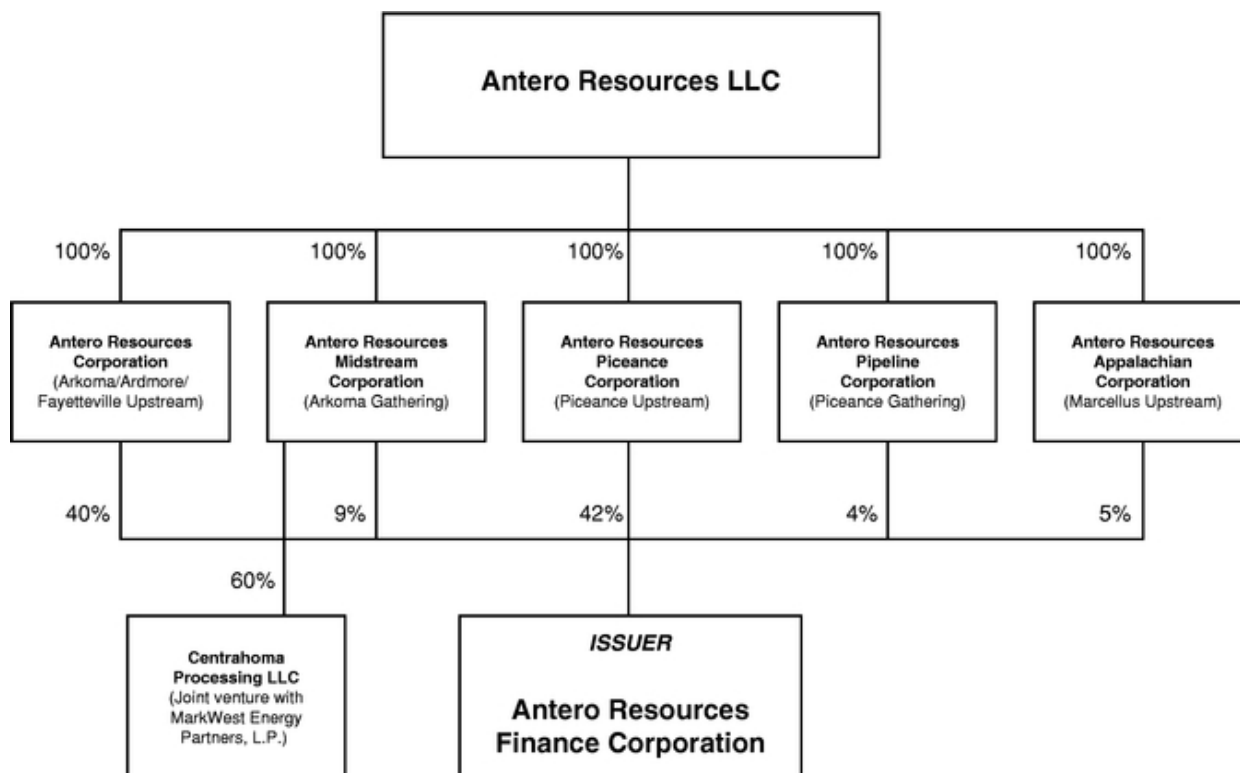

In connection with the November 2009 corporate reorganization, the stockholders of each of the operating subsidiaries contributed all of the outstanding shares of each operating subsidiary to Antero. In return, Antero issued an equivalent number of units of different classes to such stockholders. The newly issued units are substantially similar in character to the contributed stock of each operating subsidiary, including the relative priority of any distributions made by Antero as well as the vesting schedule applicable to shares held by any member of management. Simultaneously with this exchange, Antero issued a new class of units in exchange for \$110 million in new equity capital. Later in November 2009, Antero issued additional units of such new class in exchange for an additional \$15 million in new equity capital.

None of Antero's outstanding units are entitled to current cash distributions or are convertible into indebtedness, and Antero has no obligation to repurchase these units at the election of the unitholders. Although Antero is required to make quarterly distributions to cover any income taxes allocated to each unitholder, the unitholders have no other rights to cash distributions (except in the case of certain liquidation events). We do not anticipate making any such tax distributions in the foreseeable future. Pursuant to the terms of Antero's limited liability company agreement, upon certain liquidation events, units held by our private equity sponsors and institutional investors are entitled to receive, prior to any amounts received by other unitholders, an amount equal to the initial purchase price of such units plus a special distribution with respect to such units and will continue to participate on a pro rata basis with other unitholders in any excess funds available in liquidation. For more information on the terms of the Antero limited liability company agreement, see "Management—Certain Relationships and Related Party Transactions."

Concurrent with the closing of the reorganization, Antero issued profits interests to Antero Resources Employee Trust, LLC, a newly formed Delaware limited liability company, owned solely by certain of our officers and employees. These profits interests only participate in distributions upon liquidation events meeting certain requisite financial return thresholds. In turn, Antero Resources Employee Trust issued similar profits interests to certain of our officers and employees.

We used the aggregate net proceeds of approximately \$124 million from the November 2009 equity placements to repay borrowings outstanding under our senior secured revolving credit facility.

The following diagram shows our organizational structure after giving effect to the November 2009 corporate reorganization:

The issuer was formed in October 2009 as an indirect wholly owned subsidiary of Antero. The issuer was formed to arrange financing for Antero and the operating subsidiaries, including the notes offered hereby. The indenture governing the notes limits the issuer's activity to those of a finance subsidiary. The issuer does not own any significant assets other than intercompany obligations.

The payment of the principal, premium and interest on the notes is fully and unconditionally guaranteed on a senior unsecured basis by Antero Resources LLC, all of its wholly owned subsidiaries (other than the issuer) and certain of its future restricted subsidiaries. Centrahoma Processing LLC is a joint venture owned 60% by Antero and 40% by MarkWest Energy Partners, L.P. and does not guarantee the notes. As of December 31, 2009, Centrahoma Processing LLC, had no outstanding indebtedness and held less than 4% of our consolidated total assets. The guarantees are unsecured senior indebtedness of the guarantors and have the same ranking with respect to the guarantors' indebtedness as the notes have with respect to the issuer's indebtedness. See "Description of Notes—Guarantees."

Marketing and Major Customers

We market the majority of the natural gas production from properties we operate for both our account and the account of the other working interest owners in these properties. We sell substantially all of our production to a variety of purchasers under short-term contracts or spot gas purchase contracts ranging anywhere from one day to seven months, all at market prices. We normally sell production to a relatively small number of customers, as is customary in the exploration, development and production business. However, based on the current demand for natural gas and oil and availability of other purchasers, we believe that the loss of any one or all of our major purchasers would not have a material adverse effect on our financial condition and results of operations. For a list of our customers that accounted for 10% or more of our natural gas revenues during the last two calendar

years, see "Note 2(p)—Concentrations of Credit Risk" in our combined financial statements for the years ended December 31, 2009, 2008 and 2007 included elsewhere in this prospectus.

Title to Properties

We believe that we have satisfactory title to all of our producing properties in accordance with generally accepted industry standards. As is customary in the industry, in the case of undeveloped properties, often cursory investigation of record title is made at the time of lease acquisition. Investigations are made before the consummation of an acquisition of producing properties and before commencement of drilling operations on undeveloped properties. Individual properties may be subject to burdens that we believe do not materially interfere with the use or affect the value of the properties. Burdens on properties may include:

- customary royalty interests;
- liens incident to operating agreements and for current taxes;
- obligations or duties under applicable laws;
- development obligations under natural gas leases; or
- net profits interests.

In addition, the acquisition agreement relating to the purchase of our properties in the Appalachian Basin in 2008 contains various drilling commitments that may require us to spend up to an estimated \$625 million between January 1, 2009 and June 30, 2018 at structured intervals. If we do not fulfill our drilling commitments, title to portions of the properties we purchased may revert to the seller, which could have a material adverse effect on our future business and results of operations.

Seasonality

Demand for natural gas generally decreases during the spring and fall months and increases during the summer and winter months. However, seasonal anomalies such as mild winters or mild summers sometimes lessen this fluctuation. In addition, certain natural gas users utilize natural gas storage facilities and purchase some of their anticipated winter requirements during the summer. This can also lessen seasonal demand fluctuations. Seasonal weather conditions and lease stipulations can limit our drilling and producing activities and other natural gas operations in certain areas of the Rocky Mountain region. These seasonal anomalies can increase competition for equipment, supplies and personnel during the spring and summer months, which could lead to shortages and increase costs or delay our operations.

Competition

The oil and natural gas industry is intensely competitive, and we compete with other companies in our industry that have greater resources than we do. Many of these companies not only explore for and produce natural gas, but also carry on refining operations and market petroleum and other products on a regional, national or worldwide basis. These companies may be able to pay more for productive natural gas properties and exploratory prospects or define, evaluate, bid for and purchase a greater number of properties and prospects than our financial or human resources permit and may be able to expend greater resources to attract and maintain industry personnel. In addition, these companies may have a greater ability to continue exploration activities during periods of low natural gas market prices. Our larger competitors may be able to absorb the burden of existing, and any changes to, federal, state and local laws and regulations more easily than we can, which would adversely affect our competitive position. Our ability to acquire additional properties and to discover reserves in the future will be dependent upon our ability to evaluate and select suitable properties and to consummate transactions in a highly competitive environment. In addition, because we have fewer financial and human resources

than many companies in our industry, we may be at a disadvantage in bidding for exploratory prospects and producing natural gas properties.

Regulation of the Natural Gas and Oil Industry

Our operations are substantially affected by federal, state and local laws and regulations. In particular, natural gas production and related operations are, or have been, subject to price controls, taxes and numerous other laws and regulations. All of the jurisdictions in which we own or operate producing natural gas and oil properties have statutory provisions regulating the exploration for and production of natural gas and oil, including provisions related to permits for the drilling of wells, bonding requirements to drill or operate wells, the location of wells, the method of drilling and casing wells, the surface use and restoration of properties upon which wells are drilled, sourcing and disposal of water used in the drilling and completion process, and the abandonment of wells. Our operations are also subject to various conservation laws and regulations. These include the regulation of the size of drilling and spacing units or proration units, the number of wells which may be drilled in an area, and the unitization or pooling of crude natural gas wells, as well as regulations that generally prohibit the venting or flaring of natural gas, and impose certain requirements regarding the ratability or fair apportionment of production from fields and individual wells.

Failure to comply with applicable laws and regulations can result in substantial penalties. The regulatory burden on the industry increases the cost of doing business and affects profitability. Although we believe we are in substantial compliance with all applicable laws and regulations, such laws and regulations are frequently amended or reinterpreted. Therefore, we are unable to predict the future costs or impact of compliance. Additional proposals and proceedings that affect the natural gas industry are regularly considered by Congress, the states, the Federal Energy Regulatory Commission ("FERC"), and the courts. We cannot predict when or whether any such proposals may become effective.

We believe we are in substantial compliance with currently applicable laws and regulations and that continued substantial compliance with existing requirements will not have a material adverse effect on our financial position, cash flows or results of operations. However, current regulatory requirements may change, currently unforeseen environmental incidents may occur or past non-compliance with environmental laws or regulations may be discovered.

Regulation of Production of Natural Gas and Oil

The production of natural gas and oil is subject to regulation under a wide range of local, state and federal statutes, rules, orders and regulations. Federal, state and local statutes and regulations require permits for drilling operations, drilling bonds and reports concerning operations. All of the states in which we own and operate properties have regulations governing conservation matters, including provisions for the unitization or pooling of natural gas and oil properties, the establishment of maximum allowable rates of production from natural gas and oil wells, the regulation of well spacing, and plugging and abandonment of wells. The effect of these regulations is to limit the amount of natural gas and oil that we can produce from our wells and to limit the number of wells or the locations at which we can drill, although we can apply for exceptions to such regulations or to have reductions in well spacing. Moreover, each state generally imposes a production or severance tax with respect to the production and sale of oil, natural gas and natural gas liquids within its jurisdiction.

We own interests in properties located onshore in a number of U.S. states. These states regulate drilling and operating activities by requiring, among other things, permits for the drilling of wells, maintaining bonding requirements in order to drill or operate wells, and regulating the location of wells, the method of drilling and casing wells, the surface use and restoration of properties upon which wells are drilled and the plugging and abandonment of wells. The laws of these states also govern a number of environmental and conservation matters, including the handling and disposing or discharge

of waste materials, the size of drilling and spacing units or proration units and the density of wells that may be drilled, unitization and pooling of oil and gas properties and establishment of maximum rates of production from oil and gas wells. Some states have the power to prorate production to the market demand for oil and gas.

The failure to comply with these rules and regulations can result in substantial penalties. Our competitors in the natural gas and oil industry are subject to the same regulatory requirements and restrictions that affect our operations.

Regulation of Transportation and Sales of Natural Gas

Historically, the transportation and sale for resale of natural gas in interstate commerce have been regulated by agencies of the U.S. federal government, primarily FERC. FERC regulates interstate natural gas transportation rates and service conditions, which affects the marketing of natural gas that we produce, as well as the revenues we receive for sales of our natural gas. Since 1985, FERC has endeavored to make natural gas transportation more accessible to natural gas buyers and sellers on an open and non-discriminatory basis. FERC has stated that open access policies are necessary to improve the competitive structure of the interstate natural gas pipeline industry and to create a regulatory framework that will put natural gas sellers into more direct contractual relations with natural gas buyers by, among other things, unbundling the sale of natural gas from the sale of transportation and storage services.

In the past, the federal government has regulated the prices at which natural gas could be sold. While sales by producers of natural gas can currently be made at uncontrolled market prices, Congress could reenact price controls in the future. Deregulation of wellhead natural gas sales began with the enactment of the Natural Gas Policy Act ("NGPA") and culminated in adoption of the Natural Gas Wellhead Decontrol Act which removed controls affecting wellhead sales of natural gas effective January 1, 1993. The transportation and sale for resale of natural gas in interstate commerce is regulated primarily under the Natural Gas Act ("NGA") and by regulations and orders promulgated under the NGA by FERC. In certain limited circumstances, intrastate transportation and wholesale sales of natural gas may also be affected directly or indirectly by laws enacted by Congress and by FERC regulations.

Beginning in 1992, FERC issued a series of orders to implement its open access policies. As a result, the interstate pipelines' traditional role as wholesalers of natural gas has been eliminated and replaced by a structure under which pipelines provide transportation and storage service on an open access basis to others who buy and sell natural gas. Although FERC's orders do not directly regulate natural gas producers, they are intended to foster increased competition within all phases of the natural gas industry.

The Domenici-Barton Energy Policy Act of 2005 ("EP Act 2005") is a comprehensive compilation of tax incentives, authorized appropriations for grants and guaranteed loans, and significant changes to the statutory policy that affects all segments of the energy industry. Among other matters, EP Act 2005 amends the NGA to add an anti-market manipulation provision which makes it unlawful for any entity to engage in prohibited behavior to be prescribed by FERC, and furthermore provides FERC with additional civil penalty authority. The EP Act 2005 provides FERC with the power to assess civil penalties of up to \$1,000,000 per day for violations of the NGA and increases FERC's civil penalty authority under the NGPA from \$5,000 per violation per day to \$1,000,000 per violation per day. The civil penalty provisions are applicable to entities that engage in the sale of natural gas for resale in interstate commerce. On January 19, 2006, FERC issued Order No. 670, a rule implementing the anti-market manipulation provision of EP Act 2005, and subsequently denied rehearing. The rules make it unlawful to: (1) in connection with the purchase or sale of natural gas subject to the jurisdiction of FERC, or the purchase or sale of transportation services subject to the jurisdiction of FERC, for any entity, directly or indirectly, to use or employ any device, scheme or artifice to defraud;

(2) to make any untrue statement of material fact or omit to make any such statement necessary to make the statements made not misleading; or (3) to engage in any act or practice that operates as a fraud or deceit upon any person. The new anti-market manipulation rule does not apply to activities that relate only to intrastate or other non-jurisdictional sales or gathering, but does apply to activities of gas pipelines and storage companies that provide interstate services, as well as otherwise non-jurisdictional entities to the extent the activities are conducted "in connection with" gas sales, purchases or transportation subject to FERC jurisdiction, which now includes the annual reporting requirements under Order 704. The anti-market manipulation rule and enhanced civil penalty authority reflect an expansion of FERC's NGA enforcement authority.

On December 26, 2007, FERC issued Order 704, a final rule on the annual natural gas transaction reporting requirements, as amended by subsequent orders on rehearing. Under Order 704, wholesale buyers and sellers of more than 2.2 million MMBtus of physical natural gas in the previous calendar year, including natural gas gatherers and marketers, are now required to report, on May 1 of each year beginning in 2009, aggregate volumes of natural gas purchased or sold at wholesale in the prior calendar year to the extent such transactions utilize, contribute to, or may contribute to the formation of price indices. It is the responsibility of the reporting entity to determine which individual transactions should be reported based on the guidance of Order 704. Order 704 also requires market participants to indicate whether they report prices to any index publishers, and if so, whether their reporting complies with FERC's policy statement on price reporting.

On November 20, 2008, FERC issued Order 720, a final rule on the daily scheduled flow and capacity posting requirements. Under Order 720, major non-interstate pipelines, defined as certain non-interstate pipelines delivering, on an annual basis, more than an average of 50 million MMBtus of gas over the previous three calendar years, are required to post daily certain information regarding the pipeline's capacity and scheduled flows for each receipt and delivery point that has a design capacity equal to or greater than 15,000 MMBtu per day. Requests for clarification and rehearing of Order 720 have been filed at FERC and a decision on those requests is pending.

We cannot accurately predict whether FERC's actions will achieve the goal of increasing competition in markets in which our natural gas is sold. Additional proposals and proceedings that might affect the natural gas industry are pending before FERC and the courts. The natural gas industry historically has been very heavily regulated. Therefore, we cannot provide any assurance that the less stringent regulatory approach recently established by FERC will continue. However, we do not believe that any action taken will affect us in a way that materially differs from the way it affects other natural gas producers.

Gathering service, which occurs upstream of jurisdictional transmission services, is regulated by the states onshore and in state waters. Although its policy is still in flux, FERC has reclassified certain jurisdictional transmission facilities as non-jurisdictional gathering facilities, which has the tendency to increase our costs of getting gas to point of sale locations. State regulation of natural gas gathering facilities generally include various safety, environmental and, in some circumstances, nondiscriminatory-take requirements. Although such regulation has not generally been affirmatively applied by state agencies, natural gas gathering may receive greater regulatory scrutiny in the future.

[Table of Contents](#)

Section 1(b) of the NGA exempts natural gas gathering facilities from regulation by FERC as a natural gas company under the NGA. We believe that the natural gas pipelines in our gathering systems meet the traditional tests FERC has used to establish a pipeline's status as a gatherer not subject to regulation as a natural gas company. However, the distinction between FERC-regulated transmission services and federally unregulated gathering services is the subject of on-going litigation, so the classification and regulation of our gathering facilities are subject to change based on future determinations by FERC, the courts or Congress.

Our sales of natural gas are also subject to requirements under the Commodity Exchange Act ("CEA") and regulations promulgated thereunder by the Commodity Futures Trading Commission ("CFTC"). The CEA prohibits any person from manipulating or attempting to manipulate the price of any commodity in interstate commerce or futures on such commodity. The CEA also prohibits knowingly delivering or causing to be delivered false or misleading or knowingly inaccurate reports concerning market information or conditions that affect or tend to affect the price of a commodity.

Intrastate natural gas transportation is also subject to regulation by state regulatory agencies. The basis for intrastate regulation of natural gas transportation and the degree of regulatory oversight and scrutiny given to intrastate natural gas pipeline rates and services varies from state to state. Insofar as such regulation within a particular state will generally affect all intrastate natural gas shippers within the state on a comparable basis, we believe that the regulation of similarly situated intrastate natural gas transportation in any states in which we operate and ship natural gas on an intrastate basis will not affect our operations in any way that is of material difference from those of our competitors. Like the regulation of interstate transportation rates, the regulation of intrastate transportation rates affects the marketing of natural gas that we produce, as well as the revenues we receive for sales of our natural gas.

Changes in law and to FERC policies and regulations may adversely affect the availability and reliability of firm and/or interruptible transportation service on interstate pipelines, and we cannot predict what future action FERC will take. We do not believe, however, that any regulatory changes will affect us in a way that materially differs from the way they will affect other natural gas producers, gatherers and marketers with which we compete.

Regulation of Environmental and Occupational Matters

Our operations are subject to numerous stringent federal, state and local statutes and regulations governing the discharge of materials into the environment or otherwise relating to environmental protection, some of which carry substantial administrative, civil and criminal penalties for failure to comply. These laws and regulations may require the acquisition of a permit before drilling commences, restrict the types, quantities and concentrations of various substances that can be released into the environment in connection with drilling, production and transporting through pipelines, govern the sourcing and disposal of water used in the drilling and completion process, limit or prohibit drilling activities in certain areas and on certain lands lying within wilderness, wetlands, frontier and other protected areas, require some form of remedial action to prevent or mitigate pollution from former operations such as plugging abandoned wells or closing earthen pits and impose substantial liabilities for pollution resulting from operations or failure to comply with regulatory filings. In addition, these laws and regulations may restrict the rate of production.

National Environmental Policy Act

Natural gas and oil exploration and production activities on federal lands are subject to the National Environmental Policy Act, or NEPA. NEPA requires federal agencies, including the Departments of Interior and Agriculture, to evaluate major agency actions having the potential to significantly impact the environment. In the course of such evaluations, an agency prepares an

environmental assessment to evaluate the potential direct, indirect and cumulative impacts of a proposed project. If impacts are considered significant, the agency will prepare a more detailed environmental impact study ("EIS") that is made available for public review and comment. All of our current exploration and production activities, as well as proposed exploration and development plans, on federal lands require governmental permits that are subject to the requirements of NEPA. This environmental impact assessment process has the potential to delay the development of natural gas and oil projects. Authorizations under NEPA also are subject to protest, appeal or litigation, which can delay or halt projects.

Waste Handling

We also may incur liability under the Resource Conservation and Recovery Act, as amended ("RCRA"), which imposes requirements related to the generation, transportation, treatment, storage, handling, disposal and clean-up of solid and hazardous wastes and the disposal of non-hazardous wastes. Under the auspices of the Environmental Protection Agency, or the EPA, the individual states administer some or all of the provisions of RCRA, sometimes in conjunction with their own, more stringent requirements. Drilling fluids, produced waters and most of the other wastes associated with the exploration, development and production of crude oil, natural gas, or geothermal energy constitute "solid wastes," which are regulated under the less stringent, non-hazardous waste provisions, but there is no guarantee that the EPA or the individual states will not adopt more stringent requirements for the handling of non-hazardous wastes or categorize some non-hazardous wastes as hazardous for future regulation. Indeed, legislation has been proposed from time to time in Congress to re-categorize certain oil and gas exploration and production wastes as "hazardous wastes."

We believe that we are in substantial compliance with the requirements of RCRA and related state and local laws and regulations, and that we held all necessary and up-to-date permits, registrations and other authorizations to the extent that our operations require them under such laws and regulations. Although we believe that the current costs of managing our wastes as they are presently classified are reflected in our budget, any legislative or regulatory reclassification of natural gas and oil exploration and production wastes could increase our costs to manage and dispose of such wastes.

Water Discharges

The Federal Water Pollution Control Act, as amended, also known as the Clean Water Act, and comparable state laws impose restrictions and strict controls regarding the discharge of pollutants, including produced waters and other natural gas wastes, into federal and state waters. The discharge of pollutants into regulated waters is prohibited, except in accordance with the terms of a permit issued by the EPA or the state. The discharge of dredge and fill material in regulated waters, including wetlands, is also prohibited, unless authorized by a permit issued by the U.S. Army Corps of Engineers. Obtaining permits has the potential to delay the development of natural gas and oil projects. These same regulatory programs also limit the total volume of water that can be discharged, hence limiting the rate of development. These laws and any implementing regulations provide for administrative, civil and criminal penalties for any unauthorized discharges of oil and other substances in reportable quantities and may impose substantial potential liability for the costs of removal, remediation and damages.

Pursuant to these laws and regulations, we may be required to obtain and maintain approvals or permits for the discharge of wastewater or storm water and are required to develop and implement spill prevention, control and countermeasure plans, also referred to as "SPCC plans," in connection with on-site storage of significant quantities of oil. We maintain all required discharge permits necessary to conduct our operations, and we believe we are in substantial compliance with the terms thereof. We are currently undertaking a review of recently acquired natural gas properties to determine

the need for new or updated SPCC plans and, where necessary, we will be developing or upgrading such plans, the costs of which are not expected to be substantial.

Air Emissions

The Federal Clean Air Act, as amended, and comparable state laws restrict the emission of air pollutants from many sources, including compressor stations, through the issuance of permits and the imposition of other requirements. In addition, the EPA has developed, and continues to develop, stringent regulations governing emissions of toxic air pollutants at specified sources. These laws and any implementing regulations may require us to obtain pre-approval for the construction or modification of certain projects or facilities expected to produce air emissions, impose stringent air permit requirements, or use specific equipment or technologies to control emissions.

While we may be required to incur certain capital expenditures in the next few years for air pollution control equipment in connection with maintaining or obtaining operating permits addressing other air emission-related issues, we do not believe that such requirements will have a material adverse effect on our operations. Obtaining permits has the potential to delay the development of natural gas and oil projects. We believe that we are in substantial compliance with all air emissions regulations and that we hold all necessary and valid construction and operating permits for our operations.

Regulation of "Greenhouse Gas" Emissions

On December 15, 2009, the U.S. Environmental Protection Agency ("EPA") officially published its findings that emissions of carbon dioxide, methane and other "greenhouse gases" present an endangerment to human health and the environment because emissions of such gases are, according to the EPA, contributing to warming of the earth's atmosphere and other climatic changes. These findings by the EPA allow the agency to proceed with the adoption and implementation of regulations that would restrict emissions of greenhouse gases under existing provisions of the federal Clean Air Act. In late September 2009, the EPA had proposed two sets of regulations in anticipation of finalizing its findings that would require a reduction in emissions of greenhouse gases from motor vehicles and that could also lead to the imposition of greenhouse gas emission limitations in Clean Air Act permits for certain stationary sources. In addition, on September 22, 2009, the EPA issued a final rule requiring the reporting of greenhouse gas emissions from specified large greenhouse gas emission sources in the United States beginning in 2011 for emissions occurring in 2010. The adoption and implementation of any regulations imposing reporting obligations on, or limiting emissions of greenhouse gases from, our equipment and operations could require us to incur costs to reduce emissions of greenhouse gases associated with our operations or could adversely affect demand for the oil, natural gas and NGL that we produce.

Also, on June 26, 2009, the U.S. House of Representatives passed the "American Clean Energy and Security Act of 2009," or "ACESA," which would establish an economy wide cap-and-trade program to reduce U.S. emissions of greenhouse gases, including carbon dioxide and methane. ACESA would require a 17 percent reduction in greenhouse gas emissions from 2005 levels by 2020 and just over an 80 percent reduction of such emissions by 2050. Under this legislation, the EPA would issue a capped and steadily declining number of tradable emissions allowances to certain major sources of greenhouse gas emissions so that such sources could continue to emit greenhouse gases into the atmosphere. These allowances would be expected to escalate significantly in cost over time. The net effect of ACESA will be to impose increasing costs on the combustion of carbon-based fuels such as oil, refined petroleum products, and natural gas. The U.S. Senate has begun work on its own legislation for restricting domestic greenhouse gas emissions and the Obama Administration has indicated its support of legislation to reduce greenhouse gas emissions through an emission allowance system. Although it is not possible at this time to predict when the Senate may act on climate change legislation or how any bill passed by the Senate would be reconciled with ACESA, any future federal

laws or implementing regulations that may be adopted to address greenhouse gas emissions could require us to incur increased operating costs and could adversely affect demand for the oil, natural gas and NGLs that we produce.

Even if such legislation is not adopted at the national level, more than one-third of the states have begun taking actions to control and/or reduce emissions of greenhouse gases. Although most of the state-level initiatives have to date been focused on large sources of greenhouse gas emissions, such as coal-fired electric power plants, it is possible that smaller sources of emissions could become subject to greenhouse gas emission limitations or allowance purchase requirements in the future. Any one of these climate change regulatory and legislative initiatives could have a material adverse effect on our business, financial condition and results of operations.

Occupational Safety and Health Act

We are also subject to the requirements of the federal Occupational Safety and Health Act, as amended ("OSHA"), and comparable state laws that regulate the protection of the health and safety of employees. In addition, OSHA's hazard communication standard requires that information be maintained about hazardous materials used or produced in our operations and that this information be provided to employees, state and local government authorities and citizens. We believe that our operations are in substantial compliance with the OSHA requirements.

Endangered Species Act

The Endangered Species Act ("ESA") was established to protect endangered and threatened species. Pursuant to the ESA, if a species is listed as threatened or endangered, restrictions may be imposed on activities adversely affecting that species' habitat. Similar protections are offered to migratory birds under the Migratory Bird Treaty Act. We conduct operations on federal natural gas and oil leases in areas where certain species that are listed as threatened or endangered and where other species, such as the sage grouse, potentially could be listed as threatened or endangered under the ESA exist. The U.S. Fish and Wildlife Service may designate critical habitat and suitable habitat areas that it believes are necessary for survival of a threatened or endangered species. A critical habitat or suitable habitat designation could result in further material restrictions to federal land use and may materially delay or prohibit land access for natural gas and oil development. If we were to have a portion of our leases designated as critical or suitable habitat, it could adversely impact the value of our leases.

In summary, we believe we are in substantial compliance with currently applicable environmental laws and regulations. Although we have not experienced any material adverse effect from compliance with environmental requirements, there is no assurance that this will continue. We did not have any material capital or other non-recurring expenditures in connection with complying with environmental laws or environmental remediation matters in 2009, nor do we anticipate that such expenditures will be material in 2010.

Legal Matters

We are a named defendant in certain lawsuits arising in the ordinary course of business. While the outcome of lawsuits against us cannot be predicted with certainty, our management team does not expect these matters to have a material adverse impact on our financial statements.

In May 2008, we received a notice of violation from the Colorado Department of Public Health and Environment, or CDPHE, that alleged that our construction of a pipeline in Garfield County, Colorado was not in compliance with CDHPE's general permit for stormwater discharges associated with construction activities. The notice of violation was based on an inspection of the construction area by CDHPE in May 2007. Although we believe that we corrected any deficiencies promptly after the

inspection, CDHPE has proposed a fine of \$157,233 for the alleged violations. We are currently engaged in discussions with CDHPE in an effort to resolve this matter.

In February 2009, we received a grand jury subpoena from the U.S. Environmental Protection Agency regarding an alleged unauthorized discharge at a well site near Atoka, Oklahoma in May 2007. Based on information presently available to us, it appears that well fracturing fluids stored by a third party contractor in a tank leaked into a surrounding berm and were later discharged along with rainwater into a nearby waterway. The site was being managed by the contractor at the time of the incident. We have provided the information that was requested by the subpoena. No claim has been made against us with respect to this matter to date, and, based on information presently available to us, we do not believe that our company is a target of the investigation.

Employees

As of December 31, 2009, we had 56 full-time employees, including nine in geology, 12 in production and engineering, 13 in accounting and administration, 17 in land, three in midstream and two senior executives. We also employed a total of 53 contract personnel who assist our full-time employees with respect to specific tasks and 73 outside lease brokers. Our future success will depend partially on our ability to attract, retain and motivate qualified personnel. We are not a party to any collective bargaining agreements and have not experienced any strikes or work stoppages. We consider our relations with our employees to be satisfactory. We utilize the services of independent contractors to perform various field and other services.

MANAGEMENT

Executive Officers and Directors

The following table sets forth names, ages and titles of our executive officers and directors. Each of the individuals listed below holds the position stated below at each of the issuer, Antero and each operating subsidiary.

<u>Name</u>	<u>Age</u>	<u>Title</u>
Peter R. Kagan(1)	42	Director
W. Howard Keenan, Jr.(1)	59	Director
Christopher R. Manning(1)	42	Director
Paul M. Rady	56	Chairman of the Board of Directors and Chief Executive Officer
Glen C. Warren, Jr.	54	Director, President, Chief Financial Officer and Secretary
Kevin J. Kilstrom	55	Vice President—Production
Robert E. Mueller	53	Vice President—Geology
Brian A. Kuhn	51	Vice President—Land
Mark D. Mauz	52	Vice President—Gathering, Marketing and Transportation
Steve M. Woodward	51	Vice President—Business Development
Alvyn A. Schopp	51	Vice President—Accounting & Administration and Treasurer
Kathryn S. Wilson	35	General Counsel and Assistant Secretary

(1) Member of the Audit Committee and the Compensation Committee.

Our directors hold office until the earlier of their death, resignation, removal or disqualification or until their successors have been elected and qualified. Our officers serve at the discretion of the board of directors. There are no family relationships among any of our directors or principal officers.

Peter R. Kagan has served as a director since 2004. Mr. Kagan has been with Warburg Pincus since 1997 and co-leads the firm's investment activities in energy and natural resources. He is also a member of the firm's Executive Management Group. Mr. Kagan received an A.B. degree cum laude from Harvard College and J.D. and M.B.A. degrees with honors from the University of Chicago. Prior to joining Warburg Pincus, he worked in investment banking at Salomon Brothers in both New York and Hong Kong. Mr. Kagan currently also serves on the boards of directors of Broad Oak Energy, Fairfield Energy, Laredo Petroleum, MEG Energy, Resources for the Future, Targa Resources and Targa Resources Partners L.P. In addition, he is a member of the Visiting Committee of the University of Chicago Law School.

W. Howard Keenan, Jr. has served as a director since 2004. Mr. Keenan has over thirty years of experience in the financial and energy businesses. Since 1997, he has been a Member of Yorktown Partners LLC, a private equity investment manager focused on the energy industry. Mr. Keenan currently serves on the Board of Directors of Concho Resources Inc. and GeoMet, Inc. From 1975 to 1997, he was in the Corporate Finance Department of Dillon, Read & Co. Inc. and active in the private equity and energy areas, including the founding of the first Yorktown Partners fund in 1991. He is serving or has served as a director of multiple Yorktown Partners portfolio companies. Mr. Keenan holds an A.B. degree cum laude from Harvard College and an M.B.A. degree from Harvard University.

Christopher R. Manning has served as a director since 2005. Mr. Manning is a Partner of Trilantic Capital Partners, or TCP. Mr. Manning joined TCP in 2009. He was concurrently the Head of Lehman Brothers' Investment Management Division, including both the Asset Management and Private Equity businesses, in Asia-Pacific from 2006 to 2008. He was also a member of the Investment Management Division Global Operating Committee and the Private Equity Division Operating Committee. Lehman Brothers Holdings Inc. filed a voluntary petition for protection under the U.S. bankruptcy code in September 2008. Prior to joining TCP, Mr. Manning was the chief financial officer of The Wing Group, a developer of international power projects. Prior to The Wing Group, he was in the investment

banking department of Kidder, Peabody & Co., where he worked on M&A and corporate finance transactions. Mr. Manning also currently serves on the boards of Enduring Resources, The Cross Group and Mediterranean Resources. He holds an M.B.A. from The Wharton School of the University of Pennsylvania and a B.B.A. from the University of Texas at Austin.

Paul M. Rady has served as Chief Executive Officer and Chairman of the Board of Directors since May 2004. Mr. Rady also served as Chief Executive Officer and Chairman of the Board of Directors of our predecessor company, Antero Resources Corporation, from its founding in 2002 to its ultimate sale to XTO Energy, Inc. in April 2005. Prior to Antero Resources Corporation, Mr. Rady served as President, CEO and Chairman of Pennaco Energy from 1998 until its sale to Marathon in early 2001. Prior to Pennaco, Mr. Rady was with Barrett Resources from 1990 until 1998 where he initially was recruited as Chief Geologist in 1990, then served as Exploration Manager, EVP Exploration, President, COO and Director and ultimately CEO. Mr. Rady began his career with Amoco where he served 10 years as a geologist focused on the Rockies and Mid-Continent. Mr. Rady is the managing member of Salisbury Investment Holdings, LLC. Mr. Rady holds a B.A. in Geology from Western State College of Colorado and M.Sc. in Geology from Western Washington University.

Glen C. Warren, Jr. has served as President, Chief Financial Officer and Secretary and as a director since May 2004. Mr. Warren also served as President and Chief Financial Officer and as a director of our predecessor company, Antero Resources Corporation, from its founding in 2002 to its ultimate sale to XTO Energy, Inc. in April 2005. Prior to Antero Resources Corporation, Mr. Warren served as EVP, CFO and Director of Pennaco Energy from 1998 until its sale to Marathon in early 2001. Mr. Warren spent 10 years as a natural resources investment banker focused on equity and debt financing and M&A advisory with Lehman Brothers, Dillon Read and Kidder Peabody. Mr. Warren began his career as a landman in the Gulf Coast region with Amoco, where he spent six years. Mr. Warren is the managing member of Canton Investment Holdings, LLC. Mr. Warren holds a B.A. from the University of Mississippi, a J.D. from the University of Mississippi School of Law and an M.B.A. from the Anderson School of Management at U.C.L.A. Mr. Warren has served as a director of Diamond Foods, Inc. since 2005 and served as a director of Venoco Inc. from 2005 to 2008.

Kevin J. Kilstrom has served as Vice President of Production since June 2007. Mr. Kilstrom was a Manager of Petroleum Engineering with AGL Energy of Sydney, Australia from 2006 to 2007. Prior to AGL, Mr. Kilstrom was with Marathon Oil as an Engineering Consultant and Asset Manager from 2003 to 2007 and as a Business Unit Manager for Marathon's Powder River coal bed methane assets from 2001 to 2003. Mr. Kilstrom also served as a member of the board of directors of three Marathon subsidiaries from October 2003 through May 2005. Mr. Kilstrom was an Operations Manager and reserve engineer at Pennaco Energy from 1999 to 2001. Mr. Kilstrom was at Amoco for more than 22 years prior to 1999. Mr. Kilstrom holds a B.S. in Engineering from Iowa State University and an M.B.A. from DePaul University.

Robert E. Mueller has served as Vice President of Geology since April 2005. Mr. Mueller also served as Chief Geologist of our predecessor company, Antero Resources Corporation, from its founding in 2002 to its ultimate sale to XTO Energy, Inc. in April 2005. Prior to Antero Resources Corporation, Mr. Mueller was with Williams as a Director of the Raton Basin asset team in 2001 to 2002. Mr. Mueller was Chief Geologist at Barrett Resources from 1996 to 2001. Mr. Mueller worked as a Senior Geologist for North American Resources from 1993 to 1996 after working the prior 11 years for Amoco Production Company. Mr. Mueller holds a B.S. in Geology from Northern Arizona University and an M.S. in Geology from the University of Wyoming.

Brian A. Kuhn has served as Vice President of Land since April 2005. Mr. Kuhn also served as Vice President of Land of our predecessor company, Antero Resources Corporation, from its founding in 2002 to its ultimate sale to XTO Energy, Inc. in April 2005. From 2001 to 2002, Mr. Kuhn served as Head of Denver Land Department for Marathon Oil. Mr. Kuhn was the Vice President—Land at Pennaco Energy from 1998 to 2001. Mr. Kuhn was a Division Landman with Barrett Resources from

1993 to 1998. Mr. Kuhn was a Landman with Amoco for 13 years prior to 1993. Mr. Kuhn holds a B.B.A. in Petroleum Land Management from the University of Oklahoma.

Mark D. Mauz has served as Vice President of Gathering, Marketing and Transportation since April 2006. From 1993 to 2006, Mr. Mauz was with Duke Energy Field Services, most recently as its Managing Director of the Rockies Region. Mr. Mauz spent from 1990 to 1993 with Amoco in natural gas marketing and 9 years prior to 1990 as a Landman. Mr. Mauz holds a B.S. in Business from the University of Colorado.

Steven M. Woodward has served as Vice President of Business Development since April 2005. Mr. Woodward also served as Vice President of Business Development of our predecessor company, Antero Resources Corporation, from its founding in 2002 to its ultimate sale to XTO Energy, Inc. in April 2005. From 1993 until 2002, Mr. Woodward was in senior business/project development roles with Dynegy. From 1990 to 1992, Mr. Woodward was with Reliance Pipeline Company as a Manager of Business Development. From 1988 to 1990, Mr. Woodward was at Western Gas Resources in a Business Development role. From 1981 to 1988, Mr. Woodward was with ARCO Oil & Gas Company in various engineering roles. Mr. Woodward holds a B.S. in Mechanical Engineering from the University of Colorado.

Alvyn A. Schopp has served as Vice President of Accounting and Administration and Treasurer since January 2005. Mr. Schopp also served as Controller and Treasurer from 2003 to 2005 and as Vice President of Accounting and Administration and Treasurer of our predecessor company, Antero Resources Corporation, from January 2005 until its ultimate sale to XTO Energy, Inc. in April 2005. From 2002 to 2003, Mr. Schopp was an Executive and Financial Consultant with Duke Energy Field Services. From 1993 to 2000, Mr. Schopp was CFO, Director and ultimately CEO of T-Netix. From 1980 to 1993 Mr. Schopp was with KPMG, most recently as a Senior Manager. Mr. Schopp holds a B.B.A. from Drake University.

Kathryn S. Wilson has served as General Counsel and Assistant Secretary since March 2010. From September 2001 to February 2010, Ms. Wilson was an associate with Vinson & Elkins L.L.P. specializing in securities offerings and mergers and acquisitions. Ms. Wilson holds a B.A. from Wesleyan University and a J.D. from the University of Texas School of Law.

Executive Compensation and Other Information

Compensation Discussion and Analysis

Introduction

This Compensation Discussion and Analysis (1) provides an overview of our compensation policies and programs; (2) explains our compensation objectives, policies and practices with respect to our executive officers; and (3) identifies the elements of compensation for each of the individuals identified in the following table, who we refer to in this Compensation Discussion and Analysis as our "Named Executive Officers."

<u>Name</u>	<u>Principal Position</u>
Paul M. Rady	Chairman of the Board of Directors and Chief Executive Officer
Glen C. Warren, Jr.	Director, President, Chief Financial Officer and Secretary
Kevin J. Kilstrom	Vice President—Production
Robert E. Mueller	Vice President—Geology
Alvyn A. Schopp	Vice President—Accounting and Administration

Each of our Named Executive Officers is an employee of Antero Resources Corporation, which is a wholly owned subsidiary of Antero and one of the parent companies of the issuer. Prior to the November 2009 corporate reorganization, the Compensation Committee of the Board of Directors of Antero Resources Corporation approved all compensation decisions for our officers. Since the reorganization, the Compensation Committee of the Board of Directors of Antero, or the Board of Directors of Antero, as appropriate, has approved all compensation decisions for our officers. The Antero Board of Directors and the Antero Resources Corporation Board of Directors are comprised of the same members.

Compensation Philosophy and Objectives of Our Compensation Program

Since our inception in 2002, we have sought to grow our privately held, independent oil and gas company and our compensation philosophy has been primarily focused on recruiting individuals who would be motivated to help us achieve that goal. As a result, from our inception to September 2009, our executive compensation program was primarily designed to attract, retain and motivate our employees by compensating them with significant amounts of equity relative to cash compensation. In particular, we kept our executive officers' total cash compensation at levels that we believed were sufficient to provide them, in the case of salary amounts, with a modest amount of cash that provided them with an adequate means to support their families and, in the case of annual bonus amounts, discretionary amounts that rewarded them for overall individual performance during the year relative to continually evolving company objectives. With respect to non-cash awards, we have historically provided disproportionately greater amounts of equity, which we believed would ultimately compensate our executive officers as they participated in growing our company and maximizing stakeholder value. We also provided additional opportunities for our executive officers to purchase various classes of preferred and common shares in our company on the same basis as our institutional private equity owners for the purpose of aligning the interests of our officers with those of our stakeholders.

Our strategy since September 2009 has been to structure our compensation program so that we may seek out highly qualified and experienced individuals capable of contributing to the continued growth of our development stage company, both in terms of size and enterprise value, and an effective transition into the new obligations we will face as a SEC registrant. Accordingly, over the course of the past several months, we have undertaken various reporting company preparedness initiatives to ensure the competitiveness of our executive compensation programs and further align the interests of our executive officers and other employees with the long-term objectives of our company. In particular, we engaged a compensation consultant to benchmark our officers' compensation to ensure that our programs are roughly in the median range of our peer group companies. This engagement is discussed in more detail below under "—Implementing Our Objectives."

Implementing Our Objectives

Role of the Board of Directors, Compensation Committee and our Executive Officers

Executive compensation decisions are typically made on an annual basis by the Compensation Committee with input from Paul M. Rady, our Chief Executive Officer, and Glen C. Warren, Jr., our President and Chief Financial Officer. Specifically, Messrs. Rady and Warren, based on information provided by the compensation consultant and their review of market data, provide recommendations to the Compensation Committee regarding the compensation levels for our existing executive officers (including themselves) and our executive compensation program as a whole. After considering these recommendations, the Compensation Committee typically adjusts base salary levels, determines the amounts of cash bonus awards and determines the amount and vesting of any equity grants for each of our executive officers. In making executive compensation decisions and recommendations, Messrs. Rady and Warren consider the executive officers' performance during the year and the company's performance during the year, but rely primarily on their business judgment and personal experience.

[Table of Contents](#)

While the Compensation Committee gives considerable weight to Messrs. Rady and Warren's recommendations on compensation matters, the Compensation Committee has the final decision-making authority on all executive compensation matters. No other executive officers have assumed a role in the evaluation, design or administration of our executive officer compensation program.

Role of External Advisors

In September 2009, our management engaged Cogent Compensation Partners, Inc. ("Cogent") to provide periodic executive compensation consulting services. Cogent does not currently provide any other services to our company. Management's objective when hiring Cogent was to assess our level of competitiveness for executive-level talent and receive recommendations for attracting, motivating and retaining key employees in light of our transition into the new obligations we will face as a SEC registrant. As part of its engagement, Cogent:

- Collected and reviewed all relevant company information, including our historical executive compensation data and our organizational structure, and conducted individual interviews with our executive officers and our largest institutional investors to gain insight into the vision, business strategy, culture and effectiveness of our current executive compensation program as well as expectations for the future;
- With the input of management, established a peer group of companies to use for executive compensation comparisons;
- Assessed our compensation program's position relative to the market for our top eight executive officers and our stated compensation philosophy; and
- Prepared a report of its analysis, findings and recommendations for our executive compensation program.

Cogent's report was presented to the Board of Directors as a whole in September 2009. The report was utilized by Messrs. Rady and Warren when making their recommendations to the Board of Directors for the fiscal 2010 compensation decisions.

Competitive Benchmarking

When formulating their compensation recommendations for the Compensation Committee, Messrs. Rady and Warren compare the pay practices for our executive officers against other companies to assist them in the review and comparison of base salary and incentive compensation for our executive officers. This practice recognizes that, while our compensation practices should be competitive in the marketplace, marketplace information is one of the many factors considered in assessing the reasonableness of our executive compensation program.

Prior to September 2009, Messrs. Rady and Warren made informal comparisons of our executive compensation program to the compensation paid to executives of publicly traded and other privately held companies similar in size and location to our company. In December 2008, Messrs. Rady and Warren used a survey from the Mountain States Employers Council as part of their informal competitive market analysis. Messrs. Rady and Warren did not review the data specific to any company participating in this survey and were not familiar with the identities of such companies. Rather, the aggregate data was merely used as a subjective frame of reference for similarly situated officers to help determine a potential range of compensation, which was then balanced against a variety of factors in making a final recommendation of each officer's compensation.

Beginning in September 2009, Messrs. Rady and Warren took a more formal approach and hired Cogent to assess the compensation levels of our top eight executive officers relative to the market. In addition, Messrs. Rady and Warren used statistical information from the 2009 Oil and Gas E&P

Industry Compensation Survey prepared by Effective Compensation, Incorporated ("ECI") to supplement Cogent's peer group data. Messrs. Rady and Warren considered the results of the Cogent and ECI survey data when making their recommendations to the Board of Directors for the fiscal 2010 compensation decisions.

- *Cogent Survey Data.* Cogent used the following parameters when constructing the peer group for its assessment: (1) resource-focused exploration and production companies that are publicly traded (without regard to size), (2) companies with a good performance track record, (3) companies with a strong management team with technical expertise and (4) companies with more than \$1.0 billion in enterprise value. Using these parameters and collaborating with Messrs. Rady and Warren, Cogent developed a 19-company industry reference group (the "Cogent Peer Group"). The Cogent Peer Group included the following companies:
 - Berry Petroleum Company
 - Bill Barrett Corporation
 - Cabot Oil & Gas Corporation
 - Carrizo Oil & Gas, Inc.
 - Comstock Resources, Inc.
 - Concho Resources Inc.
 - Continental Resources, Inc.
 - Encore Acquisition Company
 - EXCO Resources, Inc.
 - Newfield Exploration Company
 - Petrohawk Energy Corporation
 - Quicksilver Resources, Inc.
 - Range Resources Corporation
 - Sandridge Energy, Inc.
 - Southwestern Energy Company
 - Ultra Petroleum Corp.

- *ECI Survey Data.* An ECI survey was used because it is specific to the energy industry and derives its data from direct contributions from a large number of participating companies with which we believe we compete for talent. The survey was used to compare our executive compensation program against the following companies, which were selected by Messrs. Rady and Warren, and which have comparable revenues, market capitalization, capital expenditure budgets, business strategies, geographic and geologic focus and number of employees (the "ECI Peer Group"):
 - Berry Petroleum Company
 - Bill Barrett Corporation
 - Cimarex Energy Co.
 - Comstock Resources, Inc.
 - Concho Resources Inc.

[Table of Contents](#)

- Forest Oil Corporation
- Mariner Energy, Inc.
- Quicksilver Resources Inc.
- St. Mary Land & Exploration Company
- Whiting Petroleum Corporation

Due to the broad responsibilities of our executive officers and our status as a privately held company, comparing survey data to the job descriptions of our executive officers is sometimes difficult. However, as discussed above, our compensation objective is designed to be competitive with the peer companies listed above and, therefore, Messrs. Rady and Warren target compensation levels that are generally in the 50th percentile of the survey information reviewed when formulating their recommendations for the Compensation Committee. We believe that targeting this level of compensation helps us meet our overall total rewards strategy and executive compensation objectives outlined above.

Elements of Compensation

Compensation of our executive officers includes the following key components:

- Base salaries;
- Annual cash incentive payments;
- Transaction bonuses; and
- Long-term equity-based incentive awards.

Base Salaries

Base salaries are designed to provide a minimum, fixed level of cash compensation for services rendered during the year. Base salaries are generally reviewed annually, but are not automatically increased if the Compensation Committee believes that (1) our executives are currently compensated at proper levels in light of either our internal performance or external market factors, or (2) an increase or addition to other elements of compensation would be more appropriate in light of our stated objectives.

In addition to providing a base salary that is competitive with other independent oil and gas exploration and production companies, we also consider internal pay equity factors to appropriately align each of our Named Executive Officer's salary levels relative to the salary levels of our other officers so that it accurately reflects the officer's relative skills, responsibilities, experience and contributions to our company. To that end, annual salary adjustments are based on a subjective analysis of many individual factors, including:

- the responsibilities of the officer;
- the period over which the officer has performed these responsibilities;
- the scope, level of expertise and experience required for the officer's position;
- the strategic impact of the officer's position; and
- the potential future contribution and demonstrated individual performance of the officer.

In addition to individual factors listed above, our overall business performance and implementation of company objectives are taken into consideration. While these metrics generally provide context for

making salary decisions, base salary decisions do not depend on attainment of specific goals or performance levels and no specific weighting is given to one factor over another.

Fiscal 2009 Decisions. After reviewing the Mountain States Employers Counsel survey data and considering the individual and business factors described above, Messrs. Rady and Warren recommended, and the Compensation Committee approved, increases in the base salaries of our executive officers in December 2008 as shown in the table below.

Fiscal 2010 Decisions. In October 2009, after comparing base salary levels to the Cogent Peer Group and ECI Peer Group (as described in more detail above under "—Competitive Benchmarking") and considering the individual and business factors described above, Messrs. Rady and Warren recommended, and the Board of Directors approved, increases in the base salaries of our executive officers as shown in the table below. These increases, which were effective as of November 2009, were made as part of the overall shift in our compensation strategy as described in more detail above under "—Compensation Philosophy and Objectives of Our Compensation Program." The adjusted base salary amounts were slightly below or at the median of the Cogent Peer Group and ECI Peer Group.

<u>Executive Officer</u>	<u>Base Salary Prior to December 2008</u>	<u>Base Salary as of December 2008</u>	<u>Percentage Increase</u>	<u>Base Salary as of November 2009</u>	<u>Percentage Increase</u>
	(\$)	(\$)	(%)	(\$)	(%)
Paul M. Rady	235,000	240,000	2	450,000	88
Glen C. Warren, Jr.	218,000	222,500	2	375,000	69
Kevin J. Kilstrom	195,000	200,000	3	280,000	40
Robert E. Mueller	195,000	200,000	3	260,000	30
Alvyn A. Schopp	180,000	185,000	3	275,000	49

Annual Cash Incentive Payments

Annual cash incentive payments, which we also refer to as cash bonuses, are a key part of each Named Executive Officer's annual compensation package. The Compensation Committee believes that discretionary cash bonuses are an appropriate way to further our goals of attracting, retaining, and rewarding highly qualified and experienced officers and avoiding an environment that might cause undue pressure to meet specific financial or individual performance goals. Typically in December of each year, the Compensation Committee determines whether to pay cash bonuses from a bonus pool amount to some or all of our employees, including our executive officers, and, if so, the amount of any such cash bonuses (which may range from 0% to 100% of an executive officer's base salary). The Compensation Committee's decisions are based on recommendations from Messrs. Rady and Warren. The factors considered when determining the amount of discretionary cash bonus awards, if any, are similar to those considered when setting and adjusting base salaries. No particular weight is assigned to any of these factors.

Fiscal 2009 Decisions. A discretionary cash bonus was awarded to each of our Named Executive Officers in November 2009. These awards were based upon the factors noted above. The awards to each Named Executive Officer are reflected below in the "Bonus" column of the Summary Compensation Table.

Transaction Bonuses

Under Antero's limited liability company agreement, a "Transaction Bonus Pool" is created upon a direct or indirect disposition of all or substantially all the assets or equity interests of one of our

operating subsidiaries. That Transaction Bonus Pool is an amount equal to three percent (3%) of the profit generated with respect to the disposition of a particular operating subsidiary. Profit is defined pursuant to the terms of Antero's limited liability company agreement. The Transaction Bonus Pool is available to pay bonuses to individuals who are employees of one of our operating subsidiaries as of the date of the disposition (including, potentially, our Named Executive Officers), but the amount of any individual's transaction bonus and whether any particular individual receives a transaction bonus in connection with a disposition will be determined by the Compensation Committee at the time of any disposition of an operating subsidiary. Transaction bonus awards are intended to incentivize our employees to increase the value of our operating subsidiaries for the benefit of our unitholders by allowing them to share in the profits of any disposition of any such operating subsidiary. The amount of any transaction bonus awards made to any employee will be offset against future amounts that such employee would be entitled to receive in connection with future distributions by Antero as a result of the ownership by such employee of certain units in Antero and in Antero Resources Employee Holdings LLC (which are described below under "—Long-Term Equity-Based Incentive Awards").

Long-Term Equity-Based Incentive Awards

Our long-term equity-based incentive program is designed to provide each of our employees with an incentive to focus on the long-term success of our company and to act as a long-term retention tool by aligning the interests of our employees with those of our stakeholders.

Historically, each of the operating subsidiaries sponsored a stock incentive plan from which restricted stock and options were granted to certain employees, including the Named Executive Officers. The Compensation Committee believed that stock options and restricted stock awards incentivized strong performance by our employees, including our executive officers, by providing the opportunity to receive additional compensation as a result of increases in the values of each of the operating subsidiaries. Decisions concerning the granting of stock options and restricted stock awards were made on the same basis, and utilizing the same criteria, as decisions concerning the other compensation elements set forth above. Exercise prices of options granted were pre-determined during the negotiation of our two key equity commitments that were secured in February 2003 and August 2007. This process resulted in the establishment of exercise prices that were sometimes less than the estimated fair market value of the stock underlying the option on the date of grant. Each operating subsidiary's stock options were subject to the following vesting provisions: (1) proportionate vesting to the extent that the officer remained continuously employed on each of the first four anniversaries of a specified vesting commencement date ("time vesting") and (2) proportionate vesting based on the level of preferred equity capital invested in the common stock of the operating subsidiary ("dollar vesting"). Restricted stock awards were also subject to both time vesting and dollar vesting requirements.

The stock incentive plans of each of the operating subsidiaries were terminated immediately prior to the closing of the November 2009 corporate reorganization. In anticipation of the plan terminations and contingent on the closing of the transactions contemplated by our November 2009 corporate reorganization, the boards of directors of each of the operating subsidiaries granted any authorized but unissued in-the-money stock options to certain employees, including certain Named Executive Officers, to ensure that the cash out payments (as described below) would not result in any employee receiving a disproportionately lower level of compensation than the Compensation Committee had anticipated based on the principles and processes outlined above. At the time of the termination of the stock incentive plans, no other equity awards had been granted in 2009. As a result of the stock plan terminations, all of the outstanding options were cancelled through either (1) a mandatory surrender and exercise termination process (as applicable to outstanding options, if any, granted prior to July 13, 2006) ("Non-409A Options") or (2) a discretionary termination and cash out process (as applicable to outstanding options granted on or after July 13, 2006 ("409A Options")), which had been designed to comply with Section 409A ("Section 409A") of the Internal Revenue Code of 1986, as amended (the

"Code"). Specifically, with regard to any Non-409A Options, each executive was provided an opportunity to pay the exercise price under some or all of the agreements relating to such options in exchange for a right to receive the number of our Class A-1 units that the executive would have received in connection with the 2009 corporate reorganization if the executive had been the owner of record of the number of shares of common stock underlying the Non-409A Options. However, none of the executives elected to exercise any of their Non-409A Options and, therefore, these options were cancelled without consideration. In exchange for the cancellation of each executive officer's 409A Options that were (a) vested as a result of both time vesting and dollar vesting (as described above) and (b) considered to be "in-the-money" because the fair market value per share of the shares underlying the option was greater than the exercise price per share of such shares, the executive officer became entitled to receive a cash payment from the applicable operating subsidiary that had granted the officer such option equal to the difference between the fair market value per share and the exercise price per share, less applicable taxes. A portion of the cash out payments necessary to satisfy applicable FICA tax requirements was remitted on behalf of each executive officer in December 2009. However, due to the applicable rules imposed under Section 409A, each operating subsidiary will pay the remaining portion of its respective cash out payment, if any, due to each executive officer in November 2010 without interest. The executive officers will receive the remaining portion of any cash out payments to which they are entitled regardless of whether they remain employed by us. All of the other 409A Options granted to the executive officers that did not constitute vested in-the-money options as of the closing of the November 2009 reorganization were cancelled by the operating subsidiaries effective as of the closing of the November 2009 reorganization without any payment or consideration. Any outstanding restricted stock held by the Named Executive Officers prior to the November 2009 corporate reorganization was either repurchased by the operating subsidiaries at a purchase price equal to the officer's original cost or exchanged for units in Antero in accordance with the Contribution Agreement dated as of November 3, 2009, the stock incentive plans, and the applicable grant agreements. In connection with the termination of the stock incentive plans, each of our employees, including the executive officers, also received a payment equal to \$1,000, less applicable taxes, in exchange for signing a release and waiver of all claims and entitlements pursuant to the cancelled options and restricted stock awards granted by the operating subsidiaries.

In connection with the November 2009 corporate reorganization, Antero Resources Employee Holdings LLC ("Holdings") was established to hold a portion of Antero units that were set aside at the time of the reorganization to be used for employee incentive compensation. We grant units in Holdings to our employees, including our Named Executive Officers, as a means of providing them with long-term equity incentive compensation in an affiliated entity that may directly profit from any success we achieve. This structure enables us to identify a fixed number of Antero units on which any distributions will flow through Holdings to our employees. We believe that providing equity compensation from Holdings allows us to retain the ability to incentivize our executives to focus on our long-term success.

In November 2009, we granted certain restricted Class A-2 and Class B-2 unit awards in Holdings to each of our Named Executive Officers. These units are intended to constitute "profits interests" in Holdings that will participate solely in any future profits of Holdings that result from any distributions on our units that are held by Holdings. The allocation of numbers and classes of units in Holdings that were granted to each Named Executive Officer was determined at levels that considered each executive's contribution to the growth of the company. The units vest in equal amounts on each of the first four anniversaries of the applicable vesting commencement date set forth in the Named Executive Officer's restricted unit agreement. While the vesting commencement date varies among the awards, the vesting commencement dates applicable to the unit grants were established as of a date that precedes the date on which the units were granted (for example, the Class B-2 units granted to Mr. Rady in November 2009 commenced vesting on August 10, 2007) in order to take into account the Named Executive Officer's prior service to our company. Therefore, as described below under

"—Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table," all or a portion of the units granted to each Named Executive Officer were vested on the grant date.

Other Benefits

- *Health and Welfare Benefits.* Our Named Executive Officers are eligible to participate in all of our employee health and welfare benefit plans on the same basis as other employees (subject to applicable law) to meet their health and welfare needs. These plans include medical and dental insurance, as well as medical and dependent care flexible spending accounts. These benefits are provided in order to ensure that we are able to competitively attract and retain officers and other employees. This is a fixed component of compensation, and these benefits are provided on a non-discriminatory basis to all employees.
- *Retirement Benefits.* We maintain an employee retirement savings plan whereby employees may save for retirement or future events on a tax-advantaged basis. We have made only one employer discretionary contribution, in 2004, to the 401(k) plan on behalf of our participating employees. Participation in the 401(k) plan is at the discretion of each individual employee, and our Named Executive Officers participate in the plan on the same basis as all other employees.
- *Perquisites and Other Personal Benefits.* We believe that the total mix of compensation and benefits provided to our executive officers is currently competitive and, therefore, perquisites should not play a significant role in our executive officers' total compensation.

Employment, Severance or Change in Control Agreements

We do not currently maintain any employment, severance or change in control agreements with any of our Named Executive Officers.

As discussed below under "—Potential Payments Upon a Termination or a Change in Control," the Named Executive Officers could be entitled to receive certain payments or accelerated vesting of any of their unit awards that remain unvested upon their termination of employment with us under certain circumstances or the occurrence of certain corporate events.

Other Matters

Equity Ownership Guidelines and Hedging Prohibition

We do not currently have ownership requirements or an equity retention policy for our Named Executive Officers. We do not have a policy that restricts our executive officers from limiting their economic exposure to our equity. We will continue to periodically review best practices and reevaluate our position with respect to equity ownership guidelines and hedging prohibitions.

Tax and Accounting Treatment of Executive Compensation Decisions

The Board of Directors has not yet adopted a policy with respect to the limitation under Section 162(m) of the Code, which generally limits our ability to deduct compensation in excess of \$1,000,000 to a particular executive officer in any year.

Summary Compensation

The following table summarizes, with respect to our Named Executive Officers, information relating to the compensation earned for services rendered in all capacities during the fiscal year ended December 31, 2009.

Summary Compensation Table for the Year Ended December 31, 2009

<u>Name and Principal Position</u>	<u>Year</u>	<u>Salary</u> <u>(\$)</u>	<u>Bonus</u> <u>(\$)</u>	<u>Option Awards(1)</u> <u>(\$)</u>	<u>All Other Compensation (2)</u> <u>(\$)</u>	<u>Total</u> <u>(\$)</u>
Paul M. Rady <i>(Chairman of the Board of Directors and Chief Executive Officer)</i>	2009	\$ 275,000	\$ 225,000	\$ 168,013	\$ 293,467	\$ 961,480
Glen C. Warren, Jr. <i>(Director, President and Chief Financial Officer and Secretary)</i>	2009	\$ 247,917	\$ 175,000	\$ 111,120	\$ 195,967	\$ 730,004
Kevin J. Kilstrom <i>(Vice President— Production)</i>	2009	\$ 213,333	\$ 140,000	\$ —	\$ 348,973	\$ 702,306

- (1) Represents the aggregate grant date fair value of the options granted in fiscal 2009, calculated in accordance with FASB ASC Topic 718. The valuation assumptions used in determining these amounts are described in Note 10 to the financial statements included elsewhere in this prospectus.
- (2) Represents the total amounts due to each executive officer as a result of the termination of the stock incentive plans of the operating subsidiaries. The amounts consist of (a) a waiver payment paid to each officer in exchange for signing a release and waiver of all claims and entitlements pursuant to the cancelled options and restricted stock awards and (b) the amount of cash out payments due with respect to certain vested in-the-money options that were cancelled in 2009. The following table sets forth the amounts in the "All Other Compensation" column with respect to each of the items described in (a) and (b) above.

<u>Name</u>	<u>Waiver Payments</u>	<u>Cash Out Payments for Cancelled Options Granted Prior to 2009(a)</u>	<u>Total</u>
Paul M. Rady	\$ 1,000	\$ 292,467	\$ 293,467
Glen C. Warren, Jr.	\$ 1,000	\$ 194,967	\$ 195,967
Kevin J. Kilstrom	\$ 1,000	\$ 347,973	\$ 348,973
Robert E. Mueller	\$ 1,000	\$ 228,406	\$ 229,406
Alvyn A. Schopp	\$ 1,000	\$ 95,700	\$ 96,700

- (a) Represents the cash out payments due with respect to vested in-the-money options accrued in 2009. Our executive officers are not required to perform any additional services in order to receive such payments. However, in accordance with the applicable

rules under Section 409A, such payments will be paid by the applicable subsidiary during November 2010 without interest.

Grants of Plan-Based Awards for Fiscal Year 2009

The following table provides information concerning each award granted to our Named Executive Officers under any plan, including awards, if any, that have been transferred during the fiscal year ended December 31, 2009.

Grants of Plan-Based Awards for the Year Ended December 31, 2009

<u>Name</u>	<u>Grant Date</u>	<u>All Other Stock Awards: Number of Shares of Stock or Units(1)</u> (#)	<u>All Other Option Awards: Number of Securities Underlying Options</u> (#)	<u>Exercise or Base Price of Option Awards(7)</u> (\$/Sh)	<u>Grant Date Fair Value of Stock and Option Awards(8)(9)</u> (\$)
Paul M. Rady	10/28/2009	—	12,096(2)	\$ 3.75	\$ 168,013

	10/28/2009	—	1,396(4)	\$ 20.00	\$ 23,062
	10/28/2009	—	1,222(2)	\$ 3.75	\$ 16,974
	11/20/2009	45,000(5)	—	\$ —	\$ —
	11/20/2009	5,000(5)	—	\$ —	\$ —
	11/20/2009	125,000(6)	—	\$ —	\$ —

- (1) Represents the number of restricted Class A-2 and/or Class B-2 units in Holdings granted pursuant to the Limited Liability Company Agreement of Holdings ("Holdings LLC Agreement"). For more information concerning these awards, see the discussion above under "—Compensation Discussion and Analysis—Elements of Compensation—Long-Term Equity-Based Incentive Awards." As described below under "—Payments Upon Termination or Change in Control," the awards may terminate or be subject to accelerated vesting upon the officer's termination of employment or the occurrence of certain corporate events.
- (2) Represents options to purchase shares of the Class C common stock of Antero Resources Midstream Corporation ("Midstream") that were granted pursuant to the Midstream Amended and Restated 2006 Stock Incentive Plan (the "Midstream Plan"). These options were immediately vested and cancelled in connection with the termination of the Midstream Plan. The cash out payment, if any, due with respect to the cancellation of such options will be paid by Midstream in November 2010.

[Table of Contents](#)

- (3) Represents options to purchase the Class A common stock of Midstream that were granted pursuant to the Midstream Plan. These options were immediately vested and cancelled in connection with the termination of the Midstream Plan. The cash out payment, if any, due with respect to the cancellation of such options will be paid by Midstream in November 2010.
- (4) Represents options to purchase the Class A common stock of Antero Resources Pipeline Corporation ("Pipeline") that were granted pursuant to the Pipeline Amended and Restated 2006 Stock Incentive Plan (the "Pipeline Plan"). These options were immediately vested and cancelled in connection with the termination of the Pipeline Plan. The cash out payment, if any, due with respect to the cancellation of such options will be paid by Pipeline in November 2010.
- (5) Represents awards of restricted Class A-2 units in Holdings.
- (6) Represents awards of restricted Class B-2 units in Holdings.
- (7) There is no exercise or base price for the restricted Class A-2 and Class B-2 unit awards that are reflected in the "All Other Stock Awards: Number of Shares of Stock or Units" column.
- (8) The fair market values of the options to purchase shares of common stock of the operating subsidiaries were determined as follows: (a) our Board of Directors received and studied the gross asset values of each of the operating subsidiaries determined through an independent appraisal (the "Appraisal") conducted by the valuation division of an investment banking firm of recognized national standing with valuation expertise in the oil and gas exploration and production sector that received a fixed fee for its work in performing the Appraisal, which fee was not dependent in any manner on the outcome of the Appraisal; and (b) the Board of Directors applied a valuation methodology to such gross asset values that took into account the following factors, as applicable: (i) recent arms' length transactions involving the sale or transfer of each subsidiary's common stock, (ii) discounts for the lack of marketability of such stock, (iii) whether the valuation method was used for other material purposes of the operating subsidiary, its stockholders or creditors, and (iv) other relevant factors, including, without limitation, the capital structure of each operating subsidiary.
- (9) The fair market value of each class of units in Holdings was determined based on the aggregate gross asset values of the operating subsidiaries determined through the Appraisal and adjusted to reflect the distribution rights of Holdings with respect to our units pursuant to the Holdings LLC Agreement.

Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table

The following is a discussion of material factors necessary to an understanding of the information disclosed in the Summary Compensation Table and the Grants of Plan-Based Awards Table set forth above.

Stock Awards

The stock awards reflected above in the "Grants of Plan-Based Awards for Year Ended December 31, 2009" table consist of restricted Class A-2 and Class B-2 units in Holdings. Although these awards were granted in November 2009, the vesting commencement dates applicable to the units granted to each of the Named Executive Officers were set as of a date that precedes the date on which the units were granted in order to take into account service to the company prior to the November 2009 reorganization. Therefore, because all or a portion of the units granted to each Named Executive Officer were vested upon the date of grant, portions of the units granted in 2009 are not reflected below in the "Outstanding Equity Awards Value at 2009 Fiscal Year-End" table.

The Vesting Commencement Dates applicable to the Class A-2 units in Holdings are as follows: Messrs. Rady and Warren—June 20, 2002; Mr. Mueller—August 2, 2002 for 80,600 units and December 10, 2003 for 5,000 units; Mr. Kilstrom—June 4, 2007; Mr. Schopp—May 1, 2003 for 45,000

units and December 10, 2003 for 5,000 units. The Vesting Commencement Date applicable to all Class B-2 units in Holdings granted to each of the Named Executive Officers is August 10, 2007. Absent a termination of employment prior to full vesting of the awards (as described further below in the "—Potential Payments Upon Termination or Change of Control"), full vesting will occur on the fourth year anniversary of the applicable Vesting Commencement Date.

Options Awards

As reflected above in the "Grants of Plan-Based Awards for Year Ended December 31, 2009" table, each of the options granted to the Named Executive Officers were fully vested upon the date of grant. Prior to the November 2009 corporate reorganization, the boards of directors of the operating subsidiaries determined that certain Named Executive Officers would not receive the amount of compensation that the Compensation Committee had originally intended for such officers to receive pursuant to the settlement of previously granted equity-based compensation awards, particularly with respect to certain outstanding option awards. Therefore, to the extent that the applicable stock incentive plan had outstanding shares remaining available for issuance, certain Named Executive Officers were granted "in-the-money" options as an assurance that the officer would indeed receive the level of compensation that the Compensation Committee had originally intended. Immediately prior to the corporate reorganization and in connection with the termination of the stock incentive plans pursuant to which such options were granted, the options described in the table above were cancelled. As a result of the cancellation, each Named Executive Officer became entitled to receive a cash payment during fiscal 2010 from the applicable operating subsidiary that granted the officer that option equal to the difference between the fair market value per share of each such option and the exercise price per share, less applicable taxes.

Salary and Cash Incentive Awards in Proportion to Total Compensation

The following table sets forth the approximate percentage of each Named Executive Officer's total compensation that we paid in the form of base salary and annual cash incentive awards during fiscal 2009.

<u>Name</u>	<u>Percentage of Total Compensation</u>
Paul M. Rady	52%
Glen C. Warren, Jr.	58%
Kevin J. Kilstrom	50%
Robert E. Mueller	51%
Alvyn A. Schopp	58%

Outstanding Equity Awards Value at 2009 Fiscal Year-End

The following table provides information concerning stock that has not vested for our Named Executive Officers as of December 31, 2009. No stock options remained unvested as of December 31, 2009.

Outstanding Equity Awards as of December 31, 2009

Name	Stock Awards			
	Number of Shares of Units of Stock That Have Not Vested (#)	Market Value of Shares or Units of Stock That Have Not Vested(7) (\$)	Equity Incentive Plan Awards: Number of Unearned Shares, Units or Rights That Have Not Vested (#)	Equity Incentive Plan Awards: Market or Payout Value of Unearned Shares, Units or Other Rights That Have Not Vested(8) (\$)
Paul M. Rady				
<i>Restricted Award Units</i> (1)	—	\$ —	250,000(4)	\$ —
Glen C. Warren, Jr.				
<i>Restricted Award Units</i> (1)	—	\$ —	166,667(4)	\$ —
Kevin J. Kilstrom				
<i>Restricted Award Units</i> (1)	—	\$ —	100,000(6)	\$ —
<i>Restricted Award Units</i> (1)	—	\$ —	200,000(5)	\$ —

<i>Class B-3 Units</i> (2)	63,492(3)	\$ —	—	\$ —
<i>Class B-5 Units</i> (2)	30,769(3)	\$ —	—	\$ —
Robert E. Mueller				
<i>Restricted Award Units</i> (1)	—	\$ —	200,000(5)	\$ —
Alvyn A. Schopp				
<i>Restricted Award Units</i> (1)	—	\$ —	62,500(5)	\$ —

- (1) Represents the number of restricted Class A-2 and/or Class B-2 units in Holdings granted pursuant to the Holdings LLC Agreement. For more information concerning these awards, see the discussion above under "— Compensation Discussion and Analysis—Elements of Compensation—Long-Term Equity-Based Incentive Awards." As described below under "—Payments Upon Termination or Change in Control," the restricted unit awards may terminate or be subject to accelerated vesting upon the officer's termination of employment or the occurrence of certain corporate events. Please see footnotes 4, 5 and 6 below for a description of the vesting schedule for the awards that remained outstanding as of December 31, 2009.
- (2) Reflects awards that were originally issued by certain of the operating subsidiaries as restricted stock awards with respect to the subsidiary's Series C preferred stock and Series D, E, and F common stock. In connection with the November 2009 corporate reorganization, all awards were exchanged for Class I-3, B-1, B-3 and B-5 units in Antero. The vesting conditions associated with the original restricted stock awards were kept in place upon exchange. Please see footnote 3 below for a description of the awards that remained outstanding as of December 31, 2009.
- (3) Represents awards that were granted on August 10, 2007 with a vesting commencement date of August 10, 2007. The awards vested 20% upon issuance and the remaining portion will vest 20% on each of the first four anniversaries of the vesting commencement date.

- (4) Represents non-vested restricted unit awards that were granted on November 3, 2009 with a vesting commencement date of August 10, 2007. The awards vest 25% per year beginning on the first anniversary of the vesting commencement date.
- (5) Represents non-vested restricted unit awards that were granted on November 20, 2009 with a vesting commencement date of August 10, 2007. The awards vest 25% per year beginning on the first anniversary of the vesting commencement date.
- (6) Represents non-vested restricted unit awards that were granted on November 20, 2009 with a vesting commencement date of June 4, 2007. The awards vest 25% per year beginning on the first anniversary of the vesting commencement date.
- (7) The fair market value of each class of units in Antero was determined based on the aggregate gross asset values of the operating subsidiaries determined through the Appraisal and adjusted to reflect the distribution rights of Antero with respect to our units pursuant to Antero's LLC Agreement.
- (8) The fair market value per unit of each class of units in Holdings subject to the restricted unit awards was \$0.00 at the time of issuance of the awards. Therefore, there is no market value associated with the unvested portion of the awards.

Option Exercises and Stock Vested in Fiscal Year 2009

The following table provides information concerning each vesting of stock, including restricted stock, restricted stock units and similar instruments, during fiscal 2009 on an aggregated basis with respect to each of our Named Executive Officers. No options were exercised during fiscal 2009 because all options were terminated.

Option Exercises and Stock Vested for the Year Ended December 31, 2009

<u>Name</u>	<u>Stock Awards</u>	
	<u>Number of Shares Acquired on Vesting(1)</u> (#)	<u>Value Realized Upon Vesting(2)</u> (\$)
Paul M. Rady	—	\$ —
Glen C. Warren, Jr.	—	\$ —
Kevin J. Kilstrom		
Class I-3 Units(3)	4,000	\$ —
Class B-1 Units(3)	50,000	\$ —
Class B-3 Units(3)	31,746	\$ —
Class B-5 Units(3)	15,385	\$ —
Robert E. Mueller	—	\$ —
Alvyn A. Schopp		
Class I-3 Units(3)	6,000	\$ —
Class B-1 Units(3)	75,000	\$ —
Class B-3 Units(3)	21,429	\$ —
Class B-5 Units(3)	23,077	\$ —

- (1) The number of shares acquired on vesting represents the gross number of units vested. There were no payroll taxes withheld from these awards.

- (2) The value realized upon vesting was the gross number of units vested multiplied by the fair market value of the units. Because our units do not have a public market value and we do not measure the awards on a regular basis, the value realized upon vesting is the value at the point of the last measurement of our units, which was November 3, 2009, the date of the corporate reorganization. The fair market value per unit of each class of our units on that date was \$0.00.
- (3) Reflects awards that were originally issued by certain of the operating subsidiaries as restricted stock awards with respect to the subsidiary's Series C preferred stock and Series D, E, and F common stock. In connection with the November 2009 corporate reorganization, any vested awards were exchanged for Class I-3, B-1, B-3 and B-5 units in Antero. The vesting conditions associated with the original restricted stock awards were kept in place upon exchange.

Payments Upon Termination or Change in Control

Holdings Units. As described above, we do not maintain individual employment agreements, severance agreements or change in control agreements with the Named Executive Officers; however, each of the Named Executive Officers have been awarded certain units in Holdings that may be affected by the officer's termination of employment or the occurrence of certain corporate events. The impact of such a termination or corporate event upon the units is governed by the terms of both the individual award agreements issued to the officers in connection with the grant of the unit awards, as well as the Holdings LLC Agreement.

The Holdings LLC Agreement provides that upon the termination of a Named Executive Officer's employment with us by reason of death or "disability" (as defined below) or the occurrence of an "exit event" (as defined below) while the Named Executive Officer is employed by us, any unvested portion of the Holdings units granted to the Named Executive Officer will become vested; our termination of the Named Executive Officer's employment with or without "cause," as well as the officer's voluntary termination of employment, generally results in the forfeiture of all unvested Holdings units. In addition, a termination for "cause" results in a forfeiture of all vested units. Any unvested portion of the Holdings units granted to a Named Executive Officer may also become vested upon a "qualified IPO" (as defined below) or under such other circumstances and at such times as the Board of Directors of Holdings determines to be appropriate in its discretion.

The Holdings LLC Agreement also provides that upon the voluntary resignation of a Named Executive Officer or the occurrence of an exit event, any portion of the Holdings units granted to the officer that have vested as of the time of the applicable event are subject to repurchase at Holdings' option at a purchase price equal to the "fair market value" of such units, as determined by the unanimous resolution of the Board of Directors. Such amount may be paid by Holdings in cash or by promissory note. In addition to the acceleration of vesting described above, in the event of a qualified IPO, the Board of Directors of Holdings may, but is not required to, affect one of the following actions in its discretion: (1) require some or all of the Named Executive Officers to surrender some or all of their vested units in Holdings in exchange for an amount of cash or stock per unit equal to the fair market value of such units; (2) make appropriate adjustments to such units; or (3) require the forfeiture of any unvested Holdings units.

At the time of the repurchase of any unit awards in Holdings which occurs at the termination of the employee's employment relationship with us or any of our subsidiaries, any amounts received as a transaction bonus award that have not already been offset against previous unit distributions will be offset against the purchase price to be paid by Holdings for the repurchase of such units.

Under the Holdings LLC Agreement, a Named Executive Officer will be considered to have incurred a "disability" if the officer becomes incapacitated by accident, sickness or other circumstance

that renders the officer mentally or physically incapable of performing the officer's duties with us on a full-time basis for a period of at least 120 days during any 12-month period. A termination for "cause" will occur following an employee's (1) gross negligence or willful misconduct, (2) conviction of a felony or a crime involving theft, fraud or moral turpitude, (3) refusal to perform material duties or responsibilities, (4) willful and material breach of a corporate policy or code of conduct or (5) willfully engagement in conduct that damages the integrity, reputation or financial success of Antero or any of its affiliates. Further, an "exit event" generally includes the sale of our company, in one transaction or a series of related transactions, whether structured (1) as a sale or other transfer of all or substantially all of our units (including by way of merger, consolidation, share exchange, or similar transaction); or (2) the sale or other transfer of all or substantially all of our assets promptly followed by a dissolution and liquidation of our company; or (3) a combination of both. A "qualified IPO" means the offering and sale of equity interests or securities in Antero or one of its subsidiaries in a firm commitment underwritten public offering registered under the Securities Act of 1933, as amended, that results in (1) aggregate cash proceeds of not less than \$50,000,000 (without deducting underwriting discounts, expenses, and commissions) and (2) the listing of such interests or securities on the New York Stock Exchange, the NYSE Euronext or the Nasdaq Stock Market.

Antero Units. At the time of the 2009 reorganization, Mr. Kilstrom was the only Named Executive Officer that held outstanding unvested restricted stock awards with respect to the operating subsidiaries' Series C preferred stock and Series D, E, and F common stock. Pursuant to the Contribution Agreement entered into as of November 3, 2009 among Antero, each of the operating subsidiaries, certain institutional investors of the operating subsidiaries and members of our management team, these awards were exchanged for Class I-3, B-1, B-3 and B-5 units in Antero and the units retained the same vesting schedules as the original awards. Thus, half of Mr. Kilstrom's Class I-3, B-1, B-3 and B-5 units that remain outstanding will vest on August 10, 2010, and the remaining half will vest on August 10, 2011, subject to certain forfeiture restrictions described below.

The Antero units Mr. Kilstrom received in connection with such exchange will also vest in accordance with the terms and conditions contained within the Antero limited liability company agreement. Upon Mr. Kilstrom's death or "disability," any unvested units will immediately vest. In the event Mr. Kilstrom is terminated without "cause," or he voluntarily resigns, his unvested Antero units will become subject to repurchase at his original cost for such units, if any. Mr. Kilstrom's termination for "cause" will subject his units to repurchase at their original cost. Any vested units in Antero that Mr. Kilstrom holds upon his voluntary resignation will also be subject to repurchase, although such a repurchase would occur at the fair market value of the units at the time of repurchase rather than his original cost for the units. The terms "disability" and "cause" are defined in the Antero limited liability company agreement based on the meanings ascribed to such terms in the Holdings LLC Agreement described above.

All time-based vesting restrictions will also lapse with respect to Mr. Kilstrom's Antero units upon the occurrence of a change of control. The Antero limited liability company agreement generally defines a "change of control" as (1) the disposition of Antero's membership interests, a merger or similar transaction that results in Antero's members immediately prior to the transaction no longer representing a majority of Antero's membership immediately following such transaction, (2) the sale of all or substantially all of Antero's assets, or (3) the consolidation or other form of reorganization that results in Antero's membership interests being exchanged for (or converted into) cash, securities or other property of an entity in which the Antero members do not also own a majority of the voting power. However, in the event Antero conducts a public offering of its interests, certain members of Antero may, in accordance with the terms of the Antero limited liability company agreement, determine that such a transaction does not constitute a change of control.

Potential Payments Upon Termination or Change in Control Table for Fiscal 2009

The information set forth in the table below is based on the assumption that the applicable triggering event occurred on December 31, 2009, the last business day of fiscal 2009. Accordingly, the information reported in the table is our best estimation of our obligations to each Named Executive Officer and will only be determinable with any certainty upon the occurrence of the applicable event. In order to provide the most accurate information possible, neither the acceleration of vesting nor any repurchase rights that are subject to the absolute discretion of either Holdings' or Antero's Board of Directors have been taken into account for purposes of calculating the values set forth in the table below. Note, however, that because the fair market value per unit of each applicable unit in Holdings and Antero was \$0.00 on December 31, 2009, we would not have had any financial obligation to provide benefits to any of the Named Executive Officers upon a termination of employment by reason of death or disability nor upon the occurrence of an exit event as of December 31, 2009.

<u>Name</u>	<u>Termination of Employment by Reason of Death or Disability</u>	<u>Occurrence of an Exit Event or a Change of Control</u>

- (1) The numbers of unvested Holdings Class B-2 units that would have been subject to accelerated vesting as of December 31, 2009 for each of the officers above are as follows: Mr. Rady—250,000; Mr. Warren—166,667; Mr. Mueller—200,000; Mr. Kilstrom—100,000; and Mr. Schopp—62,500.
- (2) The number of unvested Holdings Class A-2 units that would have been subject to accelerated vesting as of December 31, 2009 for Mr. Kilstrom was 200,000.
- (3) Mr. Kilstrom held 8,000 Class I-3 units, 100,000 Class B-1 units, 63,492 Class B-3 units, and 30,769 Class B-5 units in Antero that could have potentially been subject to accelerated vesting as of December 31, 2009

Compensation of Directors

The employee and non-employee members of the Board of Directors do not receive compensation for their services as directors. However, our directors may be reimbursed for their expenses in attending board meetings.

Corporate Governance Matters

Our board of directors has appointed an audit committee and a compensation committee. Messrs. Kagan, Keenan and Manning serve as the members of those committees. Because the registration statement of which this prospectus forms a part registers only debt securities and because we do not have and are not seeking to list any securities on a national securities exchange or on an inter-dealer quotation system, we are not subject to a number of the corporate governance requirements of the SEC or of any national securities exchange or inter-dealer quotation system. For example, we are not required to have a board of directors comprised of a majority of independent directors or to have an audit committee comprised of independent directors. Accordingly, our board of directors has not made any determination as to whether any of the members of our board of directors or committees thereof would qualify as independent under the listing standards of any national securities exchange or any inter-dealer quotation system or under any other independence definition.

Compensation Committee Interlocks and Insider Participation

None of our executive officers has served as a director or member of the compensation committee of any other entity whose executive officers served as a director or member of our compensation committee.

Certain Relationships and Related Party Transactions

To date, our equity investors, including our Chief Executive Officer and our President, Chief Financial Officer and Secretary, have invested approximately \$1.4 billion in us. For a description of our ownership structure and the ownership of the equity interests in Antero by its principal equity holders and by our directors and executive officers, see "Business—Corporate Sponsorship and Structure" and "Our Principal Owners." We do not currently have any formal policy with respect to the review and approval of related party transactions.

Antero Limited Liability Company Agreement

Antero was formed in connection with our November 2009 corporate reorganization. The limited liability company agreement of Antero provides for a number of different classes of units, which are owned by Antero's equity investors and employees. Under Antero's limited liability company agreement, if Antero proposes to issue certain additional equity securities prior to any initial public offering of its equity securities, certain of the existing holders of Antero's units who are "accredited investors" under the Securities Act will have the right to purchase a pro rata amount of such securities. Certain of the units are subject to rights of first refusal held by Antero and the other members. In addition, if, after complying with the applicable rights of first refusal, any member seeks to sell any units, the terms of such sale must include, from the third party buyer, an offer to purchase, on the same terms, a proportional number of units of the same class of units to be sold by such selling member from each member that holds units of the class that the selling member is proposing to sell. Furthermore, if holders of at least 69% of certain classes of units and the director designated by Warburg Pincus approve a sale of Antero, then all members will be required both to approve the sale and to agree to sell all of their units on the terms and conditions of such approved sale.

None of Antero's outstanding units are entitled to current cash distributions or are convertible into indebtedness, and Antero has no obligation to repurchase these units at the election of the unitholders. Although Antero is required to make quarterly distributions to cover any income taxes allocated to each unitholder, the unitholders have no other rights to cash distributions (except in the case of certain liquidation events). We do not anticipate making any such tax distributions in the foreseeable future. Pursuant to the terms of Antero's limited liability company agreement, upon certain liquidation events, units held by our private equity sponsors and institutional investors are entitled to receive, prior to any

amounts received by other unitholders, an amount equal to the initial purchase price of such units plus a special distribution with respect to such units and will continue to participate on a pro rata basis with other unitholders in any excess funds available in liquidation.

The board of directors of Antero currently consists of five members who have been designated in accordance with Antero's limited liability company agreement. Each of Warburg Pincus, Yorktown Energy Partners and Trilantic Capital Partners currently has the right to designate one director to the board of directors of Antero. The remaining two members of Antero's board of directors are our Chief Executive Officer and our Chief Financial Officer. Warburg Pincus currently has the right to designate one additional member of Antero's board of directors after consultation with the management directors and the other investors in Antero.

Antero Resources Employee Trust

Concurrent with the closing of the November 2009 corporate reorganization, Antero issued profits interests to Antero Resources Employee Trust, LLC, a newly formed Delaware limited liability company, owned solely by certain of our officers and employees. These profits interests only participate in distributions upon liquidation events meeting certain requisite financial return thresholds. In turn, Antero Resources Employee Trust issued similar profits interests to certain of our officers and employees.

Registration Rights Agreement

In connection with the November 2009 restructuring, Antero entered into a registration rights agreement with its members pursuant to which Antero granted certain demand and "piggyback" registration rights to such members.

Under the registration rights agreement, a requisite number of members of Antero may at any time prior to the earlier to occur of an initial public offering by Antero of its equity securities or August 10, 2010, require Antero to file a registration statement for the public sale of their equity securities in Antero. In addition, if, any time after an initial public offering of its equity securities, Antero proposes to file a registration statement with respect to an offering of its equity securities, each of the members will have the right to include his or its equity securities in that offering. The underwriters of any underwritten offering will have the right to limit the number of equity securities of the members to be included in such underwritten offering.

We will pay all expenses relating to any demand or piggyback registration, except for underwriters' or brokers' commission or discounts. The securities covered by the registration rights agreement will no longer be registrable under the registration rights agreement if they have been sold to the public either pursuant to a registration statement or under Rule 144 promulgated under the Securities Act or are otherwise eligible for resale pursuant to Rule 144(b) under the Securities Act.

OUR PRINCIPAL OWNERS

The five operating subsidiaries together own all of the outstanding shares of common stock of the issuer. Antero owns all of the outstanding shares of common stock of each of the five operating subsidiaries.

The following table sets forth the number of voting units in Antero beneficially owned by (1) all persons who, to the knowledge of our management team, beneficially own more than 5% of the outstanding voting units of Antero, (2) each current director of Antero, (3) Antero's named executive officers and (4) all current directors and executive officers of Antero as a group. This information reflects our November 2009 corporate restructuring and equity placements. See "Business—Corporate Sponsorship and Structure."

- (1) The holdings of Warburg Pincus are held by WP Antero LLC. WP Antero LLC is a subsidiary of Warburg Pincus Private Equity X, L.P., Warburg Pincus Private Equity VIII, L.P. and certain of their affiliated funds, which we collectively refer to as the Warburg Pincus Funds, all of which are managed by Warburg Pincus LLC. Warburg Pincus & Co. is the indirect general partner of Warburg Pincus Funds.
- (2) The holdings of Yorktown Energy Partners are collectively held by Yorktown Energy Partners V, L.P., Yorktown Energy Partners VI, L.P., Yorktown Energy Partners VII, L.P. and Yorktown Energy Partners VIII, L.P.
- (3) The holdings of Trilantic Capital Partners are collectively held by investment vehicles and individuals affiliated with Trilantic Capital Partners III L.P. and Trilantic Capital Partners IV L.P.
- (4) Peter R. Kagan, one of our directors, is a general partner of Warburg Pincus & Co., a managing director and member of Warburg Pincus LLC and a limited partner of certain Warburg Pincus Funds. Mr. Kagan was elected to our board of directors as a Warburg Pincus designee. Mr. Kagan disclaims beneficial ownership of all units owned by the Warburg Pincus entities.
- (5) W. Howard Keenan, Jr., one of our directors, is a member and a manager of the general partner of and a limited partner of each of Yorktown Energy Partners V, L.P., Yorktown Energy Partners VI, L.P., Yorktown Energy Partners VII, L.P. and Yorktown Energy Partners VIII, L.P. and holds all securities received as director compensation for the benefit of those entities. Mr. Keenan disclaims beneficial ownership of all such securities

as well as those held by Yorktown Energy Partners V, L.P., Yorktown Energy Partners VI, L.P., Yorktown Energy Partners VII, L.P. and Yorktown Energy Partners VIII, L.P. except to the extent of his pecuniary interest therein. Mr. Keenan was elected to our board of directors as a Yorktown Energy Partners designee.

- (6) Christopher R. Manning, one of our directors, is partner of Trilantic Capital Partners. Mr. Manning was elected to our board of directors as a Trilantic Capital Partners designee. Mr. Manning disclaims beneficial ownership of all units owned by the Trilantic Capital Partners entities.
 - (7) Mr. Rady, our Chief Executive Officer and Chairman of the Board and one of our directors, is the managing member of Salisbury Investment Holdings, LLC and the holdings of Mr. Rady indicated above include both the direct personal holdings of Mr. Rady and the holdings of Salisbury Investment Holdings, LLC.
 - (8) Mr. Warren, our President, Chief Financial Officer and Secretary and one of our directors, is the managing member of Canton Investment Holdings, LLC and the holdings of Mr. Warren indicated above include both the direct personal holdings of Mr. Warren and the holdings of Canton Investment Holdings, LLC.
- * Less than one percent.

DESCRIPTION OF NOTES

We will issue the new Notes under an indenture dated as of November 17, 2009 (the "Indenture"), among us, the Parent Guarantor, the Subsidiary Guarantors and Wells Fargo Bank, National Association, as trustee (the "Trustee"). On November 17, 2009, we issued \$375 million principal amount of Notes under the Indenture. On January 19, 2010, we issued an additional \$150 million principal amount of Notes, which are Additional Notes (as defined below) under the Indenture, which are treated together with the previously issued Notes as a single series of debt securities. References to the "Notes" in this "Description of Notes" include both the outstanding Notes and the Notes offered hereby. References in this "Description of Notes" to "Issue Date" mean November 17, 2009, the date on which the initial Notes were issued. The terms of the Notes include those expressly set forth in the Indenture and those made part of the Indenture by reference to the Trust Indenture Act of 1939, as amended (the "Trust Indenture Act"). The Indenture is unlimited in aggregate principal amount. We may issue an unlimited principal amount of additional Notes having identical terms and conditions as the Notes (the "Additional Notes"). We will only be permitted to issue such Additional Notes in compliance with the covenant described under the subheading "—Certain Covenants—Limitation on Indebtedness and Preferred Stock." Any Additional Notes will be part of the same series as the Notes that will vote on all matters with the holders of the Notes. Unless the context otherwise requires, for all purposes of the Indenture and this "Description of Notes," references to the Notes include the new Notes and the old Notes and any Additional Notes actually issued.

This "Description of Notes" is intended to be a useful overview of the material provisions of the Notes and the Indenture. Since this description is only a summary, you should refer to these documents for a complete description of the obligations of the Issuer and the Guarantors and your rights. A copy of the Indenture has been filed as an exhibit to the registration statement of which the prospectus is a part.

You will find the definitions of capitalized terms used in this "Description of Notes" under the heading "—Certain Definitions." For purposes of this description, references to "the Issuer," "we," "our" and "us" refer only to Antero Resources Finance Corporation, the issuer of the Notes, and references to "the Parent Guarantor" refer only to Antero Resources LLC and not to any of its subsidiaries.

The registered holder of a new Note will be treated as the owner of it for all purposes. Only registered holders of the Notes have rights under the Indenture, and all references to "holders" in this description are to registered holders of the Notes.

If the exchange offer contemplated by this prospectus is consummated, holders of old Notes who do not exchange those Notes for new Notes in the exchange offer will vote together with holders of new Notes for all relevant purposes under the Indenture. In that regard, the Indenture requires that certain actions by the holders thereunder must be taken, and certain rights must be exercised, by specified minimum percentages of the aggregate principal amount of the outstanding securities issued under the Indenture. In determining whether holders of the requisite percentage in principal amount have given any notice, consent or waiver or taken any other action permitted under the Indenture, any old Notes that remain outstanding after the exchange offer will be aggregated with the new Notes, and the holders of such old Notes and the new Notes will vote together as a single class for all such purposes. Accordingly, all references herein to specified percentages in aggregate principal amount of the Notes outstanding shall be deemed to mean, at any time after the exchange offer is consummated, such percentages in aggregate principal amount of the old Notes and the new Notes then outstanding.

General

The New Notes. The new Notes:

- will be general unsecured, senior obligations of the Issuer;
- will mature on December 1, 2017;
- will be issued in denominations of \$2,000 and integral multiples of \$1,000 in excess of \$2,000;
- will be represented by one or more registered Notes in global form, but in certain circumstances may be represented by Notes in definitive form, see "—Book-Entry; Delivery and Form";
- will rank senior in right of payment to any future Subordinated Obligations of the Issuer;
- will rank equally in right of payment to any other senior Indebtedness of the Issuer (including the Issuer's guarantee under the Senior Secured Credit Agreement), without giving effect to collateral arrangements;
- will be initially unconditionally guaranteed on a senior unsecured basis by the Parent Guarantor and each current wholly-owned Subsidiary of the Parent Guarantor, see "—Guarantees"; and
- will effectively rank junior to any future secured Indebtedness of the Issuer, to the extent of the value of the collateral securing such Indebtedness.

The Guarantees. Initially, the Parent Guarantor and all of its wholly-owned Subsidiaries (other than the Issuer) will unconditionally guarantee the new Notes on a senior unsecured basis. Each Guarantee of the new Notes:

- will be general unsecured, senior obligations of the Guarantor;
- will rank senior in right of payment to any future Guarantor Subordinated Obligations of the Guarantor;
- will rank equally in right of payment to any other existing and future senior Indebtedness of the Guarantor, without giving effect to collateral arrangements;
- will effectively rank junior to all existing and future secured Indebtedness of the Guarantor, including any borrowings and guarantees under the Senior Secured Credit Agreement, to the extent of the value of the collateral securing such Indebtedness; and
- will effectively rank junior to all future Indebtedness of any non-guarantor Subsidiary of the Guarantor.

Currently, all of the Subsidiaries of the Parent Guarantor are Subsidiary Guarantors (except for the Issuer and Centrahoma Processing LLC, a 60% owned Subsidiary), and all of the Subsidiaries of the Parent Guarantor (including Centrahoma Processing LLC) are Restricted Subsidiaries. Certain future Subsidiaries of the Parent Guarantor may not be required to guarantee the Notes. See "—Certain Covenants—Future Subsidiary Guarantors." Also, under the circumstances described below in the definition of "Unrestricted Subsidiary" under the heading "—Certain Definitions," the Parent Guarantor may designate certain of its Subsidiaries as "Unrestricted Subsidiaries." Unrestricted Subsidiaries will not guarantee the Notes and will not be subject to the restrictive covenants in the Indenture. As of December 31, 2009, the only non-guaranteeing Subsidiary, Centrahoma Processing LLC, had no outstanding Indebtedness and held less than 4% of the Parent Guarantor's consolidated total assets.

Interest. Interest on the new Notes will:

- accrue at the rate of 9.375% per annum;

[Table of Contents](#)

- accrue from the Issue Date or, if interest has already been paid on the Notes, from the most recent interest payment date;
- be payable in cash semi-annually in arrears on June 1 and December 1, commencing on June 1, 2010;
- be payable to the holders of record on the May 15 and November 15 immediately preceding the related interest payment dates; and
- be computed on the basis of a 360-day year comprised of twelve 30-day months.

If an interest payment date falls on a day that is not a Business Day, the interest payment to be made on such interest payment date will be made on the next succeeding Business Day with the same force and effect as if made on such interest payment date, and no additional interest will accrue as a result of such delayed payment. The Issuer will pay interest on overdue principal of the new Notes at the above rate, and overdue installments of interest at such rate, to the extent lawful.

Payments on the Notes; Paying Agent and Registrar

We will pay principal of, premium, if any, and interest on the Notes at the office or agency designated by us in the City and State of New York, except that we may, at our option, pay interest on the Notes by check mailed to holders of the Notes at their registered address as it appears in the registrar's books. We have initially designated the corporate trust office of the Trustee in Minneapolis, Minnesota to act as our paying agent and its corporate trust office in Dallas, Texas to act as registrar. We may, however, change the paying agent or registrar without prior notice to the holders of the Notes, and the Parent Guarantor or any of its Restricted Subsidiaries may act as paying agent or registrar.

We will pay principal of, premium, if any, and interest on, Notes in global form registered in the name of or held by The Depository Trust Company or its nominee in immediately available funds to The Depository Trust Company or its nominee, as the case may be, as the registered holder of such global Note.

Transfer and Exchange

A holder may transfer or exchange Notes in accordance with the Indenture. The registrar and the Trustee may require a holder, among other things, to furnish appropriate endorsements and transfer documents in connection with a transfer of Notes. No service charge will be imposed by the Issuer, the Trustee or the registrar for any registration of transfer or exchange of Notes, but the Issuer may require a holder to pay a sum sufficient to cover any transfer tax or other governmental taxes and fees required by law or permitted by the Indenture. The Issuer is not required to transfer or exchange any Note selected for redemption. Also, the Issuer is not required to transfer or exchange any Note for a period of 15 days before a selection of Notes to be redeemed.

The registered holder of a Note will be treated its owner for all purposes.

Optional Redemption

On and after December 1, 2013, we may redeem all or, from time to time, a part of the Notes upon not less than 30 nor more than 60 days' notice, at the following redemption prices (expressed as a percentage of principal amount of the Notes), plus accrued and unpaid interest on the Notes, if any, to the applicable redemption date (subject to the right of holders of record on the relevant record date to

[Table of Contents](#)

receive interest due on the relevant interest payment date), if redeemed during the 12-month period beginning on December 1 of the years indicated below:

<u>Year</u>	<u>Percentage</u>
2013	104.688%
2014	102.344%
2015 and thereafter	100.000%

On or prior to December 1, 2012, we may, at our option, on any one or more occasions redeem up to 35% of the aggregate principal amount of the Notes (including Additional Notes) issued under the Indenture with the Net Cash Proceeds of one or more Equity Offerings at a redemption price of 109.375% of the principal amount thereof, plus accrued and unpaid interest, if any, to the redemption date (subject to the right of holders of record on the relevant record date to receive interest due on the relevant interest payment date); *provided* that

- (1) at least 65% of the aggregate principal amount of the Notes (including Additional Notes) issued under the Indenture remains outstanding after each such redemption; and
- (2) the redemption occurs within 180 days after the closing of the related Equity Offering.

In addition, the Notes may be redeemed, in whole or in part, at any time prior to December 1, 2013 at the option of the Issuer upon not less than 30 nor more than 60 days' prior notice mailed by first-class mail to each holder of Notes at its registered address, at a redemption price equal to 100% of the principal amount of the Notes redeemed plus the Applicable Premium as of, and accrued and unpaid interest to, the applicable redemption date (subject to the right of holders of record on the relevant record date to receive interest due on the relevant interest payment date).

"Applicable Premium" means, with respect to any Note on any applicable redemption date, the greater of:

- (1) 1.0% of the principal amount of such Note; or
- (2) the excess, if any, of:
 - (a) the present value at such redemption date of (i) the redemption price of such Note at December 1, 2013 (such redemption price being set forth in the table appearing in the first paragraph of this "Optional redemption" section) plus (ii) all required interest payments (excluding accrued and unpaid interest to such redemption date) due on such Note through December 1, 2013 computed using a discount rate equal to the Treasury Rate as of such redemption date plus 50 basis points; over
 - (b) the principal amount of such Note.

"Treasury Rate" means, as of any redemption date, the yield to maturity at the time of computation of United States Treasury securities with a constant maturity (as compiled and published in the most recent Federal Reserve Statistical Release H.15 (519) which has become publicly available at least two Business Days prior to the redemption date (or, if such Statistical Release is no longer published, any publicly available source of similar market data)) most nearly equal to the period from the redemption date to December 1, 2013; *provided, however*, that if the period from the redemption date to December 1, 2013 is not equal to the constant maturity of a United States Treasury security for which a weekly average yield is given, the Treasury Rate shall be obtained by linear interpolation (calculated to the nearest one-twelfth of a year) from the weekly average yields of United States Treasury securities for which such yields are given, except that if the period from the redemption date to December 1, 2013 is less than one year, the weekly average yield on actually traded United States Treasury securities adjusted to a constant maturity of one year shall be used. The Issuer will (a) calculate the Treasury Rate as of the second Business Day preceding the applicable redemption

date and (b) prior to such redemption date file with the Trustee an Officers' Certificate setting forth the Applicable Premium and the Treasury Rate and showing the calculation of each in reasonable detail.

Selection and Notice

If the Issuer is redeeming less than all of the outstanding Notes, the Trustee will select the Notes for redemption in compliance with the requirements of the principal national securities exchange, if any, on which the Notes are listed or, if the Notes are not listed, then on a pro rata basis, by lot or by such other method as the Trustee in its sole discretion will deem to be fair and appropriate, although no Note of \$2,000 in original principal amount or less will be redeemed in part. If any Note is to be redeemed in part only, the notice of redemption relating to such Note will state the portion of the principal amount thereof to be redeemed. A new Note in principal amount equal to the unredeemed portion thereof will be issued in the name of the holder thereof upon cancellation of the partially redeemed Note. On and after the redemption date, interest will cease to accrue on Notes or the portion of them called for redemption unless we default in the payment thereof.

Mandatory Redemption; Offers to Purchase; Open Market Purchases

We are not required to make mandatory redemption payments or sinking fund payments with respect to the Notes. However, under certain circumstances, we may be required to offer to purchase Notes as described under the captions "—Change of Control" and "—Certain Covenants—Limitation on Sales of Assets and Subsidiary Stock."

The Parent Guarantor and its Subsidiaries may acquire Notes by means other than a redemption or required repurchase, whether by tender offer, open market purchases, negotiated transactions or otherwise, in accordance with applicable securities laws, so long as such acquisition does not otherwise violate the terms of the Indenture. However, other existing or future agreements of the Parent Guarantor or its Subsidiaries may limit the ability of the Parent Guarantor or its Subsidiaries to purchase Notes prior to maturity.

Ranking

The new Notes, like the old Notes, will be general unsecured obligations of the Issuer that rank senior in right of payment to any of its future Indebtedness that is expressly subordinated in right of payment to the Notes. The new Notes will rank equally in right of payment with all other Indebtedness of the Issuer that is not so subordinated and will be effectively subordinated to any of its future secured Indebtedness, to the extent of the value of the collateral securing such Indebtedness.

The obligations of each of the Guarantors under the Guarantees for the Notes will rank equally in right of payment with all other Indebtedness of such Guarantor, except to the extent such other Indebtedness is expressly subordinated in right of payment to the obligations arising under its Guarantee. However, such obligations will effectively rank junior to all existing and future secured Indebtedness of the Guarantors (including any borrowings and guarantees under the Senior Secured Credit Agreement), to the extent of the value of the collateral securing such Indebtedness. In the event of bankruptcy, liquidation, reorganization or other winding up of the Parent Guarantor or the Subsidiary Guarantors, or upon a default in payment with respect to, or the acceleration of, any Indebtedness under the Senior Secured Credit Agreement or other secured Indebtedness, the assets of the Parent Guarantor and the Subsidiary Guarantors that secure secured Indebtedness will be available to pay obligations on the Notes and the Guarantees only after all Indebtedness under the Senior Secured Credit Agreement and other secured Indebtedness has been repaid in full from such assets. In addition, in the event of bankruptcy, liquidation, reorganization or other winding up of a non-guarantor Subsidiary, the assets of such Subsidiary will be available to pay obligations on the Notes and the

Guarantees only after all obligations of such Subsidiary have been repaid in full from such assets. We advise you that there may not be sufficient assets remaining to pay amounts due on any or all the Notes and the Guarantees then outstanding.

As of December 31, 2009, after giving effect to the January 2010 offering of the Notes and the application of net proceeds therefrom:

- we, the Parent Guarantor and the Subsidiary Guarantors would have had approximately \$529 million of total Indebtedness (excluding Hedging Obligations and letters of credit outstanding under the Senior Secured Credit Agreement); and
- of the \$529 million of such total Indebtedness, none would have constituted secured Indebtedness under the Senior Secured Credit Agreement, but letters of credit aggregating approximately \$3 million would have been outstanding thereunder, as to which the Subsidiary Guarantees would have been effectively subordinated to the extent of the value of the collateral securing such Indebtedness, and the Subsidiary Guarantors would have had additional availability of approximately \$366 million under the Senior Secured Credit Agreement.

Guarantees

The Parent Guarantor and the Subsidiary Guarantors have, jointly and severally, fully and unconditionally guaranteed on a senior unsecured basis our obligations under the Notes and all obligations under the Indenture. The obligations of each of the Guarantors under the Guarantees rank equally in right of payment with all other Indebtedness of such Guarantor, except to the extent such other Indebtedness is expressly subordinated in right of payment to the obligations arising under its Guarantee.

As of December 31, 2009, after giving effect to our November 2009 corporate reorganization and equity placements (the proceeds of which were used to repay borrowings outstanding under our Senior Secured Credit Agreement) and the January 2010 offering of the Notes and the application of net proceeds therefrom, the Guarantors would have had approximately \$529 million of total Indebtedness (excluding Hedging Obligations and letters of credit outstanding under the Senior Secured Credit Agreement), consisting of capital leases of approximately \$1 million and unsecured guarantees of \$528 million under the Notes.

Although the Indenture limits the amount of Indebtedness that the Parent Guarantor and its Restricted Subsidiaries may Incur, such Indebtedness may be substantial and such limitation is subject to a number of significant qualifications. Moreover, the Indenture does not impose any limitation on the Incurrence by such Persons of liabilities that are not considered Indebtedness under the Indenture. See "— Certain Covenants—Limitation on Indebtedness and Preferred Stock."

The obligations of each Guarantor under its Guarantee will be limited as necessary to prevent that Guarantee from constituting a fraudulent conveyance or fraudulent transfer under applicable law, although no assurance can be given that a court would give the holder the benefit of such provision. See "Risk Factors—Risks Relating to Investment in the Notes—Any guarantees of the notes by Antero or the operating subsidiaries could be deemed fraudulent conveyances under certain circumstances, and a court may subordinate or void the guarantees." If a Guarantee were rendered voidable, it could be subordinated by a court to all other indebtedness (including guarantees and other contingent liabilities) of the applicable Guarantor, and, depending on the amount of such indebtedness, a Guarantor's liability on its Guarantee could be reduced to zero. If the obligations of a Guarantor under its Guarantee were avoided, holders of Notes would have to look to the assets of any remaining Guarantors for payment. There can be no assurance in that event that such assets would suffice to pay the outstanding principal and interest on the Notes.

[Table of Contents](#)

In the event a Subsidiary Guarantor is sold or disposed of (whether by merger, consolidation, the sale of its Capital Stock or the sale of all or substantially all of its assets (other than by lease)) and whether or not the Subsidiary Guarantor is the surviving entity in such transaction to a Person which is not the Parent Guarantor or a Restricted Subsidiary of the Parent Guarantor, such Subsidiary Guarantor will be released from its obligations under its Subsidiary Guarantee if the sale or other disposition does not violate the covenants described under "—Certain Covenants—Limitation on Sales of Assets and Subsidiary Stock."

In addition, a Subsidiary Guarantor will be released from its obligations under the Indenture and its Subsidiary Guarantee, upon the release or discharge of the guarantee of other Indebtedness that resulted in the creation of such Subsidiary Guarantee pursuant to clause (b) of the covenant described under "—Certain Covenants—Future Subsidiary Guarantors," except a release or discharge by or as a result of payment under such guarantee; if the Parent Guarantor designates such Subsidiary as an Unrestricted Subsidiary and such designation complies with the other applicable provisions of the Indenture or in connection with any covenant defeasance, legal defeasance or satisfaction and discharge of the Notes as provided below under the captions "—Defeasance" and "—Satisfaction and Discharge." The Parent Guarantor will be released from its obligations under the Indenture and the Parent Guarantee only in connection with any such legal defeasance or satisfaction and discharge of the Notes.

Change of Control

If a Change of Control occurs, unless the Issuer has previously or concurrently exercised its right to redeem all of the Notes as described under "—Optional Redemption," each holder will have the right to require the Issuer to repurchase all or any part (equal to \$2,000 or an integral multiple of \$1,000 in excess of \$2,000) of such holder's Notes at a purchase price in cash equal to 101% of the principal amount of the Notes plus accrued and unpaid interest, if any, to the date of purchase (subject to the right of holders of record on the relevant record date to receive interest due on the relevant interest payment date).

Within 30 days following any Change of Control, unless we have previously or concurrently exercised our right to redeem all of the Notes as described under "—Optional Redemption," we will mail a notice (the "Change of Control Offer") to each holder, with a copy to the Trustee, stating:

- (1) that a Change of Control has occurred and that such holder has the right to require us to purchase such holder's Notes at a purchase price in cash equal to 101% of the principal amount of such Notes plus accrued and unpaid interest, if any, to the date of purchase (subject to the right of holders of record on a record date to receive interest on the relevant interest payment date) (the "Change of Control Payment");
- (2) the repurchase date (which shall be no earlier than 30 days nor later than 60 days from the date such notice is mailed) (the "Change of Control Payment Date");
- (3) that any Note not properly tendered will remain outstanding and continue to accrue interest;
- (4) that unless we default in the payment of the Change of Control Payment, all Notes accepted for payment pursuant to the Change of Control Offer will cease to accrue interest on the Change of Control Payment Date;
- (5) that holders electing to have any Notes purchased pursuant to a Change of Control Offer will be required to surrender such Notes, with the form entitled "Option of Holder to Elect Purchase" on the reverse of such Notes in certificated form completed, to the paying agent specified in the notice at the address specified in the notice prior to the close of business on the third Business Day preceding the Change of Control Payment Date;

[Table of Contents](#)

- (6) that holders will be entitled to withdraw their tendered Notes and their election to require us to purchase such Notes, provided that the paying agent receives, not later than the close of business on the third Business Day preceding the Change of Control Payment Date, a telegram, telex, facsimile transmission or letter setting forth the name of the holder of the Notes, the principal amount of Notes tendered for purchase, and a statement that such holder is withdrawing its tendered Notes and its election to have such Notes purchased;
- (7) that if we are repurchasing a portion of the Note of any holder, the holder will be issued a new Note equal in principal amount to the unpurchased portion of the Note surrendered, *provided* that the unpurchased portion of the Note must be equal to a minimum principal amount of \$2,000 and an integral multiple of \$1,000 in excess of \$2,000; and
- (8) the procedures determined by us, consistent with the Indenture, that a holder must follow in order to have its Notes repurchased.

On the Change of Control Payment Date, the Issuer will, to the extent lawful:

- (1) accept for payment all Notes or portions of Notes (in a minimum principal amount of \$2,000 and integral multiples of \$1,000 in excess of \$2,000) properly tendered pursuant to the Change of Control Offer and not properly withdrawn;
- (2) deposit with the paying agent an amount equal to the Change of Control Payment in respect of all Notes or portions of Notes accepted for payment; and
- (3) deliver or cause to be delivered to the Trustee the Notes so accepted together with an Officers' Certificate stating the aggregate principal amount of Notes or portions of Notes being purchased by the Issuer.

The paying agent will promptly mail or deliver to each holder of Notes accepted for payment the Change of Control Payment for such Notes, and the Trustee will promptly authenticate and mail (or cause to be transferred by book entry) to each holder a new Note equal in principal amount to any unpurchased portion of the Notes surrendered, if any; *provided* that each such new Note will be in a minimum principal amount of \$2,000 or an integral multiple of \$1,000 in excess of \$2,000.

If the Change of Control Payment Date is on or after an interest record date and on or before the related interest payment date, any accrued and unpaid interest, will be paid to the Person in whose name a Note is registered at the close of business on such record date, and no further interest will be payable to holders who tender pursuant to the Change of Control Offer.

The Change of Control provisions described above will be applicable whether or not any other provisions of the Indenture are applicable. Except as described above with respect to a Change of Control, the Indenture does not contain provisions that permit the holders to require that the Parent Guarantor or any Subsidiary repurchase or redeem the Notes in the event of a takeover, recapitalization or similar transaction.

We will not be required to make a Change of Control Offer upon a Change of Control if the Parent Guarantor or any other Person makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in the Indenture applicable to a Change of Control Offer made by us and purchases all Notes validly tendered and not withdrawn under such Change of Control Offer.

A Change of Control Offer may be made in advance of a Change of Control, and conditioned upon the occurrence of a Change of Control, if a definitive agreement is in place for the Change of Control at the time of making the Change of Control Offer.

We will comply, to the extent applicable, with the requirements of Rule 14e-1 of the Exchange Act and any other securities laws or regulations in connection with the repurchase of Notes as a result of a

Change of Control. To the extent that the provisions of any securities laws or regulations conflict with provisions of this covenant, we will comply with the applicable securities laws and regulations and will not be deemed to have breached our obligations under in the Indenture by virtue of our compliance with such securities laws or regulations.

Our ability to repurchase Notes pursuant to a Change of Control Offer may be limited by a number of factors. The occurrence of certain of the events that constitute a Change of Control would constitute a default under the Senior Secured Credit Agreement. In addition, certain events that may constitute a change of control under the Senior Secured Credit Agreement and cause a default under that agreement will not constitute a Change of Control under the Indenture. Future Indebtedness of the Parent Guarantor and its Subsidiaries may also contain prohibitions of certain events that would constitute a Change of Control or require such Indebtedness to be repaid upon a Change of Control. Moreover, the exercise by the holders of their right to require the Issuer to repurchase the Notes could cause a default under such Indebtedness, even if the Change of Control itself does not, due to the financial effect of such repurchase on the Parent Guarantor and its Restricted Subsidiaries. Finally, the Issuer's ability to pay cash to the holders upon a repurchase may be limited by the then existing financial resources of the Parent Guarantor and its Restricted Subsidiaries. There can be no assurance that sufficient funds will be available when necessary to make any required repurchases.

Even if sufficient funds were otherwise available, the future Indebtedness of the Parent Guarantor or its Restricted Subsidiaries may prohibit the Issuer's repurchase of Notes before their scheduled maturity. Consequently, if the Parent Guarantor and its Restricted Subsidiaries are not able to prepay the Indebtedness under the Senior Secured Credit Agreement and any such other Indebtedness containing similar restrictions or obtain requisite consents, the Issuer will be unable to fulfill its repurchase obligations if holders of Notes exercise their repurchase rights following a Change of Control, resulting in a default under the Indenture. A default under the Indenture may result in a cross-default under the Senior Secured Credit Agreement.

If holders of not less than 90% in aggregate principal amount of the outstanding Notes validly tender and do not withdraw such Notes in a Change of Control Offer and the Issuer, or any other Person making a Change of Control Offer in lieu of the Issuer as described above, purchases all of the Notes validly tendered and not withdrawn by such holders, the Issuer will have the right, upon not less than 30 nor more than 60 days' prior notice, given not more than 30 days following such purchase pursuant to the Change of Control Offer described above, to redeem all Notes that remain outstanding following such purchase at a redemption price in cash equal to the applicable Change of Control Payment plus, to the extent not included in the Change of Control Payment, accrued and unpaid interest, if any, to the date of redemption (subject to the right of holders of record on the relevant record date to receive interest due on the relevant interest payment date).

The Change of Control provisions described above may deter certain mergers, tender offers and other takeover attempts involving the Parent Guarantor. The Change of Control purchase feature is a result of negotiations between the initial purchasers and the Parent Guarantor. As of the Issue Date, the Parent Guarantor has no present intention to engage in a transaction involving a Change of Control, although it is possible that it could decide to do so in the future. Subject to the limitations discussed below, the Parent Guarantor or its Subsidiaries could, in the future, enter into certain transactions, including acquisitions, refinancings or other recapitalizations, that would not constitute a Change of Control under the Indenture, but that could increase the amount of indebtedness outstanding at such time or otherwise affect our capital structure or credit ratings. Restrictions on the ability of the Parent Guarantor and its Restricted Subsidiaries to incur additional Indebtedness are contained in the covenants described under "—Certain Covenants—Limitation on Indebtedness and Preferred Stock" and "—Certain Covenants—Limitation on Liens." Such restrictions in the Indenture can be waived only with the consent of the holders of a majority in principal amount of the Notes then outstanding. Except for the limitations contained in such covenants, however, the Indenture does not

contain any covenants or provisions that may afford holders of the Notes protection in the event of a highly leveraged transaction.

The definition of "Change of Control" includes a disposition of all or substantially all of the assets of the Parent Guarantor and its Restricted Subsidiaries taken as a whole to any Person. Although there is a limited body of case law interpreting the phrase "substantially all," there is no precise established definition of the phrase under applicable law. Accordingly, in certain circumstances there may be a degree of uncertainty as to whether a particular transaction would involve a disposition of "all or substantially all" of the assets of a Person. As a result, it may be unclear as to whether a Change of Control has occurred and whether a holder of Notes may require the Issuer to make an offer to repurchase the Notes as described above. In a recent decision, the Chancery Court of Delaware raised the possibility that a Change of Control occurring as a result of a failure to have Continuing Directors comprising a majority of the Board of Directors may be unenforceable on public policy grounds.

The provisions under the Indenture relative to our obligation to make an offer to repurchase the Notes as a result of a Change of Control may be waived or modified or terminated with the consent of the holders of a majority in principal amount of the Notes then outstanding (including consents obtained in connection with a tender offer or exchange offer for the Notes) prior to the occurrence of such Change of Control.

Certain Covenants

Limitation on Indebtedness and Preferred Stock

The Parent Guarantor will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, Incur any Indebtedness (including Acquired Indebtedness) and the Parent Guarantor will not permit any of its Restricted Subsidiaries to issue Preferred Stock; *provided, however*, that the Parent Guarantor may Incur Indebtedness and any of the Subsidiary Guarantors may Incur Indebtedness and issue Preferred Stock if on the date thereof:

- (1) the Consolidated Coverage Ratio for the Parent Guarantor and its Restricted Subsidiaries is at least 2.25 to 1.00, determined on a pro forma basis (including a pro forma application of proceeds); and
- (2) no Default would occur as a consequence of, and no Event of Default would be continuing following, Incurring the Indebtedness or its application.

The first paragraph of this covenant will not prohibit the Incurrence of the following Indebtedness:

- (1) Indebtedness under one or more Credit Facilities of (a) the Parent Guarantor, the Issuer or any Subsidiary Guarantor Incurred pursuant to this clause (1) in an aggregate amount not to exceed the greater of (i) \$500.0 million or (ii) the sum of \$250.0 million and 30.0% of the Parent Guarantor's Adjusted Consolidated Net Tangible Assets determined as of the date of the Incurrence of such Indebtedness after giving effect to the application of the proceeds therefrom and (b) any Foreign Subsidiary Incurred pursuant to this clause (1) in an aggregate amount not to exceed \$30.0 million, in each case outstanding at any one time;
- (2) guarantees of Indebtedness Incurred in accordance with the provisions of the Indenture; *provided* that in the event such Indebtedness that is being guaranteed is a Subordinated Obligation or a Guarantor Subordinated Obligation, then the related guarantee shall be subordinated in right of payment to the Notes or the Guarantee to at least the same extent as the Indebtedness being guaranteed, as the case may be;
- (3) Indebtedness of the Parent Guarantor owing to and held by any Restricted Subsidiary or Indebtedness of a Restricted Subsidiary owing to and held by the Parent Guarantor or any Restricted Subsidiary; *provided, however*, that (a)(i) if the Parent Guarantor is the obligor on

such Indebtedness and the obligee is not a Subsidiary Guarantor, such Indebtedness must be expressly subordinated to the prior payment in full in cash of all obligations with respect to the Notes and (ii) if a Subsidiary Guarantor is the obligor of such Indebtedness and the obligee is neither the Parent Guarantor nor a Subsidiary Guarantor, such Indebtedness must be expressly subordinated to the prior payment in full in cash of all obligations of such Subsidiary Guarantor with respect to its Subsidiary Guarantee and (b)(i) any subsequent issuance or transfer of Capital Stock or any other event which results in any such Indebtedness being held by a Person other than the Parent Guarantor or a Restricted Subsidiary of the Parent Guarantor and (ii) any sale or other transfer of any such Indebtedness to a Person other than the Parent Guarantor or a Restricted Subsidiary of the Parent Guarantor shall be deemed, in each case, to constitute an Incurrence of such Indebtedness by the Parent Guarantor or such Subsidiary, as the case may be, that was not permitted by this clause;

- (4) Indebtedness represented by (a) the Notes issued on the Issue Date and all Guarantees, (b) any Indebtedness (other than the Indebtedness described in clauses (1), (2) and 4(a)) outstanding on the Issue Date, (c) any Exchange Notes and related guarantees issued pursuant to a Registration Rights Agreement and (d) any Refinancing Indebtedness Incurred in respect of any Indebtedness described in this clause (4) or clause (5) or (7) or Incurred pursuant to the first paragraph of this covenant;
- (5) Permitted Acquisition Indebtedness;
- (6) Indebtedness Incurred in respect of (a) self-insurance obligations, bid, appeal, reimbursement, performance, surety and similar bonds and completion guarantees provided by the Parent Guarantor or a Restricted Subsidiary in the ordinary course of business and any guarantees or letters of credit functioning as or supporting any of the foregoing bonds or obligations and (b) obligations represented by letters of credit for the account of the Parent Guarantor or a Restricted Subsidiary in order to provide security for workers' compensation claims (in the case of clauses (a) and (b) other than for an obligation for money borrowed);
- (7) Indebtedness of the Parent Guarantor or any Restricted Subsidiary represented by Capitalized Lease Obligations (whether or not incurred pursuant to Sale/Leaseback Transactions) or other Indebtedness incurred or assumed in connection with the acquisition, construction, improvement or development of real or personal, movable or immovable, property, in each case Incurred for the purpose of financing, refinancing, renewing, defeasing or refunding all or any part of the purchase price or cost of acquisition, construction, improvement or development of property used in the business of the Parent Guarantor or its Restricted Subsidiaries; *provided* that the aggregate principal amount incurred by the Parent Guarantor or any Restricted Subsidiary pursuant to this clause (7) outstanding at any time shall not exceed the greater of (x) \$15.0 million and (y) 1.5% of the Parent Guarantor's Adjusted Consolidated Net Tangible Assets; and *provided further* that the principal amount of any Indebtedness permitted under this clause (7) did not in each case at the time of incurrence exceed the Fair Market Value, as determined in accordance with the definition of such term, of the acquired or constructed asset or improvement so financed;
- (8) Preferred Stock (other than Disqualified Stock) of any Restricted Subsidiary;
- (9) Cash Management Obligations of the Issuer or any Guarantor in an aggregate amount not to exceed \$7.5 million outstanding at any one time; and
- (10) in addition to the items referred to in clauses (1) through (9) above, Indebtedness of the Parent Guarantor and its Restricted Subsidiaries in an aggregate outstanding principal amount which, when taken together with the principal amount of all other Indebtedness Incurred

[Table of Contents](#)

pursuant to this clause (10) and then outstanding, will not exceed the greater of \$35.0 million or 2.5% of the Parent Guarantor's Adjusted Consolidated Net Tangible Assets, determined as of the date of Incurrence of such Indebtedness after giving effect to such Incurrence and the application of the proceeds therefrom.

For purposes of determining compliance with, and the outstanding principal amount of any particular Indebtedness Incurred pursuant to and in compliance with, this covenant:

- (1) in the event an item of that Indebtedness meets the criteria of more than one of the types of Indebtedness described in the first and second paragraphs of this covenant, the Parent Guarantor, in its sole discretion, will classify such item of Indebtedness on the date of Incurrence and, subject to clause (2) below may later classify, reclassify or redivide all or a portion of such item of Indebtedness, in any manner that complies with this covenant;
- (2) all Indebtedness outstanding on the date of the Indenture under the Senior Secured Credit Agreement shall be deemed Incurred on the Issue Date under clause (1) of the second paragraph of this covenant;
- (3) guarantees of, or obligations in respect of letters of credit supporting, Indebtedness which is otherwise included in the determination of a particular amount of Indebtedness shall not be included;
- (4) if obligations in respect of letters of credit are Incurred pursuant to a Credit Facility and are being treated as Incurred pursuant to clause (1) of the second paragraph above and the letters of credit relate to other Indebtedness, then such other Indebtedness shall not be included;
- (5) the principal amount of any Disqualified Stock of the Parent Guarantor or a Restricted Subsidiary, or Preferred Stock of a Restricted Subsidiary that is not a Subsidiary Guarantor, will be equal to the greater of the maximum mandatory redemption or repurchase price (not including, in either case, any redemption or repurchase premium) or the liquidation preference thereof;
- (6) Indebtedness permitted by this covenant need not be permitted solely by reference to one provision permitting such Indebtedness but may be permitted in part by one such provision and in part by one or more other provisions of this covenant permitting such Indebtedness; and
- (7) the amount of Indebtedness issued at a price that is less than the principal amount thereof will be equal to the amount of the liability in respect thereof determined in accordance with GAAP.

Accrual of interest, accrual of dividends, the amortization of debt discount or the accretion of accreted value, the payment of interest in the form of additional Indebtedness, the payment of dividends in the form of additional shares of Preferred Stock or Disqualified Stock and unrealized losses or charges in respect of Hedging Obligations (including those resulting from the application of Statement of Financial Accounting Standard No. 133) will not be deemed to be an Incurrence of Indebtedness for purposes of this covenant.

The Parent Guarantor will not permit any of its Unrestricted Subsidiaries to Incur any Indebtedness, or issue any shares of Disqualified Stock, other than Non-Recourse Debt. If at any time an Unrestricted Subsidiary becomes a Restricted Subsidiary, any Indebtedness of such Subsidiary shall be deemed to be Incurred by a Restricted Subsidiary as of such date (and, if such Indebtedness is not permitted to be Incurred as of such date under this "Limitation on Indebtedness and Preferred Stock" covenant, the Parent Guarantor shall be in Default of this covenant).

[Table of Contents](#)

For purposes of determining compliance with any U.S. dollar-denominated restriction on the Incurrence of Indebtedness, the U.S. dollar-equivalent principal amount of Indebtedness denominated in a foreign currency shall be calculated based on the relevant currency exchange rate in effect on the date such Indebtedness was Incurred, in the case of term Indebtedness, or first committed, in the case of revolving credit Indebtedness; *provided* that if such Indebtedness is Incurred to refinance other Indebtedness denominated in a foreign currency, and such refinancing would cause the applicable U.S. dollar-denominated restriction to be exceeded if calculated at the relevant currency exchange rate in effect on the date of such refinancing, such U.S. dollar-denominated restriction shall be deemed not to have been exceeded so long as the principal amount of such refinancing Indebtedness does not exceed the principal amount of such Indebtedness being refinanced. Notwithstanding any other provision of this covenant, the maximum amount of Indebtedness that the Parent Guarantor may Incur pursuant to this covenant shall not be deemed to be exceeded solely as a result of fluctuations in the exchange rates of currencies. The principal amount of any Indebtedness Incurred to refinance other Indebtedness, if Incurred in a different currency from the Indebtedness being refinanced, shall be calculated based on the currency exchange rate applicable to the currencies in which such Refinancing Indebtedness is denominated that is in effect on the date of such refinancing.

The Indenture does not treat (1) unsecured Indebtedness as subordinated or junior to secured Indebtedness merely because it is unsecured or (2) senior Indebtedness as subordinated or junior to any other senior Indebtedness merely because it has a junior priority with respect to the same collateral.

Limitation on Restricted Payments

The Parent Guarantor will not, and will not permit any of its Restricted Subsidiaries, directly or indirectly, to:

- (1) declare or pay any dividend or make any payment or distribution on or in respect of the Parent Guarantor's Capital Stock (including any payment or distribution in connection with any merger or consolidation involving the Parent Guarantor or any of its Restricted Subsidiaries) except:
 - (a) dividends or distributions by the Parent Guarantor payable solely in Capital Stock of the Parent Guarantor (other than Disqualified Stock but including options, warrants or other rights to purchase such Capital Stock of the Parent Guarantor); and
 - (b) dividends or distributions payable to the Parent Guarantor or a Restricted Subsidiary and if such Restricted Subsidiary is not a Wholly-Owned Subsidiary, to minority stockholders (or owners of an equivalent interest in the case of a Subsidiary that is an entity other than a corporation) so long as the Parent Guarantor or a Restricted Subsidiary receives at least its pro rata share of such dividend or distribution;
- (2) purchase, repurchase, redeem, defease or otherwise acquire or retire for value any Capital Stock of the Parent Guarantor or any direct or indirect parent of the Parent Guarantor held by Persons other than the Parent Guarantor or a Restricted Subsidiary (other than in exchange for Capital Stock of the Parent Guarantor (other than Disqualified Stock));
- (3) purchase, repurchase, redeem, defease or otherwise acquire or retire for value, prior to scheduled maturity, scheduled repayment or scheduled sinking fund payment, any Subordinated Obligations or Guarantor Subordinated Obligations (other than (x) Indebtedness permitted under clause (3) of the second paragraph of the covenant "—Limitation on Indebtedness and Preferred Stock" or (y) the purchase, repurchase, redemption, defeasance or other acquisition or retirement of Subordinated Obligations or Guarantor Subordinated Obligations purchased in anticipation of satisfying a sinking fund obligation, principal

[Table of Contents](#)

installment or final maturity, in each case due within one year of the date of purchase, repurchase, redemption, defeasance or other acquisition or retirement); or

- (4) make any Restricted Investment in any Person;

(any such dividend, distribution, purchase, redemption, repurchase, defeasance, other acquisition, retirement or Restricted Investment referred to in clauses (1) through (4) shall be referred to herein as a "Restricted Payment"), if at the time the Parent Guarantor or such Restricted Subsidiary makes such Restricted Payment:

- (a) a Default shall have occurred and be continuing (or would result therefrom);
- (b) the Parent Guarantor is not able to Incur an additional \$1.00 of Indebtedness pursuant to the covenant described under the first paragraph under "—Limitation on Indebtedness and Preferred Stock" after giving effect, on a pro forma basis, to such Restricted Payment; or
- (c) the aggregate amount of such Restricted Payment and all other Restricted Payments declared or made subsequent to the Issue Date would exceed the sum of:
- (i) 50% of Consolidated Net Income for the period (treated as one accounting period) from January 1, 2010 to the end of the most recent fiscal quarter ending prior to the date of such Restricted Payment for which internal financial statements are in existence (or, in case such Consolidated Net Income is a deficit, minus 100% of such deficit);
- (ii) 100% of the aggregate Net Cash Proceeds and the Fair Market Value of property or securities other than cash (including Capital Stock of Persons engaged primarily in the Oil and Gas Business or assets used in the Oil and Gas Business), in each case received by the Parent Guarantor from the issue or sale of its Capital Stock (other than Disqualified Stock) or other capital contributions subsequent to the Issue Date (other than Net Cash Proceeds received from an issuance or sale of such Capital Stock to (x) management, employees, directors or any direct or indirect parent of the Parent Guarantor, to the extent such Net Cash Proceeds have been used to make a Restricted Payment pursuant to clause (5)(a) of the next succeeding paragraph, (y) a Subsidiary of the Parent Guarantor or (z) an employee stock ownership plan, option plan or similar trust (to the extent such sale to an employee stock ownership plan, option plan or similar trust is financed by loans from or Guaranteed by the Parent Guarantor or any Restricted Subsidiary unless such loans have been repaid with cash on or prior to the date of determination));
- (iii) the amount by which Indebtedness of the Parent Guarantor or its Restricted Subsidiaries is reduced on the Parent Guarantor's balance sheet upon the conversion or exchange (other than by a Subsidiary of the Parent Guarantor) subsequent to the Issue Date of any Indebtedness of the Parent Guarantor or its Restricted Subsidiaries convertible or exchangeable for Capital Stock (other than Disqualified Stock) of the Parent Guarantor (less the amount of any cash, or the Fair Market Value of any other property (other than such Capital Stock), distributed by the Parent Guarantor upon such conversion or exchange), together with the net proceeds, if any, received by the Parent Guarantor or any of its Restricted Subsidiaries upon such conversion or exchange; and
- (iv) the amount equal to the aggregate net reduction in Restricted Investments made by the Parent Guarantor or any of its Restricted Subsidiaries in any Person after the Issue Date resulting from:
- (A) repurchases, repayments or redemptions of such Restricted Investments by such Person, proceeds realized upon the sale of such Restricted Investment (other than to a Subsidiary of the Parent Guarantor), repayments of loans or advances or other transfers of assets (including by way of dividend or distribution) by such Person to the Parent Guarantor or any Restricted Subsidiary;

- (B) the redesignation of Unrestricted Subsidiaries as Restricted Subsidiaries (valued in each case as provided in the definition of "Investment") not to exceed, in the case of any Unrestricted Subsidiary, the amount of Investments previously made by the Parent Guarantor or any Restricted Subsidiary in such Unrestricted Subsidiary, which amount in each case under this clause (iv) was included in the calculation of the amount of Restricted Payments; *provided, however*, that no amount will be included under this clause (iv) to the extent it is already included in Consolidated Net Income; and
- (C) the sale by the Parent Guarantor or any Restricted Subsidiary (other than to the Parent Guarantor or a Restricted Subsidiary) of all or a portion of the Capital Stock of an Unrestricted Subsidiary or a distribution from an Unrestricted Subsidiary or a dividend from an Unrestricted Subsidiary (whether any such distribution or dividend is made with proceeds from the issuance by such Unrestricted Subsidiary of its Capital Stock or otherwise).

The provisions of the preceding paragraph will not prohibit:

- (1) any Restricted Payment made by exchange for, or out of the proceeds of the substantially concurrent sale of, Capital Stock of the Parent Guarantor (other than Disqualified Stock and other than Capital Stock issued or sold to a Subsidiary of the Parent Guarantor or an employee stock ownership plan or similar trust to the extent such sale to an employee stock ownership plan or similar trust is financed by loans from or Guaranteed by the Parent Guarantor or any Restricted Subsidiary unless such loans have been repaid with cash on or prior to the date of determination) or a substantially concurrent cash capital contribution received by the Parent Guarantor from its shareholders; *provided, however*, that (a) such Restricted Payment will be excluded from subsequent calculations of the amount of Restricted Payments and (b) the Net Cash Proceeds from such sale of Capital Stock or capital contribution will be excluded from clause (c)(ii) of the preceding paragraph;
- (2) any purchase, repurchase, redemption, defeasance or other acquisition or retirement of Subordinated Obligations of the Issuer or Guarantor Subordinated Obligations of any Guarantor made by exchange for, or out of the proceeds of the substantially concurrent sale of, Subordinated Obligations of the Issuer or any purchase, repurchase, redemption, defeasance or other acquisition or retirement of Guarantor Subordinated Obligations made by exchange for or out of the proceeds of the substantially concurrent sale of Guarantor Subordinated Obligations that, in each case, is permitted to be Incurred pursuant to the covenant described under "—Limitation on Indebtedness and Preferred Stock"; *provided, however*, that such purchase, repurchase, redemption, defeasance, acquisition or retirement will be excluded from subsequent calculations of the amount of Restricted Payments;
- (3) any purchase, repurchase, redemption, defeasance or other acquisition or retirement of Disqualified Stock of the Parent Guarantor or a Restricted Subsidiary made by exchange for, or out of the proceeds of the substantially concurrent sale of, Disqualified Stock of the Parent Guarantor or such Restricted Subsidiary, as the case may be, that, in each case, is permitted to be Incurred pursuant to the covenant described under "—Limitation on Indebtedness and Preferred Stock"; *provided, however*, that such purchase, repurchase, redemption, defeasance, acquisition or retirement will be excluded from subsequent calculations of the amount of Restricted Payments;
- (4) dividends paid or distributions made within 60 days after the date of declaration if at such date of declaration such dividend or distribution would have complied with this covenant; *provided, however*, that such dividends and distributions will be included in subsequent calculations of the amount of Restricted Payments; and *provided further, however*, that for

purposes of clarification, this clause (4) shall not include cash payments in lieu of the issuance of fractional shares included in clause (9) below;

- (5) so long as no Default has occurred and is continuing, (a) the repurchase or other acquisition of Capital Stock (including options, warrants, equity appreciation rights or other rights to purchase or acquire Capital Stock) of the Parent Guarantor held by any existing or former employees, management or directors of the Parent Guarantor or any Restricted Subsidiary of the Parent Guarantor or their assigns, estates or heirs, in each case pursuant to the repurchase or other acquisition provisions under employee stock option or stock purchase plans or agreements or other agreements to compensate management, employees or directors, in each case approved by the Parent Guarantor's Board of Directors; *provided* that such repurchases or other acquisitions pursuant to this subclause (a) during any calendar year will not exceed \$2.0 million in the aggregate (with unused amounts in any calendar year being carried over to succeeding calendar years); *provided further*, that such amount in any calendar year may be increased by an amount not to exceed (A) the cash proceeds received by the Parent Guarantor from the sale of Capital Stock of the Parent Guarantor to members of management or directors of the Parent Guarantor and its Restricted Subsidiaries that occurs after the Issue Date (to the extent the cash proceeds from the sale of such Capital Stock have not otherwise been applied to the payment of Restricted Payments by virtue of the clause (c) of the preceding paragraph), plus (B) the cash proceeds of key man life insurance policies received by the Parent Guarantor and its Restricted Subsidiaries after the Issue Date, less (C) the amount of any Restricted Payments made pursuant to clauses (A) and (B) of this clause (5)(a); *provided further*, however, that the amount of any such repurchase or other acquisition under this subclause (a) will be excluded in subsequent calculations of the amount of Restricted Payments and the proceeds received from any such transaction will be excluded from clause (c)(ii) of the preceding paragraph; and (b) loans or advances to employees or directors of the Parent Guarantor or any Subsidiary of the Parent Guarantor, in each case as permitted by Section 402 of the Sarbanes-Oxley Act of 2002, the proceeds of which are used to purchase Capital Stock of the Parent Guarantor, or to refinance loans or advances made pursuant to this clause (5)(b), in an aggregate principal amount not in excess of \$2.0 million at any one time outstanding; *provided, however*, that the amount of such loans and advances will be included in subsequent calculations of the amount of Restricted Payments;
- (6) purchases, repurchases, redemptions or other acquisitions or retirements for value of Capital Stock deemed to occur upon the exercise of stock options, warrants, rights to acquire Capital Stock or other convertible securities if such Capital Stock represents a portion of the exercise or exchange price thereof, and any purchases, repurchases, redemptions or other acquisitions or retirements for value of Capital Stock made in lieu of withholding taxes in connection with any exercise or exchange of warrants, options or rights to acquire Capital Stock; *provided, however*, that such acquisitions or retirements will be excluded from subsequent calculations of the amount of Restricted Payments;
- (7) the purchase, repurchase, redemption, defeasance or other acquisition or retirement for value of any Subordinated Obligation (i) at a purchase price not greater than 101% of the principal amount of such Subordinated Obligation in the event of a Change of Control in accordance with provisions similar to the covenant described under "—Change of Control" or (ii) at a purchase price not greater than 100% of the principal amount thereof in accordance with provisions similar to the covenant described under "—Limitation on Sales of Assets and Subsidiary Stock"; *provided* that, prior to or simultaneously with such purchase, repurchase, redemption, defeasance or other acquisition or retirement, the Issuer has made the Change of Control Offer or Asset Disposition Offer, as applicable, as provided in such covenant with respect to the Notes and has completed the repurchase or redemption of all Notes validly

[Table of Contents](#)

tendered for payment in connection with such Change of Control Offer or Asset Disposition Offer; *provided, however*, that such acquisitions or retirements will be included in subsequent calculations of the amount of Restricted Payments;

- (8) payments or distributions to dissenting stockholders pursuant to applicable law or in connection with the settlement or other satisfaction of legal claims made pursuant to or in connection with a consolidation, merger or transfer of assets; *provided, however*, that any payment pursuant to this clause (8) will be included in the calculation of the amount of Restricted Payments;
- (9) cash payments in lieu of the issuance of fractional shares; *provided, however*, that any payment pursuant to this clause (9) will be excluded in the calculation of the amount of Restricted Payments;
- (10) the declaration and payment of scheduled or accrued dividends to holders of any class of or series of Disqualified Stock of the Parent Guarantor issued after the Issue Date in accordance with the covenant captioned "—Limitation on Indebtedness and Preferred Stock", to the extent such dividends are included in Consolidated Interest Expense; *provided, however*, that any payment pursuant to this clause (10) will be excluded in the calculation of the amount of Restricted Payments; and
- (11) Restricted Payments in an amount not to exceed \$25 million in the aggregate since the Issue Date; *provided, however*, that the amount of such Restricted Payments will be included in subsequent calculations of the amount of Restricted Payments.

The amount of all Restricted Payments (other than cash) shall be the Fair Market Value on the date of such Restricted Payment of the asset(s) or securities proposed to be paid, transferred or issued by the Parent Guarantor or such Restricted Subsidiary, as the case may be, pursuant to such Restricted Payment. The Fair Market Value of any cash Restricted Payment shall be its face amount and the Fair Market Value of any non-cash Restricted Payment shall be determined in accordance with the definition of that term. Not later than the date of making any Restricted Payment in excess of \$15.0 million that will be included in subsequent calculations of the amount of Restricted Payments, the Parent Guarantor shall deliver to the Trustee an Officers' Certificate stating that such Restricted Payment is permitted and setting forth the basis upon which the calculations required by the this covenant were computed.

In the event that a Restricted Payment meets the criteria of more than one of the exceptions described in (1) through (11) above or is entitled to be made pursuant to the first paragraph above, the Parent Guarantor shall, in its sole discretion, classify such Restricted Payment.

Currently, all of the Parent Guarantor's Subsidiaries are Restricted Subsidiaries. The Parent Guarantor will not permit any Unrestricted Subsidiary to become a Restricted Subsidiary except pursuant to the last sentence of the definition of "Unrestricted Subsidiary." For purpose of designating any Restricted Subsidiary as an Unrestricted Subsidiary, all outstanding Investments by the Parent Guarantor and its Restricted Subsidiaries (except to the extent repaid) in the Subsidiary so designated will be deemed to be Restricted Payments in an amount determined as set forth in the last sentence of the definition of "Investment." Such designation will be permitted only if a Restricted Payment in such amount would be permitted at such time, whether pursuant to the first paragraph of this covenant or under clause (11) of the second paragraph of this covenant, or pursuant to the definition of "Permitted Investments," and if such Subsidiary otherwise meets the definition of an Unrestricted Subsidiary. Unrestricted Subsidiaries will not be subject to any of the restrictive covenants set forth in the Indenture.

Limitation on Liens

The Parent Guarantor will not, and will not permit either the Issuer or any of its other Restricted Subsidiaries to, directly or indirectly, create, incur or suffer to exist any Lien (the "Initial Lien") other than Permitted Liens upon any of its property or assets (including Capital Stock of Restricted Subsidiaries), including any income or profits therefrom, whether owned on the date of the Indenture or acquired after that date, which Lien is securing any Indebtedness, unless contemporaneously with the Incurrence of such Lien effective provision is made to secure the Indebtedness due under the Parent Guarantee or, in respect of Liens on any Restricted Subsidiary's property or assets, the Notes (in the case of the Issuer) or any Subsidiary Guarantee of such other Restricted Subsidiary, equally and ratably with (or senior in priority to in the case of Liens with respect to Subordinated Obligations or Guarantor Subordinated Obligations, as the case may be) the Indebtedness secured by such Lien for so long as such Indebtedness is so secured.

Any Lien created for the benefit of the holders of the Notes pursuant to the preceding paragraph shall provide by its terms that such Lien shall be automatically and unconditionally released and discharged upon the release and discharge of the Initial Lien.

Limitation on Restrictions on Distributions from Restricted Subsidiaries

The Parent Guarantor will not, and will not permit any Restricted Subsidiary (other than the Issuer or a Subsidiary Guarantor) to, create or otherwise cause or permit to exist or become effective any consensual encumbrance or consensual restriction on the ability of any such Restricted Subsidiary to:

- (1) pay dividends or make any other distributions on its Capital Stock or pay any Indebtedness or other obligations owed to the Parent Guarantor or any Restricted Subsidiary (it being understood that the priority of any Preferred Stock in receiving dividends or liquidating distributions prior to dividends or liquidating distributions being paid on Common Stock shall not be deemed a restriction on the ability to make distributions on Capital Stock);
- (2) make any loans or advances to the Parent Guarantor or any Restricted Subsidiary (it being understood that the subordination of loans or advances made to the Parent Guarantor or any Restricted Subsidiary to other Indebtedness Incurred by the Parent Guarantor or any Restricted Subsidiary shall not be deemed a restriction on the ability to make loans or advances); or
- (3) sell, lease or transfer any of its property or assets to the Parent Guarantor or any Restricted Subsidiary.

The preceding provisions will not prohibit:

- (i) any encumbrance or restriction pursuant to or by reason of an agreement in effect at or entered into on the Issue Date, including, without limitation, the Indenture as in effect on such date;
- (ii) any encumbrance or restriction with respect to a Person pursuant to or by reason of an agreement relating to any Capital Stock or Indebtedness Incurred by a Person on or before the date on which such Person was acquired by the Parent Guarantor or another Restricted Subsidiary (other than Capital Stock or Indebtedness Incurred as consideration in, or to provide all or any portion of the funds utilized to consummate, the transaction or series of related transactions pursuant to which such Person was acquired by the Parent Guarantor or a Restricted Subsidiary or in contemplation of the transaction) and outstanding on such date; *provided* that any such encumbrance or restriction shall not extend to any assets or property of

- the Parent Guarantor or any other Restricted Subsidiary other than the assets and property so acquired;
- (iii) encumbrances and restrictions contained in contracts entered into in the ordinary course of business, not relating to any Indebtedness, and that do not, individually or in the aggregate, detract from the value of, or from the ability of the Parent Guarantor and the Restricted Subsidiaries to realize the value of, property or assets of the Parent Guarantor or any Restricted Subsidiary in any manner material to the Parent Guarantor or any Restricted Subsidiary;
 - (iv) any encumbrance or restriction with respect to a Unrestricted Subsidiary pursuant to or by reason of an agreement that the Unrestricted Subsidiary is a party to entered into before the date on which such Unrestricted Subsidiary became a Restricted Subsidiary; provided that such agreement was not entered into in anticipation of the Unrestricted Subsidiary becoming a Restricted Subsidiary and any such encumbrance or restriction shall not extend to any assets or property of the Parent Guarantor or any other Restricted Subsidiary other than the assets and property so acquired;
 - (v) with respect to any Foreign Subsidiary, any encumbrance or restriction contained in the terms of any Indebtedness or any agreement pursuant to which such Indebtedness was Incurred if either (1) the encumbrance or restriction applies only in the event of a payment default or a default with respect to a financial covenant in such Indebtedness or agreement or (2) the Parent Guarantor determines that any such encumbrance or restriction will not materially affect the Parent Guarantor's ability to make principal or interest payments on the Notes, as determined in good faith by the Board of Directors of the Parent Guarantor, whose determination shall be conclusive;
 - (vi) any encumbrance or restriction with respect to a Restricted Subsidiary pursuant to an agreement effecting a refunding, replacement or refinancing of Indebtedness Incurred pursuant to an agreement referred to in clauses (i) through (v) or clause (xii) of this paragraph or this clause (vi) or contained in any amendment, restatement, modification, renewal, supplemental, refunding, replacement or refinancing of an agreement referred to in clauses (i) through (v) or clause (xii) of this paragraph or this clause (vi); *provided* that the encumbrances and restrictions with respect to such Restricted Subsidiary contained in any such agreement taken as a whole are no less favorable in any material respect to the holders of the Notes than the encumbrances and restrictions contained in the agreements governing the Indebtedness being refunded, replaced or refinanced;
 - (vii) in the case of clause (3) of the first paragraph of this covenant, any encumbrance or restriction:
 - (a) that restricts in a customary manner the subletting, assignment or transfer of any property or asset that is subject to a lease (including leases governing leasehold interests or farm-in agreements or farm-out agreements relating to leasehold interests in Oil and Gas Properties), license or similar contract, or the assignment or transfer of any such lease (including leases governing leasehold interests or farm-in agreements or farm-out agreements relating to leasehold interests in Oil and Gas Properties), license (including, without limitation, licenses of intellectual property) or other contract;
 - (b) contained in mortgages, pledges or other security agreements permitted under the Indenture securing Indebtedness of the Parent Guarantor or a Restricted Subsidiary to the extent such encumbrances or restrictions restrict the transfer of the property subject to such mortgages, pledges or other security agreements;
-

[Table of Contents](#)

- (c) contained in any agreement creating Hedging Obligations permitted from time to time under the Indenture;
 - (d) pursuant to customary provisions restricting dispositions of real property interests set forth in any reciprocal easement agreements of the Parent Guarantor or any Restricted Subsidiary;
 - (e) restrictions on cash or other deposits imposed by customers under contracts entered into in the ordinary course of business; or
 - (f) provisions with respect to the disposition or distribution of assets or property in operating agreements, joint venture agreements, development agreements, area of mutual interest agreements and other agreements that are customary in the Oil and Gas Business and entered into in the ordinary course of business;
- (viii) any encumbrance or restriction contained in (a) purchase money obligations for property acquired in the ordinary course of business and (b) Capitalized Lease Obligations permitted under the Indenture, in each case, that impose encumbrances or restrictions of the nature described in clause (3) of the first paragraph of this covenant on the property so acquired;
- (ix) any encumbrance or restriction with respect to a Restricted Subsidiary (or any of its property or assets) imposed pursuant to an agreement entered into for the direct or indirect sale or disposition of all or a portion of the Capital Stock or assets of such Restricted Subsidiary (or the property or assets that are subject to such restriction) pending the closing of such sale or disposition;
- (x) any customary encumbrances or restrictions imposed pursuant to any agreement of the type described in the definition of "Permitted Business Investment";
- (xi) encumbrances or restrictions arising or existing by reason of applicable law or any applicable rule, regulation or order;
- (xii) encumbrances or restrictions contained in agreements governing Indebtedness of the Parent Guarantor or any of its Restricted Subsidiaries permitted to be Incurred pursuant to an agreement entered into subsequent to the Issue Date in accordance with the covenant described under the caption "—Limitation on Indebtedness and Preferred Stock"; *provided* that the provisions relating to such encumbrance or restriction contained in such Indebtedness are not materially less favorable to the Parent Guarantor taken as a whole, as determined by the Board of Directors of the Parent Guarantor in good faith, than the provisions contained in the Senior Secured Credit Agreement and in the Indenture as in effect on the Issue Date;
- (xiii) the issuance of Preferred Stock by a Restricted Subsidiary or the payment of dividends thereon in accordance with the terms thereof; *provided* that issuance of such Preferred Stock is permitted pursuant to the covenant described under the caption "—Limitation on Indebtedness and Preferred Stock" and the terms of such Preferred Stock do not expressly restrict the ability of a Restricted Subsidiary to pay dividends or make any other distributions on its Capital Stock (other than requirements to pay dividends or liquidation preferences on such Preferred Stock prior to paying any dividends or making any other distributions on such other Capital Stock);
- (xiv) supermajority voting requirements existing under corporate charters, bylaws, stockholders agreements and similar documents and agreements;
- (xv) restrictions on cash or other deposits or net worth imposed by customers under contracts entered into in the ordinary course of business; and

- (xvi) any encumbrance or restriction contained in the Senior Secured Credit Agreement as in effect as of the Issue Date, and in any amendments, modifications, restatements, renewals, increases, supplements, refundings, replacements or refinancings thereof; *provided* that such amendments, modifications, restatements, renewals, increases, supplements, refundings, replacements or refinancings are no more restrictive with respect to such dividend and other payment restrictions than those contained in the Senior Secured Credit Agreement as in effect on the Issue Date.

Limitation on Sales of Assets and Subsidiary Stock

The Parent Guarantor will not, and will not permit any of its Restricted Subsidiaries to, make any Asset Disposition unless:

- (1) the Parent Guarantor or such Restricted Subsidiary, as the case may be, receives consideration at the time of such Asset Disposition at least equal to the Fair Market Value (such Fair Market Value to be determined on the date of contractually agreeing to such Asset Disposition) of the shares or other assets subject to such Asset Disposition;
- (2) at least 75% of the aggregate consideration received by the Parent Guarantor or such Restricted Subsidiary, as the case may be, from such Asset Disposition and all other Asset Dispositions since the Issue Date, on a cumulative basis, is in the form of cash or Cash Equivalents or Additional Assets, or any combination thereof; and
- (3) except as provided in the next paragraph, an amount equal to 100% of the Net Available Cash from such Asset Disposition is applied, within 365 days from the later of the date of such Asset Disposition or the receipt of such Net Available Cash, by the Parent Guarantor or such Restricted Subsidiary, as the case may be:
 - (a) to prepay, repay, redeem or purchase Pari Passu Indebtedness of the Parent Guarantor, the Issuer (including the Notes) or a Subsidiary Guarantor or any Indebtedness (other than Disqualified Stock) of a Restricted Subsidiary that is not a Subsidiary Guarantor (in each case, excluding Indebtedness owed to the Parent Guarantor or an Affiliate of the Parent Guarantor); *provided, however*, that, in connection with any prepayment, repayment, redemption or purchase of Indebtedness pursuant to this clause (a), the Parent Guarantor or such Restricted Subsidiary will retire such Indebtedness and will cause the related commitment (if any) to be permanently reduced in an amount equal to the principal amount so prepaid, repaid, redeemed or purchased; or
 - (b) to invest in Additional Assets;

provided that pending the final application of any such Net Available Cash in accordance with clause (a) or clause (b) above, the Parent Guarantor and its Restricted Subsidiaries may temporarily reduce Indebtedness or otherwise invest such Net Available Cash in any manner not prohibited by the Indenture.

Any Net Available Cash from Asset Dispositions that is not applied or invested as provided in the preceding paragraph will be deemed to constitute "Excess Proceeds." Not later than the 366th day from the later of the date of such Asset Disposition or the receipt of such Net Available Cash, if the aggregate amount of Excess Proceeds exceeds \$20.0 million, the Issuer will be required to make an offer ("*Asset Disposition Offer*") to all holders of Notes and, to the extent required by the terms of other Pari Passu Indebtedness, to all holders of other Pari Passu Indebtedness outstanding with similar provisions requiring the Issuer to make an offer to purchase such Pari Passu Indebtedness with the proceeds from any Asset Disposition ("*Pari Passu Notes*") to purchase the maximum principal amount of Notes and any such Pari Passu Notes to which the Asset Disposition Offer applies that may be purchased out of the Excess Proceeds, at an offer price in cash in an amount equal to 100% of the

principal amount (or, in the event such Pari Passu Indebtedness was issued with significant original issue discount, 100% of the accreted value thereof) of the Notes and Pari Passu Notes plus accrued and unpaid interest, if any (or in respect of such Pari Passu Indebtedness, such lesser price, if any, as may be provided for by the terms of such Indebtedness), to the date of purchase (subject to the right of holders of record on the relevant record date to receive interest due on the relevant interest payment date), in accordance with the procedures set forth in the Indenture or the agreements governing the Pari Passu Notes, as applicable, in each case in minimum principal amount of \$2,000 and integral multiples of \$1,000 in excess of \$2,000. If the aggregate principal amount of Notes surrendered by holders thereof and other Pari Passu Notes surrendered by holders or lenders, collectively, exceeds the amount of Excess Proceeds, the Trustee shall select the Notes to be purchased on a pro rata basis on the basis of the aggregate principal amount of tendered Notes and Pari Passu Notes. To the extent that the aggregate amount of Notes and Pari Passu Notes so validly tendered and not properly withdrawn pursuant to an Asset Disposition Offer is less than the Excess Proceeds, the Parent Guarantor and its Restricted Subsidiaries may use any remaining Excess Proceeds for general corporate purposes, subject to the other covenants contained in the Indenture. Upon completion of such Asset Disposition Offer, the amount of Excess Proceeds shall be reset at zero.

The Asset Disposition Offer will remain open for a period of 20 Business Days following its commencement, except to the extent that a longer period is required by applicable law (the "*Asset Disposition Offer Period*"). No later than five Business Days after the termination of the Asset Disposition Offer Period (the "*Asset Disposition Purchase Date*"), the Issuer will purchase the principal amount of Notes and Pari Passu Notes required to be purchased pursuant to this covenant (the "*Asset Disposition Offer Amount*") or, if less than the Asset Disposition Offer Amount has been so validly tendered and not properly withdrawn, all Notes and Pari Passu Notes validly tendered and not properly withdrawn in response to the Asset Disposition Offer.

If the Asset Disposition Purchase Date is on or after an interest record date and on or before the related interest payment date, any accrued and unpaid interest, if any, will be paid to the Person in whose name a Note is registered at the close of business on such record date, and no further interest will be payable to holders who tender Notes pursuant to the Asset Disposition Offer.

On or before the Asset Disposition Purchase Date, the Issuer will, to the extent lawful, accept for payment, on a pro rata basis to the extent necessary, the Asset Disposition Offer Amount of Notes and Pari Passu Notes or portions of Notes and Pari Passu Notes so validly tendered and not properly withdrawn pursuant to the Asset Disposition Offer, or if less than the Asset Disposition Offer Amount has been validly tendered and not properly withdrawn, all Notes and Pari Passu Notes so validly tendered and not properly withdrawn, in each case in minimum principal amount of \$2,000 and integral multiples of \$1,000 in excess of \$2,000. The Issuer will deliver to the Trustee an Officers' Certificate stating that such Notes or portions thereof were accepted for payment by the Issuer in accordance with the terms of this covenant and, in addition, the Issuer will deliver all certificates and notes required, if any, by the agreements governing the Pari Passu Notes. The Issuer or the paying agent, as the case may be, will promptly (but in any case not later than five Business Days after the termination of the Asset Disposition Offer Period) mail or deliver to each tendering holder of Notes or holder or lender of Pari Passu Notes, as the case may be, an amount equal to the purchase price of the Notes or Pari Passu Notes so validly tendered and not properly withdrawn by such holder or lender, as the case may be, and accepted by the Issuer for purchase, and the Issuer will promptly issue a new Note, and the Trustee, upon delivery of an Officers' Certificate from the Issuer, will authenticate and mail or deliver such new Note to such holder, in a principal amount equal to any unpurchased portion of the Note surrendered; *provided* that each such new Note will be in a minimum principal amount of \$2,000 or an integral multiple of \$1,000 in excess of \$2,000. In addition, the Issuer will take any and all other actions required by the agreements governing the Pari Passu Notes. Any Note not so accepted will be promptly

mailed or delivered by the Issuer to the holder thereof. The Issuer will publicly announce the results of the Asset Disposition Offer on the Asset Disposition Purchase Date.

The Issuer will comply, to the extent applicable, with the requirements of Rule 14e-1 of the Exchange Act and any other securities laws or regulations in connection with the repurchase of Notes pursuant to an Asset Disposition Offer. To the extent that the provisions of any securities laws or regulations conflict with provisions of this covenant, the Issuer will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under the Indenture by virtue of its compliance with such securities laws or regulations.

For the purposes of clause (2) of the first paragraph of this covenant, the following will be deemed to be cash:

- (1) the assumption by the transferee of Indebtedness (other than Guarantor Subordinated Obligations or Disqualified Stock) of the Parent Guarantor or Indebtedness of a Restricted Subsidiary (other than Subordinated Obligations or Disqualified Stock of the Issuer and Guarantor Subordinated Obligations or Disqualified Stock of any Restricted Subsidiary that is a Subsidiary Guarantor) and the release of the Parent Guarantor or such Restricted Subsidiary from all liability on such Indebtedness in connection with such Asset Disposition (in which case the Parent Guarantor will, without further action, be deemed to have applied such deemed cash to Indebtedness in accordance with clause (3)(a) of the first paragraph of this covenant; and
- (2) securities, notes or other obligations received by the Parent Guarantor or any Restricted Subsidiary from the transferee that are converted by the Parent Guarantor or such Restricted Subsidiary into cash within 180 days after receipt thereof.

Notwithstanding the foregoing, the 75% limitation referred to in clause (2) of the first paragraph of this covenant shall be deemed satisfied with respect to any Asset Disposition in which the cash or Cash Equivalents portion of the consideration received therefrom, determined in accordance with the foregoing provision on an after-tax basis, is equal to or greater than what the after-tax proceeds would have been had such Asset Disposition complied with the aforementioned 75% limitation.

The requirement of clause (3)(b) of the first paragraph of this covenant above shall be deemed to be satisfied if an agreement (including a lease, whether a capital lease or an operating lease) committing to make the acquisitions or expenditures referred to therein is entered into by the Parent Guarantor or its Restricted Subsidiary within the specified time period and such Net Available Cash is subsequently applied in accordance with such agreement within six months following such agreement.

The Parent Guarantor will not, and will not permit any Restricted Subsidiary to, engage in any Asset Swaps, unless:

- (1) at the time of entering into such Asset Swap and immediately after giving effect to such Asset Swap, no Default or Event of Default shall have occurred and be continuing or would occur as a consequence thereof; and
- (2) in the event such Asset Swap involves the transfer by the Parent Guarantor or any Restricted Subsidiary of assets having an aggregate Fair Market Value in excess of \$20.0 million, the terms of such Asset Swap have been approved by a majority of the members of the Board of Directors of the Parent Guarantor.

Limitation on Affiliate Transactions

The Parent Guarantor will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, enter into, make, amend or conduct any transaction (including making a payment to, the purchase, sale, lease or exchange of any property or the rendering of any service), contract, agreement

[Table of Contents](#)

or understanding with or for the benefit of any Affiliate of the Parent Guarantor (an "*Affiliate Transaction*") unless:

- (1) the terms of such Affiliate Transaction are not materially less favorable to the Parent Guarantor or such Restricted Subsidiary, as the case may be, than those that could reasonably be expected to be obtained in a comparable transaction at the time of such transaction in arm's-length dealings with a Person who is not such an Affiliate;
- (2) if such Affiliate Transaction involves an aggregate consideration in excess of \$20.0 million, the terms of such transaction have been approved by a majority of the members of the Board of Directors of the Parent Guarantor having no personal stake in such transaction, if any (and such majority determines that such Affiliate Transaction satisfies the criteria in clause (1) above); and
- (3) if such Affiliate Transaction involves an aggregate consideration in excess of \$50.0 million, the Board of Directors of the Parent Guarantor has received a written opinion from an independent investment banking, accounting, engineering or appraisal firm of nationally recognized standing that such Affiliate Transaction is fair, from a financial standpoint, to the Parent Guarantor or such Restricted Subsidiary or is not materially less favorable than those that could reasonably be expected to be obtained in a comparable transaction at such time on an arm's-length basis from a Person that is not an Affiliate.

The preceding paragraph will not apply to:

- (1) any Restricted Payment permitted to be made pursuant to the covenant described under "—Limitation on Restricted Payments" or any Permitted Investment;
- (2) any issuance of Capital Stock (other than Disqualified Stock), or other payments, awards or grants in cash, Capital Stock (other than Disqualified Stock) or otherwise pursuant to, or the funding of, employment or severance agreements and other compensation arrangements, options to purchase Capital Stock (other than Disqualified Stock) of the Parent Guarantor, restricted stock plans, long-term incentive plans, stock appreciation rights plans, participation plans or similar employee benefits plans and/or insurance and indemnification arrangements provided to or for the benefit of directors and employees approved by the Board of Directors of the Parent Guarantor;
- (3) loans or advances to employees, officers or directors in the ordinary course of business of the Parent Guarantor or any of its Restricted Subsidiaries;
- (4) advances to or reimbursements of employees for moving, entertainment and travel expenses, drawing accounts and similar expenditures in the ordinary course of business of the Parent Guarantor or any of its Restricted Subsidiaries;
- (5) any transaction between the Parent Guarantor and a Restricted Subsidiary or between Restricted Subsidiaries, and guarantees issued by the Parent Guarantor or a Restricted Subsidiary for the benefit of the Parent Guarantor or a Restricted Subsidiary, as the case may be, in accordance with "—Limitation on Indebtedness and Preferred Stock";
- (6) any transaction with a joint venture or similar entity which would constitute an Affiliate Transaction solely because the Parent Guarantor or a Restricted Subsidiary owns, directly or indirectly, an equity interest in or otherwise controls such joint venture or similar entity;
- (7) the issuance or sale of any Capital Stock (other than Disqualified Stock) of the Parent Guarantor to, or the receipt by the Parent Guarantor of any capital contribution from its shareholders;

[Table of Contents](#)

- (8) indemnities of officers, directors and employees of the Parent Guarantor or any of its Restricted Subsidiaries permitted by bylaw or statutory provisions and any employment agreement or other employee compensation plan or arrangement entered into in the ordinary course of business by the Parent Guarantor or any of its Restricted Subsidiaries;
- (9) the payment of reasonable compensation and fees paid to, and indemnity provided on behalf of, officers or directors of the Parent Guarantor or any Restricted Subsidiary;
- (10) the performance of obligations of the Parent Guarantor or any of its Restricted Subsidiaries under the terms of any agreement to which the Parent Guarantor or any of its Restricted Subsidiaries is a party as of or on the Issue Date, as these agreements may be amended, modified, supplemented, extended or renewed from time to time; *provided, however*, that any future amendment, modification, supplement, extension or renewal entered into after the Issue Date will be permitted only to the extent that its terms are not materially more disadvantageous, taken as a whole, to the holders of the Notes than the terms of the agreements in effect on the Issue Date;
- (11) transactions with customers, clients, suppliers, or purchasers or sellers of goods or services, in each case in the ordinary course of business and otherwise in compliance with the terms of the Indenture, *provided* that in the reasonable determination of the Board of Directors of the Parent Guarantor or the senior management of the Parent Guarantor, such transactions are on terms not materially less favorable to the Parent Guarantor or the relevant Restricted Subsidiary than those that could reasonably be expected to be obtained in a comparable transaction at such time on an arm's-length basis from a Person that is not an Affiliate of the Parent Guarantor;
- (12) transactions with a Person (other than an Unrestricted Subsidiary) that is an Affiliate of the Parent Guarantor solely because the Parent Guarantor owns, directly or through a Restricted Subsidiary, an equity interest in such Person; and
- (13) transactions between the Parent Guarantor or any Restricted Subsidiary and any Person, a director of which is also a director of the Parent Guarantor or any direct or indirect Parent Guarantor of the Parent Guarantor, and such director is the sole cause for such Person to be deemed an Affiliate of the Parent Guarantor or any Restricted Subsidiary; *provided, however*, that such director shall abstain from voting as a director of the Parent Guarantor or such direct or indirect Parent Guarantor, as the case may be, on any matter involving such other Person.

Provision of Financial Information

The Indenture provides that, whether or not the Parent Guarantor is subject to the reporting requirements of Section 13 or Section 15(d) of the Exchange Act, to the extent not prohibited by the Exchange Act, the Parent Guarantor will file with the SEC, and make available to the Trustee and the holders of the Notes without cost to any holder, the annual reports and the information, documents and other reports (or copies of such portions of any of the foregoing as the SEC may by rules and regulations prescribe) that are specified in Sections 13 and 15(d) of the Exchange Act and applicable to a U.S. corporation within the time periods specified therein with respect to a non-accelerated filer; *provided, however*, that no Annual Report on Form 10-K shall be due with respect to any fiscal year ending prior to December 31, 2010, no Quarterly Report on Form 10-Q shall be due with respect to any quarter ending prior to June 30, 2010 and no Current Report on Form 8-K shall be due with respect to any event occurring prior to the date of filing the Parent Guarantor's Quarterly Report on Form 10-Q for the quarter ending June 30, 2010. In the event that the Parent Guarantor is not permitted to file such reports, documents and information with the SEC pursuant to the Exchange Act, the Parent Guarantor will nevertheless make available such Exchange Act information to the Trustee

[Table of Contents](#)

and the holders of the Notes without cost to any holder as if the Parent Guarantor were subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act within the time periods specified therein with respect to a non-accelerated filer.

In addition, the Parent Guarantor will make available to the Trustee and the holders of the Notes without cost to any holder (i) on or prior to December 18, 2009, unaudited combined financial statements of the Subsidiary Guarantors with respect to the nine months ended September 30, 2009, (ii) within 90 days after the end of the fiscal year ending December 31, 2009, audited consolidated financial statements of the Parent Guarantor and its Subsidiaries and (iii) within 45 days after the end of the fiscal quarter ending March 31, 2010, quarterly unaudited consolidated financial statements of the Parent Guarantor and its Subsidiaries. Such unaudited combined financial statements of the Subsidiary Guarantors will consist of a combined balance sheet of the Subsidiary Guarantors as of September 30, 2009 and combined statements of income and cash flows of the Subsidiary Guarantors for the nine months ended September 30, 2009, all in reasonable detail and duly certified (subject to normal year-end audit adjustments) by a principal financial or accounting officer of the Parent Guarantor as having been prepared in accordance with GAAP. Such audited consolidated financial statements of the Parent Guarantor and its Subsidiaries will consist of a consolidated balance sheet of the Parent Guarantor and its Subsidiaries as of December 31, 2009 and consolidated statements of income and cash flows of the Parent Guarantor and its Subsidiaries for the fiscal year then ended, accompanied by an opinion of KPMG LLP (or other independent public accountants of nationally recognized standing). Such quarterly unaudited consolidated financial statements of the Parent Guarantor and its Subsidiaries will consist of a consolidated balance sheet of the Parent Guarantor and its Subsidiaries as of March 31, 2010, and consolidated statements of income and cash flows of the Parent Guarantor and its Subsidiaries for the three months ending March 31, 2010, all in reasonable detail and duly certified (subject to normal year-end audit adjustments) by a principal financial or accounting officer of the Parent Guarantor as having been prepared in accordance with GAAP.

This covenant will not impose any duty on the Parent Guarantor under the Sarbanes-Oxley Act of 2002 and the related SEC rules that would not otherwise be applicable.

If the Parent Guarantor has designated any of its Subsidiaries as Unrestricted Subsidiaries, then the financial information required will include a reasonably detailed presentation, either on the face of the financial statements or in the footnotes thereto, and in any accompanying Management's Discussion and Analysis of Financial Condition and Results of Operations, of the financial condition and results of operations of the Parent Guarantor and its Restricted Subsidiaries separate from the financial condition and results of operations of the Unrestricted Subsidiaries of the Parent Guarantor.

The availability of the foregoing materials on the SEC's website or on the Parent Guarantor's website shall be deemed to satisfy the foregoing delivery obligations.

For so long as any Notes remain outstanding and constitute "restricted securities" under Rule 144, the Guarantors will furnish to the holders of the Notes, and to securities analysts and prospective investors, upon their request, the information required to be delivered pursuant to Rule 144A(d)(4) under the Securities Act.

Merger and Consolidation

Neither the Parent Guarantor nor the Issuer will consolidate with or merge with or into or wind up into (whether or not it is the surviving Person), or convey, transfer or lease all or substantially all its assets in one or more related transactions to, any Person, unless:

- (1) the resulting, surviving or transferee Person (the "Successor Company") will be a corporation, partnership, trust or limited liability company organized and existing under the laws of the United States of America, any State of the United States or the District of Columbia and the

Successor Company (if not the Parent Guarantor or the Issuer, as the case may be) will expressly assume, by supplemental indenture, executed and delivered to the Trustee, in form reasonably satisfactory to the Trustee, all the obligations of the Parent Guarantor or the Issuer, as the case may be, under the Indenture, the Notes or the Parent Guarantee as applicable;

- (2) immediately after giving effect to such transaction (and treating any Indebtedness that becomes an obligation of the Successor Company or any Subsidiary of the Successor Company as a result of such transaction as having been Incurred by the Successor Company or such Subsidiary at the time of such transaction), no Default or Event of Default shall have occurred and be continuing;
- (3) either (A) immediately after giving effect to such transaction, the Successor Company would be able to Incur at least an additional \$1.00 of Indebtedness pursuant to the first paragraph of the covenant described under "—Limitation on Indebtedness and Preferred Stock" or (B) immediately after giving effect to such transaction on a pro forma basis and any related financing transactions as if the same had occurred at the beginning of the applicable four quarter period, the Consolidated Coverage Ratio of the Parent Guarantor is equal to or greater than the Consolidated Coverage Ratio of the Parent Guarantor immediately before such transaction;
- (4) if the Issuer is not the Successor Company in any of the transactions referred to above that involve the Issuer, each Guarantor (unless it is the other party to the transactions, in which case clause (1) shall apply) shall have by supplemental indenture confirmed that its Guarantee shall apply to the Successor Company's obligations in respect of the Indenture and the Notes and that its Guarantee shall continue to be in effect; and
- (5) the Parent Guarantor or the Issuer, as the case may be, shall have delivered to the Trustee an Officers' Certificate and an Opinion of Counsel, each stating that such consolidation, merger, conveyance, transfer or lease and such supplemental indenture (if any) comply with the Indenture.

For purposes of this covenant, the sale, lease, conveyance, assignment, transfer or other disposition of all or substantially all of the properties and assets of one or more Subsidiaries of the Parent Guarantor, which properties and assets, if held by the Parent Guarantor instead of such Subsidiaries, would constitute all or substantially all of the properties and assets of the Parent Guarantor on a consolidated basis, shall be deemed to be the transfer of all or substantially all of the assets of the Parent Guarantor.

The Successor Company will succeed to, and be substituted for, and may exercise every right and power of, the Parent Guarantor or the Issuer, as the case may be, under the Indenture; and its predecessor, except in the case of a lease of all or substantially all its assets, will be released from all obligations under the Indenture, the Notes or the Parent Guarantee as applicable.

Although there is a limited body of case law interpreting the phrase "substantially all," there is no precise established definition of the phrase under applicable law. Accordingly, in certain circumstances there may be a degree of uncertainty as to whether a particular transaction would involve "all or substantially all" of the assets of a Person.

Notwithstanding the preceding clause (3), (x) any Restricted Subsidiary may consolidate with, merge into or transfer all or part of its assets to the Parent Guarantor and the Parent Guarantor may consolidate with, merge into or transfer all or part of its assets to a Subsidiary Guarantor and (y) the Parent Guarantor may merge with an Affiliate incorporated solely for the purpose of reorganizing the Parent Guarantor in another jurisdiction; and *provided further* that, in the case of a Restricted

Subsidiary that consolidates with, merges into or transfers all or part of its properties and assets to the Parent Guarantor, the Issuer will not be required to comply with the preceding clause (5).

In addition, the Parent Guarantor will not permit any Subsidiary Guarantor to consolidate with or merge with or into, and will not permit the conveyance, transfer or lease of all or substantially all of the assets of any Subsidiary Guarantor to, any Person (other than the Parent Guarantor or another Subsidiary Guarantor) unless:

- (1) (a) the resulting, surviving or transferee Person will be a corporation, partnership, trust or limited liability company organized and existing under the laws of the United States of America, any State of the United States or the District of Columbia and such Person (if not such Subsidiary Guarantor) will expressly assume, by supplemental indenture, executed and delivered to the Trustee, all the obligations of such Subsidiary Guarantor under its Subsidiary Guarantee; and
(b) immediately after giving effect to such transaction (and treating any Indebtedness that becomes an obligation of the resulting, surviving or transferee Person or any Restricted Subsidiary as a result of such transaction as having been Incurred by such Person or such Restricted Subsidiary at the time of such transaction), no Default shall have occurred and be continuing; or
- (2) the transaction is made in compliance with this covenant and the conditions described in the penultimate paragraph of "—Guarantees;" and
- (3) the Parent Guarantor will have delivered to the Trustee an Officers' Certificate and an Opinion of Counsel, each stating that such consolidation, merger, conveyance, transfer or lease and such supplemental indenture (if any) comply with the Indenture.

Future Subsidiary Guarantors

The Parent Guarantor will cause (a) each Wholly-Owned Subsidiary of the Parent Guarantor (other than a Foreign Subsidiary) formed or acquired after the Issue Date and (b) any other Domestic Subsidiary (except the Issuer) that is not already a Subsidiary Guarantor that guarantees any Indebtedness of the Parent Guarantor, the Issuer or a Subsidiary Guarantor, in each case to execute and deliver to the Trustee within 30 days a supplemental indenture (in the form specified in the Indenture) pursuant to which such Subsidiary will unconditionally guarantee, on a joint and several basis, the full and prompt payment of the principal of, premium, if any, and interest on the Notes on a senior basis; *provided* that any Restricted Subsidiary that constitutes an Immaterial Subsidiary need not become a Subsidiary Guarantor until such time as it ceases to be an Immaterial Subsidiary.

Payments for Consent

Neither the Parent Guarantor nor any of its Restricted Subsidiaries will, directly or indirectly, pay or cause to be paid any consideration, whether by way of interest, fees or otherwise, to any holder of any Notes for or as an inducement to any consent, waiver or amendment of any of the terms or provisions of the Indenture or the Notes unless such consideration is offered to be paid or is paid to all holders of the Notes that consent, waive or agree to amend in the time frame set forth in the solicitation documents relating to such consent, waiver or amendment.

Business Activities

The Issuer may not engage in any business not related directly or indirectly to obtaining money or arranging financing for the Parent Guarantor or its Restricted Subsidiaries, the Issuer may not have any Subsidiary, and no Person other than the Parent Guarantor or any of its other Restricted Subsidiaries may own any Capital Stock of the Issuer.

Covenant Termination

From and after the occurrence of an Investment Grade Rating Event, the Parent Guarantor and its Restricted Subsidiaries will no longer be subject to the provisions of the Indenture described above under the following headings:

- "—Limitation on Indebtedness and Preferred Stock,"
- "—Limitation on Restricted Payments,"
- "—Limitation on Restrictions on Distributions from Restricted Subsidiaries,"
- "—Limitation on Sales of Assets and Subsidiary Stock,"
- "—Limitation on Affiliate Transactions" and
- Clause (3) of "—Merger and Consolidation"

(collectively, the "Eliminated Covenants"). As a result, after the date on which the Parent Guarantor and its Restricted Subsidiaries are no longer subject to the Eliminated Covenants, the Notes will be entitled to substantially reduced covenant protection. After the foregoing covenants have been terminated, the Parent Guarantor may not designate any of its Subsidiaries as Unrestricted Subsidiaries pursuant to the second sentence of the definition of "Unrestricted Subsidiary."

Events of Default

Each of the following is an Event of Default with respect to the Notes:

- (1) default in any payment of interest on any Note when due, continued for 30 days;
- (2) default in the payment of principal of or premium, if any, on any Note when due at its Stated Maturity, upon optional redemption, upon required repurchase, upon declaration of acceleration or otherwise;
- (3) failure by the Issuer or any Guarantor to comply with its obligations under "—Certain Covenants—Merger and Consolidation";
- (4) failure by the Parent Guarantor or the Issuer to comply for 30 days (or 180 days in the case of a Reporting Failure) after notice as provided below with any of its obligations under the covenant described under "—Change of Control" above or under the covenants described under "—Certain Covenants" above (in each case, other than a failure to purchase Notes which will constitute an Event of Default under clause (2) above and other than a failure to comply with "—Certain Covenants—Merger and Consolidation" which is covered by clause (3));
- (5) failure by the Parent Guarantor or the Issuer to comply for 60 days after notice as provided below with its other agreements contained in the Indenture;
- (6) default under any mortgage, indenture or instrument under which there may be issued or by which there may be secured or evidenced any Indebtedness for money borrowed by the Parent Guarantor or any of its Restricted Subsidiaries (or the payment of which is guaranteed by the Parent Guarantor or any of its Restricted Subsidiaries), other than Indebtedness owed to the Parent Guarantor or a Restricted Subsidiary, whether such Indebtedness or guarantee now exists, or is created after the date of the Indenture, which default:
 - (a) is caused by a failure to pay principal of, or interest or premium, if any, on such Indebtedness prior to the expiration of the grace period provided in such Indebtedness (and any extensions of any grace period) ("payment default"); or

- (b) results in the acceleration of such Indebtedness prior to its Stated Maturity (the "cross acceleration provision");

and, in each case, the principal amount of any such Indebtedness, together with the principal amount of any other such Indebtedness under which there has been a payment default or the maturity of which has been so accelerated, aggregates \$10.0 million or more;

- (7) certain events of bankruptcy, insolvency or reorganization of the Parent Guarantor, the Issuer or a Significant Subsidiary or group of Restricted Subsidiaries that, taken together (as of the latest audited consolidated financial statements for the Parent Guarantor and its Restricted Subsidiaries), would constitute a Significant Subsidiary (the "bankruptcy provisions");
- (8) failure by the Parent Guarantor, the Issuer or any Significant Subsidiary or group of Restricted Subsidiaries that, taken together (as of the latest audited consolidated financial statements for the Parent Guarantor and its Restricted Subsidiaries), would constitute a Significant Subsidiary to pay final judgments aggregating in excess of \$10.0 million (to the extent not covered by insurance by a reputable and creditworthy insurer as to which the insurer has not disclaimed coverage), which judgments are not paid or discharged, and there shall be any period of 60 consecutive days following entry of such final judgment or decree during which a stay of enforcement of such final judgment or decree, by reason of pending appeal or otherwise, shall not be in effect (the "judgment default provision"); or
- (9) the Parent Guarantee or any Subsidiary Guarantee of a Significant Subsidiary or group of Restricted Subsidiaries that, taken together (as of the latest audited consolidated financial statements for the Parent Guarantor and its Restricted Subsidiaries) would constitute a Significant Subsidiary, ceases to be in full force and effect (except as contemplated by the terms of the Indenture) or is declared null and void in a judicial proceeding or the Parent Guarantor or any Subsidiary Guarantor that is a Significant Subsidiary or group of Subsidiary Guarantors that, taken together (as of the latest audited consolidated financial statements of the Parent Guarantor and its Restricted Subsidiaries) would constitute a Significant Subsidiary, denies or disaffirms its obligations under the Indenture or its Guarantee.

However, a default under clauses (4) and (5) of this paragraph will not constitute an Event of Default until the Trustee or the holders of at least 25% in principal amount of the outstanding Notes notify the Parent Guarantor and the Issuer in writing and, in the case of a notice given by the holders, the Trustee of the default and the Parent Guarantor or the Issuer does not cure such default within the time specified in clauses (4) and (5) of this paragraph after receipt of such notice.

If an Event of Default (other than an Event of Default described in clause (7) above) occurs and is continuing, the Trustee by notice to the Parent Guarantor and the Issuer, or the holders of at least 25% in principal amount of the outstanding Notes by notice to the Parent Guarantor and the Issuer and the Trustee, may, and the Trustee at the request of such holders shall, declare the principal of, premium, if any, accrued and unpaid interest, if any, on all the Notes to be due and payable. If an Event of Default described in clause (7) above occurs and is continuing, the principal of, premium, if any, accrued and unpaid interest, if any, on all the Notes will become and be immediately due and payable without any declaration or other act on the part of the Trustee or any holders. The holders of a majority in principal amount of the outstanding Notes may waive all past defaults (except with respect to nonpayment of principal, premium or interest) and rescind any such acceleration with respect to the Notes and its consequences if (1) rescission would not conflict with any judgment or decree of a court of competent jurisdiction and (2) all existing Events of Default, other than the nonpayment of the principal of, premium, if any, and interest on the Notes that have become due solely by such declaration of acceleration, have been cured or waived.

[Table of Contents](#)

Notwithstanding the foregoing, if an Event of Default specified in clause (6) above shall have occurred and be continuing, such Event of Default and any consequential acceleration (to the extent not in violation of any applicable law or in conflict with any judgment or decree of a court of competent jurisdiction) shall be automatically rescinded if (i) the Indebtedness that is the subject of such Event of Default has been repaid or (ii) if the default relating to such Indebtedness is waived by the holders of such Indebtedness or cured and if such Indebtedness has been accelerated, then the holders thereof have rescinded their declaration of acceleration in respect of such Indebtedness, in each case within 20 days after the declaration of acceleration with respect thereto, and (iii) any other existing Events of Default, except nonpayment of principal, premium or interest on the Notes that became due solely because of the acceleration of the Notes, have been cured or waived.

Subject to the provisions of the Indenture relating to the duties of the Trustee, if an Event of Default occurs and is continuing, the Trustee will be under no obligation to exercise any of the rights or powers under the Indenture at the request or direction of any of the holders unless such holders have offered to the Trustee reasonable indemnity or security against any loss, liability or expense. Except to enforce the right to receive payment of principal, premium, if any, or interest when due, no holder may pursue any remedy with respect to the Indenture or the Notes unless:

- (1) such holder has previously given the Trustee notice that an Event of Default is continuing;
- (2) holders of at least 25% in principal amount of the outstanding Notes have requested the Trustee to pursue the remedy;
- (3) such holders have offered the Trustee reasonable security or indemnity against any loss, liability or expense;
- (4) the Trustee has not complied with such request within 60 days after the receipt of the request and the offer of security or indemnity; and
- (5) the holders of a majority in principal amount of the outstanding Notes have not waived such Event of Default or otherwise given the Trustee a direction that, in the opinion of the Trustee, is inconsistent with such request within such 60-day period.

Subject to certain restrictions, the holders of a majority in principal amount of the outstanding Notes are given the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or of exercising any trust or power conferred on the Trustee. The Indenture provides that in the event an Event of Default has occurred and is continuing, the Trustee will be required in the exercise of its powers to use the degree of care that a prudent person would use in the conduct of his own affairs. The Trustee, however, may refuse to follow any direction that conflicts with law or the Indenture or that the Trustee determines is unduly prejudicial to the rights of any other holder or that would involve the Trustee in personal liability. Prior to taking any action under the Indenture, the Trustee will be entitled to indemnification satisfactory to it in its sole discretion against all losses and expenses caused by taking or not taking such action.

If a Default occurs and is continuing and is known to the Trustee, the Trustee must mail to each holder notice of the Default within 90 days after it occurs. Except in the case of a Default in the payment of principal of, premium, if any, or interest on any Note, the Trustee may withhold such notice if and so long as a committee of trust officers of the Trustee in good faith determines that withholding notice is in the interests of the holders. In addition, the Issuer is required to deliver to the Trustee, within 120 days after the end of each fiscal year, a certificate indicating whether the signers thereof know of any Default that occurred during the previous year. The Issuer also is required to deliver to the Trustee, within 30 days after the occurrence thereof, written notice of any Defaults, their status and what action the Issuer is taking or proposing to take in respect thereof.

Amendments and Waivers

Subject to certain exceptions, the Indenture and the Notes may be amended with the consent of the holders of a majority in principal amount of the Notes then outstanding (including without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, Notes) and, subject to certain exceptions, any past default or compliance with any provisions may be waived with the consent of the holders of a majority in principal amount of the Notes then outstanding (including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, Notes). However, without the consent of each holder of an outstanding Note affected, no amendment may, among other things:

- (1) reduce the principal amount of Notes whose holders must consent to an amendment or waiver;
- (2) reduce the stated rate of or extend the stated time for payment of interest on any Note;
- (3) reduce the principal of or extend the Stated Maturity of any Note;
- (4) reduce the premium payable upon the redemption of any Note as described above under "—Optional Redemption," change the time at which any Note may be redeemed as described above under "—Optional Redemption" or make any change relative to our obligation to make an offer to repurchase the Notes as a result of a Change of Control as described above under "—Change of Control" after (but not before) the occurrence of such Change of Control;
- (5) make any Note payable in money other than that stated in the Note;
- (6) impair the right of any holder to receive payment of the principal of, premium, if any, and interest on such holder's Notes on or after the due dates therefor or to institute suit for the enforcement of any payment on or with respect to such holder's Notes;
- (7) make any change in the amendment provisions which require each holder's consent or in the waiver provisions;
- (8) modify the Guarantees in any manner adverse to the holders of the Notes; or
- (9) make any change to or modify the ranking of the Notes that would adversely affect the holders.

Notwithstanding the foregoing, without the consent of any holder, the Issuer, the Guarantors and the Trustee may amend the Indenture and the Notes to:

- (1) cure any ambiguity, omission, defect, mistake or inconsistency;
- (2) provide for the assumption by a successor of the obligations of the Parent Guarantor, the Issuer or any Subsidiary Guarantor under the Indenture;
- (3) provide for uncertificated Notes in addition to or in place of certificated Notes (*provided* that the uncertificated Notes are issued in registered form for purposes of Section 163(f) of the Code, or in a manner such that the uncertificated Notes are described in Section 163(f)(2)(B) of the Code);
- (4) add Guarantors with respect to the Notes, including Subsidiary Guarantors, or release a Subsidiary Guarantor from its Subsidiary Guarantee and terminate such Subsidiary Guarantee; *provided* that the release and termination is in accordance with the applicable provisions of the Indenture;
- (5) secure the Notes or Guarantees;

[Table of Contents](#)

- (6) add to the covenants of the Parent Guarantor, the Issuer or a Subsidiary Guarantor for the benefit of the holders or surrender any right or power conferred upon the Parent Guarantor, the Issuer or a Subsidiary Guarantor;
- (7) make any change that does not adversely affect the rights of any holder; *provided, however*, that any change to conform the Indenture to this "Description of notes" will not be deemed to adversely affect such legal rights;
- (8) comply with any requirement of the SEC in connection with the qualification of the Indenture under the Trust Indenture Act; or
- (9) provide for the succession of a successor Trustee, *provided* that the successor Trustee is otherwise qualified and eligible to act as such under the Indenture.

The consent of the holders is not necessary under the Indenture to approve the particular form of any proposed amendment. It is sufficient if such consent approves the substance of the proposed amendment. A consent to any amendment or waiver under the Indenture by any holder of Notes given in connection with a tender of such holder's Notes will not be rendered invalid by such tender. After an amendment under the Indenture requiring the consent of the holders becomes effective, the Issuer is required to mail to the holders a notice briefly describing such amendment. However, the failure to give such notice to all the holders, or any defect in the notice will not impair or affect the validity of the amendment.

Defeasance

The Issuer at any time may terminate all its obligations under the Notes and the Indenture ("legal defeasance"), except for certain obligations, including those respecting the defeasance trust and obligations to register the transfer or exchange of the Notes, to replace mutilated, destroyed, lost or stolen Notes and to maintain a registrar and paying agent in respect of the Notes.

The Issuer at any time may terminate its obligations described under "—Change of Control" and the obligations of itself and the Parent Guarantor under the covenants described under "—Certain Covenants" (other than clauses (1), (2), (4) and (5) of "—Merger and Consolidation"), the operation of the cross default upon a payment default, cross acceleration provisions, the bankruptcy provisions with respect to Significant Subsidiaries, the judgment default provision, the Subsidiary Guarantee provision described under "—Events of Default" above and the limitations contained in clause (3) under "—Certain Covenants—Merger and Consolidation" above ("covenant defeasance").

If the Issuer exercises its legal defeasance or its covenant defeasance option, the Subsidiary Guarantees in effect at such time will terminate and, in the case of covenant defeasance, the Parent Guarantee will terminate.

The Issuer may exercise its legal defeasance option notwithstanding its prior exercise of its covenant defeasance option. If the Issuer exercises its legal defeasance option, payment of the Notes may not be accelerated because of an Event of Default with respect to the Notes. If the Issuer exercises its covenant defeasance option, payment of the Notes may not be accelerated because of an Event of Default specified in clause (4), (5), (6), (7) (with respect only to Significant Subsidiaries), (8) or (9) under "—Events of Default" above or because of the failure of the Parent Guarantor or the Issuer to comply with clause (3) under "—Certain Covenants—Merger and Consolidation" above.

In order to exercise either defeasance option, the Issuer or a Guarantor must, among other things, irrevocably deposit in trust (the "defeasance trust") with the Trustee money or U.S. Government Obligations for the payment of principal, premium, if any, and interest on the Notes to redemption or Stated Maturity, as the case may be, and must comply with certain other conditions, including delivery to the Trustee of an Opinion of Counsel (subject to customary exceptions and exclusions) to the effect

that holders of the Notes will not recognize income, gain or loss for federal income tax purposes as a result of such deposit and defeasance and will be subject to federal income tax on the same amount and in the same manner and at the same times as would have been the case if such deposit and defeasance had not occurred. In the case of legal defeasance only, such Opinion of Counsel must be based on a ruling of the Internal Revenue Service or other change in applicable federal income tax law.

Satisfaction and Discharge

The Indenture will be discharged and will cease to be of further effect as to all Notes issued thereunder, when either:

- (1) all Notes that have been authenticated (except lost, stolen or destroyed Notes that have been replaced or paid and Notes for whose payment money has theretofore been deposited in trust or segregated and held in trust by the Issuer and thereafter repaid to the Issuer or discharged from such trust) have been delivered to the Trustee for cancellation, or
- (2) all Notes that have not been delivered to the Trustee for cancellation have become due and payable or will become due and payable within one year by reason of the giving of a notice of redemption or otherwise and the Issuer, the Parent Guarantor or any Subsidiary Guarantor has irrevocably deposited or caused to be irrevocably deposited with the Trustee as trust funds in trust solely for such purpose, cash in U.S. dollars, U.S. Government Obligations, or a combination thereof, in such amounts as will be sufficient without consideration of any reinvestment of interest, to pay and discharge the entire indebtedness on the Notes not delivered to the Trustee for cancellation for principal and accrued interest to the date of Stated Maturity or redemption, and in each case certain other requirements set forth in the Indenture are satisfied.

No Personal Liability of Directors, Officers, Employees and Stockholders

No director, officer, employee, incorporator, stockholder, member, partner or trustee of the Parent Guarantor, the Issuer or any Subsidiary Guarantor, as such, shall have any liability for any obligations of the Parent Guarantor, the Issuer or any Subsidiary Guarantor under the Notes, the Indenture or the Guarantees or for any claim based on, in respect of, or by reason of, such obligations or their creation. Each holder by accepting a Note waives and releases all such liability. The waiver and release are part of the consideration for issuance of the Notes.

Concerning the Trustee

Wells Fargo Bank, National Association is the Trustee under the Indenture and has been appointed by the Issuer as registrar and paying agent with regard to the Notes. Such bank is a lender under the Senior Secured Credit Agreement.

The Indenture contains certain limitations on the rights of the Trustee, should it become a creditor of the Issuer or any Guarantor, to obtain payment of claims in certain cases, or to realize on certain property received in respect of any such claim as security or otherwise. The Trustee will be permitted to engage in other transactions; *provided, however*, that if it acquires any conflicting interest (as defined in the Trust Indenture Act) while any Default exists it must eliminate such conflict within 90 days, apply to the SEC for permission to continue as Trustee with such conflict or resign as Trustee.

Governing Law

The Indenture provides that it and the Notes will be governed by, and construed in accordance with, the laws of the State of New York.

Book-Entry; Delivery and Form

Global Notes

The new Notes, like the old Notes, will be issued in the form of one or more fully registered notes in global form, without interest coupons. Each Global Note will be deposited with the Trustee, as custodian for The Depository Trust Company ("DTC"), and registered in the name of Cede & Co., as nominee of DTC.

Ownership of beneficial interests in each global note will be limited to persons who have accounts with DTC ("DTC participants") or persons who hold interests through DTC participants. We expect that under procedures established by DTC:

- upon deposit of each global note with DTC's custodian, DTC will credit portions of the principal amount of the global notes to the accounts of the DTC participants designated by the exchange agent; and
- ownership of beneficial interests in each global note will be shown on, and transfer of ownership of those interests will be effected only through, records maintained by DTC (with respect to interests of DTC participants) and the records of DTC participants (with respect to other owners of beneficial interests in the global notes).

Beneficial interests in the global notes may not be exchanged for notes in physical, certificated form except in the limited circumstances described below.

Book-Entry Procedures for the Global Notes

All interests in the global notes will be subject to the operations and procedures of DTC, including its participants, Euroclear Bank S.A./N.V., as operator of the Euroclear System ("Euroclear"), and Clearstream Banking S.A. ("Clearstream"). We provide the following summaries of those operations and procedures solely for the convenience of investors. The operations and procedures of each settlement system are controlled by that settlement system and may be changed at any time.

- Neither we nor the Trustee is responsible for those operations or procedures.
- DTC has advised us that it is:
 - a limited purpose trust company organized under the laws of the State of New York;
 - a "banking organization" within the meaning of the New York State Banking Law;
 - a member of the Federal Reserve System;
 - a "clearing corporation" within the meaning of the Uniform Commercial Code; and
 - a "clearing agency" registered under Section 17A of the Exchange Act.

DTC was created to hold securities for its participants and to facilitate the clearance and settlement of securities transactions between its participants through electronic book-entry changes to the accounts of its participants. DTC's participants include securities brokers and dealers, including the initial purchasers, banks and trust companies, clearing corporations, and other organizations. Indirect access to DTC's system is also available to others such as banks, brokers, dealers, and trust companies. These indirect participants clear through or maintain a custodial relationship with a DTC participant, either directly or indirectly. Investors who are not DTC participants may beneficially own securities held by or on behalf of DTC only through DTC participants or indirect participants in DTC.

[Table of Contents](#)

So long as DTC's nominee is the registered owner of a global note, that nominee will be considered the sole owner or holder of the notes represented by that global note for all purposes under the indenture. Except as provided below, owners of beneficial interests in a global note:

- will not be entitled to have notes represented by the global note registered in their names;
- will not receive or be entitled to receive physical, certificated notes; and
- will not be considered the owners or holders of the notes under the indenture for any purpose, including with respect to the giving of any direction, instruction, or approval to the Trustee.

As a result, each investor who owns a beneficial interest in a global note must rely on the procedures of DTC to exercise any rights of a holder of notes under the Indenture (and, if the investor is not a participant or an indirect participant in DTC, on the procedures of the DTC participant through which the investor owns its interest).

Payments of principal, premium (if any), and interest with respect to the new notes represented by a global note will be made by the Trustee to DTC's nominee, as the registered holder of the global note. Neither we nor the Trustee will have any responsibility or liability for the payment of amounts to owners of beneficial interests in a global note, for any aspect of the records relating to or payments made on account of those interests by DTC, or for maintaining, supervising, or reviewing any records of DTC relating to those interests.

Payments by participants and indirect participants in DTC to the owners of beneficial interests in a global note will be governed by standing instructions and customary industry practice and will be the responsibility of those participants or indirect participants and DTC.

Transfers between participants in DTC will be effected under DTC's procedures and will be settled in same-day funds. Transfers between participants in Euroclear or Clearstream will be effected in the ordinary way under the rules and operating procedures of those systems.

Cross market transfers between DTC participants, on the one hand, and Euroclear or Clearstream participants, on the other hand, will be effected within DTC through the DTC participants that are acting as depositaries for Euroclear and Clearstream. To deliver or receive an interest in a global note held in a Euroclear or Clearstream account, an investor must send transfer instructions to Euroclear or Clearstream, as the case may be, under the rules and procedures of that system and within the established deadlines of that system. If the transaction meets its settlement requirements, Euroclear or Clearstream, as the case may be, will send instructions to its DTC depository to take action to effect final settlement by delivering or receiving interests in the relevant global notes in DTC, and making or receiving payment under normal procedures for same-day funds settlement applicable to DTC. Euroclear and Clearstream participants may not deliver instructions directly to the DTC depositaries that are acting for Euroclear or Clearstream.

Because of time zone differences, the securities account of a Euroclear or Clearstream participant that purchases an interest in a global note from a DTC participant will be credited on the business day for Euroclear or Clearstream immediately following the DTC settlement date. Cash received in Euroclear or Clearstream from the sale of an interest in a global note to a DTC participant will be received with value on the DTC settlement date but will be available in the relevant Euroclear or Clearstream cash account as of the business day for Euroclear or Clearstream following the DTC settlement date.

DTC, Euroclear, and Clearstream have agreed to the above procedures to facilitate transfers of interests in the global notes among participants in those settlement systems. However, the settlement systems are not obligated to perform these procedures and may discontinue or change these procedures at any time. Neither we nor the Trustee will have any responsibility for the performance by DTC, Euroclear, or Clearstream, or their participants or indirect participants, of their obligations under the rules and procedures governing their operations.

[Table of Contents](#)

Certificated Notes

New Notes in physical, certificated form will be issued and delivered to each person that DTC identifies as a beneficial owner of the related notes only if:

- DTC notifies us at any time that it is unwilling or unable to continue as depository for the global notes and a successor depository is not appointed within 90 days;
- DTC ceases to be registered as a clearing agency under the Exchange Act and a successor depository is not appointed within 90 days; or
- we, at our option, notify the Trustee that we elect to cause the issuance of certificated Notes.

Certain Definitions

"*Acquired Indebtedness*" means Indebtedness (i) of a Person or any of its Subsidiaries existing at the time such Person becomes or is merged with and into a Restricted Subsidiary or (ii) assumed in connection with the acquisition of assets from such Person, in each case whether or not Incurred by such Person in connection with, or in anticipation or contemplation of, such Person becoming a Restricted Subsidiary or such acquisition. Acquired Indebtedness shall be deemed to have been Incurred, with respect to clause (i) of the preceding sentence, on the date such Person becomes or is merged with and into a Restricted Subsidiary and, with respect to clause (ii) of the preceding sentence, on the date of consummation of such acquisition of assets.

"*Additional Assets*" means:

- (1) any properties or assets to be used by the Parent Guarantor or a Restricted Subsidiary in the Oil and Gas Business;
- (2) capital expenditures by the Parent Guarantor or a Restricted Subsidiary in the Oil and Gas Business;
- (3) the Capital Stock of a Person that becomes a Restricted Subsidiary as a result of the acquisition of such Capital Stock by the Parent Guarantor or a Restricted Subsidiary; or
- (4) Capital Stock constituting a minority interest in any Person that at such time is a Restricted Subsidiary;

provided, however, that, in the case of clauses (3) and (4), such Restricted Subsidiary is primarily engaged in the Oil and Gas Business.

"*Adjusted Consolidated Net Tangible Assets*" of the Parent Guarantor means (without duplication), as of the date of determination, the remainder of:

- (a) the sum of:
 - (i) discounted future net revenues from proved oil and gas reserves of the Parent Guarantor and its Restricted Subsidiaries calculated in accordance with SEC guidelines before any state or federal income taxes, as estimated by the Parent Guarantor in a reserve report prepared as of the end of the Parent Guarantor's most recently completed fiscal year for which audited financial statements are available, as increased by, as of the date of determination, the estimated discounted future net revenues from
 - (A) estimated proved oil and gas reserves acquired since such year end, which reserves were not reflected in such year end reserve report, and
 - (B) estimated oil and gas reserves attributable to extensions, discoveries and other additions and upward revisions of estimates of proved oil and gas reserves since such year end due to exploration, development or exploitation, production or other

activities, which would, in accordance with standard industry practice, cause such revisions (including the impact to proved reserves and future net revenues from estimated development costs incurred and the accretion of discount since such year end),

and decreased by, as of the date of determination, the estimated discounted future net revenues from

- (C) estimated proved oil and gas reserves produced or disposed of since such year end, and
 - (D) estimated oil and gas reserves attributable to downward revisions of estimates of proved oil and gas reserves since such year end due to changes in geological conditions or other factors which would, in accordance with standard industry practice, cause such revisions, in each case calculated on a pre-tax basis and substantially in accordance with SEC guidelines,

in the case of clauses (A) through (D) utilizing prices and costs calculated in accordance with SEC guidelines as if the end of the most recent fiscal quarter preceding the date of determination for which such information is available to the Parent Guarantor were year end; *provided, however*, that in the case of each of the determinations made pursuant to clauses (A) through (D), such increases and decreases shall be as estimated by the Parent Guarantor's petroleum engineers;
- (ii) the capitalized costs that are attributable to Oil and Gas Properties of the Parent Guarantor and its Restricted Subsidiaries to which no proved oil and gas reserves are attributable, based on the Parent Guarantor's books and records as of a date no earlier than the date of the Parent Guarantor's latest available annual or quarterly financial statements;
 - (iii) the Net Working Capital of the Parent Guarantor and its Restricted Subsidiaries on a date no earlier than the date of the Parent Guarantor's latest annual or quarterly financial statements; and
 - (iv) the greater of
 - (A) the net book value of other tangible assets of the Parent Guarantor and its Restricted Subsidiaries, as of a date no earlier than the date of the Parent Guarantor's latest annual or quarterly financial statements, and
 - (B) the appraised value, as estimated by independent appraisers, of other tangible assets of the Parent Guarantor and its Restricted Subsidiaries, as of a date no earlier than the date of the Parent Guarantor's latest audited financial statements; *provided*, that, if no such appraisal has been performed the Parent Guarantor shall not be required to obtain such an appraisal and only clause (iv)(A) of this definition shall apply;

minus

- (b) the sum of:
 - (i) Minority Interests;
 - (ii) any net gas balancing liabilities of the Parent Guarantor and its Restricted Subsidiaries reflected in the Parent Guarantor's latest annual or quarterly balance sheet (to the extent not deducted in calculating Net Working Capital of the Parent Guarantor in accordance with clause (a)(iii) above of this definition);

[Table of Contents](#)

- (iii) to the extent included in (a)(i) above, the discounted future net revenues, calculated in accordance with SEC guidelines (but utilizing prices and costs calculated in accordance with SEC guidelines as if the end of the most recent fiscal quarter preceding the date of determination for which such information is available to the Parent Guarantor were year end), attributable to reserves which are required to be delivered to third parties to fully satisfy the obligations of the Parent Guarantor and its Restricted Subsidiaries with respect to Volumetric Production Payments (determined, if applicable, using the schedules specified with respect thereto); and
- (iv) the discounted future net revenues, calculated in accordance with SEC guidelines, attributable to reserves subject to Dollar-Denominated Production Payments which, based on the estimates of production and price assumptions included in determining the discounted future net revenues specified in (a)(i) above, would be necessary to fully satisfy the payment obligations of the Parent Guarantor and its Subsidiaries with respect to Dollar-Denominated Production Payments (determined, if applicable, using the schedules specified with respect thereto).

If the Parent Guarantor changes its method of accounting from the successful efforts method of accounting to the full cost or a similar method, "Adjusted Consolidated Net Tangible Assets" will continue to be calculated as if the Parent Guarantor were still using the successful efforts method of accounting.

"*Affiliate*" of any specified Person means any other Person, directly or indirectly, controlling or controlled by or under direct or indirect common control with such specified Person. For the purposes of this definition, "control" when used with respect to any Person means the power to direct the management and policies of such Person, directly or indirectly, whether through the ownership of voting securities, by contract or otherwise; and the terms "controlling" and "controlled" have meanings correlative to the foregoing.

"*Asset Disposition*" means any direct or indirect sale, lease (including by means of Production Payments and Reserve Sales and a Sale/Leaseback Transaction but excluding an operating lease entered into in the ordinary course of the Oil and Gas Business), transfer, issuance or other disposition, or a series of related sales, leases, transfers, issuances or dispositions that are part of a common plan, of (A) shares of Capital Stock of a Restricted Subsidiary (other than Preferred Stock of Restricted Subsidiaries issued in compliance with the covenant described under the heading "*Certain Covenants—Limitation on Indebtedness and Preferred Stock*," and directors' qualifying shares or shares required by applicable law to be held by a Person other than the Parent Guarantor or a Restricted Subsidiary), (B) all or substantially all the assets of any division or line of business of the Parent Guarantor or any Restricted Subsidiary (excluding any division or line of business the assets of which are owned by an Unrestricted Subsidiary) or (C) any other assets of the Parent Guarantor or any Restricted Subsidiary outside of the ordinary course of business of the Parent Guarantor or such Restricted Subsidiary (each referred to for the purposes of this definition as a "disposition"), in each case by the Parent Guarantor or any of its Restricted Subsidiaries, including any disposition by means of a merger, consolidation or similar transaction.

Notwithstanding the preceding, the following items shall not be deemed to be Asset Dispositions:

- (1) a disposition by a Restricted Subsidiary to the Parent Guarantor or by the Parent Guarantor or a Restricted Subsidiary to a Restricted Subsidiary;
- (2) a disposition of cash, Cash Equivalents or other financial assets in the ordinary course of business;
- (3) a disposition of Hydrocarbons or mineral products inventory in the ordinary course of business;

[Table of Contents](#)

- (4) a disposition of damaged, unserviceable, obsolete or worn out equipment or equipment that is no longer necessary for the proper conduct of the business of the Parent Guarantor and its Restricted Subsidiaries and that is disposed of in each case in the ordinary course of business;
- (5) transactions in accordance with the covenant described under "—Certain Covenants—Merger and Consolidation";
- (6) an issuance of Capital Stock by a Restricted Subsidiary to the Parent Guarantor or to a Restricted Subsidiary;
- (7) the making of a Permitted Investment or a Restricted Payment (or a disposition that would constitute a Restricted Payment but for the exclusions from the definition thereof) permitted by the covenant described under "—Certain Covenants—Limitation on Restricted Payments";
- (8) an Asset Swap;
- (9) dispositions of assets with a Fair Market Value of less than \$10.0 million;
- (10) Permitted Liens;
- (11) dispositions of receivables in connection with the compromise, settlement or collection thereof in the ordinary course of business or in bankruptcy or similar proceedings and exclusive of factoring or similar arrangements;
- (12) the licensing or sublicensing of intellectual property (including, without limitation, the licensing of seismic data) or other general intangibles and licenses, leases or subleases of other property in the ordinary course of business which do not materially interfere with the business of the Parent Guarantor and its Restricted Subsidiaries;
- (13) foreclosure on assets;
- (14) any Production Payments and Reserve Sales; *provided* that any such Production Payments and Reserve Sales, other than incentive compensation programs on terms that are reasonably customary in the Oil and Gas Business for geologists, geophysicists and other providers of technical services to the Parent Guarantor or a Restricted Subsidiary, shall have been created, Incurred, issued, assumed or Guaranteed in connection with the financing of, and within 60 days after the acquisition of, the property that is subject thereto;
- (15) a disposition of oil and natural gas properties in connection with tax credit transactions complying with Section 29 or any successor or analogous provisions of the Code;
- (16) surrender or waiver of contract rights, oil and gas leases, or the settlement, release or surrender of contract, tort or other claims of any kind;
- (17) the abandonment, farm out, lease or sublease of developed or undeveloped Oil and Gas Properties in the ordinary course of business; and
- (18) a disposition (whether or not in the ordinary course of business) of any Oil and Gas Property or interest therein to which no proved reserves are attributable at the time of such disposition.

"*Asset Swap*" means any substantially contemporaneous (and in any event occurring within 180 days of each other) purchase and sale or exchange of any oil or natural gas properties or assets or interests therein between the Parent Guarantor or any of its Restricted Subsidiaries and another Person; *provided*, that any cash received must be applied in accordance with "—Certain Covenants—Limitation on Sales of Assets and Subsidiary Stock" as if the Asset Swap were an Asset Disposition.

"*Average Life*" means, as of the date of determination, with respect to any Indebtedness or Preferred Stock, the quotient obtained by dividing (1) the sum of the products of the numbers of years from the date of determination to the dates of each successive scheduled principal payment of such

Indebtedness or redemption or similar payment with respect to such Preferred Stock multiplied by the amount of such payment by (2) the sum of all such payments.

"*Beneficial Owner*" has the meaning assigned to such term in Rule 13d-3 and Rule 13d-5 under the Exchange Act, except that in calculating the beneficial ownership of any particular "person" (as that term is used in Section 13(d)(3) of the Exchange Act), such "person" will be deemed to have beneficial ownership of all securities that such "person" has the right to acquire by conversion or exercise of other securities, whether such right is currently exercisable or is exercisable only after the passage of time. The terms "Beneficially Owns" and "Beneficially Owned" have a corresponding meaning.

"*Board of Directors*" means, as to any Person that is a corporation, the board of directors of such Person or any duly authorized committee thereof or as to any Person that is not a corporation, the board of managers or such other individual or group serving a similar function.

"*Business Day*" means each day that is not a Saturday, Sunday or other day on which commercial banking institutions in New York, New York are authorized or required by law to close.

"*Capital Stock*" of any Person means any and all shares, units, interests, rights to purchase, warrants, options, participations or other equivalents of or interests in (however designated) equity of such Person, including any Preferred Stock, but excluding any debt securities convertible into, or exchangeable for, such equity.

"*Capitalized Lease Obligations*" means an obligation that is required to be classified and accounted for as a capitalized lease for financial reporting purposes in accordance with GAAP, and the amount of Indebtedness represented by such obligation will be the capitalized amount of such obligation at the time any determination thereof is to be made as determined in accordance with GAAP, and the Stated Maturity thereof will be the date of the last payment of rent or any other amount due under such lease prior to the first date such lease may be terminated without penalty.

"*Cash Equivalents*" means:

- (1) securities issued or directly and fully guaranteed or insured by the United States Government or any agency or instrumentality of the United States (*provided* that the full faith and credit of the United States is pledged in support thereof), having maturities of not more than one year from the date of acquisition;
- (2) marketable general obligations issued by any state of the United States of America or any political subdivision of any such state or any public instrumentality thereof maturing within one year from the date of acquisition and, at the time of acquisition, having a credit rating of "A" (or the equivalent thereof) or better from either S&P or Moody's;
- (3) certificates of deposit, time deposits, eurodollar time deposits, overnight bank deposits or bankers' acceptances having maturities of not more than one year from the date of acquisition thereof issued by any commercial bank the short-term deposit of which is rated at the time of acquisition thereof at least "A-2" or the equivalent thereof by S&P, or "P-2" or the equivalent thereof by Moody's, and having combined capital and surplus in excess of \$100.0 million;
- (4) repurchase obligations with a term of not more than seven days for underlying securities of the types described in clauses (1), (2) and (3) entered into with any bank meeting the qualifications specified in clause (3) above;
- (5) commercial paper rated at the time of acquisition thereof at least "A-2" or the equivalent thereof by S&P or "P-2" or the equivalent thereof by Moody's, or carrying an equivalent rating by a nationally recognized rating agency, if both of the two named Rating Agencies cease publishing ratings of investments, and in any case maturing within one year after the date of acquisition thereof; and

[Table of Contents](#)

- (6) interests in any investment company or money market fund which invests 95% or more of its assets in instruments of the type specified in clauses (1) through (5) above.

"*Cash Management Obligations*" means, with respect to the Issuer or any Guarantor, any obligations of such Person to U.S. Bank National Association or any other lender in respect of treasury management arrangements, depositary or other cash management services, including any treasury management line of credit.

"*Change of Control*" means:

- (1) any "person" or "group" of related persons (as such terms are used in Sections 13(d) and 14(d) of the Exchange Act), other than a Permitted Holder, is or becomes the Beneficial Owner, directly or indirectly, of more than 50% of the total voting power of the Voting Stock of the Parent Guarantor (or its successor by merger, consolidation or purchase of all or substantially all of its assets) (for the purposes of this clause (1), such person or group shall be deemed to Beneficially Own any Voting Stock of the Parent Guarantor held by a parent entity, if such person or group Beneficially Owns, directly or indirectly, more than 50% of the total voting power of the Voting Stock of such parent entity);
- (2) the first day on which a majority of the members of the Board of Directors of the Parent Guarantor are not Continuing Directors;
- (3) the sale, lease, transfer, conveyance or other disposition (other than by way of merger or consolidation), in one or a series of related transactions, of all or substantially all of the assets of the Parent Guarantor and its Restricted Subsidiaries taken as a whole to any "person" (as such term is used in Sections 13(d) and 14(d) of the Exchange Act); or
- (4) the adoption by the members of the Parent Guarantor of a plan or proposal for the liquidation or dissolution of the Parent Guarantor.

Notwithstanding the preceding, a conversion of the Parent Guarantor or any of its Restricted Subsidiaries from a limited liability company, corporation, limited partnership or other form of entity to a limited liability company, corporation, limited partnership or other form of entity or an exchange of all of the outstanding Capital Stock in one form of entity for Capital Stock for another form of entity shall not constitute a Change of Control, so long as following such conversion or exchange the "persons" (as that term is used in Section 13(d)(3) of the Exchange Act) who Beneficially Owned the Capital Stock of the Parent Guarantor immediately prior to such transactions continue to Beneficially Own in the aggregate more than 50% of the Voting Stock of such entity, or continue to Beneficially Own sufficient Equity Interests in such entity to elect a majority of its directors, managers, trustees or other persons serving in a similar capacity for such entity, and, in either case no "person" Beneficially Owns more than 50% of the Voting Stock of such entity.

"*Code*" means the Internal Revenue Code of 1986, as amended.

"*Commodity Agreements*" means, in respect of any Person, any forward contract, commodity swap agreement, commodity option agreement or other similar agreement or arrangement in respect of Hydrocarbons used, produced, processed or sold by such Person that are customary in the Oil and Gas Business and designed to protect such Person against fluctuation in Hydrocarbon prices.

"*Common Stock*" means, with respect to any Person, any and all shares, interests or other participations in, and other equivalents (however designated and whether voting or nonvoting) of such Person's common stock whether or not outstanding on the Issue Date, and includes, without limitation, all series and classes of such common stock.

"*Consolidated Coverage Ratio*" means as of any date of determination, the ratio of (x) the aggregate amount of Consolidated EBITDAX of such Person for the period of the most recent four

consecutive fiscal quarters ending prior to the date of such determination for which financial statements are in existence to (y) Consolidated Interest Expense for such four fiscal quarters, *provided, however*, that:

- (1) if the Parent Guarantor or any Restricted Subsidiary:
 - (a) has Incurred any Indebtedness since the beginning of such period that remains outstanding on such date of determination or if the transaction giving rise to the need to calculate the Consolidated Coverage Ratio is an Incurrence of Indebtedness, Consolidated EBITDAX and Consolidated Interest Expense for such period will be calculated after giving effect on a pro forma basis to such Indebtedness and the use of proceeds thereof as if such Indebtedness had been Incurred on the first day of such period and such proceeds had been applied as of such date (except that in making such computation, the amount of Indebtedness under any revolving Credit Facility outstanding on the date of such calculation will be deemed to be (i) the average daily balance of such Indebtedness during such four fiscal quarters or such shorter period for which such facility was outstanding or (ii) if such revolving Credit Facility was created after the end of such four fiscal quarters, the average daily balance of such Indebtedness during the period from the date of creation of such revolving Credit Facility to the date of such calculation, in each case, *provided* that such average daily balance shall take into account any repayment of Indebtedness under such revolving Credit Facility as provided in clause (b)); or
 - (b) has repaid, repurchased, defeased or otherwise discharged any Indebtedness since the beginning of the period, including with the proceeds of such new Indebtedness, that is no longer outstanding on such date of determination or if the transaction giving rise to the need to calculate the Consolidated Coverage Ratio involves a discharge of Indebtedness (in each case other than Indebtedness Incurred under any revolving Credit Facility unless such Indebtedness has been permanently repaid and the related commitment terminated), Consolidated EBITDAX and Consolidated Interest Expense for such period will be calculated after giving effect on a pro forma basis to such discharge of such Indebtedness as if such discharge had occurred on the first day of such period;
- (2) if, since the beginning of such period, the Parent Guarantor or any Restricted Subsidiary has made any Asset Disposition or if the transaction giving rise to the need to calculate the Consolidated Coverage Ratio is such an Asset Disposition, the Consolidated EBITDAX for such period will be reduced by an amount equal to the Consolidated EBITDAX (if positive) directly attributable to the assets which are the subject of such Asset Disposition for such period or increased by an amount equal to the Consolidated EBITDAX (if negative) directly attributable thereto for such period and Consolidated Interest Expense for such period shall be reduced by an amount equal to the Consolidated Interest Expense directly attributable to any Indebtedness of the Parent Guarantor or any Restricted Subsidiary repaid, repurchased, defeased or otherwise discharged with respect to the Parent Guarantor and its continuing Restricted Subsidiaries in connection with or with the proceeds from such Asset Disposition for such period (or, if the Capital Stock of any Restricted Subsidiary is sold, the Consolidated Interest Expense for such period directly attributable to the Indebtedness of such Restricted Subsidiary to the extent the Parent Guarantor and its continuing Restricted Subsidiaries are no longer liable for such Indebtedness after such sale);
- (3) if, since the beginning of such period, the Parent Guarantor or any Restricted Subsidiary (by merger or otherwise) has made an Investment in any Restricted Subsidiary (or any Person which becomes a Restricted Subsidiary or is merged with or into the Parent Guarantor or a Restricted Subsidiary) or an acquisition (or will have received a contribution) of assets,

[Table of Contents](#)

including any acquisition or contribution of assets occurring in connection with a transaction causing a calculation to be made under the Indenture, which constitutes all or substantially all of a Parent Guarantor, division, operating unit, segment, business, group of related assets or line of business, Consolidated EBITDAX and Consolidated Interest Expense for such period will be calculated after giving pro forma effect thereto (including the Incurrence of any Indebtedness) as if such Investment or acquisition or contribution had occurred on the first day of such period; and

- (4) if, since the beginning of such period, any Person (that subsequently became a Restricted Subsidiary or was merged with or into the Parent Guarantor or any Restricted Subsidiary since the beginning of such period) made any Asset Disposition or any Investment or acquisition of assets that would have required an adjustment pursuant to clause (2) or (3) above if made by the Parent Guarantor or a Restricted Subsidiary during such period, Consolidated EBITDAX and Consolidated Interest Expense for such period will be calculated after giving pro forma effect thereto as if such Asset Disposition or Investment or acquisition of assets had occurred on the first day of such period.

For purposes of this definition, whenever pro forma effect is to be given to any calculation under this definition, the pro forma calculations will be determined in good faith by a responsible financial or accounting officer of the Parent Guarantor; *provided* that such officer may in his or her discretion include any reasonably identifiable and factually supportable pro forma changes to Consolidated EBITDAX, including any pro forma expenses and cost reductions, that have occurred or in the judgment of such officer are reasonably expected to occur within 12 months of the date of the applicable transaction (regardless of whether such expense or cost reduction or any other operating improvements could then be reflected properly in pro forma financial statements prepared in accordance with Regulation S-X under the Securities Act or any other regulation or policy of the SEC). If any Indebtedness bears a floating rate of interest and is being given pro forma effect, the interest expense on such Indebtedness will be calculated as if the average rate in effect from the beginning of such period to the date of determination had been the applicable rate for the entire period (taking into account any Interest Rate Agreement applicable to such Indebtedness, but if the remaining term of such Interest Rate Agreement is less than 12 months, then such Interest Rate Agreement shall only be taken into account for that portion of the period equal to the remaining term thereof). If any Indebtedness that is being given pro forma effect bears an interest rate at the option of the Parent Guarantor, the interest rate shall be calculated by applying such optional rate chosen by the Parent Guarantor. Interest on Indebtedness that may optionally be determined at an interest rate based upon a factor of a prime or similar rate, a eurocurrency interbank offered rate, or other rate, shall be deemed to have been based upon the rate actually chosen, or, if none, then based upon such optional rate chosen as the Parent Guarantor may designate.

"*Consolidated EBITDAX*" for any period means, without duplication, the Consolidated Net Income for such period, plus the following, without duplication and to the extent deducted (and not added back) in calculating such Consolidated Net Income:

- (1) Consolidated Interest Expense;
- (2) Consolidated Income Tax Expense;
- (3) consolidated depletion and depreciation expense of the Parent Guarantor and its Restricted Subsidiaries;
- (4) consolidated amortization expense or impairment charges of the Parent Guarantor and its Restricted Subsidiaries recorded in connection with the application of Statement of Financial Accounting Standard No. 142, "Goodwill and Other Intangibles" and Statement of Financial Accounting Standard No. 144, "Accounting for the Impairment or Disposal of Long Lived Assets";

[Table of Contents](#)

- (5) other non-cash charges of the Parent Guarantor and its Restricted Subsidiaries (excluding any such non-cash charge to the extent it represents an accrual of or reserve for cash charges in any future period or amortization of a prepaid cash expense that was paid in a prior period not included in the calculation); and
- (6) consolidated exploration and abandonment expense of the Parent Guarantor and its Restricted Subsidiaries,

if applicable for such period; and less, to the extent included in calculating such Consolidated Net Income and in excess of any costs or expenses attributable thereto that were deducted (and not added back) in calculating such Consolidated Net Income, the sum of (x) the amount of deferred revenues that are amortized during such period and are attributable to reserves that are subject to Volumetric Production Payments, (y) amounts recorded in accordance with GAAP as repayments of principal and interest pursuant to Dollar-Denominated Production Payments and (z) other non-cash gains (excluding any non-cash gain to the extent it represents the reversal of an accrual or reserve for a potential cash item that reduced Consolidated EBITDAX in any prior period).

Notwithstanding the preceding sentence, clauses (2) through (6) relating to amounts of a Restricted Subsidiary of the Parent Guarantor will be added to Consolidated Net Income to compute Consolidated EBITDAX of the Parent Guarantor only to the extent (and in the same proportion) that the net income (loss) of such Restricted Subsidiary was included in calculating the Consolidated Net Income of the Parent Guarantor and, to the extent the amounts set forth in clauses (2) through (6) are in excess of those necessary to offset a net loss of such Restricted Subsidiary or if such Restricted Subsidiary has net income for such period included in Consolidated Net Income, only if a corresponding amount would be permitted at the date of determination to be dividended to the Parent Guarantor by such Restricted Subsidiary (unless it is a Guarantor) without prior approval (that has not been obtained), pursuant to the terms of its charter and all agreements, instruments, judgments, decrees, orders, statutes, rules and governmental regulations applicable to that Restricted Subsidiary or the holders of its Capital Stock.

"*Consolidated Income Tax Expense*" means, with respect to any period, the provision for federal, state, local and foreign income taxes (including state franchise taxes) of the Parent Guarantor and its Restricted Subsidiaries for such period as determined in accordance with GAAP.

"*Consolidated Interest Expense*" means, for any period, the total consolidated interest expense (less interest income) of the Parent Guarantor and its Restricted Subsidiaries, whether paid or accrued, plus, to the extent not included in such interest expense and without duplication:

- (1) interest expense attributable to Capitalized Lease Obligations and the interest component of any deferred payment obligations;
- (2) amortization of debt discount and debt issuance cost (*provided* that any amortization of bond premium will be credited to reduce Consolidated Interest Expense unless, pursuant to GAAP, such amortization of bond premium has otherwise reduced Consolidated Interest Expense);
- (3) non-cash interest expense;
- (4) commissions, discounts and other fees and charges owed with respect to letters of credit and bankers' acceptance financing;
- (5) the interest expense on Indebtedness of another Person that is Guaranteed by the Parent Guarantor or one of its Restricted Subsidiaries or secured by a Lien on assets of the Parent Guarantor or one of its Restricted Subsidiaries, to the extent such Guarantee becomes payable or such Lien becomes subject to foreclosure;

[Table of Contents](#)

- (6) cash costs associated with Interest Rate Agreements (including amortization of fees); *provided, however*, that if Interest Rate Agreements result in net cash benefits rather than costs, such benefits shall be credited to reduce Consolidated Interest Expense unless, pursuant to GAAP, such net benefits are otherwise reflected in Consolidated Net Income;
- (7) the consolidated interest expense of the Parent Guarantor and its Restricted Subsidiaries that was capitalized during such period; and
- (8) all dividends paid or payable in cash, Cash Equivalents or Indebtedness or accrued during such period on any series of Disqualified Stock of the Parent Guarantor or on Preferred Stock of its Restricted Subsidiaries payable to a party other than the Parent Guarantor or a Wholly-Owned Subsidiary,

minus, to the extent included above, any interest attributable to Dollar-Denominated Production Payments.

For the purpose of calculating the Consolidated Coverage Ratio in connection with the Incurrence of any Indebtedness described in the final paragraph of the definition of "Indebtedness," the calculation of Consolidated Interest Expense shall include all interest expense (including any amounts described in clauses (1) through (8) above) relating to any Indebtedness of the Parent Guarantor or any Restricted Subsidiary described in the final paragraph of the definition of "Indebtedness."

"*Consolidated Net Income*" means, for any period, the aggregate net income (loss) of the Parent Guarantor and its consolidated Subsidiaries determined in accordance with GAAP and before any reduction in respect of Preferred Stock dividends of such Person; *provided, however*, that there will not be included (to the extent otherwise included therein) in such Consolidated Net Income:

- (1) any net income (loss) of any Person (other than the Parent Guarantor) if such Person is not a Restricted Subsidiary, except that:
 - (a) subject to the limitations contained in clauses (3) and (4) below, the Parent Guarantor's equity in the net income of any such Person for such period will be included in such Consolidated Net Income up to the aggregate amount of cash actually distributed by such Person during such period to the Parent Guarantor or a Restricted Subsidiary as a dividend or other distribution (subject, in the case of a dividend or other distribution to a Restricted Subsidiary, to the limitations contained in clause (2) below); and
 - (b) the Parent Guarantor's equity in a net loss of any such Person for such period will be included in determining such Consolidated Net Income to the extent such loss has been funded with cash from the Parent Guarantor or a Restricted Subsidiary during such period;
- (2) any net income (but not loss) of any Restricted Subsidiary (other than a Guarantor) if such Subsidiary is subject to restrictions, directly or indirectly, on the payment of dividends or the making of distributions by such Restricted Subsidiary, directly or indirectly, to the Parent Guarantor, except that:
 - (a) subject to the limitations contained in clauses (3), (4) and (5) below, the Parent Guarantor's equity in the net income of any such Restricted Subsidiary for such period will be included in such Consolidated Net Income up to the aggregate amount of cash that could have been distributed by such Restricted Subsidiary during such period to the Parent Guarantor or another Restricted Subsidiary as a dividend or other distribution (subject, in the case of a dividend or other distribution paid to another Restricted Subsidiary, to the limitation contained in this clause); and

[Table of Contents](#)

- (b) the Parent Guarantor's equity in a net loss of any such Restricted Subsidiary for such period will be included in determining such Consolidated Net Income;
- (3) any gain (loss) realized upon the sale or other disposition of any property, plant or equipment of the Parent Guarantor or its consolidated Subsidiaries (including pursuant to any Sale/Leaseback Transaction) which is not sold or otherwise disposed of in the ordinary course of business and any gain (loss) realized upon the sale or other disposition of any Capital Stock of any Person;
- (4) any extraordinary or nonrecurring gains or losses, together with any related provision for taxes on such gains or losses and all related fees and expenses;
- (5) the cumulative effect of a change in accounting principles;
- (6) any asset impairment writedowns on Oil and Gas Properties under GAAP or SEC guidelines;
- (7) any unrealized non-cash gains or losses or charges in respect of Hedging Obligations (including those resulting from the application of Statement of Financial Accounting Standard No. 133);
- (8) income or loss attributable to discontinued operations (including, without limitation, operations disposed of during such period whether or not such operations were classified as discontinued);
- (9) all deferred financing costs written off, and premiums paid, in connection with any early extinguishment of Indebtedness; and
- (10) any non-cash compensation charge arising from any grant of stock, stock options or other equity based awards; *provided* that the proceeds resulting from any such grant will be excluded from clause (c) (ii) of the first paragraph of the covenant described under "—Limitation on Restricted Payments."

"*Continuing Directors*" means, as of any date of determination, any member of the Board of Directors of the Parent Guarantor who: (1) was a member of such Board of Directors on the date of the Indenture; or (2) was nominated for election or elected to such Board of Directors with the approval of a majority of the Continuing Directors who were members of such Board of Directors at the time of such nomination or election.

"*Credit Facility*" means, with respect to the Parent Guarantor or any Restricted Subsidiary, one or more debt facilities (including, without limitation, the Senior Secured Credit Agreement), indentures or commercial paper facilities providing for revolving credit loans, term loans, receivables financing (including through the sale of receivables to such lenders or to special purpose entities formed to borrow from such lenders against such receivables) or letters of credit, in each case, as amended, restated, modified, renewed, refunded, replaced or refinanced in whole or in part from time to time (and whether or not with the original administrative agent and lenders or another administrative agent or agents or other lenders and whether provided under the original Senior Secured Credit Agreement or any other credit or other agreement or indenture).

"*Currency Agreement*" means in respect of a Person any foreign exchange contract, currency swap agreement, futures contract, option contract or other similar agreement as to which such Person is a party or a beneficiary.

"*Default*" means any event which is, or after notice or passage of time or both would be, an Event of Default.

[Table of Contents](#)

"*Disqualified Stock*" means, with respect to any Person, any Capital Stock of such Person which by its terms (or by the terms of any security into which it is convertible or for which it is exchangeable) at the option of the holder of the Capital Stock or upon the happening of any event:

- (1) matures or is mandatorily redeemable (other than redeemable only for Capital Stock of such Person which is not itself Disqualified Stock) pursuant to a sinking fund obligation or otherwise;
- (2) is convertible or exchangeable for Disqualified Stock or other Indebtedness (excluding Capital Stock which is convertible or exchangeable solely at the option of the Parent Guarantor or a Restricted Subsidiary); or
- (3) is redeemable at the option of the holder of the Capital Stock in whole or in part,

in each case on or prior to the date that is 91 days after the earlier of the date (a) of the Stated Maturity of the Notes or (b) on which there are no Notes outstanding; *provided* that only the portion of Capital Stock which so matures or is mandatorily redeemable, is so convertible or exchangeable or is so redeemable at the option of the holder thereof prior to such date will be deemed to be Disqualified Stock; *provided further*, that any Capital Stock that would constitute Disqualified Stock solely because the holders thereof have the right to require the Parent Guarantor to repurchase such Capital Stock upon the occurrence of a change of control or asset sale (each defined in a substantially identical manner to the corresponding definitions in the Indenture) shall not constitute Disqualified Stock if the terms of such Capital Stock (and all such securities into which it is convertible or for which it is exchangeable) provide that (i) the Parent Guarantor may not repurchase or redeem any such Capital Stock (and all such securities into which it is convertible or for which it is ratable or exchangeable) pursuant to such provision prior to compliance by the Parent Guarantor with the provisions of the Indenture described under the captions "*—Change of Control*" and "*—Certain Covenants—Limitation on Sales of Assets and Subsidiary Stock*" and (ii) such repurchase or redemption will be permitted solely to the extent also permitted in accordance with the provisions of the Indenture described under the caption "*—Certain Covenants—Limitation on Restricted Payments*."

"*Dollar-Denominated Production Payments*" means production payment obligations recorded as liabilities in accordance with GAAP, together with all undertakings and obligations in connection therewith.

"*Domestic Subsidiary*" means any Restricted Subsidiary that is organized under the laws of the United States of America or any state thereof or the District of Columbia.

"*Equity Offering*" means a public or private offering for cash by the Parent Guarantor of Capital Stock (other than Disqualified Stock), other than public offerings registered on Form S-8.

"*Exchange Act*" means the Securities Exchange Act of 1934, as amended, and the rules and regulations of the SEC promulgated thereunder.

"*Exchange Notes*" means Notes issued in exchange for old Notes or Additional Notes pursuant to a Registration Rights Agreement.

"*Fair Market Value*" means, with respect to any asset or property, the sale value that would be obtained in an arm's-length free market transaction between an informed and willing seller under no compulsion to sell and an informed and willing buyer under no compulsion to buy. Fair Market Value of an asset or property in excess of \$10.0 million shall be determined by the Board of Directors of the Parent Guarantor acting in good faith, whose determination shall be conclusive and evidenced by a resolution of such Board of Directors, and any lesser Fair Market Value may be determined by an officer of the Parent Guarantor acting in good faith.

[Table of Contents](#)

"*Foreign Subsidiary*" means any Restricted Subsidiary that is not organized under the laws of the United States of America or any state thereof or the District of Columbia.

"*GAAP*" means generally accepted accounting principles in the United States of America as in effect from time to time. All ratios and computations based on GAAP contained in the Indenture will be computed in conformity with GAAP.

The term "*guarantee*" means any obligation, contingent or otherwise, of any Person directly or indirectly guaranteeing any Indebtedness of any other Person and any obligation, direct or indirect, contingent or otherwise, of such Person:

- (1) to purchase or pay (or advance or supply funds for the purchase or payment of) such Indebtedness of such other Person (whether arising by virtue of partnership arrangements, or by agreement to keep-well, to purchase assets, goods, securities or services, to take-or-pay, or to maintain financial statement conditions or otherwise); or
- (2) entered into for purposes of assuring in any other manner the obligee of such Indebtedness of the payment thereof or to protect such obligee against loss in respect thereof (in whole or in part);

provided, however, that the term "guarantee" will not include endorsements for collection or deposit in the ordinary course of business or any obligation to the extent it is payable only in Capital Stock of the guarantor that is not Disqualified Stock. The term "guarantee" used as a verb has a corresponding meaning.

"*Guarantees*" means the Parent Guarantee and the Subsidiary Guarantees collectively.

"*Guarantors*" means the Parent Guarantor and the Subsidiary Guarantors collectively.

"*Guarantor Subordinated Obligation*" means, with respect to a Guarantor, any Indebtedness of such Guarantor (whether outstanding on the Issue Date or thereafter Incurred) which is expressly subordinated in right of payment to the obligations of such Guarantor under its Guarantee pursuant to a written agreement.

"*Hedging Obligations*" of any Person means the obligations of such Person pursuant to any Interest Rate Agreement, Currency Agreement or Commodity Agreement.

"*holder*" means a Person in whose name a Note is registered on the registrar's books.

"*Hydrocarbons*" means oil, natural gas, casing head gas, drip gasoline, natural gasoline, condensate, distillate, liquid hydrocarbons, gaseous hydrocarbons and all constituents, elements or compounds thereof and products refined or processed therefrom.

"*Immaterial Subsidiary*" means, as of any date, any Restricted Subsidiary whose total assets, as of the end of the most recent month for which financial statements are available, are less than \$1,000,000 and whose total revenues for the most recent 12-month period for which financial statements are available do not exceed \$1,000,000; *provided* that a Restricted Subsidiary will not be considered to be an Immaterial Subsidiary if it, directly or indirectly, guarantees or otherwise provides direct credit support for any Indebtedness of the Parent Guarantor.

"*Incur*" means issue, create, assume, Guarantee, incur or otherwise become directly or indirectly liable for, contingently or otherwise; *provided, however*, that any Indebtedness or Capital Stock of a Person existing at the time such Person becomes a Restricted Subsidiary (whether by merger, consolidation, acquisition or otherwise) will be deemed to be Incurred by such Restricted Subsidiary at the time it becomes a Restricted Subsidiary; and the terms "Incurred" and "Incurrence" have meanings correlative to the foregoing.

[Table of Contents](#)

"*Indebtedness*" means, with respect to any Person on any date of determination (without duplication, whether or not contingent):

- (1) the principal of and premium (if any) in respect of indebtedness of such Person for borrowed money;
- (2) the principal of and premium (if any) in respect of obligations of such Person evidenced by bonds, debentures, notes or other similar instruments;
- (3) the principal component of all obligations of such Person in respect of letters of credit, bankers' acceptances or other similar instruments (including reimbursement obligations with respect thereto except to the extent such reimbursement obligation relates to a trade payable, to the extent such letters of credit are not drawn upon or, if and to the extent drawn upon, such obligation is satisfied within 30 days of payment on the letter of credit);
- (4) the principal component of all obligations of such Person (other than obligations payable solely in Capital Stock that is not Disqualified Stock) to pay the deferred and unpaid purchase price of property (except as described in clause (8) of the penultimate paragraph of this definition of "*Indebtedness*"), which purchase price is due more than six months after the date of placing such property in service or taking delivery and title thereto to the extent such obligations would appear as a liabilities upon the consolidated balance sheet of such Person in accordance with GAAP;
- (5) Capitalized Lease Obligations of such Person to the extent such Capitalized Lease Obligations would appear as liabilities on the consolidated balance sheet of such Person in accordance with GAAP;
- (6) the principal component or liquidation preference of all obligations of such Person with respect to the redemption, repayment or other repurchase of any Disqualified Stock or, with respect to any Subsidiary that is not a Subsidiary Guarantor, any Preferred Stock (but excluding, in each case, any accrued dividends);
- (7) the principal component of all *Indebtedness* of other Persons secured by a Lien on any asset of such Person, whether or not such *Indebtedness* is assumed by such Person; *provided, however*, that the amount of such *Indebtedness* will be the lesser of (a) the Fair Market Value of such asset at such date of determination and (b) the amount of such *Indebtedness* of such other Persons;
- (8) the principal component of *Indebtedness* of other Persons to the extent Guaranteed by such Person; and
- (9) to the extent not otherwise included in this definition, net obligations of such Person under Commodity Agreements, Currency Agreements and Interest Rate Agreements (the amount of any such obligations to be equal at any time to the termination value of such agreement or arrangement giving rise to such obligation that would be payable by such Person at such time);

provided, however, that any indebtedness which has been defeased in accordance with GAAP or defeased pursuant to the deposit of cash or Cash Equivalents (in an amount sufficient to satisfy all such indebtedness obligations at maturity or redemption, as applicable, and all payments of interest and premium, if any) in a trust or account created or pledged for the sole benefit of the holders of such indebtedness, and subject to no other Liens, shall not constitute "*Indebtedness*."

The amount of *Indebtedness* of any Person at any date will be the outstanding balance at such date of all unconditional obligations as described above and the maximum liability, upon the occurrence of the contingency giving rise to the obligation, of any contingent obligations at such date.

[Table of Contents](#)

Notwithstanding the preceding, "Indebtedness" shall not include:

- (1) Production Payments and Reserve Sales;
- (2) any obligation of a Person in respect of a farm-in agreement or similar arrangement whereby such Person agrees to pay all or a share of the drilling, completion or other expenses of an exploratory or development well (which agreement may be subject to a maximum payment obligation, after which expenses are shared in accordance with the working or participation interest therein or in accordance with the agreement of the parties) or perform the drilling, completion or other operation on such well in exchange for an ownership interest in an oil or gas property;
- (3) any obligations under Currency Agreements, Commodity Agreements and Interest Rate Agreements; *provided* that such Agreements are entered into for bona fide hedging purposes of the Parent Guarantor or its Restricted Subsidiaries (as determined in good faith by the Board of Directors or senior management of the Parent Guarantor, whether or not accounted for as a hedge in accordance with GAAP) and, in the case of Currency Agreements or Commodity Agreements, such Currency Agreements or Commodity Agreements are related to business transactions of the Parent Guarantor or its Restricted Subsidiaries entered into in the ordinary course of business and, in the case of Interest Rate Agreements, such Interest Rate Agreements substantially correspond in terms of notional amount, duration and interest rates, as applicable, to Indebtedness of the Parent Guarantor or its Restricted Subsidiaries Incurred without violation of the Indenture;
- (4) any obligation arising from agreements of the Parent Guarantor or a Restricted Subsidiary providing for indemnification, guarantees, adjustment of purchase price, holdbacks, contingency payment obligations or similar obligations, in each case, Incurred or assumed in connection with the acquisition or disposition of any business, assets or Capital Stock of a Restricted Subsidiary, *provided* that such Indebtedness is not reflected on the face of the balance sheet of the Parent Guarantor or any Restricted Subsidiary;
- (5) any obligation arising from the honoring by a bank or other financial institution of a check, draft or similar instrument (including daylight overdrafts) drawn against insufficient funds in the ordinary course of business, *provided* that such Indebtedness is extinguished within five business days of Incurrence;
- (6) in-kind obligations relating to net oil or natural gas balancing positions arising in the ordinary course of business;
- (7) all contracts and other obligations, agreements, instruments or arrangements described in clauses (19), (20), (21) or (28)(a) of the definition of "Permitted Liens;" and
- (8) accrued expenses and trade payables and other accrued liabilities arising in the ordinary course of business that are not overdue by 90 days past the invoice or billing date or more or are being contested in good faith by appropriate proceedings promptly instituted and diligently conducted.

In addition, "Indebtedness" of any Person shall include Indebtedness described in the first paragraph of this definition of "Indebtedness" that would not appear as a liability on the balance sheet of such Person if:

- (1) such Indebtedness is the obligation of a partnership or joint venture that is not a Restricted Subsidiary (a "Joint Venture");

[Table of Contents](#)

- (2) such Person or a Restricted Subsidiary of such Person is a general partner of the Joint Venture or otherwise liable for all or a portion of the Joint Venture's liabilities (a "General Partner"); and
- (3) there is recourse, by contract or operation of law, with respect to the payment of such Indebtedness to property or assets of such Person or a Restricted Subsidiary of such Person; and then such Indebtedness shall be included in an amount not to exceed:
 - (a) the lesser of (i) the net assets of the General Partner and (ii) the amount of such obligations to the extent that there is recourse, by contract or operation of law, to the property or assets of such Person or a Restricted Subsidiary of such Person; or
 - (b) if less than the amount determined pursuant to clause (a) immediately above, the actual amount of such Indebtedness that is with recourse to such Person or a Restricted Subsidiary of such Person, if the Indebtedness is evidenced by a writing and is for a determinable amount and the related interest expense shall be included in Consolidated Interest Expense to the extent actually paid by such Person and its Restricted Subsidiaries.

"*Interest Rate Agreement*" means with respect to any Person any interest rate protection agreement, interest rate future agreement, interest rate option agreement, interest rate swap agreement, interest rate cap agreement, interest rate collar agreement, interest rate hedge agreement or other similar agreement or arrangement as to which such Person is party or a beneficiary.

"*Investment*" means, with respect to any Person, all investments by such Person in other Persons (including Affiliates) in the form of any direct or indirect advance, loan or other extensions of credit (including by way of guarantee or similar arrangement, but excluding any debt or extension of credit represented by a bank deposit other than a time deposit and advances or extensions of credit to customers in the ordinary course of business) or capital contribution to (by means of any transfer of cash or other property to others or any payment for property or services for the account or use of others), or any purchase or acquisition of Capital Stock, Indebtedness or other similar instruments (excluding any interest in a crude oil or natural gas leasehold to the extent constituting a security under applicable law) issued by, such other Person and all other items that are or would be classified as investments on a balance sheet prepared in accordance with GAAP; *provided* that none of the following will be deemed to be an Investment:

- (1) Hedging Obligations entered into in the ordinary course of business and in compliance with the Indenture;
- (2) endorsements of negotiable instruments and documents in the ordinary course of business; and
- (3) an acquisition of assets, Capital Stock or other securities by the Parent Guarantor or a Subsidiary for consideration to the extent such consideration consists of Common Stock of the Parent Guarantor.

The amount of any Investment shall not be adjusted for increases or decreases in value, write-ups, write-downs or write-offs with respect to such Investment.

For purposes of the definition of "*Unrestricted Subsidiary*" and the covenant described under "*—Certain Covenants—Limitation on Restricted Payments,*"

- (1) "*Investment*" will include the portion (proportionate to the Parent Guarantor's equity interest in a Restricted Subsidiary to be designated as an Unrestricted Subsidiary) of the Fair Market Value of the net assets of such Restricted Subsidiary at the time that such Restricted Subsidiary is designated an Unrestricted Subsidiary; *provided*, however, that upon a

[Table of Contents](#)

redesignation of such Subsidiary as a Restricted Subsidiary, the Parent Guarantor will be deemed to continue to have a permanent "Investment" in an Unrestricted Subsidiary in an amount (if positive) equal to

- (a) the Parent Guarantor's "Investment" in such Subsidiary at the time of such redesignation less
 - (b) the portion (proportionate to the Parent Guarantor's equity interest in such Subsidiary) of the Fair Market Value of the net assets of such Subsidiary at the time that such Subsidiary is so re-designated a Restricted Subsidiary; and
- (2) any property transferred to or from an Unrestricted Subsidiary will be valued at its Fair Market Value at the time of such transfer.

"*Investment Grade Rating*" means a rating equal to or higher than:

- (1) Baa3 (or the equivalent) with a stable or better outlook by Moody's; and
- (2) BBB- (or the equivalent) with a stable or better outlook by S&P,

or, if either such entity ceases to make a rating on the Notes publicly available for reasons outside of the Parent Guarantor's control, the equivalent investment grade credit rating from any other Rating Agency.

"*Investment Grade Rating Event*" means the first day on which the Notes have an Investment Grade Rating from each Rating Agency, and no Default has occurred and is then continuing under the Indenture.

"*Issue Date*" means the first date on which the Notes are issued under the Indenture, November 17, 2009.

"*Lien*" means, with respect to any asset, any mortgage, lien (statutory or otherwise), pledge, hypothecation, charge, security interest, preference, priority or encumbrance of any kind in respect of such asset, whether or not filed, recorded or otherwise perfected under applicable law, including any conditional sale or other title retention agreement, any lease in the nature thereof, any option or other agreement to sell or give a security interest in and any filing of or agreement to give any financing statement under the Uniform Commercial Code (or equivalent statutes) of any jurisdiction; *provided* that in no event shall an operating lease be deemed to constitute a Lien.

"*Minority Interest*" means the percentage interest represented by any class of Capital Stock of a Restricted Subsidiary that are not owned by the Parent Guarantor or a Restricted Subsidiary.

"*Moody's*" means Moody's Investors Service, Inc., or any successor to the rating agency business thereof.

"*Net Available Cash*" from an Asset Disposition means cash payments received (including any cash payments received by way of deferred payment of principal pursuant to a note or installment receivable or otherwise and net proceeds from the sale or other disposition of any securities received as consideration, but only as and when received, but excluding any other consideration received in the form of assumption by the acquiring Person of Indebtedness or other obligations relating to the properties or assets that are the subject of such Asset Disposition or received in any other non-cash form) therefrom, in each case net of:

- (1) all legal, accounting, investment banking, title and recording tax expenses, commissions and other fees and expenses Incurred, and all federal, state, provincial, foreign and local taxes required to be paid or accrued as a liability under GAAP (after taking into account any available tax credits or deductions and any tax sharing agreements), as a consequence of such Asset Disposition;

[Table of Contents](#)

- (2) all payments made on any Indebtedness or Hedging Obligation which is secured by any assets subject to such Asset Disposition, in accordance with the terms of any Lien upon such assets, or which must by its terms, or in order to obtain a necessary consent to such Asset Disposition, or by applicable law be repaid out of the proceeds from such Asset Disposition;
- (3) all distributions and other payments required to be made to minority interest holders in Subsidiaries or joint ventures or to holders of royalty or similar interests as a result of such Asset Disposition;
- (4) the deduction of appropriate amounts to be provided by the seller as a reserve, in accordance with GAAP, against any liabilities associated with the assets disposed of in such Asset Disposition and retained by the Parent Guarantor or any Restricted Subsidiary after such Asset Disposition; and
- (5) all relocation expenses incurred as a result thereof and all related severance and associated costs, expenses and charges of personnel related to assets and related operations disposed of;

provided, however, that if any consideration for an Asset Disposition (that would otherwise constitute Net Available Cash) is required to be held in escrow pending determination of whether or not a purchase price adjustment will be made, such consideration (or any portion thereof) shall become Net Available Cash only at such time as it is released to the Parent Guarantor or any of its Restricted Subsidiaries from escrow.

"*Net Cash Proceeds*," with respect to any issuance or sale of Capital Stock or any contribution to equity capital, means the cash proceeds of such issuance, sale or contribution net of attorneys' fees, accountants' fees, underwriters' or placement agents' fees, listing fees, discounts or commissions and brokerage, consultant and other fees and charges actually Incurred in connection with such issuance, sale or contribution and net of taxes paid or payable as a result of such issuance or sale (after taking into account any available tax credit or deductions and any tax sharing arrangements).

"*Net Working Capital*" means (a) the sum of (i) all current assets of the Parent Guarantor and its Restricted Subsidiaries, except current assets from commodity price risk management activities arising in the ordinary course of the Oil and Gas Business, plus (ii) the amount of revolving credit borrowings available to be Incurred under the Senior Secured Credit Agreement, less (b) all current liabilities of the Parent Guarantor and its Restricted Subsidiaries, except current liabilities (i) associated with asset retirement obligations relating to Oil and Gas Properties, (ii) included in Indebtedness and (iii) any current liabilities from commodity price risk management activities arising in the ordinary course of the Oil and Gas Business, in each case as set forth in the consolidated financial statements of the Parent Guarantor prepared in accordance with GAAP.

"*Non-Recourse Debt*" means Indebtedness of a Person:

- (1) as to which neither the Parent Guarantor nor any Restricted Subsidiary (a) provides any Guarantee or credit support of any kind (including any undertaking, guarantee, indemnity, agreement or instrument that would constitute Indebtedness) or (b) is directly or indirectly liable (as a guarantor or otherwise);
- (2) no default with respect to which (including any rights that the holders thereof may have to take enforcement action against an Unrestricted Subsidiary) would permit (upon notice, lapse of time or both) any holder of any other Indebtedness of the Parent Guarantor or any Restricted Subsidiary to declare a default under such other Indebtedness or cause the payment thereof to be accelerated or payable prior to its stated maturity; and
- (3) the explicit terms of which provide there is no recourse against any of the assets of the Parent Guarantor or its Restricted Subsidiaries.

[Table of Contents](#)

"*Officer*" means the Chairman of the Board, the Chief Executive Officer, the President, the Chief Financial Officer, any Vice President, the Treasurer or the Secretary of the Issuer. Officer of any Guarantor has a correlative meaning.

"*Officers' Certificate*" means a certificate signed by two Officers of the Issuer.

"*Oil and Gas Business*" means:

- (1) the business of acquiring, exploring, exploiting, developing, producing, operating and disposing of interests in oil, natural gas, liquefied natural gas and other Hydrocarbon and mineral properties or products produced in association with any of the foregoing;
- (2) the business of gathering, marketing, distributing, treating, processing, storing, refining, selling and transporting of any production from such interests or properties and products produced in association therewith and the marketing of oil, natural gas, other Hydrocarbons and minerals obtained from unrelated Persons;
- (3) any other related energy business, including power generation and electrical transmission business, directly or indirectly, from oil, natural gas and other Hydrocarbons and minerals produced substantially from properties in which the Parent Guarantor or its Restricted Subsidiaries, directly or indirectly, participate;
- (4) any business relating to oil field sales and service; and
- (5) any business or activity relating to, arising from, or necessary, appropriate or incidental to the activities described in the foregoing clauses (1) through (4) of this definition.

"*Oil and Gas Properties*" means all properties, including equity or other ownership interests therein, owned by a Person which contain or are believed to contain oil and gas reserves.

"*Opinion of Counsel*" means a written opinion from legal counsel who is acceptable to the Trustee. The counsel may be an employee of or counsel to the Issuer, a Guarantor or the Trustee.

"*Parent Guarantee*" means the guarantee of payment of the Notes by the Parent Guarantor pursuant to the terms of the Indenture.

"*Pari Passu Indebtedness*" means any Indebtedness of the Issuer or any Guarantor that ranks equally in right of payment to the Notes or the Guarantees, as the case may be.

"*Permitted Acquisition Indebtedness*" means Indebtedness (including Disqualified Stock) of the Parent Guarantor or any of the Restricted Subsidiaries to the extent such Indebtedness was Indebtedness:

- (1) of an acquired Person prior to the date on which such Person became a Restricted Subsidiary as a result of having been acquired and not incurred in contemplation of such acquisition; or
- (2) of a Person that was merged, consolidated or amalgamated with or into the Parent Guarantor or a Restricted Subsidiary that was not incurred in contemplation of such merger, consolidation or amalgamation,

provided that on the date such Person became a Restricted Subsidiary or the date such Person was merged, consolidated and amalgamated with or into the Parent Guarantor or a Restricted Subsidiary, as applicable, after giving pro forma effect thereto,

- (a) the Restricted Subsidiary or the Parent Guarantor, as applicable, would be permitted to incur at least \$1.00 of additional Indebtedness pursuant to the Consolidated Coverage Ratio test described under "*Certain Covenants—Limitation on Indebtedness and Preferred Stock*," or

[Table of Contents](#)

- (b) the Consolidated Coverage Ratio for the Parent Guarantor would be greater than the Consolidated Coverage Ratio for the Parent Guarantor immediately prior to such transaction.

"*Permitted Business Investment*" means any Investment made in the ordinary course of, and of a nature that is or shall have become customary in, the Oil and Gas Business including investments or expenditures for actively exploiting, exploring for, acquiring, developing, producing, processing, gathering, marketing or transporting oil, natural gas or other Hydrocarbons and minerals through agreements, transactions, interests or arrangements which permit one to share risks or costs, comply with regulatory requirements regarding local ownership or satisfy other objectives customarily achieved through the conduct of the Oil and Gas Business jointly with third parties including:

- (1) ownership interests in oil, natural gas, other Hydrocarbons and minerals properties, liquefied natural gas facilities, processing facilities, gathering systems, pipelines, storage facilities or related systems or ancillary real property interests;
- (2) Investments in the form of or pursuant to operating agreements, working interests, royalty interests, mineral leases, processing agreements, farm-in agreements, farm-out agreements, contracts for the sale, transportation or exchange of oil, natural gas, other Hydrocarbons and minerals, production sharing agreements, participation agreements, development agreements, area of mutual interest agreements, unitization agreements, pooling agreements, joint bidding agreements, service contracts, joint venture agreements, partnership agreements (whether general or limited), subscription agreements, stock purchase agreements, stockholder agreements and other similar agreements (including for limited liability companies) with third parties; and
- (3) direct or indirect ownership interests in drilling rigs and related equipment, including, without limitation, transportation equipment.

"*Permitted Holder*" means each of (i) Warburg Pincus & Co.; (ii) Paul M. Rady ("Rady"); (iii) Glen C. Warren, Jr. ("Warren"); (iv) Rady's wife or Warren's wife; (v) any lineal descendant of either Rady or Warren; (vi) the guardian or other legal representative of either Rady or Warren; (vii) the estate of either Rady or Warren; (viii) any trust of which at least one of the trustees is either Rady or Warren, or the principal beneficiaries of which are any one or more of the Persons referred to in the preceding clauses (ii) through (vii); (ix) any Person that is controlled by any one or more of the Persons in the preceding clauses (i) through (viii); and (x) any group (within the meaning of the Exchange Act) that includes one or more of the Persons described in the preceding clauses (i) through (ix), *provided* that such Persons described in the preceding clauses (i) through (ix) control more than 50% of the total voting power of such group.

"*Permitted Investment*" means an Investment by the Parent Guarantor or any Restricted Subsidiary in:

- (1) the Parent Guarantor, a Restricted Subsidiary or a Person which will, upon the making of such Investment, become a Restricted Subsidiary; *provided, however*, that the primary business of such Restricted Subsidiary is the Oil and Gas Business;
- (2) another Person whose primary business is the Oil and Gas Business if as a result of such Investment such other Person becomes a Restricted Subsidiary or is merged or consolidated with or into, or transfers or conveys all or substantially all its assets to, the Parent Guarantor or a Restricted Subsidiary and, in each case, any Investment held by such Person; *provided* that such Investment was not acquired by such Person in contemplation of such acquisition, merger, consolidation or transfer;
- (3) cash and Cash Equivalents;

[Table of Contents](#)

- (4) receivables owing to the Parent Guarantor or any Restricted Subsidiary created or acquired in the ordinary course of business and payable or dischargeable in accordance with customary trade terms; *provided, however*, that such trade terms may include such concessionary trade terms as the Parent Guarantor or any such Restricted Subsidiary deems reasonable under the circumstances;
- (5) payroll, commission, travel, relocation and similar advances to cover matters that are expected at the time of such advances ultimately to be treated as expenses for accounting purposes and that are made in the ordinary course of business;
- (6) loans or advances to employees (other than executive officers) made in the ordinary course of business consistent with past practices of the Parent Guarantor or such Restricted Subsidiary;
- (7) Capital Stock, obligations or securities received in settlement of debts (x) created in the ordinary course of business and owing to the Parent Guarantor or any Restricted Subsidiary or in satisfaction of judgments or (y) pursuant to any plan of reorganization or similar arrangement in a bankruptcy or insolvency proceeding;
- (8) any Person as a result of the receipt of non-cash consideration from an Asset Disposition that was made pursuant to and in compliance with the covenant described under "Certain Covenants—Limitation on Sales of Assets and Subsidiary Stock";
- (9) Investments in existence on the Issue Date;
- (10) Commodity Agreements, Currency Agreements, Interest Rate Agreements and related Hedging Obligations, which transactions or obligations are Incurred in compliance with "—Certain Covenants—Limitation on Indebtedness and Preferred Stock";
- (11) Guarantees issued in accordance with the covenant described under "—Certain Covenants—Limitation on Indebtedness and Preferred Stock";
- (12) Permitted Business Investments;
- (13) any Person where such Investment was acquired by the Parent Guarantor or any of its Restricted Subsidiaries (a) in exchange for any other Investment or accounts receivable held by the Parent Guarantor or any such Restricted Subsidiary in connection with or as a result of a bankruptcy, workout, reorganization or recapitalization of the issuer of such other Investment or accounts receivable or (b) as a result of a foreclosure by the Parent Guarantor or any of its Restricted Subsidiaries with respect to any secured Investment or other transfer of title with respect to any secured Investment in default;
- (14) any Person to the extent such Investments consist of prepaid expenses, negotiable instruments held for collection and lease, utility and workers' compensation, performance and other similar deposits made in the ordinary course of business by the Parent Guarantor or any Restricted Subsidiary;
- (15) Guarantees of performance or other obligations (other than Indebtedness) arising in the ordinary course in the Oil and Gas Business, including obligations under oil and natural gas exploration, development, joint operating, and related agreements and licenses, concessions or operating leases related to the Oil and Gas Business;
- (16) Investments in the Notes; and
- (17) Investments by the Parent Guarantor or any of its Restricted Subsidiaries, together with all other Investments pursuant to this clause (17), in an aggregate amount outstanding at the time of such Investment not to exceed the greater of \$10.0 million and 1.0% of the Parent Guarantor's Adjusted Consolidated Net Tangible Assets (with the Fair Market Value of such

Investment being measured at the time such Investment is made and without giving effect to subsequent changes in value).

"Permitted Liens" means, with respect to any Person:

- (1) Liens securing Indebtedness under a Credit Facility permitted to be Incurred under the Indenture;
- (2) pledges or deposits by such Person under workers' compensation laws, unemployment insurance laws, social security or old age pension laws or similar legislation, or good faith deposits in connection with bids, tenders, contracts (other than for the payment of Indebtedness) or leases to which such Person is a party, or deposits (which may be secured by a Lien) to secure public or statutory obligations of such Person including letters of credit and bank guarantees required or requested by the United States, any State thereof or any foreign government or any subdivision, department, agency, organization or instrumentality of any of the foregoing in connection with any contract or statute (including lessee or operator obligations under statutes, governmental regulations, contracts or instruments related to the ownership, exploration and production of oil, natural gas, other hydrocarbons and minerals on State, Federal or foreign lands or waters), or deposits of cash or United States government bonds to secure indemnity performance, surety or appeal bonds or other similar bonds to which such Person is a party, or deposits as security for contested taxes or import or customs duties or for the payment of rent, in each case Incurred in the ordinary course of business;
- (3) statutory and contractual Liens of landlords and Liens imposed by law, including carriers', warehousemen's, mechanics', materialmen's and repairmen's Liens, in each case for sums not yet due or being contested in good faith by appropriate proceedings if a reserve or other appropriate provisions, if any, as shall be required by GAAP shall have been made in respect thereof;
- (4) Liens for taxes, assessments or other governmental charges or claims not yet subject to penalties for non-payment or which are being contested in good faith by appropriate proceedings; *provided* that appropriate reserves, if any, required pursuant to GAAP have been made in respect thereof;
- (5) Liens in favor of issuers of surety or performance bonds or bankers' acceptances issued pursuant to the request of and for the account of such Person in the ordinary course of its business;
- (6) survey exceptions, encumbrances, ground leases, easements or reservations of, or rights of others for, licenses, rights of way, sewers, electric lines, telegraph and telephone lines and other similar purposes, or zoning, building codes or other restrictions (including, without limitation, minor defects or irregularities in title and similar encumbrances) as to the use of real properties or Liens incidental to the conduct of the business of such Person or to the ownership of its properties which do not in the aggregate materially adversely affect the value of the assets of such Person and its Restricted Subsidiaries, taken as a whole, or materially impair their use in the operation of the business of such Person;
- (7) Liens securing Hedging Obligations;
- (8) leases, licenses, subleases and sublicenses of assets (including, without limitation, real property and intellectual property rights) which do not materially interfere with the ordinary conduct of the business of the Parent Guarantor or any of its Restricted Subsidiaries;
- (9) prejudgment Liens and judgment Liens not giving rise to an Event of Default so long as such Lien is adequately bonded and any appropriate legal proceedings which may have been duly

[Table of Contents](#)

initiated for the review of such judgment have not been finally terminated or the period within which such proceedings may be initiated has not expired;

- (10) Liens for the purpose of securing the payment of all or a part of the purchase price of, or Capitalized Lease Obligations, purchase money obligations or other payments Incurred to finance the acquisition, lease, improvement or construction of or repairs or additions to, assets or property acquired or constructed in the ordinary course of business; *provided that*:
 - (a) the aggregate principal amount of Indebtedness secured by such Liens is otherwise permitted to be Incurred under the Indenture and does not exceed the cost of the assets or property so acquired or constructed; and
 - (b) such Liens are created within 360 days of the later of the acquisition, lease, completion of improvements, construction, repairs or additions or commencement of full operation of the assets or property subject to such Lien and do not encumber any other assets or property of the Parent Guarantor or any Restricted Subsidiary other than such assets or property and assets affixed or appurtenant thereto;
 - (11) Liens arising solely by virtue of any statutory or common law provisions relating to banker's Liens, rights of set-off or similar rights and remedies as to deposit accounts or other funds maintained with a depository institution; *provided that*:
 - (a) such deposit account is not a dedicated cash collateral account and is not subject to restrictions against access by the Parent Guarantor in excess of those set forth by regulations promulgated by the Federal Reserve Board; and
 - (b) such deposit account is not intended by the Parent Guarantor or any Restricted Subsidiary to provide collateral to the depository institution;
 - (12) Liens arising from Uniform Commercial Code financing statement filings regarding operating leases entered into by the Parent Guarantor and its Restricted Subsidiaries in the ordinary course of business;
 - (13) Liens existing on the Issue Date;
 - (14) Liens on property or shares of Capital Stock of a Person at the time such Person becomes a Subsidiary; *provided, however*, that such Liens are not created or Incurred in connection with, or in contemplation of, such other Person becoming a Subsidiary; *provided further*, however, that any such Lien may not extend to any other property owned by the Parent Guarantor or any Restricted Subsidiary (other than assets or property affixed or appurtenant thereto);
 - (15) Liens on property at the time the Parent Guarantor or any of its Subsidiaries acquired the property, including any acquisition by means of a merger or consolidation with or into the Parent Guarantor or any of its Subsidiaries; *provided, however*, that such Liens are not created or Incurred in connection with, or in contemplation of, such acquisition; *provided further, however*, that such Liens may not extend to any other property owned by the Parent Guarantor or any Restricted Subsidiary (other than assets or property affixed or appurtenant thereto);
 - (16) Liens securing the Notes, Subsidiary Guarantees and other obligations under the Indenture;
 - (17) Liens securing Refinancing Indebtedness Incurred to refinance Indebtedness that was previously so secured, *provided that* any such Lien is limited to all or part of the same property or assets (plus improvements, accessions, proceeds or dividends or distributions in respect thereof) that secured (or, under the written arrangements under which the original Lien arose, could secure) the Indebtedness being refinanced or is in respect of property or assets that is the security for a Permitted Lien hereunder;
-

[Table of Contents](#)

- (18) any interest or title of a lessor under any Capitalized Lease Obligation or operating lease;
- (19) Liens in respect of Production Payments and Reserve Sales, which Liens shall be limited to the property that is the subject of such Production Payments and Reserve Sales;
- (20) Liens arising under farm-out agreements, farm-in agreements, division orders, contracts for the sale, purchase, exchange, transportation, gathering or processing of Hydrocarbons, unitizations and pooling designations, declarations, orders and agreements, development agreements, joint venture agreements, partnership agreements, operating agreements, royalties, working interests, net profits interests, joint interest billing arrangements, participation agreements, production sales contracts, area of mutual interest agreements, gas balancing or deferred production agreements, injection, repressuring and recycling agreements, salt water or other disposal agreements, seismic or geophysical permits or agreements, and other agreements which are customary in the Oil and Gas Business; *provided, however*, in all instances that such Liens are limited to the assets that are the subject of the relevant agreement, program, order or contract;
- (21) Liens on pipelines or pipeline facilities that arise by operation of law;
- (22) Liens securing Indebtedness in an aggregate principal amount outstanding at any one time, added together with all other Indebtedness secured by Liens Incurred pursuant to this clause (22), not to exceed the greater of \$10.0 million and 1.0% of the Parent Guarantor's Adjusted Consolidated Net Tangible Assets, as determined on the date of Incurrence of such Indebtedness after giving pro forma effect to such Incurrence and the application of the proceeds therefrom;
- (23) Liens in favor of the Parent Guarantor, the Issuer or any Subsidiary Guarantor;
- (24) deposits made in the ordinary course of business to secure liability to insurance carriers;
- (25) Liens in favor of customs and revenue authorities arising as a matter of law to secure payment of customs duties in connection with the importation of goods in the ordinary course of business;
- (26) Liens deemed to exist in connection with Investments in repurchase agreements permitted under "—Certain Covenants—Limitation on Indebtedness and Preferred Stock"; *provided* that such Liens do not extend to any assets other than those that are the subject of such repurchase agreement;
- (27) Liens encumbering reasonable customary initial deposits and margin deposits and similar Liens attaching to commodity trading accounts or other brokerage accounts incurred in the ordinary course of business and not for speculative purposes;
- (28) any (a) interest or title of a lessor or sublessor under any lease, liens reserved in oil, gas or other Hydrocarbons, minerals, leases for bonus, royalty or rental payments and for compliance with the terms of such leases; (b) restriction or encumbrance that the interest or title of such lessor or sublessor may be subject to (including, without limitation, ground leases or other prior leases of the demised premises, mortgages, mechanics' liens, tax liens, and easements); or (c) subordination of the interest of the lessee or sublessee under such lease to any restrictions or encumbrance referred to in the preceding clause (b);
- (29) Liens upon specific items of inventory or other goods and proceeds of any Person securing such Person's obligations in respect of bankers' acceptances issued or created for the account of such Person to facilitate the purchase, shipment or storage of such inventory or other goods;

[Table of Contents](#)

- (30) Liens arising under the Indenture in favor of the Trustee for its own benefit and similar Liens in favor of other trustees, agents and representatives arising under instruments governing Indebtedness permitted to be incurred under the Indenture, *provided, however*, that such Liens are solely for the benefit of the trustees, agents or representatives in their capacities as such and not for the benefit of the holders of such Indebtedness;
- (31) Liens arising from the deposit of funds or securities in trust for the purpose of decreasing or defeasing Indebtedness so long as such deposit of funds or securities and such decreasing or defeasing of Indebtedness are permitted under the covenant described under "—Certain Covenants—Limitation on Restricted Payments"; and
- (32) Liens in favor of collecting or payer banks having a right of setoff, revocation, or charge back with respect to money or instruments of the Parent Guarantor or any Subsidiary of the Parent Guarantor on deposit with or in possession of such bank.

In each case set forth above, notwithstanding any stated limitation on the assets that may be subject to such Lien, a Permitted Lien on a specified asset or group or type of assets may include Liens on all improvements, additions and accessions thereto and all products and proceeds thereof (including dividends, distributions and increases in respect thereof).

"*Person*" means any individual, corporation, partnership, joint venture, association, joint-stock company, trust, unincorporated organization, limited liability company, government or any agency or political subdivision thereof or any other entity.

"*Preferred Stock*," as applied to the Capital Stock of any corporation, means Capital Stock of any class or classes (however designated) which is preferred as to the payment of dividends, or as to the distribution of assets upon any voluntary or involuntary liquidation or dissolution of such corporation, over shares of Capital Stock of any other class of such corporation.

"*Production Payments and Reserve Sales*" means the grant or transfer by the Parent Guarantor or a Restricted Subsidiary to any Person of a royalty, overriding royalty, net profits interest, production payment (whether volumetric or dollar denominated), partnership or other interest in Oil and Gas Properties, reserves or the right to receive all or a portion of the production or the proceeds from the sale of production attributable to such properties where the holder of such interest has recourse solely to such production or proceeds of production, subject to the obligation of the grantor or transferor to operate and maintain, or cause the subject interests to be operated and maintained, in a reasonably prudent manner or other customary standard or subject to the obligation of the grantor or transferor to indemnify for environmental, title or other matters customary in the Oil and Gas Business, including any such grants or transfers pursuant to incentive compensation programs on terms that are reasonably customary in the Oil and Gas Business for geologists, geophysicists or other providers of technical services to the Parent Guarantor or a Restricted Subsidiary.

"*Rating Agency*" means each of S&P and Moody's, or if S&P or Moody's or both shall not make a rating on the Notes publicly available, a nationally recognized statistical rating agency or agencies, as the case may be, selected by the Parent Guarantor (as certified by a resolution of the Board of Directors) which shall be substituted for S&P or Moody's, or both, as the case may be.

"*Refinancing Indebtedness*" means Indebtedness that is Incurred to refund, refinance, replace, exchange, renew, repay, extend, prepay, redeem or retire (including pursuant to any defeasance or discharge mechanism) (collectively, "refinance" and "refinances" and "refinanced" shall have correlative meanings) any Indebtedness (including Indebtedness of the Parent Guarantor that refinances Indebtedness of any Restricted Subsidiary and Indebtedness of any Restricted Subsidiary that refinances Indebtedness of another Restricted Subsidiary, but excluding Indebtedness of a Subsidiary

that is not a Restricted Subsidiary that refinances Indebtedness of the Parent Guarantor or a Restricted Subsidiary), including Indebtedness that refinances Refinancing Indebtedness, *provided, however*, that:

- (1) (a) if the Stated Maturity of the Indebtedness being Refinanced is earlier than the Stated Maturity of the Notes, the Refinancing Indebtedness has a Stated Maturity no earlier than the Stated Maturity of the Indebtedness being refinanced or
(b) if the Stated Maturity of the Indebtedness being refinanced is later than the Stated Maturity of the Notes, the Refinancing Indebtedness has a Stated Maturity at least 91 days later than the Stated Maturity of the Notes;
- (2) the Refinancing Indebtedness has an Average Life at the time such Refinancing Indebtedness is Incurred that is equal to or greater than the Average Life of the Indebtedness being refinanced;
- (3) such Refinancing Indebtedness is Incurred in an aggregate principal amount (or if issued with original issue discount, an aggregate issue price) that is equal to or less than the sum of the aggregate principal amount (or if issued with original issue discount, the aggregate accreted value) then outstanding of the Indebtedness being refinanced (plus, without duplication, any additional Indebtedness Incurred to pay interest, premiums or defeasance costs required by the instruments governing such existing Indebtedness and fees and expenses Incurred in connection therewith); and
- (4) if the Indebtedness being Refinanced is subordinated in right of payment to the Notes or the Subsidiary Guarantee, such Refinancing Indebtedness is subordinated in right of payment to the Notes or the Subsidiary Guarantee on terms at least as favorable to the holders as those contained in the documentation governing the Indebtedness being Refinanced.

"*Registration Rights Agreement*" means that certain registration rights agreement dated as of the Issue Date by and among the Issuer, the Guarantors and the initial purchasers set forth therein and, with respect to any Additional Notes, one or more substantially similar registration rights agreements among the Issuer and the other parties thereto, as any such agreement may be amended from time to time.

"*Reporting Failure*" means the failure of the Parent Guarantor to file with the SEC and make available or otherwise deliver to the Trustee and each holder of Notes, within the time periods specified in "*Certain Covenants—Provision of Financial Information*" (after giving effect to any grace period specified under Rule 12b-25 under the Exchange Act), the periodic reports, information, documents or other reports which the Parent Guarantor may be required to file with the SEC pursuant to such provision.

"*Restricted Investment*" means any Investment other than a Permitted Investment.

"*Restricted Subsidiary*" means any Subsidiary of the Parent Guarantor other than an Unrestricted Subsidiary.

"*S&P*" means Standard & Poor's Rating Services, a division of The McGraw-Hill Companies, Inc., or any successor to the rating agency business thereof.

"*Sale/Leaseback Transaction*" means an arrangement relating to property now owned or hereafter acquired whereby the Parent Guarantor or a Restricted Subsidiary transfers such property to a Person and the Parent Guarantor or a Restricted Subsidiary leases it from such Person.

[Table of Contents](#)

"SEC" means the United States Securities and Exchange Commission.

"*Senior Secured Credit Agreement*" means the Third Amended and Restated Credit Agreement dated as of January 14, 2009 among Antero Resources Corporation, Antero Resources Midstream Corporation, Antero Resources Piceance Corporation, Antero Resources Pipeline Corporation and Antero Resources Appalachian Corporation, as borrowers and guarantors, Antero Resources Finance Corporation, as guarantor, JPMorgan Chase Bank, N.A., as administrative agent, BNP Paribas and Bank of Scotland plc, as co-syndication agents, Union Bank, N.A., as documentation agent, and the lenders parties thereto from time to time, including any guarantees, collateral documents, instruments and agreements executed in connection therewith, and any amendments, supplements, modifications, extensions, renewals, restatements, refundings or refinancings thereof and any indentures or credit facilities or commercial paper facilities with banks or other institutional lenders or investors that replace, refund or refinance any part of the loans, notes, other credit facilities or commitments thereunder, including any such replacement, refunding or refinancing facility or indenture that increases the amount borrowable thereunder or alters the maturity thereof (*provided* that such increase in borrowings is permitted under "*Certain Covenants—Limitation on Indebtedness and Preferred Stock*" above).

"*Significant Subsidiary*" means any Restricted Subsidiary that would be a "Significant Subsidiary" of the Parent Guarantor within the meaning of Rule 1-02 under Regulation S-X promulgated by the SEC, as in effect on the Issue Date.

"*Stated Maturity*" means, with respect to any security, the date specified in such security as the fixed date on which the payment of principal of such security is due and payable, including pursuant to any mandatory redemption provision, but shall not include any contingent obligations to repay, redeem or repurchase any such principal prior to the date originally scheduled for the payment thereof.

"*Subordinated Obligation*" means any Indebtedness of the Issuer (whether outstanding on the Issue Date or thereafter Incurred) which is expressly subordinated in right of payment to the Notes pursuant to a written agreement.

"*Subsidiary*" of any Person means (a) any corporation, association or other business entity (other than a partnership, joint venture, limited liability company or similar entity) of which more than 50% of the total ordinary voting power of shares of Capital Stock entitled (without regard to the occurrence of any contingency) to vote in the election of directors, managers or trustees thereof (or Persons performing similar functions) or (b) any partnership, joint venture, limited liability company or similar entity of which more than 50% of the capital accounts, distribution rights, total equity and voting interests or general or limited partnership interests, as applicable, is, in the case of clauses (a) and (b), at the time owned or controlled, directly or indirectly, by (1) such Person, (2) such Person and one or more Subsidiaries of such Person or (3) one or more Subsidiaries of such Person. Unless otherwise specified herein, each reference to a Subsidiary (other than in this definition) will refer to a Subsidiary of the Parent Guarantor.

"*Subsidiary Guarantee*" means, individually, any guarantee of payment of the Notes by a Subsidiary Guarantor pursuant to the terms of the Indenture and any supplemental indenture thereto, and, collectively, all such guarantees.

"*Subsidiary Guarantors*" means any Subsidiary of the Parent Guarantor that is a guarantor of the Notes, including any Person that is required after the Issue Date to guarantee the Notes pursuant to the "Future subsidiary guarantors" covenant, in each case until a successor replaces such Person pursuant to the applicable provisions of the Indenture and, thereafter, means such successor; *provided, however*, that the Issuer shall not be a Subsidiary Guarantor.

[Table of Contents](#)

"*Unrestricted Subsidiary*" means:

- (1) any Subsidiary of the Parent Guarantor (other than the Issuer) that at the time of determination shall be designated an Unrestricted Subsidiary by the Board of Directors of the Parent Guarantor in the manner provided below; and
- (2) any Subsidiary of an Unrestricted Subsidiary.

The Board of Directors of the Parent Guarantor may designate any Subsidiary of the Parent Guarantor (including any newly acquired or newly formed Subsidiary or a Person becoming a Subsidiary through merger or consolidation or Investment therein) to be an Unrestricted Subsidiary only if:

- (1) such Subsidiary or any of its Subsidiaries does not own any Capital Stock or Indebtedness of or have any Investment in, or own or hold any Lien on any property of, any other Subsidiary of the Parent Guarantor which is not a Subsidiary of the Subsidiary to be so designated or otherwise an Unrestricted Subsidiary;
- (2) all the Indebtedness of such Subsidiary and its Subsidiaries shall, at the date of designation, and will at all times thereafter, consist of Non-Recourse Debt;
- (3) on the date of such designation, such designation and the Investment of the Parent Guarantor or a Restricted Subsidiary in such Subsidiary complies with "*—Certain Covenants—Limitation on Restricted Payments*";
- (4) such Subsidiary is a Person with respect to which neither the Parent Guarantor nor any of its Restricted Subsidiaries has any direct or indirect obligation to subscribe for additional Capital Stock of such Person;
- (5) such Subsidiary, either alone or in the aggregate with all other Unrestricted Subsidiaries, does not operate, directly or indirectly, all or substantially all of the business of the Parent Guarantor and its Subsidiaries; and
- (6) on the date such Subsidiary is designated an Unrestricted Subsidiary, such Subsidiary is not a party to any agreement, contract, arrangement or understanding with the Parent Guarantor or any Restricted Subsidiary with terms substantially less favorable to the Parent Guarantor or such Restricted Subsidiary than those that might have been obtained from Persons who are not Affiliates of the Parent Guarantor.

Any such designation by the Board of Directors of the Parent Guarantor shall be evidenced to the Trustee by filing with the Trustee a resolution of the Board of Directors of the Parent Guarantor giving effect to such designation and an Officers' Certificate certifying that such designation complies with the foregoing conditions. If, at any time, any Unrestricted Subsidiary would fail to meet the foregoing requirements as an Unrestricted Subsidiary, it shall thereafter cease to be an Unrestricted Subsidiary for purposes of the Indenture and any Indebtedness of such Subsidiary shall be deemed to be Incurred as of such date.

The Board of Directors of the Parent Guarantor may designate any Unrestricted Subsidiary to be a Restricted Subsidiary; *provided* that immediately after giving effect to such designation, no Default or Event of Default shall have occurred and be continuing or would occur as a consequence thereof and the Parent Guarantor could Incur at least \$1.00 of additional Indebtedness under the first paragraph of the covenant described under "*—Certain Covenants—Limitation on Indebtedness and Preferred Stock*" on a pro forma basis taking into account such designation.

"*U.S. Government Obligations*" means securities that are (a) direct obligations of the United States of America for the timely payment of which its full faith and credit is pledged or (b) obligations of a Person controlled or supervised by and acting as an agency or instrumentality of the United States of

America the timely payment of which is unconditionally guaranteed as a full faith and credit obligation of the United States of America, which, in either case, are not callable or redeemable at the option of the issuer thereof, and shall also include a depository receipt issued by a bank (as defined in Section 3(a)(2) of the Securities Act), as custodian with respect to any such U.S. Government Obligations or a specific payment of principal of or interest on any such U.S. Government Obligations held by such custodian for the account of the holder of such depository receipt; *provided* that (except as required by law) such custodian is not authorized to make any deduction from the amount payable to the holder of such depository receipt from any amount received by the custodian in respect of the U.S. Government Obligations or the specific payment of principal of or interest on the U.S. Government Obligations evidenced by such depository receipt.

"*Volumetric Production Payments*" means production payment obligations recorded as deferred revenue in accordance with GAAP, together with all undertakings and obligations in connection therewith.

"*Voting Stock*" of an entity means all classes of Capital Stock of such entity then outstanding and normally entitled to vote in the election of members of such entity's Board of Directors.

"*Wholly-Owned Subsidiary*" means a Restricted Subsidiary, all of the Capital Stock of which (other than directors' qualifying shares) is owned by the Parent Guarantor or another Wholly-Owned Subsidiary.

PLAN OF DISTRIBUTION

You may transfer new notes issued under the exchange offer in exchange for the old notes if:

- you acquire the new notes in the ordinary course of your business;
- you have no arrangement or understanding with any person to participate in the distribution (within the meaning of the Securities Act) of such new notes in violation of the provisions of the Securities Act; and
- you are not our "affiliate" (within the meaning of Rule 405 under the Securities Act).

Each broker-dealer that receives new notes for its own account pursuant to the exchange offer in exchange for old notes that were acquired by such broker-dealer as a result of market-making or other trading activities must acknowledge that it will deliver a prospectus in connection with any resale of such new notes. This prospectus, as it may be amended or supplemented from time to time, may be used by a broker-dealer in connection with resales of new notes received in exchange for old notes where such old notes were acquired as a result of market-making activities or other trading activities.

If you wish to exchange new notes for your old notes in the exchange offer, you will be required to make representations to us as described in "Exchange Offer—Purpose and Effect of the Exchange Offer" and "—Procedures for Tendering—Your Representations to Us" in this prospectus and in the letter of transmittal. In addition, if you are a broker-dealer who receives new notes for your own account in exchange for old notes that were acquired by you as a result of market-making activities or other trading activities, you will be required to acknowledge that you will deliver a prospectus in connection with any resale by you of such new notes.

We will not receive any proceeds from any sale of new notes by broker-dealers. New notes received by broker-dealers for their own account pursuant to the exchange offer may be sold from time to time on one or more transactions in any of the following ways:

- in the over-the-counter market;
- in negotiated transactions;
- through the writing of options on the new notes or a combination of such methods of resale;
- at market prices prevailing at the time of resale;
- at prices related to such prevailing market prices; or
- at negotiated prices.

Any such resale may be made directly to purchasers or to or through brokers or dealers who may receive compensation in the form of commissions or concessions from any such broker-dealer or the purchasers of any such new notes.

Any broker-dealer that resells new notes that were received by it for its own account pursuant to the exchange offer in exchange for old notes that were acquired by such broker-dealer as a result of market-making or other trading activities may be deemed to be an "underwriter" within the meaning of the Securities Act. The letter of transmittal states that by acknowledging that it will deliver and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an "underwriter" within the meaning of the Securities Act. We agreed to permit the use of this prospectus for a period of up to 180 days after the completion of the exchange offer by such broker-dealers to satisfy this prospectus delivery requirement. Furthermore, we agreed to amend or supplement this prospectus during such period if so requested in order to expedite or facilitate the disposition of any new notes by broker-dealers.

We have agreed to pay all expenses incident to the exchange offer other than fees and expenses of counsel to the holders and brokerage commissions and transfer taxes, if any, and will indemnify the holders of the old notes (including any broker-dealers) against certain liabilities, including liabilities under the Securities Act.

MATERIAL UNITED STATES FEDERAL TAX CONSEQUENCES

The following discussion is a summary of the material federal income tax considerations relevant to the exchange of old notes for new notes, but does not purport to be a complete analysis of all potential tax effects. The discussion is based upon the Internal Revenue Code of 1986, as amended (the "Code"), Treasury Regulations, Internal Revenue Service rulings and pronouncements and judicial decisions now in effect, all of which may be subject to change at any time by legislative, judicial or administrative action. These changes may be applied retroactively in a manner that could adversely affect a holder of new notes. Some holders, including financial institutions, insurance companies, regulated investment companies, tax-exempt organizations, dealers in securities or currencies, persons whose functional currency is not the U.S. dollar, or persons who hold the notes as part of a hedge, conversion transaction, straddle or other risk reduction transaction may be subject to special rules not discussed below. We recommend that each holder consult his own tax advisor as to the particular tax consequences of exchanging such holder's old notes for new notes, including the applicability and effect of any foreign, state, local or other tax laws or estate or gift tax considerations.

We believe that the exchange of old notes for new notes will not be an exchange or otherwise a taxable event to a holder for United States federal income tax purposes. Accordingly, a holder will not recognize gain or loss upon receipt of a new note in exchange for an old note in the exchange, and the holder's basis and holding period in the new note will be the same as its basis and holding period in the corresponding old note immediately before the exchange.

LEGAL MATTERS

The validity of the new notes offered in this exchange offer will be passed upon for us by Vinson & Elkins L.L.P., Houston, Texas.

EXPERTS

The consolidated financial statements of the Antero Resources LLC as of December 31, 2008 and 2009 and for each of the years in the three-year period ended December 31, 2009 have been included herein in reliance upon the report of KPMG LLP, independent registered public accounting firm, appearing elsewhere herein and upon the authority of such firm as experts in accounting and auditing.

Estimates of our natural gas and oil reserves, related future net cash flows and the present values thereof as of December 31, 2007, 2008 and 2009 included elsewhere in this prospectus were based in part upon reserve reports prepared by independent petroleum engineers, DeGolyer and MacNaughton, Ryder Scott Company, L.P. and Wright & Company, Inc., as applicable. We have included these estimates in reliance on the authority of such firms as experts in such matters.

ANNEX A:
LETTER OF TRANSMITTAL
TO TENDER
OLD 9.375% SENIOR NOTES DUE 2017
OF
ANTERO RESOURCES FINANCE CORPORATION
PURSUANT TO THE EXCHANGE OFFER AND PROSPECTUS
DATED , 2010

THE EXCHANGE OFFER AND WITHDRAWAL RIGHTS WILL EXPIRE AT 5:00 P.M., NEW YORK CITY TIME, ON , 2010 (THE "EXPIRATION DATE"), UNLESS THE EXCHANGE OFFER IS EXTENDED BY THE ISSUER.

The Exchange Agent for the Exchange Offer is Wells Fargo Bank, N.A., and its contact information is as follows:

<i>By Registered & Certified Mail:</i>	<i>By Regular Mail or Overnight Courier:</i>	<i>In Person by Hand Only:</i>
Wells Fargo Bank, N.A. Corporate Trust Operations MAC N9303—121 PO Box 1517 Minneapolis, Minnesota 55480	Wells Fargo Bank, N.A. Corporate Trust Operations MAC N9303—121 Sixth & Marquette Avenue Minneapolis, Minnesota 55479	Wells Fargo Bank, N.A. 12 th Floor—Northstar East Building Corporate Trust Operations 608 Second Avenue South Minneapolis, MN 55402

By Facsimile (for Eligible Institutions only):
(612) 667-6282

For Information or Confirmation by Telephone:
(800) 344-5128

If you wish to exchange old 9.375% Senior Notes due 2017 for an equal aggregate principal amount of new 9.375% Senior Notes due 2017 pursuant to the exchange offer, you must validly tender (and not withdraw) old notes to the Exchange Agent prior to the Expiration Date.

We refer you to the Prospectus, dated , 2010 (the "Prospectus"), of Antero Resources Finance Corporation (the "Issuer"), and this Letter of Transmittal (the "Letter of Transmittal"), which together describe the Issuer's offer (the "Exchange Offer") to exchange its 9.375% Senior Notes due 2017 (the "new notes") that have been registered under the Securities Act of 1933, as amended (the "Securities Act"), for a like principal amount of its issued and outstanding 9.375% Senior Notes due 2017 (the "old notes"). Capitalized terms used but not defined herein have the respective meaning given to them in the Prospectus.

The Issuer reserves the right, at any time or from time to time, to extend the Exchange Offer at its discretion, in which event the term "Expiration Date" shall mean the latest date to which the Exchange Offer is extended. The Issuer shall notify the Exchange Agent and each registered holder of the old notes of any extension by oral or written notice prior to 9:00 a.m., New York City time, on the next business day after the previously scheduled Expiration Date.

This Letter of Transmittal is to be used by holders of the old notes. Tender of old notes is to be made according to the Automated Tender Offer Program ("ATOP") of The Depository Trust Company ("DTC") pursuant to the procedures set forth in the Prospectus under the caption "Exchange Offer—Procedures for Tendering." DTC participants that are accepting the Exchange Offer must transmit their

acceptance to DTC, which will verify the acceptance and execute a book-entry delivery to the Exchange Agent's DTC account. DTC will then send a computer generated message known as an "agent's message" to the Exchange Agent for its acceptance. For you to validly tender your old notes in the Exchange Offer the Exchange Agent must receive, prior to the Expiration Date, an agent's message under the ATOP procedures that confirms that:

- DTC has received your instructions to tender your old notes; and
- you agree to be bound by the terms of this Letter of Transmittal.

BY USING THE ATOP PROCEDURES TO TENDER OLD NOTES, YOU WILL NOT BE REQUIRED TO DELIVER THIS LETTER OF TRANSMITTAL TO THE EXCHANGE AGENT. HOWEVER, YOU WILL BE BOUND BY ITS TERMS, AND YOU WILL BE DEEMED TO HAVE MADE THE ACKNOWLEDGMENTS AND THE REPRESENTATIONS AND WARRANTIES IT CONTAINS, JUST AS IF YOU HAD SIGNED IT.

PLEASE READ THE ACCOMPANYING INSTRUCTIONS CAREFULLY.

Ladies and Gentlemen:

1. By tendering old notes in the Exchange Offer, you acknowledge receipt of the Prospectus and this Letter of Transmittal.
2. By tendering old notes in the Exchange Offer, you represent and warrant that you have full authority to tender the old notes described above and will, upon request, execute and deliver any additional documents deemed by the Issuer to be necessary or desirable to complete the tender of old notes.
3. You understand that the tender of the old notes pursuant to all of the procedures set forth in the Prospectus will constitute an agreement between you and the Issuer as to the terms and conditions set forth in the Prospectus.
4. By tendering old notes in the Exchange Offer, you acknowledge that the Exchange Offer is being made in reliance upon interpretations contained in no-action letters issued to third parties by the staff of the Securities and Exchange Commission (the "SEC"), including Exxon Capital Holdings Corp., SEC No-Action Letter (available April 13, 1989), Morgan Stanley & Co., Inc., SEC No-Action Letter (available June 5, 1991) and Shearman & Sterling, SEC No-Action Letter (available July 2, 1993), that the new notes issued in exchange for the old notes pursuant to the Exchange Offer may be offered for resale, resold and otherwise transferred by holders thereof without compliance with the registration and prospectus delivery provisions of the Securities Act (other than a broker-dealer who purchased old notes exchanged for such new notes directly from the Issuer to resell pursuant to Rule 144A or any other available exemption under the Securities Act and any such holder that is an "affiliate" of the Issuer within the meaning of Rule 405 under the Securities Act), provided that such new notes are acquired in the ordinary course of such holders' business and such holders are not participating in, and have no arrangement with any other person to participate in, the distribution of such new notes.
5. By tendering old notes in the Exchange Offer, you hereby represent and warrant that:
 - (a) the new notes acquired pursuant to the Exchange Offer are being obtained in the ordinary course of business of you, whether or not you are the holder;
 - (b) you have no arrangement or understanding with any person to participate in the distribution of old notes or new notes within the meaning of the Securities Act;
 - (c) you are not an "affiliate," as such term is defined under Rule 405 promulgated under the Securities Act, of the Company; and
 - (d) if you are a broker-dealer, that you will receive the new notes for your own account in exchange for old notes that were acquired as a result of market-making activities or other trading activities and that you acknowledge that you will deliver a prospectus (or, to the extent permitted by law, make available a prospectus) in connection with any resale of such new notes.

You may, if you are unable to make all of the representations and warranties contained in Item 5 above and as otherwise permitted in the Registration Rights Agreements (as defined below), elect to have your old notes registered in the shelf registration statement described in the Registration Rights Agreement, dated as of November 17, 2009 or described by the Registration Rights Agreement, dated as of January 19, 2009 (the "Registration Rights Agreements"), by and among the Issuer, the several guarantors named therein, and the Initial Purchasers (as defined therein). Such election may be made by notifying the Issuer in writing at 1625 17th Street, Denver, Colorado 80202, Attention: Corporate Secretary. By making such election, you agree, as a holder of old notes participating in a shelf registration, to indemnify and hold harmless the Issuer, each of the directors of the Issuer, each of the officers of the Issuer who signs such shelf registration statement, each person who controls the Issuer

[Table of Contents](#)

within the meaning of either the Securities Act or the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and each other holder of old notes, from and against any and all losses, claims, damages or liabilities caused by any untrue statement or alleged untrue statement of a material fact contained in any shelf registration statement or prospectus, or in any supplement thereto or amendment thereof, or caused by the omission or alleged omission to state therein a material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading; but only with respect to information relating to you furnished in writing by or on behalf of you expressly for use in a shelf registration statement, a prospectus or any amendments or supplements thereto. Any such indemnification shall be governed by the terms and subject to the conditions set forth in the Registration Rights Agreements, including, without limitation, the provisions regarding notice, retention of counsel, contribution and payment of expenses set forth therein. The above summary of the indemnification provision of the Registration Rights Agreements is not intended to be exhaustive and is qualified in its entirety by the Registration Rights Agreements.

6. If you are a broker-dealer that will receive new notes for your own account in exchange for old notes that were acquired as a result of market-making activities or other trading activities, you acknowledge by tendering old notes in the Exchange Offer, that you will deliver a prospectus in connection with any resale of such new notes; however, by so acknowledging and by delivering a prospectus, you will not be deemed to admit that you are an "underwriter" within the meaning of the Securities Act.

7. If you are a broker-dealer and old notes held for your own account were not acquired as a result of market-making or other trading activities, such old notes cannot be exchanged pursuant to the Exchange Offer.

8. Any of your obligations hereunder shall be binding upon your successors, assigns, executors, administrators, trustees in bankruptcy and legal and personal representatives.

INSTRUCTIONS

FORMING PART OF THE TERMS AND CONDITIONS OF THE EXCHANGE OFFER

1. Book-Entry Confirmations.

Any confirmation of a book-entry transfer to the Exchange Agent's account at DTC of old notes tendered by book-entry transfer (a "Book-Entry Confirmation"), as well as Agent's Message and any other documents required by this Letter of Transmittal, must be received by the Exchange Agent at one of its addresses set forth herein prior to 5:00 p.m., New York City time, on the Expiration Date.

2. Partial Tenders.

Tenders of old notes will be accepted only in minimum denominations of \$2,000 and integral multiples of \$1,000 in excess thereof. The entire principal amount of old notes delivered to the Exchange Agent will be deemed to have been tendered unless otherwise communicated to the Exchange Agent. If the entire principal amount of all old notes is not tendered, then old notes for the principal amount of old notes not tendered and new notes issued in exchange for any old notes accepted will be delivered to the holder via the facilities of DTC promptly after the old notes are accepted for exchange.

3. Validity of Tenders.

All questions as to the validity, form, eligibility (including time of receipt), acceptance, and withdrawal of tendered old notes will be determined by the Issuer, in its sole discretion, which determination will be final and binding. The Issuer reserves the absolute right to reject any or all tenders not in proper form or the acceptance for exchange of which may, in the opinion of counsel for the Issuer, be unlawful. The Issuer also reserves the absolute right to waive any of the conditions of the Exchange Offer or any defect or irregularity in the tender of any old notes. The Issuer's interpretation of the terms and conditions of the Exchange Offer (including the instructions on the Letter of Transmittal) will be final and binding on all parties. Unless waived, any defects or irregularities in connection with tenders of old notes must be cured within such time as the Issuers shall determine. Although the Issuer intends to notify holders of defects or irregularities with respect to tenders of old notes, neither the Issuer, the Exchange Agent, nor any other person shall be under any duty to give notification of any defects or irregularities in tenders or incur any liability for failure to give such notification. Tenders of old notes will not be deemed to have been made until such defects or irregularities have been cured or waived. Any old notes received by the Exchange Agent that are not properly tendered and as to which the defects or irregularities have not been cured or waived will be returned by the Exchange Agent to the tendering holders, unless otherwise provided in the Letter of Transmittal, promptly following the Expiration Date.

4. Waiver of Conditions.

The Issuer reserves the absolute right to waive, in whole or part, up to the expiration of the Exchange Offer, any of the conditions to the Exchange Offer set forth in the Prospectus or in this Letter of Transmittal.

5. No Conditional Tender.

No alternative, conditional, irregular or contingent tender of old notes will be accepted.

6. Request for Assistance or Additional Copies.

Requests for assistance or for additional copies of the Prospectus or this Letter of Transmittal may be directed to the Exchange Agent using the contact information set forth on the cover page of

[Table of Contents](#)

this Letter of Transmittal. Holders may also contact their broker, dealer, commercial bank, trust company or other nominee for assistance concerning the Exchange Offer.

7. Withdrawal.

Tenders may be withdrawn only pursuant to the limited withdrawal rights set forth in the Prospectus under the caption "Exchange Offer—Withdrawal of Tenders."

8. No Guarantee of Late Delivery.

There is no procedure for guarantee of late delivery in the Exchange Offer.

IMPORTANT: BY USING THE ATOP PROCEDURES TO TENDER OLD NOTES, YOU WILL NOT BE REQUIRED TO DELIVER THIS LETTER OF TRANSMITTAL TO THE EXCHANGE AGENT. HOWEVER, YOU WILL BE BOUND BY ITS TERMS, AND YOU WILL BE DEEMED TO HAVE MADE THE ACKNOWLEDGMENTS AND THE REPRESENTATIONS AND WARRANTIES IT CONTAINS, JUST AS IF YOU HAD SIGNED IT.

ANNEX B: GLOSSARY OF NATURAL GAS AND OIL TERMS

The terms defined in this section are used throughout this prospectus:

"3D." Method for collecting, processing, and interpreting seismic data in three dimensions.

"AMI." Area of mutual interest.

"Bbl." One stock tank barrel, of 42 U.S. gallons liquid volume, used herein in reference to crude oil, condensate or natural gas liquids.

"Bcf." One billion cubic feet of natural gas.

"Bcfe." One billion cubic feet of natural gas equivalent with one barrel of oil converted to six thousand cubic feet of natural gas.

"Basin." A large natural depression on the earth's surface in which sediments generally brought by water accumulate.

"Completion." The process of treating a drilled well followed by the installation of permanent equipment for the production of natural gas or oil, or in the case of a dry hole, the reporting of abandonment to the appropriate agency.

"DD&A." Depreciation, depletion, amortization and accretion.

"Delineation." The process of placing a number of wells in various parts of a reservoir to determine its boundaries and production characteristics.

"Developed acreage." The number of acres that are allocated or assignable to productive wells or wells capable of production.

"Development well." A well drilled within the proved area of an oil or natural gas reservoir to the depth of a stratigraphic horizon known to be productive.

"Drill-to-earn." The process of earning an interest in leasehold acreage by drilling a well pursuant to a farm-in, exploration, or other agreement.

"Dry hole." A well found to be incapable of producing hydrocarbons in sufficient quantities such that proceeds from the sale of such production exceed production expenses and taxes.

"Enhanced recovery." The recovery of natural gas and oil through the injection of liquids or gases into the reservoir, supplementing its natural energy. Enhanced recovery methods are often applied when production slows due to depletion of the natural pressure.

"Exploratory well." A well drilled to find and produce natural gas or oil reserves not classified as proved, to find a new reservoir in a field previously found to be productive of natural gas or oil in another reservoir or to extend a known reservoir.

"Farm-in or farm-out." An agreement under which the owner of a working interest in a natural gas and oil lease assigns the working interest or a portion of the working interest to another party who desires to drill on the leased acreage. Generally, the assignee is required to drill one or more wells in order to earn its interest in the acreage. The assignor usually retains a royalty or reversionary interest in the lease. The interest received by an assignee is a "farm-in" while the interest transferred by the assignor is a "farm-out."

[Table of Contents](#)

"Field." An area consisting of a single reservoir or multiple reservoirs all grouped on, or related to, the same individual geological structural feature or stratigraphic condition. The field name refers to the surface area, although it may refer to both the surface and the underground productive formations.

"Formation." A layer of rock which has distinct characteristics that differs from nearby rock.

"Gross acres or gross wells." The total acres or wells, as the case may be, in which a working interest is owned.

"Horizontal drilling." A drilling technique used in certain formations where a well is drilled vertically to a certain depth and then drilled at a right angle within a specified interval.

"Infill wells." Wells drilled into the same pool as known producing wells so that oil or natural gas does not have to travel as far through the formation.

"MBbl." One thousand barrels of crude oil, condensate or natural gas liquids.

"Mcf." One thousand cubic feet of natural gas.

"MMBtu." One million British thermal units.

"MMcf." One million cubic feet of natural gas.

"MMcfe." Million cubic feet equivalent, determined using the ratio of six Mcf of natural gas to one Bbl of crude oil, condensate or natural gas liquids.

"MMcfe/d." MMcfe per day.

"NGLs." Natural gas liquids. Hydrocarbons found in natural gas which may be extracted as liquefied petroleum gas and natural gasoline.

"NYMEX." The New York Mercantile Exchange.

"Net acres." The percentage of total acres an owner has out of a particular number of acres, or a specified tract. An owner who has 50% interest in 100 acres owns 50 net acres.

"Potential drilling locations." Total gross resource play locations that we may be able to drill on our existing acreage. Our actual drilling activities may change depending on the availability of capital, regulatory approvals, seasonal restrictions, natural gas and oil prices, costs, drilling results and other factors.

"Productive well." A well that is found to be capable of producing hydrocarbons in sufficient quantities such that proceeds from the sale of the production exceed production expenses and taxes.

"Prospect." A specific geographic area which, based on supporting geological, geophysical or other data and also preliminary economic analysis using reasonably anticipated prices and costs, is deemed to have potential for the discovery of commercial hydrocarbons.

"Proved developed reserves." Reserves that can be expected to be recovered through existing wells with existing equipment and operating methods.

"Proved reserves." The estimated quantities of oil, natural gas and natural gas liquids which geological and engineering data demonstrate with reasonable certainty to be commercially recoverable in future years from known reservoirs under existing economic and operating conditions.

[Table of Contents](#)

"Proved undeveloped reserves ("PUD")." Proved reserves that are expected to be recovered from new wells on undrilled acreage or from existing wells where a relatively major expenditure is required for recompletion.

"PV-10." When used with respect to natural gas and oil reserves, PV-10 means the estimated future gross revenue to be generated from the production of proved reserves, net of estimated production and future development and abandonment costs, using prices and costs in effect at the determination date, before income taxes, and without giving effect to non-property-related expenses, discounted to a present value using an annual discount rate of 10% in accordance with the guidelines of the SEC. PV-10 is not a financial measure calculated in accordance with generally accepted accounting principles ("GAAP") and generally differs from Standardized Measure, the most directly comparable GAAP financial measure, because it does not include the effects of income taxes on future net revenues. Neither PV-10 nor Standardized Measure represents an estimate of the fair market value of our natural gas and oil properties. We and others in the industry use PV-10 as a measure to compare the relative size and value of proved reserves held by companies without regard to the specific tax characteristics of such entities.

"Recompletion." The process of re-entering an existing wellbore that is either producing or not producing and completing new reservoirs in an attempt to establish or increase existing production.

"Reservoir." A porous and permeable underground formation containing a natural accumulation of producible oil and/or natural gas that is confined by impermeable rock or water barriers and is separate from other reservoirs.

"Simul-frac." Simultaneously fracture treating two or more wells within the same fracture plane in order to create pressure interference between the wells and thereby increasing the stimulated reservoir volume.

"Spacing." The distance between wells producing from the same reservoir. Spacing is often expressed in terms of acres, e.g., 40-acre spacing, and is often established by regulatory agencies.

"Standardized measure." Discounted future net cash flows estimated by applying year-end prices to the estimated future production of year-end proved reserves. Future cash inflows are reduced by estimated future production and development costs based on period-end costs to determine pre-tax cash inflows. Future income taxes, if applicable, are computed by applying the statutory tax rate to the excess of pre-tax cash inflows over our tax basis in the natural gas and oil properties. Future net cash inflows after income taxes are discounted using a 10% annual discount rate.

"Undeveloped acreage." Lease acreage on which wells have not been drilled or completed to a point that would permit the production of commercial quantities of natural gas and oil regardless of whether such acreage contains proved reserves.

"Unit." The joining of all or substantially all interests in a reservoir or field, rather than a single tract, to provide for development and operation without regard to separate property interests. Also, the area covered by a unitization agreement.

"Waterflood." The injection of water into an oil reservoir to "push" additional oil out of the reservoir rock and into the wellbores of producing wells. Typically an enhanced recovery process.

"Wellbore." The hole drilled by the bit that is equipped for natural gas production on a completed well. Also called well or borehole.

"Working interest." The right granted to the lessee of a property to explore for and to produce and own natural gas or other minerals. The working interest owners bear the exploration, development, and operating costs on either a cash, penalty, or carried basis.

Report of Independent Registered Public Accounting Firm

Members

Antero Resources LLC:

We have audited the accompanying consolidated balance sheets of Antero Resources LLC (the Company) as of December 31, 2009 and 2008, and the related consolidated statements of operations, members' equity and comprehensive income (loss), and cash flows for each of the years in the three-year period ended December 31, 2009. These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audits in accordance with standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Antero Resources LLC as of December 31, 2009 and 2008, and the results of their operations and their cash flows for each of the years in the three-year period ended December 31, 2009, in conformity with U.S. generally accepted accounting principles.

As discussed in note 1 to the consolidated financial statements, Antero Resources LLC adopted the disclosure provisions related to the presentation of minority interest effective January 1, 2009, which have been applied retrospectively in the consolidated financial statements referred to above.

ANTERO RESOURCES LLC

Notes to Consolidated Financial Statements

December 31, 2007, 2008 and 2009

(1) Organization

(a) Business and Organization

Antero Resources LLC, a limited liability company, and its consolidated operating subsidiaries (collectively referred to as the Company, we, or our) are engaged in the exploration for and the production of natural gas and oil onshore in the United States in unconventional reservoirs, which can generally be characterized as fractured shales and tight sand formations. Our properties are primarily located in the Appalachian Basin in West Virginia and Pennsylvania, the Arkoma Basin in Oklahoma and the Piceance Basin in Colorado. We also have certain midstream gathering and pipeline operations which are ancillary to our interests in producing properties in these basins. Our corporate headquarters are in Denver, Colorado.

Our consolidated financial statements as of December 31, 2009 include the accounts of Antero Resources LLC, and its directly and indirectly owned subsidiaries. The subsidiaries include Antero Resources Corporation (Antero Arkoma), Antero Resources Midstream Corporation (Antero Midstream), Antero Resources Piceance Corporation (Antero Piceance), Antero Resources Pipeline Corporation (Antero Pipeline), Antero Resources Appalachian Corporation (Antero Appalachian), and Antero Resources Finance Corporation (Antero Finance) (collectively referred to as the Antero Entities). The financial statements as of December 31, 2007 and 2008 include the combined accounts of the Antero Entities, when ownership was under common control; the outstanding equity instruments of these operating entities were held by the same individuals or entities in the same percentage. In October 2009, the equity structure was reorganized in a nontaxable transaction by the formation of Antero Resources LLC, which issued units of members' equity to the stockholders of the operating entities in exchange for all of their preferred and common shares in each operating entity. The assets and liabilities of each of the operating entities are included in the 2009 consolidated financial statements at their historical basis.

(b) Centrahoma Processing Joint Venture

On February 11, 2008, Antero Midstream and MarkWest Oklahoma Gas Company, LLC (MarkWest) entered into an Ownership and Operating Agreement resulting in the formation of Centrahoma Processing LLC (Centrahoma). Antero Midstream contributed processing assets with a fair value of \$60.5 million, for an 80% ownership, and MarkWest contributed \$12.1 million in cash for a 20% ownership, in Centrahoma. On May 9, 2008, MarkWest exercised its option to purchase an additional 20% interest in Centrahoma from Antero Midstream for cash of \$12.1 million. At December 31, 2008, Centrahoma is 60% owned by Antero Midstream and 40% owned by MarkWest. Centrahoma is accounted for as a consolidated subsidiary with MarkWest's interest accounted for as a noncontrolling interest in the financial statements.

The Antero Midstream contribution of processing assets was accounted for as a transaction between entities under common control, whereby the assets contributed by Antero Midstream were recorded at their carry-over basis of \$58.9 million.

ANTERO RESOURCES LLC

Notes to Consolidated Financial Statements (Continued)

December 31, 2007, 2008 and 2009

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

The accompanying consolidated financial statements as of December 31, 2009 include the accounts of Antero Resources LLC and its subsidiaries. The 2007 and 2008 financial statements include the combined accounts of the Antero Entities. All significant intercompany accounts and transactions have been eliminated.

As of March 30, 2010, which is the date these financial statements were issued, the Company completed its evaluation of potential subsequent events for disclosure and no items requiring disclosure were identified.

(b) Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States requires management to make estimates and assumptions that affect the reported assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Changes in facts and circumstances or discovery of new information may result in revised estimates, and actual results could differ from those estimates.

The Company's financial statements are based on a number of significant estimates including estimates of gas and oil reserve quantities, which are the basis for the calculation of depreciation, depletion, amortization, present value of future reserves, and impairment of oil and gas properties. Reserve estimates by their nature are inherently imprecise.

(c) Risks and Uncertainties

Historically, the market for natural gas has experienced significant price fluctuations. Prices for natural gas have been particularly volatile in recent years. The price fluctuations can result from variations in weather, levels of production in the region, availability of transportation capacity to other regions of the country, and various other factors. Increases or decreases in prices received could have a significant impact on the Company's future results of operations.

(d) Cash and Cash Equivalents

The Company considers all liquid investments purchased with an initial maturity of three months or less to be cash equivalents. The carrying value of cash and cash equivalents approximates fair value due to the short-term nature of these instruments.

(e) Oil and Gas Properties

The Company accounts for its natural gas and crude oil exploration and development activities under the successful efforts method of accounting. Under such method, costs of productive wells, development dry holes, and undeveloped leases are capitalized. Oil and gas lease acquisition costs are also capitalized. Exploration costs, including personnel and other internal costs, geological and geophysical expenses, and delay rentals for gas and oil leases, are charged to expense as incurred. Exploratory drilling costs are initially capitalized, but charged to expense if and when the well is

ANTERO RESOURCES LLC

Notes to Consolidated Financial Statements (Continued)

December 31, 2007, 2008 and 2009

(2) Summary of Significant Accounting Policies (Continued)

determined not to have found reserves in commercial quantities. The Company reviews exploration costs related to wells-in-progress at the end of each quarter and makes a determination based on known results of drilling at that time whether the costs should continue to be capitalized pending further well testing and results or charged to expense. The sale of a partial interest in a proved property is accounted for as a cost recovery, and no gain or loss is recognized as long as this treatment does not significantly affect the units-of-production amortization rate. A gain or loss is recognized for all other sales of producing properties.

Unproved properties with significant acquisition costs are assessed for impairment on a property-by-property basis, and any impairment in value is charged to expense. Impairment is assessed based on remaining lease terms, drilling results, reservoir performance, commodity price outlooks, and future plans to develop acreage. Other unproved properties are assessed for impairment on an aggregate basis. Unproved properties and the related costs are transferred to proved properties when reserves are discovered on or otherwise attributed to the property. Proceeds from sales of partial interests in unproved properties are accounted for as a recovery of cost without recognizing any gain or loss until the cost has been recovered. Impairment of unproved properties for leases which have expired or are expected to expire was \$5.0 million, \$10.1 million, and \$54.2 million for the years ended December 31, 2007, 2008, and 2009, respectively.

The Company reviews its proved oil and gas properties for impairment whenever events and circumstances indicate that the carrying value of the properties may not be recoverable. When determining whether impairment has occurred, the Company estimates the expected future cash flows of its oil and gas properties and compares such future cash flows to the carrying amount of the properties to determine if the carrying amount is recoverable. If the carrying amount exceeds the estimated undiscounted future cash flows, the Company reduces the carrying amount of the properties to their estimated fair value. The factors used to determine fair value include estimates of proved reserves, future commodity prices, future production estimates, anticipated capital expenditures, and a commensurate discount rate. There were no impairments of proved natural gas properties during the years ended December 31, 2007, 2008, and 2009.

At December 31, 2009, the Company had capitalized costs related to exploratory wells-in-progress, which were pending determination of proved reserves of \$11.9 million, primarily related to development activity in the Marcellus Shale. The Company had no costs which have been deferred for longer than one year pending proved reserves at December 31, 2009 and had no significant costs related to wells in progress at December 31, 2007 and 2008 pending determination of whether proved reserves could be assigned.

The provision for depreciation, depletion, and amortization of oil and gas properties is calculated on a geological reservoir basis using the units-of-production method. Depreciation, depletion, and amortization expense for oil and gas properties was \$44.1 million, \$116.9 million, and \$130.1 million for the years ended December 31, 2007, 2008, and 2009, respectively.

(f) Inventories

Inventories consist of chemicals, pipe and flow meters, and are stated at the lower of cost or market. Cost is determined using the first-in, first-out (FIFO) method.

ANTERO RESOURCES LLC

Notes to Consolidated Financial Statements (Continued)

December 31, 2007, 2008 and 2009

(2) Summary of Significant Accounting Policies (Continued)

(g) *Gathering Systems and Processing Facilities*

Gathering systems, compressors, and processing facilities are depreciated using the straight-line method over their estimated useful life of 20 years. Expenditures for installation, major additions, and improvements are capitalized, and minor replacements, maintenance, and repairs are charged to expenses as incurred. For the years ended December 31, 2007, 2008, and 2009, depreciation expense for gathering systems and processing facilities was \$5.7 million, \$7.5 million, and \$9.0 million, respectively. A gain or loss is recognized upon the sale or disposal of property and equipment.

(h) *Impairment of Long-Lived Assets Other than Oil and Gas Properties*

The Company evaluates its long-lived assets other than natural gas properties for impairment when events or changes in circumstances indicate that the related carrying amount of the assets may not be recoverable. Generally, the basis for making such assessments is undiscounted future cash flow projections for the unit being assessed. If the carrying value amounts of the assets are deemed to be not recoverable, the carrying amount is reduced to the estimated fair value, which is based on discounted future cash flows or other techniques, as appropriate. No impairments for such assets have been recorded through December 31, 2009.

(i) *Other Property and Equipment*

Other property and equipment, consisting of vehicles and office equipment, is depreciated using the straight-line method over estimated useful lives ranging from three to five years. For the years ended December 31, 2007, 2008, and 2009, depreciation expense for other property and equipment was \$302,000, \$390,000, and \$660,000, respectively. A gain or loss is recognized upon the sale or disposal of property and equipment.

(j) *Deferred Financing Costs*

Deferred financing costs represent loan origination fees, initial purchasers' discounts, and other borrowing costs and are included in noncurrent other assets on the consolidated balance sheet. These costs are being amortized over the term of the notes using the effective interest method. The Company charges interest expense for deferred financing costs remaining for debt facilities that have been retired prior to their maturity date and for deferred charges relating to parties to its bank credit facility who do not continue to participate. The amounts amortized and the write-off of previously deferred debt issuance costs was \$0.8 million, \$1.3 million, and \$7.3 million for the years ended December 31, 2007, 2008, and 2009, respectively.

(k) *Derivative Financial Instruments*

In order to manage its exposure to oil and gas price volatility, the Company enters into derivative transactions from time to time, including commodity swap agreements, collar agreements, and other similar agreements relating to natural gas expected to be produced. From time to time, the Company also enters into derivative contracts to mitigate the effects of interest rate fluctuations. To the extent legal right of offset with a counterparty exists, the Company reports derivative assets and liabilities on a net basis. The Company has exposure to credit risk to the extent the counterparty is unable to satisfy

ANTERO RESOURCES LLC

Notes to Consolidated Financial Statements (Continued)

December 31, 2007, 2008 and 2009

(2) Summary of Significant Accounting Policies (Continued)

its settlement obligation. The Company actively monitors the credit worthiness of each counterparty and assesses the impact, if any, on its derivative position.

The Company records derivative instruments on the balance sheet as either an asset or liability measured at fair value and records changes in the fair value of derivatives in current earnings as they occur. Changes in the fair value of commodity derivatives are classified as revenues, and changes in the fair value of interest rate derivatives are classified as other income (expense).

(l) Asset Retirement Obligations

The Company is obligated to dispose of certain long-lived assets upon their abandonment. The Company's asset retirement obligations (ARO) relate primarily to its obligation to plug and abandon oil and gas wells at the end of their life. The ARO is recorded at its estimated fair value, measured by reference to the expected future cash outflows required to satisfy the retirement obligation discounted at the Company's credit-adjusted, risk-free interest rate. Revisions to estimated AROs can result from changes in retirement cost estimates, revisions to estimated inflation rates, and changes in the estimated timing of abandonment. The fair value of the liability is added to the carrying amount of the associated asset, and this additional carrying amount is depreciated over the life of the asset. The liability is accreted at the end of each period through charges to operating expense. If the obligation is settled for an amount other than the carrying amount of the liability, we will recognize a gain or loss on settlement.

The Company gathers and processes natural gas through its midstream and gathering assets. We may become obligated by regulatory requirements to remove certain facilities or perform other remediation upon retirement of these assets. However, the Company is not able to reasonably determine the fair value of the asset retirement obligations since future dismantlement and removal dates are indeterminate. The Company does not have access to adequate forecasts that predict the timing of expected production for existing reserves on those fields in which Company operates. In the absence of such information, the Company is not able to make a reasonable estimate of when future dismantlement and removal dates will occur and will continue to monitor regulatory requirements to remove its midstream facilities.

(m) Environmental Liabilities

Environmental expenditures that relate to an existing condition caused by past operations and that do not contribute to current or future revenue generation are expensed as incurred. Liabilities are accrued when environmental assessments and/or clean up is probable, and the costs can be reasonably estimated. These liabilities are adjusted as additional information becomes available or circumstances change. As of December 31, 2008 and 2009, the Company has not accrued for any environmental liabilities nor has it been fined or cited for any environmental violations that could have a material adverse effect on future capital expenditures or operating results of the Company.

(n) Natural Gas and Oil Revenues

The Company utilizes the accrual method of accounting for oil and natural gas revenues, whereby revenues are recognized as the Company's entitlement share of oil and natural gas is produced based

ANTERO RESOURCES LLC**Notes to Consolidated Financial Statements (Continued)****December 31, 2007, 2008 and 2009****(2) Summary of Significant Accounting Policies (Continued)**

on its working interests in the properties. The Company records a receivable (payable) to the extent it receives less (more) than its proportionate share of oil and natural gas revenues. At December 31, 2008 and 2009, the Company had no significant imbalance positions.

(o) Gathering and Processing Fees Revenue

The Company utilizes the accrual method of accounting for gas processing fee revenues. The amount of revenue is determinable when the sale of the applicable product has been completed, and delivery and transfer of title at the tailgate of the plants. Service fees are recognized as revenue when services are performed.

The Company obtains access to unprocessed natural gas and provides services to customers under a processing agreement. The processing agreement contains a fee-based provision, whereby the Company receives a fee based on the volume of natural gas processed. In addition, proceeds from selling NGLs are remitted back to customers based on a contractual calculation of the liquids available for separation, as determined from an analysis of the raw natural gas received. The margin earned on NGLs sold in excess of payments made to the customers is not directly dependant on the value of these products and is reported net.

(p) Concentrations of Credit Risk

The Company's revenues are derived principally from uncollateralized sales to purchasers in the oil and gas industry. The concentration of credit risk in a single industry affects the Company's overall exposure to credit risk because purchasers may be similarly affected by changes in economic and other conditions. The Company has not experienced significant credit losses on its receivables.

The Company's sales to major customers (purchases in excess of 10% of total sales) for the years ended December 31, 2007, 2008, and 2009 are as follows:

	<u>2007</u>	<u>2008</u>	<u>2009</u>
Company A	70%	49%	44%
Company B	22	41	15
Company C	—	—	12
All others	8	10	29
	<u>100%</u>	<u>100%</u>	<u>100%</u>

Although a substantial portion of production is purchased by these major customers, we do not believe the loss of any one or several customers would have a material adverse effect on our business, as other customers or markets would be accessible to us.

The Company, at times, may have cash in banks in excess of federally insured amounts.

ANTERO RESOURCES LLC

Notes to Consolidated Financial Statements (Continued)

December 31, 2007, 2008 and 2009

(2) Summary of Significant Accounting Policies (Continued)

(q) Stock Compensation

Awards of profits units to the Antero Resources Employee Holdings LLC (Antero Holdings) are classified as liability instruments. Compensation expense for these awards is recognized when all performance, market, and service conditions are probable of being satisfied.

Prior to the formation of Antero Resources LLC, the Antero Entities granted various equity awards to certain employees. The estimated fair value of restricted stock at the date of the award is charged to expense over the vesting period of the award. The estimated fair value of stock option awards is charged to expense over the service period of the award. Fair value of stock option awards is estimated using the Black Scholes option pricing model. These awards were canceled in connection with the reorganization of the Company's ownership structure in November 2009.

(r) Income Taxes

Antero Resources LLC and each of its operating subsidiaries file separate federal and state income tax returns. Antero Resources LLC is a partnership for income tax purposes and therefore is not subject to federal or state income taxes. The tax on the income of Antero Resources LLC is borne by the individual members through the allocation of taxable income.

The Company's operating subsidiaries recognize deferred tax assets and liabilities for temporary differences resulting from net operating loss carryforwards for income tax purposes and the differences between the financial statement and tax basis of assets and liabilities. The effect of changes in the tax laws or tax rates is recognized in income in the period such changes are enacted. Deferred tax assets are reduced by a valuation allowance, when, in the opinion of management, it is more likely than not that some portion or all of the deferred tax assets will not be realized.

Unrecognized tax benefits represent potential future tax obligations for uncertain tax positions taken on previously filed tax returns that may not ultimately be sustained. The Company recognizes interest expense related to unrecognized tax benefits in interest expense and fines and penalties as income tax expense. At December 31, 2009 and 2008, the Company has no unrecognized tax benefits from uncertain tax positions that would impact the Company's effective tax rate and has made no provisions for interest or penalties related to uncertain tax positions. The tax years 2006 through 2009 remain open to examination by the U.S. Internal Revenue Service. The Company files tax returns with various state taxing authorities which remain open to examination for tax years 2005 through 2009.

(s) Fair Value Measures

FASB ASC Topic 820, *Fair Value Measurements and Disclosures*, clarifies the definition of fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements. This guidance also relates to all nonfinancial assets and liabilities that are not recognized or disclosed on a recurring basis (e.g., those measured at fair value in a business combination, the initial recognition of asset retirement obligations, and impairments of proved oil and gas properties, and other long-lived assets). The fair value is the price that the Company estimates would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value hierarchy is used to prioritize input to valuation techniques used to estimate fair value. An asset or liability subject to the fair value

ANTERO RESOURCES LLC

Notes to Consolidated Financial Statements (Continued)

December 31, 2007, 2008 and 2009

(2) Summary of Significant Accounting Policies (Continued)

requirements is categorized within the hierarchy based on the lowest level of input that is significant to the fair value measurement. The Company's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to the asset or liability. The highest priority (Level 1) is given to unadjusted quoted market prices in active markets for identical assets or liabilities, and the lowest priority (Level 3) is given to unobservable inputs. Level 2 inputs are data, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly. Instruments which are valued using Level 2 inputs include nonexchange traded derivatives such as over-the-counter commodity price swaps, basis swaps, and interest rate swaps. Valuation models used to measure fair value of these instruments consider various Level 2 inputs including (i) quoted forward prices for commodities, (ii) time value, (iii) quoted forward interest rates, (iv) current market prices and contractual prices for the underlying instruments, (v) risk of nonperformance by the Company and the counterparty, (vi) and other relevant economic measures. The Company utilizes its counterparties to assess the reasonableness of its prices and valuation techniques. To the extent a legal right of offset with a counterparty exists, the derivative assets and liabilities are reported on a net basis.

(t) Industry Segment and Geographic Information

We have evaluated how the Company is organized and managed and have identified one operating segment—the exploration and production of oil, natural gas, and natural gas liquids. We consider our gathering, processing and marketing functions as ancillary to our oil and gas producing activities. All of our assets are located in the United States and all of our revenues are attributable to United States customers.

(u) Newly Adopted Accounting Pronouncements

Noncontrolling Interests in Consolidated Financial Statements—In December 2007, the FASB issued new rules which established accounting and reporting standards for noncontrolling interests (minority interests) in subsidiaries. These rules clarified that a noncontrolling interest in a subsidiary should be accounted for as a component of equity separate from the parent's equity. The rules were effective for us on January 1, 2009 and must be applied prospectively, except for the presentation and disclosure requirements, which have been applied retrospectively. The adoption of these rules had the effect of increasing total equity by the amount of the noncontrolling interest and changing other presentations in the accompanying financial statements.

Accounting Standards Codification—In June 2009, the FASB approved the FASB Accounting Standards Codification (ASC), which after its launch on July 1, 2009 became the single source of authoritative, nongovernmental U.S. Generally Accepted Accounting Principles (GAAP). The Codification reorganizes all previous U.S. GAAP pronouncements into roughly 90 accounting topics and displays all topics using a consistent structure. All existing standards that were used to create the Codification are now superseded, replacing the previous references to specific Statements of Financial Accounting Standards with numbers used in the Codification's structural organization.

Modernization of Oil and Gas Reporting—On December 31, 2008, the SEC published final rules and interpretations, the Modernization of Oil and Gas Reporting Requirements, updating its oil and gas

ANTERO RESOURCES LLC

Notes to Consolidated Financial Statements (Continued)

December 31, 2007, 2008 and 2009

(2) Summary of Significant Accounting Policies (Continued)

reporting requirements. Many of the revisions are updates to definitions in the existing oil and gas rules to make them consistent with the Petroleum Resource Management System, which is a widely accepted standard for the management of petroleum resources that was developed by several industry organizations. Key revisions include the ability to include nontraditional resources in reserves, the use of new technology for determining reserves, permitting disclosure of probable and possible reserves, and changes to the pricing used to determine reserves based on a 12-month average price rather than a period-end spot price. The average is to be calculated using the first-day-of-the-month price for each of the 12 months that make up the reporting period. The new rules are effective for annual reports for fiscal years ending on or after December 31, 2009. In January 2009, the FASB issued Accounting Standards Update 2010-03 *Extractive Industries—Oil and Gas*, to align its rules for oil and gas reserve estimation and disclosure requirements with the SEC's modernization rule. The Company has adopted these new rules in estimating its December 31, 2009 oil and gas reserves and related disclosures and in calculating its 2009 units-of-production method depreciation and depletion expense for the fourth quarter of 2009.

(3) Acquisitions

Much of the Company's acquisition and development activity in the Arkoma and Piceance Basins has been through the acquisition of unproved properties involving individually insignificant costs and subsequent Company-operated drilling and development activity on internally generated prospects on those properties. The following describes significant transactions to acquire unproved and proved properties during the three years ended December 31, 2009:

Antero Arkoma—On December 4, 2007, Antero Arkoma acquired approximately 6,000 net acres and various nonoperating working interests in approximately 60 wells in Coal and Hughes Counties, Oklahoma. The purchase price was approximately \$61 million, including purchase price adjustments of approximately \$5 million. The operational results of the acquisition were included in the consolidated operations from the date of acquisition, December 4, 2007. The allocation of the purchase price was approximately \$38 million for unevaluated leasehold costs, and \$28 million for proved properties.

Antero Piceance—In July 2008, Antero Piceance acquired 21 producing wells, unproved acreage, and the related gathering assets in Garfield County, Colorado for \$39.2 million. The allocation of the purchase price was approximately \$35.7 million for nonproducing leasehold costs and \$3.5 million for proved properties.

Antero Appalachian—On September 30, 2008, Antero Appalachian acquired deep rights in properties, including the Marcellus Shale formation on approximately 114,000 net acres in the Appalachian Basin in southwestern Pennsylvania and northern West Virginia. The purchase price was approximately \$347 million and was allocated to unproved property. The acquisition agreement contains various drilling commitments which requires Antero Appalachian to drill 179 wells at an estimated maximum cost of approximately \$625 million between January 1, 2009 and June 30, 2018 at structured intervals. If the Company does not fulfill its drilling commitments, portions of the unproved property may revert to the seller.

ANTERO RESOURCES LLC

Notes to Consolidated Financial Statements (Continued)

December 31, 2007, 2008 and 2009

(4) Credit Facilities

(a) Bank Credit Facility

The Company has entered into a credit agreement (Credit Facility), which provides for loans up to \$400 million. The borrowings under the Credit Facility are subject to borrowing base limitations based on the collateral value of our proved reserves and are subject to regular semiannual redeterminations. The next semiannual redetermination of our borrowing base is scheduled to occur in May 2010. The borrowing base at December 31, 2009 was \$400 million; subsequent to the issuance of \$150 million of senior notes in January 2010, the borrowing base was reduced to \$369 million.

The Credit Facility is secured by mortgages on substantially all of the Company's properties and guarantees from the Company's operating subsidiaries. All advances are due and payable on March 15, 2012. The Credit Facility contains certain covenants, including restrictions on indebtedness and dividends, and requirements with respect to working capital and leverage ratios. Interest is payable at a variable rate based on LIBOR or the prime rate based on the Company's election at the time of borrowing. The Company is in compliance with its financial debt covenants as of December 31, 2009.

As of December 31, 2009, the Company had an outstanding balance under the Credit Facility of \$142.1 million with a weighted average interest rate of 2.36%. The Company pays commitment fees of up to 0.50% of the unused borrowing base. In addition, the Company had approximately \$3.0 million in outstanding letters of credit under the facility at December 31, 2009. Outstanding borrowings at December 31, 2008 were \$399.6 million, including \$3.0 million of letters of credit.

(b) Senior Notes

On November 17, 2009, a newly formed wholly owned subsidiary of Antero Resources LLC, Antero Finance, issued \$375 million of 9.375% senior notes due December 1, 2017 at a discount of \$2.6 million. In January 2010, the Company issued an additional \$150 million of the same series of 9.375% senior notes at a premium of \$6 million. The notes are unsecured and subordinate to the Company's bank credit facility to the extent of the value of the collateral securing the bank credit facility. The notes are guaranteed on a senior unsecured basis by Antero Resources LLC, all of its wholly owned subsidiaries (other than Antero Finance), and certain of its future restricted subsidiaries. Interest on the notes is payable on June 1 and December 1 of each year, commencing on June 1, 2010. Antero Finance may redeem all or part of the notes at any time on or after December 1, 2013 at redemption prices from 104.688% on or after December 1, 2013 to 100.00% on or after December 1, 2015. In addition, on or before December 1, 2012, Antero Finance may redeem up to 35% of the aggregate principal amount of the notes with the net cash proceeds of certain equity offerings, if certain conditions are met, at a redemption price of 109.375%. At any time prior to December 1, 2013, Antero Finance may also redeem the notes, in whole or in part, at a price equal to 100% of the principal amount of the notes plus a "make-whole" premium. If Antero Resources LLC undergoes a change of control, Antero Finance may be required to offer to purchase notes from the holders.

The Company incurred underwriting discounts and other offering costs aggregating approximately \$11.4 million, which were recorded as deferred financing costs in other long-term assets and are being amortized over the life of the notes using the effective interest method.

ANTERO RESOURCES LLC**Notes to Consolidated Financial Statements (Continued)****December 31, 2007, 2008 and 2009****(4) Credit Facilities (Continued)****(c) Second Lien Term Loan**

The outstanding balance of the term loan facility of \$225 million was retired from the proceeds of the 9.375% senior note offering. The seven-year term loan was entered into by certain of the operating subsidiaries in April 2007 and was secured by second mortgages on substantially all of assets of the participating subsidiaries. The loan had an interest rate of LIBOR plus 4.50%; the weighted average interest rate on advances under the loan was 8.4% at December 31, 2008 and 9.8% at December 31, 2007.

(d) Capital Leases

The Company leases certain compressors under agreements that are classified as capital leases. The cost of equipment under capital leases is included in property and equipment and was approximately \$1.5 million at December 31, 2008 and 2009. Accumulated amortization of the leased equipment at December 31, 2008 and 2009 was approximately \$158,000 and \$234,000, respectively. Amortization of assets under capital leases is included in depreciation expense.

The following represents the future minimum lease payments remaining under capital leases as of December 31, 2009 (in thousands):

2010	\$ 196
2011	196
2012	196
2013	196
2014	196
Thereafter	428
Total	1,408
Amount representing interest	254
Present value of minimum lease payments	1,154
Less current portion of obligations under capital leases	132
Noncurrent portion of obligations under capital leases	\$ 1,022

(5) Asset Retirement Obligations

The following is a reconciliation of the Company's asset retirement obligations for the years ended December 31, 2008 and 2009 (in thousands).

	2008	2009
Asset retirement obligations—beginning of year	\$ 1,340	3,034
Obligations incurred	1,518	188
Accretion expense	176	265
Asset retirement obligations—end of year	\$ 3,034	3,487

The fair value of obligations incurred are valued utilizing Level 3 inputs.

ANTERO RESOURCES LLC**Notes to Consolidated Financial Statements (Continued)****December 31, 2007, 2008 and 2009****(6) Reorganization of Ownership Structure**

Since the inception of the Antero Entities in 2004, it has raised capital from private equity, institutional, and management investors through the issuance of various classes of preferred stock and common stock by the Antero Entities, each of which were owned by the same investors having substantially identical ownership in each of the entities. The Company also awarded preferred stock and common stock shares to various management and employees in the form of restricted share awards with restrictions that lapse over time. The Company also granted options to purchase shares of common stock to various management and employees.

On November 3, 2009, the stockholders of the Antero Entities contributed their shares of preferred stock and common stock to a newly formed entity, Antero Resources LLC, in exchange for an equivalent number of class I-1, I-2, and I-3 units and class A-1, A-3, B-1, B-3, and B-5 units in the LLC. The newly issued units in Antero Resources LLC are substantially similar in character to the contributed stock in the Antero Entities, including the relative rights in the equity of the newly formed LLC. The exchange was accounted for at the historical amounts recorded for the common stock and preferred stock and the basis in the assets of the Antero Entities was not changed. Outstanding stock options were canceled and the Company agreed to pay the excess of the fair value of the underlying stock over the exercise price of the options to the employees in cash in 2010.

Antero Resources LLC also issued Class A-2, A-4, B-2, B-3, B-4, and B-5 profits units to Antero Holdings, a newly formed limited liability company owned by certain officers and employees. AREH issued similar profits units to its members. Net profits units participate only in distributions upon liquidation events meeting requisite financial return thresholds.

Additionally, in November 2009 Antero Resources LLC issued units in a new class I-4 for \$125 million and incurred approximately \$1.4 million of offering costs for the new units. The proceeds of this equity placement were used to repay a portion of the borrowings outstanding under the senior secured revolving credit facility.

At December 31, 2009, the outstanding units in Antero Resources LLC are summarized as follows:

	Units authorized and issued
Class I units	103,466,666
Class A and B units	36,193,071
Class A and B profits units	19,726,873
	<u>159,386,610</u>

At December 31, 2009, 202,261 units are outstanding and not vested under the terms of the preferred and common stock awards in the Antero Entities for which they were exchanged.

None of the three classes of outstanding units are entitled to current cash distributions or are convertible into indebtedness. The Company has no obligation to repurchase these units at the election of the unitholders.

In the event of a distribution from Antero Resources LLC, amounts available for distribution are distributed according to a formula set forth in the LLC agreement that takes into account the relative

ANTERO RESOURCES LLC**Notes to Consolidated Financial Statements (Continued)****December 31, 2007, 2008 and 2009****(6) Reorganization of Ownership Structure (Continued)**

priority of the various classes of units outstanding. In the event of a distribution due to the disposition of an individual Antero Entity, a portion of the proceeds is allocated to the employees of the Company based on a requisite return financial threshold. In general, distributions are made first to holders of the Class I units until they have received their investment amount and an 8% special allocation and then, as a group, to the holders of all classes of units together. The Class I units participate on a pro rata basis with the other classes of units in funds available for distributions in excess of the Class I unit investment and special allocation amounts.

At December 31, 2009, the Class I units have an aggregate liquidation priority, including the special allocation of 8% per annum, of \$1.6 billion.

(7) Combined Equity Structure of the Antero Entities

Prior to the reorganization of the ownership structure, the financial statements of the Antero Entities were presented on a combined basis. The equity structure of these combined entities is described below.

(a) Preferred Stock

The preferred stock had been issued to various private equity, institutional, and management investors periodically since 2004. The Series A Preferred Stock was issued for a total of \$268 million, and the Series B was issued for a total of \$1 billion. Both Series A and B accumulated dividends at 8% per annum compounded quarterly. Series C Preferred Stock was issued for no consideration to management members who were investors in the Series B Preferred Stock and vested over a four-year period. Both Series A and B were convertible into one share of common stock plus an amount payable in cash and, in the event of a public offering, to additional shares of common stock equal to the purchase price plus accumulated unpaid dividends. Upon a liquidation event (as defined), holders of Series A and B were entitled to receive, prior to any amounts received by the common stockholders, an amount equal to the purchase price plus accumulated unpaid dividends and participated with common stockholders in any excess funds available in liquidation as if the share were converted to common shares. The Series A and B Preferred Shares also had voting rights on all matters submitted to stockholders for vote as if the shares were converted to common shares. None of the three classes of preferred stock were entitled to current cash distributions or were convertible into indebtedness. The Company had no obligation to repurchase the preferred stock at the election of the stockholders.

The following table sets forth the combined Series A, B and C Preferred Stock outstanding for the Antero Entities at December 31, 2008:

	<u>Shares</u>
Series A	26,800,000
Series B	59,666,666
Series C	1,333,333

ANTERO RESOURCES LLC**Notes to Consolidated Financial Statements (Continued)****December 31, 2007, 2008 and 2009****(7) Combined Equity Structure of the Antero Entities (Continued)****(b) Common Stock**

The common stock had been issued to management members and were subject to restrictions which lapsed over a four-year period. Upon a liquidation event, the terms provided for the restrictions to lapse and for the common stock to participate in distributions upon liquidation events when certain requisite financial return thresholds were met. The grants were accounted for as equity based compensation and expense was recognized based on the fair value on the date of grant. See note 9—Stock Compensation.

The following table shows the authorized and issued shares of common stock at December 31, 2008:

	<u>Authorized</u>	<u>Outstanding</u>
Class A Common Stock	160,900,000	21,842,000
Class B Common Stock	11,100,000	11,100,000
Class C Common Stock	625,766,393	83,333,335
Class D Common Stock	31,746,035	30,813,495
Class E Common Stock	42,735,045	26,616,025

(8) Stock Compensation

Prior to the reorganization of the ownership structure described in note 6, the Antero Entities had granted various equity compensation awards in the form of restricted shares of preferred and common stock as well as stock options. The restricted share awards were exchanged for restricted units in Antero Resources LLC. The stock option plans were terminated and the Company agreed with the holders to cash settle the options for the difference between the fair market value of the stock underlying the options at the date of the plan termination and the exercise price of the options. The plan termination liabilities in the amount of \$3.7 million were accrued as a liability and charged to additional paid-in capital at the date of termination of the plans. Unamortized stock option expense related to the terminated options of \$440,000 at the date of termination of the plans was charged to stock compensation expense.

The Antero Entities had reserved 3,240,000 shares of Class A common stock and 12,881,562 shares of Class C common stock for the granting of options to directors, consultants, and employees. The term of the options was seven years and the options vested in equal installments over four years from the earlier of the optionee's original date of employment or grant date.

The fair value of each option award was estimated on the date of grant using the Black-Scholes option pricing model and the weighted average assumptions in the following table. The Company used historical data to estimate the expected term of the option, such as employee option exercise and employee post-vesting departure behavior. The Company used peer group data to estimate volatility. Separate groups of employees that have similar historical exercise behavior were considered separately for valuation purposes. The risk-free rate for the expected term of the option was based on the U.S. Treasury yield curve in effect at the time of grant. The Company granted certain options at the date of the reorganization of the ownership structure described in note 6, which were 100% vested at the date

ANTERO RESOURCES LLC

Notes to Consolidated Financial Statements (Continued)

(9) Profits Units Awards

In connection with the reorganization of the Company's ownership structure in November 2009 and cancellation of the stock option plans, the Company issued profits units to a newly formed limited liability company (Antero Holdings) owned by certain officers and employees. The profit units participate only in distributions from Antero Resources LLC in liquidation events, meeting requisite financial thresholds after the Class I and other classes of unitholders have recovered their investment and special allocation amounts. The profits units have no voting rights. Compensation expense for these awards will be recognized when all performance, market, and service conditions are probable of being

ANTERO RESOURCES LLC**Notes to Consolidated Financial Statements (Continued)****December 31, 2007, 2008 and 2009****(9) Profits Units Awards (Continued)**

satisfied (in general, upon a liquidating event). Accordingly, no value was assigned to the units when issued. A summary of the status of the net profits units outstanding in Antero Holdings and changes during the year ended December 31, 2009 is summarized as follows:

	<u>Units</u>
Balance, January 1, 2009	—
Granted	6,625,283
Vested	<u>(4,000,117)</u>
Nonvested at December 31, 2009	<u>2,625,166</u>

(10) Financial Instruments

The carrying values of trade receivables, trade payables, the credit facility, and the term loan at December 31, 2009 and 2008 approximated market value. The carrying value of the bank credit facility at December 31, 2009 approximated fair value because the variable interest rates are reflective of current market conditions.

The fair value of the Company's senior notes was approximately \$382.5 million, based on market data at December 31, 2009.

See note 11 for information regarding the fair value of derivative financial instruments.

(11) Derivative Instruments*Commodity Derivatives*

The Company periodically enters into natural gas derivative contracts with counterparties to hedge the price risk associated with a portion of its production. These derivatives are not held for trading purposes. To the extent that changes occur in the market prices of natural gas, the Company is exposed to market risk on these open contracts. This market risk exposure is generally offset by the change in market prices of natural gas recognized upon the ultimate sale of the natural gas produced.

For the years ended December 31, 2007, 2008 and 2009, the Company was party to natural gas fixed price swaps. When actual commodity prices exceed the fixed price provided by the swap contracts, the Company pays the excess to the counterparty, and when actual commodity prices are below the contractually provided fixed price receives the difference from the counterparty. The Company's natural gas swaps have not been designated as hedges for accounting purposes; therefore, all gains and losses were recognized in income currently.

As of December 31, 2009, derivative positions with JP Morgan accounted for approximately 87% of the net fair value of our commodity derivative assets position. Derivative positions with BNP Paribas, Key Bank N.A., and Well Fargo accounted for the remainder. The Company has no collateral from any counterparties. Commodity and interest rate derivative positions are with institutions who have a position in our Credit Facility and are secured by the collateral pledged on the Credit Facility and cross default provisions between the Credit Facility and the derivative instruments. There are no past due receivables from or payables to any of our counterparties.

ANTERO RESOURCES LLC**Notes to Consolidated Financial Statements (Continued)****December 31, 2007, 2008 and 2009****(11) Derivative Instruments (Continued)**

Through December 31, 2009, and including swaps entered into since December 31, 2009 through March 30, 2010, the Company has entered into fixed price natural gas swaps in order to hedge a portion of its natural gas production from January 1, 2010 through December 31, 2014 as summarized in the following table. Hedge agreements referenced to the Centerpoint, NYMEX, and Transco Zone 4 indices are for production in the Arkoma Basin. Hedge agreements referenced to the CIG index are for production in the Piceance Basin. Hedge agreements referenced to the CGTAP index are for production from the Appalachian Basin.

	<u>MMbtu/day</u>	<u>Weighted average index price</u>
Year ended December 31, 2010:		
Centerpoint	30,000	\$ 7.33
CIG	30,000	5.54
NYMEX	10,000	6.14
CGTAP	20,000	5.92
Year ending December 31, 2011:		
CIG	35,000	\$ 5.78
Transco zone 4	35,000	6.91
CGTAP	30,000	6.60
Year ending December 31, 2012:		
CIG	35,000	\$ 6.06
Transco zone 4	35,000	7.05
CGTAP	20,000	6.94
Year ending December 31, 2013:		
CIG	30,000	\$ 6.02
Transco zone 4	40,000	6.51
CGTAP	20,000	6.83
Year ending December 31, 2014:

ANTERO RESOURCES LLC

Notes to Consolidated Financial Statements (Continued)

December 31, 2007, 2008 and 2009

(11) Derivative Instruments (Continued)

Interest Rate Derivatives

The Company has entered into various floating-to-fixed interest rate swap derivative contracts to manage exposures to changes in interest rates from variable rate obligations under the second lien term loan and the bank credit facility. Under the swaps, the Company makes payments to the swap counterparty when the variable LIBOR three-month rate falls below the fixed rate or receives payments from the swap counterparty when the variable LIBOR three-month rate goes above the fixed rate. The outstanding swap agreements during the year ended December 31, 2009 are summarized as follows:

<u>Notional amount of swap</u>	<u>Covering periods</u>	<u>Fixed rate</u>
\$225 million	May 2007 to July 1, 2011	4.11%
\$150 million	April 1, 2008 to April 1, 2010	2.8025%
\$51 million	December 10, 2008 to December 10, 2009	2.79%

When the Company retired the floating rate second lien term loan of \$225 million out of the proceeds from the rate 9.375% senior notes in November 2009, it did not terminate the \$225 million floating-to-fixed rate swap associated with this debt; therefore, this swap does not have debt associated with it.

At December 31, 2009, the Company had a notional amount of \$150.0 million of interest rate swaps related to its credit facility, which had \$142.1 million outstanding.

Summary

The following is a summary of the fair values of derivative instruments not designated as hedges for accounting purposes and where such values are recorded in the consolidated balance sheets as of December 31, 2008 and 2009. None of the Company's derivative instruments are designated as hedges for accounting purposes.

	<u>2008</u>		<u>2009</u>	
	<u>Balance sheet location</u>	<u>Fair value</u> (In thousands)	<u>Balance sheet location</u>	<u>Fair value</u> (In thousands)
Asset derivatives not designated as hedges for accounting purposes:				
Commodity contracts	Current assets	\$ 83,608	Current assets	\$ 22,105
Commodity contracts	Long-term assets	18,672	Long-term assets	18,989
Total asset derivatives		<u>\$ 102,280</u>		<u>\$ 41,094</u>
Liability derivatives not designated as hedges for accounting purposes:				
Interest rate contracts	Current liabilities	\$ 7,086	Current liabilities	\$ 8,623
Interest rate contracts	Long-term liabilities	10,164	Long-term liabilities	2,464
Total liability derivatives		<u>\$ 17,250</u>		<u>\$ 11,087</u>

ANTERO RESOURCES LLC

Notes to Consolidated Financial Statements (Continued)

December 31, 2007, 2008 and 2009

(11) Derivative Instruments (Continued)

The following is a summary of realized and unrealized gains (losses) on derivative instruments and where such values are recorded in the consolidated statements of operations for the years ended December 31, 2007, 2008, and 2009:

	Statement of operations location	2007	2008	2009
Realized gains on commodity contracts	Revenue	\$ 14,373	26,053	116,550
Unrealized gains (losses) on commodity contracts	Revenue	4,619	90,301	(61,186)
Total gains on commodity contracts		18,992	116,354	55,364
Realized gains (losses) on interest rate contracts	Other income (expense)	400	(1,428)	(11,148)
Unrealized gains (losses) on interest rate contracts	Other income (expense)	(3,433)	(13,817)	6,163
Total losses on rate contracts		(3,033)	(15,245)	(4,985)
Net gains on derivative contracts		\$ 15,959	101,109	50,379

The following table summarizes the valuation of investments and financial instruments by the fair value hierarchy described in note 1 at December 31, 2009:

Description	Fair value measurements using			Total
	Quoted prices in active markets for identical assets (Level 1)	Significant other observable inputs (Level 2)	Significant unobservable inputs (Level 3)	
(In thousands)				
Derivatives asset (liability):				
Fixed price commodity swaps	\$ —	41,094	—	41,094
Interest rate swaps	—	(11,087)	—	(11,087)
	\$ —	30,007	—	30,007

(12) Income Taxes

Antero Resources LLC and each of its operating subsidiaries file separate federal and state income tax returns. Antero Resources LLC is a partnership for income tax purposes and therefore is not subject to federal or state income taxes. The subsidiaries of Antero Resources LLC are corporations subject to federal and state income taxes. The subsidiaries have not been in an income tax paying situation for the years ended December 31, 2007, 2008, or 2009.

ANTERO RESOURCES LLC

Notes to Consolidated Financial Statements (Continued)

December 31, 2007, 2008 and 2009

(12) Income Taxes (Continued)

The income tax expense (benefit) differs from the amount that would be computed by applying the U.S. statutory federal income tax rate of 34% to consolidated income for the years ended December 31, 2007, 2008, and 2009, respectively, as a result of the following (in thousands):

	2007	2008	2009
Federal income tax (benefit)	\$ (12,972)	29,481	(37,107)
State income tax, net of federal benefit	(1,257)	2,376	(3,920)
Change in tax rate	(1,546)	760	—
Change in valuation allowance	15,360	(29,631)	40,504
Other	15	43	(2,082)
Total income tax expense (benefit)	<u>\$ (400)</u>	<u>3,029</u>	<u>(2,605)</u>

Deferred income taxes reflect the impact of temporary differences between amounts of assets and liabilities for financial reporting purposes and such amounts as measured by tax laws. The tax effect of the temporary differences giving rise to net deferred tax assets and liabilities at December 31, 2008 and 2009 are as follows (in thousands):

	2008	2009
Deferred tax assets:		
Net operating loss carryforwards	\$ 58,054	103,846
Unrealized losses on derivative instruments	1,063	649
Other	121	1,640
Total deferred tax assets	<u>59,238</u>	<u>106,135</u>
Valuation allowance	(6,449)	(46,952)
Net deferred tax assets	<u>52,789</u>	<u>59,183</u>
Deferred tax liabilities:		
Stock-based compensation	1,836	—
Unrealized gains on derivative instruments	34,000	11,984
Depreciation differences on gathering system	6,676	14,437
Sale of noncontrolling interest in subsidiary	2,690	—
Oil and gas properties	10,616	33,186
Total deferred tax liabilities	<u>55,818</u>	<u>59,607</u>
Net deferred tax liabilities	<u>\$ (3,029)</u>	<u>(424)</u>

In assessing the realizability of deferred tax assets, management considers whether some portion or all of the deferred tax assets will be realized based on a more likely than not standard of judgment. The ultimate realization of deferred tax assets is dependent upon the generation of future taxable income during the periods in which those temporary differences become deductible. Management considers the scheduled reversal of deferred tax liabilities, projected future taxable income, and tax planning strategies in making this assessment. Due to the lack of historical profitable operations and based upon the projections for future taxable income over the periods in which the deferred tax assets are deductible, management believes that the Company will not realize the benefits of all of these

ANTERO RESOURCES LLC**Notes to Consolidated Financial Statements (Continued)****December 31, 2007, 2008 and 2009****(12) Income Taxes (Continued)**

deductible differences and has recorded a valuation allowance of approximately \$47.0 million at December 31, 2009. The amount of the deferred tax asset considered realizable could be reduced in the near term if estimates of future taxable income during the carryforward period are reduced.

The subsidiaries of Antero Resources LLC have net operating loss carryforwards as of December 31, 2009 as follows (in thousands):

	<u>Antero Arkoma</u>	<u>Antero Piceance</u>	<u>Antero Midstream</u>	<u>Antero Pipeline</u>	<u>Antero Appalachian</u>	<u>Combined total</u>
Net operating loss carryforward	\$ 106,673	125,276	27,375	7,712	9,216	276,252

The net operating loss carryforwards expire beginning in 2024 and through 2029. The tax years 2006 through 2009 remain open to examination by the U.S. Internal Revenue Service. The Company and subsidiaries file tax returns with various state taxing authorities; these returns remain open to examination for tax years 2005 through 2009.

(13) Commitments and Contingencies**(a) Operating Leases**

The Company has commitments under office lease agreements as follows (in thousands):

2010	\$ 629
2011	578
2012	257
2013	100
	<u>\$ 1,564</u>

Rent expense for lease agreements was approximately \$297,000, \$526,000, and \$886,000 during the years ending December 31, 2007, 2008, and 2009, respectively.

(b) Firm Transportation Commitments

The Company has entered into a firm commitment to transport 20,000 MMBtu per day of the Company's net production from the Arkoma Basin for the period January 1, 2009 through August 31, 2012. In addition, the Company has entered into a firm commitment to transport 40,000 MMBtu per day of the Company's net production from the Arkoma Basin for the period April 1, 2009 (estimated start date) through March 31, 2016. The agreement has staggered start and termination dates. Commitments for 20,000 MMBtu start April 1, 2009 and terminate March 31, 2014. Commitments for 10,000 MMBtu start April 1, 2010 and terminate March 31, 2015. The remaining 10,000 MMBtu commitments start April 1, 2011 and terminate March 31, 2016.

The Company currently has a firm commitment for 40,000 MMBtu/d on the WIC pipeline from the Piceance Basin through September 2020. In addition, the Company has also entered a firm commitment to transport 25,000 MMBtu per day of its production from the Piceance Basin to the West Coast for the period from April 1, 2011 (estimated in-service date) through March 31, 2021.

ANTERO RESOURCES LLC

Notes to Consolidated Financial Statements (Continued)

December 31, 2007, 2008 and 2009

(13) Commitments and Contingencies (Continued)

The Company has a 39,700 MMBtu/d firm commitment from the Appalachian Basin on the Columbia pipeline through January 2017.

Based on the Company's forecasted production and estimates of current reserves, we believe our future production will be sufficient to meet our delivery commitments under these contracts.

(c) *Drilling Rig Service Commitments*

The Company has entered into contracts for the services of five rigs, which expire at various dates in 2010. Commitments under these agreements are approximately \$9.7 million at December 31, 2009.

(d) *Processing Commitment*

The Company has entered into a firm processing commitment to process its natural gas from the Piceance Basin. The agreement guarantees the Company the ability to process 60,000 MMBtu/day through December 31, 2017. The Company is obligated to pay \$0.05 per MMBtu whether or not it processes natural gas.

(e) *Litigation*

The Company is party to various legal proceedings and claims in the ordinary course of its business. The Company believes certain of these matters will be covered by insurance and that the outcome of other matters will not have a material adverse effect on its consolidated financial position, results of operations, or liquidity.

(14) Guarantor Subsidiaries

The following entities are guarantors of the Company's senior notes: Antero Resources LLC (the Parent Company), Antero Arkoma, Antero Piceance, Antero Midstream, Antero Pipeline, and Antero Appalachian (collectively, the Guarantor Companies). Each of the guarantees is full and unconditional and joint and several. The nonguarantor company is Centrahoma Processing LLC.

Results of operations	<u>\$ (12,625)</u>	<u>31,672</u>	<u>(103,916)</u>

(d) Oil and Gas Reserves

The following table sets forth the net quantities of proved reserves and proved developed reserves during the periods indicated. This information includes the oil and gas segment's royalty and net working interest share of the reserves in oil and gas properties. "Prepared" reserves are those quantities of reserves that were prepared by an independent petroleum consultant. "Audited" reserves are those quantities of reserves that were estimated by Antero employees and audited by an independent petroleum consultant. Net proved oil and gas reserves for the three years ended December 31, 2009 were prepared by DeGolyer and MacNaughton, Ryder Scott, and Wright & Company utilizing data compiled by us. All reserves are located in the United States. There are many uncertainties inherent in estimating proved reserve quantities, and projecting future production rates and timing of future development costs. In addition, reserve estimates of new discoveries are more imprecise than those of properties with a production history. Accordingly, these estimates are subject to change as additional information becomes available. Proved reserves are the estimated quantities of crude oil, condensate, and natural gas that geological and engineering data demonstrate with reasonable certainty to be recoverable in future years from known oil and gas reservoirs under existing economic and operating conditions at the end of the respective years. Proved developed reserves are

ANTERO RESOURCES LLC

Notes to Consolidated Financial Statements (Continued)

December 31, 2007, 2008 and 2009

(15) Supplemental Information on Oil and Gas Producing Activities (Unaudited) (Continued)

those reserves expected to be recovered through existing wells with existing equipment and operating methods.

In December 2008, the SEC adopted revisions to its oil and gas reserve reporting requirements to modify their rules for modernization of oil and gas development technology and to change the rules for pricing oil and gas reserves. In January 2010, the FASB issued Accounting Standards Update 2010-03, "*Oil and Gas Reserve Estimation and Disclosures*", to provide consistency with the SEC rules.

In accordance with these new rules, as of December 31, 2009, the Company changed its definition of proved undeveloped reserves to include development spacing areas surrounding productive wells that are reasonably certain of containing proved reserves and which are scheduled to be drilled within five years from December 31, 2009 under the Company's development plans. Prior to December 31, 2009, proved undeveloped reserves included only one offsetting development spacing area from a productive well. Additionally, the Company estimated proved reserves using 12 month average pricing as of December 31, 2009 as required by the rules. Previously, rules required the use of year end pricing. The Company's development plans related to scheduled drilling over the next five years are subject to many uncertainties and variables, including availability of capital; future oil and gas prices; and cash flows from operations, future drilling costs, demand for natural gas, and other economic factors.

Additionally, in order to be more consistent with industry practice and to more reasonably estimate future reserves, the Company changed its method of estimating proved reserves to include reserves from properties having a positive net estimated future cash flow using a zero discount rate (PV-0) as opposed to its practice in prior years' reserves estimation methodology of including properties within its proved reserves only if their cash flow was positive using a discount rate of 10% (PV-10). The effect of this change in estimate was to increase reserves by approximately 138 Bcf at December 31, 2009 and is included in extensions, discoveries, and other additions in the following table for the year ended December 31, 2009. The change had no effect on how the Company computes depreciation and

(15) Supplemental Information on Oil and Gas Producing Activities (Unaudited) (Continued)

depletion expense, as it has consistently used reserves calculated at PV-0 for purposes of units-of-production depreciation and depletion calculations.

	Oil and condensate (MMBbl)	Natural gas (Bcf)	Total equivalents (Bcfe)

Notes to Consolidated Financial Statements (Continued)

December 31, 2007, 2008 and 2009

(15) Supplemental Information on Oil and Gas Producing Activities (Unaudited) (Continued)

Significant items included in the categories of proved developed and undeveloped reserve changes for the years 2007, 2008, and 2009 in the above table include:

- *Extensions and Discoveries*—The additions to the Company's proved reserves through new discoveries and extensions result from (i) extensions of the proved acreage of previously discovered reservoirs through additional drilling of development wells and (ii) discovery of new fields with proved reserves through drilling of exploratory wells.
 - 2007—Our successful drilling in the Arkoma and Piceance Basin extended the proved acreage in those areas. As a result of these successes, we accelerated our forecasted drilling plans by approximately \$106 million. Of the 168.6 Bcfe of 2007 extensions and discoveries, 42.6 Bcfe related to the Arkoma Basin and 126.0 Bcfe related to the Piceance Basin.
 - 2008—Of the 474.6 Bcfe of 2008 extensions and discoveries, 265.2 Bcfe related to the Arkoma Basin, 197.7 Bcfe related to the Piceance Basin, and 11.7 Bcfe related to our other areas. The increase in extensions and discoveries is the result of our drilling exceeding expected 2008 future drilling costs by \$115 million.
 - 2009—Of the 627.8 Bcfe of 2009 extensions and discoveries, 280.0 Bcfe related to the Arkoma Basin in Oklahoma, 199.9 Bcfe related to the Piceance Basin in Colorado, 116.6 Bcfe related to the Appalachia Basin in Pennsylvania and West Virginia, and 31.3 related to our other areas. The increase in extensions and discoveries is the result of entering into the Marcellus Shale play in the Appalachia Basin, drilling exceeding expected 2009 future drilling costs by \$173 million, and the change in estimating proved reserves.

- *Revisions Other Than Price*—The 2007 total included performance revisions primarily in the Arkoma Basin.

The following table sets forth the standardized measure of the discounted future net cash flows attributable to our proved reserves. Future cash inflows as of December 31, 2009 were computed by applying historical 12-month unweighted first-day of the month average prices. Future cash inflows as of December 31, 2007 and 2008 were computed by applying year-end prices of oil and gas to estimated future production of proved reserves. The estimated effect of this change in the method of pricing proved reserves was to decrease the standardized measure of the discounted future net cash flows attributable to our proved reserves by approximately \$1.2 billion at December 31, 2009. Future prices actually received may materially differ from current prices or the prices used in the standardized measure.

ANTERO RESOURCES LLC

Notes to Consolidated Financial Statements (Continued)

December 31, 2007, 2008 and 2009

(15) Supplemental Information on Oil and Gas Producing Activities (Unaudited) (Continued)

Future production and development costs represent the estimated future expenditures (based on current costs) to be incurred in developing and producing the proved reserves, assuming continuation of existing economic conditions. Future income tax expenses were computed by applying statutory income tax rates to the difference between pretax net cash flows relating to our proved reserves and the tax basis of proved oil and gas properties. In addition, the effects of statutory depletion in excess of tax basis, available net operating loss carryforwards, and alternative minimum tax credits were used in computing future income tax expense. The resulting annual net cash inflows were then discounted using a 10% annual rate.

	Year ended December 31		
	2007	2008	2009
	(In millions)		
Future cash inflows	\$ 1,549	2,931	3,571
Future production costs	(303)	(599)	(820)
Future development costs	(273)	(637)	(1,389)
Future net cash flows before income tax	973	1,695	1,362
Future income tax expense	(162)	(268)	(60)
Future net cash flows	811	1,427	1,302
10% annual discount for estimated timing of cash flows	(379)	(738)	(1,067)
Standardized measure of discounted future net cash flows	\$ 432	689	235

The 12-month weighted average prices for the year ended December 31, 2009 and the year-end spot prices used to estimate the Company's total equivalent reserves were as follows:

	Arkoma	Piceance	Appalachia
	per MMBtu		
December 31, 2006 (spot price)	\$ 5.27	4.46	—
December 31, 2007 (spot price)	6.22	6.04	—
December 31, 2008 (spot price)	4.61	4.61	—
December 31, 2009 (average price)	3.25	3.07	4.15

PART II

INFORMATION NOT REQUIRED IN PROSPECTUS

Item 20. Indemnification of Directors and Officers.

Antero Resources Finance Corporation (the "Company") is incorporated in Delaware. Section 145 of the Delaware General Corporation Law ("DGCL") provides that a corporation may indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding whether civil, criminal, administrative or investigative (other than an action by or in the right of the corporation) by reason of the fact that he is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by him in connection with such action, suit or proceeding if he acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his conduct was unlawful. Section 145 further provides that a corporation similarly may indemnify any such person serving in any such capacity who was or is a party or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of the corporation to procure a judgment in its favor by reason of the fact that he is or was a director, officer, employee or agent of the corporation or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against expenses (including attorneys' fees) actually and reasonably incurred in connection with the defense or settlement of such action or suit if he acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the corporation and except that no indemnification shall be made in respect of any claim, issue or matter as to which such person shall have been adjudged to be liable to the corporation unless and only to the extent that the Delaware Court of Chancery or such other court in which such action or suit was brought shall determine upon application that, despite the adjudication of liability but in view of all of the circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses which the Delaware Court of Chancery or such other court shall deem proper.

The Company's certificate of incorporation provides that indemnification shall be to the fullest extent permitted by the DGCL for all current or former directors or officers of the Company. As permitted by the DGCL, the Company's certificate of incorporation provides that directors of the Company shall have no personal liability to the Company or its stockholders for monetary damages for breach of fiduciary duty as a director, except (1) for any breach of the director's duty of loyalty to the Company or its stockholders, (2) for acts or omissions not in good faith or which involve intentional misconduct or knowing violation of law, (3) under Section 174 of the DGCL or (4) for any transaction from which a director derived an improper personal benefit.

Item 21. Exhibits and Financial Statement Schedules.

(a) The following documents are filed as exhibits to this Registration Statement.

(b) Financial Data Schedules.

Schedules are omitted because they either are not required or are not applicable or because equivalent information has been included in the financial statements, the notes thereto or elsewhere herein.

Item 22. Undertakings.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrants, we have been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of a registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, such registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

Each registrant hereby undertakes:

To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

- (a) to include any prospectus required by section 10(a)(3) of the Securities Act of 1933;
- (b) to reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed

[Table of Contents](#)

that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and

- (c) to include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.

That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser, if such registrant is subject to Rule 430C, each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A, shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use.

That, for the purpose of determining liability of such registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, in a primary offering of securities of such registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

- (a) any preliminary prospectus or prospectus of the undersigned registrants relating to the offering required to be filed pursuant to Rule 424;
- (b) any free writing prospectus relating to the offering prepared by or on behalf of such registrant or used or referred to by the undersigned registrants;
- (c) the portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrants or their securities provided by or on behalf of such registrant; and
- (d) any other communication that is an offer in the offering made by such registrant to the purchaser.

That, for purposes of determining any liability under the Securities Act of 1933, each filing of a registrant annual report pursuant to section 13(a) or section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities

offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

To deliver or cause to be delivered with the prospectus, to each person to whom the prospectus is sent or given, the latest annual report to security holders that is incorporated by reference in the prospectus and furnished pursuant to and meeting the requirements of Rule 14a-3 or Rule 14c-3 under the Securities Exchange Act of 1934; and, where interim financial information required to be presented by Article 3 of Regulation S-X are not set forth in the prospectus, to deliver, or cause to be delivered to each person to whom the prospectus is sent or given, the latest quarterly report that is specifically incorporated by reference in the prospectus to provide such interim financial information.

To respond to requests for information that is incorporated by reference into the prospectus pursuant to Items 4, 10(b), 11, or 13 of this Form, within one business day of receipt of such request, and to send the incorporated documents by first class mail or other equally prompt means. This includes information contained in documents filed subsequent to the effective date of the registration statement through the date of responding to the request.

To supply by means of a post-effective amendment all information concerning a transaction, and the company being acquired involved therein, that was not the subject of and included in the registration statement when it became effective.

THIS THIRD AMENDED AND RESTATED CREDIT AGREEMENT dated as of January 14, 2009, among ANTERO RESOURCES CORPORATION, a Delaware corporation ("*Antero*"), ANTERO RESOURCES MIDSTREAM CORPORATION, a Delaware corporation ("*Antero Midstream*"), ANTERO RESOURCES PICEANCE CORPORATION, a Delaware corporation ("*Antero Piceance*"), ANTERO RESOURCES PIPELINE CORPORATION, a Delaware corporation ("*Antero Pipeline*"), and ANTERO RESOURCES APPALACHIAN CORPORATION, a Delaware corporation ("*Antero Appalachian*" and, together with Antero, Antero Midstream, Antero Piceance and Antero Pipeline, each a "*Borrower*" and collectively, the "*Borrowers*"), CERTAIN SUBSIDIARIES OF BORROWERS, as Guarantors, the LENDERS party hereto, JPMORGAN CHASE BANK, N.A., as Administrative Agent, BNP PARIBAS and BANK OF SCOTLAND plc, as Co-Syndication Agents and UNION BANK OF CALIFORNIA, N.A., as Documentation Agent.

The parties hereto agree as follows:

Article I

Definitions

Section 1.01. *Defined Terms.* As used in this Agreement, the following terms have the meanings specified below:

"*ABR*", when used in reference to any Loan or Borrowing, refers to whether such Loan, or the Loans comprising such Borrowing, are bearing interest at a rate determined by reference to the Alternate Base Rate.

"*Acquisition*" means, the acquisition by any Credit Party or any Restricted Subsidiary, whether by purchase, merger (and, in the case of a merger with any such Person, with such Person being the surviving corporation) or otherwise, of all or substantially all of the Equity Interest of, or the business, property or fixed assets of or business line or unit or a division of, any other Person primarily engaged in the business of exploring for, producing, transporting, processing and storing Crude Oil or Natural Gas or the acquisition by any Credit Party or any Restricted Subsidiary of property or assets consisting of Oil and Gas Interests.

"*Act*" has the meaning assigned to such term in Section 11.14.

"*Adjusted LIBO Rate*" means, with respect to any Eurodollar Borrowing for any Interest Period, an interest rate per annum (rounded upwards, if necessary, to the next $\frac{1}{16}$ th of 1%) equal to (a) the LIBO Rate for such Interest Period multiplied by (b) the Statutory Reserve Rate.

"*Administrative Agent*" means JPMorgan Chase Bank, N.A., in its capacity as contractual representative of the Lenders hereunder pursuant to Article X and not in its individual capacity as a Lender, and any successor agent appointed pursuant to Article X.

"*Administrative Questionnaire*" means an Administrative Questionnaire in a form supplied by the Administrative Agent.

"*Affiliate*" means, with respect to a specified Person, another Person that directly, or indirectly through one or more intermediaries, Controls or is Controlled by or is under common Control with the Person specified.

"*Aggregate Commitment*" means the amount equal to the lesser of (a) the Maximum Facility Amount and (b) the Borrowing Base then in effect, as such amount may be (i) reduced or increased from time to time as a result of changes in the Borrowing Base pursuant to Article III, and (ii) reduced from time to time as a result of changes in the Maximum Facility Amount pursuant to Section 2.02.

"Aggregate Credit Exposure" means, as of any date of determination, the sum of the outstanding principal amount of the Loans of all Lenders as of such date, plus the aggregate LC Exposure of all Lenders as of such date.

"Aggregate Unused Commitment" at any time shall equal the sum of the Unused Commitments of all the Lenders at such time.

"Agreement" means this Third Amended and Restated Credit Agreement, dated as of January 14, 2009 as it may be amended, supplemented or otherwise modified from time to time.

"Alternate Base Rate" means, for any day, a rate per annum equal to the greatest of (a) the Prime Rate in effect on such day, (b) the Federal Funds Effective Rate in effect on such day plus $\frac{1}{2}$ of 1%, and (c) the LMIR on such day plus 1.125%. Any change in the Alternate Base Rate due to a change in the Prime Rate, the Federal Funds Effective Rate or the LMIR shall be effective from and including the effective date of such change in the Prime Rate, the Federal Funds Effective Rate or the LMIR, respectively.

"Antero" has the meaning assigned to such term in the preamble to this Agreement.

"Antero Appalachian" has the meaning assigned to such term in the preamble to this Agreement.

"Antero Midstream" has the meaning assigned to such term in the preamble to this Agreement.

"Antero Piceance" has the meaning assigned to such term in the preamble to this Agreement.

"Antero Pipeline" has the meaning assigned to such term in the preamble to this Agreement.

"Applicable Percentage" means, with respect to any Lender at any time, the percentage of the Aggregate Commitment represented by such Lender's Commitment at such time. The initial amount of each Lender's Applicable Percentage is as set forth on Schedule 1.01 or in the Assignment and Assumption pursuant to which such Lender shall have assumed or agreed to provide its Commitment, as applicable. If the Aggregate Commitment has terminated or expired, the Applicable Percentages shall be determined based upon the Aggregate Commitment most recently in effect, giving effect to any assignments.

"Applicable Rate" means, for any day, with respect to any ABR Loan or Eurodollar Loan, as the case may be, the applicable rate per annum set forth below under the caption "ABR Spread" or "Eurodollar Spread", as the case may be, based upon the Borrowing Base Usage applicable on such date:

<u>Borrowing Base Usage:</u>	<u>ABR Spread</u>	<u>Eurodollar Spread</u>
Equal to or greater than 90%	2.00%	3.00%
Equal to or greater than 75% and less than 90%	1.50%	2.50%
Equal to or greater than 50% and less than 75%	1.25%	2.25%
Less than 50%	1.00%	2.00%

Each change in the Applicable Rate shall apply during the period commencing on the effective date of such change and ending on the date immediately preceding the effective date of the next change.

"Approved Counterparty" means, at any time and from time to time, (i) any Person engaged in the business of writing Hedging Contracts for commodity, interest rate or currency risk that has (or the credit support provider of such Person has), at the time any Borrower or any Restricted Subsidiary enters into a Hedging Contract with such Person, a long term senior unsecured debt

credit rating of A or better from S&P or A2 or better from Moody's and (ii) any Lender Counterparty.

"*Approved Fund*" has the meaning assigned to such term in Section 11.04.

"*Approved Petroleum Engineer*" means Ryder Scott Company, L.P., DeGolyer & MacNaughton or any other reputable firm of independent petroleum engineers selected by the Borrower Representative and reasonably acceptable to the Administrative Agent and the Required Lenders.

"*Arranger*" means J.P. Morgan Securities Inc., in its capacities as the sole lead arranger and bookrunner with respect to the transactions contemplated hereby.

"*Assigned Value*" means, with respect to any Borrowing Base Properties, the value assigned to such Borrowing Base Properties (a) in the Initial Borrowing Base for any date of determination during the period from the Effective Date until the first Redetermination after the Effective Date and (b) in the most recent Redetermination of the Borrowing Base for any date of determination during any period thereafter.

"*Assignment and Assumption*" means an assignment and assumption entered into by a Lender and an Eligible Assignee (with the consent of any party whose consent is required by Section 11.04), in the form of Exhibit A or any other form approved by the Administrative Agent.

"*Availability Period*" means the period from and including the Effective Date to but excluding the earlier of the Maturity Date and the date of termination of the Aggregate Commitment.

"*Board*" means the Board of Governors of the Federal Reserve System of the United States of America.

"*Borrower*" and "*Borrowers*" have the meanings assigned to such terms in the preamble to this Agreement, together with their respective successors and permitted assigns.

"*Borrower Representative*" means, initially, Antero and from time to time after the Effective Date, any other Borrower that the Borrowers may designate as its replacement upon written notice to the Administrative Agent.

"*Borrowing*" means Loans of the same Type, made, converted or continued on the same date and, in the case of Eurodollar Loans, as to which a single Interest Period is in effect.

"*Borrowing Base*" means, (a) for the period from the Effective Date until the first Redetermination after the Effective Date, the Initial Borrowing Base and (b) at any time thereafter, an amount equal to the amount determined in accordance with Section 3.02, as the same may be redetermined, adjusted or reduced from time to time pursuant to Section 3.03 and Section 3.04.

"*Borrowing Base Deficiency*" means, as of any date, the amount, if any, by which the Aggregate Credit Exposure on such date exceeds the Borrowing Base in effect on such date; *provided*, that, for purposes of determining the existence and amount of any Borrowing Base Deficiency, obligations under any Letter of Credit will not be deemed to be outstanding to the extent such obligations are secured by cash in the manner contemplated by Section 2.06(j).

"*Borrowing Base Period*" has the meaning assigned to such term in Section 7.05(f).

"*Borrowing Base Properties*" means the Oil and Gas Interests and Midstream Assets which have been evaluated by the Lenders and to which Lenders have given value for purposes of establishing the Borrowing Base; *provided* that any value assigned to Midstream Assets owned by any Subsidiary that is not a wholly-owned Subsidiary of the Borrowers shall be adjusted to reflect the Borrowers' percentage ownership of the common Equity Interests of such Subsidiary.

"*Borrowing Base Usage*" means, as of any date and for all purposes, the quotient, expressed as a percentage, of (i) the Aggregate Credit Exposure as of such date, *divided by* (ii) the Borrowing Base as of such date.

"*Borrowing Request*" means a request by the Borrower Representative for a Borrowing in accordance with Section 2.05.

"*Business Day*" means any day that is not a Saturday, Sunday or other day on which commercial banks in Chicago, Illinois or the State of Colorado are authorized or required by law to remain closed; *provided* that, when used in connection with a Eurodollar Loan or to determine LMIR, the term "*Business Day*" shall also exclude any day on which banks are not open for dealings in dollar deposits in the London interbank market.

"*Capital Call Amount*" means, as of the end of any fiscal quarter, the aggregate amount of unsatisfied calls by Borrower for equity capital outstanding as of such date or otherwise made by Borrower within fifteen (15) Business Days after such date, to the extent such capital calls are satisfied and paid in cash, by wire transfer or otherwise, within thirty (30) days after the end of such fiscal quarter.

"*Capital Lease Obligations*" of any Person means the obligations of such Person to pay rent or other amounts under any lease of (or other arrangement conveying the right to use) real or personal property, or a combination thereof, which obligations are required to be classified and accounted for as capital leases on a balance sheet of such Person under GAAP, and the amount of such obligations shall be the capitalized amount thereof determined in accordance with GAAP.

"*Cash Collateral Account*" has the meaning assigned to such term in Section 2.06(j).

"*Cash Management Obligations*" means, with respect to any Borrower or Restricted Subsidiary, any obligations of such Person owed to U.S Bank National Association or any other Lender or Affiliate of any Lender in respect of treasury management arrangements, depository or other cash management services, including any treasury management line of credit, in each case, to the extent permitted under Section 7.01(e).

"*Centrahoma*" means Centrahoma Processing LLC, a Delaware limited liability company.

"*Centrahoma Indebtedness*" means Indebtedness of Centrahoma not to exceed \$5,000,000 in the aggregate at any one time outstanding.

"*Centrahoma Partner*" has the meaning assigned to such term in Section 7.05(e).

"*Centrahoma Reports*" has the meaning assigned to such term in Section 6.01(k).

"*Change in Law*" means (a) the adoption of any law, rule or regulation on the date of this Agreement, (b) any change in any law, rule or regulation or in the interpretation or application thereof by any Governmental Authority after the date of this Agreement or (c) compliance by any Lender or the Issuing Bank (or, for purposes of Section 2.15(b), by any lending office of such Lender or by such Lender's or the Issuing Bank's holding company, if any) with any request, guideline or directive (whether or not having the force of law) of any Governmental Authority made or issued after the date of this Agreement.

"*Change of Control*" means the occurrence of any of the following events: (a) any Person or two or more Persons acting as a group shall acquire beneficial ownership (within the meaning of Rule 13d-3 of the Securities and Exchange Commission under the Securities Act of 1934, as amended, and including holding proxies to vote for the election of directors other than proxies held by any Borrower's management or their designees to be voted in favor of Persons nominated by such Borrower's Board of Directors) of thirty percent (30%) or more of the outstanding voting securities of any Borrower, measured by voting power (including both common stock and any

preferred stock or other equity securities entitling the holders thereof to vote with the holders of common stock in elections for directors of such Borrower), (b) one-third or more of the directors of any Borrower shall consist of Persons not nominated by such Borrower's Board of Directors (not including as Board nominees any directors which the Board is obligated to nominate pursuant to shareholders agreements, voting trust arrangements or similar arrangements), (c) Paul Rady ceases to be Chairman of the Board and Chief Executive Officer of any Borrower and if such cessation is due to his death or disability, he is not replaced by a successor approved by Required Lenders within 90 days after such death or disability occurs, such approval not to be unreasonably withheld, or (d) Glen Warren ceases to be President and Chief Financial Officer of any Borrower and if such cessation is due to his death or disability, he is not replaced by a successor approved by Required Lenders within 90 days after such death or disability occurs, such approval not to be unreasonably withheld.

"*Charges*" has the meaning assigned to such term in Section 11.13.

"*Co-Syndication Agent*" means, so long as it is a Lender, each of BNP Paribas and Bank of Scotland, plc, in its capacity as a Co-Syndication Agent.

"*Code*" means the Internal Revenue Code of 1986, as amended from time to time.

"*Collateral*" means all assets, whether now owned or hereafter acquired by any Credit Party, in which a Lien is granted or purported to be granted to any Secured Party as security for any Obligation.

"*Commitment*" means, at any time with respect to each Lender, the commitment of such Lender to make Loans and to acquire participations in Letters of Credit hereunder, expressed as an amount representing the maximum aggregate amount of such Lender's Credit Exposure hereunder at such time, as such commitment may be (a) reduced or increased from time to time as a result of changes in the Borrowing Base pursuant to Article III, (b) reduced from time to time as a result of changes in the Maximum Facility Amount pursuant to Section 2.02 and (c) reduced or increased from time to time pursuant to assignments by or to such Lender pursuant to Section 11.04. The initial amount of each Lender's Commitment (which amount is such Lender's Applicable Percentage of the Aggregate Commitment) is set forth on Schedule 1.01, or in the Assignment and Assumption pursuant to which such Lender shall have assumed or agreed to provide its Commitment, as applicable.

"*Consolidated*" refers to the consolidation of any Person, in accordance with GAAP, with its properly consolidated Subsidiaries. References herein to a Person's consolidated financial statements, financial position, financial condition, liabilities, etc. refer to the consolidated financial statements, financial position, financial condition, liabilities, etc. of such Person and its properly consolidated Subsidiaries.

"*Consolidated Current Assets*" means, as of any date of determination, the total of (i) the Consolidated current assets of each Borrower and its Restricted Subsidiaries, determined in accordance with GAAP as of such date and calculated on a combined basis, *plus*, the Aggregate Unused Commitment as of such date, *plus* the Capital Call Amount and (ii) *less* any non-cash assets required to be included in Consolidated current assets of any Borrower and the Restricted Subsidiaries as a result of the application of FASB Statement 123R, 133 or 143 as of such date. For purposes of this definition, the calculation of the Aggregate Unused Commitment as of such date shall be made after giving effect to any changes in the Borrowing Base approved by the Lenders (or at least the required percentage thereof) within fifteen (15) days after the end of such fiscal quarter and still in effect at the end of such fifteen (15) day period.

"*Consolidated Current Liabilities*" means, as of any date of determination, the total of (i) Consolidated current liabilities of each Borrower and its Restricted Subsidiaries, as determined

in accordance with GAAP as of such date and calculated on a combined basis, (ii) *less* payments of principal on the Loans required to be repaid within one year from the time of calculation, (iii) *less* any non-cash obligations required to be included in Consolidated current liabilities of any as a result of the application of FASB Statement 123R, 133 or 143 as of such date.

"*Consolidated Current Ratio*" means, as of any date of determination, the ratio of Consolidated Current Assets to Consolidated Current Liabilities as of such date.

"*Consolidated EBITDAX*" means, with respect to any Borrower for any period, the sum of (without duplication) (a) EBITDAX for such Borrower and its Restricted Subsidiaries (other than Centrahoma) on a Consolidated basis for such period *plus* (b) the product of (i) a percent equal to the applicable Borrower's direct or indirect percentage ownership of the common Equity Interests of Centrahoma as of the last day of such period *multiplied* by (ii) the EBITDAX of Centrahoma for such period.

"*Consolidated Funded Indebtedness*" means with respect to any Borrower as of any date, the sum of the following (without duplication): (a) all Indebtedness which is classified as "long-term indebtedness" on a Consolidated balance sheet of such Borrower and its Consolidated Subsidiaries that are Restricted Subsidiaries prepared as of such date in accordance with GAAP and any current maturities and other principal amount in respect of such Indebtedness due within one year but which was classified as "long-term indebtedness" at the creation thereof, (b) Indebtedness for borrowed money of such Borrower and its Consolidated Subsidiaries that are Restricted Subsidiaries outstanding under a revolving credit or similar agreement providing for borrowings (and renewals and extensions thereof) over a period of more than one year, notwithstanding the fact that any such borrowing is made within one year of the expiration of such agreement, (c) all Indebtedness in respect of Capital Lease Obligations of Borrower and its Consolidated Subsidiaries that are Restricted Subsidiaries, and (d) other Indebtedness of such Borrower and its Consolidated Subsidiaries that are Restricted Subsidiaries on which interest accrues (but excluding preferred stock (other than Disqualified Stock)).

"*Consolidated Net Income*" means for any period, the Consolidated net income (or loss) of any Borrower and its Consolidated Subsidiaries that are Restricted Subsidiaries, as applicable, determined in accordance with GAAP; *provided* that there shall be excluded (a) any gain or loss from the sale of assets other than in the ordinary course of business, (b) any non-cash income, gains, losses or charges resulting from the application of FASB Statement 123R, 133 or 143, (c) the income (or deficit) of any Person accrued prior to the date it becomes a Restricted Subsidiary of such Borrower, or is merged into or consolidated with such Borrower or any of its Restricted Subsidiaries, as applicable and (d) the undistributed earnings of any Restricted Subsidiary of such Borrower which is not a Guarantor, to the extent that the declaration or payment of dividends or similar distributions by such Restricted Subsidiary is not at the time permitted by the terms of any contractual obligation (other than under any Loan Document) or by any law applicable to such Restricted Subsidiary.

"*Consolidated Subsidiaries*" means, for any Person, any Subsidiary or other entity the accounts of which would be Consolidated with those of such Person in its Consolidated financial statements in accordance with GAAP.

"*Control*" means the possession, directly or indirectly, of the power to direct or cause the direction of the management or policies of a Person, whether through the ability to exercise voting power, by contract or otherwise. "*Controlling*" and "*Controlled*" have meanings correlative thereto.

"*Counterpart Agreement*" means a Counterpart Agreement substantially in the form of Exhibit C delivered by a Guarantor pursuant to Section 6.12.

"*Credit Exposure*" means, with respect to any Lender at any time, the sum of the outstanding principal amount of such Lender's Loans and its LC Exposure at such time.

"*Credit Parties*" means collectively, each Borrower and each Guarantor and each individually, a "*Credit Party*".

"*Crude Oil*" means all crude oil and condensate.

"*Default*" means any event or condition which constitutes an Event of Default or which upon notice, lapse of time or both would, unless cured or waived, become an Event of Default.

"*Defaulting Lender*" means any Lender, as reasonably determined by the Administrative Agent, that has (a) failed to fund any portion of the Loans or participations in LC Disbursements required to be funded by it hereunder within one Business Day of the date required to be funded by it hereunder, (b) notified the Borrowers, the Administrative Agent, the Issuing Bank or any Lender in writing that it does not intend to comply with any of its funding obligations under this Agreement or has made a public statement to the effect that it does not intend to comply with its funding obligations under this Agreement, (c) otherwise failed to pay over to the Administrative Agent or any other Lender any other amount required to be paid by it hereunder within one Business Day of the date when due, unless the subject of a good faith dispute, or (d) (i) become or is insolvent or has a parent company that has become or is insolvent or (ii) become the subject of a bankruptcy or insolvency proceeding, or has had a receiver, conservator, trustee or custodian appointed for it, or has taken any action in furtherance of, or indicating its consent to, approval of or acquiescence in any such proceeding or appointment or has a parent company that has become the subject of a bankruptcy or insolvency proceeding, or has had a receiver, conservator, trustee or custodian appointed for it, or has taken any action in furtherance of, or indicating its consent to, approval of or acquiescence in any such proceeding or appointment.

"*Disclosed Matters*" means the actions, suits and proceedings and the environmental matters disclosed in Schedule 4.06.

"*Disposition*" means, the disposition by any Borrower or any Restricted Subsidiary, whether by sale, merger, assignment, transfer or otherwise, of all or substantially all of the Equity Interest of any Restricted Subsidiary or of any property or assets consisting of Oil and Gas Interests or Midstream Assets.

"*Disqualified Stock*" means any Equity Interest that, by its terms (or by the terms of any security into which it is convertible or for which it is exchangeable) or upon the happening of any event, matures or is mandatorily redeemable for any consideration other than other Equity Interests (which would not constitute Disqualified Stock), pursuant to a sinking fund obligation or otherwise, or is convertible or exchangeable for Debt or redeemable for any consideration other than other Equity Interests (which would not constitute Disqualified Stock) at the option of the holder thereof, in whole or in part, on or prior to the date that is one year after the earlier of (a) the Maturity Date and (b) the date on which there are no Loans, LC Exposure or other obligations hereunder outstanding and all of the Commitments are terminated. For the avoidance of doubt, any such Equity Interest redeemable solely by (a) the sale of assets or (b) a Change of Control does not constitute Disqualified Stock.

"*Documentation Agent*" means, so long as it is a Lender, Union Bank of California, N.A., in its capacity as a Documentation Agent.

"*Dollars*" or "\$" refers to lawful money of the United States of America.

"*Domestic Subsidiary*" means, with respect to any Person, a subsidiary of such Person that is incorporated or formed under the laws of the United States of America, any state thereof or the District of Columbia.

"*EBITDAX*" means, with respect to any Person for any period, Consolidated Net Income for such period; *plus* without duplication and to the extent deducted in the calculation of Consolidated Net Income for such period, the sum of (a) any provision from (or less any benefit from) income or franchise Taxes; (b) Consolidated interest expense (as determined in accordance with GAAP and including the interest component of Capital Lease Obligations) deducted in determining Consolidated Net Income; (c) amortization, depletion, depreciation and exploration expense; (d) any non-cash losses, expenses, impairments or charges (including losses arising from ceiling test writedowns and excluding accruals of or reserves for cash charges for any future period); *provided* that cash payments made during such period or in any future period in respect of non-cash charges, expenses or losses, other than any such excluded charge, expense or loss described in the parenthetical to this clause (d) shall be subtracted from Consolidated Net Income in calculating EBITDAX for the period in which such payments are made; *minus*, to the extent included in the calculation of Consolidated Net Income, (e) the sum of (i) interest income, (ii) any extraordinary income or gains; and (iii) any other non-cash income or gain (excluding any items that represent the reversal of any accrual of, or cash reserve for, anticipated cash charges in any prior period that are described in clause (d) above); *provided* that, with respect to the determination of any Borrower's compliance with the leverage ratio set forth in Section 7.12 for any period, EBITDAX for such period shall be adjusted to give effect, on a pro forma basis and consistent with GAAP, to any Acquisitions or Dispositions made during such period as if such Acquisition or Disposition, as the case may be, was made at the beginning of such period.

"*Effective Date*" means the date on which the conditions specified in Section 5.01 are satisfied (or waived in accordance with Section 11.02).

"*Election Date*" has the meaning assigned to such term in Section 2.11(a).

"*Eligible Assignee*" means any Person that qualifies as an assignee pursuant to Section 11.04(b)(i); *provided* that, notwithstanding the foregoing, "Eligible Assignee" shall not include (i) any Borrower or any of the Borrowers' Affiliates or Subsidiaries or (ii) any Person organized outside the United States if any Borrower would be required to pay withholding taxes on interest or principal owed to such Person.

"*Engineered Value*" means, the value attributed to the Borrowing Base Properties for purposes of the most recent Redetermination of the Borrowing Base pursuant to Article III (or for purposes of determining the Initial Borrowing Base in the event no such Redetermination has occurred), based upon the discounted present value of the estimated net cash flow to be realized from the production of Hydrocarbons from the Borrowing Base Properties as set forth in the Reserve Report.

"*Environmental Laws*" means all laws, rules, regulations, codes, ordinances, orders, decrees, judgments, injunctions, legally enforceable directives or binding agreements issued, promulgated or entered into by any Governmental Authority, relating in any way to the environment, preservation or reclamation of natural resources, the management, release or threatened release of any Hazardous Material or to human health and safety matters.

"*Environmental Liability*" means any liability, contingent or otherwise (including any liability for damages, costs of environmental remediation, fines or penalties), of any Credit Party directly or indirectly resulting from or arising out of (a) violation of any Environmental Law, (b) the generation, use, handling, transportation, storage, treatment or disposal of any Hazardous Materials, (c) exposure to any Hazardous Materials, (d) the release or threatened release of any Hazardous Materials into the environment or (e) any written contract or agreement pursuant to which liability is assumed or imposed with respect to any of the foregoing in clauses (a) through (d) above.

"*Equity Interests*" means shares of capital stock, partnership interests, membership interests in a limited liability company, beneficial interests in a trust or other equity ownership interests in a Person, and any warrants, options or other rights entitling the holder thereof to purchase or acquire any such equity interest.

"*ERISA*" means the Employee Retirement Income Security Act of 1974, as amended from time to time.

"*ERISA Affiliate*" means any trade or business (whether or not incorporated) that, together with any Credit Party, is treated as a single employer under Section 414(b) or (c) of the Code or, solely for purposes of Section 302 of ERISA and Section 412 of the Code, is treated as a single employer under Section 414 of the Code.

"*ERISA Event*" means (a) any "reportable event", as defined in Section 4043 of ERISA or the regulations issued thereunder with respect to a Plan (other than an event for which the 30-day notice period is waived); (b) the failure of any Plan to meet the minimum funding standards under Section 412 of the Code or Section 302 of ERISA; (c) the filing pursuant to Section 412(c) of the Code or Section 302(c) of ERISA of an application for a waiver of the minimum funding standard with respect to any Plan; (d) the incurrence by any Credit Party or any of its ERISA Affiliates of any liability under Title IV of ERISA with respect to the termination of any Plan; (e) the receipt by any Credit Party or any ERISA Affiliate from the PBGC or a plan administrator of any notice relating to an intention to terminate any Plan or Plans or to appoint a trustee to administer any Plan; (f) the incurrence by any Credit Party or any of its ERISA Affiliates of any liability with respect to the withdrawal or partial withdrawal from any Plan or Multiemployer Plan; or (g) the receipt by any Credit Party or any ERISA Affiliate of any notice, or the receipt by any Multiemployer Plan from any Credit Party or any ERISA Affiliate of any notice, concerning the imposition of Withdrawal Liability or a determination that a Multiemployer Plan to which any Credit Party or ERISA Affiliate is obligated to contribute is, or is expected to be, insolvent or in reorganization, within the meaning of Title IV of ERISA.

"*Eurodollar*", when used in reference to any Loan or Borrowing, refers to whether such Loan, or the Loans comprising such Borrowing, are bearing interest at a rate determined by reference to the Adjusted LIBO Rate.

"*Event of Default*" has the meaning assigned to such term in Article IX.

"*Excluded Taxes*" means, with respect to the Administrative Agent, any Lender, the Issuing Bank or any other recipient of any payment to be made by or on account of any obligation of the Borrowers hereunder, (a) income or franchise taxes imposed on (or measured by) its net income by the United States of America, or by the jurisdiction under the laws of which such recipient is organized or in which its principal office is located or, in the case of any Lender, in which its applicable lending office is located, (b) any branch profits taxes imposed by the United States of America or any similar tax imposed by any other jurisdiction in which any Borrower is located and (c) in the case of a Foreign Lender (other than an assignee pursuant to a request by the Borrower Representative under Section 2.19(b)), any withholding tax that is imposed on amounts payable to such Foreign Lender at the time such Foreign Lender becomes a party to this Agreement (or designates a new lending office) or is attributable to such Foreign Lender's failure to comply with Section 2.17(e), except to the extent that such Foreign Lender (or its assignor, if any) was entitled, at the time of designation of a new lending office (or assignment), to receive additional amounts from the Borrowers with respect to such withholding tax pursuant to Section 2.17(a).

"*Existing Hedging Contracts*" means any Hedging Contracts entered into between any Credit Party and any Lender Counterparty prior to the Effective Date and in effect on the Effective Date.

"*FASB*" means Financial Accounting Standards Board.

"*Federal Funds Effective Rate*" means, for any day, the weighted average (rounded upwards, if necessary, to the next ¹/₁₀₀ of 1%) of the rates on overnight Federal funds transactions with members of the Federal Reserve System arranged by Federal funds brokers, as published on the next succeeding Business Day by the Federal Reserve Bank of New York, or, if such rate is not so published for any day that is a Business Day, the average (rounded upwards, if necessary, to the next ¹/₁₀₀ of 1%) of the quotations for such day for such transactions received by the Administrative Agent from three Federal funds brokers of recognized standing selected by it.

"*Fee Letter*" means that certain fee letter agreement, dated December 2, 2008, among the Borrowers, the Administrative Agent and the Arranger.

"*Financial Officer*" means the chief financial officer, principal accounting officer, treasurer or controller of any Credit Party.

"*Foreign Lender*" means any Lender that is organized under the laws of a jurisdiction other than that in which any Credit Party is located. For purposes of this definition, the United States of America, each State thereof and the District of Columbia shall be deemed to constitute a single jurisdiction.

"*GAAP*" means generally accepted accounting principles in the United States of America.

"*Gas Balancing Agreement*" means any agreement or arrangement whereby any Borrower or any Restricted Subsidiary has a right to take more than its proportionate share of production from Oil and Gas Interests in which any Borrower or any Restricted Subsidiary owns an interest.

"*Governmental Authority*" means the government of the United States of America, any other nation or any political subdivision thereof, whether state or local, and any agency, authority, instrumentality, regulatory body, court, central bank or other entity properly exercising executive, legislative, judicial, taxing, regulatory or administrative powers or functions of or pertaining to government.

"*Guarantee*" of or by any Person (in this definition, the "*guarantor*") means any obligation, contingent or otherwise, of the guarantor guaranteeing or having the economic effect of guaranteeing any Indebtedness of any other Person (the "*primary obligor*") in any manner, whether directly or indirectly, and including any obligation of the guarantor, direct or indirect, (a) to purchase or pay (or advance or supply funds for the purchase or payment of) such Indebtedness or other obligation or to purchase (or to advance or supply funds for the purchase of) any security for the payment thereof, (b) to purchase or lease property, securities or services for the purpose of assuring the owner of such Indebtedness or other obligation of the payment thereof, (c) to maintain working capital, equity capital or any other financial statement condition or liquidity of the primary obligor so as to enable the primary obligor to pay such Indebtedness or other obligation or (d) as an account party in respect of any letter of credit or letter of guaranty issued to support such Indebtedness or obligation; *provided*, that the term Guarantee shall not include endorsements for collection or deposit in the ordinary course of business.

"*Guaranteed Liabilities*" has the meaning assigned to such term in Section 8.01.

"*Guarantor*" means each Borrower (with respect to the Obligations of the other Borrowers), and each Restricted Subsidiary (other than Centrahoma) that is a party hereto or hereafter executes and delivers to the Administrative Agent and the Lenders, a Counterpart Agreement pursuant to Section 6.12 or otherwise.

"*Hazardous Materials*" means any substances regulated under any Environmental Law, whether as pollutants, contaminants, chemicals, industrial, toxic or hazardous substances or otherwise.

"*Hedge Modification*" has the meaning assigned to such term in Section 7.03(d).

"*Hedging Contract*" means any agreement with respect to any swap, forward, future or derivative transaction or option or similar agreement involving, or settled by reference to, one or more rates, currencies, commodities, equity or debt instruments or securities, or economic, financial or pricing indices or measures of economic, financial or pricing risk or value or any similar transaction or any combination of these transactions; *provided* that no phantom stock or similar plan providing for payments only on account of services provided by current or former directors, officers, employees or consultants of the Credit Parties shall be a Hedging Contract. Notwithstanding anything to the contrary contained in this Agreement, a Purchase and Transportation Contract shall not constitute a Hedging Contract for purposes of this Agreement.

"*Hydrocarbons*" means all Crude Oil and Natural Gas produced from or attributable to the Oil and Gas Interests of the Credit Parties.

"*Indebtedness*" of any Person means, without duplication, (a) all obligations for borrowed money or evidenced by a bond, debenture, note or similar instrument, (b) all accounts payable and all accrued expenses, liabilities or other obligations to pay the deferred purchase price of property or services, (c) all obligations or liabilities which (i) would under GAAP be shown on such Person's balance sheet as a liability, and (ii) are payable more than one year from the date of creation or incurrence thereof (other than reserves for taxes and reserves for contingent obligations); (d) all obligations or liabilities arising under Hedging Contracts (on a net basis to the extent netting is provided for in the applicable Hedging Contract), including any deferred premium obligations with respect to floors; (e) all Capital Lease Obligations; (f) all obligations or liabilities arising under conditional sales or other title retention agreements; (g) all obligations or liabilities owing under direct or indirect guaranties of obligations of any other Person or otherwise constituting obligations to purchase or acquire or to otherwise protect or insure a creditor against loss in respect of obligations of any other Person (such as obligations under working capital maintenance agreements, agreements to keep-well, or agreements to purchase liabilities, assets, goods, securities or services), but excluding endorsements in the ordinary course of business of negotiable instruments in the course of collection; (h) all obligations (for example, repurchase agreements, mandatorily redeemable preferred stock (but not accrued dividends on preferred stock), and sale/leaseback agreements) consisting of an obligation to purchase or redeem securities or other property, if such obligations arise out of or in connection with the sale or issuance of the same or similar securities or property; (i) all obligations or liabilities with respect to letters of credit or applications or reimbursement agreements therefore; (j) all obligations or liabilities with respect to banker's acceptances; (k) all obligations or liabilities with respect to payments received in consideration of oil, gas or other minerals yet to be acquired or produced at the time of payment (including obligations under "take-or-pay" contracts to deliver gas in return for payments already received and the undischarged balance of any production payment created by such Person or for the creation of which such Person directly or indirectly received payment) or (l) all obligations or liabilities with respect to other obligations to deliver goods or services in consideration of advance payments therefore; *provided*, however, that the "Indebtedness" of any Person shall not include obligations or liabilities that were incurred by such Person on ordinary trade terms to vendors, suppliers, or other Persons providing goods and services for use by such Person in the ordinary course of its business, unless and until such obligations or liabilities are outstanding more than ninety (90) days past the original invoice or billing date therefor.

"*Indemnified Taxes*" means Taxes other than Excluded Taxes.

"*Indemnitee*" has the meaning assigned to such term in Section 11.03(b).

"*Information*" has the meaning assigned to such term in Section 11.12.

"*Initial Borrowing Base*" has the meaning assigned to such term in Section 3.01.

"*Intercreditor Agreement*" means that certain Intercreditor Agreement dated April 12, 2007, among the Administrative Agent, the Term Agent, the Borrowers (other than Antero Appalachian) and each Guarantor evidencing the subordination of the Liens securing the Term Facility to the Liens securing the Obligations, as amended, supplemented or otherwise modified from time to time.

"*Interest Election Request*" means a request by the Borrower Representative to convert or continue a Borrowing in accordance with Section 2.08.

"*Interest Payment Date*" means (a) with respect to any ABR Loan, the last day of each calendar quarter, and (b) with respect to any Eurodollar Loan, the last day of the Interest Period applicable to the Borrowing of which such Loan is a part and, in the case of a Eurodollar Borrowing with an Interest Period of more than three months' duration, each day prior to the last day of such Interest Period that occurs at intervals of three months' duration after the first day of such Interest Period.

"*Interest Period*" means with respect to any Eurodollar Borrowing, the period commencing on the date of such Borrowing and ending on the numerically corresponding day in the calendar month that is one, two, three, six or, if available, twelve months thereafter, as the Borrowers may elect; *provided*, that (i) if any Interest Period would end on a day other than a Business Day, such Interest Period shall be extended to the next succeeding Business Day unless, in the case of a Eurodollar Borrowing only, such next succeeding Business Day would fall in the next calendar month, in which case such Interest Period shall end on the next preceding Business Day and (ii) any Interest Period that commences on the last Business Day of a calendar month (or on a day for which there is no numerically corresponding day in the last calendar month of such Interest Period) shall end on the last Business Day of the last calendar month of such Interest Period. For purposes hereof, the date of a Borrowing initially shall be the date on which such Borrowing is made and thereafter shall be the effective date of the most recent conversion or continuation of such Borrowing.

"*Issuing Bank*" means JPMorgan Chase Bank, N.A., in its capacity as the issuer of Letters of Credit hereunder, and its successors in such capacity as provided in Section 2.06(i). The Issuing Bank may, in its discretion, arrange for one or more Letters of Credit to be issued by Affiliates of the Issuing Bank, in which case the term "Issuing Bank" shall include any such Affiliate with respect to Letters of Credit issued by such Affiliate.

"*Law*" means any statute, law, regulation, ordinance, rule, treaty, judgment, order, decree, permit, concession, franchise, license, agreement or other governmental restriction of the United States or any state or political subdivision thereof or of any foreign country or any department, province or other political subdivision thereof. Any reference to a Law includes any amendment or modification to such Law, and all regulations, rulings, and other Laws promulgated under such Law.

"*LC Disbursement*" means a payment made by the Issuing Bank pursuant to a Letter of Credit.

"*LC Exposure*" means, at any time, the sum of (a) the aggregate undrawn amount of all outstanding Letters of Credit at such time plus (b) the aggregate amount of all LC Disbursements that have not yet been reimbursed by or on behalf of the Borrowers at such time. The LC Exposure of any Lender at any time shall be its Applicable Percentage of the total LC Exposure at such time.

"*Lender Counterparty*" means any Lender or any Affiliate of a Lender counterparty to a Hedging Contract with any Credit Party including any Person that was, but thereafter ceased to be, a Lender or Affiliate of a Lender but only to the extent of the obligations of any Credit Party to

such Person pursuant to a Hedge Contract entered into at the time such Person was a Lender or Affiliate of a Lender.

"*Lender Hedging Obligations*" means all obligations arising from time to time under Hedging Contracts entered into from time to time between any Credit Party and a Lender Counterparty (including any such obligations under any Existing Hedging Contracts); *provided* that if such Lender Counterparty ceases to be a Lender hereunder or an Affiliate of a Lender hereunder, Lender Hedging Obligations shall only include such obligations to the extent arising from transactions entered into at the time such Lender Counterparty was a Lender hereunder or an Affiliate of a Lender hereunder.

"*Lenders*" means the Persons listed on Schedule 1.01 and any other Person that shall have become a party hereto pursuant to an Assignment and Assumption, other than any such Person that ceases to be a party hereto pursuant to an Assignment and Assumption.

"*Letter of Credit*" means any letter of credit issued pursuant to this Agreement and, to the extent outstanding on the Effective Date, any letter of credit issued under the Original Credit Agreement and any renewals thereof after the Effective Date.

"*Leverage Ratio*" has the meaning assigned to such term in Section 7.12.

"*LIBO Rate*" means, with respect to any Eurodollar Borrowing for any Interest Period, the rate appearing on Reuters BBA Libor Rates Page 3750 (or on any successor or substitute page of such service, or any successor to or substitute for such service, providing rate quotations comparable to those currently provided on such page of such service, as determined by the Administrative Agent from time to time for purposes of providing quotations of interest rates applicable to dollar deposits in the London interbank market) at approximately 11:00 a.m., London time, two (2) Business Days prior to the commencement of such Interest Period, as the rate for dollar deposits with a maturity comparable to such Interest Period. In the event that such rate is not available at such time for any reason, then the "*LIBO Rate*" with respect to such Eurodollar Borrowing for such Interest Period shall be the rate at which dollar deposits of \$5,000,000 and for a maturity comparable to such Interest Period are offered by the principal London office of the Administrative Agent in immediately available funds in the London interbank market at approximately 11:00 a.m., London time, two (2) Business Days prior to the commencement of such Interest Period.

"*Lien*" means, with respect to any asset, (a) any mortgage, deed of trust, lien, pledge, hypothecation, encumbrance, charge or security interest in, on or of such asset, (b) the interest of a vendor or a lessor under any conditional sale agreement, capital lease or title retention agreement (or any financing lease having substantially the same economic effect as any of the foregoing) relating to such asset and (c) in the case of securities, any purchase option, call or similar right of a third party with respect to such securities.

"*LMIR*" means, for any day, a rate per annum equal to the rate for one month U.S. dollar deposits as reported on Reuters BBA Libor Rates Page 3750 as of 11:00 a.m., London time, on such day, or if such day is not a Business Day, then the immediately preceding Business Day (or if not so reported, then any successor to or substitute for such service, providing rate quotations comparable to those currently provided on such page of such service, as determined by the Administrative Agent from time to time for purposes of providing quotations of interest rates applicable to dollar deposits in the London interbank market).

"*Loan Documents*" means this Agreement, any promissory notes executed in connection herewith, the Security Documents, the Letters of Credit (and any applications therefore and reimbursement agreements related thereto), the Fee Letter, the Intercreditor Agreement and any other agreements executed in connection with this Agreement.

"Loans" means the loans made by the Lenders to the Borrowers pursuant to this Agreement.

"Material Adverse Effect" means a material adverse effect on (a) the Borrowers' combined financial condition, (b) the Borrowers' combined business, assets, operations, or prospects, considered as a whole, (c) the Borrowers' ability to timely pay the Obligations, or (d) the enforceability of the material terms of any Loan Documents.

"Material Domestic Subsidiary" means any Domestic Subsidiary that owns or holds assets, properties or interests (including Oil and Gas Interests) with an aggregate fair market value, on a combined basis, greater than five percent (5%) of the aggregate fair market value of all of the assets, properties and interests (including Oil and Gas Interests) of the Borrowers and the Restricted Subsidiaries, on a combined basis.

"Material Gas Imbalance" means, with respect to all Gas Balancing Agreements to which any Borrower or any Restricted Subsidiary is a party or by which any Oil and Gas Interests owned by a Borrower or a Restricted Subsidiary is bound, a net overproduced gas imbalance to Borrowers and the Restricted Subsidiaries, taken as a whole, in excess of \$1,000,000.

"Material Indebtedness" means Term Loans and any other Indebtedness (other than the Loans and Letters of Credit), or obligations in respect of one or more Hedging Contracts, of any Borrower or any one or more of the Restricted Subsidiaries in an aggregate principal amount exceeding \$3,000,000. For purposes of determining Material Indebtedness, the "principal amount" of the obligations of any Credit Party in respect of any Hedging Contract at any time shall be the maximum aggregate amount (giving effect to any netting agreements) that such Credit Party would be required to pay if such Hedging Contract were terminated at such time.

"Maturity Date" means March 15, 2012.

"Maximum Facility Amount" means the amount of \$400,000,000, as such amount may be reduced from time to time pursuant to Section 2.02.

"Maximum Liability" has the meaning assigned to such term in Section 8.10.

"Maximum Rate" has the meaning assigned to such term in Section 11.13.

"Measurement Date" has the meaning assigned in Section 7.03.

"Midstream Assets" means, at any time, the gathering, compression, treating, processing and pipeline assets owned by the Borrowers or any Restricted Subsidiary.

"Midstream Pledge Agreement" means that certain Amended and Restated Pledge Agreement, dated as of the Effective Date, made by Antero Midstream in favor of the Administrative Agent for the benefit of the Secured Parties covering, among other things, the rights and interests of Antero Midstream in the Equity Interest of Centrahoma, as amended, restated, supplemented or otherwise modified from time to time.

"Midstream Report" means each Midstream Report delivered pursuant to Section 6.01(1). Such report shall calculate the net present value of the relevant Midstream Asset by setting forth for each calendar year during the assumed remaining life of such asset by (a) multiplying the projected average daily throughput (based upon Reserve Reports and, to the extent available with respect to Midstream Assets owned by Centrahoma, Centrahoma Reports) and the projected revenue associated with gathering fees, processing fees, compression fees and other revenue generating activities, if any, for such throughput, and (b) deducting therefrom any cash expenditures and taxes (after accounting for depreciation and attributable interest expense).

"Minimum Collateral Amount" means ninety percent (90%) of the Engineered Value of the Borrowing Base Properties included in (a) for the period from the Effective Date until the first

Redetermination after the Effective Date, the Initial Borrowing Base and (b) at anytime thereafter, the most recent Borrowing Base determined pursuant to Section 3.02.

"*Moody's*" means Moody's Investors Service, Inc.

"*Mortgaged Properties*" means the Oil and Gas Interests described in one or more duly executed, delivered and filed Mortgages evidencing a first and prior Lien in favor of the Administrative Agent for the benefit of the Secured Parties and subject only to the Permitted Liens.

"*Mortgages*" means all mortgages, deeds of trust, amendments to mortgages, security agreements, assignments of production, pledge agreements, collateral assignments, financing statements and other documents, instruments and agreements evidencing, creating, perfecting or otherwise establishing the Liens required by Section 6.09. All Mortgages shall be in form and substance reasonably satisfactory to Administrative Agent.

"*Multiemployer Plan*" means a multiemployer plan as defined in Section 4001(a)(3) of ERISA.

"*Natural Gas*" means all natural gas, distillate or sulphur, natural gas liquids and all products recovered in the processing of natural gas (other than condensate) including, without limitation, natural gasoline, coalbed methane gas, casinghead gas, iso-butane, normal butane, propane and ethane (including such methane allowable in commercial ethane).

"*Non-Consenting Lender*" has the meaning assigned to such term in Section 2.19(c).

"*Obligations*" means (a) any and all obligations of every nature, contingent or otherwise, whether now existing or hereafter arising, of any Credit Party from time to time owed to the Administrative Agent, the Issuing Bank, the Lenders or any of them under any Loan Document, whether for principal, interest, reimbursement of amounts drawn under any Letter of Credit, funding indemnification amounts, fees, expenses, indemnification or otherwise, (b) Lender Hedging Obligations and (c) Cash Management Obligations.

"*Oil and Gas Interest(s)*" means: (a) direct and indirect interests in and rights with respect to oil, gas, mineral and related properties and assets of any kind and nature, direct or indirect, including, without limitation, working, royalty and overriding royalty interests, mineral interests, leasehold interests, production payments, operating rights, net profits interests, other non-working interests, contractual interests, non-operating interests and rights in any pooled, unitized or communitized acreage by virtue of such interest being a part thereof; (b) interests in and rights with respect to Hydrocarbons and other minerals or revenues therefrom and contracts and agreements in connection therewith and claims and rights thereto (including oil and gas leases, operating agreements, unitization, communitization and pooling agreements and orders, division orders, transfer orders, mineral deeds, royalty deeds, oil and gas sales, exchange and processing contracts and agreements and, in each case, interests thereunder), and surface interests, fee interests, reversionary interests, reservations and concessions related to any of the foregoing; (c) easements, rights-of-way, licenses, permits, leases, and other interests associated with, appurtenant to, or necessary for the operation of any of the foregoing; (d) interests in oil, gas, water, disposal and injection wells, equipment and machinery (including well equipment and machinery), oil and gas production, gathering, transmission, compression, treating, processing and storage facilities (including tanks, tank batteries, pipelines and gathering systems), pumps, water plants, electric plants, gasoline and gas processing plants, refineries and other tangible or intangible, movable or immovable, real or personal property and fixtures located on, associated with, appurtenant to, or necessary for the operation of any of the foregoing; and (e) all seismic, geological, geophysical and engineering records, data, information, maps, licenses and interpretations.

"Organizational Documents" means (a) with respect to any corporation, its certificate or articles of incorporation or organization, as amended, and its by-laws, as amended, (b) with respect to any limited partnership, its certificate of limited partnership, as amended, and its partnership agreement, as amended, (c) with respect to any general partnership, its partnership agreement, as amended, and (d) with respect to any limited liability company, its certificate of formation or articles of organization, as amended, and its limited liability company agreement or operating agreement, as amended.

"Original Credit Agreement" means that certain Second Amended and Restated Credit Agreement dated June 30, 2006, by and among the Borrowers, the lenders a party thereto and the Administrative Agent, as amended, supplemented or modified prior to the Effective Date.

"Original Loans" means the loans and other extensions of credit outstanding under the Original Credit Agreement as of the Effective Date.

"Other Taxes" means any and all present or future stamp or documentary taxes or any other excise or property taxes, charges or similar levies arising from any payment made hereunder or from the execution, delivery or enforcement of, or otherwise with respect to, this Agreement.

"Participant" has the meaning assigned to such term in Section 11.04.

"Payment Currency" has the meaning assigned to such term in Section 8.07.

"PBGC" means the Pension Benefit Guaranty Corporation referred to and defined in ERISA and any successor entity performing similar functions.

"Permitted Investments" means:

- (a) U.S. Government Securities;
- (b) investments in commercial paper maturing within 270 days from the date of acquisition thereof and having, at such date of acquisition, the highest credit rating obtainable from S&P or from Moody's;
- (c) investments in certificates of deposit, banker's acceptances and time deposits maturing within twelve (12) months from the date of acquisition thereof issued or guaranteed by or placed with, and money market deposit accounts issued or offered by, any domestic office of any commercial bank organized under the laws of the United States of America or any State thereof which has a combined capital and surplus and undivided profits of not less than \$500,000,000 and whose long term certificates of deposit are rated at least Aa3 by Moody's or AA- by S&P;
- (d) fully collateralized repurchase agreements with a term of not more than thirty (30) days for securities described in paragraph (a) above and entered into with a financial institution satisfying the criteria described in paragraph (c) above; and
- (e) money market or other mutual funds substantially all of whose assets comprise securities of the type described in paragraph (a) through (d) above and that (i) comply with the criteria set forth in Securities and Exchange Commission Rule 2a-7 under the Investment Company Act of 1940, (ii) are rated AAA by S&P and Aaa by Moody's and (iii) have portfolio assets of at least \$5,000,000,000.

"Permitted Liens" means:

- (a) statutory Liens for taxes, assessments or other governmental charges or levies which are not yet delinquent or which are being contested in good faith by appropriate action and for which adequate reserves have been maintained in accordance with GAAP;

(b) landlords', operators', carriers', warehousemen's, repairmen's, mechanics', materialmen's or other like Liens which do not secure Indebtedness, in each case only to the extent arising in the ordinary course of business and only to the extent securing obligations which are not delinquent or which are being contested in good faith by appropriate proceedings and for which adequate reserves have been maintained in accordance with GAAP;

(c) minor defects and irregularities in title to any property, so long as such defects and irregularities neither secure Indebtedness nor materially impair the value of such property or the use of such property for the purposes for which such property is held;

(d) deposits of cash or securities to secure the performance of bids, trade contracts, leases, statutory obligations and other obligations of a like nature (excluding appeal bonds) incurred in the ordinary course of business;

(e) Liens under the Security Documents;

(f) with respect only to property subject to any particular Security Document, Liens burdening such property which are expressly allowed by such Security Document;

(g) contractual Liens which arise in the ordinary course of business under operating agreements, joint venture agreements, oil and gas partnership agreements, oil and gas leases, farm-out agreements, division orders, contracts for the sale, transportation or exchange of oil and natural gas, unitization and pooling declarations and agreements, area of mutual interest agreements, overriding royalty agreements, marketing agreements, processing agreements, net profits agreements, development agreements, service agreements, gas balancing or deferred production agreements, injection, repressuring and recycling agreements, salt water or other disposal agreements, seismic or other geophysical permits or agreements, and other agreements which are usual and customary in the oil and gas business and are for claims which are not delinquent or which are being contested in good faith by appropriate action and for which adequate reserves have been maintained in accordance with GAAP, *provided* that any such Lien referred to in this clause does not materially impair the use of the Property covered by such Lien for the purposes for which such Property is held by any Borrowers or any Restricted Subsidiary or materially impair the value of such Property subject thereto;

(h) Liens securing the obligation of any Credit Party with respect to Indebtedness incurred pursuant to Section 7.01(g), *provided* such Liens are subordinate to the Liens under the Security Documents pursuant to the Intercreditor Agreement;

(i) Liens on any property or asset acquired, constructed or improved by any Credit Party, securing Indebtedness permitted under Section 7.01(h), which (a) are in favor of the seller of such property or assets, in favor of the Person developing, constructing, or improving such asset or property, or in favor of the Person that provided the funding for the acquisition, development, construction, repair or improvement cost, as the case may be, of such asset or property, (b) except for any Sale and Leaseback Transaction permitted under Section 7.05(i), are created within 90 days after the acquisition, development, construction, repair or improvement, (c) secure the purchase price or development, construction, repair or improvement cost, as the case may be, of such asset or property in an amount up to 100% of the fair market value of such acquisition, construction or improvement of such asset or property, and (d) are limited to the asset or property so acquired, constructed or improved (including the proceeds thereof, accessions thereto, upgrades thereof and improvements thereto);

(j) Liens reserved in oil and gas mineral leases for bonus or rental payments and for compliance with the terms of such leases;

(k) Liens arising from Uniform Commercial Code financing statement filings regarding operating leases entered into by the Borrowers and the Restricted Subsidiaries in the ordinary course of business;

(l) Liens arising solely by virtue of any statutory or common law provision relating to banker's liens, rights of set-off or similar rights and remedies and burdening only deposit accounts or other funds maintained with a creditor depository institution, *provided* that no such deposit account is a dedicated cash collateral account or is subject to restrictions against access by the depositor in excess of those set forth by regulations promulgated by the Board and no such deposit account is intended by any Borrowers or any Restricted Subsidiary to provide collateral to the depository institution;

(m) easements, restrictions, servitudes, permits, conditions, covenants, exceptions or reservations in any property of any Borrowers or any Restricted Subsidiary for the purpose of roads, pipelines, transmission lines, transportation lines, distribution lines for the removal of gas, oil, coal or other minerals or timber, and other like purposes, or for the joint or common use of real estate, rights of way, facilities and equipment, that do not secure any monetary obligations and which in the aggregate do not materially impair the use of such property for the purposes of which such property is held by any Borrowers or any Restricted Subsidiary or materially impair the value of such property subject thereto;

(n) judgment and attachment Liens not giving rise to an Event of Default, *provided* that any appropriate legal proceedings which may have been duly initiated for the review of such judgment shall not have been finally terminated or the period within which such proceeding may be initiated shall not have expired and no action to enforce such Lien has been commenced; and

(o) Liens on properties or assets of Centrahoma securing Indebtedness permitted by Section 7.01(i); *provided* such Liens do not extend to or encumber any of the Collateral.

"*Permitted Subordinated Debt*" means the unsecured Indebtedness permitted under Section 7.01(d).

"*Person*" means any natural person, corporation, limited liability company, trust, joint venture, association, company, partnership, Governmental Authority or other entity.

"*Plan*" means any employee pension benefit plan (other than a Multiemployer Plan) subject to the provisions of Title IV of ERISA or Section 412 of the Code or Section 302 of ERISA, and in respect of which any Credit Party or any ERISA Affiliate is (or, if such plan were terminated, would under Section 4069 of ERISA be deemed to be) an "employer" as defined in Section 3(5) of ERISA.

"*Prime Rate*" means the rate of interest per annum publicly announced from time to time by JPMorgan Chase Bank, N.A. as its prime rate in effect at its principal office in Chicago, Illinois, each change in the Prime Rate shall be effective from and including the date such change is publicly announced as being effective. THE PRIME RATE IS A REFERENCE RATE AND MAY NOT BE JPMORGAN CHASE BANK, N.A.'S LOWEST RATE.

"*Projected Oil and Gas Production*" means the projected production of oil or gas (measured by volume unit or BTU equivalent, not sales price) for the term of the contracts or a particular month, as applicable, from Oil and Gas Interests owned by the Credit Parties that are located in or offshore, if any, of the United States and that have attributable to them proved (and for purposes of Section 7.03(b) only, possible and probable) Oil and Gas Interests, as such production is projected in the Reserve Report most recently delivered, after deducting projected production from any Oil and Gas Interests sold or under contract for sale that had been included in such report and after adding projected production from any Oil and Gas Interests that had not been

reflected in such report but that are reflected in a separate or supplemental reports meeting the requirements of such Section 6.01(e) or (g) and otherwise are reasonably satisfactory to Administrative Agent.

"*Purchase and Transportation Contract*" means any contract for the purchase of Natural Gas settled based on a floating price for delivery of Natural Gas for the purpose of fixing transportation costs.

"*Redetermination*" means any Scheduled Redetermination or Special Redetermination.

"*Redetermination Date*" means (a) with respect to any Scheduled Redetermination (i) on or about the 15th day of April, July and October of the calendar year ending December 31, 2009, (ii) on or about January 15, 2010 and (iii) on or about the 15th day of each April and October thereafter beginning April 15, 2010, and (b) with respect to any Special Redetermination made at the request of the Borrowers or the Required Lenders, the first day of the first month which is not less than twenty (20) Business Days following the date of a request for a Special Redetermination and otherwise on the date set forth in the notice of such Redetermination delivered pursuant to Section 3.05.

"*Register*" has the meaning assigned to such term in Section 11.04.

"*Related Parties*" means, with respect to any specified Person, such Person's Affiliates and the respective directors, officers, employees, agents and advisors of such Person and such Person's Affiliates.

"*Required Lenders*" means, at any time, Lenders having Credit Exposures and Unused Commitments representing at least sixty-six and two-thirds percent ($66\frac{2}{3}\%$) of the sum of the Aggregate Credit Exposure and the Aggregate Unused Commitment at such time or, if the Aggregate Commitment has been terminated, Lenders having Credit Exposures representing at least sixty-six and two-thirds percent ($66\frac{2}{3}\%$) of the sum of the Aggregate Credit Exposure of all Lenders at such time; *provided* that the Unused Commitment and the Credit Exposures held or deemed held by any Defaulting Lender shall be excluded for purposes of making a determination of the Required Lenders.

"*Reserve Report*" means an un superseded engineering analysis of the Borrowing Base Properties, in form and substance reasonably acceptable to the Administrative Agent, prepared in accordance with customary and prudent practices in the petroleum engineering industry.

"*Restricted Payment*" means any dividend or other distribution (whether in cash, securities or other property) with respect to any Equity Interests in any Credit Party, or any payment (whether in cash, securities or other property), including any sinking fund or similar deposit, on account of the purchase, redemption, retirement, acquisition, cancellation or termination of any such Equity Interests in any Credit Party or any option, warrant or other right to acquire any such Equity Interests in any Credit Party.

"*Restricted Subsidiary*" means any Subsidiary that is not an Unrestricted Subsidiary.

"*S&P*" means Standard & Poor's Ratings Group, a division of The McGraw Hill Corporation.

"*Sale and Leaseback Transaction*" means any sale or other transfer of any property by any Person with the intent to lease such property as lessee.

"*Scheduled Redetermination*" means any redetermination of the Borrowing Base pursuant to Section 3.03.

"*Secured Party*" means the Administrative Agent, any Lender and any Lender Counterparty and any other holder of Obligations including any Cash Management Obligations and Lender

Hedging Obligations, to the extent that such Lender Hedging Obligations were incurred when such Person was a Lender Counterparty.

"*Security Agreement*" means that certain Amended and Restated Security Agreement, dated as of the Effective Date, made by the Borrowers in favor of the Administrative Agent for the benefit of the Secured Parties covering, among other things, the rights and interests of the Borrowers in certain personal property, as amended, restated, supplemented or otherwise modified from time to time.

"*Security Documents*" means collectively, all Guarantees of the Obligations evidenced by the Loan Documents and all Mortgages, security agreements (including the Security Agreement), pledge agreements (including the Midstream Pledge Agreement), collateral assignments and other collateral documents covering the Oil and Gas Interests and the Equity Interests of the Restricted Subsidiaries and other personal property, equipment, oil and gas inventory and proceeds of the foregoing, all such documents to be in form and substance reasonably satisfactory to the Administrative Agent.

"*Special Redetermination*" means any redetermination of the Borrowing Base made pursuant to Section 3.04.

"*Statutory Reserve Rate*" means a fraction (expressed as a decimal), the numerator of which is the number one and the denominator of which is the number one minus the aggregate of the maximum reserve percentages (including any marginal, special, emergency or supplemental reserves) expressed as a decimal established by the Board to which the Administrative Agent is subject with respect to the Adjusted LIBO Rate, for eurocurrency funding (currently referred to as "Eurocurrency Liabilities" in Regulation D of the Board). Such reserve percentages shall include those imposed pursuant to such Regulation D. Eurodollar Loans shall be deemed to constitute eurocurrency funding and to be subject to such reserve requirements without benefit of or credit for proration, exemptions or offsets that may be available from time to time to any Lender under such Regulation D or any comparable regulation. The Statutory Reserve Rate shall be adjusted automatically on and as of the effective date of any change in any reserve percentage.

"*Subsidiary*" means, with respect to any Person (the "*parent*") at any date, any corporation, limited liability company, partnership, association or other entity the accounts of which would be Consolidated with those of the parent in the parent's Consolidated financial statements if such financial statements were prepared in accordance with GAAP as of such date, as well as any other corporation, limited liability company, partnership, association or other entity (a) of which securities or other ownership interests representing more than fifty percent (50%) of the equity or more than fifty percent (50%) of the ordinary voting power or, in the case of a partnership, more than fifty percent (50%) of the general partnership interests are, as of such date, owned, controlled or held, or (b) that is, as of such date, otherwise Controlled, by the parent or one or more subsidiaries of the parent or by the parent and one or more subsidiaries of the parent. Unless the context otherwise clearly requires, references herein to a "Subsidiary" refer to a Subsidiary of any Borrower.

"*Taxes*" means any and all present or future taxes, levies, imposts, duties, deductions, charges or withholdings imposed by any Governmental Authority.

"*Term Agent*" means the Person designated as the administrative agent and collateral agent under the Term Facility in its capacity as contractual representative of the lenders and other Persons from time to time a party to the Term Facility and any successor agent appointed pursuant to the terms of the Term Facility Documents.

"*Term Facility*" means the second lien term loan facility evidenced by the Term Facility Documents.

"*Term Facility Documents*" means the Term Loan Agreement and any promissory notes executed in connection therewith, the Term Facility Security Documents and any other agreements executed in connection with the Term Loan Agreement, in each case, as the same may be amended, modified, supplemented, replaced or restated from time to time to the extent permitted under this Agreement and the Intercreditor Agreement.

"*Term Facility Security Documents*" means the instruments, security agreements, deeds of trust, mortgages, pledges, guaranties, financing statements, continuation statements, extension agreements and other agreements or instruments now, heretofore, or hereafter delivered by any Credit Party to the Term Agent in connection with the Term Facility or any transaction contemplated hereby or thereby to secure or guarantee the payment of any part of the obligations under the Term Facility or the performance of any Credit Party's other duties and obligations under the Term Facility Documents.

"*Term Loans*" means the term loans made under the Term Facility.

"*Term Loan Agreement*" means that certain Second Lien Term Loan Agreement, dated April 12, 2007, among certain of the Borrowers, the Term Agent and Collateral Agent, certain financial institutions as Lenders and Credit Suisse, as Syndication Agent, as amended, supplemented or otherwise modified or replaced from time to time in accordance with this Agreement and the Intercreditor Agreement.

"*Texas Finance Code*" has the meaning assigned to such term in Section 11.13.

"*Transactions*" means the execution, delivery and performance by the Credit Parties of this Agreement and the Loan Documents, the borrowing of Loans, the use of the proceeds thereof and the issuance of Letters of Credit hereunder.

"*Type*", when used in reference to any Loan or Borrowing, refers to whether the rate of interest on such Loan, or on the Loans comprising such Borrowing, is determined by reference to the Adjusted LIBO Rate or the Alternate Base Rate.

"*Unrestricted Subsidiary*" means (a) any Subsidiary that at the time of determination shall be designated an Unrestricted Subsidiary by the Board of Directors of any Borrower in the manner provided below and (b) any Subsidiary of an Unrestricted Subsidiary. The Board of Directors of any Borrower may designate any Subsidiary (including any newly acquired or newly formed Subsidiary) to be an Unrestricted Subsidiary unless such Subsidiary or any of its Subsidiaries is (i) a Material Domestic Subsidiary or (ii) a Subsidiary owning Oil and Gas Interests or Midstream Assets included in the Borrowing Base Properties.

"*Unused Commitment*" means, with respect to each Lender at any time, such Lender's Commitment at such time minus such Lender's Credit Exposure at such time.

"*Unused Commitment Fee*" has the meaning assigned to such term in Section 2.12(a).

"*U.S. Government Securities*" means direct obligations of, or obligations the principal of and interest on which are unconditionally guaranteed by, the United States of America (or by any agency or instrumentality thereof to the extent such obligations are entitled to the full faith and credit of the United States of America), in each case maturing within one year from the date of acquisition thereof.

"*Withdrawal Liability*" means the liability of any Credit Party or ERISA Affiliate to a Multiemployer Plan as a result of a complete or partial withdrawal from such Multiemployer Plan, as such terms are defined in Part I of Subtitle E of Title IV of ERISA.

Section 1.02. *Types of Loans and Borrowings.* For purposes of this Agreement, Loans may be classified and referred to by Type (e.g., a "Eurodollar Loan" or an "ABR Loan. Borrowings also may be classified and referred to by Type (e.g., a "Eurodollar Borrowing" or an "ABR Borrowing").

Section 1.03. *Terms Generally.* The definitions of terms herein shall apply equally to the singular and plural forms of the terms defined. Whenever the context may require, any pronoun shall include the corresponding masculine, feminine and neuter forms. The words "include", "includes" and "including" shall be deemed to be followed by the phrase "without limitation". The word "will" shall be construed to have the same meaning and effect as the word "shall". Unless the context requires otherwise (a) any definition of or reference to any agreement, instrument or other document herein shall be construed as referring to such agreement, instrument or other document as from time to time amended, supplemented or otherwise modified (subject to any restrictions on such amendments, supplements or modifications set forth herein), (b) any reference herein to any Person shall be construed to include such Person's successors and assigns, (c) the words "herein", "hereof" and "hereunder", and words of similar import, shall be construed to refer to this Agreement in its entirety and not to any particular provision hereof, (d) all references herein to Articles, Sections, Exhibits and Schedules shall be construed to refer to Articles and Sections of, and Exhibits and Schedules to, this Agreement and (e) the words "asset" and "property" shall be construed to have the same meaning and effect and to refer to any and all tangible and intangible assets and properties, including cash, securities, accounts and contract rights.

Section 1.04. *Accounting Terms; GAAP.* Except as otherwise expressly provided herein, all terms of an accounting or financial nature shall be construed in accordance with GAAP, as in effect from time to time; *provided* that, if any Borrower notifies the Administrative Agent that such Borrower requests an amendment to any provision hereof to eliminate the effect of any change occurring after the date hereof in GAAP or in the application thereof on the operation of such provision (or if the Administrative Agent notifies the Borrowers that the Required Lenders request an amendment to any provision hereof for such purpose), regardless of whether any such notice is given before or after such change in GAAP or in the application thereof, then such provision shall be interpreted on the basis of GAAP as in effect and applied immediately before such change shall have become effective until such notice shall have been withdrawn or such provision amended in accordance herewith.

Section 1.05. *Oil and Gas Definitions.* For purposes of this Agreement, the terms "proved reserves," "proved developed reserves," "proved undeveloped reserves," "proved developed nonproducing reserves" and "proved developed producing reserves," have the meaning given such terms from time to time and at the time in question by the Society of Petroleum Engineers of the American Institute of Mining Engineers.

Section 1.06. *Time of Day.* Unless otherwise specified, all references to times of day shall be references to Central time (daylight or standard, as applicable).

Article II

The Credits

Section 2.01. *Commitments.* Subject to the terms and conditions set forth herein, each Lender that was a Lender under and as defined in the Original Credit Agreement agrees to continue the Original Loans and each Lender agrees to make one or more Loans to the Borrowers from time to time on any Business Day during the Availability Period in an aggregate principal amount that will not result in (a) such Lender's Credit Exposure exceeding such Lender's Applicable Percentage of the Aggregate Commitment or (b) the Aggregate Credit Exposure exceeding the Aggregate Commitment. Within the foregoing limits and subject to the terms and conditions set forth herein, the Borrowers may borrow, prepay and reborrow Loans.

Section 2.02. *Termination of the Aggregate Commitment and Reduction of the Maximum Facility Amount.*

(a) Unless previously terminated, the Aggregate Commitment shall terminate on the Maturity Date.

(b) The Borrowers may at any time terminate the Aggregate Commitment, or from time to time reduce, the Maximum Facility Amount; *provided* that (i) each reduction of the Maximum Facility Amount shall be in an amount that is an integral multiple of \$1,000,000 and not less than \$5,000,000 and (ii) the Borrowers shall not terminate the Aggregate Commitment or reduce the Maximum Facility Amount if, after giving effect to any concurrent prepayment of the Loans in accordance with Section 2.10 and Section 2.11, the Aggregate Credit Exposure would exceed the Aggregate Commitment.

(c) The Borrowers shall notify the Administrative Agent of any election to terminate the Aggregate Commitment or reduce the Maximum Facility Amount under paragraph (b) of this Section at least three (3) Business Days prior to the effective date of such termination or reduction, specifying such election and the effective date thereof. Promptly following receipt of any notice, the Administrative Agent shall advise the Lenders of the contents thereof. Each notice delivered by the Borrowers pursuant to this Section shall be irrevocable; *provided* that a notice of termination of the Aggregate Commitments delivered by the Borrowers may state that such notice is conditioned upon the effectiveness of other credit facilities, in which case such notice may be revoked by the Borrowers (by notice to the Administrative Agent on or prior to the specified effective date) if such condition is not satisfied. Any termination of the Aggregate Commitment shall be permanent. Any reduction of the Aggregate Commitment as a result of a reduction in the Maximum Facility Amount shall be made ratably among the Lenders in accordance with each Lender's Applicable Percentage.

Section 2.03. *[Reserved]*.

Section 2.04. *Loans and Borrowings.*

(a) Each Loan shall be made as part of a Borrowing consisting of Loans made by the Lenders ratably in accordance with their respective Commitments. The failure of any Lender to make any Loan required to be made by it shall not relieve any other Lender of its obligations hereunder; *provided* that the Commitments of the Lenders are several and no Lender shall be responsible for any other Lender's failure to make Loans as required.

(b) Subject to Section 2.14, each Borrowing shall be comprised entirely of ABR Loans or Eurodollar Loans as the Borrowers may request in accordance herewith. Each Lender at its option may make any Eurodollar Loan by causing any domestic or foreign branch or Affiliate of such Lender to make such Loan; *provided* that any exercise of such option shall not affect the obligation of the Borrowers to repay such Loan in accordance with the terms of this Agreement.

(c) At the commencement of each Interest Period for any Eurodollar Borrowing, such Borrowing shall be in an aggregate amount that is an integral multiple of \$100,000 and not less than \$1,000,000. At the time that each ABR Borrowing is made, such Borrowing shall be in an aggregate amount that is an integral multiple of \$100,000 and not less than \$1,000,000; *provided* that an ABR Borrowing may be in an aggregate amount that is equal to the entire unused balance of the Aggregate Commitment or that is required to finance the reimbursement of an LC Disbursement as contemplated by Section 2.06(e). Borrowings of more than one Type may be outstanding at the same time; *provided* that there shall not at any time be more than a total of twelve (12) Eurodollar Borrowings outstanding.

(d) Notwithstanding any other provision of this Agreement, the Borrowers shall not be entitled to request, or to elect to convert or continue, any Eurodollar Borrowing if the Interest Period requested with respect thereto would end after the Maturity Date.

Section 2.05. *Requests for Borrowings.* To request a Borrowing, the Borrower Representative shall notify the Administrative Agent of such request by telephone (a) in the case of a Eurodollar Borrowing, not later than 12:00 noon three (3) Business Days before the date of the proposed Borrowing or (b) in the case of an ABR Borrowing, not later than 12:00 noon on the date of the proposed Borrowing (so long as such date is a Business Day). Each such telephonic Borrowing Request shall be irrevocable and shall be confirmed promptly by hand delivery or telecopy to the Administrative Agent of a written Borrowing Request in a form approved by the Administrative Agent and signed by the Borrower Representative. Each such telephonic and written Borrowing Request shall specify the following information in compliance with Section 2.04:

- (i) the aggregate amount of the requested Borrowing;
- (ii) the date of such Borrowing, which shall be a Business Day;
- (iii) whether such Borrowing is to be an ABR Borrowing or a Eurodollar Borrowing;
- (iv) in the case of a Eurodollar Borrowing, the initial Interest Period to be applicable thereto, which shall be a period contemplated by the definition of the term "Interest Period"; and
- (v) the location and number of the Borrowers' account to which funds are to be disbursed, which shall comply with the requirements of Section 2.07.

If no election as to the Type of Borrowing is specified, then the requested Borrowing shall be an ABR Borrowing. If no Interest Period is specified with respect to any requested Eurodollar Borrowing, then the Borrowers shall be deemed to have selected an Interest Period of one month's duration. Promptly following receipt of a Borrowing Request in accordance with this Section, the Administrative Agent shall advise each Lender of the details thereof and of the amount of such Lender's Loan to be made as part of the requested Borrowing.

Section 2.06. *Letters of Credit.*

(a) *General.* Subject to the terms and conditions set forth herein, any Borrower may request the issuance of Letters of Credit for its own or the account of any Restricted Subsidiary in a form reasonably acceptable to the Administrative Agent and the Issuing Bank, at any time and from time to time during the Availability Period. In the event of any inconsistency between the terms and conditions of this Agreement and the terms and conditions of any form of letter of credit application or other agreement submitted by any Borrower to, or entered into by any Borrower with, the Issuing Bank relating to any Letter of Credit, the terms and conditions of this Agreement shall control.

(b) *Notice of Issuance, Amendment, Renewal, Extension; Certain Conditions.* To request the issuance of a Letter of Credit (or the amendment, renewal or extension of an outstanding Letter of Credit), the Borrower Representative shall hand deliver or telecopy (or transmit by electronic communication, if arrangements for doing so have been approved by the Issuing Bank) to the Issuing Bank and the Administrative Agent (reasonably in advance of the requested date of issuance, amendment, renewal or extension) a notice requesting the issuance of a Letter of Credit, or identifying the Letter of Credit to be amended, renewed or extended, and specifying the date of issuance, amendment, renewal or extension (which shall be a Business Day), the date on which such Letter of Credit is to expire (which shall comply with paragraph (c) of this Section), the amount of such Letter of Credit, the name and address of the beneficiary thereof and such other information as shall be necessary to prepare, amend, renew or extend such Letter of Credit. If requested by the Issuing Bank, the Borrower Representative also shall submit a letter of credit

application on the Issuing Bank's standard form in connection with any request for a Letter of Credit. A Letter of Credit shall be issued, amended, renewed or extended only if (and upon issuance, amendment, renewal or extension of each Letter of Credit the Borrowers shall be deemed to represent and warrant that), after giving effect to such issuance, amendment, renewal or extension (i) the LC Exposure shall not exceed \$30,000,000 and (ii) the Aggregate Credit Exposure shall not exceed the Aggregate Commitment. Notwithstanding the foregoing, the Issuing Bank shall not at any time be obligated to issue, amend, renew or extend any Letter of Credit if any Lender is at such time a Defaulting Lender hereunder, unless the Borrowers cash collateralize such Defaulting Lender's portion of the total LC Exposure (calculated after giving effect to the issuance, amendment, renewal or extension of such Letter of Credit) in accordance with the procedures set forth in Section 2.06(j).

(c) *Expiration Date.* Each Letter of Credit shall expire at or prior to the close of business on the earlier of (i) the date one year after the date of the issuance of such Letter of Credit (or, in the case of any renewal or extension thereof, one year after such renewal or extension) and (ii) the date that is thirty (30) days prior to the Maturity Date.

(d) *Participations.* By the issuance of a Letter of Credit (or an amendment to a Letter of Credit increasing the amount thereof) and without any further action on the part of the Issuing Bank or the Lenders, the Issuing Bank hereby grants to each Lender, and each Lender hereby acquires from the Issuing Bank, a participation in such Letter of Credit equal to such Lender's Applicable Percentage of the aggregate amount available to be drawn under such Letter of Credit. In consideration and in furtherance of the foregoing, each Lender hereby absolutely and unconditionally agrees to pay to the Administrative Agent, for the account of the Issuing Bank, such Lender's Applicable Percentage of each LC Disbursement made by the Issuing Bank and not reimbursed by the Borrowers on the date due as provided in paragraph (e) of this Section, or of any reimbursement payment required to be refunded to the Borrowers for any reason. Each Lender acknowledges and agrees that its obligation to acquire participations pursuant to this paragraph in respect of Letters of Credit is absolute and unconditional and shall not be affected by any circumstance whatsoever, including any amendment, renewal or extension of any Letter of Credit or the occurrence and continuance of a Default or reduction or termination of the Aggregate Commitment, and that each such payment shall be made without any offset, abatement, withholding or reduction whatsoever.

(e) *Reimbursement.* If the Issuing Bank shall make any LC Disbursement in respect of a Letter of Credit, the Borrowers shall reimburse such LC Disbursement by paying to the Administrative Agent an amount equal to such LC Disbursement not later than 12:00 noon on the date that such LC Disbursement is made, if the Borrowers shall have received notice of such LC Disbursement prior to 10:00 a.m. on such date, or, if such notice has not been received by the Borrowers prior to such time on such date, then not later than 12:00 noon on (i) the Business Day that the Borrowers receive such notice, if such notice is received prior to 10:00 a.m. on the day of receipt, or (ii) the Business Day immediately following the day that the Borrowers receive such notice, if such notice is not received prior to such time on the day of receipt; *provided* that the Borrowers may, subject to the conditions to borrowing set forth herein, request in accordance with Section 2.05 that such payment be financed with an ABR Borrowing in an equivalent amount and, to the extent so financed, the Borrowers' obligation to make such payment shall be discharged and replaced by the resulting ABR Borrowing. If the Borrowers fail to make such payment when due, the Administrative Agent shall notify each Lender of the applicable LC Disbursement, the payment then due from the Borrowers in respect thereof and such Lender's Applicable Percentage thereof. Promptly following receipt of such notice, each Lender shall pay to the Administrative Agent its Applicable Percentage of the payment then due from the Borrowers, in the same manner as provided in Section 2.07 with respect to Loans made by such Lender (and Section 2.07 shall

apply, *mutatis mutandis*, to the payment obligations of the Lenders), and the Administrative Agent shall promptly pay to the Issuing Bank the amounts so received by it from the Lenders. Promptly following receipt by the Administrative Agent of any payment from the Borrowers pursuant to this paragraph, the Administrative Agent shall distribute such payment to the Issuing Bank or, to the extent that Lenders have made payments pursuant to this paragraph to reimburse the Issuing Bank, then to such Lenders and the Issuing Bank as their interests may appear. Any payment made by a Lender pursuant to this paragraph to reimburse the Issuing Bank for any LC Disbursement (other than the funding of ABR Loans as contemplated above) shall not constitute a Loan and shall not relieve the Borrowers of their obligation to reimburse such LC Disbursement.

(f) *Obligations Absolute.* The Borrowers' obligation to reimburse LC Disbursements as provided in paragraph (e) of this Section shall be absolute, unconditional and irrevocable, and shall be performed strictly in accordance with the terms of this Agreement under any and all circumstances whatsoever and irrespective of (i) any lack of validity or enforceability of any Letter of Credit or this Agreement, or any term or provision therein, (ii) any draft or other document presented under a Letter of Credit proving to be forged, fraudulent or invalid in any respect or any statement therein being untrue or inaccurate in any respect, (iii) payment by the Issuing Bank under a Letter of Credit against presentation of a draft or other document that does not comply with the terms of such Letter of Credit, or (iv) any other event or circumstance whatsoever, whether or not similar to any of the foregoing, that might, but for the provisions of this Section, constitute a legal or equitable discharge of, or provide a right of setoff against, the Borrowers' obligations hereunder. Neither the Administrative Agent, the Lenders nor the Issuing Bank, nor any of their Related Parties, shall have any liability or responsibility by reason of or in connection with the issuance or transfer of any Letter of Credit or any payment or failure to make any payment thereunder (irrespective of any of the circumstances referred to in the preceding sentence), or any error, omission, interruption, loss or delay in transmission or delivery of any draft, notice or other communication under or relating to any Letter of Credit (including any document required to make a drawing thereunder), any error in interpretation of technical terms or any consequence arising from causes beyond the control of the Issuing Bank; *provided* that the foregoing shall not be construed to excuse the Issuing Bank from liability to the Borrowers to the extent of any direct damages (as opposed to consequential damages, claims in respect of which are hereby waived by the Borrowers to the extent permitted by applicable law) suffered by the Borrowers that are caused by the Issuing Bank's failure to exercise care when determining whether drafts and other documents presented under a Letter of Credit comply with the terms thereof. The parties hereto expressly agree that, in the absence of gross negligence or willful misconduct on the part of the Issuing Bank (as finally determined by a court of competent jurisdiction), the Issuing Bank shall be deemed to have exercised care in each such determination. In furtherance of the foregoing and without limiting the generality thereof, the parties agree that, with respect to documents presented which appear on their face to be in substantial compliance with the terms of a Letter of Credit, the Issuing Bank may, in its sole discretion, either accept and make payment upon such documents without responsibility for further investigation, regardless of any notice or information to the contrary, or refuse to accept and make payment upon such documents if such documents are not in strict compliance with the terms of such Letter of Credit.

(g) *Disbursement Procedures.* The Issuing Bank shall, promptly following its receipt thereof, examine all documents purporting to represent a demand for payment under a Letter of Credit. The Issuing Bank shall promptly notify the Administrative Agent and the Borrowers by telephone (confirmed by telecopy) of such demand for payment and whether the Issuing Bank has made or will make an LC Disbursement thereunder; *provided* that any failure to give or delay in giving such notice shall not relieve the Borrowers of their obligation to reimburse the Issuing Bank and the Lenders with respect to any such LC Disbursement.

(h) *Interim Interest.* If the Issuing Bank shall make any LC Disbursement, then, unless the Borrowers shall reimburse such LC Disbursement in full on the date such LC Disbursement is made, the unpaid amount thereof shall bear interest, for each day from and including the date such LC Disbursement is made to but excluding the date that the Borrowers reimburse such LC Disbursement, at the rate per annum then applicable to ABR Loans; *provided* that, if the Borrowers fail to reimburse such LC Disbursement when due pursuant to paragraph (e) of this Section, then Section 2.13(c) shall apply. Interest accrued pursuant to this paragraph shall be for the account of the Issuing Bank, except that interest accrued on and after the date of payment by any Lender pursuant to paragraph (e) of this Section to reimburse the Issuing Bank shall be for the account of such Lender to the extent of such payment.

(i) *Replacement of the Issuing Bank.* The Issuing Bank may be replaced at any time by written agreement among the Borrowers, the Administrative Agent, the replaced Issuing Bank and the successor Issuing Bank. The Administrative Agent shall notify the Lenders of any such replacement of the Issuing Bank. At the time any such replacement shall become effective, the Borrowers shall pay all unpaid fees accrued for the account of the replaced Issuing Bank pursuant to Section 2.12(b). From and after the effective date of any such replacement, (i) the successor Issuing Bank shall have all the rights and obligations of the Issuing Bank under this Agreement with respect to Letters of Credit to be issued thereafter and (ii) references herein to the term "Issuing Bank" shall be deemed to refer to such successor or to any previous Issuing Bank, or to such successor and all previous Issuing Banks, as the context shall require. After the replacement of an Issuing Bank hereunder, the replaced Issuing Bank shall remain a party hereto and shall continue to have all the rights and obligations of an Issuing Bank under this Agreement with respect to Letters of Credit issued by it prior to such replacement, but shall not be required to issue additional Letters of Credit.

(j) *Cash Collateralization.*

(i) If at any time the Borrowers elect to cash collateralize the LC Exposure of any Defaulting Lender pursuant to Section 2.06(b), the Borrowers shall deposit in an account with the Administrative Agent, in the name of the Administrative Agent and for the benefit of the Lenders (the "*Cash Collateral Account*"), an amount in cash equal to such Defaulting Lender's portion of the total LC Exposure at such time as calculated pursuant to Section 2.06(b) (less any amounts already on deposit in such Cash Collateral Account representing cash collateral for any portion of such Defaulting Lender's portion of the total LC Exposure).

(ii) If any Letter of Credit is outstanding at the time any Lender is a Defaulting Lender, upon the written request of the Issuing Bank demanding the deposit of cash collateral pursuant to this paragraph, the Borrowers shall promptly, and in any event within one Business Day after receipt of such written request, cash collateralize such Defaulting Lender's portion of the total LC Exposure at such time by depositing in the Cash Collateral Account an amount in cash equal to such Defaulting Lender's portion of the total LC Exposure (less any amounts already on deposit in such Cash Collateral Account representing cash collateral for any portion of such Defaulting Lender's portion of the total LC Exposure).

(iii) If any Event of Default shall occur and be continuing, on the Business Day that the Borrowers receive notice from the Administrative Agent or the Required Lenders (or, if the maturity of the Loans has been accelerated, Lenders with LC Exposure representing greater than sixty-six and two-thirds percent ($66\frac{2}{3}\%$) of the total LC Exposure) demanding the deposit of cash collateral pursuant to this paragraph, the Borrowers shall deposit in the Cash Collateral Account an amount in cash equal to the total LC Exposure as of such date plus any accrued and unpaid interest thereon, if any; *provided* that the obligation to deposit such cash collateral shall become effective immediately, and such deposit shall become immediately due

and payable, without demand or other notice of any kind, upon the occurrence of any Event of Default with respect to any Borrower described in paragraph (h) or (i) of Article IX.

(iv) Deposits in the Cash Collateral Account made pursuant to the foregoing paragraphs (i), (ii) and (iii) shall be held by the Administrative Agent as collateral for the payment and performance of the obligations of the Borrowers under this Agreement. The Administrative Agent shall have exclusive dominion and control, including the exclusive right of withdrawal, over the Cash Collateral Account. Other than any interest earned on the investment of such deposits, which investments shall be made at the option and sole discretion of the Administrative Agent and at the Borrowers' risk and expense, such deposits shall not bear interest. Interest or profits, if any, on such investments shall accumulate in such account. Moneys in such account shall be applied by the Administrative Agent to reimburse the Issuing Bank for LC Disbursements for which it has not been reimbursed and, to the extent not so applied, shall be held for the satisfaction of the reimbursement obligations of the Borrowers for the LC Exposure at such time or, if the maturity of the Loans has been accelerated (but subject to the consent of Lenders with LC Exposure representing sixty-six and two-thirds percent ($66\frac{2}{3}\%$) or more of the total LC Exposure), be applied to satisfy other Obligations of the Borrowers under this Agreement and to the extent any excess remains after payment in full in cash of all Obligations and the termination of all Commitments, such excess shall be released to the Borrowers.

(v) If the Borrowers are required to provide an amount of cash collateral pursuant to paragraphs (i), (ii) or (iii) above, such amount (to the extent not applied as aforesaid) shall be returned to the Borrowers within one Business Day after (x) in the case of cash collateral provided pursuant to paragraphs (i) or (ii) above, the applicable Defaulting Lender is no longer a Defaulting Lender and (y) in the case of cash collateral provided pursuant to paragraph (iii) above, all Events of Default have been cured or waived.

Section 2.07. *Funding of Borrowings.*

(a) Each Lender shall make each Loan to be made by it hereunder on the proposed date thereof by wire transfer of immediately available funds by 2:00 p.m. to the account of the Administrative Agent most recently designated by it for such purpose by notice to the Lenders. The Administrative Agent will make such Loans available to the Borrowers by promptly crediting the amounts so received, in like funds, to a deposit account of the Borrowers designated by the Borrower Representative in the applicable Borrowing Request; *provided* that ABR Loans made to finance the reimbursement of an LC Disbursement as provided in Section 2.06(e) shall be remitted by the Administrative Agent to the Issuing Bank.

(b) Unless the Administrative Agent shall have received notice from a Lender prior to the proposed date of any Borrowing that such Lender will not make available to the Administrative Agent such Lender's share of such Borrowing, the Administrative Agent may assume that such Lender has made such share available on such date in accordance with paragraph (a) of this Section and may, in reliance upon such assumption, make available to the Borrowers a corresponding amount. In such event, if a Lender has not in fact made its share of the applicable Borrowing available to the Administrative Agent, then the applicable Lender and the Borrowers severally agree to pay to the Administrative Agent forthwith on demand such corresponding amount with interest thereon, for each day from and including the date such amount is made available to the Borrowers to but excluding the date of payment to the Administrative Agent, at (i) in the case of such Lender, the greater of the Federal Funds Effective Rate and a rate determined by the Administrative Agent in accordance with banking industry rules on interbank compensation or (ii) in the case of the Borrowers, the interest rate applicable to ABR Loans. If

such Lender pays such amount to the Administrative Agent, then such amount shall constitute such Lender's Loan included in such Borrowing.

Section 2.08. *Interest Elections.*

(a) Each Borrowing initially shall be of the Type specified in the applicable Borrowing Request and, in the case of a Eurodollar Borrowing, shall have an initial Interest Period as specified in such Borrowing Request. Thereafter, the Borrowers may elect to convert such Borrowing to a different Type or to continue such Borrowing and, in the case of a Eurodollar Borrowing, may elect Interest Periods therefor, all as provided in this Section. The Borrowers may elect different options with respect to different portions of the affected Borrowing, in which case each such portion shall be allocated ratably among the Lenders holding the Loans comprising such Borrowing, and the Loans comprising each such portion shall be considered a separate Borrowing.

(b) To make an election pursuant to this Section, the Borrower Representative shall notify the Administrative Agent of such election by telephone by the time that a Borrowing Request would be required under Section 2.05 if the Borrower were requesting a Borrowing of the Type resulting from such election to be made on the effective date of such election. Each such telephonic Interest Election Request shall be irrevocable and shall be confirmed promptly by hand delivery or telecopy to the Administrative Agent of a written Interest Election Request in a form approved by the Administration Agent and signed by the Borrower Representative.

(c) Each telephonic and written Interest Election Request shall specify the following information in compliance with Section 2.04:

(i) the Borrowing to which such Interest Election Request applies and, if different options are being elected with respect to different portions thereof, the portions thereof to be allocated to each resulting Borrowing (in which case the information to be specified pursuant to paragraphs (iii) and (iv) below shall be specified for each resulting Borrowing);

(ii) the effective date of the election made pursuant to such Interest Election Request, which shall be a Business Day;

(iii) whether the resulting Borrowing is to be an ABR Borrowing or a Eurodollar Borrowing; and

(iv) if the resulting Borrowing is a Eurodollar Borrowing, the Interest Period to be applicable thereto after giving effect to such election, which shall be a period contemplated by the definition of the term "Interest Period".

If any such Interest Election Request requests a Eurodollar Borrowing but does not specify an Interest Period, then the Borrowers shall be deemed to have selected an Interest Period of one month's duration.

(d) Promptly following receipt of an Interest Election Request, the Administrative Agent shall advise each Lender of the details thereof and of such Lender's portion of each resulting Borrowing.

(e) If the Borrower Representative fails to deliver a timely Interest Election Request with respect to a Eurodollar Borrowing prior to the end of the Interest Period applicable thereto, then, unless such Borrowing is repaid as provided herein, at the end of such Interest Period such Borrowing shall be converted to an ABR Borrowing. Notwithstanding any contrary provision hereof, if an Event of Default has occurred and is continuing and the Administrative Agent, at the request of the Required Lenders, so notifies the Borrower Representative, then, so long as an Event of Default is continuing (i) no outstanding Borrowing may be converted to or continued as a

Eurodollar Borrowing and (ii) unless repaid, each Eurodollar Borrowing shall be converted to an ABR Borrowing at the end of the Interest Period applicable thereto.

Section 2.09. *Repayment of Loans; Evidence of Debt.*

(a) Each Borrower hereby jointly and severally and unconditionally promises to pay to the Administrative Agent for the account of each Lender the then unpaid principal amount of each Loan on the Maturity Date.

(b) Each Lender shall maintain in accordance with its usual practice an account or accounts evidencing the Indebtedness of the Borrowers to such Lender resulting from each Loan made by such Lender, including the amounts of principal and interest payable and paid to such Lender from time to time hereunder.

(c) The Administrative Agent shall maintain accounts in which it shall record (i) the amount of each Loan made hereunder, the Type thereof and the Interest Period applicable thereto, (ii) the amount of any principal or interest due and payable or to become due and payable from the Borrowers to each Lender hereunder and (iii) the amount of any sum received by the Administrative Agent hereunder for the account of the Lenders and each Lender's share thereof.

(d) The entries made in the accounts maintained pursuant to paragraph (b) or (c) of this Section shall be *prima facie* evidence of the existence and amounts of the obligations recorded therein; *provided* that the failure of any Lender or the Administrative Agent to maintain such accounts or any error therein shall not in any manner affect the obligation of the Borrowers to repay the Loans in accordance with the terms of this Agreement.

(e) Any Lender or Participant may request that Loans made by it be evidenced by a promissory note. In such event, the Borrowers shall prepare, execute and deliver to such Lender or Participant a promissory note payable to the order of such Lender or Participant (or, if requested by such Lender or Participant, to such Lender or Participant and its registered assigns) and in the form attached hereto as Exhibit D. Thereafter, the Loans evidenced by such promissory note and interest thereon shall at all times (including after assignment pursuant to Section 11.04) be represented by one or more promissory notes in such form payable to the order of the payee named therein (or, if such promissory note is a registered note, to such payee and its registered assigns).

(f) Each Borrower and each surety, endorser, guarantor and other party ever liable for payment of any sums of money payable under this Agreement, jointly and severally waive presentment and demand for payment, notice of intention to accelerate the maturity, protest, notice of protest and nonpayment, as to the payments due under this Agreement or any other Loan Document and as to each and all installments hereunder and thereunder, and agree that their liability under this Agreement or any other Loan Document shall not be affected by any renewal or extension in the time of payment hereof, or in any indulgences, or by any release or change in any security for the payment of the Obligations, and hereby consent to any and all such renewals, extensions, indulgences, releases or changes.

Section 2.10. *Optional Prepayment of Loans.*

(a) The Borrowers shall have the right at any time and from time to time to prepay, without premium or penalty, any Borrowing in whole and or in part, in a minimum amount of \$1,000,000 and integral multiples of \$1,000,000 subject to prior notice in accordance with paragraph (b) of this Section 2.10.

(b) The Borrower Representative shall notify the Administrative Agent by telephone (confirmed by telecopy) of any prepayment hereunder (i) in the case of prepayment of a Eurodollar Borrowing, not later than 11:00 a.m. three (3) Business Days before the date of

prepayment, or (ii) in the case of prepayment of an ABR Borrowing, not later than 11:00 a.m. one Business Day before the date of prepayment. Each such notice shall be irrevocable and shall specify the prepayment date and the principal amount of each Borrowing or portion thereof to be prepaid; *provided* that, if a notice of prepayment is given in connection with a conditional notice of termination or reduction of the Aggregate Commitment as contemplated by Section 2.02, then such notice of prepayment may be revoked if such notice of termination or reduction is revoked in accordance with Section 2.02. Promptly following receipt of any such notice relating to a Borrowing, the Administrative Agent shall advise the Lenders of the contents thereof. Each partial prepayment of any Borrowing shall be in an amount that would be permitted in the case of an advance of a Borrowing of the same Type as provided in Section 2.04. Each prepayment of a Borrowing shall be applied ratably to the Loans included in the prepaid Borrowing. Prepayments shall be accompanied by accrued interest to the extent required by Section 2.13.

Section 2.11. *Mandatory Prepayment of Loans.*

(a) Except as otherwise provided in Section 7.03(d), in the event a Borrowing Base Deficiency exists, the Borrowers shall, within thirty (30) days after written notice from the Administrative Agent to the Borrowers of such Borrowing Base Deficiency, give notice to the Administrative Agent of the election to do any of the following or a combination thereof to eliminate the Borrowing Base Deficiency (the date such notice of election is given by Borrower to the Administrative Agent is herein called the "*Election Date*"):

(i) prepay, without premium or penalty, the principal amount of the Loans (and after all Loans are repaid in full, provide cash collateral in accordance with Section 2.06(j)) in an amount sufficient to eliminate such Borrowing Base Deficiency, such prepayment to be made in full on or before the 30th day after the Election Date;

(ii) prepay, without premium or penalty (but subject to any funding indemnification amounts required by Section 2.16), the principal amount of such Borrowing Base Deficiency in not more than three (3) equal monthly installments plus accrued interest thereon and make the first such monthly payment on the 60th day after the Election Date and the subsequent installments to be due and payable at one month intervals thereafter until such Borrowing Base Deficiency has been eliminated; *provided*, however, Borrowers shall have demonstrated to the satisfaction of Administrative Agent on or before the date of the first such payment that Borrowers have sufficient available monthly cash from their Projected Oil and Gas Production to make such payments; or

(iii) give notice to Administrative Agent that Borrowers desire to provide Administrative Agent with deeds of trust, mortgages, security agreements, financing statements and other security documents in form and substance satisfactory to Administrative Agent, granting, confirming, and perfecting first and prior Liens or security interests in collateral acceptable to Required Lenders, to the extent needed to cover the Minimum Collateral Amount (as they in their reasonable discretion deem consistent with prudent oil and gas banking industry lending standards at the time) to an amount which eliminates such Borrowing Base Deficiency, and then provide such security documents within thirty days after the Election Date. If, prior to any such specification by Administrative Agent, Required Lenders determine that the giving of such security documents will not serve to eliminate such Borrowing Base Deficiency, then, within five (5) Business Days after receiving notice of such determination from Administrative Agent, Borrowers will elect to make, and thereafter make, the prepayments specified in either of the preceding paragraphs (i) or (ii) of this paragraph (a).

(b) Each prepayment of principal under this section shall be accompanied by all interest then accrued and unpaid on the principal so prepaid. Any principal or interest prepaid pursuant to this

section shall be in addition to, and not in lieu of, all payments otherwise required to be paid under the Loan Documents at the time of such prepayment.

Section 2.12. *Fees.*

(a) The Borrowers agree to pay to the Administrative Agent, for the account of each Lender, an unused commitment fee (the "*Unused Commitment Fee*") equal to 0.50% of the daily average of the Aggregate Unused Commitment. Such Unused Commitment Fee shall be calculated on the basis of a year consisting of 360 days. The Unused Commitment Fee shall be payable in arrears on the last day of March, June, September and December of each year, commencing with the first such date to occur after the Effective Date, and on the Maturity Date for any period then ending for which the Unused Commitment Fee shall not have been theretofore paid. In the event the Aggregate Commitment terminates on any date other than the last day of March, June, September or December of any year, the Borrowers agree to pay to the Administrative Agent, for the account of each Lender, on the date of such termination, the pro rata portion of the Unused Commitment Fee due for the period from the last day of the immediately preceding March, June, September or December, as the case may be, to the date such termination occurs. Notwithstanding anything to the contrary contained herein, for so long as any Lender is a Defaulting Lender hereunder, the portion of the Unused Commitment Fee attributable to such Defaulting Lender shall cease to accrue pursuant to the terms of this Section 2.12(a) and the Borrowers shall have no obligation to pay any Unused Commitment Fee for the account of such Defaulting Lender for the period of time such Lender is a Defaulting Lender.

(b) The Borrowers agree to pay (i) to the Administrative Agent for the account of each Lender a participation fee with respect to its participations in Letters of Credit, which shall accrue at the same Applicable Rate used to determine the interest rate applicable to Eurodollar Loans on the average daily amount of each Lender's LC Exposure (excluding any portion thereof attributable to unreimbursed LC Disbursements) during the period from and including the Effective Date to but excluding the later of the date on which such Lender's Commitment terminates and the date on which such Lender ceases to have any LC Exposure, and (ii) to the Issuing Bank a fronting fee, which shall accrue at the rate equal to one-eighth percent (0.125%) per annum on the average daily amount of the LC Exposure (excluding any portion thereof attributable to unreimbursed LC Disbursements) during the period from and including the Effective Date to but excluding the later of the date of termination of the Aggregate Commitment and the date on which there ceases to be any LC Exposure (but in no event less than \$150 per annum), as well as the Issuing Bank's standard fees with respect to the issuance, amendment, renewal or extension of any Letter of Credit or processing of drawings thereunder; *provided* that no such individual fee shall exceed \$500. Participation fees and fronting fees accrued through and including the last day of March, June, September and December of each year shall be payable on the third Business Day following such last day, commencing on the first such date to occur after the Effective Date; *provided* that all such fees shall be payable on the date on which the Aggregate Commitment terminates and any such fees accruing after the date on which the Aggregate Commitment terminates shall be payable on demand. Any other fees payable to the Issuing Bank pursuant to this paragraph shall be payable within ten (10) days after demand. All participation fees and fronting fees shall be computed on the basis of a year of 360 days and shall be payable for the actual number of days elapsed (including the first day but excluding the last day). Notwithstanding anything to the contrary contained herein, for so long as any Lender is a Defaulting Lender hereunder and to the extent required, the Borrowers have cash collateralized such Defaulting Lender's portion of the total LC Exposure pursuant to Section 2.06(j), the portion of the participation fees attributable to such Defaulting Lender pursuant to paragraph (i) of this Section 2.12(b) shall cease to accrue pursuant to the terms of this Section 2.12(b) and the Borrowers shall have no obligation to pay any participation fees to the Administrative Agent for

the account of such Defaulting Lender for the period of time such Lender is a Defaulting Lender and, to the extent required, such Defaulting Lender's portion of the total LC Exposure is cash collateralized pursuant to Section 2.06(j); *provided*, however, that in the event the Borrowers have not cash collateralized any Defaulting Lender's portion of the total LC Exposure pursuant to, and as required under, Section 2.06(j), then, without prejudice to any rights or remedies of the Issuing Bank or any Lender hereunder, all participation fees accruing during the period of time such Lender is a Defaulting Lender that otherwise would have been payable for the account of such Defaulting Lender pursuant to paragraph (i) of this Section 2.12(b) shall be payable to the Issuing Bank for the account of the Issuing Bank until such Defaulting Lender's LC Exposure is cash collateralized pursuant to, and as required under, Section 2.06(j).

(c) The Borrowers agree to pay to the Administrative Agent, for its own account, fees payable in the amounts and at the times separately agreed upon between the Borrowers and the Administrative Agent.

(d) All fees payable hereunder shall be paid on the dates due, in immediately available funds, to the Administrative Agent (or to the Issuing Bank, in the case of fees payable to it) for distribution, in the case of Unused Commitment Fees and participation fees, to the Lenders. Fees paid shall not be refundable under any circumstances.

Section 2.13. *Interest.*

(a) The Loans comprising each ABR Borrowing shall bear interest at the Alternate Base Rate plus the Applicable Rate.

(b) The Loans comprising each Eurodollar Borrowing shall bear interest at the Adjusted LIBO Rate for the Interest Period in effect for such Borrowing plus the Applicable Rate.

(c) Notwithstanding the foregoing, if any principal of or interest on any Loan or any fee or other amount payable by the Borrowers hereunder is not paid when due, whether at stated maturity, upon acceleration or otherwise, such overdue amount shall bear interest, after as well as before judgment, at a rate per annum equal to (i) in the case of overdue principal of any Loan, two percent (2%) plus the rate otherwise applicable to such Loan as provided in the preceding paragraphs of this Section or (ii) in the case of any other amount, two percent (2%) plus the rate applicable to ABR Loans as provided in paragraph (a) of this Section.

(d) Accrued interest on each Loan shall be payable in arrears on each Interest Payment Date for such Loan and upon termination of the Aggregate Commitment and on the Maturity Date; *provided* that (i) interest accrued pursuant to paragraph (c) of this Section shall be payable on demand, (ii) in the event of any repayment or prepayment of any Loan (other than a prepayment of an ABR Loan prior to the end of the Availability Period at a time when no Borrowing Base Deficiency exists), accrued interest on the principal amount repaid or prepaid shall be payable on the date of such repayment or prepayment and (iii) in the event of any conversion of any Eurodollar Loan prior to the end of the current Interest Period therefor, accrued interest on such Loan shall be payable on the effective date of such conversion.

(e) All interest hereunder shall be computed on the basis of a year of 360 days, except that interest computed by reference to the Alternate Base Rate at times when the Alternate Base Rate is based on the Prime Rate shall be computed on the basis of a year of 365 days (or 366 days in a leap year), and in each case shall be payable for the actual number of days elapsed (including the first day but excluding the last day). The applicable Alternate Base Rate, Adjusted LIBO Rate or LIBO Rate shall be determined by the Administrative Agent, and such determination shall be conclusive absent manifest error.

Section 2.14. *Alternate Rate of Interest.* If prior to the commencement of any Interest Period for a Eurodollar Borrowing:

- (a) the Administrative Agent determines (which determination shall be conclusive absent manifest error) that adequate and reasonable means do not exist for ascertaining the Adjusted LIBO Rate or the LIBO Rate, as applicable, for such Interest Period; or
- (b) the Administrative Agent is advised by the Required Lenders that the Adjusted LIBO Rate or the LIBO Rate, as applicable, for such Interest Period will not adequately and fairly reflect the cost to such Lenders (or Lender) of making or maintaining their Loans (or its Loan) included in such Borrowing for such Interest Period;

then the Administrative Agent shall give notice thereof to the Borrower Representative and the Lenders by telephone or telecopy as promptly as practicable thereafter and, until the Administrative Agent notifies the Borrower Representative and the Lenders that the circumstances giving rise to such notice no longer exist, (i) any Interest Election Request that requests the conversion of any Borrowing to, or continuation of any Borrowing as, a Eurodollar Borrowing shall be ineffective, and (ii) if any Borrowing Request requests a Eurodollar Borrowing, such Borrowing shall be made as an ABR Borrowing.

Section 2.15. *Increased Costs.*

(a) If any Change in Law shall:

(i) impose, modify or deem applicable any reserve, special deposit or similar requirement against assets of, deposits with or for the account of, or credit extended by, any Lender (except any such reserve requirement reflected in the Adjusted LIBO Rate) or the Issuing Bank; or

(ii) impose on any Lender or the Issuing Bank or the London interbank market any other condition affecting this Agreement or Eurodollar Loans made by such Lender or any Letter of Credit or participation therein;

and the result of any of the foregoing shall be to increase the cost to such Lender of making or maintaining any Eurodollar Loan (or of maintaining its obligation to make any such Loan) or to increase the cost to such Lender or the Issuing Bank of participating in, issuing or maintaining any Letter of Credit or to reduce the amount of any sum received or receivable by such Lender or the Issuing Bank hereunder (whether of principal, interest or otherwise), then the Borrowers will pay to such Lender or the Issuing Bank, as the case may be, such additional amount or amounts as will compensate such Lender or the Issuing Bank, as the case may be, for such additional costs incurred or reduction suffered.

(b) If any Lender or the Issuing Bank determines that any Change in Law regarding capital requirements has or would have the effect of reducing the rate of return on such Lender's or the Issuing Bank's capital or on the capital of such Lender's or the Issuing Bank's holding company, if any, as a consequence of this Agreement or the Loans made by, or participations in Letters of Credit held by, such Lender, or the Letters of Credit issued by the Issuing Bank, to a level below that which such Lender or the Issuing Bank or such Lender's or the Issuing Bank's holding company could have achieved but for such Change in Law (taking into consideration such Lender's or the Issuing Bank's policies and the policies of such Lender's or the Issuing Bank's holding company with respect to capital adequacy), then from time to time the Borrowers will pay to such Lender or the Issuing Bank, as the case may be, such additional amount or amounts as will compensate such Lender or the Issuing Bank or such Lender's or the Issuing Bank's holding company for any such reduction suffered.

(c) A certificate of a Lender or the Issuing Bank setting forth the amount or amounts necessary to compensate such Lender or the Issuing Bank or its holding company, as the case may be, as specified in paragraph (a) or (b) of this Section shall be delivered to the Borrower Representative and shall be conclusive absent manifest error. The Borrowers shall pay such Lender or the Issuing Bank, as the case may be, the amount shown as due on any such certificate within ten (10) days after receipt thereof.

(d) Failure or delay on the part of any Lender or the Issuing Bank to demand compensation pursuant to this Section shall not constitute a waiver of such Lender's or the Issuing Bank's right to demand such compensation; *provided* that the Borrowers shall not be required to compensate a Lender or the Issuing Bank pursuant to this Section for any increased costs or reductions incurred more than 270 days prior to the date that such Lender or the Issuing Bank, as the case may be, notifies the Borrower Representative of the Change in Law giving rise to such increased costs or reductions and of such Lender's or the Issuing Bank's intention to claim compensation therefor; *provided further* that, if the Change in Law giving rise to such increased costs or reductions is retroactive, then the 270-day period referred to above shall be extended to include the period of retroactive effect thereof.

Section 2.16. *Break Funding Payments.* In the event of (a) the payment of any principal of any Eurodollar Loan other than on the last day of an Interest Period applicable thereto (including as a result of an Event of Default), (b) the conversion of any Eurodollar Loan other than on the last day of the Interest Period applicable thereto, (c) the failure to borrow, convert, continue or prepay any Eurodollar Loan on the date specified in any notice delivered pursuant hereto (regardless of whether such notice may be revoked under Section 2.10(b) and is revoked in accordance therewith) or (d) the assignment of any Eurodollar Loan other than on the last day of the Interest Period applicable thereto as a result of a request by the Borrower Representative pursuant to Section 2.19, then, in any such event, the Borrowers shall compensate each Lender for the loss, cost and expense attributable to such event. In the case of a Eurodollar Loan, such loss, cost or expense to any Lender shall be deemed to include an amount determined by such Lender to be the excess, if any, of (i) the amount of interest which would have accrued on the principal amount of such Loan had such event not occurred, at the Adjusted LIBO Rate that would have been applicable to such Loan, for the period from the date of such event to the last day of the then current Interest Period therefor (or, in the case of a failure to borrow, convert or continue, for the period that would have been the Interest Period for such Loan), over (ii) the amount of interest which would accrue on such principal amount for such period at the interest rate which such Lender would bid were it to bid, at the commencement of such period, for dollar deposits of a comparable amount and period from other banks in the Eurodollar market. A certificate of any Lender setting forth any amount or amounts that such Lender is entitled to receive pursuant to this Section shall be delivered to the Borrower Representative and shall be conclusive absent manifest error. The Borrowers shall pay such Lender the amount shown as due on any such certificate within ten (10) days after receipt thereof.

Section 2.17. *Taxes.*

(a) Any and all payments by or on account of any obligation of the Borrowers hereunder shall be made free and clear of and without deduction for any Indemnified Taxes or Other Taxes; *provided* that if any Borrower shall be required to deduct any Indemnified Taxes or Other Taxes from such payments, then (i) the sum payable shall be increased as necessary so that after making all required deductions (including deductions applicable to additional sums payable under this Section) the Administrative Agent, Lender or Issuing Bank (as the case may be) receives an amount equal to the sum it would have received had no such deductions been made, (ii) such Borrower shall make such deductions and (iii) such Borrower shall pay the full amount deducted to the relevant Governmental Authority in accordance with applicable law.

(b) In addition, the Borrowers shall pay any Other Taxes to the relevant Governmental Authority in accordance with applicable law.

(c) The Borrowers shall indemnify the Administrative Agent, each Lender and the Issuing Bank, within ten (10) days after written demand therefor, for the full amount of any Indemnified Taxes or Other Taxes paid by the Administrative Agent, such Lender or the Issuing Bank, as the case may be, on or with respect to any payment by or on account of any obligation of the Borrowers hereunder (including Indemnified Taxes or Other Taxes imposed or asserted on or attributable to amounts payable under this Section) and any penalties, interest and reasonable expenses arising therefrom or with respect thereto, whether or not such Indemnified Taxes or Other Taxes were correctly or legally imposed or asserted by the relevant Governmental Authority. A certificate as to the amount of such payment or liability delivered to the Borrower Representative by a Lender or the Issuing Bank, or by the Administrative Agent on its own behalf or on behalf of a Lender or the Issuing Bank, shall be conclusive absent manifest error.

(d) As soon as practicable after any payment of Indemnified Taxes or Other Taxes by any Borrower to a Governmental Authority, the Borrower Representative shall deliver to the Administrative Agent the original or a certified copy of a receipt issued by such Governmental Authority evidencing such payment, a copy of the return reporting such payment or other evidence of such payment reasonably satisfactory to the Administrative Agent.

(e) Any Foreign Lender that is entitled to an exemption from or reduction of withholding tax under the law of the jurisdiction in which any Borrower is located, or any treaty to which such jurisdiction is a party, with respect to payments under this Agreement shall deliver to the Borrower Representative (with a copy to the Administrative Agent), at the time or times prescribed by applicable law, such properly completed and executed documentation prescribed by applicable law or reasonably requested by the Borrowers as will permit such payments to be made without withholding or at a reduced rate.

(f) If the Administrative Agent or a Lender determines, in its sole discretion, that it has received a refund of any Taxes or Other Taxes as to which it has been indemnified by the Borrowers or with respect to which the Borrowers have paid additional amounts pursuant to this Section 2.17, it shall pay over such refund to the Borrowers (but only to the extent of indemnity payments made, or additional amounts paid, by the Borrowers under this Section 2.17 with respect to the Taxes or Other Taxes giving rise to such refund), net of all out-of-pocket expenses of the Administrative Agent or such Lender and without interest (other than any interest paid by the relevant Governmental Authority with respect to such refund); *provided*, that the Borrowers, upon the request of the Administrative Agent or such Lender, agree to repay the amount paid over to the Borrowers (plus any penalties, interest or other charges imposed by the relevant Governmental Authority) to the Administrative Agent or such Lender in the event the Administrative Agent or such Lender is required to repay such refund to such Governmental Authority. This Section shall not be construed to require the Administrative Agent or any Lender to make available its tax returns (or any other information relating to its taxes which it deems confidential) to the Borrowers or any other Person.

Section 2.18. *Payments Generally; Pro Rata Treatment; Sharing of Set-offs.*

(a) The Borrowers shall make each payment required to be made by it hereunder (whether of principal, interest, fees or reimbursement of LC Disbursements, or of amounts payable under Section 2.15, Section 2.16 or Section 2.17, or otherwise) prior to 12:00 noon on the date when due, in immediately available funds, without set-off or counterclaim. Any amounts received after such time on any date may, in the discretion of the Administrative Agent, be deemed to have been received on the next succeeding Business Day for purposes of calculating interest thereon. All such payments shall be made to the Administrative Agent at its offices at Mail Code IL1-0634, 21 South

Clark Street, Chicago, Illinois, except payments to be made directly to the Issuing Bank as expressly provided herein and except that payments pursuant to Section 2.15, Section 2.16, Section 2.17 and Section 11.03 shall be made directly to the Persons entitled thereto. The Administrative Agent shall distribute any such payments received by it for the account of any other Person to the appropriate recipient promptly following receipt thereof. If any payment hereunder shall be due on a day that is not a Business Day, the date of payment shall be extended to the next succeeding Business Day, and, in the case of any payment accruing interest, interest thereon shall be payable for the period of such extension. All payments hereunder shall be made in Dollars.

(b) If at any time insufficient funds are received by and available to the Administrative Agent to pay fully all amounts of principal, unreimbursed LC Disbursements, interest, fees and other Obligations then due hereunder, such funds shall be applied (i) first, towards payment of interest and fees then due hereunder, ratably among the parties entitled thereto in accordance with the amounts of interest and fees then due to such parties, and (ii) second, towards payment of principal and unreimbursed LC Disbursements then due hereunder, ratably among the parties entitled thereto in accordance with the amounts of principal and unreimbursed LC Disbursements then due to such parties; *provided* that, notwithstanding anything to the contrary contained in this Agreement or in any other Loan Document, in the event such funds are received by and available to the Administrative Agent as a result of the exercise of any rights and remedies with respect to any collateral under the Security Documents or as a result of any distribution made pursuant to a bankruptcy proceeding of any Credit Party or any plan of reorganization confirmed in any such proceeding, such funds shall be applied (i) first to any fees and reimbursements due Administrative Agent hereunder or under any other Loan Document, (ii) then ratably to the payment of the Obligations (other than Cash Management Obligations), including LC Obligations (in the manner set forth above) and the Lender Hedging Obligations until such Obligations are paid in full, (iii) then from proceeds of the Security Documents ratably to the payment of any other indebtedness and Obligations (other than, in each case, Cash Management Obligations) secured by the Security Documents, and (iv) then to the payment of Cash Management Obligations. The Administrative Agent shall have no responsibility to determine the existence or amount of Lender Hedging Obligations or Cash Management Obligations and may reserve from the application of amounts under this Section amounts distributable in respect of Lender Hedging Obligations or Cash Management Obligations until it has received evidence satisfactory to it of the existence and amount of such Lender Hedging Obligations or Cash Management Obligations.

(c) If any Lender shall, by exercising any right of set-off or counterclaim or otherwise, obtain payment in respect of any principal of or interest on any of its Loans or participations in LC Disbursements resulting in such Lender receiving payment of a greater proportion of the aggregate amount of its Loans and participations in LC Disbursements and accrued interest thereon than the proportion received by any other Lender, then the Lender receiving such greater proportion shall purchase (for cash at face value) participations in the Loans and participations in LC Disbursements of other Lenders to the extent necessary so that the benefit of all such payments shall be shared by the Lenders ratably in accordance with the aggregate amount of principal of and accrued interest on their respective Loans and participations in LC Disbursements; *provided* that (i) if any such participations are purchased and all or any portion of the payment giving rise thereto is recovered, such participations shall be rescinded and the purchase price restored to the extent of such recovery, without interest, and (ii) the provisions of this paragraph shall not be construed to apply to any payment made by the Borrowers pursuant to and in accordance with the express terms of this Agreement or any payment obtained by a Lender as consideration for the assignment of or sale of a participation in any of its Loans or participations in LC Disbursements to any assignee or participant, other than to any Borrower or any Subsidiary thereof (as to which the provisions of this paragraph shall apply). Each Borrower consents to the foregoing and agrees,

to the extent it may effectively do so under applicable law, that any Lender acquiring a participation pursuant to the foregoing arrangements may exercise against such Borrower rights of set-off and counterclaim with respect to such participation as fully as if such Lender were a direct creditor of such Borrower in the amount of such participation.

(d) Unless the Administrative Agent shall have received notice from the Borrower Representative prior to the date on which any payment is due to the Administrative Agent for the account of the Lenders or the Issuing Bank hereunder that the Borrowers will not make such payment, the Administrative Agent may assume that the Borrowers have made such payment on such date in accordance herewith and may, in reliance upon such assumption, distribute to the Lenders or the Issuing Bank, as the case may be, the amount due. In such event, if the Borrowers have not in fact made such payment, then each of the Lenders or the Issuing Bank, as the case may be, severally agrees to repay to the Administrative Agent forthwith on demand the amount so distributed to such Lender or Issuing Bank with interest thereon, for each day from and including the date such amount is distributed to it to but excluding the date of payment to the Administrative Agent, at the greater of the Federal Funds Effective Rate and a rate determined by the Administrative Agent in accordance with banking industry rules on interbank compensation.

(e) Notwithstanding anything to the contrary herein, if any Lender shall be a Defaulting Lender or shall fail to make any payment required to be made by it pursuant to Section 2.06(d) or Section 2.06(e), Section 2.07(b), Section 2.18(d) or Section 11.03(c), then the Administrative Agent may, in its discretion (notwithstanding any contrary provision hereof), apply any amounts thereafter received by the Administrative Agent for the account of such Lender to satisfy such Lender's obligations under such Sections until all such unsatisfied obligations are fully paid.

Section 2.19. *Mitigation Obligations; Replacement of Lenders.*

(a) If any Lender requests compensation under Section 2.15, or if any Borrower is required to pay any additional amount to any Lender or any Governmental Authority for the account of any Lender pursuant to Section 2.17, then such Lender shall use reasonable efforts to designate a different lending office for funding or booking its Loans hereunder or to assign its rights and obligations hereunder to another of its offices, branches or affiliates, if, in the judgment of such Lender, such designation or assignment (i) would eliminate or reduce amounts payable pursuant to Section 2.15 or Section 2.17, as the case may be, in the future and (ii) would not subject such Lender to any unreimbursed cost or expense and would not otherwise be disadvantageous to such Lender. The Borrowers hereby agree to pay all reasonable costs and expenses incurred by any Lender in connection with any such designation or assignment.

(b) If any Lender requests compensation under Section 2.15, or if the Borrowers are required to pay any additional amount to any Lender or any Governmental Authority for the account of any Lender pursuant to Section 2.17, or if any Lender is a Defaulting Lender, then the Borrowers may, at their sole expense and effort, upon notice to such Lender and the Administrative Agent, require such Lender to assign and delegate, without recourse (in accordance with and subject to the restrictions contained in Section 11.04), all its interests, rights and obligations under this Agreement to an assignee that shall assume such obligations (which assignee may be another Lender, if a Lender accepts such assignment); *provided* that (i) the Borrowers shall have received the prior written consent of the Administrative Agent (and if a Commitment is being assigned, the Issuing Bank), which consent shall not unreasonably be withheld, (ii) such Lender shall have received payment of an amount equal to the outstanding principal of its Loans and participations in LC Disbursements, accrued interest thereon, accrued fees and all other amounts payable to it hereunder, from the assignee (to the extent of such outstanding principal and accrued interest and fees) or the Borrowers (in the case of all other amounts) and (iii) in the case of any such assignment resulting from a claim for compensation under Section 2.15 or payments required to be

made pursuant to Section 2.17, such assignment will result in a reduction in such compensation or payments. A Lender shall not be required to make any such assignment and delegation if, prior thereto, as a result of a waiver by such Lender or otherwise, the circumstances entitling the Borrowers to require such assignment and delegation cease to apply.

(c) If in connection with any proposed amendment, modification, termination, waiver or consent with respect to any of the provisions of this Agreement or any other Loan Document as contemplated by Section 11.02, the consent of Required Lenders shall have been obtained but the consent of one or more of such other Lenders (each a "*Non-Consenting Lender*") whose consent is required has not been obtained or if Lender is a Defaulting Lender; then, the Borrowers may elect to replace such Non-Consenting Lender or Defaulting Lender, as the case may be, as a Lender party to this Agreement in accordance with and subject to the restrictions contained in, and consents required by Section 11.04; *provided* that (i) the Borrowers shall have received the prior written consent of the Administrative Agent (and if a Commitment is being assigned, the Issuing Bank), which consent shall not unreasonably be withheld, and (ii) such Lender shall have received payment of an amount equal to the outstanding principal of its Loans and participations in LC Disbursements, accrued interest thereon, accrued fees and all other amounts payable to it hereunder, from the assignee (to the extent of such outstanding principal and accrued interest and fees) or the Borrowers (in the case of all other amounts). A Lender shall not be required to make any such assignment and delegation if, prior thereto, as a result of a waiver by such Lender or otherwise, the circumstances entitling the Borrowers to require such assignment and delegation cease to apply or, in the case of a Defaulting Lender, such Lender is no longer a Defaulting Lender.

Section 2.20. *Borrower Representative.* Each Borrower hereby appoints Antero as its representative, hereunder, for all purposes, including requesting borrowings and receiving account statements and other notices and communications to the Borrowers (or any of them) from the Administrative Agent or any Lender. The Administrative Agent and the Lenders may rely, and shall be fully protected in relying, on any request for borrowing, disbursement instruction, report, information or any other notice or communication made or given by such Person, whether in its own name, on behalf of any other Borrower or on behalf of "the Borrowers," and neither the Administrative Agent nor any Lender shall have any obligation to make any inquiry or request any confirmation from or on behalf of any other Borrower as to the binding effect on it of any such request, instruction, report, information, notice or communication, nor shall the joint and several character of the Borrowers' liability for the Obligations be affected.

Section 2.21. *Joint and Several Liability.* The Obligations shall constitute one joint and several direct and general obligation of the Borrowers. Notwithstanding anything to the contrary contained herein, each of the Borrowers shall be jointly and severally, with each other Borrower, directly and unconditionally liable to the Administrative Agent and the Lenders for all Obligations and shall have the obligations of co-maker with respect to the Loans, any promissory notes issued pursuant to Section 2.09(e), and the other Obligations, it being agreed that the advances to each Borrower inure to the benefit of all Borrowers, and that the Administrative Agent and the Lenders are relying on such joint and several liability of the Borrowers as co-makers in extending the Loans hereunder.

Article III

Borrowing Base

Section 3.01. *Initial Borrowing Base.* During the period from the Effective Date until the first Redetermination after the Effective Date, the Borrowing Base shall be \$375,000,000 (the "*Initial Borrowing Base*"). Notwithstanding the foregoing, the Borrowing Base may be subject to further adjustments from time to time pursuant to Section 7.05.

Section 3.02. *Reserve Report.* As soon as available and in any event (i) by April 1, July 1 and October 1 of the calendar year ending on December 31, 2009, (ii) by January 1, 2010 and (iii) thereafter by April 1 and October 1 of each year, the Borrowers shall deliver to the Administrative Agent and each Lender a Reserve Report, prepared as of the first day of the month immediately preceding the date such report is due, in form and substance reasonably satisfactory to the Administrative Agent and prepared by an Approved Petroleum Engineer (or, in the case of any Reserve Report due on any date other than April 1 of each year, by petroleum engineers employed by the Borrowers or an Approved Petroleum Engineer), said Reserve Report to utilize economic and pricing parameters established from time to time by the Administrative Agent, together with such other information, reports and data concerning the value of the Borrowing Base Properties as the Administrative Agent shall deem reasonably necessary to determine the value of such Borrowing Base Properties. Simultaneously with the delivery to the Administrative Agent and the Lenders of each Reserve Report, the Borrowers shall submit to the Administrative Agent and each Lender the Borrowers' requested amount of the Borrowing Base as of the next Redetermination Date. Promptly after the receipt by the Administrative Agent of such Reserve Report and the Borrowers' requested amount for the Borrowing Base, the Administrative Agent shall submit to the Lenders a recommended amount of the Borrowing Base to become effective for the period commencing on the next Redetermination Date.

Section 3.03. *Scheduled Redeterminations of the Borrowing Base; Procedures and Standards.* Based in part on the Reserve Reports made available to the Administrative Agent and the Lenders pursuant to Section 3.02 and the Midstream Reports delivered to the Administrative Agent and each Lender pursuant to Section 6.01(l), the Lenders shall redetermine the Borrowing Base on or prior to the next Redetermination Date (or such date promptly thereafter as reasonably possible based on the engineering and other information available to the Lenders). Any Borrowing Base which becomes effective as a result of any Redetermination of the Borrowing Base shall be subject to the following restrictions: (a) such Borrowing Base shall not exceed the amount of the Borrowing Base requested by the Borrowers, (b) to the extent such Borrowing Base represents an increase in the Borrowing Base in effect prior to such Redetermination, such Borrowing Base must be approved by all Lenders, and (c) to the extent such Borrowing Base represents a decrease in the Borrowing Base in effect prior to such Redetermination or a reaffirmation of such prior Borrowing Base, such Borrowing Base must be approved by the Administrative Agent and Required Lenders. If a redetermined Borrowing Base is not approved by the Administrative Agent and Required Lenders within fifteen (15) days after the submission to the Lenders by the Administrative Agent of its recommended Borrowing Base pursuant to Section 3.02, or by all Lenders within such fifteen (15) day period in the case of any increase in the Borrowing Base, the Administrative Agent shall notify each Lender that the recommended Borrowing Base has not been approved and request that each Lender submit to the Administrative Agent within ten (10) days thereafter its proposed Borrowing Base. Promptly following the tenth day after the Administrative Agent's request for each Lender's proposed Borrowing Base, the Administrative Agent shall determine the Borrowing Base for such Redetermination by calculating the highest Borrowing Base then acceptable to the Administrative Agent and a number of Lenders sufficient to constitute Required Lenders (or all Lenders in the case of an increase in the Borrowing Base). Each Redetermination shall be made by the Lenders in their sole discretion, but based on the Administrative Agent's and such Lender's usual and customary procedures for evaluating Oil and Gas Interests as such exist at the time of such Redetermination, and including adjustments to reflect the effect of any Hedging Contracts of the Borrowers and the Restricted Subsidiaries as such exist at the time of such Redetermination. The Borrowers acknowledge and agree that each Redetermination shall be based upon the loan collateral value which the Administrative Agent and each Lender in its sole discretion (using such methodology, assumptions and discount rates as the Administrative Agent and such Lender customarily uses in assigning collateral value to Oil and Gas Interests) assigns to the Borrowing Base Properties at the time in question and based upon such other credit factors consistently applied

(including, without limitation, the assets, liabilities, cash flow, business, properties, prospects, management and ownership of the Credit Parties) as the Administrative Agent and such Lender customarily considers in evaluating similar oil and gas credits. If the Borrowers do not furnish all information, reports and data required to be delivered by any date specified in this Article III, unless such failure is not the fault of the Borrowers, the Administrative Agent and Lenders may nonetheless designate the Borrowing Base at any amounts which the Administrative Agent and Lenders in their reasonable discretion determine and may redesignate the Borrowing Base from time to time thereafter until the Administrative Agent and Lenders receive all such information, reports and data, whereupon the Administrative Agent and Lenders shall designate a new Borrowing Base, as described above. **IT IS EXPRESSLY UNDERSTOOD THAT THE ADMINISTRATIVE AGENT AND LENDERS HAVE NO OBLIGATION TO DESIGNATE THE BORROWING BASE AT ANY PARTICULAR AMOUNTS, EXCEPT IN THE EXERCISE OF THEIR DISCRETION, WHETHER IN RELATION TO THE MAXIMUM FACILITY AMOUNT OR OTHERWISE.**

Section 3.04. *Special Redeterminations.* In addition to Scheduled Redeterminations and Special Redeterminations pursuant to Section 7.03(d), (a) the Borrowers may request a Special Redetermination of the Borrowing Base (i) once in any calendar year ending on or before December 31, 2009 and (ii) twice in any calendar year thereafter and (b) the Required Lenders may request a Special Redetermination (i) in connection with any incurrence of, or any increase in, Permitted Subordinated Debt, (ii) in connection with the incurrence of Indebtedness described in Section 7.01(g) on or after the Effective Date, and (iii) once in any calendar year for any other reason. Any request by Borrowers pursuant to this Section 3.04 shall be submitted to the Administrative Agent and each Lender and at the time of such request (or within fifteen (15) days thereafter in the case of the Reserve Report and the Midstream Report) Borrowers shall (1) deliver to the Administrative Agent and each Lender a Reserve Report and Midstream Report prepared as of a date prior to the date of such request that is reasonably acceptable to the Administrative Agent and such other information which the Administrative Agent shall reasonably request, and (2) notify the Administrative Agent and each Lender of the Borrowing Base requested by Borrowers in connection with such Special Redetermination. Any request by Required Lenders pursuant to this Section 3.04 shall be submitted to the Administrative Agent and the Borrowers. Any Special Redetermination shall be made by the Administrative Agent and Lenders in accordance with the procedures and standards set forth in Section 3.03; *provided* that no Reserve Report or Midstream Report is required to be delivered to the Administrative Agent or the Lenders in connection with any Special Redetermination requested by the Required Lenders pursuant to this Section 3.04.

Section 3.05. *Notice of Redetermination.* Promptly following any Redetermination of the Borrowing Base, the Administrative Agent shall notify the Borrowers of the amount of the redetermined Borrowing Base, which Borrowing Base shall be effective as of the date specified in such notice, and such Borrowing Base shall remain in effect for all purposes of this Agreement until the next Redetermination.

Article IV

Representations and Warranties

Each Borrower represents and warrants to the Lenders that:

Section 4.01. *Organization; Powers.* Each Credit Party and each Restricted Subsidiary is duly organized, validly existing and in good standing under the laws of the jurisdiction of its organization, has all requisite power and authority to carry on its business as now conducted and is qualified to do business in, and is in good standing in, every jurisdiction where the character of the properties owned or held by it or the nature of the business transacted by it makes such qualification necessary.

Section 4.02. *Authorization; Enforceability.* The Transactions are within each Credit Party's corporate, limited liability company or partnership powers and have been duly authorized by all necessary corporate, limited liability company or partnership and, if required, stockholder action. This Agreement has been duly executed and delivered by each Credit Party and this Agreement and the other Loan Documents, when duly executed are delivered, constitute the legal, valid and binding obligations of each Credit Party, enforceable in accordance with their terms, subject to applicable bankruptcy, insolvency, reorganization, moratorium or other laws affecting creditors' rights generally and subject to general principles of equity, regardless of whether considered in a proceeding in equity or at law.

Section 4.03. *Governmental Approvals; No Conflicts.* The Transactions (a) do not require any consent or approval of, registration or filing with, or any other action by, any Governmental Authority, except such as have been obtained or made and are in full force and effect or have been made or to be made in connection with the filing of the Security Documents to secure the Obligations, (b) will not violate any applicable law or regulation or the charter, by-laws or other Organizational Documents of any Borrower or any Restricted Subsidiary or any order of any Governmental Authority, (c) will not violate or result in a default under any material indenture, agreement, instrument, license, order or permit binding upon any Borrower or any Restricted Subsidiary or any of their respective assets, or give rise to a right thereunder to require any payment to be made by any Borrower or any Restricted Subsidiary, and (d) will not result in the creation or imposition of any Lien on any asset of any Borrower or, any Restricted Subsidiary other than Permitted Liens.

Section 4.04. *Financial Condition; No Material Adverse Change.*

(a) Each Borrower has heretofore furnished to the Lenders its audited (and in the case of paragraph (ii) below, unaudited) Consolidated balance sheet and related statements of income, stockholders' equity and cash flows of such Borrower and its Consolidated Subsidiaries (i) as of and for the fiscal year ended December 31, 2007, reported on by KMPG, LLP, independent public accountants, and (ii) as of and for each of the fiscal quarters ended March 31, June 30 and September 30, 2008, certified by its Financial Officer to the effect that such financial statements present fairly, in all material respects, the financial position and results of operations and cash flows of such Borrower and its Consolidated Subsidiaries as of such dates and for such periods in accordance with GAAP after applying FASB 123R, 133 and 143 as of such date, subject to year-end audit adjustments and the absence of footnotes in the case of the statements referred to in paragraph (ii) above.

(b) Since December 31, 2007, no event or circumstance which has had or could reasonably be expected to have a Material Adverse Effect has occurred.

Section 4.05. *Intellectual Property.* Each Borrower and each Restricted Subsidiary owns, or is licensed to use, all trademarks, tradenames, copyrights, patents and other intellectual property material to its business, and the use thereof by such Borrower and such Restricted Subsidiaries, as the case may be, does not infringe upon the rights of any other Person, except for any such infringements that, individually or in the aggregate, could not reasonably be expected to result in a Material Adverse Effect.

Section 4.06. *Litigation and Environmental Matters.*

(a) There are no actions, suits, investigations or proceedings by or before any arbitrator or Governmental Authority pending against or, to the knowledge of the Borrowers, threatened against or affecting any Borrower or any Restricted Subsidiary, (i) as to which there is a reasonable possibility of an adverse determination and that, if adversely determined, could reasonably be expected, individually or in the aggregate, to result in a Material Adverse Effect (other than the Disclosed Matters) or (ii) that involve this Agreement or the Transactions.

(b) Except for the Disclosed Matters and except with respect to any other matters that, individually or in the aggregate, could not reasonably be expected to result in a Material Adverse Effect, no Borrower nor any Restricted Subsidiary, to any Borrower's knowledge, (i) has failed to comply with any Environmental Law or to obtain, maintain or comply with any permit, license or other approval required under any Environmental Law, (ii) has become subject to any Environmental Liability, (iii) has received written notice of any claim with respect to any Environmental Liability or (iv) knows of any basis for any claim with respect to any Environmental Liability.

(c) Since the date of this Agreement, there has been no change in the status of the Disclosed Matters that, individually or in the aggregate, has resulted in, or materially increased the likelihood of, a Material Adverse Effect.

Section 4.07. *Compliance with Laws and Agreements.* Each Borrower and each Restricted Subsidiary is in compliance with all Laws, regulations and orders of any Governmental Authority applicable to it or its property and all indentures, agreements and other instruments binding upon it or its property, except where the failure to do so, individually or in the aggregate, could not reasonably be expected to result in a Material Adverse Effect.

Section 4.08. *Investment Company Status.* No Borrower and no Restricted Subsidiary is an "investment company" as defined in, or subject to regulation under, the Investment Company Act of 1940.

Section 4.09. *Taxes.* Each Borrower and each Restricted Subsidiary has timely filed or caused to be filed all Tax returns and reports required to have been filed and has paid or caused to be paid all Taxes required to have been paid by it, except (a) Taxes that are being contested in good faith by appropriate proceedings and for which such Borrower or such Restricted Subsidiary, as applicable, has set aside on its books adequate reserves or (b) to the extent that the failure to do so could not reasonably be expected to result in a Material Adverse Effect.

Section 4.10. *ERISA.* No ERISA Event has occurred or is reasonably expected to occur that, when taken together with all other such ERISA Events for which liability is reasonably expected to occur, could reasonably be expected to result in a Material Adverse Effect. The present value of all accumulated benefit obligations under each Plan did not, as of the date of the most recent financial statements reflecting such amounts, exceed by more than \$500,000 the fair market value of the assets of such Plan, and the present value of all accumulated benefit obligations of all underfunded Plans did not, as of the date of the most recent financial statements reflecting such amounts, exceed by more than \$500,000 the fair market value of the assets of all such underfunded Plans.

Section 4.11. *Disclosure.* Each Borrower has disclosed to the Lenders all agreements, instruments and corporate or other restrictions to which it or any Restricted Subsidiary is subject, and all other matters known to it, that, individually or in the aggregate, could reasonably be expected to result in a Material Adverse Effect. None of the other reports, financial statements, certificates or other information furnished by or on behalf of any Borrower or any Restricted Subsidiary to the Administrative Agent or any Lender in connection with the negotiation of this Agreement or delivered hereunder (as modified or supplemented by other information so furnished) when taken as a whole contains any material misstatement of fact or omits to state any material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading as of the date made or deemed made; *provided* that, with respect to projected financial information, each Borrower represents only that such information was prepared in good faith based on assumptions believed to be reasonable at the time.

Section 4.12. *Labor Matters.* There are no strikes, lockouts or slowdowns against any Borrower or any of its Restricted Subsidiaries pending or, to the knowledge of any Borrower, threatened that could reasonably be expected to have a Material Adverse Effect. The hours worked by and payments made to employees of each Borrower and its Restricted Subsidiaries have not been in violation of the Fair Labor Standards Act or any other Law dealing with such matters to the extent that such violation could reasonably be expected to have a Material Adverse Effect.

Section 4.13. *Capitalization.* Schedule 4.13 lists, as of the Effective Date, (a) each Subsidiary that is an Unrestricted Subsidiary, (b) for each Borrower, its full legal name, its jurisdiction of organization and its federal tax identification number and (c) for each Restricted Subsidiary, its full legal name, its jurisdiction of organization, its federal tax identification number and the number of shares of capital stock or other Equity Interests outstanding and the owner(s) of such shares or Equity Interests.

Section 4.14. *Margin Stock.* No Borrower and no Restricted Subsidiary is engaged principally, or as one of its important activities, in the business of extending credit for the purpose of purchasing or carrying margin stock (within the meaning of Regulation U issued by the Board), and no part of the proceeds of any Loan will be used to purchase or carry any margin stock or to extend credit to others for the purpose of purchasing or carrying margin stock.

Section 4.15. *Title to Properties; Licenses.* Each Credit Party and each Restricted Subsidiary has good and defensible title to, or valid leasehold interests in or rights to exploit under farmout agreements, all of the Collateral owned or leased by such Person. All of each Credit Party and each Restricted Subsidiary's other material properties and assets necessary or used in the ordinary conduct of its business, are free and clear of all Liens, encumbrances, or adverse claims other than Permitted Liens and free of all impediments to the use of such properties and assets in the ordinary course of such Person's business, except that no representation or warranty, express, implied or statutory, is made with respect to any oil, gas or mineral property which is not a Borrowing Base Property. Each Credit Party and each Restricted Subsidiary owns the net revenue interests in production attributable to the wells and units evaluated in the most recently delivered Reserve Report. The ownership of such properties does not in the aggregate in any material respect obligate such Credit Party or such Restricted Subsidiary to bear the costs and expenses relating to the maintenance, development and operations of such properties in an amount materially in excess of the working interest of such properties set forth in the most recently delivered Reserve Report. Upon delivery of each Reserve Report and Midstream Report furnished to the Lenders pursuant to Section 6.01(g) and Section 6.01(l), respectively, the statements made in the preceding sentences of this section and in Section 4.19 shall be true in all material respects with respect to such Reserve Report and Midstream Report.

Section 4.16. *Insurance.* The certificate signed by the Financial Officer that attests to the existence and adequacy of, and summarizes, the property and casualty insurance program maintained by the Credit Parties that has been furnished by the Borrower to the Administrative Agent and the Lenders as of the Effective Date, is complete and accurate in all material respects as of the Effective Date and demonstrates the Borrowers' and the Restricted Subsidiaries' compliance with Section 6.05.

Section 4.17. *Solvency.*

(a) Immediately after the consummation of the Transactions and immediately following the making of the initial Borrowing, if any, made on the Effective Date and after giving effect to the application of the proceeds thereof, (1) the fair value of the assets of the Credit Parties on a combined basis, at a fair valuation, will exceed the debts and liabilities, subordinated, contingent or otherwise, of the Credit Parties on a combined basis; (2) the present fair saleable value of the real and personal property of the Credit Parties on a combined basis will be greater than the amount that will be required to pay the probable liability of the Credit Parties on a combined basis on

their debts and other liabilities, subordinated, contingent or otherwise, as such debts and other liabilities become absolute and matured; (3) the Credit Parties on a combined basis will be able to pay their debts and liabilities, subordinated, contingent or otherwise, as such debts and liabilities become absolute and matured; and (4) the Credit Parties on a combined basis will not have unreasonably small capital with which to conduct the businesses in which they are engaged as such businesses are now conducted and are proposed to be conducted after the date hereof.

(b) The Credit Parties do not intend to, and do not believe that they will, incur debts beyond their ability to pay such debts as they mature, taking into account the timing of and amounts of cash to be received by it and the timing of the amounts of cash to be payable on or in respect of its Indebtedness.

Section 4.18. *Leases and Contracts; Performance of Obligations.* To the best of each Borrower's knowledge, the leases, contracts, servitudes and other agreements forming a part of the Borrowing Base Properties are in full force and effect. No Borrower has received a written notice of default under any such contracts or agreements that remains uncured that could reasonably be expected to result in a Material Adverse Effect. All rents, royalties and other payments due and payable under such leases, contracts, servitudes and other agreements, or under any Permitted Liens, or otherwise attendant to the ownership or operation of any Oil and Gas Interests, have been properly and timely paid. No Credit Party has received written notice of a default that remains uncured with respect to its obligations (and no Credit Party has received written notice of any default by any third party with respect to such third party's obligations) under any such leases, contracts, servitudes and other agreements, or under any Permitted Liens, or otherwise attendant to the ownership or operation of any part of the Oil and Gas Interests or the Midstream Assets, where such default could materially and adversely affect the ownership or operation of such Borrowing Base Properties. No Credit Party is currently accounting for any royalties, or overriding royalties or other payments out of production, on a basis (other than delivery in kind) less favorable to such Credit Party than proceeds received by such Credit Party (calculated at the well) from sale of production, and no Credit Party has any liability (or alleged liability) to account for the same on any such less favorable basis that could reasonably be expected to result in a Material Adverse Effect.

Section 4.19. *Sale of Production.* Except (a) as required by law, (b) offsetting, netting and other similar arrangements entered into in the ordinary course of business and (c) as set forth in Schedule 4.19, (i) no Oil and Gas Interest is subject to any contractual or other arrangement whereby payment for production is or can be deferred for a substantial period after the month in which such production is delivered (in the case of Crude Oil, not in excess of sixty (60) days, and in the case of Natural Gas, not in excess of ninety (90) days) and (ii) no Oil and Gas Interest or Midstream Asset is subject to any contractual or other arrangement whereby payments are made to a Credit Party or Restricted Subsidiary other than by checks, drafts, wire transfer advises or other similar writings, instruments or communications for the immediate payment of money. Except for (x) production sales contracts, processing agreements, transportation agreements and other agreements relating to the marketing of production that are listed on Schedule 4.19 in connection with the Oil and Gas Interests or Midstream Assets to which such contract or agreement relates and (y) in the case of clause (2) below, transactions with Affiliates permitted under Section 7.09: (1) no Oil and Gas Interest or Midstream Asset is subject to any long-term firm transportation arrangement or contract or any other contractual or other arrangement for the sale or processing of production (or otherwise related to the marketing of production) which cannot be canceled on 120 days' (or less) notice without material penalty and (2) all long-term firm transportation arrangements or contracts and all contractual or other arrangements for the sale or processing of production (or otherwise related to the marketing of production) are bona fide arm's length transactions made on the best terms available with third parties not affiliated with any Credit Party or Restricted Subsidiary. Each Credit Party and each Restricted Subsidiary is presently receiving a price for all production from (or attributable to) its Oil and Gas

Interests and Midstream Assets covered by a production sales contract or marketing contract listed on Schedule 4.19 that is computed in accordance with the terms of such contract, and no Credit Party is having deliveries of production from such Oil and Gas Interest curtailed substantially below such property's delivery capacity. Except as set forth in Schedule 4.19, no Credit Party, has received prepayments (including payments for gas not taken pursuant to "take or pay" or other similar arrangements) for any Hydrocarbons produced or to be produced from any Oil and Gas Interests after the date hereof. Except as set forth in Schedule 4.19, no Oil and Gas Interest is subject to any "take or pay" or other similar arrangement (A) which can be satisfied in whole or in part by the production or transportation of gas from other properties or (B) as a result of which production from any Oil and Gas Interest may be required to be delivered to one or more third parties without payment (or without full payment) therefor as a result of payments made, or other actions taken, with respect to other properties. Except as set forth in Schedule 4.19, there is no material underproduction or material overproduction from the Borrowing Base Properties. No Oil and Gas Interest is subject to a gas balancing arrangement under which one or more third parties may take a portion of the production attributable to such Oil and Gas Interest without payment (or without full payment) therefor as a result of production having been taken from, or as a result of other actions or inactions with respect to, other properties. No Oil and Gas Interest is subject at the present time to any regulatory refund obligation and, to the best of each Credit Party's knowledge, no facts exist which might cause the same to be imposed. Except as set forth in Schedule 4.19, no Credit Party nor any of its Restricted Subsidiaries is a party to a Purchase and Transportation Contract.

Section 4.20. *Operation of Oil and Gas Interests.* The Oil and Gas Interests (and all properties unitized therewith) and all Midstream Assets are being (and, to the extent the same could adversely affect the ownership or operation of the Oil and Gas Interests and Midstream Assets after the date hereof, have in the past been) maintained, operated and developed in a good and workmanlike manner, in accordance with prudent industry standards and in compliance with (a) all applicable Laws, (b) all oil, gas or other mineral leases and other material contracts and agreements forming a part of the Oil and Gas Interests and (c) the Permitted Liens, except with respect to clauses (a), (b) and (c) above, where the failure to so comply, individually or in the aggregate, could not reasonably be expected to result in a Material Adverse Effect. To the best of each Borrower's knowledge, no Oil and Gas Interest is subject to having allowable production after the date hereof reduced below the full and regular allowable (including the maximum permissible tolerance) because of any overproduction (whether or not the same was permissible at the time) prior to the date hereof. There are no dry holes, or otherwise inactive wells, located on the Borrowing Base Properties, except for wells that have been or are in the process of being properly plugged and abandoned. Each Credit Party and each Restricted Subsidiary has all governmental licenses and permits necessary or appropriate to own and operate its Oil and Gas Interests and its Midstream Assets. No Credit Party nor any Restricted Subsidiary has received written notice of any violations in respect of any such licenses or permits that could reasonably be expected to result in a Material Adverse Effect.

Section 4.21. *Ad Valorem and Severance Taxes; Title Litigation.* No Credit Party has received a written notice of a material default with respect to any ad valorem taxes assessed against its Oil and Gas Interests or any part thereof and all production, severance and other taxes assessed against, or measured by, the production or the value, or proceeds, of the production therefrom. There are no suits, actions, written claims, investigations, written inquiries, proceedings or demands pending (or, to any Credit Party's knowledge, threatened in writing) which might affect the Oil and Gas Interests, including any which challenge or otherwise pertain to any Credit Party's title to any Borrowing Base Property or rights to produce and sell Crude Oil and Natural Gas therefrom that could reasonably be expected to result in a Material Adverse Effect.

Article V

Conditions

Section 5.01. *Effective Date.* The obligations of the Lenders and Lender Counterparties to continue the Original Loans and the Existing Hedging Contracts and the obligations of the Lenders to make Loans and of the Issuing Bank to issue Letters of Credit hereunder shall not become effective until the date on which each of the following conditions is satisfied (or waived in accordance with Section 11.02):

(a) The Administrative Agent (or its counsel) shall have received from each party hereto either (i) a counterpart of this Agreement signed on behalf of such party or (ii) written evidence reasonably satisfactory to the Administrative Agent (which may include telecopy transmission of a signed signature page of this Agreement) that such party has signed a counterpart of this Agreement.

(b) The Administrative Agent shall have received a favorable written opinion (addressed to the Administrative Agent and the Lenders and dated the Effective Date) of Vinson & Elkins LLP, counsel for the Credit Parties, substantially in the form of Exhibit B, and covering such other matters relating to the Credit Parties, this Agreement or the Transactions as the Required Lenders shall reasonably request. The Credit Parties hereby request such counsel to deliver such opinion.

(c) The Administrative Agent shall have received such documents and certificates as the Administrative Agent or its counsel may reasonably request relating to the organization, existence and good standing of each Credit Party, the authorization of the Transactions and any other legal matters relating to the Credit Parties, this Agreement or the Transactions, all in form and substance satisfactory to the Administrative Agent and its counsel.

(d) The Administrative Agent shall have received a certificate, dated the Effective Date and signed by the President, a Vice President or a Financial Officer of each Borrower, confirming that the Credit Parties have (i) complied with the conditions set forth in paragraphs (a) and (b) of Section 5.02, (ii) complied with the conditions set forth in clause (k) of this Section 5.01, and (iii) complied with the covenants set forth in Section 6.05 (and demonstrating such compliance by the attachment of an insurance summary and insurance certificates evidencing the coverage described in such summary).

(e) The Administrative Agent shall have received the Security Agreement and Midstream Pledge Agreement duly executed by all parties thereto and in form and substance satisfactory to the Administrative Agent.

(f) The Administrative Agent, the Lenders and the Arranger shall have received all fees and other amounts due and payable on or prior to the Effective Date under this Agreement and the Fee Letter, and, to the extent invoiced, reimbursement or payment of all out-of-pocket expenses required to be reimbursed or paid by the Borrowers hereunder, including all reasonable fees, expenses and disbursements of counsel for the Administrative Agent to the extent invoiced on or prior to the Effective Date, together with such additional amounts as shall constitute such counsel's reasonable estimate of expenses and disbursements to be incurred by such counsel in connection with the recording and filing of Mortgages and financing statements; *provided*, that, such estimate shall not thereafter preclude further settling of accounts between the Borrowers and the Administrative Agent.

(g) The Administrative Agent shall have received promissory notes duly executed by Borrowers for each Lender that has requested the delivery of a promissory note pursuant to and in accordance with Section 2.09(e).

(h) At least three (3) days prior to the Effective Date, the Administrative Agent shall have received a Borrowing Request acceptable to the Administrative Agent setting forth the Loans requested by the Borrowers on the Effective Date, the Type and amount of each Loan and the accounts to which such Loans are to be funded.

(i) If the initial Borrowing includes the issuance of a Letter of Credit, the Administrative Agent shall have received a written request in accordance with Section 2.06 of this Agreement.

(j) The Administrative Agent and the Lenders shall have received the financial statements described in Section 4.04(a).

(k) The Administrative Agent shall have received evidence reasonably satisfactory to the Administrative Agent, that effective upon the consummation of the Transactions, Aggregate Credit Exposure will not exceed the Aggregate Commitment.

(l) The Administrative Agent shall have received satisfactory evidence that the existing \$7,500,000.00 line of credit with JPMorgan Chase Bank, N.A. evidenced by a certain Stand-Alone Promissory Note, dated October 31, 2007, made by each of the Borrowers (other than Antero Appalachian) will be terminated and all obligations owing to JPMorgan Chase Bank, N.A. thereunder shall have been paid in full and all commitments of JPMorgan Chase Bank, N.A. to make any future loans or advances shall have been terminated.

(m) The Administrative Agent shall have received Mortgages and title information, in each case, reasonably satisfactory to the Administrative Agent with respect to the Borrowing Base Properties, or the portion thereof, as required by Section 6.09 and 6.10.

(n) The Administrative Agent shall have received such other instruments and documents incidental and appropriate to the transaction provided for herein as the Administrative Agent or its special counsel may reasonably request prior to the Effective Date, and all such documents shall be in form and substance satisfactory to the Administrative Agent.

The Administrative Agent shall notify the Borrowers and the Lenders of the Effective Date, and such notice shall be conclusive and binding. Notwithstanding the foregoing, the obligations of the Lenders to make Loans and of the Issuing Bank to issue Letters of Credit hereunder shall not become effective unless each of the foregoing conditions is satisfied (or waived pursuant to Section 11.02) at or prior to 3:00 p.m. on January 15, 2009 (and, in the event such conditions are not so satisfied or waived, the Aggregate Commitment shall terminate at such time).

Section 5.02. *Each Credit Event.* The obligation of each Lender to make a Loan on the occasion of any Borrowing, and of the Issuing Bank to issue, amend, renew or extend any Letter of Credit, is subject to the satisfaction of the following conditions:

(a) The representations and warranties of each Credit Party set forth in this Agreement and the other Loan Documents shall be true and correct in all material respects (without duplication of any materiality qualifier contained therein) on and as of the date of such Borrowing or the date of issuance, amendment, renewal or extension of such Letter of Credit, as applicable except to the extent that such representations and warranties specifically refer to an earlier date, in which case they shall be true and correct as of such earlier date.

(b) At the time of and immediately after giving effect to such Borrowing or the issuance, amendment, renewal or extension of such Letter of Credit, as applicable, no Default shall have occurred and be continuing.

(c) At the time of and immediately after giving effect to such Borrowing or the issuance, amendment, renewal or extension of such Letter of Credit, as applicable, no Borrowing Base Deficiency exists or would be caused thereby.

(d) At the time of and immediately after giving effect to such Borrowing or the issuance, amendment, renewal or extension of such Letter of Credit, as applicable, no event or circumstance which could reasonably be expected to have a Material Adverse Effect shall have occurred.

Each Borrowing and each issuance, amendment, renewal or extension of a Letter of Credit shall be deemed to constitute a representation and warranty by the Borrowers on the date thereof as to the matters specified in paragraphs (a), (b), (c) and (d) of this Section.

Article VI

Affirmative Covenants

Until the Aggregate Commitment has expired or been terminated and the principal of and interest on each Loan and all fees payable hereunder shall have been paid in full and all Letters of Credit shall have expired or terminated and all LC Disbursements shall have been reimbursed, each Credit Party covenants and agrees with the Lenders that:

Section 6.01. *Financial Statements; Other Information.* The Borrower Representative will furnish to the Administrative Agent and each Lender:

(a) within ninety (90) days after the end of each fiscal year of each Borrower, (i) the audited Consolidated balance sheet and related statements of operations, stockholders' equity and cash flows of each Borrower and its Consolidated Subsidiaries as of the end of and for such year, setting forth in each case in comparative form the figures for the previous fiscal year, all reported on by a "Big Four" public accounting firm or another firm of independent public accountants reasonably acceptable to Administrative Agent (without a "going concern" or like qualification or exception and without any qualification or exception as to the scope of such audit) to the effect that such Consolidated financial statements present fairly in all material respects the financial condition and results of operations of each Borrower and its Consolidated Subsidiaries on a Consolidated basis in accordance with GAAP consistently applied and (ii) the combined balance sheet and related statements of operations, stockholders' equity and cash flows of the Borrowers and their Consolidated Subsidiaries, on a combined basis, as of the end of each fiscal year, setting forth in each case with respect to the foregoing paragraph (i) and (ii), in comparative form the figures for the previous fiscal;

(b) within forty-five (45) days after the end of each of the first three fiscal quarters of each fiscal year of each Borrower, (i) the Consolidated balance sheet and related statements of operations, stockholders' equity and cash flows of each Borrower and its Consolidated Subsidiaries as of the end of and for such fiscal quarter and the then elapsed portion of the fiscal year, such Consolidated financial statements shall be certified by such Borrower's Financial Officer as presenting fairly in all material respects the financial condition and results of operations of each Borrower and its Consolidated Subsidiaries on a Consolidated basis in accordance with GAAP consistently applied, excluding non-cash income, gains, losses or charges resulting from the requirements of SFAS 133, 143, 123 or 123R and subject to normal year-end audit adjustments and the absence of footnotes and (ii) the combined balance sheet and related statements of operations, stockholders' equity and cash flows of the Borrowers and their Consolidated Subsidiaries, on a combined basis, as of the end of and for such fiscal quarter and the then elapsed portion of the fiscal year, setting forth in each case with respect to the foregoing paragraph (i) and (ii), in comparative form the figures for the corresponding period or periods of (or, in the case of the balance sheet, as of the end of) the previous fiscal year;

(c) within fifty (50) days after the end of the fiscal quarter ending December 31 of each fiscal year of each Borrower, Antero's internally prepared unaudited quarterly investment report as of the end of and for such fiscal quarter containing (i) the Consolidated balance sheet and related

statements of operations and stockholders' equity of each Borrower and its Consolidated Subsidiaries as of the end of and for such fiscal quarter and the then elapsed portion of the fiscal year and (ii) the combined balance sheet and related statements of operations and stockholders' equity of the Borrowers and their Consolidated Subsidiaries, on a combined basis, as of the end of and for such fiscal quarter and the then elapsed portion of the fiscal year, setting forth in each case with respect to the foregoing paragraph (i) and (ii), in comparative form the figures for the corresponding period or periods of (or, in the case of the balance sheet, as of the end of) the previous fiscal year;

(d) concurrently with any delivery of financial statements under paragraph (a) or (b) above, a certificate in a form reasonably acceptable to Administrative Agent signed by a Financial Officer of each Borrower (i) certifying (A) that he or she has reviewed the Loan Documents and (B) as to whether a Default has occurred and, if a Default has occurred, specifying the details thereof and any action taken or proposed to be taken with respect thereto, and (ii) setting forth reasonably detailed calculations demonstrating compliance with Section 7.11 and Section 7.12;

(e) as soon as available, and in any event within sixty (60) days after the end of each fiscal quarter, a report describing by lease or unit the gross volume of production and sales attributable to production during such previous fiscal quarter from the properties described in the most recent Reserve Report and describing the related severance taxes, other taxes, leasehold operating expenses, and capital costs attributable thereto and incurred during such previous fiscal quarter;

(f) if requested by Administrative Agent, within sixty (60) days after the end of each fiscal quarter, a list, by name and address, of those Persons who have purchased production during such fiscal quarter from the Oil and Gas Interests, giving each such purchaser's owner number for the Credit Parties and each such purchaser's property number for each such Oil and Gas Interest;

(g) as soon as available, and in any event no later than (i) April 1, July 1 and October 1 of the calendar year ending on December 31, 2009, (ii) January 1, 2010 and (iii) thereafter by April 1 and October 1 of each year, and promptly following notice of a Special Redetermination under Section 3.04, the Reserve Reports required on such dates pursuant to Section 3.02. The Reserve Report shall be satisfactory to Administrative Agent, shall take into account any "over-produced" status under gas balancing arrangements, and shall contain information and analysis comparable in scope to that contained in the Reserve Report used to determine the Initial Borrowing Base. The Reserve Report shall distinguish (or shall be delivered together with a certificate from an appropriate officer of each Borrower which distinguishes) those properties treated in the report which are Mortgaged Properties from those properties treated in the report which are not Mortgaged Properties;

(h) together with the Reserve Reports required under paragraph (f) above, a report, in reasonable detail, setting forth the Hedging Contracts then in effect, the notional volumes of and prices for, on a monthly basis and in the aggregate, the Crude Oil and Natural Gas for each such Hedging Contract and the term of and counterparties to each such Hedging Contract;

(i) as soon as available, and in any event within ninety (90) days after the end of each fiscal year, a business and financial plan for each Borrower, together with a capital expenditure schedule for each Borrower (in form consistent with previous business and financial plans previously provided to Administrative Agent under the Original Credit Agreement), setting forth for the first year thereof, monthly or quarterly financial projections and budgets for such Borrower, and thereafter yearly financial projections and budgets during the Availability Period;

(j) when any Borrower or any of their respective Subsidiaries acquires assets during any fiscal quarter and such assets are included in the calculation of Consolidated EBITDAX for such fiscal quarter, the Borrower that acquired such assets or the Borrower that is the direct or indirect

parent of the Subsidiary that acquired such assets, as the case may be, shall deliver to Administrative Agent and Lenders, together with the financial statements described in Section 6.01(b), and with respect to the last fiscal quarter of any fiscal year, together with the financial statements described in Section 6.01(a), pro forma financial statements of such Borrower for such period prepared on a Consolidated basis as if such assets had been acquired by such Borrower or such Subsidiary, as applicable, on the first day of such fiscal quarter;

(k) promptly upon delivery thereof to Centrahoma or any Credit Party or Restricted Subsidiary, a copy of any Present Value—Cash Flow report (a "*Centrahoma Report*"), if available, prepared with respect to the natural gas and natural gas liquids produced or derived from a Centrahoma Partner's Oil and Gas Interests that are being transported through or processed by Centrahoma;

(l) as soon as available, and in any event no later than (i) April 1, July 1 and October 1 of the calendar year ending on December 31, 2009, (ii) January 1, 2010 and (iii) thereafter by April 1 and October 1 of each year, and promptly following notice of a Special Redetermination under Section 3.04, a Midstream Report concerning all Midstream Assets attributed to the Credit Parties and Centrahoma, prepared by employees of the Credit Parties (or no more frequently than once in any calendar year at the request of Required Lenders, by a third party firm of independent petroleum engineers selected by the Borrower Representative and reasonably acceptable to the Administrative Agent and the Required Lenders and in a form reasonably acceptable to the Borrower Representative, the Administrative Agent and the Required Lenders), in each case prepared as of the last day of the preceding calendar month, together with an accompanying report on property sales, property purchase and changes in categories, in the same form and scope as the reports in paragraph (f) above;

(m) concurrently with the delivery of the Reserve Reports required under paragraph (f) above and from time to time at the Borrowers' election; supplements to Schedule 4.19 to the extent necessary to ensure any such representations and warranties relating to Schedule 4.19 are true and correct in all material respects; *provided* that such supplements shall not include disclosure of any contract, agreement, arrangement, event, occurrence, condition or other information which, individually or in the aggregate, could reasonably be expected to result in a Material Adverse Effect; *provided further* that the delivery or receipt of such subsequent disclosure shall not constitute a waiver by the Administrative Agent or any Lender or a cure of any Default or Event of Default resulting in connection with the matters disclosed on such supplement; and

(n) promptly following any request therefor, such other information regarding the operations, business affairs and financial condition of any Credit Party, or compliance with the terms of this Agreement, as the Administrative Agent or any Lender may reasonably request.

Section 6.02. *Notices of Material Events.* The Borrower Representative will furnish to the Administrative Agent and each Lender prompt written notice of the following:

(a) as soon as possible, but in any event within five (5) days of obtaining knowledge thereof, the occurrence of any Default;

(b) as soon as possible, but in any event within thirty (30) days after the filing or commencement of any action, suit or proceeding by or before any arbitrator or Governmental Authority against or affecting any Credit Party or any Affiliate thereof that, if adversely determined, could reasonably be expected to result in a Material Adverse Effect;

(c) as soon as possible, but in any event within thirty (30) days after becoming aware of the occurrence of any ERISA Event that, alone or together with any other ERISA Events that have occurred, could reasonably be expected to result in liability of the Borrowers and the Restricted Subsidiaries in an aggregate amount exceeding \$500,000;

(d) as soon as possible, but in any event within thirty (30) days after any notice or claim to the effect that any Credit Party is or may be liable to any Person as a result of the release by any Credit Party, or any other Person of any Hazardous Material into the environment, which could reasonably be expected to have a Material Adverse Effect;

(e) as soon as possible, but in any event within thirty (30) days after any notice alleging any violation of any Environmental Law by any Credit Party, which could reasonably be expected to result in liability in excess of \$500,000;

(f) as soon as possible, but in any event within thirty (30) days after the receipt by any Borrower or any Restricted Subsidiary of any management letter or comparable analysis prepared by the auditors for any Borrower or any such Restricted Subsidiary;

(g) as soon as possible, but in any event within thirty (30) days after any other development that results in, or could reasonably be expected to result in, a Material Adverse Effect; and

(h) at least twenty (20) Business Days prior to any changes of any Credit Party's type of organization or state of formation under the Uniform Commercial Code.

Each notice delivered under this Section shall be accompanied by a statement of a Financial Officer or other executive officer of each Borrower setting forth the details of the event or development requiring such notice and any action taken or proposed to be taken with respect thereto.

Section 6.03. *Existence; Conduct of Business.* Each Borrower will, and will cause each Restricted Subsidiary to, do or cause to be done all things necessary to preserve, renew and keep in full force and effect its legal existence and the rights, licenses, permits, privileges and franchises material to the conduct of its business and will qualify to do business in all states or jurisdictions where required by law, except where the failure to so qualify could not reasonably be expected to result in a Material Adverse Change; *provided* that the foregoing shall not prohibit any merger, consolidation, liquidation or dissolution permitted under Section 7.04 or any sale, conveyance or other transfer permitted under Section 7.05.

Section 6.04. *Payment of Obligations.* Each Borrower will, and will cause each Restricted Subsidiary to, timely pay its obligations, including Tax liabilities before the same shall become delinquent or in default, except where (a) the validity or amount thereof is being contested in good faith by appropriate proceedings, (b) such Borrower or such Restricted Subsidiary, as applicable, has set aside on its books adequate reserves with respect thereto in accordance with GAAP or (c) the failure to make payment pending such contest could not reasonably be expected to result in a Material Adverse Effect.

Section 6.05. *Maintenance of Properties; Insurance.* Each Borrower will, and will cause each Restricted Subsidiary and use commercially reasonable efforts to cause each operator of Borrowing Base Properties to, (a) keep and maintain all property material to the conduct of its business in good working order and condition, ordinary wear and tear excepted, in accordance with prudent industry standards in the surrounding area and in compliance in all material respects with all laws and all applicable contracts, servitudes, leases and agreements, and from time to time make all appropriate repairs, renewals and replacements needed to enable the business and operations carried on in connection therewith to be promptly and advantageously conducted at all times consistent with such Person's past practices and (b) maintain, with financially sound and reputable insurance companies, insurance in such amounts and against such risks as are customarily maintained by companies engaged in the same or similar businesses operating in the same or similar locations. On or prior to the Effective Date and thereafter, upon request of the Administrative Agent, the Borrowers will furnish or cause to be furnished to the Administrative Agent from time to time a summary of the respective insurance coverage of each Borrower and its Restricted Subsidiaries in form and substance reasonably satisfactory to the Administrative Agent, and, if requested, will furnish the Administrative Agent copies of the

applicable policies. The Borrowers will cause any insurance policies covering any such property to be endorsed (x) to provide that such policies may not be cancelled, reduced or affected in any manner for any reason without ten (10) days prior notice to Administrative Agent, (y) to name the Administrative Agent as an additional insured (in the case of all liability insurance policies) and loss payee (in the case of all casualty and property insurance policies), and (z) to provide for such other matters as the Lenders may reasonably require.

Section 6.06. *Books and Records; Inspection Rights.* Each Borrower will, and will cause each Restricted Subsidiary to, keep proper books of record and account in which full, true and correct entries are made of all dealings and transactions in relation to its business and activities. Each Borrower will, and will cause each Restricted Subsidiary to, permit any representatives designated by the Administrative Agent or any Lender, upon reasonable prior notice, to visit and inspect its properties, to examine and make extracts from its books and records, and to discuss its affairs, finances and condition with its officers and independent accountants, all at such reasonable times and as often as reasonably requested. If no Event of Default exists at the time of any such visit and inspection, the Administrative Agent will give forty-eight (48) hours written notice to such Borrower or Restricted Subsidiary prior to such visit and inspection.

Section 6.07. *Compliance with Laws.* Each Borrower will, and will cause each Restricted Subsidiary to, comply in all material respects with all Laws, rules, regulations and orders of any Governmental Authority applicable to it or its property.

Section 6.08. *Use of Proceeds and Letters of Credit.* The proceeds of the Loans will be used only to (a) pay the fees, expenses and transaction costs of the Transactions and (b) finance the working capital needs of the Borrowers, including capital expenditures, and for general corporate purposes of the Borrowers and the Guarantors, in the ordinary course of business, including the exploration, development and/or acquisition of Oil and Gas Interests, together with ancillary transportation, gathering, compression and processing assets and the marketing and sale of Hydrocarbons produced. No part of the proceeds of any Loan will be used, whether directly or indirectly, to purchase or carry any margin stock (as defined in Regulation U issued by the Federal Reserve Board). Letters of Credit will be issued only to support general corporate purposes of the Borrowers and the Restricted Subsidiaries.

Section 6.09. *Security.* Each Borrower will, and will cause each Guarantor to, execute and deliver to the Administrative Agent, for the benefit of the Secured Parties, (a) Mortgages together with such other assignments, conveyances, amendments, agreements and other writings, including, without limitation, UCC-1 financing statements (each duly authorized and executed, as applicable) as the Administrative Agent shall deem necessary or appropriate to grant, evidence and perfect Liens in Oil and Gas Interests having an Engineered Value equal to or greater than the Minimum Collateral Amount and (b) security agreements in form and substance reasonably acceptable to the Administrative Agent together with such other assignments, conveyances, amendments, agreements and other writings, including, without limitation, UCC-1 financing statements (each duly authorized and executed, as applicable) and control agreements as the Administrative Agent shall deem necessary or appropriate to grant, evidence and perfect Liens in certain personal property of each Borrower or such Restricted Subsidiary, as the case may be, subject only to Permitted Liens.

Section 6.10. *Title Data.* Each Borrower will, and will cause each Guarantor to, deliver to the Administrative Agent such opinions of counsel (including, if so requested, title opinions, addressed to the Administrative Agent) and other evidence of title as the Administrative Agent shall deem reasonably necessary or appropriate to verify (a) the title of the Credit Parties to not less than (i) for the period from the Effective Date until thirty (30) days after the Effective Date, forty-five percent (45%) of the Minimum Collateral Amount and (ii) at any time thereafter, eighty percent (80%) of the Minimum Collateral Amount, and (b) the validity, perfection and priority of the Liens created by such

Mortgages and such other matters regarding such Mortgages as Administrative Agent shall reasonably request.

Section 6.11. *Operation of Oil and Gas Interests.*

(a) Each Borrower will, and will cause each Restricted Subsidiary to, maintain, develop and operate its Oil and Gas Interests in a good and workmanlike manner, and observe and comply in all material respects with all of the terms and provisions, express or implied, of all oil and gas leases relating to such Oil and Gas Interests so long as such Oil and Gas Interests are capable of producing Hydrocarbons and accompanying elements in paying quantities.

(b) Each Borrower will, and will cause each Restricted Subsidiary to, comply in all material respects with all contracts and agreements applicable to or relating to its Oil and Gas Interests or the production and sale of Hydrocarbons and accompanying elements therefrom.

Section 6.12. *Restricted Subsidiaries.* In the event any Person is or becomes a Restricted Subsidiary, the Borrowers will (a) promptly take all action necessary to comply with Section 6.13, (b) promptly take all such action and execute and deliver, or cause to be executed and delivered, to the Administrative Agent all such opinions, documents, instruments, agreements, and certificates similar to those described in Section 5.01(b) and Section 5.01(c) that the Administrative Agent may reasonably request, and (c) except for Centrahoma, promptly cause any such Restricted Subsidiary to (i) become a party to this Agreement and the Security Agreement and Guarantee the Obligations by executing and delivering to the Administrative Agent a Counterpart Agreement in the form of Exhibit C, (ii) grant to the Administrative Agent, for the benefit of the Lenders, a Lien on and security interest in all Oil and Gas Interests of such Restricted Subsidiary, if any, required to comply with Section 6.09 and certain personal property to secure the Obligations and (iii) deliver all title opinions and other information, if any, required to comply with Section 6.10. Upon delivery of any such Counterpart Agreement to the Administrative Agent, notice of which is hereby waived by each Credit Party, such Restricted Subsidiary shall be a Guarantor and shall be as fully a party hereto as if such Restricted Subsidiary were an original signatory hereto. Each Credit Party expressly agrees that its obligations arising hereunder shall not be affected or diminished by the addition or release of any other Credit Party hereunder. This Agreement shall be fully effective as to any Credit Party that is or becomes a party hereto regardless of whether any other Person becomes or fails to become or ceases to be a Credit Party hereunder. With respect to each such Restricted Subsidiary, the Borrowers shall promptly send to the Administrative Agent written notice setting forth with respect to such Person the date on which such Person became a Restricted Subsidiary of such Borrower, and supplement the data required to be set forth in the Schedules to this Agreement as a result of the acquisition or creation of such Restricted Subsidiary; *provided* that such supplemental data must be reasonably acceptable to the Administrative Agent and Required Lenders.

Section 6.13. *Pledged Equity Interests.* On the date hereof and at the time hereafter that any Restricted Subsidiary of any Borrower is created or acquired or any Unrestricted Subsidiary becomes a Restricted Subsidiary, the Borrowers and the Subsidiaries (as applicable) shall execute and deliver to the Administrative Agent for the benefit of the Secured Parties, a pledge agreement, in form and substance reasonably acceptable to the Administrative Agent, from the Borrowers and/or the Subsidiaries (as applicable) covering all Equity Interests owned by the Borrowers or such Restricted Subsidiaries in such Restricted Subsidiaries, together with all certificates (or other evidence acceptable to Administrative Agent) evidencing the issued and outstanding Equity Interests of each such Restricted Subsidiary of every class owned by such Credit Party (as applicable) which, if certificated, shall be duly endorsed or accompanied by stock powers executed in blank (as applicable), as Administrative Agent shall deem necessary or appropriate to grant, evidence and perfect a first priority security interest in the issued and outstanding Equity Interests owned by Borrowers or any Restricted Subsidiary in each Restricted Subsidiary; *provided* that in no event shall any Borrower or any Restricted

Subsidiary be required to pledge more than sixty-five percent (65%) of the voting Equity Interests of any Subsidiary that is not a Domestic Subsidiary.

Section 6.14. *Bank Accounts; Offset.* To secure the repayment of the Obligations each Borrower hereby grants to the Administrative Agent, for the benefit of the Secured Parties, a security interest, a lien, and a right of offset, each of which shall be in addition to all other interests, liens, and rights of any Secured Party at common law, under the Loan Documents, or otherwise, and each of which shall be upon and against (a) any and all moneys, securities or other property (and the proceeds therefrom) of such Borrower now or hereafter held or received by or in transit to any Secured Party from or for the account of such Borrower, whether for safekeeping, custody, pledge, transmission, collection or otherwise, (b) any and all deposits (general or special, time or demand, provisional or final) of such Borrower with any Secured Party, and (c) any other credits and claims of such Borrower at any time existing against any Secured Party, including claims under certificates of deposit. At any time and from time to time after the occurrence of any Event of Default, the Administrative Agent and each Secured Party is hereby authorized to foreclose upon, or to offset against the Obligations then due and payable (in either case without notice to any Borrower), any and all items hereinabove referred to. The remedies of foreclosure and offset are separate and cumulative, and either may be exercised independently of the other without regard to procedures or restrictions applicable to the other.

Section 6.15. *Further Assurances.* Each Borrower agrees to deliver and to cause each of its Subsidiaries to deliver, to further secure the Obligations whenever requested by Administrative Agent in its sole and absolute discretion, deeds of trust, mortgages, chattel mortgages, security agreements, financing statements and other Security Documents in form and substance satisfactory to Administrative Agent for the purpose of granting, confirming, and perfecting first and prior liens or security interests in any real or personal property which is at such time Collateral or which was intended to be Collateral pursuant to any Security Document previously executed and not then released by Administrative Agent.

Section 6.16. *Production Proceeds.* Notwithstanding that, by the terms of the various Security Documents, the Credit Parties are and will be assigning to Administrative Agent and Lenders all of the "Production Proceeds" (as defined therein) accruing to the property covered thereby, so long as no Event of Default has occurred the Credit Parties may continue to receive from the purchasers of production all such Production Proceeds, subject, however, to the Liens created under the Security Documents, which Liens are hereby affirmed and ratified. Upon the occurrence of an Event of Default, Administrative Agent and Lenders may exercise all rights and remedies granted under the Security Documents, including the right to obtain possession of all Production Proceeds then held by the Credit Parties or to receive directly from the purchasers of production all other Production Proceeds. In no case shall any failure, whether purposed or inadvertent, by Administrative Agent or Lenders to collect directly any such Production Proceeds constitute in any way a waiver, remission or release of any of their rights under the Security Documents, nor shall any release of any Production Proceeds by Administrative Agent or Lenders to the Credit Parties constitute a waiver, remission, or release of any other Production Proceeds or of any rights of Administrative Agent or Lenders to collect other Production Proceeds thereafter.

Section 6.17. *Leases and Contracts; Performance of Obligations.* Each Credit Party will, and will cause each Restricted Subsidiary to, maintain in full force and effect all oil, gas or mineral leases, contracts, servitudes and other agreements forming a part of any Oil and Gas Interests, to the extent the same cover or otherwise relate to such Oil and Gas Interest, and each Credit Party and each Restricted Subsidiary will timely perform all of its obligations thereunder. Each Credit Party and each Restricted Subsidiary will properly and timely pay all rents, royalties and other payments due and payable under any such leases, contracts, servitudes and other agreements, or under the Permitted Liens, or otherwise attendant to its ownership or operation of any Oil and Gas Interest. Each Credit Party and each Restricted Subsidiary will promptly notify Administrative Agent of any material claim

(or any conclusion by such Credit Party or such Restricted Subsidiary) that such Credit Party or such Restricted Subsidiary is obligated to account for any royalties, or overriding royalties or other payments out of production, on a basis (other than delivery in kind) less favorable to such Credit Party or such Restricted Subsidiary than proceeds received by such Credit Party or such Restricted Subsidiary (calculated at the well) from sale of production.

Section 6.18. *Representations to Continue to be True.* Each Credit Party and each Restricted Subsidiary will carry out its sales of production, will operate the Oil and Gas Interests and Midstream Assets, and will otherwise deal with the Oil and Gas Interests and the Midstream Assets and the production, in such a way that the representations and warranties in Sections 4.15, 4.18, 4.19, 4.20 (other than the last sentence thereof) and 4.21 (other than the last sentence thereof) remain true and correct, in all material respects, at, and as of, all times that this Agreement is in effect (and not just at, and as of, the times such representations and warranties are made).

Article VII

Negative Covenants

Until the Aggregate Commitment has expired or terminated and the principal of and interest on each Loan and all fees payable hereunder shall have been paid in full and all Letters of Credit have expired or terminated and all LC Disbursements shall have been reimbursed, each Credit Party covenants and agrees with the Lenders that:

Section 7.01. *Limitation on Indebtedness.* No Credit Party will, nor will it permit any of its Restricted Subsidiaries to, create, incur, assume or permit to exist any Indebtedness except:

- (a) the Obligations;
- (b) unsecured Indebtedness among the Credit Parties arising in the ordinary course of business;
- (c) Indebtedness arising under Hedging Contracts permitted under Section 7.03;

(d) unsecured Indebtedness of any Credit Party that requires no payments of principal prior to the first anniversary of the Maturity Date and is subordinated to the Obligations on terms approved by Administrative Agent and the Required Lenders, such approval shall not be unreasonably withheld, and including, without limitation, an indefinite standstill period for any payment default and a 180-day standstill period for any other defaults; *provided* that (i) Borrowers shall have notified the Administrative Agent, in writing, of such Credit Party's intention to incur such Indebtedness (including any increase in the principal amount of any such Indebtedness then outstanding, other than increases incurred as a result of the capitalization of accrued but unpaid interest or interest that is paid-in-kind) at least thirty (30) days prior to the incurrence of such Indebtedness and (ii) the Administrative Agent shall have notified such Credit Party of any Special Redetermination of the Borrowing Base that will become effective upon the incurrence of such Indebtedness;

(e) Cash Management Obligations; *provided* that the aggregate outstanding amount of all Cash Management Obligations does not exceed \$7,500,000 at any time and any and all documents, agreements and instruments evidencing any Cash Management Obligations shall be in form and substance reasonably satisfactory to the Administrative Agent;

(f) Guarantees by any Credit Party or any Restricted Subsidiary of the Centrahoma Indebtedness;

(g) Indebtedness of the Credit Parties under the Term Facility Documents in an aggregate principal amount not exceeding \$275,000,000 at any one time outstanding; *provided* that

(i) Borrowers shall have notified the Administrative Agent, in writing, of their intention to incur any such Indebtedness on or after the Effective Date at least thirty (30) days prior to the incurrence of such Indebtedness and (ii) the Administrative Agent shall have notified such Credit Party of any Special Redetermination of the Borrowing Base that will become effective upon the incurrence of such Indebtedness;

(h) Indebtedness of the Credit Parties incurred to finance the acquisition, construction or improvement of any fixed or capital assets, including Capital Lease Obligations and any Indebtedness assumed in connection with the acquisition of any such assets or secured by a Lien on any such assets prior to the acquisition thereof, and extensions, renewals and replacements of any such Indebtedness that do not increase the outstanding principal amount thereof; *provided* that the aggregate principal amount of Indebtedness permitted by this paragraph (h) shall not exceed \$25,000,000 at any time outstanding;

(i) Centrahoma Indebtedness incurred by Centrahoma; and

(j) miscellaneous items of unsecured Indebtedness of the Credit Parties not described in paragraph (a) through (i), including obligations to pay the financing for the purchase price or deferred premiums with respect to certain Hedge Contracts permitted under Section 7.03(b), which do not in the aggregate (taking into account all such Indebtedness of the Credit Parties) exceed the lesser of (i) ten percent (10%) of the Borrowing Base or (ii) \$15,000,000 at any one time outstanding.

Section 7.02. *Limitation on Liens.* Except for Permitted Liens, no Credit Party will, nor will it permit any of its Restricted Subsidiaries to, create, assume or permit to exist any Lien upon any of the properties or assets which it now owns or hereafter acquires.

Section 7.03. *Hedging Contracts.* No Credit Party will, nor will it permit any of its Restricted Subsidiaries to, be a party to or in any manner be liable on any Hedging Contract except:

(a) swaps and collars entered into with the purpose and effect of fixing prices on Crude Oil or Natural Gas expected to be produced by the Credit Parties; *provided* that at all times: (i) no such contract fixes a price for a term of more than forty-eight (48) months; (ii) except for the Liens granted under the Security Documents to secure Lender Hedging Obligations, no such contract requires any Credit Party to put up money, assets, or other security (other than letters of credit) against the event of its nonperformance prior to actual default by such Credit Party in performing its obligations thereunder, (iii) each such contract is with a counterparty or has a guarantor of the obligation of the counterparty which at the time the contract is made is an Approved Counterparty, and (iv) the aggregate monthly production covered by all such contracts to which any Credit Party is a party (determined, in the case of contracts that are not settled on a monthly basis, by a monthly proration acceptable to Administrative Agent) for any single month does not in the aggregate exceed the Applicable Hedge Percentage (as defined below) of the Credit Parties' aggregate Projected Oil and Gas Production anticipated to be sold in the ordinary course of the Credit Parties' businesses for such month.

As used in this subsection (a), "*Applicable Hedge Percentage*" means at the time that any Credit Party enters into any Hedging Contract, the percentage set forth below with respect to the period during which such Person entered into such Hedging Contract, which period shall be

measured from the date as of which the most recent Reserve Report was prepared prior to the effective date of such Hedging Contract (the "*Measurement Date*");

<u>Period</u>	<u>Percentage</u>
First year after the Measurement Date	85%
Second year after Measurement Date	75%
Third year after Measurement Date	65%
Fourth year after Measurement Date	55%

(b) floors entered into with the purpose and effect of fixing minimum prices on Crude Oil or Natural Gas expected to be produced by the Credit Parties; *provided* that at all times: (i) no such contract fixes a price for a term of more than forty-eight (48) months, (ii) except for the Liens granted under the Security Documents to secure Lender Hedging Obligations, no such contract requires any Credit Party to put up money, assets, or other security (other than letters of credit) against the event of its nonperformance prior to actual default by such Credit Party in performing its obligations thereunder, (iii) each such contract is with a counterparty or has a guarantor of the obligation of the counterparty who at the time the contract is made is an Approved Counterparty, (iv) there exists no deferred obligation to pay the related premium or other purchase price for such floor or the only deferred obligation is to pay the financing for such premium or other purchase price and such deferred obligation is permitted under Section 7.01(j), and (v) the aggregate monthly production covered by all such contracts to which any Credit Party is a party (determined, in the case of contracts that are not settled on a monthly basis, by a monthly proration acceptable to Administrative Agent) for any single month does not in the aggregate exceed one hundred percent (100%) of the Credit Parties' aggregate Projected Oil and Gas Production anticipated to be sold in the ordinary course of the Credit Parties' businesses for such month; and

(c) contracts entered into by a Credit Party with the purpose and effect of fixing interest rates on a principal amount of Indebtedness of such Credit Party that is accruing interest at a variable rate, *provided* that (i) the aggregate notional amount of such contracts never exceeds one hundred percent (100%) of the anticipated outstanding principal balance of the Indebtedness to be hedged by such contracts or an average of such principal balances calculated using a generally accepted method of matching interest swap contracts to declining principal balances, (ii) the floating rate index of each such contract generally matches the index used to determine the floating rates of interest on the corresponding Indebtedness to be hedged by such contract and (iii) each such contract is with an Approved Counterparty.

(d) The Borrowers shall promptly, and in any event within three (3) Business Days thereafter, provide written notice to the Administrative Agent of the terms of any amendment, modification, cancellation, sale, transfer, assignment, early termination or other disposition of any Hedging Contract permitted under Section 7.03(a) or 7.03(b) (each, a "*Hedge Modification*") and in effect as of the most recent Redetermination Date (or the Effective Date with respect to the period prior to the first Redetermination Date after the Effective Date), setting forth, in reasonable detail, the effect of such amendment, modification, cancellation, early termination or other disposition on the notional volume of Crude Oil and Natural Gas subject to the Credit Parties' Hedging Contracts; *provided* that no Hedge Modification may be made if the aggregate notional volume of Crude Oil and Natural Gas affected by such Hedge Modification together with the aggregate notional volume of Crude Oil and Natural Gas affected by all other Hedge Modifications made since the most recent Redetermination Date is greater than five percent (5%) of the aggregate notional volume of Crude Oil and Natural Gas subject to the Credit Parties' Hedging Contracts in effect as of such Redetermination Date unless (i) the Borrowers' have received the prior written consent of the

Required Lenders to such Hedge Modification or (ii) (1) all consideration received by any Credit Party or Restricted Subsidiary as a result of such Hedge Modification is cash and such cash is held by Borrowers in a segregated account subject to a first priority security interest in favor of the Administrative Agent to secure the Obligations pending the completion of a Special Redetermination of the Borrowing Base and payment in full of any Borrowing Base Deficiency arising as a result of such Special Redetermination, (2) a Special Redetermination is made by the Administrative Agent and the Lenders in accordance with the procedures and standards set forth in Section 3.03 and (3) within three (3) Business Days after receipt by Borrowers' of notice of the amount of the Borrowing Base as a result of such Special Redetermination, the Borrowers prepay, without premium or penalty, the principal amount of the Loans (and after all Loans are repaid in full, provide cash collateral in accordance with Section 2.06(j)) in an amount sufficient to eliminate any Borrowing Base Deficiency arising as a result of such Special Redetermination (which prepayment or deposit of cash collateral may be made with the amounts deposited in the segregated account described in the immediately preceding clause (1)).

Section 7.04. *Limitation on Mergers, Issuances of Securities.* No Credit Party will, nor will it permit any of its Restricted Subsidiaries to, merge or consolidate with or into any other Person, except that any Restricted Subsidiary or any Borrower may be merged into or Consolidated with another Restricted Subsidiary or Borrower, so long as a Borrower or Guarantor, as applicable, is the surviving business entity, and at least one Borrower exists. No Restricted Subsidiary of any Borrower will issue any additional shares of its capital stock or other securities or any options, warrants or other rights to acquire such additional shares or other securities except to such Borrower or a Restricted Subsidiary of such Borrower and only to the extent not otherwise forbidden under the terms hereof. No Restricted Subsidiary of any Borrower which is a partnership will allow any diminution of such Borrower's interest (direct or indirect) therein.

Section 7.05. *Limitation on Dispositions of Property.* No Credit Party will, nor will it permit any of its Restricted Subsidiaries to, sell, transfer, lease, exchange, alienate or dispose of any of the Borrowing Base Properties (including Midstream Assets) or the Equity Interests of any Restricted Subsidiary or any material interest therein, or discount, sell, pledge or assign any notes payable to it, accounts receivable or future income, or enter into any Sale and Leaseback Transaction except, to the extent not otherwise prohibited under the Security Documents:

- (a) equipment which is worthless or obsolete or which is replaced by equipment of equal suitability and similar value;
- (b) inventory (including Crude Oil and Natural Gas sold as produced and seismic data) which is replaced and/or sold in the ordinary course of business on ordinary trade terms;
- (c) Equity Interests of any Subsidiary of any Borrower transferred to any Credit Party;
- (d) acreage-swap agreements; *provided* that (x) such acreage swap agreement provides for such Credit Party or Restricted Subsidiary, as the case may be, to receive good and defensible title to acreage having a reasonable equivalent value to the value of the acreage exchanged by such Credit Party or Restricted Subsidiary, (y) the Administrative Agent shall have received from such Credit Party or Restricted Subsidiary at least ten (10) days' prior notice of the closing of any such acreage swap agreement and (z) such Credit Party or Restricted Subsidiary and the Administrative Agent shall have made mutually satisfactory arrangements for the release of the Liens granted under the Security Documents and for the grant of a Lien on the proved reserves associated with the properties under the Security Documents upon the closing of such exchange to the extent required to comply with Section 6.09(a);

(e) the disposition (whether by sale, assignment, transfer or otherwise) of the common Equity Interests of Centrahoma to any Person or Persons (collectively, the "*Centrahoma Partner*") that is not a Credit Party or Restricted Subsidiary or an Affiliate of the foregoing; *provided* that in the reasonable good faith judgment of the Borrowers, the foregoing disposition is being made to enhance the business or business prospects of Centrahoma; *provided, further* that after giving effect to any and all such dispositions, Antero Midstream shall continue to own at least fifty-one percent (51%) of the issued and outstanding common Equity Interests of Centrahoma;

(f) any Borrowing Base Property which is sold, transferred or disposed of for fair consideration to a Person who is not an Affiliate; *provided* that the aggregate amount of such sales, transfers or disposals during any period commencing on the date of a Scheduled Redetermination until, but not including, the date of the next Scheduled Redetermination (a "*Borrowing Base Period*") shall not exceed five percent (5%) of the lowest Borrowing Base in effect during such Borrowing Base Period (in each case, determined based on the Assigned Value of such Borrowing Base Properties);

(g) assets of any Credit Party to another Credit Party;

(h) assets of Centrahoma to a Credit Party; or

(i) Sale and Leaseback Transactions in which the liability for any lease incurred by any Credit Party is a Capital Lease Obligation permitted under Section 7.01(h).

No Credit Party will, nor will it permit any of its Restricted Subsidiaries to, abandon or consent to the abandonment of, any oil or gas well constituting Collateral so long as such well is capable (or is subject to being made capable through drilling, reworking or other operations which it would be commercially feasible to conduct consistent with the Borrowers' business practices) of producing Hydrocarbons or other minerals in commercial quantities (as determined without considering the effect of any Security Document). No Credit Party will, nor will it permit any of its Restricted Subsidiaries to, elect to permanently forfeit any Borrowing Base Properties during any Borrowing Base Period if the aggregate Assigned Value of such forfeited Borrowing Base Properties together with the aggregate Assigned Value of all sales, transfers and dispositions permitted by Section 7.05(f) during such Borrowing Base Period exceed five percent (5%) of the lowest Borrowing Base in effect during such Borrowing Base Period. Notwithstanding the foregoing, in the event any Credit Party or Centrahoma sells, transfers or disposes of Borrowing Base Properties, including any election to permanently forfeit any Borrowing Base Properties, with the prior written consent of the Required Lenders during any Borrowing Base Period, the Assigned Value of which exceeds, individually or in the aggregate, five percent (5%) of the lowest Borrowing Base in effect during such Borrowing Base Period, the Borrowing Base shall be automatically reduced by an amount equal to the aggregate Assigned Value of such Borrowing Base Properties.

Section 7.06. *Limitation on Dividends and Redemptions.* No Credit Party will, nor will it permit any of its Restricted Subsidiaries to, declare or make any Restricted Payment, other than Restricted Payments payable to Borrowers or to Guarantors that are Subsidiaries of a Borrower; *provided* that, subject to the fulfillment of all of the conditions set forth below at the time of any such repurchase, any Borrower may repurchase from any terminated employee of such Borrower any and all stock in such Borrower and options to purchase stock in such Borrower previously granted by such Borrower to such terminated employee, any such repurchase to be conditional upon: (1) the non-existence of any Default hereunder at the time of such repurchase, and (2) such Borrower's compliance with all financial covenants contained herein, both immediately before and immediately after such repurchase.

Section 7.07. *Limitation on Investments and New Businesses.* No Credit Party will, nor will it permit any of its Restricted Subsidiaries to, (a) make any expenditure or commitment or incur any obligation or enter into or engage in any transaction except in the ordinary course of business,

(b) engage directly or indirectly in any business or conduct any operations except in connection with or incidental to its present businesses and operations, or (c) make any acquisitions of or capital contributions to or other Investments in any Person, other than Permitted Investments.

Section 7.08. *Limitation on Credit Extensions.* Except for Permitted Investments, no Credit Party will, nor will it permit any of its Restricted Subsidiaries to, extend credit, make advances or make loans to any Person.

Section 7.09. *Transactions with Affiliates.* No Credit Party will, nor will it permit any of its Restricted Subsidiaries to, engage in any material transaction with any of its Affiliates on terms which are less favorable to it than those which would have been obtainable at the time in arm's-length dealing with Persons other than such Affiliates, *provided* that such restriction shall not apply to transactions among Credit Parties.

Section 7.10. *Prohibited Contracts; Negative Pledge.* Except as expressly provided for in the Loan Documents and the Term Facility Documents, no Credit Party will, nor will it permit any of its Restricted Subsidiaries to, directly or indirectly, enter into, create, or otherwise allow to exist any contract or other consensual restriction on the ability of any Credit Party or any Restricted Subsidiary to: (a) pay dividends or make other distributions to another Credit Party or any Restricted Subsidiary, (b) redeem Equity Interests held in it by another Restricted Subsidiary, (c) repay loans and other Indebtedness owing by it to another Credit Party or any Restricted Subsidiary, (d) transfer any of its assets to another Credit Party, or (e) grant Liens to Administrative Agent to secure the Obligations. Except as otherwise disclosed on Schedule 4.19, the Credit Parties will not, and will not permit any Restricted Subsidiary to, enter into any "take-or-pay" contract or other contract or arrangement for the purchase of goods or services which obligates it to pay for such goods or service regardless of whether they are delivered or furnished to it. The Credit Parties will not, and will not permit any Restricted Subsidiary to, amend or permit any amendment to any contract or lease which releases, qualifies, limits, makes contingent or otherwise detrimentally affects, in any material respect, the rights and benefits of Administrative Agent or any Lender under or acquired pursuant to any Security Documents.

Section 7.11. *Current Ratio.* At the end of the fiscal quarter ending December 31, 2008, the Consolidated Current Ratio will not be less than .85 to 1.0 and as of the end of any fiscal quarter ending on or after March 31, 2009, the Consolidated Current Ratio will not be less than 1.0 to 1.0.

Section 7.12. *Leverage Ratio.* At the end of each fiscal quarter ending on or after December 31, 2008, and on or before September 30, 2009, the Leverage Ratio will not be greater than 4.00 to 1.00. At the end of each fiscal quarter ending on or after December 31, 2009, the Leverage Ratio will not be greater than 3.50 to 1.00. As used herein, with respect to any fiscal quarter, "*Leverage Ratio*" means the ratio of (i) the sum of the Consolidated Funded Indebtedness of each Borrower, calculated on a combined basis, as of the end of such fiscal quarter, minus the Capital Call Amount to (ii) the sum of the Consolidated EBITDAX of each Borrower, calculated on a combined basis, for such fiscal quarter multiplied by four (4).

Section 7.13. *Limitation on Amendments to Related Documents.* No Credit Party will, nor will it permit any of its Restricted Subsidiaries to, prior to the scheduled maturity thereof, prepay, redeem, defease or purchase any Permitted Subordinated Debt. Borrowers shall not, without the prior written consent of Required Lenders, enter into, or permit any of their respective Subsidiaries to enter into, any amendment to any instrument or agreement governing Permitted Subordinated Debt which would (i) increase the principal amount of the Indebtedness, except as otherwise permitted under Section 7.01(d), (ii) increase the interest rate on the Indebtedness by more than two percent (2.00%) per annum (except in connection with the imposition of a default rate of interest), (iii) make the date of maturity thereof earlier than the original maturity date, (iv) cause any financial covenant or any negative covenant contained therein to be more restrictive on any Credit Party or any Restricted Subsidiary, or (v) modify the provisions regarding cross-default to other Indebtedness.

Section 7.14. *Term Facility Restrictions.* No Credit Party will, nor will it permit any of its Restricted Subsidiaries to, except for payment of principal at maturity and regularly scheduled payments of interest required under the Term Facility Documents, prepay, redeem, defease or purchase any Indebtedness owing by any Credit Party or any Restricted Subsidiary under the Term Facility; *provided* that, so long as no Default or Event of Default has occurred and is continuing or would be caused thereby and after giving effect to such payment, the Aggregate Unused Commitment is more than the greater of (a) \$30,000,000 and (b) twenty percent (20%) of the Aggregate Commitment, the Credit Parties and the Restricted Subsidiaries may prepay the Term Loans. Borrowers shall not, without the prior written consent of Required Lenders, enter into, or permit any Credit Parties or any Restricted Subsidiary to enter into, any amendment to any Term Facility Document which would (i) increase the principal amount of the Indebtedness in excess of the amount permitted by Section 7.01(g), (ii) increase the interest rate on the Indebtedness by more than two percent (2.00%) per annum (except in connection with the imposition of a default rate of interest), (iii) make the date of maturity thereof earlier than ninety (90) days after the Maturity Date, (iv) cause any financial covenant or any negative covenant contained therein to be more restrictive on any Credit Party or any Restricted Subsidiary to the extent material and adverse to the Lenders as determined by Administrative Agent, (v) change any redemption or prepayment provisions of the Indebtedness evidenced by the Term Facility Documents to the extent material and adverse to the Lenders as determined by Administrative Agent, (vi) modify the provisions regarding cross-default to other Indebtedness to the extent material and adverse to the Lenders as determined by Administrative Agent or (vii) grant any Liens in any assets or properties of any Credit Party or any Restricted Subsidiary, other than the Liens permitted under the Intercreditor Agreement.

Article VIII

Guarantee of Obligations

Section 8.01. *Guarantee of Payment.* Each Guarantor unconditionally and irrevocably guarantees to the Administrative Agent for the benefit of the Secured Parties, the punctual payment of all Obligations now or which may in the future be owing by the Borrowers under the Loan Documents and all Obligations which may now or which may in the future be owing by the Borrowers or any other Guarantor to any Secured Party under any Hedging Contract (the "*Guaranteed Liabilities*"). This Guarantee is a guaranty of payment and not of collection only. The Administrative Agent shall not be required to exhaust any right or remedy or take any action against the Borrowers or any other Person or any collateral. The Guaranteed Liabilities include interest accruing after the commencement of a proceeding under bankruptcy, insolvency or similar laws of any jurisdiction at the rate or rates provided in the Loan Documents, or the Hedging Contracts between any Credit Party and any Secured Party, as the case may be, regardless of whether such interest is an allowed claim. Each Guarantor agrees that, as between the Guarantor and the Administrative Agent, the Guaranteed Liabilities may be declared to be due and payable for the purposes of this Guarantee notwithstanding any stay, injunction or other prohibition which may prevent, delay or vitiate any declaration as regards any Borrower or any other Guarantor and that in the event of a declaration or attempted declaration, the Guaranteed Liabilities shall immediately become due and payable by each Guarantor for the purposes of this Guarantee.

Section 8.02. *Guarantee Absolute.* Each Guarantor guarantees that the Guaranteed Liabilities shall be paid strictly in accordance with the terms of this Agreement and the Hedging Contracts. The liability of each Guarantor hereunder is absolute and unconditional irrespective of: (a) any change in the time, manner or place of payment of, or in any other term of, all or any of the Loan Documents or the Guaranteed Liabilities, or any other amendment or waiver of or any consent to departure from any of the terms of any Loan Document or Guaranteed Liability, including any increase or decrease in the rate of interest thereon; (b) any release or amendment or waiver of, or consent to departure from, any other guaranty or support document, or any exchange, release or non-perfection of any collateral, for

all or any of the Loan Documents or Guaranteed Liabilities; (c) any present or future law, regulation or order of any jurisdiction (whether of right or in fact) or of any agency thereof purporting to reduce, amend, restructure or otherwise affect any term of any Loan Document or Guaranteed Liability; (d) without being limited by the foregoing, any lack of validity or enforceability of any Loan Document or Guaranteed Liability; and (e) any other setoff, defense or counterclaim whatsoever (in any case, whether based on contract, tort or any other theory) with respect to the Loan Documents or the transactions contemplated thereby which might constitute a legal or equitable defense available to, or discharge of, the Borrowers or a Guarantor.

Section 8.03. *Guarantee Irrevocable.* This Guarantee is a continuing guaranty of the payment of all Guaranteed Liabilities now or hereafter existing under this Agreement and the Hedging Contracts and shall remain in full force and effect until payment in full of all Guaranteed Liabilities and other amounts payable hereunder and until this Agreement and the Hedging Contracts are no longer in effect or, if earlier, when the Guarantor has given the Administrative Agent written notice that this Guarantee has been revoked; *provided* that any notice under this Section shall not release the revoking Guarantor from any Guaranteed Liability, absolute or contingent, existing prior to the Administrative Agent's actual receipt of the notice at its branches or departments responsible for this Agreement and the Hedging Contracts and reasonable opportunity to act upon such notice.

Section 8.04. *Reinstatement.* This Guarantee shall continue to be effective or be reinstated, as the case may be, if at any time any payment of any of the Guaranteed Liabilities is rescinded or must otherwise be returned by any Secured Party on the insolvency, bankruptcy or reorganization of any Borrower or any other Credit Party, or otherwise, all as though the payment had not been made.

Section 8.05. *Subrogation.* No Guarantor shall exercise any rights which it may acquire by way of subrogation, by any payment made under this Guarantee or otherwise, until all the Guaranteed Liabilities have been paid in full and this Agreement and the Hedging Contracts are no longer in effect. If any amount is paid to the Guarantor on account of subrogation rights under this Guarantee at any time when all the Guaranteed Liabilities have not been paid in full, the amount shall be held in trust for the benefit of the Lenders and the Lender Counterparties and shall be promptly paid to the Administrative Agent to be credited and applied to the Guaranteed Liabilities, whether matured or unmatured or absolute or contingent, in accordance with the terms of this Agreement and the Hedging Contracts. If any Guarantor makes payment to the Administrative Agent, Lenders, or any Lender Counterparties of all or any part of the Guaranteed Liabilities and all the Guaranteed Liabilities are paid in full and this Agreement and the Hedging Contracts are no longer in effect, the Administrative Agent, Lenders and Lender Counterparties shall, at such Guarantor's request, execute and deliver to such Guarantor appropriate documents, without recourse and without representation or warranty, necessary to evidence the transfer by subrogation to such Guarantor of an interest in the Guaranteed Liabilities resulting from the payment.

Section 8.06. *Subordination.* Without limiting the rights of the Administrative Agent, the Lenders and the Lender Counterparties under any other agreement, any liabilities owed by any Borrower to any Guarantor in connection with any extension of credit or financial accommodation by any Guarantor to or for the account of the Borrowers, including but not limited to interest accruing at the agreed contract rate after the commencement of a bankruptcy or similar proceeding, are hereby subordinated to the Guaranteed Liabilities, and such liabilities of the Borrowers to such Guarantor, if the Administrative Agent so requests, shall be collected, enforced and received by any Guarantor as trustee for the Administrative Agent and shall be paid over to the Administrative Agent on account of the Guaranteed Liabilities but without reducing or affecting in any manner the liability of the Guarantor under the other provisions of this Guarantee.

Section 8.07. *Payments Generally.* All payments by the Guarantors shall be made in the manner, at the place and in the currency (the "*Payment Currency*") required by the Loan Documents and the Hedging Contract, as the case may be; *provided, however*, that (if the Payment Currency is other than Dollars) any Guarantor may, at its option (or, if for any reason whatsoever any Guarantor is unable to effect payments in the foregoing manner, such Guarantor shall be obligated to) pay to the Administrative Agent at its principal office the equivalent amount in Dollars computed at the selling rate of the Administrative Agent or a selling rate chosen by the Administrative Agent, most recently in effect on or prior to the date the Guaranteed Liability becomes due, for cable transfers of the Payment Currency to the place where the Guaranteed Liability is payable. In any case in which any Guarantor makes or is obligated to make payment in Dollars, the Guarantor shall hold the Administrative Agent, the Lenders and the Lender Counterparties harmless from any loss incurred by the Administrative Agent, any Lender or any Lender Counterparty arising from any change in the value of Dollars in relation to the Payment Currency between the date the Guaranteed Liability becomes due and the date the Administrative Agent, such Lender or such Lender Counterparty is actually able, following the conversion of the Dollars paid by such Guarantor into the Payment Currency and remittance of such Payment Currency to the place where such Guaranteed Liability is payable, to apply such Payment Currency to such Guaranteed Liability.

Section 8.08. *Setoff.* Each Guarantor agrees that, in addition to (and without limitation of) any right of setoff, banker's lien or counterclaim the Administrative Agent, any Lender or any Lender Counterparty may otherwise have, the Administrative Agent, such Lender or such Lender Counterparty shall be entitled, at its option, to offset balances (general or special, time or demand, provisional or final) held by it for the account of any Guarantor at any office of the Administrative Agent, such Lender or such Lender Counterparty, in Dollars or in any other currency, against any amount payable by such Guarantor under this Guarantee which is not paid when due (regardless of whether such balances are then due to such Guarantor), in which case it shall promptly notify such Guarantor thereof; *provided* that the failure of the Administrative Agent, such Lender, or such Lender Counterparty to give such notice shall not affect the validity thereof.

Section 8.09. *Formalities.* Each Guarantor waives presentment, notice of dishonor, protest, notice of acceptance of this Guarantee or incurrence of any Guaranteed Liability and any other formality with respect to any of the Guaranteed Liabilities or this Guarantee.

Section 8.10. *Limitations on Guarantee.* The provisions of the Guarantee under this Article VIII are severable, and in any action or proceeding involving any state corporate law, or any state, federal or foreign bankruptcy, insolvency, reorganization or other law affecting the rights of creditors generally, if the obligations of any Guarantor under this Guarantee would otherwise be held or determined to be avoidable, invalid or unenforceable on account of the amount of such Guarantor's liability under this Guarantee, then, notwithstanding any other provision of this Guarantee to the contrary, the amount of such liability shall, without any further action by the Guarantors, the Administrative Agent, any Lender or any Lender Counterparty, be automatically limited and reduced to the highest amount that is valid and enforceable as determined in such action or proceeding (such highest amount determined hereunder being the relevant Guarantor's "*Maximum Liability*"). This Section 8.10 with respect to the Maximum Liability of the Guarantors is intended solely to preserve the rights of the Administrative Agent, Lenders and Lender Counterparties hereunder to the maximum extent not subject to avoidance under applicable law, and no Guarantor nor any other Person shall have any right or claim under this Section 8.10 with respect to the Maximum Liability, except to the extent necessary so that none of the obligations of any Guarantor hereunder shall not be rendered voidable under applicable law.

Section 8.11. *Existing Guarantees.* The Guarantees (as defined in the Original Credit Agreement) executed by certain Credit Parties in connection with the Original Credit Agreement are amended and restated in their entirety and superseded by, the terms and conditions set forth in this Article VIII; *provided*, that nothing in this Article VIII shall be deemed to constitute a novation or

extinguishment of any of the obligations and liabilities existing under the Guarantees (as defined in the Original Credit Agreement).

Article IX

Events of Default

If any of the following events ("*Events of Default*") shall occur:

(a) the Borrowers shall fail to pay any principal of any Loan or any reimbursement obligation in respect of any LC Disbursement when and as the same shall become due and payable, whether at the due date thereof or at a date fixed for prepayment thereof or otherwise;

(b) the Borrowers shall fail to pay any interest on any Loan or any fee or any other amount (other than an amount referred to in paragraph (a) of this Article) payable under this Agreement, when and as the same shall become due and payable, and such failure shall continue unremedied for a period of three (3) Business Days;

(c) any representation or warranty made or deemed made by or on behalf of any Borrower, any Restricted Subsidiary in or in connection with this Agreement or any amendment or modification hereof or waiver hereunder, or in any report, certificate, financial statement or other document furnished pursuant to or in connection with this Agreement or any amendment or modification hereof or waiver hereunder or in any Loan Document furnished pursuant to or in connection with this Agreement or any amendment or modification thereof or waiver hereunder, shall prove to have been incorrect in any material respect (without duplication of any materiality qualifier contained therein) when made or deemed made;

(d) any Borrower or any Restricted Subsidiary shall fail to observe or perform any covenant, condition or agreement contained in Section 6.02, Section 6.03 (with respect to any Borrower or any Restricted Subsidiary's existence), Section 6.05 (with respect to insurance), Section 6.08, or in Article VII;

(e) any Borrower or any Restricted Subsidiary shall fail to observe or perform any covenant, condition or agreement contained in (i) this Agreement (other than those specified in paragraph (a), (b) or (d) of this Article) and such failure shall continue unremedied for a period of thirty (30) days after receipt of written notice thereof from the Administrative Agent to the Borrowers (which notice will be given at the request of any Lender) or (ii) any Loan Document and such failure continues beyond the applicable period of grace (if any) provided in such Loan Document;

(f) any Borrower or any Restricted Subsidiary shall fail to make any payment (whether of principal or interest and regardless of amount) in respect of any Material Indebtedness, when and as the same shall become due and payable and such failure shall continue beyond the applicable grace period, if any.

(g) any event or condition occurs that results in the Permitted Subordinated Debt, the Term Loans or any other Material Indebtedness becoming due prior to its scheduled maturity or that enables or permits (with or without the giving of notice, the lapse of time or both) the holder or holders of any Material Indebtedness or any trustee or agent on its or their behalf to cause such Indebtedness to become due, or to require the prepayment, repurchase, redemption or defeasance thereof, prior to its scheduled maturity; *provided* that this paragraph (g) shall not apply to (i) secured Indebtedness that becomes due as a result of the voluntary sale or transfer of the property or assets securing such Indebtedness and (ii) Indebtedness that becomes due as a result of a change in law, tax regulation or accounting treatment so long as such Indebtedness is paid when due;

(h) an involuntary proceeding shall be commenced or an involuntary petition shall be filed seeking (i) liquidation, reorganization or other relief in respect of any Borrower or any Restricted Subsidiary or its debts, or of a substantial part of its assets, under any Federal, state or foreign bankruptcy, insolvency, receivership or similar law now or hereafter in effect or (ii) the appointment of a receiver, trustee, custodian, sequestrator, conservator or similar official for any Borrower or any Restricted Subsidiary or for a substantial part of its assets, and, in any such case, such proceeding or petition shall continue undismissed for thirty (30) days or an order or decree approving or ordering any of the foregoing shall be entered;

(i) any Borrower or, any Restricted Subsidiary shall (i) voluntarily commence any proceeding or file any petition seeking liquidation, reorganization or other relief under any Federal, state or foreign bankruptcy, insolvency, receivership or similar law now or hereafter in effect, (ii) consent to the institution of, or fail to contest in a timely and appropriate manner, any proceeding or petition described in paragraph (h) of this Article, (iii) apply for or consent to the appointment of a receiver, trustee, custodian, sequestrator, conservator or similar official for any Borrower or any Restricted Subsidiary or for a substantial part of its assets, (iv) file an answer admitting the material allegations of a petition filed against it in any such proceeding, (v) make a general assignment for the benefit of creditors or (vi) take any action for the purpose of effecting any of the foregoing;

(j) any Borrower or any Restricted Subsidiary shall become unable, admit in writing its inability or fail generally to pay its debts as they become due;

(k) one or more judgments for the payment of money in an aggregate amount in excess of \$3,000,000 (not covered by insurance reasonably expected to provide payment therefor) shall be rendered against any Borrower or any Restricted Subsidiary or any combination thereof and the same shall remain undischarged or unsatisfied for a period of thirty (30) consecutive days during which execution shall not be effectively stayed, or any action shall be legally taken by a judgment creditor to attach or levy upon any assets of any Borrower or any Restricted Subsidiary to enforce any such judgment;

(l) an ERISA Event shall have occurred that, in the opinion of the Required Lenders, when taken together with all other ERISA Events that have occurred, could reasonably be expected to result in a liability in excess of \$500,000;

(m) the delivery by any Guarantor to the Administrative Agent of written notice that a Guarantee under Article VIII has been revoked or is otherwise declared invalid or unenforceable;

(n) the Liens granted by any Credit Party under the Security Documents shall become invalid in any material respect or any obligation of any Credit Party under any Loan Document shall become invalid in any material respect and, with respect to both of the foregoing, the same remains unremedied for thirty (30) days after an executive officer of such Credit Party has actual knowledge thereof, or the validity of such Liens or obligation shall be challenged by any Credit Party in writing; or

(o) a Change of Control shall occur;

then, and in every such event (other than an event with respect to any Borrower or any Restricted Subsidiary described in paragraph (h) or (i) of this Article), and at any time thereafter during the continuance of such event, the Administrative Agent may, and at the request of the Required Lenders shall, by notice to the Borrowers, take either or both of the following actions, at the same or different times: (i) terminate the Aggregate Commitment, and thereupon the Aggregate Commitment shall terminate immediately, and (ii) declare the Loans then outstanding to be due and payable in whole (or in part, in which case any principal not so declared to be due and payable may thereafter be declared to be due and payable), and thereupon the principal of the Loans so declared to be due and payable,

together with accrued interest thereon and all fees and other obligations of the Borrowers accrued hereunder, shall become due and payable immediately, without presentment, demand, protest or other notice of any kind, all of which are hereby waived by the Borrowers; and in case of any event with respect to the Borrowers described in paragraph (h) or (i) of this Article, the Aggregate Commitment shall automatically terminate and the principal of the Loans then outstanding, together with accrued interest thereon and all fees and other obligations of the Borrowers accrued hereunder, shall automatically become due and payable, without presentment, demand, protest or other notice of any kind, all of which are hereby waived by the Borrowers. Without limiting the foregoing, upon the occurrence and during the continuance of an Event of Default, the Administrative Agent, the Issuing Bank and each Lender may protect and enforce its rights under this Agreement and the other Loan Documents by any appropriate proceedings, including proceedings for specific performance of any covenant or agreement contained in this Agreement or any other Loan Document, and the Administrative Agent, the Issuing Bank and each Lender may enforce payment of any Obligations due and payable hereunder or enforce any other legal or equitable right which it may have.

Article X

The Administrative Agent

Each of the Lenders and the Issuing Bank hereby irrevocably appoints the Administrative Agent as its agent and authorizes the Administrative Agent to take such actions on its behalf and to exercise such powers as are delegated to the Administrative Agent by the terms hereof, together with such actions and powers as are reasonably incidental thereto.

The bank serving as the Administrative Agent hereunder shall have the same rights and powers in its capacity as a Lender as any other Lender and may exercise the same as though it were not the Administrative Agent, and such bank and its Affiliates may accept deposits from, lend money to and generally engage in any kind of business with any Credit Party or other Affiliate thereof as if it were not the Administrative Agent hereunder.

The Administrative Agent shall not have any duties or obligations except those expressly set forth herein. Without limiting the generality of the foregoing, (a) the Administrative Agent shall not be subject to any fiduciary or other implied duties, regardless of whether a Default has occurred and is continuing, (b) the Administrative Agent shall not have any duty to take any discretionary action or exercise any discretionary powers, except discretionary rights and powers expressly contemplated hereby that the Administrative Agent is required to exercise in writing as directed by the Required Lenders (or such other number or percentage of the Lenders as shall be necessary under the circumstances as provided in Section 11.02), and (c) except as expressly set forth herein, the Administrative Agent shall not have any duty to disclose, and shall not be liable for the failure to disclose, any information relating to any Credit Party that is communicated to or obtained by the bank serving as Administrative Agent or any of its Affiliates in any capacity. The Administrative Agent shall not be liable for any action taken or not taken by it with the consent or at the request of the Required Lenders (or such other number or percentage of the Lenders as shall be necessary under the circumstances as provided in Section 11.02) or in the absence of its own gross negligence or willful misconduct. The Administrative Agent shall be deemed not to have knowledge of any Default unless and until written notice thereof is given to the Administrative Agent by a Borrower or a Lender, and the Administrative Agent shall not be responsible for or have any duty to ascertain or inquire into (i) any statement, warranty or representation made in or in connection with this Agreement, (ii) the contents of any certificate, report or other document delivered hereunder or in connection herewith, (iii) the performance or observance of any of the covenants, agreements or other terms or conditions set forth herein, (iv) the validity, enforceability, effectiveness or genuineness of this Agreement or any other agreement, instrument or document, or (v) the satisfaction of any condition set forth in Article V or elsewhere herein, other than to confirm receipt of items expressly required to be delivered to the Administrative Agent. None of the

Co-Syndication Agents, the Documentation Agent nor the Arranger, in each case, in its respective capacity as such, shall have any responsibilities or duties, or incur any liability, under this Agreement or the other Loan Documents.

The Administrative Agent shall be entitled to rely upon, and shall not incur any liability for relying upon, any notice, request, certificate, consent, statement, instrument, document or other writing believed by it to be genuine and to have been signed or sent by the proper Person. The Administrative Agent also may rely upon any statement made to it orally or by telephone and believed by it to be made by the proper Person, and shall not incur any liability for relying thereon. The Administrative Agent may consult with legal counsel (who may be counsel for the Borrowers), independent accountants and other experts selected by it, and shall not be liable for any action taken or not taken by it in accordance with the advice of any such counsel, accountants or experts.

The Administrative Agent may perform any and all its duties and exercise its rights and powers by or through any one or more sub-agents appointed by the Administrative Agent. The Administrative Agent and any such sub-agent may perform any and all its duties and exercise its rights and powers through their respective Related Parties. The exculpatory provisions of the preceding paragraphs shall apply to any such sub-agent and to the Related Parties of the Administrative Agent and any such sub-agent, and shall apply to their respective activities in connection with the syndication of the credit facilities provided for herein as well as activities as Administrative Agent.

Subject to the appointment and acceptance of a successor Administrative Agent as provided in this paragraph, the Administrative Agent may resign at any time upon notice to the Lenders, the Issuing Bank and the Borrower Representative. Upon any such resignation, the Required Lenders shall have the right, with the consent of the Borrowers (which consent shall not be unreasonably withheld or delayed), to appoint a successor; *provided* that no consent of the Borrowers shall be required if any Default has occurred and is continuing. If no successor shall have been so appointed by the Required Lenders and shall have accepted such appointment within thirty (30) days after the retiring Administrative Agent gives notice of its resignation, then the retiring Administrative Agent may, on behalf of the Lenders and the Issuing Bank, appoint a successor Administrative Agent which shall be a bank with an office in Chicago, Illinois, New York, New York, Dallas, Texas or Houston, Texas. Upon the acceptance of its appointment as Administrative Agent hereunder by a successor, such successor shall succeed to and become vested with all the rights, powers, privileges and duties of the retiring Administrative Agent, and the retiring Administrative Agent shall be discharged from its duties and obligations hereunder. The fees payable by the Borrowers to a successor Administrative Agent shall be the same as those payable to its predecessor unless otherwise agreed between the Borrowers and such successor. After the Administrative Agent's resignation hereunder, the provisions of this Article and Section 11.03 shall continue in effect for the benefit of such retiring Administrative Agent, its sub-agents and their respective Related Parties in respect of any actions taken or omitted to be taken by any of them while it was acting as Administrative Agent.

Each Lender acknowledges that it has, independently and without reliance upon the Administrative Agent or any other Lender and based on such documents and information as it has deemed appropriate, made its own credit analysis and decision to enter into this Agreement. Each Lender also acknowledges that it will, independently and without reliance upon the Administrative Agent or any other Lender and based on such documents and information as it shall from time to time deem appropriate, continue to make its own decisions in taking or not taking action under or based upon this Agreement, any related agreement or any document furnished hereunder or thereunder.

Article XI

Miscellaneous

Section 11.01. Notices.

(a) Except in the case of notices and other communications expressly permitted to be given by telephone (and subject to paragraph (b) below), all notices and other communications provided for herein shall be in writing and shall be delivered by hand or overnight courier service, mailed by certified or registered mail or sent by telecopy, as follows:

(i) if to the Borrowers, to Antero Resources Corporation, 1625 17th Street, 3rd Floor, Denver, Colorado 80202, Attention: Glen Warren, President and Chief Financial Officer, Telecopy No. (303) 357-7315;

(ii) if to the Administrative Agent or Issuing Bank, to JPMorgan Chase Bank, N.A., Mail Code IL1-0010, 10 South Dearborn, Chicago, Illinois, 60603-2003, Telecopy No.: (312) 385-1544, Attention: Lillian Arroyo, with a copy to JPMorgan Chase Bank, N.A., Mail Code TX2-S038, 712 Main Street, 8th Floor, Houston, Texas 77002, Telecopy No. (713) 216-7770, Attention: Ryan Fuessel;

(iii) if to a Co-Syndication Agent or Documentation Agent, to it at its address (or telecopy number) set forth in its Administrative Questionnaire; and

(iv) if to any other Lender, to it at its address (or telecopy number) set forth in its Administrative Questionnaire.

(b) Notices and other communications to the Lenders hereunder may be delivered or furnished by electronic communications pursuant to procedures approved by the Administrative Agent; *provided* that the foregoing shall not apply to notices pursuant to Article II unless otherwise agreed by the Administrative Agent and the applicable Lender. The Administrative Agent or the Borrowers may, in their discretion, agree to accept notices and other communications to it hereunder by electronic communications pursuant to procedures approved by it; *provided* that approval of such procedures may be limited to particular notices or communications.

(c) Any party hereto may change its address or telecopy number for notices and other communications hereunder by notice to the other parties hereto. All notices and other communications given to any party hereto in accordance with the provisions of this Agreement shall be deemed to have been given on the date of receipt.

Section 11.02. Waivers; Amendments.

(a) No failure or delay by the Administrative Agent, the Issuing Bank or any Lender in exercising any right or power hereunder shall operate as a waiver thereof, nor shall any single or partial exercise of any such right or power, or any abandonment or discontinuance of steps to enforce such a right or power, preclude any other or further exercise thereof or the exercise of any other right or power. The rights and remedies of the Administrative Agent, the Issuing Bank and the Lenders hereunder are cumulative and are not exclusive of any rights or remedies that they would otherwise have. No waiver of any provision of this Agreement or consent to any departure by the Borrowers therefrom shall in any event be effective unless the same shall be permitted by paragraph (b) of this Section, and then such waiver or consent shall be effective only in the specific instance and for the purpose for which given. Without limiting the generality of the foregoing, the making of a Loan or issuance of a Letter of Credit shall not be construed as a waiver of any Default, regardless of whether the Administrative Agent, any Lender or the Issuing Bank may have had notice or knowledge of such Default at the time.

(b) Neither this Agreement nor any provision hereof may be waived, amended or modified except pursuant to an agreement or agreements in writing entered into by the Credit Parties and the Required Lenders or by the Credit Parties and the Administrative Agent with the consent of the Required Lenders; *provided* that no such agreement shall (1) amend or waive any of the conditions specified in Article V (provided that the Administrative Agent may in its discretion withdraw any request it has made under Section 5.01(n)), (2) increase the Borrowing Base without the written consent of each Lender, (3) increase the Applicable Percentage of any Lender or increase the Commitment of any Lender above such Lender's Applicable Percentage of the Maximum Facility Amount without the written consent of such Lender, (4) increase the Maximum Facility Amount without the written consent of each Lender, (5) reduce the principal amount of any Loan or LC Disbursement or reduce the rate of interest thereon, or reduce any fees payable hereunder, without the written consent of each Lender affected thereby, (6) postpone the scheduled date of payment of the principal amount of any Loan or LC Disbursement, or any interest thereon, or any fees payable hereunder, or reduce the amount of, waive or excuse any such payment, or postpone the scheduled date of expiration of the Aggregate Commitment, without the written consent of each Lender affected thereby, (7) change Section 2.18(b) or Section 2.18(c) in a manner that would alter the pro rata sharing of payments required thereby, without the written consent of each Lender, (8) release any Credit Party from its obligations under the Loan Documents or, except in connection with any sales, transfers, leases or other dispositions permitted in Section 7.05, release any of the Collateral without the written consent of each Lender, (9) change any of the provisions of this Section or the definition of "Required Lenders" or any other provision hereof specifying the number or percentage of Lenders required to waive, amend or modify any rights hereunder or make any determination or grant any consent hereunder, without the written consent of each Lender, (10) amend Section 11.18 without the written consent of each Person affected thereby, or (11) amend this Section 11.02; *provided further* that no such agreement shall amend, modify or otherwise affect the rights or duties of the Administrative Agent or the Issuing Bank hereunder without the prior written consent of the Administrative Agent or the Issuing Bank, as the case may be. Notwithstanding anything to the contrary herein, no Defaulting Lender shall have any right to approve or disapprove any amendment, waiver or consent hereunder, except that the Commitment of such Lender may not be increased or extended without the consent of such Lender.

(c) Notwithstanding anything to the contrary contained in this Section 11.02, the Administrative Agent may, with the consent of the Borrowers only, amend, modify or supplement this Agreement or any of the other Loan Documents to correct any clerical errors or cure any ambiguity, omission, mistake, defect or inconsistency.

Section 11.03. *Expenses; Indemnity; Damage Waiver.*

(a) The Borrowers shall pay (i) all reasonable out-of-pocket expenses incurred by the Administrative Agent, the Arranger and their Affiliates, including the reasonable fees, charges and disbursements of counsel for the Administrative Agent, in connection with the syndication of the credit facilities provided for herein, the preparation and administration of this Agreement and the other Loan Documents or any amendments, modifications or waivers of the provisions hereof (whether or not the transactions contemplated hereby or thereby shall be consummated), (ii) all reasonable out-of-pocket expenses incurred by the Issuing Bank in connection with the issuance, amendment, renewal or extension of any Letter of Credit or any demand for payment thereunder and (iii) all reasonable out-of-pocket expenses incurred by the Administrative Agent, the Issuing Bank or any Lender, including the fees, charges and disbursements of any counsel for the Administrative Agent, the Issuing Bank or any Lender, in connection with the enforcement or protection of its rights in connection with the Loan Documents, including its rights under this Section, or in connection with the Loans made or Letters of Credit issued hereunder, including all

such out-of-pocket expenses incurred during any workout, restructuring or negotiations in respect of such Loans or Letters of Credit.

(b) THE CREDIT PARTIES SHALL INDEMNIFY THE ADMINISTRATIVE AGENT, THE ISSUING BANK AND EACH LENDER, AND EACH RELATED PARTY OF ANY OF THE FOREGOING PERSONS (EACH SUCH PERSON BEING CALLED AN "INDEMNITEE") AGAINST, AND HOLD EACH INDEMNITEE HARMLESS FROM, ANY AND ALL LOSSES, CLAIMS, DAMAGES, PENALTIES, LIABILITIES AND RELATED EXPENSES, INCLUDING THE FEES, CHARGES AND DISBURSEMENTS OF ANY COUNSEL FOR ANY INDEMNITEE, INCURRED BY OR ASSERTED AGAINST ANY INDEMNITEE ARISING OUT OF, IN CONNECTION WITH, OR AS A RESULT OF (I) THE EXECUTION OR DELIVERY OF THIS AGREEMENT OR ANY AGREEMENT OR INSTRUMENT CONTEMPLATED HEREBY, THE PERFORMANCE BY THE PARTIES HERETO OF THEIR RESPECTIVE OBLIGATIONS HEREUNDER OR THE CONSUMMATION OF THE TRANSACTIONS OR ANY OTHER TRANSACTIONS CONTEMPLATED HEREBY, (II) ANY LOAN OR LETTER OF CREDIT OR THE USE OF THE PROCEEDS THEREFROM (INCLUDING ANY REFUSAL BY THE ISSUING BANK TO HONOR A DEMAND FOR PAYMENT UNDER A LETTER OF CREDIT IF THE DOCUMENTS PRESENTED IN CONNECTION WITH SUCH DEMAND DO NOT STRICTLY COMPLY WITH THE TERMS OF SUCH LETTER OF CREDIT), (III) ANY ACTUAL OR ALLEGED PRESENCE OR RELEASE OF HAZARDOUS MATERIALS ON OR FROM ANY PROPERTY OWNED OR OPERATED BY THE BORROWER OR ANY SUBSIDIARY, OR ANY ENVIRONMENTAL LIABILITY RELATED IN ANY WAY TO THE BORROWER OR ANY SUBSIDIARY, OR (IV) ANY ACTUAL OR PROSPECTIVE CLAIM, LITIGATION, INVESTIGATION OR PROCEEDING RELATING TO ANY OF THE FOREGOING, WHETHER BASED ON CONTRACT, TORT OR ANY OTHER THEORY AND REGARDLESS OF WHETHER ANY INDEMNITEE IS A PARTY THERETO. THE FOREGOING INDEMNIFICATION SHALL APPLY WHETHER OR NOT SUCH LOSSES, CLAIMS, DAMAGES, LIABILITIES OR RELATED EXPENSES ARE IN ANY WAY OR TO ANY EXTENT OWED, IN WHOLE OR IN PART, UNDER ANY CLAIM OR THEORY OF STRICT LIABILITY OR CAUSED, IN WHOLE OR IN PART BY ANY NEGLIGENT ACT OR OMISSION OF ANY KIND BY ANY INDEMNITEE; *PROVIDED* THAT SUCH INDEMNITY SHALL NOT, AS TO ANY INDEMNITEE, BE AVAILABLE TO THE EXTENT THAT SUCH LOSSES, CLAIMS, DAMAGES, LIABILITIES OR RELATED EXPENSES ARE DETERMINED BY A COURT OF COMPETENT JURISDICTION BY FINAL AND NONAPPEALABLE JUDGMENT TO HAVE RESULTED FROM THE GROSS NEGLIGENCE OR WILLFUL MISCONDUCT OF SUCH INDEMNITEE. FOR THE AVOIDANCE OF DOUBT, WITH RESPECT TO THE FOREGOING PROVISIO "ANY INDEMNITEE" MEANS ONLY THE INDEMNITEE OR INDEMNITEES, AS THE CASE MAY BE, THAT ARE DETERMINED BY SUCH COURT TO HAVE BEEN GROSSLY NEGLIGENT OR TO HAVE ENGAGED IN WILLFUL MISCONDUCT AND NOT ANY OTHER INDEMNITEE.

(c) To the extent that any Credit Party fails to pay any amount required to be paid by it to the Administrative Agent or the Issuing Bank under paragraph (a) or (b) of this Section, each Lender severally agrees to pay to the Administrative Agent or the Issuing Bank, as the case may be, such Lender's Applicable Percentage of such unpaid amount with respect to amounts to be paid to the Issuing Bank and such Lender's Applicable Percentage of such unpaid amount with respect to amounts to be paid to the Administrative Agent (in each case, determined as of the time that the applicable unreimbursed expense or indemnity payment is sought); *provided* that the unreimbursed expense or indemnified loss, claim, damage, liability or related expense, as the case may be, was incurred by or asserted against the Administrative Agent or the Issuing Bank in its capacity as such.

(d) TO THE EXTENT PERMITTED BY APPLICABLE LAW, THE CREDIT PARTIES SHALL NOT ASSERT, AND HEREBY WAIVE, ANY CLAIM AGAINST ANY INDEMNITEE, ON ANY THEORY OF LIABILITY, FOR SPECIAL, INDIRECT, CONSEQUENTIAL OR PUNITIVE DAMAGES (AS OPPOSED TO DIRECT OR ACTUAL DAMAGES) ARISING OUT OF, IN CONNECTION WITH, OR AS A RESULT OF, THIS AGREEMENT OR ANY AGREEMENT OR INSTRUMENT CONTEMPLATED HEREBY, THE TRANSACTIONS, ANY LOAN OR LETTER OF CREDIT OR THE USE OF THE PROCEEDS THEREOF.

(e) All amounts due under this Section shall be payable not later than ten (10) days after written demand therefor.

Section 11.04. *Successors and Assigns.*

(a) The provisions of this Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective successors and assigns permitted hereby (including any Affiliate of the Issuing Bank that issues any Letter of Credit), except that (i) no Credit Party may assign or otherwise transfer any of its rights or obligations hereunder without the prior written consent of each Lender (and any attempted assignment or transfer by such Credit Party without such consent shall be null and void) and (ii) no Lender may assign or otherwise transfer its rights or obligations hereunder except in accordance with this Section. Nothing in this Agreement, expressed or implied, shall be construed to confer upon any Person (other than the parties hereto, their respective successors and assigns permitted hereby (including any Affiliate of the Issuing Bank that issues any Letter of Credit), Participants (to the extent provided in paragraph (c) of this Section) and, to the extent expressly contemplated hereby, the Related Parties of each of the Administrative Agent, the Issuing Bank and the Lenders) any legal or equitable right, remedy or claim under or by reason of this Agreement.

(b)

(i) Subject to the conditions set forth in paragraph (b)(ii) below, any Lender may assign to one or more assignees all or a portion of its rights and obligations under this Agreement (including all or a portion of its Commitment and the Loans at the time owing to it) with the prior written consent (such consent not to be unreasonably withheld) of:

(A) the Borrowers; *provided* that no consent of the Borrowers shall be required for an assignment to a Lender, an Affiliate of a Lender, a Federal Reserve Bank, an Approved Fund or, if any Event of Default has occurred and is continuing, any other assignee;

(B) the Administrative Agent; and

(C) the Issuing Bank.

(ii) Assignments shall be subject to the following additional conditions:

(A) except in the case of an assignment to a Lender, an Affiliate of a Lender, an Approved Fund or an assignment of the entire remaining amount of the assigning Lender's Commitment or Loans, the amount of the Commitment or Loans of the assigning Lender subject to each such assignment (determined as of the date the Assignment and Assumption with respect to such assignment is delivered to the Administrative Agent) shall not be less than \$5,000,000 unless each of the Borrowers and the Administrative Agent otherwise consent; *provided* that no such consent of the Borrowers shall be required if any Event of Default has occurred and is continuing;

(B) each partial assignment shall be made as an assignment of a proportionate part of all the assigning Lender's rights and obligations in respect of such Lender's Commitment and such Lender's Loans under this Agreement;

(C) the parties to each assignment shall execute and deliver to the Administrative Agent an Assignment and Assumption, together with a processing and recordation fee of \$3,500; *provided* that no such processing and recordation fee shall be required for an assignment by a Lender to an Affiliate of such Lender; and

(D) the assignee, if it shall not be a Lender, shall deliver to the Administrative Agent an Administrative Questionnaire.

For the purposes of this Section 11.04(b), the term "*Approved Fund*" has the following meaning:

"*Approved Fund*" means any Person (other than a natural person) that is engaged in making, purchasing, holding or investing in bank loans and similar extensions of credit in the ordinary course of its business and that is administered or managed by (a) a Lender, (b) an Affiliate of a Lender or (c) an entity or an Affiliate of an entity that administers or manages a Lender.

(iii) Subject to acceptance and recording thereof pursuant to paragraph (b)(iv) of this Section, from and after the effective date specified in each Assignment and Assumption the assignee thereunder shall be a party hereto and, to the extent of the interest assigned by such Assignment and Assumption, have the rights and obligations of a Lender under this Agreement, and the assigning Lender thereunder shall, to the extent of the interest assigned by such Assignment and Assumption, be released from its obligations under this Agreement (and, in the case of an Assignment and Assumption covering all of the assigning Lender's rights and obligations under this Agreement, such Lender shall cease to be a party hereto but shall continue to be entitled to the benefits of Section 2.15, Section 2.16, Section 2.17 and Section 11.03). Any assignment or transfer by a Lender of rights or obligations under this Agreement that does not comply with this Section 11.04 shall be treated for purposes of this Agreement as a sale by such Lender of a participation in such rights and obligations in accordance with paragraph (c) of this Section except that any attempted assignment or transfer by any Lender that does not comply with clause (C) of Section 11.04(b)(ii) shall be null and void.

(iv) The Administrative Agent, acting for this purpose as an agent of the Borrowers, shall maintain at one of its offices a copy of each Assignment and Assumption delivered to it and a register for the recordation of the names and addresses of the Lenders, and the Commitment and Applicable Percentage of, and principal amount of the Loans and LC Disbursements owing to, each Lender pursuant to the terms hereof from time to time (the "*Register*"). The entries in the Register shall be conclusive, and the Credit Parties, the Administrative Agent, the Issuing Bank and the Lenders may treat each Person whose name is recorded in the Register pursuant to the terms hereof as a Lender hereunder for all purposes of this Agreement, notwithstanding notice to the contrary. The Register shall be available for inspection by the Credit Parties, the Issuing Bank and any Lender, at any reasonable time and from time to time upon reasonable prior notice.

(v) Upon its receipt of a duly completed Assignment and Assumption executed by an assigning Lender and an assignee, the assignee's completed Administrative Questionnaire (unless the assignee shall already be a Lender hereunder), the processing and recordation fee referred to in paragraph (b) of this Section any written consent to such assignment required by paragraph (b) of this Section, the Administrative Agent shall accept such Assignment and Assumption and record the information contained therein in the Register; *provided* that if either the assigning Lender or the assignee shall have failed to make any payment required to

be made by it pursuant to Section 2.06(d) or Section 2.06(e), Section 2.07, Section 2.18(d) or Section 11.03(c), the Administrative Agent shall have no obligation to accept such Assignment and Assumption and record the information therein in the Register unless and until such payment shall have been made in full, together with all accrued interest thereon. No assignment shall be effective for purposes of this Agreement unless it has been recorded in the Register as provided in this paragraph.

(c)

(i) Any Lender may, without the consent of the Borrowers, the Administrative Agent or the Issuing Bank, sell participations to one or more banks or other entities (a "*Participant*") in all or a portion of such Lender's rights and obligations under this Agreement (including all or a portion of its Commitment and the Loans owing to it); *provided* that (A) such Lender's obligations under this Agreement shall remain unchanged, (B) such Lender shall remain solely responsible to the other parties hereto for the performance of such obligations and (C) the Borrowers, the Administrative Agent, the Issuing Bank and the other Lenders shall continue to deal solely and directly with such Lender in connection with such Lender's rights and obligations under this Agreement. Any agreement or instrument pursuant to which a Lender sells such a participation shall provide that such Lender shall retain the sole right to enforce this Agreement and to approve any amendment, modification or waiver of any provision of this Agreement; *provided* that such agreement or instrument may provide that such Lender will not, without the consent of the Participant, agree to any amendment, modification or waiver described in the first proviso to Section 11.02(b) that affects such Participant. Subject to paragraph (c)(ii) of this Section, the Borrowers agree that each Participant shall be entitled to the benefits of Section 2.15, Section 2.16 and Section 2.17 to the same extent as if it were a Lender and had acquired its interest by assignment pursuant to paragraph (b) of this Section. To the extent permitted by law, each Participant also shall be entitled to the benefits of Section 11.08 as though it were a Lender, *provided* such Participant agrees to be subject to Section 2.18(c) as though it were a Lender.

(ii) A Participant shall not be entitled to receive any greater payment under Section 2.15 or Section 2.17 than the applicable Lender would have been entitled to receive with respect to the participation sold to such Participant, unless the sale of the participation to such Participant is made with the prior written consent of the Borrowers. A Participant that would be a Foreign Lender if it were a Lender shall not be entitled to the benefits of Section 2.17 unless the Borrower Representative is notified of the participation sold to such Participant and such Participant agrees, for the benefit of the Borrowers, to comply with Section 2.17(e) as though it were a Lender.

(d) Any Lender may at any time pledge or assign a security interest in all or any portion of its rights under this Agreement to secure obligations of such Lender, including without limitation any pledge or assignment to secure obligations to a Federal Reserve Bank, and this Section shall not apply to any such pledge or assignment of a security interest; *provided* that no such pledge or assignment of a security interest shall release a Lender from any of its obligations hereunder or substitute any such pledgee or assignee for such Lender as a party hereto.

Section 11.05. *Survival.* All covenants, agreements, representations and warranties made by the Credit Parties herein and in the certificates or other instruments delivered in connection with or pursuant to this Agreement shall be considered to have been relied upon by the other parties hereto and shall survive the execution and delivery of this Agreement and the making of any Loans and issuance of any Letters of Credit, regardless of any investigation made by any such other party or on its behalf and notwithstanding that the Administrative Agent, the Issuing Bank or any Lender may have had notice or knowledge of any Default or incorrect representation or warranty at the time any credit is extended hereunder, and shall continue in full force and effect as long as the principal of or any accrued interest on any Loan or any fee or any other amount payable under this Agreement is outstanding and unpaid or any Letter of Credit is outstanding and so long as the Aggregate Commitment has not expired or terminated. The provisions of Section 2.15, Section 2.16, Section 2.17, Section 11.03, Section 11.12 and Article X shall survive and remain in full force and effect regardless of the consummation of the transactions contemplated hereby, the repayment of the Loans, the expiration or termination of the Letters of Credit and the Aggregate Commitment or the termination of this Agreement or any provision hereof.

Section 11.06. *Counterparts; Integration; Effectiveness.* This Agreement may be executed in counterparts (and by different parties hereto on different counterparts), each of which shall constitute an original, but all of which when taken together shall constitute a single contract. This Agreement and any separate letter agreements with respect to fees payable to the Administrative Agent constitute the entire contract among the parties relating to the subject matter hereof and supersede any and all previous agreements and understandings, oral or written, relating to the subject matter hereof. **THIS AGREEMENT AND THE OTHER LOAN DOCUMENTS REPRESENT THE FINAL AGREEMENT BETWEEN THE PARTIES AND MAY NOT BE CONTRADICTED BY EVIDENCE OF PRIOR, CONTEMPORANEOUS, OR SUBSEQUENT ORAL AGREEMENTS OF THE PARTIES. THERE ARE NO UNWRITTEN ORAL AGREEMENTS BETWEEN THE PARTIES.** Except as provided in Section 5.01, this Agreement shall become effective when it shall have been executed by the Administrative Agent and when the Administrative Agent shall have received counterparts hereof which, when taken together, bear the signatures of each of the other parties hereto, and thereafter shall be binding upon and inure to the benefit of the parties hereto and their respective successors and assigns. Delivery of an executed counterpart of a signature page of this Agreement by telecopy shall be effective as delivery of a manually executed counterpart of this Agreement.

Section 11.07. *Severability.* Any provision of this Agreement held to be invalid, illegal or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such invalidity, illegality or unenforceability without affecting the validity, legality and enforceability of the remaining provisions hereof; and the invalidity of a particular provision in a particular jurisdiction shall not invalidate such provision in any other jurisdiction.

Section 11.08. *Right of Setoff.* If an Event of Default shall have occurred and be continuing, each Lender and each of its Affiliates is hereby authorized at any time and from time to time, to the fullest extent permitted by law, to set off and apply any and all deposits (general or special, time or demand, provisional or final) at any time held and other obligations at any time owing by such Lender or Affiliate to or for the credit or the account of the Borrowers against any of and all the obligations of any Credit Party now or hereafter existing under this Agreement held by such Lender, irrespective of whether or not such Lender shall have made any demand under this Agreement and although such obligations may be unmatured. The rights of each Lender under this Section and Section 8.08 are in addition to other rights and remedies (including other rights of setoff) which such Lender may have.

(a) THIS AGREEMENT SHALL BE CONSTRUED IN ACCORDANCE WITH AND GOVERNED BY THE LAW OF THE STATE OF TEXAS WITHOUT REGARD TO CONFLICTS OF LAW PRINCIPLES THEREOF.

(b) EACH PARTY HEREBY IRREVOCABLY AND UNCONDITIONALLY SUBMITS, FOR ITSELF AND ITS PROPERTY, TO THE NONEXCLUSIVE JURISDICTION OF ANY UNITED STATES FEDERAL OR TEXAS STATE COURT SITTING IN DALLAS, TEXAS IN ANY ACTION OR PROCEEDING ARISING OUT OF OR RELATING TO THIS AGREEMENT, OR FOR RECOGNITION OR ENFORCEMENT OF ANY JUDGMENT, AND EACH OF THE PARTIES HERETO HEREBY IRREVOCABLY AND UNCONDITIONALLY AGREES THAT ALL CLAIMS IN RESPECT OF ANY SUCH ACTION OR PROCEEDING MAY BE HEARD AND DETERMINED IN SUCH TEXAS STATE OR, TO THE EXTENT PERMITTED BY LAW, IN SUCH FEDERAL COURT. EACH OF THE PARTIES HERETO AGREES THAT A FINAL JUDGMENT IN ANY SUCH ACTION OR PROCEEDING SHALL BE CONCLUSIVE AND MAY BE ENFORCED IN OTHER JURISDICTIONS BY SUIT ON THE JUDGMENT OR IN ANY OTHER MANNER PROVIDED BY LAW. NOTHING IN THIS AGREEMENT SHALL AFFECT ANY RIGHT THAT THE ADMINISTRATIVE AGENT, THE ISSUING BANK OR ANY LENDER MAY OTHERWISE HAVE TO BRING ANY ACTION OR PROCEEDING RELATING TO THIS AGREEMENT AGAINST ANY CREDIT PARTY OR ITS PROPERTIES IN THE COURTS OF ANY JURISDICTION.

(c) EACH PARTY HEREBY IRREVOCABLY AND UNCONDITIONALLY WAIVES, TO THE FULLEST EXTENT IT MAY LEGALLY AND EFFECTIVELY DO SO, ANY OBJECTION WHICH IT MAY NOW OR HEREAFTER HAVE TO THE LAYING OF VENUE OF ANY SUIT, ACTION OR PROCEEDING ARISING OUT OF OR RELATING TO THIS AGREEMENT IN ANY COURT REFERRED TO IN PARAGRAPH (B) OF THIS SECTION. EACH OF THE PARTIES HERETO HEREBY IRREVOCABLY WAIVES, TO THE FULLEST EXTENT PERMITTED BY LAW, THE DEFENSE OF AN INCONVENIENT FORUM TO THE MAINTENANCE OF SUCH ACTION OR PROCEEDING IN ANY SUCH COURT.

(d) EACH PARTY TO THIS AGREEMENT IRREVOCABLY CONSENTS TO SERVICE OF PROCESS IN THE MANNER PROVIDED FOR NOTICES IN SECTION 11.01. NOTHING IN THIS AGREEMENT WILL AFFECT THE RIGHT OF ANY PARTY TO THIS AGREEMENT TO SERVE PROCESS IN ANY OTHER MANNER PERMITTED BY LAW.

Section 11.10. *WAIVER OF JURY TRIAL.* EACH PARTY HERETO HEREBY WAIVES, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY IN ANY LEGAL PROCEEDING DIRECTLY OR INDIRECTLY ARISING OUT OF OR RELATING TO THIS AGREEMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY (WHETHER BASED ON CONTRACT, TORT OR ANY OTHER THEORY). EACH PARTY HERETO (A) CERTIFIES THAT NO REPRESENTATIVE, AGENT OR ATTORNEY OF ANY OTHER PARTY HAS REPRESENTED, EXPRESSLY OR OTHERWISE, THAT SUCH OTHER PARTY WOULD NOT, IN THE EVENT OF LITIGATION, SEEK TO ENFORCE THE FOREGOING WAIVER AND (B) ACKNOWLEDGES THAT IT AND THE OTHER PARTIES HERETO HAVE BEEN INDUCED TO ENTER INTO THIS AGREEMENT BY, AMONG OTHER THINGS, THE MUTUAL WAIVERS AND CERTIFICATIONS IN THIS SECTION.

Section 11.11. *Headings.* Article and Section headings and the Table of Contents used herein are for convenience of reference only, are not part of this Agreement and shall not affect the construction of, or be taken into consideration in interpreting, this Agreement.

Section 11.12. *Confidentiality.* Each of the Administrative Agent, the Issuing Bank and the Lenders agrees to maintain the confidentiality of the Information (as defined below), except that Information may be disclosed (a) to its and its Affiliates' directors, officers, employees and agents, including accountants, legal counsel and other advisors (it being understood that the Persons to whom such disclosure is made will be informed of the confidential nature of such Information and instructed to keep such Information confidential), (b) to the extent requested by any regulatory authority having jurisdiction over any Lender or any self-regulatory authority or agency possessing investigative powers and the ability to sanction members for non-compliance, (c) to the extent required by applicable laws or regulations or by any subpoena or similar legal process, (d) to any other party to this Agreement, (e) in connection with the exercise of any remedies hereunder or any suit, action or proceeding relating to this Agreement or the enforcement of rights hereunder, (f) subject to an agreement containing provisions substantially the same as those of this Section, to (i) any assignee of or Participant in, or any prospective assignee of or Participant in, any of its rights or obligations under this Agreement or (ii) any actual or prospective counterparty (or its advisors) to any swap or derivative transaction relating to the Credit Parties and their obligations, (g) with the consent of the Borrowers or (h) to the extent such Information (i) becomes publicly available other than as a result of a breach of this Section or (ii) becomes available to the Administrative Agent, the Issuing Bank or any Lender on a nonconfidential basis from a source other than a Credit Party. For the purposes of this Section, "*Information*" means all information received from any Credit Party relating to any Credit Party or its business, other than any such information that is available to the Administrative Agent, the Issuing Bank or any Lender on a nonconfidential basis prior to disclosure by any Credit Party; *provided* that, in the case of information received from any Credit Party after the date hereof, such information is clearly identified at the time of delivery as confidential. Any Person required to maintain the confidentiality of Information as provided in this Section shall be considered to have complied with its obligation to do so if such Person has exercised the same degree of care to maintain the confidentiality of such Information as such Person would accord to its own confidential information.

Section 11.13. *Interest Rate Limitation.* Notwithstanding anything herein to the contrary, if at any time the interest rate applicable to any Loan, together with all fees, charges and other amounts which are treated as interest on such Loan under applicable law (collectively the "*Charges*"), shall exceed the maximum lawful rate (the "*Maximum Rate*") which may be contracted for, charged, taken, received or reserved by the Lender holding such Loan in accordance with applicable law, the rate of interest payable in respect of such Loan hereunder, together with all Charges payable in respect thereof, shall be limited to the Maximum Rate and, to the extent lawful, the interest and Charges that would have been payable in respect of such Loan but were not payable as a result of the operation of this Section shall be cumulated and the interest and Charges payable to such Lender in respect of other Loans or periods shall be increased (but not above the Maximum Rate therefor) until such cumulated amount, together with interest thereon at the Federal Funds Effective Rate to the date of repayment, shall have been received by such Lender. In the event that the law of the State of Texas provides for an interest ceiling under Chapter 303 of the Texas Finance Code (the "*Texas Finance Code*") as amended, for each day, the ceiling shall be the "weekly ceiling" as defined in the Texas Finance Code and shall be used in this Agreement, any promissory note issued pursuant to Section 2.09(e) and the other Loan Documents for calculating the Maximum Rate and for all other purposes. Chapter 346 of the Texas Finance Code (which regulates certain revolving credit accounts (formerly Tex. Rev. Civ. Stat. Ann. Art. 5069, Ch. 15)) shall not apply to this Agreement or to any Loan, nor shall this Agreement or any Loan be governed by or be subject to the provisions of such Chapter 346 in any manner whatsoever.

Section 11.14. *USA PATRIOT Act.* Each Lender that is subject to the requirements of the USA Patriot Act (Title III of Pub. L. 107-56 (signed into law October 26, 2001)) (the "*Act*") hereby notifies each Credit Party that pursuant to the requirements of the Act, it is required to obtain, verify and record information that identifies each Credit Party, which information includes the name and address of each Credit Party and other information that will allow such Lender to identify each Credit Party in

accordance with the Act. The Borrowers shall, upon the request of the Administrative Agent or any Lender, provide all documentation and other information that the Administrative Agent or such Lender reasonably requires to comply with its ongoing obligations under applicable "know your customer" and anti-money laundering rules and regulations, including the Act.

Section 11.15. *Original Credit Agreement.* Upon the Effective Date, the Default under and as defined in the Original Credit Agreement as a result of the Borrowers' failure to comply with Section 7.11 of the Original Credit Agreement for the fiscal quarter ending September 30, 2008, shall be, and it hereby is, deemed waived and this Agreement shall supersede and replace in its entirety the Original Credit Agreement; *provided, however,* that (i) all loans, letters of credit, and other Indebtedness, obligations and liabilities outstanding under the Original Credit Agreement on such date shall continue to constitute Loans, Letters of Credit and other Indebtedness, obligations and liabilities under this Agreement, (ii) the execution and delivery of this Agreement or any of the Loan Documents hereunder shall not constitute a novation, refinancing or any other fundamental change in the relationship among the parties and (iii) the Loans, Letters of Credit, and other Indebtedness, obligations and liabilities outstanding hereunder, to the extent outstanding under the Original Credit Agreement immediately prior to the date hereof, shall constitute the same loans, letters of credit, and other Indebtedness, obligations and liabilities as were outstanding under the Original Credit Agreement.

Section 11.16. *Reaffirmation and Grant of Security Interest.* Each Credit Party hereby (i) confirms that each Security Document (for purposes of this Section 11.16, as defined in the Original Credit Agreement) and each Security Document to which it is a party or is otherwise bound and all assets, property and interests encumbered thereby will continue to guarantee or secure, as the case may be, to the fullest extent possible in accordance with the Loan Documents, the payment and performance of all Obligations and Guaranteed Liabilities under this Agreement and the Secured Obligations (as such term is defined in the Security Documents) under the Security Documents, as the case may be, including without limitation the payment and performance of all such Obligations and Guaranteed Liabilities under this Agreement and the Secured Obligations under the Security Documents, and (ii) grants to the Administrative Agent for the benefit of the Secured Parties a continuing Lien on and security interest in and to such Credit Party's right, title and interest in, to and under all Collateral as collateral security for the prompt payment and performance in full when due of the Obligations and Guaranteed Liabilities under this Agreement and the Secured Obligations under the Security Documents (whether at stated maturity, by acceleration or otherwise) in accordance with the terms thereof.

Section 11.17. *Reallocation of Aggregate Commitment.* The Lenders (as defined in the Original Credit Agreement) have agreed among themselves to reallocate the Aggregate Commitment (as defined in the Original Credit Agreement) as contemplated by this Agreement and to adjust their interests in the Aggregate Commitment (as defined in the Original Credit Agreement) and the Loans (as defined in the Original Credit Agreement) accordingly. On the Effective Date and after giving effect to such reallocation and adjustment of such Aggregate Commitment and such Loans, the Lenders shall own the Applicable Percentages set forth on Schedule 1.01. The outstanding Loans (as defined in the Original Credit Agreement) and the funds delivered to the Administrative Agent on the Effective Date by the Lenders shall be allocated such that after giving effect to such allocation each of the Lenders shall own the Applicable Percentages of the Aggregate Commitment and the Commitments set forth on Schedule 1.01 and such Lenders shall own the Loans consistent with the Applicable Percentages set forth on Schedule 1.01. The Borrower shall pay any funding indemnification amounts required by Section 3.5 of the Original Credit Agreement in the event the payment of any principal of any Eurodollar Loan or the conversion of any Eurodollar Loan other than on the last day of an Interest Period applicable thereto is required in connection with the reallocation contemplated by this Section 11.17.

Section 11.18. *Intercreditor Agreement.* The parties hereto agree that (i) JPMorgan Chase Bank, N.A., in its capacity as Administrative Agent under this Agreement, shall be the First Priority Representative (as such term is defined in the Intercreditor Agreement) for all purposes and in all respects under the Intercreditor Agreement, (ii) each Lender shall be subject to the terms and conditions, and entitled to the benefits, of the Intercreditor Agreement, and (iii) each Lender or Affiliate of any Lender that provides Cash Management Obligations permitted by the terms of this Agreement to any Credit Party shall be a First Priority Creditor (as such term is defined in the Intercreditor Agreement) for all purposes and in all respects under the Intercreditor Agreement.

**FIRST AMENDMENT TO THIRD AMENDED AND RESTATED
CREDIT AGREEMENT**

This FIRST AMENDMENT TO THIRD AMENDED AND RESTATED CREDIT AGREEMENT (this "*Amendment*") is made as of June 25, 2009, by and among ANTERO RESOURCES CORPORATION, a Delaware corporation ("*Antero*"), ANTERO RESOURCES MIDSTREAM CORPORATION, a Delaware corporation ("*Antero Midstream*"), ANTERO RESOURCES PICEANCE CORPORATION, a Delaware corporation ("*Antero Piceance*"), ANTERO RESOURCES PIPELINE CORPORATION, a Delaware corporation ("*Antero Pipeline*"), and ANTERO RESOURCES APPALACHIAN CORPORATION, a Delaware corporation ("*Antero Appalachian*") and, together with Antero, Antero Midstream, Antero Piceance and Antero Pipeline, each, a "*Borrower*" and collectively, the "*Borrowers*"), CERTAIN SUBSIDIARIES OF BORROWERS, as Guarantors, the LENDERS party hereto, and JPMORGAN CHASE BANK, N.A., as Administrative Agent (in such capacity, the "*Administrative Agent*"). Unless otherwise expressly defined herein, capitalized terms used but not defined in this Amendment have the meanings assigned to such terms in the Credit Agreement (as defined below).

WITNESSETH:

WHEREAS, the Borrowers, the Guarantors, the Administrative Agent and the Lenders have entered into that certain Third Amended and Restated Credit Agreement, dated as of January 14, 2009 (as amended, restated, supplemented or otherwise modified from time to time, the "*Credit Agreement*"); and

WHEREAS, the Administrative Agent, the Lenders and the Borrowers have agreed to amend the Credit Agreement to increase the Borrowing Base and for certain other purposes as provided herein, subject to the terms and conditions set forth herein.

NOW, THEREFORE, for and in consideration of the mutual covenants and agreements herein contained and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged and confessed, the Borrowers, the Guarantors, the Administrative Agent and the Lenders hereby agree as follows:

SECTION 1. Amendments to Credit Agreement. Subject to the satisfaction or waiver in writing of each condition precedent set forth in *Section 4* of this Amendment, and in reliance on the representations, warranties, covenants and agreements contained in this Amendment, the Credit Agreement shall be amended in the manner provided in this *Section 1*.

1.1 Additional Definitions. The following definitions shall be and they hereby are added to *Section 1.01* of the Credit Agreement in appropriate alphabetical order:

"First Amendment Effective Date" means June 25, 2009.

"Marcellus Acreage" means Oil and Gas Interests in the Appalachian Basin owned by any Credit Party and capable of producing Hydrocarbons from the Marcellus Shale.

"Marcellus Shale" means a Middle Devonian-age black, low density, carbonaceous (organic rich) shale that occurs in the subsurface beneath much of Ohio, West Virginia, Pennsylvania and New York.

1.2 Amended Definitions. The following definition in *Section 1.01* of the Credit Agreement shall be and it hereby is amended and restated in its respective entirety to read as follows:

"Aggregate Commitment" means the amount equal to the lesser of (a) the Maximum Facility Amount and (b) the Borrowing Base then in effect, as such amount may be (i) reduced or increased from time to time as a result of changes in the Borrowing Base pursuant to Article III, and (ii) reduced

from time to time as a result of changes in the Maximum Facility Amount pursuant to Section 2.02. Notwithstanding anything to the contrary contained herein or in any other Loan Document, effective as of the First Amendment Effective Date, the Aggregate Commitment shall be equal to \$392,333,333.33; provided that if the Borrowing Base is reduced below the Aggregate Commitment in effect as of the First Amendment Effective Date, the Aggregate Commitment shall be reduced automatically to the amount of the Borrowing Base in effect at such time.

"Fee Letter" means that certain fee letter agreement, dated June 15, 2009, among the Borrowers, the Administrative Agent and the Arranger.

1.3 Events of Default. Article IX of the Credit Agreement shall be and it hereby is amended by (a) deleting the word "or" located at the end of clause (n) thereof, (b) adding the word "or" to the end of clause (o) thereof, and (c) adding a new clause (p) immediately following clause (o) to read as follows:

(p) *the Borrowers fail to (i) receive cash equity contributions in an aggregate amount of at least \$50,000,000, net of underwriting discounts and commissions and other reasonable costs and expenses associated therewith, including reasonable legal fees and expenses, on terms and conditions satisfactory to the Administrative Agent and the Required Lenders during the period from the First Amendment Effective Date to but including August 31, 2009, and (ii) if cash equity contributions in such amount are not received during such period, execute and deliver to the Administrative Agent, for the benefit of the Secured Parties, on or before September 15, 2009, such Mortgages as are necessary to grant, evidence and perfect Liens on at least fifty percent (50%) of the Assigned Value of the Marcellus Acreage.*

1.4 Waivers; Amendments. Clause (b) of Section 11.02 of the Credit Agreement shall be and it hereby is amended and restated in its entirety to read as follows:

(b) *Neither this Agreement nor any provision hereof may be waived, amended or modified except pursuant to an agreement or agreements in writing entered into by the Credit Parties and the Required Lenders or by the Credit Parties and the Administrative Agent with the consent of the Required Lenders; provided that no such agreement shall (1) amend or waive any of the conditions specified in Article V (provided that the Administrative Agent may in its discretion withdraw any request it has made under Section 5.01(n)), (2) increase the Borrowing Base without the written consent of each Lender, (3) increase the Applicable Percentage of any Lender or increase the Commitment of any Lender without the written consent of such Lender, (4) increase the Maximum Facility Amount without the written consent of each Lender, (5) reduce the principal amount of any Loan or LC Disbursement or reduce the rate of interest thereon, or reduce any fees payable hereunder, without the written consent of each Lender affected thereby, (6) postpone the scheduled date of payment of the principal amount of any Loan or LC Disbursement, or any interest thereon, or any fees payable hereunder, or reduce the amount of, waive or excuse any such payment, or postpone the scheduled date of expiration of the Aggregate Commitment, without the written consent of each Lender affected thereby, (7) change Section 2.18(b) or Section 2.18(c) in a manner that would alter the pro rata sharing of payments required thereby, without the written consent of each Lender, (8) release any Credit Party from its obligations under the Loan Documents or, except in connection with any sales, transfers, leases or other dispositions permitted in Section 7.05, release any of the Collateral without the written consent of each Lender, (9) change any of the provisions of this Section or the definition of "Required Lenders" or any other provision hereof specifying the number or percentage of Lenders required to waive, amend or modify any rights hereunder or make any determination or grant any consent hereunder, without the written consent of each Lender, (10) amend Section 11.18 without the written consent of each Person affected thereby, or (11) amend this Section 11.02; provided further that no such agreement shall amend, modify or otherwise affect the rights or duties of the Administrative Agent or the Issuing Bank hereunder without the prior written consent of the Administrative Agent or the Issuing Bank, as the*

case may be. Notwithstanding anything to the contrary herein, no Defaulting Lender shall have any right to approve or disapprove any amendment, waiver or consent hereunder, except that the Commitment of such Lender may not be increased or extended without the consent of such Lender.

1.5 Amendment to Schedules. *Schedule 1.01* of the Credit Agreement shall be and it hereby is amended and restated in its entirety and replaced with *Schedule 1.01* attached hereto.

SECTION 2. Redetermined Borrowing Base. This Amendment shall constitute notice of the Redetermination of the Borrowing Base pursuant to *Section 3.05* of the Credit Agreement, and the Administrative Agent, the Lenders and the Borrowers hereby acknowledge that effective as of the First Amendment Effective Date, the Borrowing Base is \$400,000,000, and such redetermined Borrowing Base shall remain in effect until the next Redetermination of the Borrowing Base.

SECTION 3. Reallocation of Commitments and Loans. The Lenders have agreed among themselves to reallocate their respective Commitments and Administrative Agent and the Borrowers hereby consent to such reallocation. On the date this Amendment becomes effective and after giving effect to such reallocation of the Aggregate Commitment, the Commitment of each Lender shall be as set forth on *Schedule 1.01* of this Amendment. Any reallocation among the Lenders shall be deemed to have been consummated pursuant to the terms of the Assignment and Assumption attached as *Exhibit A* to the Credit Agreement as if such Lenders had executed an Assignment and Assumption with respect to such reallocation. The Administrative Agent hereby waives the \$3,500 processing and recordation fee set forth in *Section 11.04(b)(ii)(C)* of the Credit Agreement with respect to the assignments and reallocations contemplated by this *Section 3*. To the extent requested by any Lender in accordance with *Section 2.16* of the Credit Agreement, the Borrowers shall pay to such Lender, within the time period prescribed by *Section 2.16* of the Credit Agreement, any amounts required to be paid by the Borrowers under *Section 2.16* of the Credit Agreement in the event the payment of any principal of any Eurodollar Loan or the conversion of any Eurodollar Loan other than on the last day of an Interest Period applicable thereto is required in connection with the reallocation contemplated by this *Section 3*.

SECTION 4. Conditions. The amendments to the Credit Agreement contained in *Section 1* of this Amendment, the redetermination of the Borrowing Base contained in *Section 2* of this Amendment, and the assignment and reallocations of the Commitments contained in *Section 3* of this Amendment shall become effective upon the satisfaction of each of the conditions set forth in this *Section 4*.

4.1 Execution and Delivery. Each Credit Party, each Lender, and the Administrative Agent shall have executed and delivered this Amendment and each other required document, all in form and substance satisfactory to the Administrative Agent.

4.2 No Default. No Default shall have occurred and be continuing or shall result from the effectiveness of this Amendment.

4.3 Fees. The Borrowers, the Administrative Agent and the Arranger shall have executed and delivered a fee letter in connection with this Amendment, and the Administrative Agent and the Arranger shall have received the fees separately agreed upon in such fee letter.

4.4 Other Documents. The Administrative Agent shall have received such other instruments and documents incidental and appropriate to the transaction provided for herein as the Administrative Agent or its special counsel may reasonably request, and all such documents shall be in form and substance satisfactory to the Administrative Agent.

SECTION 5. Representations and Warranties of Credit Parties. To induce the Lenders to enter into this Amendment, each Credit Party hereby represents and warrants to the Lenders as follows:

5.1 Reaffirmation of Representations and Warranties/Further Assurances. After giving effect to the amendments herein, each representation and warranty of such Credit Party contained in the Credit Agreement and in each of the other Loan Documents is true and correct in all material respects as of

the date hereof (except to the extent such representations and warranties specifically refer to an earlier date, in which case they are true and correct in all material respects as of such earlier date).

5.2 Corporate Authority; No Conflicts. The execution, delivery and performance by each Credit Party (to the extent a party hereto or thereto) of this Amendment and all documents, instruments and agreements contemplated herein are within such Credit Party's corporate or other organizational powers, have been duly authorized by necessary action, require no action by or in respect of, or filing with, any court or agency of government and do not violate or constitute a default under any provision of any applicable law or other agreements binding upon any Credit Party or result in the creation or imposition of any Lien upon any of the assets of any Credit Party except for Permitted Liens and otherwise as permitted in the Credit Agreement.

5.3 Enforceability. This Amendment constitutes the valid and binding obligation of the Borrowers and each other Credit Party enforceable in accordance with its terms, except as (i) the enforceability thereof may be limited by bankruptcy, insolvency or similar laws affecting creditor's rights generally, and (ii) the availability of equitable remedies may be limited by equitable principles of general application.

5.4 No Default. As of the date hereof, both before and immediately after giving effect to this Amendment, no Default has occurred and is continuing.

SECTION 6. Miscellaneous.

6.1 Reaffirmation of Loan Documents and Liens. Any and all of the terms and provisions of the Credit Agreement and the Loan Documents shall, except as amended and modified hereby, remain in full force and effect and are hereby in all respects ratified and confirmed by each Credit Party. Each Credit Party hereby agrees that the amendments and modifications herein contained shall in no manner affect or impair the liabilities, duties and obligations of any Credit Party under the Credit Agreement and the other Loan Documents or the Liens securing the payment and performance thereof.

6.2 Parties in Interest. All of the terms and provisions of this Amendment shall bind and inure to the benefit of the parties hereto and their respective successors and assigns.

6.3 Legal Expenses. Each Credit Party hereby agrees to pay all reasonable fees and expenses of special counsel to the Administrative Agent incurred by the Administrative Agent in connection with the preparation, negotiation and execution of this Amendment and all related documents.

6.4 Counterparts. This Amendment may be executed in one or more counterparts and by different parties hereto in separate counterparts each of which when so executed and delivered shall be deemed an original, but all such counterparts together shall constitute but one and the same instrument; signature pages may be detached from multiple separate counterparts and attached to a single counterpart so that all signature pages are physically attached to the same document. Delivery of photocopies of the signature pages to this Amendment by facsimile or electronic mail shall be effective as delivery of manually executed counterparts of this Amendment.

6.5 Complete Agreement. THIS AMENDMENT, THE CREDIT AGREEMENT, AND THE OTHER LOAN DOCUMENTS REPRESENT THE FINAL AGREEMENT BETWEEN THE PARTIES AND MAY NOT BE CONTRADICTED BY EVIDENCE OF PRIOR, CONTEMPORANEOUS OR ORAL AGREEMENTS OF THE PARTIES. THERE ARE NO UNWRITTEN ORAL AGREEMENTS BETWEEN THE PARTIES.

6.6 Headings. The headings, captions and arrangements used in this Amendment are, unless specified otherwise, for convenience only and shall not be deemed to limit, amplify or modify the terms of this Amendment, nor affect the meaning thereof.

- 6.7 Governing Law.** This Amendment shall be construed in accordance with and governed by the laws of the State of Texas.
- 6.8 Loan Document.** This Amendment shall constitute a Loan Document for all purposes and in all respects.

*[Remainder of page intentionally blank.

[FIRST AMENDMENT TO THIRD AMENDED AND RESTATED CREDIT AGREEMENT
WITNESSETH](#)

**SECOND AMENDMENT TO THIRD AMENDED AND RESTATED
CREDIT AGREEMENT**

This SECOND AMENDMENT TO THIRD AMENDED AND RESTATED CREDIT AGREEMENT (this "*Amendment*") is made as of July 15, 2009, by and among ANTERO RESOURCES CORPORATION, a Delaware corporation ("*Antero*"), ANTERO RESOURCES MIDSTREAM CORPORATION, a Delaware corporation ("*Antero Midstream*"), ANTERO RESOURCES PICEANCE CORPORATION, a Delaware corporation ("*Antero Piceance*"), ANTERO RESOURCES PIPELINE CORPORATION, a Delaware corporation ("*Antero Pipeline*"), and ANTERO RESOURCES APPALACHIAN CORPORATION, a Delaware corporation ("*Antero Appalachian*") and, together with Antero, Antero Midstream, Antero Piceance and Antero Pipeline, each, a "*Borrower*" and collectively, the "*Borrowers*"), CERTAIN SUBSIDIARIES OF BORROWERS, as Guarantors, the LENDERS party hereto, and JPMORGAN CHASE BANK, N.A., as Administrative Agent (in such capacity, the "*Administrative Agent*"). Unless otherwise expressly defined herein, capitalized terms used but not defined in this Amendment have the meanings assigned to such terms in the Credit Agreement (as defined below).

WITNESSETH:

WHEREAS, the Borrowers, the Guarantors, the Administrative Agent and the Lenders have entered into that certain Third Amended and Restated Credit Agreement, dated as of January 14, 2009 (as amended, restated, supplemented or otherwise modified from time to time, the "*Credit Agreement*"); and

WHEREAS, the Administrative Agent, the Lenders and the Borrowers have agreed to amend the Credit Agreement to increase the Aggregate Commitment to \$400,000,000 and for certain other purposes as provided herein, subject to the terms and conditions set forth herein.

NOW, THEREFORE, for and in consideration of the mutual covenants and agreements herein contained and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged and confessed, the Borrowers, the Guarantors, the Administrative Agent and the Lenders hereby agree as follows:

SECTION 1. Amendments to Credit Agreement. Subject to the satisfaction or waiver in writing of each condition precedent set forth in *Section 3* of this Amendment, and in reliance on the representations, warranties, covenants and agreements contained in this Amendment, the Credit Agreement shall be amended in the manner provided in this *Section 1*.

1.1 Amended Definitions. The following definitions in *Section 1.01* of the Credit Agreement shall be and they hereby are amended and restated in their respective entireties to read as follows:

"Aggregate Commitment" means the amount equal to the lesser of (a) the Maximum Facility Amount and (b) the Borrowing Base then in effect, as such amount may be (i) reduced or increased from time to time as a result of changes in the Borrowing Base pursuant to Article III, and (ii) reduced from time to time as a result of changes in the Maximum Facility Amount pursuant to Section 2.02.

"Consolidated Current Assets" means, as of any date of determination, the total of (i) the Consolidated current assets of each Borrower and its Restricted Subsidiaries, determined in accordance with GAAP as of such date and calculated on a combined basis, plus, the Aggregate Unused Commitment as of such date, plus the Capital Call Amount and (ii) less any non-cash assets required to be included in Consolidated current assets of any Borrower and the Restricted Subsidiaries as a result of the application of FASB Statement 123R, 133 or 143 as of such date. For purposes of this definition, the calculation of the Aggregate Unused Commitment as of such date shall be made after

giving effect to any changes in the Borrowing Base or the Aggregate Commitment approved by the Lenders (or at least the required percentage thereof) within fifteen (15) days after the end of such fiscal quarter and still in effect at the end of such fifteen (15) day period.

1.2 Amendment to Schedules. *Schedule 1.01* of the Credit Agreement shall be and it hereby is amended and restated in its entirety and replaced with *Schedule 1.01* attached hereto.

SECTION 2. Increase in the Aggregate Commitment. On the date this Amendment becomes effective, JPMorgan Chase Bank, N.A., in its capacity as a Lender under the Credit Agreement, hereby agrees to increase its Commitment under the Credit Agreement to the amount set forth opposite its name on *Schedule 1.01* of this Amendment; *provided* that upon such increase in the Aggregate Commitment, the outstanding Credit Exposure of each of the Lenders shall be reallocated such that each of the Lenders shall have the appropriate portion of the Aggregate Credit Exposure (based in each case on such Lender's Applicable Percentage set forth on *Schedule 1.01* of this Amendment). To the extent requested by any Lender in accordance with *Section 2.16* of the Credit Agreement, the Borrowers hereby agree to pay to such Lender, within the time period prescribed by *Section 2.16* of the Credit Agreement, any amounts required to be paid by the Borrowers under *Section 2.16* of the Credit Agreement as a result of such reallocation.

SECTION 3. Conditions. The amendments to the Credit Agreement contained in *Section 1* of this Amendment and the increase in the Aggregate Commitment contained in *Section 2* of this Amendment shall become effective upon the satisfaction of each of the conditions set forth in this *Section 3*.

3.1 Execution and Delivery. Each Credit Party, each Lender, and the Administrative Agent shall have executed and delivered this Amendment and each other required document, all in form and substance satisfactory to the Administrative Agent.

3.2 No Default. No Default shall have occurred and be continuing or shall result from the effectiveness of this Amendment.

3.3 Fees. The Borrowers, the Administrative Agent and the Arranger shall have executed and delivered a fee letter in connection with this Amendment, and the Administrative Agent and the Arranger shall have received the fees separately agreed upon in such fee letter.

3.4 Other Documents. The Administrative Agent shall have received such other instruments and documents incidental and appropriate to the transaction provided for herein as the Administrative Agent or its special counsel may reasonably request, and all such documents shall be in form and substance satisfactory to the Administrative Agent.

SECTION 4. Representations and Warranties of Credit Parties. To induce the Lenders to enter into this Amendment, each Credit Party hereby represents and warrants to the Lenders as follows:

4.1 Reaffirmation of Representations and Warranties/Further Assurances. After giving effect to the amendments herein, each representation and warranty of such Credit Party contained in the Credit Agreement and in each of the other Loan Documents is true and correct in all material respects as of the date hereof (except to the extent such representations and warranties specifically refer to an earlier date, in which case they are true and correct in all material respects as of such earlier date).

4.2 Corporate Authority; No Conflicts. The execution, delivery and performance by each Credit Party (to the extent a party hereto or thereto) of this Amendment and all documents, instruments and agreements contemplated herein are within such Credit Party's corporate or other organizational powers, have been duly authorized by necessary action, require no action by or in respect of, or filing with, any court or agency of government and do not violate or constitute a default under any provision of any applicable law or other agreements binding upon any Credit Party or result in the creation or imposition of any Lien upon any of the assets of any Credit Party except for Permitted Liens and otherwise as permitted in the Credit Agreement.

4.3 Enforceability. This Amendment constitutes the valid and binding obligation of the Borrowers and each other Credit Party enforceable in accordance with its terms, except as (i) the enforceability thereof may be limited by bankruptcy, insolvency or similar laws affecting creditor's rights generally, and (ii) the availability of equitable remedies may be limited by equitable principles of general application.

4.4 No Default. As of the date hereof, both before and immediately after giving effect to this Amendment, no Default has occurred and is continuing.

SECTION 5. Miscellaneous.

5.1 Reaffirmation of Loan Documents and Liens. Any and all of the terms and provisions of the Credit Agreement and the Loan Documents shall, except as amended and modified hereby, remain in full force and effect and are hereby in all respects ratified and confirmed by each Credit Party. Each Credit Party hereby agrees that the amendments and modifications herein contained shall in no manner affect or impair the liabilities, duties and obligations of any Credit Party under the Credit Agreement and the other Loan Documents or the Liens securing the payment and performance thereof.

5.2 Parties in Interest. All of the terms and provisions of this Amendment shall bind and inure to the benefit of the parties hereto and their respective successors and assigns.

5.3 Legal Expenses. Each Credit Party hereby agrees to pay all reasonable fees and expenses of special counsel to the Administrative Agent incurred by the Administrative Agent in connection with the preparation, negotiation and execution of this Amendment and all related documents.

5.4 Counterparts. This Amendment may be executed in one or more counterparts and by different parties hereto in separate counterparts each of which when so executed and delivered shall be deemed an original, but all such counterparts together shall constitute but one and the same instrument; signature pages may be detached from multiple separate counterparts and attached to a single counterpart so that all signature pages are physically attached to the same document. Delivery of photocopies of the signature pages to this Amendment by facsimile or electronic mail shall be effective as delivery of manually executed counterparts of this Amendment.

5.5 Complete Agreement. THIS AMENDMENT, THE CREDIT AGREEMENT, AND THE OTHER LOAN DOCUMENTS REPRESENT THE FINAL AGREEMENT BETWEEN THE PARTIES AND MAY NOT BE CONTRADICTED BY EVIDENCE OF PRIOR, CONTEMPORANEOUS OR ORAL AGREEMENTS OF THE PARTIES. THERE ARE NO UNWRITTEN ORAL AGREEMENTS BETWEEN THE PARTIES.

5.6 Headings. The headings, captions and arrangements used in this Amendment are, unless specified otherwise, for convenience only and shall not be deemed to limit, amplify or modify the terms of this Amendment, nor affect the meaning thereof.

5.7 Governing Law. This Amendment shall be construed in accordance with and governed by the laws of the State of Texas.

5.8 Loan Document. This Amendment shall constitute a Loan Document for all purposes and in all respects.

*[Remainder of page intentionally blank.

[Exhibit 10.3](#)

[SECOND AMENDMENT TO THIRD AMENDED AND RESTATED CREDIT AGREEMENT
WITNESSETH](#)

**THIRD AMENDMENT TO THIRD AMENDED AND RESTATED
CREDIT AGREEMENT**

This THIRD AMENDMENT TO THIRD AMENDED AND RESTATED CREDIT AGREEMENT (this "*Amendment*") is made as of October 29, 2009, by and among ANTERO RESOURCES CORPORATION, a Delaware corporation ("*Antero*"), ANTERO RESOURCES MIDSTREAM CORPORATION, a Delaware corporation ("*Antero Midstream*"), ANTERO RESOURCES PICEANCE CORPORATION, a Delaware corporation ("*Antero Piceance*"), ANTERO RESOURCES PIPELINE CORPORATION, a Delaware corporation ("*Antero Pipeline*"), and ANTERO RESOURCES APPALACHIAN CORPORATION, a Delaware corporation ("*Antero Appalachian*") and, together with Antero, Antero Midstream, Antero Piceance and Antero Pipeline, each, a "*Borrower*" and collectively, the "*Borrowers*"), CERTAIN SUBSIDIARIES OF BORROWERS, as Guarantors, the LENDERS party hereto, and JPMORGAN CHASE BANK, N.A., as Administrative Agent (in such capacity, the "*Administrative Agent*"). Unless otherwise expressly defined herein, capitalized terms used but not defined in this Amendment have the meanings assigned to such terms in the Credit Agreement (as defined below).

WITNESSETH:

WHEREAS, the Borrowers, the Guarantors, the Administrative Agent and the Lenders have entered into that certain Third Amended and Restated Credit Agreement, dated as of January 14, 2009 (as amended, restated, supplemented or otherwise modified from time to time, the "*Credit Agreement*"); and

WHEREAS, the Administrative Agent, the Lenders, the Borrowers and the Guarantors have agreed to amend the Credit Agreement to permit the Borrowers to incur additional unsecured Indebtedness and for certain other purposes as provided herein, subject to the terms and conditions set forth herein.

NOW, THEREFORE, for and in consideration of the mutual covenants and agreements herein contained and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged and confessed, the Borrowers, the Guarantors, the Administrative Agent and the Lenders hereby agree as follows:

SECTION 1. Amendments to Credit Agreement. Subject to the satisfaction or waiver in writing of each condition precedent set forth in *Section 3* of this Amendment, and in reliance on the representations, warranties, covenants and agreements contained in this Amendment, the Credit Agreement shall be amended in the manner provided in this *Section 1*.

1.1 Additional Definitions. The following definitions shall be and they hereby are added to *Section 1.01* of the Credit Agreement in appropriate alphabetical order:

"Draft Preliminary Prospectus Supplement" means that certain draft Preliminary Prospectus Supplement relating to a proposed offering of Senior Notes by Finco provided to the Administrative Agent on or about October 29, 2009.

"Finco" means Antero Resources Finance Corporation, a Delaware corporation, and an indirect wholly-owned Subsidiary of Holdings.

"Holdings" means Antero Resources LLC, a Delaware limited liability company.

"Holdings Ownership Date" means the date on which Holdings becomes the owner of all of the issued and outstanding Equity Interests of each Borrower.

"Indenture" means any indenture by and among Finco, as issuer, and a trustee, and any and all related documentation entered into in connection therewith, pursuant to which any Senior Notes are issued, as the same may be amended, restated, modified or supplemented from time to time in accordance with the terms of this Agreement.

"Net Cash Proceeds" means, with respect to any issuance of Senior Notes, the cash proceeds from such issuance of Senior Notes net of underwriting discounts and commissions and other reasonable costs and expenses associated therewith, including reasonable legal fees and expenses.

"Permitted Holders" means each of (i) Warburg Pincus & Co.; (ii) Paul M. Rady ("Rady"); (iii) Glen C. Warren, Jr. ("Warren"); (iv) Rady's wife or Warren's wife; (v) any lineal descendant of either Rady or Warren; (vi) the guardian or other legal representative of either Rady or Warren; (vii) the estate of either Rady or Warren; (viii) any trust of which at least one of the trustees is either Rady or Warren, or the principal beneficiaries of which are any one or more of the Persons referred to in the preceding clauses (ii) through (vii); (ix) any Person that is controlled by any one or more of the Persons in the preceding clauses (i) through (viii); and (x) any group (within the meaning of the Exchange Act) that includes one or more of the Persons described in the preceding clauses (i) through (ix), provided that such Persons described in the preceding clauses (i) through (ix) control more than 50% of the total voting power of such group.

"Permitted Refinancing" means any Indebtedness of any Credit Party, and Indebtedness constituting Guarantees thereof by any Credit Party, incurred or issued in exchange for, or the Net Cash Proceeds of which are used solely to extend, refinance, renew, replace, defease or refund, existing Senior Notes, in whole or in part, from time to time; provided that (i) the principal amount of such Permitted Refinancing (or if such Permitted Refinancing is issued at a discount, the initial issuance price of such Permitted Refinancing) does not exceed the principal amount of the Indebtedness so extended, refinanced, renewed, replaced, defeased or refunded (plus the amount of any premiums, accrued and unpaid interest, fees and expenses incurred in connection therewith), (ii) such Permitted Refinancing does not provide for any scheduled repayment, mandatory redemption or payment of a sinking fund obligation prior to the date that is one year after the Maturity Date, (iii) the covenant, default and remedy provisions of such Permitted Refinancing are not materially more onerous to Finco, the Borrowers and their respective Subsidiaries than those imposed by the existing Senior Notes, (iv) the mandatory prepayment, repurchase and redemption provisions of such Permitted Refinancing are not materially more onerous to Finco, the Borrowers and their respective Subsidiaries than those imposed by the existing Senior Notes, (v) the non-default cash interest rate on the outstanding principal balance of such Permitted Refinancing does not exceed the prevailing market rate then in effect for similarly situated credits at the time such Permitted Refinancing is incurred, and (vi) to the extent such Permitted Refinancing is in the form of senior subordinated notes, the subordination provisions set forth therein are reasonably satisfactory to the Administrative Agent and the Required Lenders.

"Senior Notes" means any senior or senior subordinated notes issued by Finco in one or more transactions on or after the Third Amendment Effective Date and prior to the first Scheduled Redetermination of the Borrowing Base occurring after the Third Amendment Effective Date pursuant to the Indenture; provided that (i) the terms of such senior notes do not provide for any scheduled repayment, mandatory redemption (including any required offer to redeem) or payment of a sinking fund obligation prior to the date that is one year after the Maturity Date (except for any offer to redeem such senior notes required as a result of asset sales or the occurrence of a "Change of Control" under and as defined in the Indenture), (ii) the terms and conditions of such senior notes are, taken as a whole, substantially the same as those set forth in the Draft Preliminary Prospectus Supplement, (iii) the non-default interest rate on the outstanding principal balance of such senior notes does not exceed the prevailing market rate then in effect for similarly situated credits at the time such senior notes are issued, and (iv) the subordination provisions of any senior subordinated notes are reasonably satisfactory to the Administrative Agent and the Required Lenders.

"Senior Notes Documents" means any Senior Notes and any related Indenture.

"Third Amendment Effective Date" means October 29, 2009.

1.2 Amended Definitions. The following definitions in *Section 1.01* of the Credit Agreement shall be and they hereby are amended and restated in their respective entireties to read as follows:

"Capital Call Amount" means, as of the end of any fiscal quarter, the aggregate amount of unsatisfied calls by Borrowers for equity capital outstanding as of such date or otherwise made by Borrowers within fifteen (15) Business Days after such date, to the extent such capital calls are satisfied and paid in cash, by wire transfer or otherwise, within thirty (30) days after the end of such fiscal quarter; provided that in the case of the fiscal quarter ending September 30, 2009, such capital calls are satisfied and paid in cash, by wire transfer or otherwise, within forty (40) days after the end of such fiscal quarter.

"Change of Control" means (a) at any time prior to the Holdings Ownership Date, the occurrence of any of the following events: (i) any Person or two or more Persons (other than the Permitted Holders) acting as a group shall acquire beneficial ownership (within the meaning of Rule 13d-3 of the Securities and Exchange Commission under the Securities Act of 1934, as amended, and including holding proxies to vote for the election of directors other than proxies held by any Borrower's management or their designees to be voted in favor of Persons nominated by such Borrower's Board of Directors) of thirty percent (30%) or more of the outstanding voting securities of any Borrower, measured by voting power (including both common stock and any preferred stock or other equity securities entitling the holders thereof to vote with the holders of common stock in elections for directors of such Borrower), (ii) one-third or more of the directors of any Borrower shall consist of Persons not nominated by such Borrower's Board of Directors (not including as Board nominees any directors which the Board is obligated to nominate pursuant to shareholders agreements, voting trust arrangements or similar arrangements), (iii) Paul Rady ceases to be Chairman of the Board and Chief Executive Officer of any Borrower and if such cessation is due to his death or disability, he is not replaced by a successor approved by Required Lenders within 90 days after such death or disability occurs, such approval not to be unreasonably withheld, or (iv) Glen Warren ceases to be President and Chief Financial Officer of any Borrower and if such cessation is due to his death or disability, he is not replaced by a successor approved by Required Lenders within 90 days after such death or disability occurs, such approval not to be unreasonably withheld, and (b) at any time from and after the Holdings Ownership Date, the occurrence of any of the following events: (i) any Person or two or more Persons (other than the Permitted Holders) acting as a group shall acquire beneficial ownership (within the meaning of Rule 13d-3 of the Securities and Exchange Commission under the Securities Act of 1934, as amended, and including holding proxies to vote for the election of directors other than proxies held by Holding's management or their designees to be voted in favor of Persons nominated by Holding's Board of Directors) of thirty percent (30%) or more of the outstanding voting securities of Holdings, measured by voting power (including both common stock and any preferred stock or other equity securities entitling the holders thereof to vote with the holders of common stock in elections for directors of Holdings), (ii) one-third or more of the directors of Holdings shall consist of Persons not nominated by Holding's Board of Directors (not including as Board nominees any directors which the Board is obligated to nominate pursuant to shareholders agreements, voting trust arrangements or similar arrangements), (iii) Paul Rady ceases to be Chairman of the Board and Chief Executive Officer of Holdings and if such cessation is due to his death or disability, he is not replaced by a successor approved by Required Lenders within 90 days after such death or disability occurs, such approval not to be unreasonably withheld, (iv) Glen Warren ceases to be President and Chief Financial Officer of Holdings and if such cessation is due to his death or disability, he is not replaced by a successor approved by Required Lenders within 90 days after such death or disability occurs, such approval not to be unreasonably withheld, (v) except to the extent otherwise permitted under the terms of the Credit Agreement, Holdings ceases to own, directly or indirectly, one hundred percent (100%) of the Equity

Interests of any Borrower, or (vi) the occurrence of a "Change of Control" under and as defined in the Indenture.

"Material Indebtedness" means Term Loans, Senior Notes and any other Indebtedness (other than the Loans and Letters of Credit), or obligations in respect of one or more Hedging Contracts, of any Borrower or any one or more of the Restricted Subsidiaries in an aggregate principal amount exceeding \$3,000,000. For purposes of determining Material Indebtedness, the "principal amount" of the obligations of any Credit Party in respect of any Hedging Contract at any time shall be the maximum aggregate amount (giving effect to any netting agreements) that such Credit Party would be required to pay if such Hedging Contract were terminated at such time.

"Redetermination Date" means each date on which the Borrowing Base is redetermined pursuant to the terms hereof, which shall be (a) with respect to any Scheduled Redetermination, on or about April 15 and October 15 of each year, commencing October 15, 2009, (b) with respect to any Special Redetermination requested by the Borrowers pursuant to Section 3.04, the first day of the first month which is not less than twenty (20) Business Days following the date of a request by the Borrowers for a Special Redetermination and (c) with respect to any Special Redetermination requested by the Required Lenders, the date notice of such Redetermination is delivered to the Borrowers pursuant to Section 3.05.

"Unrestricted Subsidiary" means (a) any Subsidiary that shall be designated an Unrestricted Subsidiary by the Board of Directors of any Borrower in the manner provided below and (b) any Subsidiary of an Unrestricted Subsidiary. The Board of Directors of any Borrower may designate any Subsidiary (including any newly acquired or newly formed Subsidiary) to be an Unrestricted Subsidiary unless such Subsidiary or any of its Subsidiaries (i) is a Material Domestic Subsidiary, (ii) owns Oil and Gas Interests or Midstream Assets included in the Borrowing Base Properties, or (iii) guarantees, or is a primary obligor of, any indebtedness, liabilities, or other obligations under any now existing or hereafter outstanding Senior Notes.

1.3 Amended Definitions. Paragraph (h) of the definition of Permitted Liens in Section 1.01 of the Credit Agreement shall be and it hereby is amended and restated in its entirety to read as follows:

(h) at any time prior to the initial issuance of any Senior Notes, Liens securing the obligation of any Credit Party with respect to Indebtedness incurred pursuant to Section 7.01(g), provided such Liens are subordinate to the Liens under the Security Documents pursuant to the Intercreditor Agreement;

1.4 Mandatory Prepayment of Loans. Section 2.11 of the Credit Agreement shall be and it hereby is amended by (a) relettering paragraph (b) of such section to be paragraph (c) of such section and (b) inserting a new paragraph (b) in such section that reads as follows:

(b) In the event a Borrowing Base Deficiency occurs as a result of an issuance of Senior Notes and the reduction in the Borrowing Base pursuant to Section 3.06, the Borrower shall prepay the Loans with the Net Cash Proceeds received as a result of the issuance of such Senior Notes on the Business Day on which it receives such Net Cash Proceeds to the extent necessary to eliminate such Borrowing Base Deficiency.

1.5 Reserve Report. Section 3.02 of the Credit Agreement shall be and it hereby is amended and restated in its entirety to read as follows:

Section 3.02. Reserve Report. As soon as available and in any event by April 1 and October 1 of each year, commencing October 1, 2009, the Borrowers shall deliver to the Administrative Agent and each Lender a Reserve Report, prepared as of the first day of the month immediately preceding the date such report is due, in form and substance reasonably satisfactory to the Administrative Agent and prepared by an Approved Petroleum Engineer (or, in the case of any Reserve Report due on any date other than April 1 of each year, by petroleum engineers employed by the Borrowers or an Approved

Petroleum Engineer), said Reserve Report to utilize economic and pricing parameters established from time to time by the Administrative Agent, together with such other information, reports and data concerning the value of the Borrowing Base Properties as the Administrative Agent shall deem reasonably necessary to determine the value of such Borrowing Base Properties. Simultaneously with the delivery to the Administrative Agent and the Lenders of each Reserve Report, the Borrowers shall submit to the Administrative Agent and each Lender the Borrowers' requested amount of the Borrowing Base as of the next Redetermination Date. Promptly after the receipt by the Administrative Agent of such Reserve Report and the Borrowers' requested amount for the Borrowing Base, the Administrative Agent shall submit to the Lenders a recommended amount of the Borrowing Base to become effective for the period commencing on the next Redetermination Date.

1.6 Additional Reductions in Borrowing Base. *Article III of the Credit Agreement shall be and it hereby is amended by adding a new Section 3.06 to the end thereof to read as follows:*

Section 3.06. Additional Reductions in Borrowing Base. Upon the issuance of any Senior Notes by any Credit Party in accordance with Section 7.01(j) (other than any Permitted Refinancing that extends, refinances, renews, replaces, defeases or refunds existing Senior Notes) in excess of \$400,000,000, the Borrowing Base then in effect shall automatically be reduced by \$250 for each \$1,000 in stated principal amount of such Senior Notes on the date such Senior Notes are issued unless such automatic reduction of the Senior Notes is waived in writing by the Required Lenders.

1.7 Capitalization. *Section 4.13 of the Credit Agreement shall be and it hereby is amended and restated in its entirety to read as follows:*

Section 4.13. Capitalization. Schedule 4.13 lists, as of the Third Amendment Effective Date, (a) each Subsidiary that is an Unrestricted Subsidiary, (b) for each Borrower, its full legal name, its jurisdiction of organization and its federal tax identification number and (c) for each Restricted Subsidiary, its full legal name, its jurisdiction of organization, its federal tax identification number and the number of shares of capital stock or other Equity Interests outstanding and the owner(s) of such shares or Equity Interests.

1.8 Holdings Consolidated Financial Statements. *Article VI of the Credit Agreement shall be and it hereby is amended by adding a new Section 6.19 to the end thereof to read as follows:*

Section 6.19. Holdings Consolidated Financial Statements. The Borrowers will, or will cause Holdings to, deliver to the Administrative Agent and each Lender (a) within one hundred twenty (120) days after the end of each fiscal year of Holdings, the audited Consolidated balance sheet and related statements of operations and cash flows of Holdings and its Consolidated Subsidiaries, accompanied by an opinion of KPMG, LLP (or other independent public accounting firm of nationally recognized standing), and (b) within sixty (60) days after the end of each of the first three fiscal quarters of each fiscal year of Holdings, commencing with the fiscal quarter ending March 31, 2010, the unaudited Consolidated balance sheet and related statements of operations and cash flows of Holdings and its Consolidated Subsidiaries as of the end of and for such fiscal quarter and the then elapsed portion of the fiscal year, all in reasonable detail and duly certified (subject to normal year-end audit adjustments) by a principal financial or accounting officer of Holdings as having been prepared in accordance with GAAP.

1.9 Limitation on Indebtedness. *Section 7.01(f) of the Credit Agreement shall be and it hereby is amended and restated in its entirety to read as follows:*

(f) Guarantees by any Credit Party or any Restricted Subsidiary of the Centrahoma Indebtedness and the Indebtedness permitted under paragraph (j) of this Section 7.01;

1.10 Limitation on Indebtedness. Section 7.01(g) of the Credit Agreement shall be and it hereby is amended and restated in its entirety to read as follows:

(g) at any time prior to the initial issuance of any Senior Notes, Indebtedness of the Credit Parties under the Term Facility Documents in an aggregate principal amount not to exceed at any one time outstanding an amount equal to \$275,000,000; provided that (i) Borrowers shall have notified the Administrative Agent, in writing, of their intention to incur any such Indebtedness on or after the Effective Date at least thirty (30) days prior to the incurrence of such Indebtedness and (ii) the Administrative Agent shall have notified such Credit Party of any Special Redetermination of the Borrowing Base that will become effective upon the incurrence of such Indebtedness;

1.11 Limitation on Indebtedness. Section 7.01 of the Credit Agreement shall be and it hereby is amended by (i) deleting the word "and" after the semicolon at the end of paragraph (i) thereof, (ii) renumbering paragraph (j) of such section to be paragraph (k) of such section and (iii) inserting a new paragraph (j) in such section that reads as follows:

(j) subject to any adjustment to the Borrowing Base required under Section 3.06 and any mandatory prepayment required under Section 2.11(b), Indebtedness of Finco resulting from the issuance of Senior Notes in an aggregate principal amount not to exceed \$450,000,000 at any time outstanding, and any Permitted Refinancing of any Indebtedness incurred under this clause (j); provided that (i) until the Term Loans are repaid in full, the Net Cash Proceeds of any such issuance of Indebtedness incurred under this clause (j) shall be distributed to the Borrowers and applied by the Borrowers to prepay the outstanding Term Loans and (ii) at the time of and immediately after giving effect to each issuance of such Senior Notes or any Permitted Refinancing thereof, no Default shall have occurred and be continuing; provided, further, that prior to (or substantially contemporaneously with) the initial issuance of any Senior Notes, (x) the exchange of all of the Borrowers' Equity Interests by the holders thereof for Equity Interests of Holdings shall have been consummated on terms and conditions reasonably satisfactory to the Administrative Agent, and Holdings shall, directly or indirectly, own all of the issued and outstanding Equity Interests of each Borrower, and (y) Holdings and/or one or more Borrowers shall have received gross cash equity contributions in an aggregate amount of at least \$90,000,000 since September 30, 2009, and if Holdings receives all or any portion of such cash equity contributions, then such cash equity contributions shall have been contributed to one or more Borrowers.

1.12 Limitation on Indebtedness. Section 7.01(k) of the Credit Agreement shall be and it hereby is amended and restated in its entirety to read as follows:

(k) miscellaneous items of unsecured Indebtedness of the Credit Parties not described in paragraph (a) through (j), including obligations to pay the financing for the purchase price or deferred premiums with respect to certain Hedge Contracts permitted under Section 7.03(b), which do not in the aggregate (taking into account all such Indebtedness of the Credit Parties) exceed the lesser of (i) ten percent (10%) of the Borrowing Base or (ii) \$15,000,000 at any one time outstanding.

1.13 Hedging Contracts. Section 7.03 of the Credit Agreement shall be and it hereby is amended by amending and restating paragraphs (a) and (b) thereof to read as follows:

(a) swaps and collars entered into with the purpose and effect of fixing prices on Crude Oil or Natural Gas expected to be produced by the Credit Parties; provided that at all times: (i) no such contract fixes a price for a term of more than sixty (60) months; (ii) except for the Liens granted under the Security Documents to secure Lender Hedging Obligations, no such contract requires any Credit Party to put up money, assets, or other security (other than letters of credit) against the event of its nonperformance prior to actual default by such Credit Party in performing its obligations thereunder, (iii) each such contract is with a counterparty or has a guarantor of the obligation of the counterparty which at the time the contract is made is an Approved Counterparty, and (iv) the aggregate monthly

production covered by all such contracts to which any Credit Party is a party (determined, in the case of contracts that are not settled on a monthly basis, by a monthly proration acceptable to Administrative Agent) for any single month does not in the aggregate exceed the Applicable Hedge Percentage (as defined below) of the Credit Parties' aggregate Projected Oil and Gas Production anticipated to be sold in the ordinary course of the Credit Parties' businesses for such month.

As used in this subsection (a), "Applicable Hedge Percentage" means at the time that any Credit Party enters into any Hedging Contract, the percentage set forth below with respect to the period during which such Person entered into such Hedging Contract, which period shall be measured from the date as of which the most recent Reserve Report was prepared prior to the effective date of such Hedging Contract (the "Measurement Date"):

<u>Period</u>	<u>Percentage</u>
First year after the Measurement Date	85%
Second year after Measurement Date	75%
Third year after Measurement Date	65%
Fourth year after Measurement Date	55%
Fifth year after Measurement Date	45%

(b) floors entered into with the purpose and effect of fixing minimum prices on Crude Oil or Natural Gas expected to be produced by the Credit Parties; provided that at all times: (i) no such contract fixes a price for a term of more than sixty (60) months, (ii) except for the Liens granted under the Security Documents to secure Lender Hedging Obligations, no such contract requires any Credit Party to put up money, assets, or other security (other than letters of credit) against the event of its nonperformance prior to actual default by such Credit Party in performing its obligations thereunder, (iii) each such contract is with a counterparty or has a guarantor of the obligation of the counterparty who at the time the contract is made is an Approved Counterparty, (iv) there exists no deferred obligation to pay the related premium or other purchase price for such floor or the only deferred obligation is to pay the financing for such premium or other purchase price and such deferred obligation is permitted under Section 7.01(k), and (v) the aggregate monthly production covered by all such contracts to which any Credit Party is a party (determined, in the case of contracts that are not settled on a monthly basis, by a monthly proration acceptable to Administrative Agent) for any single month does not in the aggregate exceed one hundred percent (100%) of the Credit Parties' aggregate Projected Oil and Gas Production anticipated to be sold in the ordinary course of the Credit Parties' businesses for such month; and

1.14 Limitation on Mergers, Issuances of Securities. Section 7.04 of the Credit Agreement shall be and it hereby is amended and restated in its entirety to read as follows:

Section 7.04. Limitation on Mergers, Issuances of Securities. No Credit Party will, nor will it permit any of its Restricted Subsidiaries to, merge or consolidate with or into any other Person, except that any Restricted Subsidiary or any Borrower may be merged into or Consolidated with another Restricted Subsidiary or Borrower, so long as a Borrower or Guarantor, as applicable, is the surviving business entity, and at least one Borrower exists. No Restricted Subsidiary of any Borrower will issue any additional Equity Interests except to such Borrower or a Restricted Subsidiary of such Borrower and only to the extent not otherwise forbidden under the terms hereof. No Restricted Subsidiary of any Borrower which is a partnership will allow any diminution of such Borrower's interest (direct or indirect) therein.

1.15 Limitation on Dividends and Redemptions. Section 7.06 of the Credit Agreement shall be and it hereby is amended and restated in its entirety to read as follows:

Section 7.06. Limitation on Dividends and Redemptions. No Credit Party will, nor will it permit any of its Restricted Subsidiaries to, declare or make any Restricted Payment, other than Restricted Payments payable to Borrowers or to Guarantors that are Subsidiaries of a Borrower; provided that, in connection with the exchange of all of the Borrowers' Equity Interests by the holders thereof for Equity Interests of Holdings, each Borrower may repurchase employee stock options issued under stock option plans then being terminated in an aggregate amount not to exceed \$4,500,000 during the thirty day period following the one year anniversary of the termination of such stock option plans.

1.16 Limitation on Investments and New Businesses. Section 7.07 of the Credit Agreement shall be and it hereby is amended and restated in its entirety to read as follows:

Section 7.07. Limitation on Investments and New Businesses. No Credit Party will, nor will it permit any of its Restricted Subsidiaries to, (a) make any expenditure or commitment or incur any obligation or enter into or engage in any transaction except in the ordinary course of business, (b) engage directly or indirectly in any business or conduct any operations except in connection with or incidental to its present businesses and operations, or (c) make any acquisitions of or capital contributions to or other investments in any Person, other than Permitted Investments and investments in the Equity Interests of any Restricted Subsidiary.

1.17 Prohibited Contracts; Negative Pledge. Section 7.10 of the Credit Agreement shall be and it hereby is amended and restated in its entirety to read as follows:

Section 7.10. Prohibited Contracts; Negative Pledge. Except as expressly provided for in the Loan Documents, the Term Facility Documents and the Senior Notes Documents (or any documents evidencing or relating to any Permitted Refinancing), no Credit Party will, nor will it permit any of its Restricted Subsidiaries to, directly or indirectly, enter into, create, or otherwise allow to exist any contract or other consensual restriction on the ability of any Credit Party or any Restricted Subsidiary to: (a) pay dividends or make other distributions to another Credit Party or any Restricted Subsidiary, (b) redeem Equity Interests held in it by another Restricted Subsidiary, (c) repay loans and other Indebtedness owing by it to another Credit Party or any Restricted Subsidiary, (d) transfer any of its assets to another Credit Party, or (e) grant Liens to Administrative Agent to secure the Obligations. Except as otherwise disclosed on Schedule 4.19, the Credit Parties will not, and will not permit any Restricted Subsidiary to, enter into any "take-or-pay" contract or other contract or arrangement for the purchase of goods or services which obligates it to pay for such goods or service regardless of whether they are delivered or furnished to it. The Credit Parties will not, and will not permit any Restricted Subsidiary to, amend or permit any amendment to any contract or lease which releases, qualifies, limits, makes contingent or otherwise detrimentally affects, in any material respect, the rights and benefits of Administrative Agent or any Lender under or acquired pursuant to any Security Documents.

1.18 Leverage Ratio. Section 7.12 of the Credit Agreement shall be and it hereby is amended and restated in its entirety to read as follows:

Section 7.12. Leverage Ratio. At the end of each fiscal quarter ending on or after September 30, 2009, the Leverage Ratio will not be greater than 4.00 to 1.00. As used herein, with respect to any fiscal quarter, "Leverage Ratio" means the ratio of (i) the sum of the Consolidated Funded Indebtedness of each Borrower, calculated on a combined basis, as of the end of such fiscal quarter, minus the Capital Call Amount to (ii) the sum of the Consolidated EBITDAX of each Borrower, calculated on a combined basis, for the trailing four fiscal quarter period ending on the last day of such fiscal quarter.

1.19 Term Facility Restrictions. Section 7.14 of the Credit Agreement shall be and it hereby is amended and restated in its entirety to read as follows:

Section 7.14. Term Facility Restrictions. No Credit Party will, nor will it permit any of its Restricted Subsidiaries to, except for (i) payment of principal at maturity and regularly scheduled payments of interest required under the Term Facility Documents and (ii) prepayments of the Term Loans with the Net Cash Proceeds of any issuance of Senior Notes permitted under Section 7.01(j), prepay, redeem, defease or purchase any Indebtedness owing by any Credit Party or any Restricted Subsidiary under the Term Facility; provided that, so long as no Default or Event of Default has occurred and is continuing or would be caused thereby and after giving effect to such payment, the Aggregate Unused Commitment is more than the greater of (a) \$30,000,000 and (b) twenty percent (20%) of the Aggregate Commitment, the Credit Parties and the Restricted Subsidiaries may prepay the Term Loans. Borrowers shall not, without the prior written consent of Required Lenders, enter into, or permit any Credit Parties or any Restricted Subsidiary to enter into, any amendment to any Term Facility Document which would (i) increase the principal amount of the Indebtedness in excess of the amount permitted by Section 7.01(g), (ii) increase the interest rate on the Indebtedness by more than two percent (2.00%) per annum (except in connection with the imposition of a default rate of interest), (iii) make the date of maturity thereof earlier than ninety (90) days after the Maturity Date, (iv) cause any financial covenant or any negative covenant contained therein to be more restrictive on any Credit Party or any Restricted Subsidiary to the extent material and adverse to the Lenders as determined by Administrative Agent, (v) change any redemption or prepayment provisions of the Indebtedness evidenced by the Term Facility Documents to the extent material and adverse to the Lenders as determined by Administrative Agent, (vi) modify the provisions regarding cross-default to other Indebtedness to the extent material and adverse to the Lenders as determined by Administrative Agent or (vii) grant any Liens in any assets or properties of any Credit Party or any Restricted Subsidiary, other than the Liens permitted under the Intercreditor Agreement.

1.20 Senior Notes Restrictions. Article VII of the Credit Agreement shall be and it hereby is amended by adding a new Section 7.15 to the end thereof to read as follows:

Section 7.15. Senior Notes Restrictions. No Credit Party will, nor will any Credit Party permit any Restricted Subsidiary to, (a) except for the regularly scheduled payments of interest required under the Senior Notes Documents, directly or indirectly, retire, redeem, defease, repurchase or prepay prior to the scheduled due date thereof any part of the principal of, or interest on, the Senior Notes (or any Permitted Refinancing thereof); provided that so long as no Default has occurred and is continuing or would be caused thereby, the Borrower may retire, redeem, defease, repurchase or prepay the Senior Notes (i) with the proceeds of any Permitted Refinancing permitted pursuant to Section 7.01(j), (ii) with the net cash proceeds of any issuance of Equity Interests of Holdings or (iii) pursuant to an asset sale tender offer with the cash proceeds of any asset sale to the extent required by the terms of the Indenture, but in any event subject to compliance by the Credit Parties with any prepayment of the Obligations required by any consent of the Lenders to such sale, or (b) enter into or permit any supplement, modification or amendment of, or waive any right or obligation of any Person under, any Senior Notes Document or any document governing any Permitted Refinancing of the Senior Notes if the effect thereof would be to (i) shorten its average life or maturity, (ii) cause the outstanding aggregate principal amount of the Senior Notes issued by Finco, taken as a whole, to exceed \$450,000,000, (iii) increase the rate or shorten any period for payment of interest thereon, (iv) cause any covenant, default or remedy provisions contained therein to be materially more onerous on any Credit Party or any Restricted Subsidiary, or (v) cause any mandatory prepayment, repurchase or redemption provisions contained therein to be materially more onerous on any Credit Party or any Restricted Subsidiary.

1.21 Events of Default. *Article IX* of the Credit Agreement shall be and it hereby is amended by amending and restating paragraph (g) thereof to read as follows:

(g) any event or condition occurs that results in the Permitted Subordinated Debt, the Term Loans, the Senior Notes or any other Material Indebtedness becoming due prior to its scheduled maturity or that enables or permits (with or without the giving of notice, the lapse of time or both) the holder or holders of any Material Indebtedness or any trustee or agent on its or their behalf to cause such Indebtedness to become due, or to require the prepayment, repurchase, redemption or defeasance thereof, prior to its scheduled maturity; provided that this paragraph (g) shall not apply to (i) Indebtedness that becomes due as a result of the voluntary sale or transfer of the property or assets securing such Indebtedness and (ii) Indebtedness that becomes due as a result of a change in law, tax regulation or accounting treatment so long as such Indebtedness is paid when due;

1.22 Events of Default. *Article IX* of the Credit Agreement shall be and it hereby is amended by (a) deleting the word "or" located at the end of clause (o) thereof, (b) adding the word "or" to the end of clause (p) thereof, and (c) adding a new clause (q) immediately following clause (p) to read as follows:

(q) Holdings or any Subsidiary of Holdings that, directly or indirectly, owns Equity Interests of any Borrower shall (i) conduct, transact or otherwise engage in any business or operations other than those incidental to its direct or indirect ownership of the Equity Interests of the Borrowers, the issuance and registration under federal securities laws of securities and other matters incidental thereto, (ii) incur, create, assume or suffer to exist any Indebtedness except (x) nonconsensual obligations imposed by operation of law, (y) obligations with respect to its Guarantee of the Senior Notes (or any Permitted Refinancing thereof) and (z) obligations with respect to its Equity Interests and, so long as no Credit Party is a party thereto or an obligor with respect to such securities, other securities, (iii) create, assume or permit to exist any Lien to secure Indebtedness upon the Equity Interests of the Borrowers or any of its other properties or assets, or (iv) own, lease, manage or otherwise operate any properties or assets other than the direct or indirect ownership of the Equity Interests of the Borrowers and other interests incidental thereto;

1.23 Amendment to Schedules. *Schedule 4.13* to the Credit Agreement shall be and it hereby is amended in its entirety and replaced with *Schedule 4.13* attached hereto.

SECTION 2. Redetermined Borrowing Base. This Amendment shall constitute notice of the Redetermination of the Borrowing Base pursuant to *Section 3.05* of the Credit Agreement, and the Administrative Agent, the Lenders, the Borrowers and the Guarantors hereby acknowledge that effective as of the Third Amendment Effective Date, the Borrowing Base is \$400,000,000, and such redetermined Borrowing Base shall remain in effect until the next Redetermination of the Borrowing Base.

SECTION 3. Conditions. The amendments to the Credit Agreement contained in *Section 1* of this Amendment shall become effective upon the satisfaction of each of the conditions set forth in this *Section 3*.

3.1 Execution and Delivery. Each Credit Party, the Required Lenders, and the Administrative Agent shall have executed and delivered this Amendment and each other required document, all in form and substance satisfactory to the Administrative Agent.

3.2 No Default. No Default shall have occurred and be continuing or shall result from the effectiveness of this Amendment.

3.3 Finco. The Borrower shall have complied, and shall have caused Finco to comply, with *Sections 6.12* and *6.13* of the Credit Agreement with respect to Finco, including, without limitation, the

execution and delivery of a Counterpart Agreement by Finco and a pledge agreement by the Borrowers covering all of the Equity Interests owned by the Borrowers in Finco.

3.4 Other Documents. The Administrative Agent shall have received such other instruments and documents incidental and appropriate to the transaction provided for herein as the Administrative Agent or its special counsel may reasonably request, and all such documents shall be in form and substance satisfactory to the Administrative Agent.

SECTION 4. Representations and Warranties of Credit Parties. To induce the Lenders to enter into this Amendment, each Credit Party hereby represents and warrants to the Lenders as follows:

4.1 Reaffirmation of Representations and Warranties/Further Assurances. After giving effect to the amendments herein, each representation and warranty of such Credit Party contained in the Credit Agreement and in each of the other Loan Documents is true and correct in all material respects as of the date hereof (except to the extent such representations and warranties specifically refer to an earlier date, in which case they are true and correct in all material respects as of such earlier date).

4.2 Corporate Authority; No Conflicts. The execution, delivery and performance by each Credit Party (to the extent a party hereto or thereto) of this Amendment and all documents, instruments and agreements contemplated herein are within such Credit Party's corporate or other organizational powers, have been duly authorized by necessary action, require no action by or in respect of, or filing with, any court or agency of government and do not violate or constitute a default under any provision of any applicable law or other agreements binding upon any Credit Party or result in the creation or imposition of any Lien upon any of the assets of any Credit Party except for Permitted Liens and otherwise as permitted in the Credit Agreement.

4.3 Enforceability. This Amendment constitutes the valid and binding obligation of the Borrowers and each other Credit Party enforceable in accordance with its terms, except as (i) the enforceability thereof may be limited by bankruptcy, insolvency or similar laws affecting creditor's rights generally, and (ii) the availability of equitable remedies may be limited by equitable principles of general application.

4.4 No Default. As of the date hereof, both before and immediately after giving effect to this Amendment, no Default has occurred and is continuing.

SECTION 5. Miscellaneous.

5.1 Reaffirmation of Loan Documents and Liens. Any and all of the terms and provisions of the Credit Agreement and the Loan Documents shall, except as amended and modified hereby, remain in full force and effect and are hereby in all respects ratified and confirmed by each Credit Party. Each Credit Party hereby agrees that the amendments and modifications herein contained shall in no manner affect or impair the liabilities, duties and obligations of any Credit Party under the Credit Agreement and the other Loan Documents or the Liens securing the payment and performance thereof.

5.2 Parties in Interest. All of the terms and provisions of this Amendment shall bind and inure to the benefit of the parties hereto and their respective successors and assigns.

5.3 Legal Expenses. Each Credit Party hereby agrees to pay all reasonable fees and expenses of special counsel to the Administrative Agent incurred by the Administrative Agent in connection with the preparation, negotiation and execution of this Amendment and all related documents.

5.4 Counterparts. This Amendment may be executed in one or more counterparts and by different parties hereto in separate counterparts each of which when so executed and delivered shall be deemed an original, but all such counterparts together shall constitute but one and the same instrument; signature pages may be detached from multiple separate counterparts and attached to a single counterpart so that all signature pages are physically attached to the same document. Delivery of

photocopies of the signature pages to this Amendment by facsimile or electronic mail shall be effective as delivery of manually executed counterparts of this Amendment.

5.5 Complete Agreement. THIS AMENDMENT, THE CREDIT AGREEMENT, AND THE OTHER LOAN DOCUMENTS REPRESENT THE FINAL AGREEMENT BETWEEN THE PARTIES AND MAY NOT BE CONTRADICTED BY EVIDENCE OF PRIOR, CONTEMPORANEOUS OR ORAL AGREEMENTS OF THE PARTIES. THERE ARE NO UNWRITTEN ORAL AGREEMENTS BETWEEN THE PARTIES.

5.6 Headings. The headings, captions and arrangements used in this Amendment are, unless specified otherwise, for convenience only and shall not be deemed to limit, amplify or modify the terms of this Amendment, nor affect the meaning thereof.

5.7 Governing Law. This Amendment shall be construed in accordance with and governed by the laws of the State of Texas.

5.8 Loan Document. This Amendment shall constitute a Loan Document for all purposes and in all respects.

*[Remainder of page intentionally blank.
Signature pages follow.]*

IN WITNESS WHEREOF, the parties have caused this Amendment to be duly executed by their respective authorized officers to be effective as of the date first above written.

[Exhibit 10.4](#)

[THIRD AMENDMENT TO THIRD AMENDED AND RESTATED CREDIT AGREEMENT
WITNESSETH](#)

**FOURTH AMENDMENT TO THIRD AMENDED AND RESTATED
CREDIT AGREEMENT**

This FOURTH AMENDMENT TO THIRD AMENDED AND RESTATED CREDIT AGREEMENT (this "*Amendment*") is made as of November 9, 2009, by and among ANTERO RESOURCES CORPORATION, a Delaware corporation ("*Antero*"), ANTERO RESOURCES MIDSTREAM CORPORATION, a Delaware corporation ("*Antero Midstream*"), ANTERO RESOURCES PICEANCE CORPORATION, a Delaware corporation ("*Antero Piceance*"), ANTERO RESOURCES PIPELINE CORPORATION, a Delaware corporation ("*Antero Pipeline*"), and ANTERO RESOURCES APPALACHIAN CORPORATION, a Delaware corporation ("*Antero Appalachian*" and, together with Antero, Antero Midstream, Antero Piceance and Antero Pipeline, each, a "*Borrower*" and collectively, the "*Borrowers*"), CERTAIN SUBSIDIARIES OF BORROWERS, as Guarantors, the LENDERS party hereto, and JPMORGAN CHASE BANK, N.A., as Administrative Agent (in such capacity, the "*Administrative Agent*"). Unless otherwise expressly defined herein, capitalized terms used but not defined in this Amendment have the meanings assigned to such terms in the Credit Agreement (as defined below).

WITNESSETH:

WHEREAS, the Borrowers, the Guarantors, the Administrative Agent and the Lenders have entered into that certain Third Amended and Restated Credit Agreement, dated as of January 14, 2009 (as amended, restated, supplemented or otherwise modified from time to time, the "*Credit Agreement*"); and

WHEREAS, the Borrowers, the Guarantors the Administrative Agent and the Lenders, have agreed to amend the Credit Agreement to facilitate the addition of certain financial institutions as new Lenders and the departure of an existing Lender and for certain other purposes as provided herein, subject to the terms and conditions set forth herein.

NOW, THEREFORE, for and in consideration of the mutual covenants and agreements herein contained and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged and confessed, the Borrowers, the Guarantors, the Administrative Agent and the Lenders hereby agree as follows:

SECTION 1. Amendments to Credit Agreement. Subject to the satisfaction or waiver in writing of each condition precedent set forth in *Section 3* of this Amendment, and in reliance on the representations, warranties, covenants and agreements contained in this Amendment, the Credit Agreement shall be amended in the manner provided in this *Section 1*.

1.1 Additional Definition. The following definition shall be and it hereby is added to *Section 1.01* of the Credit Agreement in appropriate alphabetical order:

"Fourth Amendment Effective Date" means November 9, 2009.

1.2 Amendment to Schedule 1.01. *Schedule 1.01* to the Credit Agreement shall be and it hereby is amended in its entirety and replaced with *Schedule 1.01* attached hereto.

SECTION 2. Reallocation of Commitments and Loans. Fortis Capital Corp. ("*Departing Lender*") desires to assign all of its rights and obligations as a Lender under the Credit Agreement to other Lenders. In addition, the other Lenders have agreed among themselves to reallocate their respective Commitments, and to, among other things, allow certain financial institutions identified by J.P. Morgan Securities, Inc. in its capacity as Sole Bookrunner and Joint Lead Arranger (in such capacity "*J.P. Morgan*") in consultation with the Borrower, to become a party to the Credit Agreement as a Lender (each, a "*New Lender*") by acquiring an interest in the Aggregate Commitment. Each of the

Administrative Agent and the Borrowers hereby consent to (i) the assignments by the Departing Lender of its rights and obligations as a Lender under the Credit Agreement to the other Lenders, including the New Lenders, (ii) the reallocation of the Commitments and (iii) each New Lender's acquisition of an interest in the Aggregate Commitment. On the date this Amendment becomes effective and after giving effect to such reallocation of the Aggregate Commitment, the Commitment of the Departing Lender shall terminate and the Commitment of each Lender, including each New Lender, shall be as set forth on *Schedule 1.01* of this Amendment. With respect to such reallocation, each New Lender shall be deemed to have acquired its Commitment from the Departing Lender and each of the other Lenders and such acquisition of the Departing Lender's Commitment and the reallocation of the Aggregate Commitment among the Lenders shall be deemed to have been consummated pursuant to the terms of the Assignment and Assumption attached as *Exhibit A* to the Credit Agreement as if the Departing Lender, such New Lenders and the other Lenders had executed an Assignment and Assumption with respect to such acquisition and reallocation. The Administrative Agent hereby waives the \$3,500 processing and recordation fee set forth in *Section 11.04(b)(ii)(C)* of the Credit Agreement with respect to the assignments and reallocations contemplated by this *Section 2*. To the extent requested by any Lender, including the Departing Lender, and in accordance with *Section 2.16* of the Credit Agreement, the Borrowers shall pay to such Lender, within the time period prescribed by *Section 2.16* of the Credit Agreement, any amounts required to be paid by the Borrowers under *Section 2.16* of the Credit Agreement in the event the payment of any principal of any Eurodollar Loan or the conversion of any Eurodollar Loan other than on the last day of an Interest Period applicable thereto is required in connection with the reallocation contemplated by this *Section 2*.

SECTION 3. Conditions. The amendments to the Credit Agreement contained in *Section 1* of this Amendment and the termination, reallocation and assignments contained in *Section 2* of this Amendment shall become effective upon the satisfaction of each of the conditions set forth in this *Section 3*.

3.1 Execution and Delivery. Each Credit Party, each Lender, including the Departing Lender, and the Administrative Agent shall have executed and delivered this Amendment and each other required document, all in form and substance satisfactory to the Administrative Agent.

3.2 No Default. No Default shall have occurred and be continuing or shall result from the effectiveness of this Amendment.

3.3 Other Documents. The Administrative Agent shall have received such other instruments and documents incidental and appropriate to the transaction provided for herein as the Administrative Agent or its special counsel may reasonably request, and all such documents shall be in form and substance satisfactory to the Administrative Agent.

3.4 Fees. The Borrowers, the Administrative Agent and J.P. Morgan shall have executed and delivered a fee letter in connection with this Amendment, and the Administrative Agent and J.P. Morgan shall have received the fees separately agreed upon in such fee letter.

SECTION 4. Representations and Warranties of Credit Parties. To induce the Lenders to enter into this Amendment, each Credit Party hereby represents and warrants to the Lenders as follows:

4.1 Reaffirmation of Representations and Warranties/Further Assurances. After giving effect to the amendments herein, each representation and warranty of such Credit Party contained in the Credit Agreement and in each of the other Loan Documents is true and correct in all material respects as of the date hereof (except to the extent such representations and warranties specifically refer to an earlier date, in which case they are true and correct in all material respects as of such earlier date).

4.2 Corporate Authority; No Conflicts. The execution, delivery and performance by each Credit Party (to the extent a party hereto or thereto) of this Amendment and all documents, instruments and agreements contemplated herein are within such Credit Party's corporate or other organizational

powers, have been duly authorized by necessary action, require no action by or in respect of, or filing with, any court or agency of government and do not violate or constitute a default under any provision of any applicable law or other agreements binding upon any Credit Party or result in the creation or imposition of any Lien upon any of the assets of any Credit Party except for Permitted Liens and otherwise as permitted in the Credit Agreement.

4.3 Enforceability. This Amendment constitutes the valid and binding obligation of the Borrowers and each other Credit Party enforceable in accordance with its terms, except as (i) the enforceability thereof may be limited by bankruptcy, insolvency or similar laws affecting creditor's rights generally, and (ii) the availability of equitable remedies may be limited by equitable principles of general application.

4.4 No Default. As of the date hereof, both before and immediately after giving effect to this Amendment, no Default has occurred and is continuing.

SECTION 5. Miscellaneous.

5.1 Reaffirmation of Loan Documents and Liens. Any and all of the terms and provisions of the Credit Agreement and the Loan Documents shall, except as amended and modified hereby, remain in full force and effect and are hereby in all respects ratified and confirmed by each Credit Party. Each Credit Party hereby agrees that the amendments and modifications herein contained shall in no manner affect or impair the liabilities, duties and obligations of any Credit Party under the Credit Agreement and the other Loan Documents or the Liens securing the payment and performance thereof.

5.2 Parties in Interest. All of the terms and provisions of this Amendment shall bind and inure to the benefit of the parties hereto and their respective successors and assigns.

5.3 Legal Expenses. Each Credit Party hereby agrees to pay all reasonable fees and expenses of special counsel to the Administrative Agent incurred by the Administrative Agent in connection with the preparation, negotiation and execution of this Amendment and all related documents.

5.4 Counterparts. This Amendment may be executed in one (1) or more counterparts and by different parties hereto in separate counterparts each of which when so executed and delivered shall be deemed an original, but all such counterparts together shall constitute but one and the same instrument; signature pages may be detached from multiple separate counterparts and attached to a single counterpart so that all signature pages are physically attached to the same document. Delivery of photocopies of the signature pages to this Amendment by facsimile or electronic mail shall be effective as delivery of manually executed counterparts of this Amendment.

5.5 Complete Agreement. THIS AMENDMENT, THE CREDIT AGREEMENT, AND THE OTHER LOAN DOCUMENTS REPRESENT THE FINAL AGREEMENT BETWEEN THE PARTIES AND MAY NOT BE CONTRADICTED BY EVIDENCE OF PRIOR, CONTEMPORANEOUS OR ORAL AGREEMENTS OF THE PARTIES. THERE ARE NO UNWRITTEN ORAL AGREEMENTS BETWEEN THE PARTIES.

5.6 Headings. The headings, captions and arrangements used in this Amendment are, unless specified otherwise, for convenience only and shall not be deemed to limit, amplify or modify the terms of this Amendment, nor affect the meaning thereof.

5.7 Governing Law. This Amendment shall be construed in accordance with and governed by the laws of the State of Texas.

5.8 Loan Document. This Amendment shall constitute a Loan Document for all purposes and in all respects.

*[Remainder of page intentionally blank.
Signature pages follow.]*

IN WITNESS WHEREOF, the parties have caused this Amendment to be duly executed by their respective authorized officers to be effective as of the date first above written.

[FOURTH AMENDMENT TO THIRD AMENDED AND RESTATED CREDIT AGREEMENT
WITNESSETH](#)

**FIFTH AMENDMENT TO THIRD AMENDED AND RESTATED
CREDIT AGREEMENT**

This FIFTH AMENDMENT TO THIRD AMENDED AND RESTATED CREDIT AGREEMENT (this "*Amendment*") is made as of January 12, 2010, by and among ANTERO RESOURCES CORPORATION, a Delaware corporation ("*Antero*"), ANTERO RESOURCES MIDSTREAM CORPORATION, a Delaware corporation ("*Antero Midstream*"), ANTERO RESOURCES PICEANCE CORPORATION, a Delaware corporation ("*Antero Piceance*"), ANTERO RESOURCES PIPELINE CORPORATION, a Delaware corporation ("*Antero Pipeline*"), and ANTERO RESOURCES APPALACHIAN CORPORATION, a Delaware corporation ("*Antero Appalachian*") and, together with Antero, Antero Midstream, Antero Piceance and Antero Pipeline, each, a "*Borrower*" and collectively, the "*Borrowers*"), CERTAIN SUBSIDIARIES OF BORROWERS, as Guarantors, the LENDERS party hereto, and JPMORGAN CHASE BANK, N.A., as Administrative Agent (in such capacity, the "*Administrative Agent*"). Unless otherwise expressly defined herein, capitalized terms used but not defined in this Amendment have the meanings assigned to such terms in the Credit Agreement (as defined below).

WITNESSETH:

WHEREAS, the Borrowers, the Guarantors, the Administrative Agent and the Lenders have entered into that certain Third Amended and Restated Credit Agreement, dated as of January 14, 2009 (as amended, restated, supplemented or otherwise modified from time to time, the "*Credit Agreement*"); and

WHEREAS, the Administrative Agent, the Lenders, the Borrowers and the Guarantors have agreed to amend the Credit Agreement to permit the Borrowers to incur additional unsecured Indebtedness and for certain other purposes as provided herein, subject to the terms and conditions set forth herein.

NOW, THEREFORE, for and in consideration of the mutual covenants and agreements herein contained and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged and confessed, the Borrowers, the Guarantors, the Administrative Agent and the Lenders hereby agree as follows:

SECTION 1. Amendments to Credit Agreement. Subject to the satisfaction or waiver in writing of each condition precedent set forth in *Section 2* of this Amendment, and in reliance on the representations, warranties, covenants and agreements contained in this Amendment, the Credit Agreement shall be amended in the manner provided in this *Section 1*.

1.1 Limitation on Indebtedness. *Section 7.01(j)* of the Credit Agreement shall be and it hereby is amended and restated in its entirety to read as follows:

(j) subject to any adjustment to the Borrowing Base required under Section 3.06 and any mandatory prepayment required under Section 2.11(b), Indebtedness of Finco resulting from the issuance of Senior Notes in an aggregate principal amount not to exceed \$550,000,000 at any time outstanding, and any Permitted Refinancing of any Indebtedness incurred under this clause (j); provided that at the time of and immediately after giving effect to each issuance of such Senior Notes or any Permitted Refinancing thereof, no Default shall have occurred and be continuing.

1.2 Senior Notes Restrictions. *Section 7.15* of the Credit Agreement shall be and it hereby is amended and restated in its entirety to read as follows:

Section 7.15. Senior Notes Restrictions. No Credit Party will, nor will any Credit Party permit any Restricted Subsidiary to, (a) except for the regularly scheduled payments of interest required under

the Senior Notes Documents, directly or indirectly, retire, redeem, defease, repurchase or prepay prior to the scheduled due date thereof any part of the principal of, or interest on, the Senior Notes (or any Permitted Refinancing thereof); provided that so long as no Default has occurred and is continuing or would be caused thereby, the Borrower may retire, redeem, defease, repurchase or prepay the Senior Notes (i) with the proceeds of any Permitted Refinancing permitted pursuant to Section 7.01(j), (ii) with the net cash proceeds of any issuance of Equity Interests of Holdings or (iii) pursuant to an asset sale tender offer with the cash proceeds of any asset sale to the extent required by the terms of the Indenture, but in any event subject to compliance by the Credit Parties with any prepayment of the Obligations required by any consent of the Lenders to such sale, or (b) enter into or permit any supplement, modification or amendment of, or waive any right or obligation of any Person under, any Senior Notes Document or any document governing any Permitted Refinancing of the Senior Notes if the effect thereof would be to (i) shorten its average life or maturity, (ii) cause the outstanding aggregate principal amount of the Senior Notes issued by Finco, taken as a whole, to exceed \$550,000,000, (iii) increase the rate or shorten any period for payment of interest thereon, (iv) cause any covenant, default or remedy provisions contained therein to be materially more onerous on any Credit Party or any Restricted Subsidiary, or (v) cause any mandatory prepayment, repurchase or redemption provisions contained therein to be materially more onerous on any Credit Party or any Restricted Subsidiary.

SECTION 2. Conditions. The amendments to the Credit Agreement contained in *Section 1* of this Amendment shall become effective upon the satisfaction of each of the conditions set forth in this *Section 2*.

2.1 Execution and Delivery. Each Credit Party, the Required Lenders, and the Administrative Agent shall have executed and delivered this Amendment and each other required document, all in form and substance satisfactory to the Administrative Agent.

2.2 No Default. No Default shall have occurred and be continuing or shall result from the effectiveness of this Amendment.

2.3 Other Documents. The Administrative Agent shall have received such other instruments and documents incidental and appropriate to the transaction provided for herein as the Administrative Agent or its special counsel may reasonably request, and all such documents shall be in form and substance satisfactory to the Administrative Agent.

SECTION 3. Representations and Warranties of Credit Parties. To induce the Lenders to enter into this Amendment, each Credit Party hereby represents and warrants to the Lenders as follows:

3.1 Reaffirmation of Representations and Warranties/Further Assurances. After giving effect to the amendments herein, each representation and warranty of such Credit Party contained in the Credit Agreement and in each of the other Loan Documents is true and correct in all material respects as of the date hereof (except to the extent such representations and warranties specifically refer to an earlier date, in which case they are true and correct in all material respects as of such earlier date).

3.2 Corporate Authority; No Conflicts. The execution, delivery and performance by each Credit Party (to the extent a party hereto or thereto) of this Amendment and all documents, instruments and agreements contemplated herein are within such Credit Party's corporate or other organizational powers, have been duly authorized by necessary action, require no action by or in respect of, or filing with, any court or agency of government and do not violate or constitute a default under any provision of any applicable law or other agreements binding upon any Credit Party or result in the creation or imposition of any Lien upon any of the assets of any Credit Party except for Permitted Liens and otherwise as permitted in the Credit Agreement.

3.3 Enforceability. This Amendment constitutes the valid and binding obligation of the Borrowers and each other Credit Party enforceable in accordance with its terms, except as (i) the enforceability thereof may be limited by bankruptcy, insolvency or similar laws affecting creditor's rights generally, and (ii) the availability of equitable remedies may be limited by equitable principles of general application.

3.4 No Default. As of the date hereof, both before and immediately after giving effect to this Amendment, no Default has occurred and is continuing.

SECTION 4. Miscellaneous.

4.1 Reaffirmation of Loan Documents and Liens. Any and all of the terms and provisions of the Credit Agreement and the Loan Documents shall, except as amended and modified hereby, remain in full force and effect and are hereby in all respects ratified and confirmed by each Credit Party. Each Credit Party hereby agrees that the amendments and modifications herein contained shall in no manner affect or impair the liabilities, duties and obligations of any Credit Party under the Credit Agreement and the other Loan Documents or the Liens securing the payment and performance thereof.

4.2 Parties in Interest. All of the terms and provisions of this Amendment shall bind and inure to the benefit of the parties hereto and their respective successors and assigns.

4.3 Legal Expenses. Each Credit Party hereby agrees to pay all reasonable fees and expenses of special counsel to the Administrative Agent incurred by the Administrative Agent in connection with the preparation, negotiation and execution of this Amendment and all related documents.

4.4 Counterparts. This Amendment may be executed in one or more counterparts and by different parties hereto in separate counterparts each of which when so executed and delivered shall be deemed an original, but all such counterparts together shall constitute but one and the same instrument; signature pages may be detached from multiple separate counterparts and attached to a single counterpart so that all signature pages are physically attached to the same document. Delivery of photocopies of the signature pages to this Amendment by facsimile or electronic mail shall be effective as delivery of manually executed counterparts of this Amendment.

4.5 Complete Agreement. THIS AMENDMENT, THE CREDIT AGREEMENT, AND THE OTHER LOAN DOCUMENTS REPRESENT THE FINAL AGREEMENT BETWEEN THE PARTIES AND MAY NOT BE CONTRADICTED BY EVIDENCE OF PRIOR, CONTEMPORANEOUS OR ORAL AGREEMENTS OF THE PARTIES. THERE ARE NO UNWRITTEN ORAL AGREEMENTS BETWEEN THE PARTIES.

4.6 Headings. The headings, captions and arrangements used in this Amendment are, unless specified otherwise, for convenience only and shall not be deemed to limit, amplify or modify the terms of this Amendment, nor affect the meaning thereof.

4.7 Governing Law. This Amendment shall be construed in accordance with and governed by the laws of the State of Texas.

4.8 Loan Document. This Amendment shall constitute a Loan Document for all purposes and in all respects.

*[Remainder of page intentionally blank.

FARMOUT ACQUISITION AGREEMENT

This Amended and Restated Farmout Acquisition Agreement (the "Agreement") is executed on September 23, 2008, by and between Dominion Exploration & Production, Inc., Dominion Transmission, Inc., and Dominion Appalachian Development, LLC, collectively referred to as "Farmors," and Antero Resources Appalachian Corporation, as the "Farmee." Farmors and Farmee are collectively referred to herein as the "Parties" and individually referred to as a "Party."

RECITALS

- A. Farmors own the Leasehold Rights (as hereinafter defined).
- B. Farmors and Farmee entered into that certain Farmout Acquisition Agreement dated June 27, 2008 (the "Original Agreement") with respect to the leasehold rights described in the Original Agreement.
- C. Farmors and Farmee entered into that certain First Amendment to the Original Agreement dated September 15, 2008 (the "First Amendment").
- D. Farmors and Farmee have agreed to amend and restate the Original Agreement, as previously amended by the First Amendment, on the terms and conditions more particularly set forth below.
- E. Farmors and Farmee intend to enter into the Farmout Agreement (as hereinafter defined) in the manner and subject to the terms and conditions set forth in this Agreement.
- F. Capitalized terms used in this Agreement shall have the meanings ascribed to them in Appendix A to this Agreement or as such terms are otherwise identified and/or defined in this Agreement.

NOW, THEREFORE, in consideration of the premises and of the mutual promises, representations, warranties, covenants, conditions and agreements contained herein, and for other valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereto, intending to be legally bound by the terms hereof, agree as follows:

ARTICLE 1 PROCEDURES AND TIMING

Section 1.1 *Assignment and Farmout.* Upon the terms and subject to the conditions of this Agreement and the Farmout Agreement, Farmors agree to assign, transfer and convey the Leasehold Rights set forth on *Exhibit E-1* to Farmee and Farmee agrees to accept, receive and pay for said Leasehold Rights.

ARTICLE 2 CONSIDERATION

Section 2.1 *Consideration Due at Closing.* The consideration due from Farmee at Closing (the "Consideration") shall be (a) (i) Two Thousand Five Hundred and Sixty Dollars (\$2,560) per Net Mineral Acre of Leasehold Rights shown in *Exhibit E-1* for properties located in Doddridge and Wetzel Counties, West Virginia and Greene County, Pennsylvania and (ii) Three Thousand Two Hundred and Fifty Dollars (\$3,250) per Net Mineral Acre of Leasehold Rights shown in *Exhibit E-1* for properties located in Harrison, Marion and Monongalia Counties, West Virginia; and (b) the execution and delivery of the Farmout Agreement. The aggregate Net Mineral Acres attributable to the Leasehold Rights shown in *Exhibit E-1* is 114,259 ("Initial Net Mineral Acres"), which acreage is subject to the Replacement Acreage and other provisions of Article 3 hereof. Based on the Initial Net Mineral Acres and the per Net Mineral Acre values set forth above, the total cash portion of the Consideration at the

time of execution of this Agreement is Three Hundred Forty-Six Million, Nine Hundred Ninety-Two Thousand, Six Hundred Thirty One Dollars (\$346,992,631).

Section 2.2 Deposit. Upon execution of the Original Agreement, Farmee delivered to Farmors an amount equal to Five Million Dollars (\$5,000,000.00) (the "Initial Deposit"). Farmee shall initiate a wire transfer to an account specified by Farmors an amount equal to Thirty Five Million Dollars (\$35,000,000) by not later than 9:00 a.m. (Central Time) on September 26, 2008 in order for Farmors to receive the Additional Deposit into such account on September 26, 2008 (the "Additional Deposit," with the Initial Deposit plus the Additional Deposit being referred to in this Agreement as the "Deposit"). The Deposit shall be applied against the Consideration if the Closing occurs, or shall be otherwise distributed in accordance with the terms of this Agreement.

ARTICLE 3 TITLE MATTERS

Section 3.1 Farmors' Title. Farmors make no warranty or representation, express, implied, statutory or otherwise, with respect to Farmors' title to any of the Leasehold Rights, and except for Farmee's rights upon a breach of Farmors' obligations under Sections 6.9 and 6.10 or the special warranty of title set forth in the Assignment, Farmee hereby acknowledges and agrees that Farmee's sole remedy for any defect of title, including any Title Defect, with respect to any of the Leasehold Rights set forth on *Exhibit E-1* shall be the Replacement Acreage provisions of this Article 3, and the special warranty of title set forth in the Assignment; *provided, however,* that Farmee shall not be entitled to protection under Farmors' special warranty of title set forth in the Assignment against any Title Defect for which a Title Defect Notice is furnished pursuant to Section 3.4(b) and/or any Title Defect disclosed in writing to Farmee by Farmors prior to the Title Claim Date.

Section 3.2 Definition of Defensible Title. As used in this Agreement, the term "Defensible Title" means that title of Farmors with respect to the Leasehold Rights that, except for and subject to Permitted Encumbrances:

(a) Entitles Farmors to receive a share of the Hydrocarbons produced, saved and marketed from any Leasehold Rights throughout the duration of the productive life of such Leasehold Rights (after satisfaction of all royalties, overriding royalties, net profits interests or other similar burdens paid to third parties on or measured by production of Hydrocarbons, hereinafter "Net Revenue Interest"), of not less than the Net Revenue Interest shown in *Exhibit E-1* or *Exhibit E-2*, for such Leasehold Rights, except decreases in connection with those operations in which Farmors may after the date hereof as permitted hereunder be a non-consenting co-owner, decreases resulting from the establishment or amendment after the date hereof as permitted hereunder of pools or units, and except as stated in such *Exhibits E-1* or *Exhibit E-2*.

(b) Obligates Farmors to bear a percentage of the costs and expenses for the maintenance and development of, and operations relating to, any Leasehold Rights shown in *Exhibit E-1* or *Exhibit E-2*, not greater than the "working interest" shown in *Exhibit E-1* or *Exhibit E-2*, without increase throughout the productive life of such Leasehold Rights except as stated in *Exhibit E-1* or *Exhibit E-2*, and except increases that are accompanied by at least a proportionate increase in Farmors' Net Revenue Interest;

(c) Entitles Farmors to the Net Mineral Acres for each Leasehold Right set forth in *Exhibit E-1* or *Exhibit E-2*; and

(d) Is free and clear of liens, encumbrances, obligations, security interests, irregularities, pledges, or other defects.

(e) As used in this Agreement, the term "Title Defect" means any lien, charge, encumbrance, obligation (including contract obligation), defect, or other matter (including a discrepancy in Net

Revenue Interest, working interest or Net Mineral Acres) that causes Farmors not to have Defensible Title in and to the Leasehold Rights shown in *Exhibit E-1* as of the Closing Date or with respect to the Leasehold Rights set forth in *Exhibit E-2* that is designated as Replacement Acreage, the Replacement Acreage Closing Date, including any failure of Farmors to obtain any required consent applicable to the obligations of Farmors hereunder, including the assignment of the Leasehold Rights contemplated hereby. For purposes of this Agreement, all (i) leases listed in *Schedule 4.11(c)* that, prior to the Closing Date and, with respect to the Leasehold Rights set forth on *Exhibit E-2* that are designated as Replacement Acreage, prior to the Replacement Acreage Closing Date, are not extended beyond December 31, 2010, (ii) Leasehold Rights on which the wells designated by an "*" on *Exhibit F* are located, together with any Leasehold Rights which make up the smallest radius possible to encompass one hundred sixty (160) acres surrounding such well, and (iii) any Leasehold Rights which are affected by any of the agreements set forth on *Exhibit I*, shall also be deemed to have a Title Defect. Notwithstanding the foregoing, the following shall not be considered Title Defects:

- (a) defects based solely on references to a recorded document(s) if such document(s) is not in Farmors' files;
- (b) defects arising out of lack of corporate or other entity authorization, unless Farmee provides affirmative evidence that the action was not authorized and results in a third-party's actual and superior claim of title to the relevant Leasehold Right;
- (c) defects based on failure to record leases issued by any Governmental Body, or any assignments of record title or operating rights in such leases, in the real property, conveyance or other records of the county in which such Leasehold Right is located; and
- (d) defects based on a gap in Farmors' chain of title in the county records as to fee leases, unless such gap is affirmatively shown to exist in such records by an abstract of title, title opinion or landman's title chain, which documents shall be included in a Title Defect Notice.

Section 3.3 Definition of Permitted Encumbrances. As used herein, the term "Permitted Encumbrances" means any or all of the following:

- (a) Royalties and any overriding royalties, reversionary interests and other similar burdens on production to the extent that the net cumulative effect of such burdens does not reduce Farmors' Net Revenue Interest or Net Mineral Acres below that shown in *Exhibit E-1* or, with respect to any applicable Replacement Acreage, *Exhibit E-2*, or increase Farmors' working interest above that shown in *Exhibit E-1* or *Exhibit E-2*, without a corresponding increase in the Net Revenue Interest;
- (b) All leases, unit agreements, pooling agreements, operating agreements, farmout agreements, Hydrocarbon production sales contracts, division orders and other contracts, agreements and instruments applicable to the Leasehold Rights, to the extent that (i) the net cumulative effect of such instruments does not reduce Farmors' Net Revenue Interest or Net Mineral Acres below that shown in *Exhibit E-1* or *Exhibit E-2*, or increase Farmors' working interest above that shown in *Exhibit E-1* or *Exhibit E-2*, without a corresponding increase in the Net Revenue Interest and (ii) such instruments do not materially adversely affect the operation of the Leasehold Rights;
- (c) Third-party consent requirements and similar restrictions with respect to which waivers or consents are (i) obtained from the appropriate parties or (ii) are routinely obtained after the closing of transactions of this nature;
- (d) Liens for current Taxes or assessments not yet delinquent;
- (e) Materialman's, mechanic's, repairman's, employee's, contractor's, operator's and other similar liens or charges arising in the ordinary course of business for amounts not yet delinquent (including any amounts being withheld as provided by Law);

(f) All rights to consent by, required notices to, filings with, or other actions by Governmental Bodies in connection with the sale or conveyance of the Leasehold Rights or interests therein if they are not required or customarily obtained prior to the sale or conveyance;

(g) Excepting circumstances where such rights have already been triggered, rights of reassignment arising upon final intention to abandon or release the Leasehold Rights, or any of them;

(h) Easements, rights-of-way, servitudes, permits, surface leases and other rights in respect of surface operations to the extent that they do not unreasonably interfere with the operation of the Leasehold Rights;

(i) All rights reserved to or vested in any Governmental Body to control or regulate any of the Leasehold Rights in any manner and all obligations and duties under all applicable laws, rules and orders of any such Governmental Body or under any franchise, grant, license or permit issued by any such Governmental Body;

(j) Any encumbrance on or affecting the Leasehold Rights which is expressly assumed in writing, bonded or paid by Farmee at or prior to the Closing Date or which is discharged by Farmors at or prior to the Closing Date;

(k) Any matters shown in *Exhibit B*.

(l) Any other liens, charges, encumbrances, defects or irregularities which do not, individually or in the aggregate, materially interfere with the use or ownership of the Leasehold Rights subject thereto or affected thereby (as currently used or owned), which would be accepted by a reasonably prudent operator engaged in the business of owning and operating oil and gas properties, and which do not reduce Farmors' Net Revenue Interest or Net Mineral Acres below that shown in *Exhibit E-1* or *Exhibit E-2*, or increase Farmors' working interest above that shown in *Exhibit E-1* or *Exhibit E-2*, without a corresponding increase in Net Revenue Interest; and

(m) Liens granted under applicable joint operating agreements for amounts not yet delinquent.

Section 3.4 Title Defect and Defect Adjustments.

(a) Notwithstanding that the scheduled Closing Date is September 30, 2008, Farmee shall have the right after the scheduled Closing Date to assert Title Defects as to the Leasehold Rights set forth in *Exhibit E-1* and in *Exhibit E-2*, all in accordance with this Section 3.4; *provided, however*, that with respect to those Leasehold Rights set forth in *Exhibit E-2*, if any, that are not utilized as Replacement Acreage, then Farmee shall not be entitled to any remedy for any Title Defects asserted with respect to such Leasehold Rights. For the avoidance of doubt, once the Replacement Title Claim Date occurs, Farmee shall have no further opportunity to assert Title Defects regarding the Replacement Acreage.

(b) To assert a claim of a Title Defect with respect to those Leasehold Rights set forth in *Exhibits E-1* and *E-2* that are located in West Virginia or in Greene, Fayette or Washington County, Pennsylvania Farmee must deliver claim notices to Farmors (each a "Title Defect Notice") on or before 5:00 pm Mountain Time on October 15, 2008 (the "Title Claim Date") and to assert a claim of a Title Defect with respect to the Leasehold Rights set forth in *Exhibit E-2* that are located in Westmoreland or Indiana County, Pennsylvania, Farmee must deliver a Title Defect Notice on or before 5:00 pm Mountain Time on (i) October 31, 2008 if less than 10,000 Net Mineral Acres is required for Replacement Acreage from such Counties and (ii) November 15, 2008 if more than 10,000 Net Mineral Acres is required for Replacement Acreage from such Counties (the applicable date, the "Replacement Title Claim Date"). Each Title Defect Notice shall be in writing and shall include (i) a description of the alleged Title Defect(s), (ii) the Leasehold Rights affected by the Title Defect (each a "Title Defect Property"), (iii) the Allocated Value of each Title Defect Property, (iv) supporting documents reasonably necessary for Farmors (as well as any title attorney or examiner hired by Farmors) to verify the existence of the alleged Title Defect(s), and (v) the amount by which Farmee reasonably believes

the Allocated Value of each Title Defect Property is reduced by the alleged Title Defect(s) and the computations and information upon which Farmee's belief is based. Notwithstanding any other provision of this Agreement to the contrary but subject to Farmee's rights upon a breach of Farmers' obligations under Sections 6.9 and 6.10 or the special warranty of title set forth in the Assignment, Farmee shall be deemed to have waived its right to assert Title Defects for which Farmers have not been given notice on or before (x) the Title Claim Date with respect to those Leasehold Rights set forth in *Exhibits E-1* and *E-2* that are located in West Virginia or in Greene, Fayette or Washington County, Pennsylvania or (y) the Replacement Title Claim Date with respect to the Leasehold Rights set forth in *Exhibit E-2* that are located in Westmoreland or Indiana County, Pennsylvania; *provided, however*, that Farmee shall not be entitled to protection under Farmers' special warranty of title set forth in the Assignment against any Title Defect for which a Title Defect Notice is furnished pursuant to Section 3.4(b) and/or any Title Defect disclosed in writing to Farmee by Farmers prior to the Title Claim Date. For purposes of this Agreement, the term "Allocated Value" shall mean the number of Net Mineral Acres of a Leasehold Right multiplied by the per Net Mineral Acres price set forth in Section 2.1.

(c) Farmers shall have the right, but not the obligation, to attempt, at its sole cost and expense, to cure or remove any Title Defects of which it has been advised by Farmee or which it has disclosed in writing to Farmee prior to (i) October 31, 2008 with respect to those Title Defects affecting those Leasehold Rights set forth in *Exhibits E-1* and *E-2* that are located in West Virginia or in Greene, Fayette or Washington County, Pennsylvania or (ii) 15 days following the Replacement Title Claim Date with respect to the Leasehold Rights set forth in *Exhibit E-2* that are located in Westmoreland or Indiana County, Pennsylvania. Each of the time periods within which Farmers have the right to cure or remove the applicable Title Defect is referred to herein as the "Cure Period" and each of the dates upon which Farmers' rights to cure or remove a Title Defect expires is referred to herein as "Title Closing Date."

(d) In the event that any Title Defect affecting the Leasehold Rights set forth in *Exhibit E-1* is not waived by Farmee or cured by Farmers during the Cure Period applicable thereto, Farmers and Farmee shall substitute replacement acreage from those Leasehold Rights set forth in *Exhibit E-2* that do not constitute Defect Acreage (such Leasehold Rights, the "Replacement Acreage") on (i) a Net Mineral Acre for Net Mineral Acre basis in place of any Leasehold Rights that are Defect Acreage and are located in Doddridge or Wetzel County, West Virginia or Greene County, Pennsylvania, and (ii) the basis of 1.2695 Net Mineral Acres of Replacement Acreage for each Net Mineral Acre of Leasehold Rights that are Defect Acreage and are located in Harrison, Marion or Monongalia County, West Virginia, as further provided in Section 3.4(e). The term "Defect Acreage" as used herein shall mean any Leasehold Rights affected by an asserted Title Defect or Defect that is not cured or removed by Farmers.

(e) In the event that Farmee and Farmor resolve any Title Defect or Defect by substituting the Net Mineral Acres associated with the adversely affected Leasehold Rights with Leasehold Rights set forth in *Exhibit E-2* pursuant to Section 3.4(d) or the replacement occurs by reason of Section 6.4, then:

(i) the Replacement Acreage will be designated by mutual agreement of the Parties in blocks that are contiguous or proximate to the Leasehold Rights set forth in *Exhibit E-1* in the applicable county, to the extent possible, from the Leasehold Rights set forth in *Exhibit E-2*, first from acreage located in Fayette County, Pennsylvania, second from acreage located in Washington County, Pennsylvania, third from Westmoreland County, Pennsylvania, and finally from acreage located in Indiana County, Pennsylvania, until such time as Farmee no longer has any remaining Leasehold Rights set forth on *Exhibit E-2* to use as Replacement Acreage; and thereafter be selected pursuant to subsection (ii) below;

(ii) in the event that there is not sufficient Replacement Acreage pursuant to subsection (i) above, the acreage to be substituted for any remaining Defect Acreage will be as mutually agreed to by Farmee and Farmor.

Within 5 business days following the Cure Period for any Leasehold Rights set forth in *Exhibit E-2* pursuant to Section 3.4(c), the Parties shall conduct an additional Closing (the "Replacement Acreage Closing") whereby (1) Farmors shall assign, transfer and convey the Replacement Acreage to Farmee, using the form of Assignment attached hereto as *Exhibit G*, (2) Farmee shall assign, transfer and convey the Defect Acreage for which the Replacement Acreage is being substituted to the relevant Farmor(s), using the form of Reconveyance attached hereto as *Exhibit C*, (3) the Parties will mutually confirm in writing their agreement to a revised *Exhibit E-1* which, following consummation of any assignments as aforesaid, shall set forth the Leasehold Rights constituting the final Net Mineral Acres sold by Farmors and purchased by Farmee hereunder, (4) Farmors shall deliver to Farmee a certificate, duly executed by an authorized corporate officer of Farmors, dated as of date of the Replacement Acreage Closing (the "Replacement Acreage Closing Date"), certifying on behalf of Farmors that the conditions set forth in Sections 7.2(a) and 7.2(b) have been fulfilled as to the Replacement Acreage, and (5) Farmee shall deliver to Farmors a certificate, duly executed by an authorized corporate officer of Farmee, dated as of Replacement Acreage Closing Date, certifying on behalf of Farmee that the conditions set forth in Sections 7.1(a) and 7.1(b) have been fulfilled as to the Replacement Acreage.

(f) Subject to Farmee's rights upon a breach of Farmors' obligations under Sections 6.9 and 6.10 or the special warranty of title set forth in the Assignment, Sections 3.4(d) and 3.4(e) shall be the exclusive right and remedy of Farmee with respect to Title Defects that have been identified on or prior to the Title Claim Date or Replacement Title Claim Date, as applicable. Notwithstanding anything in this Agreement to the contrary, Farmee shall not be entitled to protection under Farmors' special warranty of title set forth in the Assignment against any Title Defect for which a Title Defect Notice is furnished pursuant to Section 3.4(b) and/or any Title Defect disclosed in writing to Farmee by Farmors prior to the Title Claim Date or Replacement Title Claim Date, as applicable.

(g) The dollar value resulting from a Title Defect (the "Title Defect Amount") shall be the amount by which the Allocated Value of the Title Defect Property affected by such Title Defect is reduced as a result of the existence of such Title Defect and shall be determined in accordance with the following methodology, terms and conditions:

(i) if Farmee and Farmors agree on the Title Defect Amount, that amount shall be the Title Defect Amount;

(ii) if the Title Defect is a lien, encumbrance or other charge which is undisputed and liquidated in amount, then the Title Defect Amount shall be the undisputed and liquidated amount;

(iii) if the Title Defect represents a discrepancy between (A) the Net Revenue Interest for any Title Defect Property and (B) the Net Revenue Interest stated in *Exhibit E-1* or *Exhibit E-2*, then the Title Defect Amount shall be the product of the Allocated Value of such Title Defect Property multiplied by a fraction, the numerator of which is the Net Revenue Interest decrease and the denominator of which is Net Revenue Interest stated in *Exhibit E-1* or *Exhibit E-2*. For illustration purposes only, the calculation in this Section 3.4(g)(iii) is as follows (if the Net Revenue Interest set forth in *Exhibit E-1* or *Exhibit E-2*, for such Title Defect Property equals 80%):

$$\text{Title Defect Amount} = \text{Allocated Value of Title Defect Property} \times \frac{X}{((80\% - \text{Actual Net Revenue Interest})/80\%)}$$

(iv) if the Title Defect reflects a discrepancy between (A) the Net Mineral Acres for any Title Defect Property and (B) the Net Mineral Acres stated in *Exhibit E-1* or *Exhibit E-2*, the Title

Defect Amount shall be the Net Mineral Acre decrease multiplied by the Allocated Value of such Title Defect Property;

(v) if the Title Defect represents an obligation, encumbrance, burden or charge upon or other defect in title to the Title Defect Property of a type not described in subsections (i), (ii), (iii) or (iv) above, the Title Defect Amount shall be determined by taking into account the Allocated Value of the Title Defect Property, the portion of the Title Defect Property affected by the Title Defect, the legal effect of the Title Defect, the potential economic effect of the Title Defect over the life of the Title Defect Property, the values placed upon the Title Defect by Farmee and Farmers and such other factors as are necessary to make a proper evaluation; and

(vi) notwithstanding anything to the contrary in this Article 3, the aggregate Title Defect Amounts attributable to the effects of all Title Defects upon any Title Defect Property shall not exceed the Allocated Value of the Title Defect Property.

In computing any Title Defect Amount, the actual aggregate net Mineral Acres attributable to the subject Leasehold Rights will be used rather than the Initial Net Mineral Acres.

(h) Farmers and Farmee shall attempt to agree on all Title Defects and Title Defect Amounts prior to the applicable Title Closing Date. If Farmers and Farmee are unable to agree on Title Defects and Title Defect Amounts by the applicable Title Closing Date, then the Title Defects and Title Defect Amounts in dispute shall be exclusively and finally resolved by arbitration pursuant to this Section 3.4(h). There shall be a single arbitrator, who shall be a title attorney with at least ten (10) years experience in oil and gas titles involving properties in the regional area in which the Properties are located, as selected by mutual agreement of Farmee and Farmers within five (5) Business Days after the applicable Title Closing Date, and absent such agreement, by the Houston office of the American Arbitration Association (the "Title Arbitrator"). The arbitration proceeding shall be held in Houston, Texas and shall be conducted in accordance with the Commercial Arbitration Rules of the American Arbitration Association, to the extent such rules do not conflict with the terms of this section. The Title Arbitrator's determination shall be made within five (5) Business Days after submission of the matters in dispute and shall be final and binding upon both Parties, without right of appeal. In making its determination, the Title Arbitrator shall be bound by the rules set forth in Section 3.4(g) and may consider such other matters as in the opinion of the Title Arbitrator are necessary or helpful to make a proper determination. Additionally, the Title Arbitrator may consult with and engage disinterested third parties to advise the arbitrator, including petroleum engineers. The Title Arbitrator shall act as an expert for the limited purpose of determining the specific disputed Title Defect and Title Defect Amounts submitted by either Party and shall not be empowered to award damages, interest or penalties to either Party with respect to any matter. Farmers and Farmee shall each bear its own legal fees and other costs of presenting its case and indemnify and hold harmless the other Party with respect thereto. Each of Farmers and Farmee shall bear one-half of the costs and expenses of the Title Arbitrator, including any costs incurred by the Title Arbitrator that are attributable to any third party consultation.

Section 3.5 Casualty or Condemnation Loss.

(a) If, after the date of this Agreement but prior to (i) the Closing Date with respect to the Leasehold Rights set forth in *Exhibit E-1* or (ii) the Replacement Acreage Closing Date with respect to any Replacement Acreage (if any), any portion of such Leasehold Rights is destroyed by fire or other casualty or is taken in condemnation or under right of eminent domain (each a "Casualty Loss"), and the loss as a result of such individual Casualty Loss exceeds ten percent (10%) of the cash portion of the Consideration, Farmee shall nevertheless be required to close with respect to such Leasehold Rights, and Farmer shall elect by written notice to Farmee prior to Closing or the Replacement Acreage Closing (as applicable) either (i) to have Farmers cause the Leasehold Rights affected by any casualty or taking to be repaired or restored to at least its condition prior to such casualty, at Farmers'

sole cost, as promptly as reasonably practicable (which work may extend after the Closing Date or Replacement Acreage Closing Date, as applicable), (ii) to have Farmors indemnify Farmee in a manner reasonably acceptable to Farmors against any costs or expenses that Farmee reasonably incurs to repair the Leasehold Rights subject to any casualty or taking or (iii) to treat such casualty or taking as a Title Defect with respect to the affected Leasehold Rights under Section 3.4. In each case, Farmors shall retain all rights to insurance and other claims against third parties with respect to the casualty or taking, except to the extent the Parties otherwise agree in writing.

(b) If, after the date of this Agreement but prior to (i) the Closing Date with respect to the Leasehold Rights set forth in *Exhibit E-1* or (ii) the Replacement Acreage Closing Date with respect to any Replacement Acreage (if any), any Casualty Loss occurs, and the loss as a result of such individual Casualty Loss is ten percent (10%) or less of the cash portion of the Consideration, Farmee shall nevertheless be required to close and Farmors shall, at Closing, pay to Farmee all sums paid to Farmors by third parties by reason of such casualty or taking and shall assign, transfer and set over to Farmee or subrogate Farmee to all of Farmors' right, title and interest (if any) in insurance claims, unpaid awards, and other rights against third parties (other than Affiliates of Farmors and its and their directors, officers, employees and agents) arising out of the casualty or taking.

Section 3.6 Limitations on Applicability. Subject to Farmee's rights upon a breach of Farmors' obligations under Sections 6.9 and 6.10 or the special warranty of title set forth in the Assignment, the right of Farmee to assert a Title Defect under Section 3.4 of this Agreement shall terminate (i) with respect to the Leasehold Rights set forth in *Exhibit E-1* as of the Title Claim Date and (ii) with respect to the Leasehold Rights set forth in *Exhibit E-2* as of the Replacement Title Claim Date; *provided, however*, that Farmee shall not be entitled to protection under Farmors' special warranty of title set forth in the Assignment against any Title Defect for which a Title Defect Notice is furnished pursuant to Section 3.4(b) and/or any Title Defect disclosed in writing to Farmee by Farmors prior to (x) with respect to the Leasehold Rights set forth in *Exhibit E-1*, the Title Claim Date and (y) with respect to the Leasehold Rights set forth in *Exhibit E-2*, the Replacement Title Claim Date.

ARTICLE 4 REPRESENTATIONS AND WARRANTIES OF FARMORS

Section 4.1 Generally.

(a) Any representation or warranty qualified "to the knowledge of Farmor" or "to Farmor's knowledge" or with any similar knowledge qualification is limited to matters within the actual knowledge of the individuals listed in *Schedule 4.1*. "Actual knowledge" for purposes of this Agreement means information personally known by such individuals after reasonable inquiry by such individuals of the employees of the applicable Farmor holding the title of Manager or higher that would normally be responsible for the matter to which such fact, circumstance or condition relates.

(b) Inclusion of a matter on a Schedule to this Agreement in relation to a representation or warranty which addresses matters having a Material Adverse Effect shall not be deemed an indication that such matter does, or may, have a Material Adverse Effect. Likewise, the inclusion of a matter on a Schedule in this Agreement in relation to a representation or warranty shall not be deemed an indication that such matter necessarily would, or may, breach such representation or warranty absent its inclusion on such Schedule. Matters may be disclosed on a Schedule to this Agreement for purposes of information only.

(c) Notwithstanding anything to the contrary in this Article 4 or elsewhere in this Agreement, Farmors make no representation or warranty as to the Leasehold Rights set forth in *Exhibit E-2* except as to those Leasehold Rights that become Replacement Acreage (in which event Farmors' representations and warranties set forth in this Article 4 shall be deemed to have been made by Farmors as of the date of this Agreement and as of the Replacement Acreage Closing Date).

(d) Dominion Exploration & Production, Inc. makes the representations and warranties set forth in Sections 4.2 through 4.18 on behalf of itself and the other Farmors.

(e) Notwithstanding anything in this Agreement to the contrary, the representations and warranties set forth in Sections 4.2 through 4.18 shall terminate six months after the Closing Date. Claims for breaches of representations and warranties with respect to which Farmee has delivered to Farmor written notice on or prior to six months after the Closing Date shall survive the termination of the underlying representation and warranties as if said termination has not occurred until the claim is resolved.

Section 4.2 Existence and Qualification.

(a) Dominion Exploration & Production, Inc. is a corporation, validly existing and in good standing under the laws of the State of Delaware and is duly qualified to do business where the Leasehold Rights are located.

(b) Dominion Transmission, Inc. is a corporation, validly existing and in good standing under the laws of the State of Delaware and is duly qualified to do business where the Leasehold Rights are located.

(c) Dominion Appalachian Development, LLC is a limited liability company, validly existing and in good standing under the laws of the Commonwealth of Virginia and is duly qualified to do business where the Leasehold Rights are located.

Section 4.3 Power. Farmors each have the power to enter into and perform this Agreement and consummate the transactions contemplated by this Agreement.

Section 4.4 Authorization and Enforceability. The execution, delivery and performance of this Agreement, and the performance of the transactions contemplated hereby by each Farmor have been duly and validly authorized by all necessary corporate or limited liability company action by such Farmor. This Agreement has been duly executed and delivered by each Farmor (and all documents required hereunder to be executed and delivered by such Farmor at Closing will be duly executed and delivered by it) and this Agreement constitutes, and at the Closing such documents will constitute, the valid and binding obligations of such Farmor, enforceable against it in accordance with their terms except as such enforceability may be limited by applicable bankruptcy or other similar laws affecting the rights and remedies of creditors generally, as well as by general principles of equity (regardless of whether such enforceability is considered in a proceeding in equity or at Law).

Section 4.5 No Conflicts. The execution, delivery and performance of this Agreement, and the transactions contemplated by this Agreement by each Farmor will not (a) violate any provision of such Farmor's governing documents, (b) result in default (with due notice or lapse of time or both) or the creation of any lien or encumbrance or give rise to any right of termination, cancellation or acceleration under any of the terms, conditions or provisions of any note, bond, mortgage, indenture, license or agreement to which such Farmor is a party or which affect the Leasehold Rights, (c) violate any judgment, order, ruling, or decree applicable to such Farmor as a party in interest, (d) violate any Laws applicable to it or any of the Leasehold Rights, or (e) require any filing with, notification of or consent, approval or authorization of any Governmental Body except for (i) rights to consent by, required notices to, filings with, approval or authorizations of, or other actions by any Governmental Body where the same are not required prior to the assignment of the related Leasehold Right or they are customarily obtained subsequent to the sale or conveyance thereof, and (ii) any matters described in subsections (b), (c), (d) or (e) above which would not have a Material Adverse Effect.

Section 4.6 Liability for Brokers' Fees. Farmee shall not directly or indirectly have any responsibility, liability or expense, as a result of undertakings or agreements of Farmors or their

Affiliates, for brokerage fees, finder's fees, agent's commissions or other similar forms of compensation in connection with this Agreement or any agreement or transaction contemplated hereby.

Section 4.7 Litigation. Except as set forth in *Schedule 4.7*, there are no actions, suits, condemnation, audit or proceedings ("Actions") pending, or to the knowledge of any Farmor, threatened in writing, before any Governmental Body, against any Farmor or any Affiliates of a Farmor which are reasonably likely to (a) materially impair such Farmor's ability to perform its obligations under this Agreement or (b) individually or in the aggregate have a Material Adverse Effect.

Section 4.8 Compliance with Laws. Except as set forth in *Schedule 4.8*, the Leasehold Rights are, and the operation of the Leasehold Rights is, in compliance with the provisions and requirements of all Laws of all Governmental Bodies having jurisdiction with respect to the Leasehold Rights, or the ownership, operation, development, maintenance, or use of any thereof, except where the failure to so comply would not, individually or in the aggregate, have a Material Adverse Effect. Notwithstanding the foregoing, Farmors make no representation or warranty, express or implied, under this Section relating to any Environmental Liabilities or Environmental Law.

Section 4.9 Governmental Authorizations. To each Farmor's knowledge, except as set forth in *Schedule 4.9*, and except as would not, individually or in the aggregate, have a Material Adverse Effect, (a) Farmor has obtained and is maintaining all material federal, state and local governmental licenses, permits, franchises, orders, exemptions, variances, waivers, authorizations, certificates, consents, rights, privileges and applications therefor (the "Governmental Authorizations") that are presently necessary or required for the ownership and operation of the Leasehold Rights as currently owned and operated; (b) Farmor has operated the Farmor's operated Leasehold Rights in accordance with the conditions and provisions of such Governmental Authorizations, and (c) no written notices of violation have been received by Farmor, and no proceedings are pending or, to Farmor's knowledge, threatened in writing that might result in any modification, revocation, termination or suspension of any such Governmental Authorizations or which would require any corrective or remedial action by Farmor.

Section 4.10 Preference Rights. Except as set forth in *Schedule 4.10*, none of the Leasehold Rights, or any portion thereof, is subject to any Preference Right which may be applicable to the transactions contemplated by this Agreement or the Farmout Agreement or any assignment of any of the Leasehold Rights to Farmee.

Section 4.11 Leasehold Rights.

(a) Except as set forth in *Schedule 4.11A*, the Leases are valid, binding and in full force and effect against the applicable Farmor party thereto and, to each Farmor's knowledge, each other party thereto, and no material default exists in the performance of any obligation of such Farmor thereunder that would entitle the lessor to cancel or terminate any Lease and, to such Farmor's knowledge, no material default exists thereunder by any other Person a party thereto.

(b) No party to any Lease or any successor to the interest of such party has filed or, to the knowledge of Farmors, threatened to file any action to terminate, cancel, rescind or procure judicial reformation of any Lease.

(c) Except as set forth in *Schedule 4.11C*, there are no Leases that are not currently being held by production that terminate on or before December 31, 2009.

Section 4.12 Operation of the Leasehold Rights. Except as set forth in *Schedule 4.12*, with respect to the Leasehold Rights, (a) there are no existing Hydrocarbon production or pipeline imbalances, (b) there are no outstanding authorizations for expenditures or other written commitments or proposals to conduct operations, (c) no Person has any call upon, option to purchase or similar rights with

respect to the Hydrocarbons produced from such Leasehold Rights, and (d) there are no wells, equipment or other personal property included in such Leasehold Rights.

Section 4.13 Surface Restrictions. Except as set forth in *Schedule 4.13*, none of the Leasehold Rights on Leases covering greater than 320 acres are subject to any restrictions on any lessee thereunder to use the surface in connection with Hydrocarbon operations, including such operations with respect to the Target Formations, and no such Leasehold Right is burdened by any Encumbrance (other than Permitted Encumbrances) that contains any such restrictions.

Section 4.14 Payment of Royalties and Rentals. Except as set forth in *Schedule 4.14*, all rentals, royalties, excess royalties, overriding royalty interests, net profit interests, production payments and other interests burdening the production from or attributable to the Leasehold Rights have been properly and timely paid, except where the failure to do so would not, individually or in the aggregate, have a Material Adverse Effect.

Section 4.15 Material Contracts. Except as set forth in *Schedule 4.15*, none of the Leasehold Rights include, or are subject to or burdened by, (a) any contract, that can reasonably be expected to result in aggregate payments or receipts of revenue by Farmor of more than Five Hundred Thousand Dollars (\$500,000.00) during the current or any subsequent year, including, (i) any operating agreement, transportation and processing or similar contract or Hydrocarbon sales contract (in each case) that is not terminable without penalty on 30 days or less notice, or (ii) any indenture, mortgage, loan, credit or sale-leaseback or similar contract that will not be terminated at or prior to Closing, and (b) any contract with any Farmor or any Affiliate of a Farmor that will not be terminated at or prior to Closing other than this Agreement, the Farmout Agreement and the other agreements to be delivered at Closing. Farmors are not, and to Farmors' knowledge, no other Person is in default of any such contract.

Section 4.16 Taxes and Expenses.

(a) There are no material Tax liabilities of any Farmor (or any Affiliate of any Farmor) which could result in liability to Farmee as a transferee or successor, or otherwise attach to the Leasehold Rights.

(b) All costs and expenses incurred by any Farmor on or before the Closing Date in connection with the ownership of the Leasehold Rights on or before the Closing Date have been or will be paid without delinquency by Farmors except where the failure to do so would not, individually or in the aggregate, have a Material Adverse Effect.

Section 4.17 Hydrocarbon Sales. Except as set forth in *Schedule 4.17*, no Farmor is obligated by virtue of: (a) a prepayment arrangement under any contract for the sale of Hydrocarbons that contains a "take or pay" provision, (b) a production payment, or (c) any other arrangement, other than gas balancing arrangements, to deliver Hydrocarbons produced from the Leasehold Rights at some future time without then or thereafter receiving payment for the production commensurate with such Farmor's ownership in and to the Leasehold Rights.

Section 4.18 Shut-In Leases. *Schedule 4.18* sets forth those Leases that are being maintained in full force by the payment of shut-in royalties.

ARTICLE 5
REPRESENTATIONS AND WARRANTIES OF FARMEE

Farmee represents and warrants to Farmors the following:

Section 5.1 Existence and Qualification. Farmee is a corporation duly organized, validly existing and in good standing under the laws of the State of Delaware; and Farmee is, or will be at the Closing, duly qualified to do business in the respective jurisdictions where the Leasehold Rights are located.

Section 5.2 Power. Farmee has the power to enter into and perform this Agreement and consummate the transactions contemplated by this Agreement.

Section 5.3 Authorization and Enforceability. The execution, delivery and performance of this Agreement, and the performance of the transactions contemplated hereby, have been duly and validly authorized by all necessary corporate action on the part of Farmee. This Agreement has been duly executed and delivered by Farmee (and all documents required hereunder to be executed and delivered by Farmee at Closing will be duly executed and delivered by Farmee) and this Agreement constitutes, and at the Closing such documents will constitute, the valid and binding obligations of Farmee, enforceable in accordance with their terms except as such enforceability may be limited by applicable bankruptcy or other similar laws affecting the rights and remedies of creditors generally, as well as by general principles of equity (regardless of whether such enforceability is considered in a proceeding in equity or at Law).

Section 5.4 No Conflicts. The execution, delivery and performance of this Agreement, and the transactions contemplated by this Agreement by Farmee will not (a) violate any provision of Farmee's governing documents, (b) result in a default (with due notice or lapse of time or both) or the creation of any lien or encumbrance or give rise to any right of termination, cancellation or acceleration under any of the terms, conditions or provisions of any note, bond, mortgage, indenture, license or agreement to which Farmee is a party, (c) violate any judgment, order, ruling, or regulation applicable to Farmee as a party in interest, (d) violate any Law applicable to Farmee or any of its Leasehold Rights, or (e) require any filing with, notification of or consent, approval or authorization of any Governmental Body, except any matters described in subsections (b), (c), (d) or (e) above which would not have a material adverse effect on Farmee or the transactions contemplated hereby.

Section 5.5 Liability for Brokers' Fees. Farmors shall not directly or indirectly have any responsibility, liability or expense, as a result of undertakings or agreements of Farmee or its Affiliates, for brokerage fees, finder's fees, agent's commissions or other similar forms of compensation in connection with this Agreement or any agreement or transaction contemplated hereby.

Section 5.6 Litigation. There are no actions, suits or proceedings pending, or to the knowledge of Farmee's officers and directors, threatened in writing, before any Governmental Body against Farmee or any Affiliate of Farmee which are reasonably likely to impair materially Farmee's ability to perform its obligations under this Agreement.

Section 5.7 Financing. Farmee has sufficient cash, available lines of credit or other sources of available funds (in United States dollars) to enable it to pay the Closing Payment to Farmors at the Closing.

Section 5.8 Limitation. Except for the representations and warranties expressly made by Farmors in Article 4 of this Agreement and in the documents delivered by Farmors to Farmee at Closing, Farmee represents and acknowledges that (a) there are no representations or warranties, express, statutory or implied, by Farmors as to the Leasehold Rights or prospects thereof, and (b) Farmee has not relied upon any oral or written information provided by Farmors. Without limiting the generality of the foregoing, Farmee represents and acknowledges that Farmors have not made and will not make any

representation or warranty regarding any matter or circumstance relating to Environmental Laws, Environmental Liabilities, the release of materials into the environment or protection of human health, safety, natural resources or the environment or any other environmental condition of the Leasehold Rights. Farmee further represents and acknowledges (i) that it is knowledgeable of the oil and gas business and of the usual and customary practices of oil and gas producers, (ii) in making the decision to enter into this Agreement and consummate the transactions contemplated hereby, Farmee has relied solely on the basis of its own independent due diligence investigation of the Leasehold Rights and the terms and conditions of this Agreement, and (iii) except as provided in Article 4 and in the documents delivered by Farmors to Farmee at Closing, all the information and data furnished to Farmee by Farmors (its officers, employers, representatives, consultants, agents or any third party on Farmors' behalf) is furnished only as an accommodation to Farmee without any representation or warranty.

Section 5.9 SEC Disclosure. Farmee is acquiring the Leasehold Rights for its own account for use in its trade or business, and not with a view toward, or for sale associated with, any distribution thereof, nor with any present intention of making a distribution thereof within the meaning of the Securities Act of 1933, as amended and applicable state securities laws.

Section 5.10 Bankruptcy. There are no bankruptcy, reorganization or receivership proceedings pending against, being contemplated by, or threatened against Farmee.

Section 5.11 Qualification. Farmee will, by the time of the Closing, be qualified to own and assume operatorship of state oil, gas and mineral leases in any jurisdictions where the Leasehold Rights to be transferred to it so require, and the consummation of the transactions contemplated in this Agreement will not cause Farmee to be disqualified as such an owner or operator. To the extent required by the applicable state and federal Governmental Bodies, Farmee will, by the time of the Closing or as soon as practicable thereafter, have, and will thereafter continue to maintain, lease bonds, area-wide bonds or any other surety bonds as may be required by, and in accordance with, such state or federal regulations governing the ownership and operation of such leases. For purposes of this Agreement, the term "Bonds" means lease bond, area-wide bonds or surety bonds, respectively. Farmee represents and acknowledges that it is not relying on the effectiveness of Farmors' Bonds in purchasing the Leasehold Rights; and in the event any of Farmors' Bonds are not released as a result of Farmee's failure to timely secure any such Bond in connection with the operation of the Leasehold Rights.

ARTICLE 6 COVENANTS OF THE PARTIES

Section 6.1 Access.

(a) Between the date of execution of this Agreement and continuing until the Closing Date, Farmors will give Farmee and its representatives access to the Leasehold Rights and access to the records in Farmors' or their Affiliates' possession (including any seismic data), for the purpose of conducting an investigation of the Leasehold Rights, but only to the extent that Farmors may do so without violating any confidentiality or other obligations to any third party and to the extent that Farmors has authority to grant such access without breaching any restriction binding on Farmors; *provided, however*, that that Farmors shall use their commercially reasonable efforts to obtain any such waivers of such obligations and restrictions. Such access by Farmee shall be limited to Farmors' normal business hours, and any weekends and after hours requested by Farmee that can be reasonably accommodated by Farmors, and Farmee's investigation shall be conducted in a manner that minimizes interference with the operation of the Leasehold Rights.

(b) Farmee acknowledges that the permission of the operator (if other than Farmors) or another third person may be required before Farmee will be able to inspect portions of the Leasehold Rights and that such permission must be obtained prior to the inspection of such portions. Farmors shall use

reasonable efforts to obtain such permission for Farmee upon Farmee's request. All inspections pursuant to this Section 6.1 shall be at Farmee's sole risk, cost, and expense, and Farmee shall indemnify, defend, and hold Farmors, their partners and their respective officers, directors, employees, contractors, and agents harmless from and against any and all liabilities arising out of or related to any personal injury to or death of any Person or damage to property occurring to or on the Leasehold Rights as a result of Farmee's exercise of its right under this Section 6.1 other than any such liability arising out of the gross negligence or willful misconduct of any Farmor Indemnified Person. The foregoing indemnity shall continue in full force and effect notwithstanding any termination of this Agreement. Farmee agrees to comply with the rules, regulations, and instructions issued by Farmors and other operators of the Leasehold Rights regarding the actions of Farmee while upon, entering, or leaving the Leasehold Rights.

Section 6.2 Government Reviews. Farmors and Farmee shall in a timely manner (a) make all required filings, if any, with and prepare applications to and conduct negotiations with, each Governmental Body as to which such filings, applications or negotiations are necessary or appropriate in the consummation of the transactions contemplated hereby and (b) provide such information as each may reasonably request to make such filings, prepare such applications and conduct such negotiations. Each Party shall cooperate with and use all commercially reasonable efforts to assist the other with respect to such filings, applications and negotiations.

Section 6.3 Cure of Pre-Closing Breaches; Supplementing Schedules.

Until the Closing, if any of Farmee's or Farmors' representations or warranties is incomplete or untrue as of the date of execution of this Agreement or shall become incomplete or untrue in any material respect between the date of execution of this Agreement and the Closing Date, or if any of Farmee's or Farmors' covenants or agreements to be performed or observed prior to or on the Closing Date shall not have been so performed or observed in any material respect, and if such breach of representation, warranty, covenant or agreement shall (if curable) be cured by the Closing (or, if the Closing does not occur, by the date set forth in Section 9.1), then such breach shall be considered not to have occurred for all purposes of this Agreement. In connection with the foregoing, among other things, Farmors shall be entitled to cure breaches of Farmors' representations and warranties by amending or supplementing the Schedules attached hereto and delivering the same to Farmee from time to time up until five (5) days prior to the Closing Date and such amendments or supplements shall operate to cure any such breach of such representations or warranties for purposes of this Agreement, including satisfying the conditions to Closing set forth in Section 7.2(a); *provided, however*, that Farmee may assert a claim that a Defect exists by delivering written notice to Farmor (a "Defect Notice") on or before 5:00 p.m. Eastern Time on September 25, 2008 (the "Defect Claim Date") and such alleged Defect, and the cash reduction, if any, associated with such Defect, will be treated in the same manner, and subject to the same requirements and determination by the Parties, as an alleged Title Defect under Section 3.4, except that the Defect Claim Date will be used instead of the Title Claim Date. As used herein, "Defect" means a breach of a representation or warranty (including by omission of information from a Schedule) caused by or arising from an amendment or supplement to any Schedule as compared to the Schedules attached to the Original Agreement, which breach adversely affects the Allocated Value of the Leasehold Rights covered by such amendment or supplement.

Section 6.4 Post-Closing Breaches.

From and after the (a) Closing with respect to the Leasehold Interests assigned by Farmor to Farmee as of such date and (b) the Replacement Acreage Closing, with respect to any Replacement Acreage assigned by Farmor to Farmee, in the event that Farmee asserts a claim to Farmors for a breach of any representation or warranty of any Farmor hereunder then Farmee and Farmors agree to use their reasonable efforts to mutually agree upon a satisfactory solution to compensate Farmee for

any Liability incurred by it on account of the breach of such representation or warranty, including, among other things, considering such solutions as Farmors providing Replacement Acreage to Farmee or Farmors refunding to Farmee a portion of the Consideration in return for the assignment by Farmee of Leasehold Rights adversely affected by such breach. In the event that Farmee delivers a claim to Farmors for a breach of any representation or warranty of any Farmor with respect to Sections 4.8 through 4.18, then notwithstanding anything in this Agreement to the contrary, from and after (x) Closing with respect to the Leasehold Interests assigned by Farmor to Farmee as of such date and (y) the Replacement Acreage Closing, with respect to any Replacement Acreage assigned by Farmor to Farmee, Farmor and Farmee agree that if Farmors and Farmee are not otherwise able to agree on a satisfactory solution to compensate Farmee for any Liability incurred by Farmee on account of such breach and to the fullest extent that any Liability incurred by Farmee on account of the breach can be cured by substituting Replacement Acreage for the adversely affected interest, Farmee's sole and exclusive remedy for Farmors' breach of any such representations and warranties set forth in Sections 4.8 through 4.18 shall be the replacement of acreage as set forth in Section 3.4(e). In this regard, Farmors further agree that after the date hereof and (1) until the Replacement Title Closing Date, if applicable, Farmors shall not sell, lease, farmout or otherwise dispose of any Leasehold Rights set forth in *Exhibit E-2* that are located in Fayette, Washington, Westmoreland and Indiana Counties, Pennsylvania, and (2) until the end of the entire six-month period specified in Section 4.1(e), Farmors shall not sell, lease, farmout or otherwise dispose of any Leasehold Rights set forth in *Exhibit E-2* that are located in Fayette and Washington Counties, Pennsylvania.

Section 6.5 Damages.

Notwithstanding anything in this Agreement to the contrary:

(a) in no event shall Farmors' total Liability to Farmee's and Farmee's Affiliates for monetary damages, monetary compensation and indemnity coverage under this Agreement exceed Forty Million Dollars (\$40,000,000) with respect to the aggregate of any claims by Farmee for (i) breaches of representations and warranties by Farmors pertaining to Sections 4.2 through 4.7 (other than Section 4.6), (ii) breaches of covenants or agreements by Farmors, (iii) breaches of representations and warranties by Farmors pertaining to Sections 4.8 through 4.18 when the Parties mutually agree on monetary compensation, and (iv) breaches of representations and warranties in Sections 4.8 through 4.18 when the breach is asserted after Closing under Section 6.4 and the breach cannot be cured by substituting Replacement Acreage for the adversely affected interest as provided in Section 6.4; and

(b) from and after the Closing, Farmee shall have no remedy at law or in equity against any Farmors for any breach of the representations and warranties set forth in Sections 4.2 through 4.18 (other than Section 4.6) until the aggregate measure of Farmee's actual damages resulting from said breaches amounts to Five Million Dollars (\$5,000,000) (the "Deductible") excluding the value of any Defect for which Replacement Acreage is substituted as provided in Section 6.4. At no time, and under no circumstances, shall the damages constituting the Deductible be recoverable by Farmee from Farmors. For all determinations made from and after the Closing regarding the existence of a breach of any of Farmors' representations and warranties herein for the purposes of this Agreement and the amount of any damages with respect thereto, all such representations and warranties that are qualified by materiality, including a Material Adverse Effect, shall be deemed to be not so qualified.

Section 6.6 Public Announcements; Confidentiality.

(a) Neither Farmors nor Farmee shall make any press release or other public announcement regarding the existence of this Agreement, the contents hereof or the transactions contemplated hereby without the prior written consent of the other Party (which consent shall not be unreasonably withheld or delayed); *provided, however*, that the foregoing shall not restrict disclosures that are required by applicable securities or other laws or regulations or the applicable rules of any stock exchange having jurisdiction over the Parties or their respective Affiliates; and, *provided, further*, that each Party shall use

its reasonable efforts to consult with the other Party regarding the contents of such release or announcement prior to making such release or announcement.

(b) Notwithstanding anything in the preceding Section 6.6(a) to the contrary, prior to the Farmor or Farmee making a press release or other public announcement regarding the existence of this Agreement, the contents hereof or the transactions contemplated hereby, the Parties shall keep all information and data relating to this Agreement, and the transactions contemplated hereby, strictly confidential, except for disclosures to Representatives (as hereinafter defined) of the Parties); *provided, however*, that the foregoing shall not restrict disclosures that are required by applicable securities or other laws or regulations or the applicable rules of any stock exchange having jurisdiction over the Parties or their respective Affiliates; *provided, further*, that prior to making any such disclosures to Representatives, the Party disclosing such information shall obtain an undertaking of confidentiality from each such party. The term "Representatives," as used herein, shall mean (a) partners, employees, officers, directors, members, equity owners and counsel of a Party or any of its Affiliates or any prospective purchaser of a Party or an interest in a Party; (b) any consultant or agent retained by a Party or the parties listed in subsection (a) above; and (c) any bank, other financial institution or entity funding, or proposing to fund, such Party's operations in connection with the Leasehold Rights, including any consultant retained by such bank, other financial institution or entity.

Section 6.7 Further Assurances. After Closing, Farmors and Farmee each agrees to take such further actions and to execute, acknowledge and deliver all such further documents as are reasonably requested by the other Party for carrying out the purposes of this Agreement or of any document delivered pursuant to this Agreement (including the Assignment).

Section 6.8 Non-Solicitation. Prior to Closing, Farmee agrees not to solicit, or cause an Affiliate of Farmee to solicit, any of Farmors' or their respective Affiliates' employees for performance of duties for Farmee or any of its Affiliates as an employee, contractor or consultant. The foregoing prohibition on solicitation shall not include an advertisement published in a general circulation newspaper or other similar recruiting media that are not expressly designed or targeted to solicit the employees of the Farmors and also shall not apply to the situation wherein an employee of any Farmor voluntarily approaches Farmee for employment.

Section 6.9 Operations until Closing. Except as may otherwise be expressly provided herein, from the date hereof to the Closing and, with respect to any Leasehold Rights set forth on *Exhibit E-2* that might be designated as Replacement Acreage, the Replacement Acreage Closing Date (the "Pre-closing Period"), no Farmor shall do any of the following without the prior written consent of Farmee:

- (a) release all or any portion of any Leasehold Rights;
- (b) create an Encumbrance on any of the Leasehold Rights other than Permitted Encumbrances;
- (c) amend a Lease to the extent such amendment affects the Leasehold Rights;
- (d) waive, compromise, or settle any claim that would materially adversely affect ownership, operation or value of any of the Leasehold Rights;
- (e) sell, lease or otherwise dispose of any of the Leasehold Rights;
- (f) except for the wells listed in *Schedule 6.9(f)*, consent to the commencement of any operations for the drilling or completing of any new well or any other material operation within the Leasehold Rights;
- (g) waive any material right with respect to the Leasehold Rights;
- (h) grant or create any Preference Right or Transfer Requirement with respect to the Leasehold Rights;

(i) enter into any contract or agreement with respect to the Leasehold Rights (other than this Agreement, the Farmout Agreement and the documents to be delivered pursuant hereto); or

(j) Commit to do any of the foregoing.

Section 6.10 Certain Other Covenants Regarding the Leasehold Rights. Except as may otherwise be expressly provided herein, during the Pre-closing Period each Farmor shall:

(a) promptly notify Farmee of the receipt during the Pre-closing Period by any Farmor of any written notice or written claim or written threat of notice or claim which becomes known to any Farmor relating to any material default or breach under, or relating to the termination or cancellation or written threat of termination or cancellation of, any of the Leases;

(b) cause to be paid all rentals, shut-in royalties, minimum royalties and other payments and perform all other acts that are necessary to maintain in force Farmors' rights in and to the Leases in full force and effect on the Effective Date and not scheduled to expire by its own terms prior to the date set forth in Section 9.1(b), and pay timely all costs and expenses incurred by Farmors in connection with such Leases;

(c) own and operate the Leases and the Leasehold Rights in the ordinary course of business consistent with past practices;

(d) use its commercially reasonable efforts to obtain the consents and waivers of any Preference Rights applicable to the Leasehold Rights; and

(e) enter into lease(s) with respect to each of the mineral fee interests shown in *Exhibit E-1* and, with respect to any applicable Replacement Acreage, *Exhibit E-2* using the Form of Lease attached hereto as *Exhibit H* so that, at Closing, Farmors' Assignment shall pertain not only to the Leasehold Rights associated with the Leases shown in *Exhibit E* to the Original Agreement, as amended, but shall also include the Leasehold Rights associated with the newly executed leases of Farmors' derived from the mineral fee interests shown in said original exhibit.

ARTICLE 7 CONDITIONS TO CLOSING

Section 7.1 Conditions of Farmors to Closing. The obligations of Farmors to consummate the transactions contemplated by this Agreement are subject, at the option of Farmors, to the satisfaction on or prior to Closing of each of the following conditions:

(a) *Representations.* The representations and warranties of Farmee set forth in Article 5 shall be true and correct in all material respects, other than representations and warranties that are already qualified as to materiality, which shall be true and correct in all respects, as of the Closing Date as though made on and as of the Closing Date;

(b) *Performance.* Farmee shall have performed and observed, in all material respects, all covenants and agreements to be performed or observed by it under this Agreement prior to or on the Closing Date;

(c) *Pending Litigation.* No suit, action or other proceeding by a third party (including any Governmental Body) seeking to restrain, enjoin or otherwise prohibit the consummation of the transactions contemplated by this Agreement shall be pending before any Governmental Body;

(d) *Deliveries.* Farmee shall have delivered (or be ready, willing and able to deliver) to Farmors duly executed counterparts of the Farmout Agreement and the other documents and certificates to be delivered by Farmee under Section 8.3; and

(e) *Payment.* Farmee shall have paid (or be ready, willing and able to pay) the Closing Payment.

Section 7.2 Conditions of Farmee to Closing. The obligations of Farmee to consummate the transactions contemplated by this Agreement are subject, at the option of Farmee, to the satisfaction on or prior to Closing of each of the following conditions:

(a) *Representations.* The representations and warranties of Farmors set forth in Article 4 shall be true and correct in all material respects, other than representations and warranties that are already qualified as to materiality, which shall be true and correct in all respects, as of the Closing Date as though made on and as of the Closing Date (other than representations and warranties that refer to a specified date which need only be true and correct on and as of such specified date);

(b) *Performance.* Farmors shall have performed and observed, in all material respects, all covenants and agreements to be performed or observed by it under this Agreement prior to or on the Closing Date;

(c) *Pending Litigation.* No suit, action or other proceeding by a third party (including any Governmental Body) seeking to restrain, enjoin or otherwise prohibit the consummation of the transactions contemplated by this Agreement shall be pending before any Governmental Body; and

(d) *Deliveries.* Farmors shall have delivered (or be ready, willing and able to deliver) to Farmee duly executed counterparts of the Farmout Agreement and the other documents and certificates to be delivered by Farmors under Section 8.2.

ARTICLE 8 CLOSING

Section 8.1 Time and Place of Closing.

(a) Consummation of this Agreement (the "Closing"), which shall, unless otherwise agreed to in writing by Farmee and Farmors, take place at the offices of Baker Botts L.L.P. located at One Shell Plaza, 910 Louisiana Street, Houston, Texas 77002-4995 at 10:00 a.m., Central time, on or before September 30, 2008 or if all conditions in Article 7 to be satisfied prior to Closing have not yet been satisfied or waived, as soon thereafter as such conditions have been satisfied or waived, subject to the rights of the Parties under Article 9.

(b) The date on which the Closing occurs is herein referred to as the "Closing Date."

Section 8.2 Obligations of Farmors at Closing. At the Closing, upon the terms and subject to the conditions of this Agreement, Farmors shall deliver or cause to be delivered to Farmee, the following:

(a) the Farmout Agreement duly executed by Farmors;

(b) the Pipeline Precedent Agreement duly executed by Dominion Transmission, Inc. and Buyer;

(c) the Assignment executed by Farmors;

(d) a certificate, duly executed by an authorized corporate officer of Farmors, dated as of Closing, certifying on behalf of Farmors that the conditions set forth in Sections 7.2(a) and 7.2(b) have been fulfilled;

(e) one (1) original executed statement described in Treasury Regulation §1.1445-2(b)(2) for each Farmor certifying that such Farmors is not a foreign person within the meaning of the Code; and

(f) a duly executed lease entered into by a Farmor using the Form of Lease attached as *Exhibit H* pertaining to each mineral fee interest of Farmors set forth in *Exhibit E-1*.

Section 8.3 Obligations of Farmee at Closing. At the Closing, upon the terms and subject to the conditions of this Agreement, Farmee shall deliver or cause to be delivered to Farmors, the following:

- (a) one or more wire transfers, the total of which shall equal the Closing Payment, in same-day funds and payable to and in such individual amounts as Farmors direct in writing to Farmee;
- (b) the Farmout Agreement, duly executed by Farmee;
- (c) the Pipeline Precedent Agreement, duly executed by Farmee; and
- (d) a certificate, duly executed by an authorized corporate officer of Farmee, dated as of Closing, certifying on behalf of Farmee that the conditions set forth in Sections 7.1(a) and 7.1(b) have been fulfilled.

Section 8.4 Closing Payment.

(a) Not later than four (4) Business Days prior to the Closing Date, Farmors shall prepare and deliver to Farmee a settlement statement calculating the Adjusted Consideration after giving effect to the Deposit and all the Consideration adjustments provided for in this Agreement. Farmee shall have two (2) Business Days to review the settlement statement. On the day following expiration of such two (2) Business Day review period, Farmee shall submit a written report containing any changes Farmee proposes to be made to the settlement statement. Farmors and Farmee shall agree on a final settlement statement no later than one (1) Business Day prior to Closing. The agreed upon calculation delivered in accordance with this Section 8.4(a) shall constitute the dollar amount to be paid by Farmee to Farmors at the Closing (the "Closing Payment").

(b) All payments made or to be made hereunder to Farmors shall be by electronic transfer of immediately available funds to a bank(s) and account(s) specified by Farmors in writing to Farmee, and all payments made or to be made hereunder to Farmee shall be by electronic transfer of immediately available funds to a bank and account specified by Farmee in writing to Farmors.

**ARTICLE 9
TERMINATION**

Section 9.1 Termination. Unless terminated prior to Closing pursuant to other provisions provided herein, this Agreement may be terminated at any earlier time: (a) by the mutual prior written consent of Farmors and Farmee; (b) by Farmors, if Closing has not occurred on or before November 30, 2008 other than due to default by Farmors; or (c) by Farmee, if Closing has not occurred on or before November 30, 2008, other than due to default by Farmee.

Section 9.2 Effect of Termination. Upon termination of this Agreement pursuant to Section 9.1, this Agreement shall become void and of no further force or effect (except for the provisions of Sections 4.6, 5.5, 6.4, 9.2, 9.3, 11.4, 11.7, 11.8, 11.9, 11.10 and 11.13 of this Agreement, and such defined terms set forth in Appendix A required in order to give effect to such preceding sections, all of which defined terms shall continue in full force and effect) and Farmors shall be free immediately to enjoy all rights of ownership of the Leasehold Rights and to sell, transfer, encumber or otherwise dispose of the Leasehold Rights to any Person without any restriction under this Agreement. Notwithstanding anything to the contrary in this Agreement, the termination of this Agreement under Section 9.1(b) or 9.1(c) shall not relieve any Party from liability for any material default or material breach by such Party of this Agreement. In the event this Agreement terminates under Sections 9.1(b) or 9.1(c) because a Party has materially defaulted or breached this Agreement, then Farmor shall be entitled to the exclusive remedy set forth in Section 9.3 and Farmee shall be entitled to all remedies available at law or in equity and shall be entitled to recover court costs and attorneys' fees in addition to any other relief to which Farmee may be entitled; *provided, however*, that in no event shall Farmors'

liability to Farmee and Farmee's Affiliates exceed Forty Million Dollars (\$40,000,000) in connection with any such termination.

Section 9.3 Distribution of Deposit Upon Termination.

(a) If Farmors are not in material default or material breach of this Agreement and Farmors terminate this Agreement as the result of any material default or material breach by Farmee of Farmee's obligations hereunder, then as Farmors' exclusive remedy for Farmee's material default or material breach Farmors may retain the Deposit as full liquidated damages, free of any claims by Farmee or any other Person with respect thereto. In this regard, it is expressly stipulated and acknowledged by the Parties that the actual amount of damages resulting from such a termination would be difficult if not impossible to determine accurately because of the unique nature of this Agreement, the unique nature of the Leasehold Rights, the uncertainties of applicable commodity markets and differences of opinion with respect to such matters, and that the liquidated damages provided for herein are a reasonable estimate by the Parties of such damages.

(b) If this Agreement is terminated for any reason other than the reasons set forth in Section 9.3(a), then Farmors shall deliver the Deposit to Farmee, free of any claims by Farmors or any other Person with respect thereto within three (3) days of the termination of this Agreement.

**ARTICLE 10
INDEMNIFICATION, DISCLAIMERS AND WAIVERS**

Section 10.1 Indemnification.

Effective as of the Closing, Farmors hereby indemnify, save and hold harmless Farmee, its Affiliates and each of their respective present and future directors, officers, managers, equity owners, partners, employees, representatives, attorneys consultants and agents, from and against any Liability arising from or associated with any Farmors' or their Affiliates' (a) ownership, operation, or use of the Leases associated with Leasehold Rights conveyed at Closing or later substituted as Replacement Acreage arising on or prior to the Closing Date or the date such Replacement Acreage is substituted, as applicable and (b) ownership, operation, or use of the Leases associated with Leasehold Rights conveyed by Farmee to any Farmors pursuant to a Reconveyance at a Replacement Acreage Closing arising from or after the applicable Replacement Title Closing Date, including (in each case) any Environmental Liabilities associated therewith, the release of materials into the environment or the protection of human health, safety, natural resources or the environment, or any other environmental condition of such Leases.

Section 10.2 Indemnification Actions. All claims for indemnification under Section 10.1 shall be asserted and resolved as follows:

(a) For purposes of this Article 10, the term "Indemnifying Party" shall mean the party or parties having an obligation to indemnify another party or parties pursuant to the terms of this Agreement. The term "Indemnified Party" shall mean the Party or Parties having the right to be indemnified by another Party or Parties pursuant to the terms of this Agreement.

(b) To make a claim for indemnification ("Indemnity Claim") under Section 10.1, and/or any other Article (or part thereof) expressly stating that it controls over the terms of this Article 10, an Indemnified Party shall notify the Indemnifying Party in writing of its Indemnity Claim, including the specific details of and specific basis under this Agreement for its Indemnity Claim (the "Indemnity Claim Notice"). The Indemnified Party shall provide its Indemnity Claim Notice promptly after the Indemnified Party has actual knowledge of the Liability for which it seeks indemnification and shall enclose a copy of all papers (if any) served with respect to the Liability; provided that the failure of any Indemnified Party to give such notice of a Liability as provided in this Section 10.2 shall not relieve the Indemnifying Party of its obligations under Section 10.1 except to the extent that the delay in giving

such notice prejudices the Indemnifying Party's ability to defend against the Liability and then only to the extent of the incremental increases in damages as a result of such delay. In the event that the Indemnity Claim is based upon an inaccuracy or breach of a representation, warranty, covenant or agreement, the Indemnity Claim Notice shall specify the representation, warranty, covenant or agreement which was inaccurate or breached.

(c) The Indemnifying Party shall have thirty (30) days from its receipt of the Indemnity Claim Notice to notify the Indemnified Party whether it admits or denies its liability to defend the Indemnified Party against the relevant Liability at the sole cost and expense of the Indemnifying Party. The Indemnified Party is authorized, prior to and during such 30-day period, to file any motion, answer or other pleading that it shall deem necessary or appropriate to protect its interests or those of the Indemnifying Party and that is not prejudicial to the Indemnifying Party.

(d) If the Indemnifying Party admits its liability to indemnify the Indemnified Party, it shall have the right and obligation to diligently defend, at its sole cost and expense, the Liability. The Indemnifying Party shall have full control of such defense and proceedings, including any compromise or settlement thereof. If requested by the Indemnifying Party, the Indemnified Party agrees to cooperate in contesting any Liability which the Indemnifying Party elects to contest. The Indemnified Party may (at its sole cost and expense) participate in, but not control, any defense or settlement of any Liability controlled by the Indemnifying Party pursuant to this Section 10.2(d). An Indemnifying Party shall not, without the written consent of the Indemnified Party, (i) settle any Liability or consent to the entry of any judgment with respect thereto which does not include an unconditional written release of the Indemnified Party from all liability in respect of such Liability, or (ii) settle any Liability or consent to the entry of any judgment with respect thereto in any manner that may materially adversely affect the Indemnified Party (other than as a result of money damages covered by the indemnity for which the Indemnifying Party is responsible and pays).

(e) If the Indemnifying Party does not admit its liability to indemnify the Indemnified Party or admits its liability but fails to diligently prosecute or settle the Liability, then the Indemnified Party shall have the right to defend against the Liability at the sole cost and expense of the Indemnifying Party, with counsel of the Indemnified Party's choosing, subject to the right of the Indemnifying Party to admit its liability and assume and diligently defend the Indemnified Party with respect to the Liability at any time prior to settlement or final determination thereof. If the Indemnifying Party has not yet admitted its liability for a Liability, the Indemnified Party shall send written notice to the Indemnifying Party of any proposed settlement and the Indemnifying Party shall have the option for ten (10) Business Days following receipt of such notice to (i) admit in writing its liability to indemnify the Indemnified Party from and against the Liability and consent to such settlement, (ii) if liability is so admitted, reject, in its reasonable judgment, the proposed settlement and (iii) deny liability. Any failure to respond to such notice by the Indemnifying Party shall be deemed to be an election under subsection (i) above.

Section 10.3 Disclaimers.

(a) EXCEPT AS AND TO THE EXTENT EXPRESSLY SET FORTH IN ARTICLE 4 OF THIS AGREEMENT, OR CONFIRMED IN THE CERTIFICATE OF FARMORS TO BE DELIVERED PURSUANT TO SECTION 8.2(d), AND EXCEPT FOR THE SPECIAL WARRANTY OF TITLE SET FORTH IN THE ASSIGNMENT, (I) FARMORS MAKE NO REPRESENTATIONS OR WARRANTIES, EXPRESS, STATUTORY OR IMPLIED, AND (II) FARMORS EXPRESSLY DISCLAIM ALL LIABILITY AND RESPONSIBILITY FOR ANY REPRESENTATION, WARRANTY, STATEMENT OR INFORMATION MADE OR COMMUNICATED (ORALLY OR IN WRITING) TO FARMEE OR ANY OF ITS AFFILIATES, EMPLOYEES, AGENTS, CONSULTANTS OR REPRESENTATIVES (INCLUDING ANY OPINION, INFORMATION, PROJECTION OR ADVICE THAT MAY HAVE

BEEN PROVIDED TO FARMEE BY ANY OFFICER, DIRECTOR, EMPLOYEE, AGENT, CONSULTANT, REPRESENTATIVE OR ADVISOR OF FARMORS OR ANY OF ITS AFFILIATES).

(b) EXCEPT AS EXPRESSLY REPRESENTED OTHERWISE IN ARTICLE 4 OF THIS AGREEMENT, OR CONFIRMED IN THE CERTIFICATE OF FARMORS TO BE DELIVERED PURSUANT TO SECTION 8.2(d) AND THE SPECIAL WARRANTY OF TITLE IN THE ASSIGNMENT AND WITHOUT LIMITING THE GENERALITY OF THE FOREGOING, FARMORS EXPRESSLY DISCLAIM ANY REPRESENTATION OR WARRANTY, EXPRESS, STATUTORY OR IMPLIED, AS TO (I) TITLE TO ANY OF THE LEASEHOLD RIGHTS, (II) THE CONTENTS, CHARACTER OR NATURE OF ANY DESCRIPTIVE MEMORANDUM, OR ANY REPORT OF ANY PETROLEUM ENGINEERING CONSULTANT, OR ANY GEOLOGICAL OR SEISMIC DATA OR INTERPRETATION, RELATING TO THE LEASEHOLD RIGHTS, (III) THE QUANTITY, QUALITY OR RECOVERABILITY OF HYDROCARBONS IN OR FROM THE LEASEHOLD RIGHTS, (IV) ANY ESTIMATES OF THE VALUE OF THE LEASEHOLD RIGHTS OR FUTURE REVENUES GENERATED BY THE LEASEHOLD RIGHTS, (V) THE PRODUCTION OF HYDROCARBONS FROM THE LEASEHOLD RIGHTS, (VI) THE MAINTENANCE, REPAIR, CONDITION, QUALITY, SUITABILITY, DESIGN OR MARKETABILITY OF THE LEASEHOLD RIGHTS, (VII) THE CONTENT, CHARACTER OR NATURE OF ANY DESCRIPTIVE MEMORANDUM, REPORTS, BROCHURES, CHARTS OR STATEMENTS PREPARED BY THIRD PARTIES, (VIII) ANY OTHER MATERIALS OR INFORMATION THAT MAY HAVE BEEN MADE AVAILABLE OR COMMUNICATED TO FARMEE OR ITS AFFILIATES, OR ITS OR THEIR EMPLOYEES, AGENTS, CONSULTANTS, REPRESENTATIVES OR ADVISORS IN CONNECTION WITH THE TRANSACTIONS CONTEMPLATED BY THIS AGREEMENT OR ANY DISCUSSION OR PRESENTATION RELATING THERETO, AND FURTHER DISCLAIM ANY REPRESENTATION OR WARRANTY, EXPRESS, STATUTORY OR IMPLIED, OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE OR CONFORMITY TO MODELS OR SAMPLES OF MATERIALS OF ANY EQUIPMENT, IT BEING EXPRESSLY UNDERSTOOD AND AGREED BY THE PARTIES HERETO THAT FARMEE SHALL BE DEEMED TO BE OBTAINING THE LEASEHOLD RIGHTS SET FORTH IN *EXHIBIT E-1* AND ANY REPLACEMENT ACREAGE IN THEIR PRESENT STATUS, CONDITION AND STATE OF REPAIR, "AS IS" AND "WHERE IS" WITH ALL FAULTS AND THAT FARMEE HAS MADE OR CAUSED TO BE MADE SUCH INSPECTIONS AS FARMEE DEEMS APPROPRIATE, OR (IX) ANY IMPLIED OR EXPRESS WARRANTY OF FREEDOM FROM PATENT OR TRADEMARK INFRINGEMENT.

(c) SUBJECT TO THE INDEMNIFICATION PROVIDED FOR IN SECTION 10.1, FARMORS HAVE NOT AND WILL NOT MAKE ANY REPRESENTATION OR WARRANTY REGARDING ANY MATTER OR CIRCUMSTANCE RELATING TO ENVIRONMENTAL LAWS, ENVIRONMENTAL LIABILITIES, THE RELEASE OF MATERIALS INTO THE ENVIRONMENT OR THE PROTECTION OF HUMAN HEALTH, SAFETY, NATURAL RESOURCES OR THE ENVIRONMENT, OR ANY OTHER ENVIRONMENTAL CONDITION OF THE LEASEHOLD RIGHTS, AND NOTHING IN THIS AGREEMENT OR OTHERWISE SHALL BE CONSTRUED AS SUCH A REPRESENTATION OR WARRANTY, AND FARMEE SHALL BE DEEMED TO BE TAKING THE LEASEHOLD RIGHTS SET FORTH IN *EXHIBIT E-1* AND ANY REPLACEMENT ACREAGE "AS IS" AND "WHERE IS" FOR PURPOSES OF THEIR ENVIRONMENTAL CONDITION.

ARTICLE 11 MISCELLANEOUS

Section 11.1 Counterparts. This Agreement may be executed in counterparts, each of which shall be deemed an original instrument, but all such counterparts together shall constitute but one agreement.

Section 11.2 Notice. All notices which are required or may be given pursuant to this Agreement shall be sufficient in all respects if given in writing and delivered personally, by telecopy or by registered or certified mail, postage prepaid, as follows:

If to Farmee: Antero Resources Appalachian Corporation
1625 17th Street
Denver, CO 80202
Attn: Vice President, Land
Telephone: 303.357.7310
Telecopy: 303.357.7316

If to Farmers: Dominion Exploration & Production, Inc.
One Dominion Drive
P.O. Box 1248
Jane Lew, WV 26378
Attn: General Manager Land
Telephone: 304.884.2016
Telecopy: 304.884.2094

With a copy to: Baker Botts L.L.P.
910 Louisiana Street
Houston, Texas 77002-4995
Attn: Hugh Tucker
Telephone: 713.229.1656
Telecopy: 713.229.2856

Either Party may change its address for notice purposes by giving notice to the other Party in the manner set forth above. All notices shall be deemed to have been duly given at the time of receipt by the Party to which such notice is addressed, if received during normal business hours, or on the next Business Day, if received outside of normal business hours.

Section 11.3 Expenses. All expenses incurred by Farmers in connection with or related to the authorization, preparation or execution of this Agreement, the Farmout Agreement and the Appendices and Exhibits hereto and thereto, and all other matters related to the Closing, including all fees and expenses of counsel, accountants and financial advisers employed by Farmers, shall be borne solely and entirely by Farmers, and all such expenses incurred by Farmee shall be borne solely and entirely by Farmee.

Section 11.4 Governing Law and Venue. THIS AGREEMENT AND THE LEGAL RELATIONS BETWEEN THE PARTIES SHALL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE LAWS OF THE STATE OF TEXAS WITHOUT REGARD TO PRINCIPLES OF CONFLICTS OF LAWS OTHERWISE APPLICABLE TO SUCH DETERMINATIONS. JURISDICTION AND VENUE WITH RESPECT TO ANY DISPUTES ARISING HEREUNDER SHALL BE PROPER ONLY IN HARRIS COUNTY, TEXAS.

Section 11.5 Captions. The captions in this Agreement are for convenience only and shall not be considered a part of or affect the construction or interpretation of any provision of this Agreement.

Section 11.6 Waivers. Any failure by any Party or Parties to comply with any of its or their obligations, agreements or conditions herein contained may be waived in writing, but not in any other manner, by the Party or Parties to whom such compliance is owed. No waiver of, or consent to a change in, any of the provisions of this Agreement shall be deemed or shall constitute a waiver of, or

consent to a change in, other provisions hereof (whether or not similar), nor shall such waiver constitute a continuing waiver unless otherwise expressly provided.

Section 11.7 Assignment. No Party shall assign all or any part of this Agreement, nor, except as provided in Section 6.10(e), shall any Party assign or delegate any of its rights or duties hereunder, without the prior written consent of the other Party, such consent to be withheld for any reason, and any assignment or delegation made without such consent shall be void. Notwithstanding the preceding, Farmee may assign this Agreement prior to the Closing to any Affiliate without the prior written consent of Farmors; *provided, however*, that Farmee shall remain liable for the obligations of its assignee.

Section 11.8 Entire Agreement. The Farmout Agreement, this Agreement and the Appendices and Exhibits attached hereto, and the documents to be executed hereunder constitute the entire agreement between the Parties pertaining to the subject matter hereof, and supersede all prior agreements, understandings, negotiations and discussions, whether oral or written, of the Parties pertaining to the subject matter hereof.

Section 11.9 Amendment.

(a) Except as provided in Section 6.3, this Agreement may be amended or modified only by an agreement in writing executed by both Parties.

(b) No waiver of any right under this Agreement shall be binding unless executed in writing by the Party to be bound thereby.

Section 11.10 No Third-Party Beneficiaries. Nothing in this Agreement shall entitle any Person other than Farmee and Farmors to any Claims, remedy or right of any kind.

Section 11.11 References. In this Agreement:

(a) References to any gender includes a reference to all other genders;

(b) References to the singular includes the plural, and vice versa;

(c) Reference to any Article or Section means an Article or Section of this Agreement;

(d) Reference to any Appendix or Exhibit means an Appendix or Exhibit to this Agreement, all of which are incorporated into and made a part of this Agreement;

(e) Unless expressly provided to the contrary, "hereunder", "hereof", "herein" and words of similar import are references to this Agreement as a whole and not any particular Section or other provision of this Agreement; and

(f) "Include" and "including" shall mean include or including without limiting the generality of the description preceding such term.

Section 11.12 Construction. Farmee is a Party capable of making such investigation, inspection, review and evaluation of the Leasehold Rights as a prudent Farmee would deem appropriate under the circumstances including with respect to all matters relating to the Leasehold Rights, their value, operation and suitability. Each of Farmors and Farmee has had substantial input into the drafting and preparation of this Agreement and has had the opportunity to exercise business discretion in relation to the negotiation of the details of the transactions contemplated hereby. This Agreement is the result of arm's-length negotiations from equal bargaining positions. In the event of a dispute over the meaning or application of this Agreement, it shall be construed fairly and reasonably and neither more strongly for nor against either Party.

Section 11.13 *Limitation on Damages.* Notwithstanding any other provision contained elsewhere in this Agreement to the contrary, the Parties acknowledge that this Agreement does not authorize one Party to sue for or collect from the other Party its own punitive damages, or its own consequential or indirect damages in connection with this Agreement and the transactions contemplated hereby and each Party expressly waives for itself and on behalf of its Affiliates, any and all claims it may have against the other Party for its own such damages in connection with this Agreement and the transactions contemplated hereby.

Section 11.14 *Conspicuousness.* The Parties agree that provisions in this Agreement in "bold" type satisfy any requirements of the "express negligence rule" and any other requirements at law or in equity that provisions be conspicuously marked or highlighted.

Section 11.15 *Severability.* If any term or other provisions of this Agreement is held invalid, illegal or incapable of being enforced under any rule of law, all other conditions and provisions of this Agreement shall nevertheless remain in full force and effect so long as the economic or legal substance of the transactions contemplated hereby is not affected in a materially adverse manner with respect to either Party.

Section 11.16 *Time of Essence.* Time is of the essence in this Agreement. If the date specified in this Agreement for giving any notice or taking any action is not a Business Day (or if the period during which any notice is required to be given or any action taken expires on a date which is not a Business Day), then the date for giving such notice or taking such action (and the expiration date of such period during which notice is required to be given or action taken) shall be the next day which is a Business Day.

Section 11.17 *Conflicts.* In the event that any provision within this Agreement conflicts with any provision in the Farmout Agreement, the terms provided in the Farmout Agreement shall control.

Section 11.18 *Delivery and Maintenance of Records.* Farmors, at Farmee's sole cost and expense, shall have a reasonable amount of time after the Closing to deliver to Farmee copies of the land records, contracts and such other documents as may be reasonably required and requested in writing by Farmee.

Section 11.19 *Amended and Restated Agreement.* This Agreement amends and restates the Original Agreement, as previously amended by the First Amendment, and replaces the Original Agreement, as previously amended by the First Amendment, in its entirety.

APPENDIX A
DEFINITIONS

"Actions" means has the meaning set forth in Section 4.7.

"Additional Deposit" has the meaning set forth in Section 2.2.

"Affiliates" with respect to any Person, means any Person that directly or indirectly controls, is controlled by or is under common control with such Person. "Control" means ownership of fifty percent (50%) or more of the voting interest (stock or otherwise) of such Person.

"Agreement" means this Amended and Restated Farmout Acquisition Agreement.

"Allocated Value" has the meaning set forth in Section 3.4(b).

"Assignment" means the Partial Assignment of Oil and Gas Leases in the form attached hereto as *Exhibit G*.

"Bonds" has the meaning given such term in Section 5.11.

"Business Day" means each calendar day except Saturdays, Sundays, and Federal holidays.

"Casualty Loss" has the meaning set forth in Section 3.5(a).

"Closing" has the meaning set forth in Section 8.1(a).

"Closing Date" has the meaning set forth in Section 8.1(b).

"Closing Payment" has the meaning set forth in Section 8.4(a).

"Code" means the Internal Revenue Code of 1986, as amended, together with all regulations promulgated thereunder.

"Consideration" has the meaning set forth in Section 2.1.

"Cure Period" has the meaning set forth in Section 3.4(c).

"Deductible" has the meaning set forth in Section 6.5(b).

"Defect" has the meaning set forth in Section 6.3(a).

"Defect Acreage" has the meaning set forth in Section 3.4(e).

"Defect Claim Date" has the meaning set forth in Section 6.3(a).

"Defect Notice" has the meaning set forth in Section 6.3(a).

"Defensible Title" has the meaning set forth in Section 3.2.

"Deposit" has the meaning set forth in Section 2.2.

"Designated Area" means Westmoreland County, Pennsylvania, Fayette County, Pennsylvania, Greene County, Pennsylvania, Harrison County, West Virginia, and Monongalia County, West Virginia, and Doddridge County, West Virginia.

"Encumbrance" means any charge, claim, community or other marital property interest, condition, equitable interest, lien, option, pledge, security interest, mortgage, right of way, easement, encroachment, servitude, right of first option, right of first refusal or similar restriction, including any restriction on use, voting (in the case of any security or equity interest), transfer, receipt of income or exercise of any other attribute of ownership.

"Environmental Laws" means, as the same may have been amended, the Comprehensive Environmental Response, Compensation and Liability Act, 42 U.S.C. § 9601 *et seq.*; the Resource Conservation and Recovery Act, 42 U.S.C. § 6901 *et seq.*; the Federal Water Pollution Control Act, 33 U.S.C. § 1251 *et seq.*; the Clean Air Act, 42 U.S.C. § 7401 *et seq.*, the Hazardous Materials Transportation Act, 49 U.S.C. § 1471 *et seq.*; the Toxic Substances Control Act, 15 U.S.C. §§ 2601

through 2629; the Oil Pollution Act, 33 U.S.C. § 2701 *et seq.*; the Emergency Planning and Community Right-to-Know Act, 42 U.S.C. § 11001 *et seq.*; the Safe Drinking Water Act, 42 U.S.C. §§ 300f through 300j; the Federal Insecticide, Fungicide and Rodenticide Act, 7 U.S.C. § 136 *et seq.*; the Occupational Safety and Health Act, 29 U.S.C. § 651 *et seq.*; the Atomic Energy Act, 42 U.S.C. § 2011 *et seq.*; and all applicable related Law, whether local, state, territorial, or national, of any Governmental Body having jurisdiction over the property in question addressing pollution or protection of human health, safety, natural resources or the environment and all regulations implementing the foregoing.

"Environmental Liabilities" means any and all environmental response costs (including costs of remediation), damages, natural resource damages, settlements, consulting fees, expenses, penalties, fines, orphan share, prejudgment and post-judgment interest, court costs, attorneys' fees, and other liabilities incurred or imposed (a) pursuant to any order, notice of responsibility, directive (including requirements embodied in Environmental Laws), injunction, judgment or similar act (including settlements) by any Governmental Body or court of competent jurisdiction to the extent arising out of any violation of, or remedial obligation under, any Environmental Laws which are attributable to the ownership or operation of the Leasehold Rights prior to the Closing Date or, with respect to any Replacement Acreage, prior to the conveyance by Farmers to Farmee of such Replacement Acreage or (b) pursuant to any claim or cause of action by a Governmental Body or other Person for personal injury, property damage, damage to natural resources, remediation or response costs to the extent arising out of any violation of, or any remediation obligation under, any Environmental Laws which is attributable to the ownership or operation of the Leasehold Rights prior to the Closing Date or, with respect to any Replacement Acreage, prior to the conveyance by Farmers to Farmee of such Replacement Acreage.

"Excluded Assets" means those well bores described in *Exhibit F* and, subject to the Assignment, Farmers' rights as lessor and lessee under the leases executed in accordance with Section 6.10(e).

"Farmee" means Antero Resources Appalachian Corporation.

"Farmors" means Dominion Exploration & Production, Inc., Dominion Transmission, Inc., and Dominion Appalachian Development, LLC, collectively, and "Farmor" means each individually.

"Farmout Agreement" means the Farmout Agreement in the form attached to this Agreement as *Exhibit A*.

"First Amendment" has the meaning set forth in the Recitals.

"Governmental Authorizations" has the meaning set forth in Section 4.9.

"Governmental Body" or "Governmental Bodies" means any federal, state, local, municipal, or other governments; any governmental, regulatory or administrative agency, commission, body or other authority exercising or entitled to exercise any administrative, executive, judicial, legislative, police, regulatory or taxing authority or power; and any court or governmental tribunal.

"Hydrocarbons" means oil, gas, condensate and other gaseous and liquid hydrocarbons or any combination thereof and sulphur extracted from hydrocarbons.

"Indemnified Party" has the meaning set forth in Section 10.2(a).

"Indemnifying Party" has the meaning set forth in Section 10.2(a).

"Indemnity Claim" has the meaning set forth in Section 10.2(b).

"Indemnity Claim Notice" has the meaning set forth in Section 10.2(b).

"Initial Deposit" has the meaning set forth in Section 2.2.

"Initial Net Mineral Acres" has the meaning set forth in Section 2.1.

"Laws" means all statutes, laws, rules, regulations, ordinances, decree, orders, writ injunction and codes of Governmental Bodies.

"Leasehold Rights" means collectively, (a) all of the oil, gas or other Hydrocarbon leases set forth in *Exhibits E-1* and *Exhibit E-2* and each lease to be entered into by Farmors in connection with the mineral or fee interests set forth on *Exhibits E-1* and *Exhibit E-2* attached hereto (excluding any of such leases, mineral or fee interests that do not become substituted as Replacement Acreage hereunder, the "Leases") insofar and only insofar as such Leases cover depths and formations from the top of the Rhinestreet formation (as seen by the Bear Rocks #1 well, API number 37-051-22785 at a depth of 4805') to five hundred feet (500') below the top of the Helderberg formation (with the top of the Helderberg Formation as seen by the Bear Rocks #1 well, API number 37-051-22785 at a depth of 7577') (such depths and formations, the "Target Formations"), (b) all rights granted under such Leases to the extent relating to, or necessary in connection with, the ownership and operation of the Target Formations, including, without limitation, non-exclusive access rights and rights to install pipe and (c) any other rights, properties or interests relating to, or necessary in connection with, the ownership and operation of the Target Formations but specifically excluding the Excluded Assets.

"Leases" has the meaning set forth in the definition of Leasehold Rights.

"Liability" means any and all claims, causes of actions, payments, charges, judgments, assessments, liabilities, losses, damages, penalties, fines or costs and expenses, including any attorneys' fees, legal or other expenses incurred in connection therewith and including liabilities, costs, losses and damages for personal injury or death or property damage matured or unmatured, absolute or contingent, accrued or unaccrued, liquidated or unliquidated, known or unknown, including any of the foregoing arising under, out of or in connection with any Action, any order or consent decree of any Governmental Body, any award of any arbitrator, any Law, or any contract, commitment or undertaking.

"Material Adverse Effect" means any effect that is reasonably expected to have an adverse effect on the ownership or operation of the Leasehold Rights, *provided, however*, that "Material Adverse Effect" shall not include (a) any effect resulting from entering into this Agreement or the announcement of the transactions contemplated by this Agreement; (b) any effect resulting from changes in general market, economic, financial or political conditions or any outbreak of hostilities or war, (c) any effect that affects the Hydrocarbon exploration, production, development, processing, gathering and/or transportation industry generally (including changes in commodity prices or general market prices in the Hydrocarbon exploration, production, development, processing, gathering and/or transportation industry generally), and (d) any effect resulting from a change in Laws or regulatory policies.

"Net Mineral Acre" means a Net Mineral Acre that results when the sum of the fractional ownership working interests in any mineral acres in which any working interest is owned equals one. For purposes of this Agreement the total number of Net Mineral Acres is the sum of the fractional working interests in all mineral acres in which any working interest is owned expressed as whole numbers and decimals.

"Net Revenue Interest" has the meaning set forth in Section 3.2(a).

"Original Agreement" has the meaning set forth in the Recitals.

"Permitted Encumbrances" has the meaning set forth in Section 3.3.

"Person" means any individual, firm, corporation, partnership, limited liability company, joint venture, association, trust, unincorporated organization, Governmental Body or any other entity.

"Pipeline Precedent Agreement" means a Precedent Agreement for Firm Transportation Services Marcellus Shale Project substantially in the form attached hereto as *Exhibit D*, *provided, however*, that certain of the specific terms and conditions remain to be negotiated between Farmee and Dominion Transmission, Inc.

"Pre-closing Period" has the meaning set forth in Section 6.9.

"Preference Right" means any right or agreement that enables any Person to purchase or acquire any Lease or Leasehold Right or any interest therein or portion thereof as a result of or in connection

with (a) the sale, assignment or other transfer of any Leasehold Right or any interest therein or portion thereof or (b) the execution or delivery of this Agreement or the Assignment or the consummation or performance of the terms and conditions contemplated by this Agreement or the Assignment.

"Reconveyance" means the form of reconveyance attached hereto as *Exhibit C*.

"Replacement Acreage" has the meaning set forth in Section 3.4(d).

"Replacement Acreage Closing" has the meaning set forth in Section 3.4(e)

"Replacement Acreage Closing Date" has the meaning set forth in Section 3.4(e).

"Replacement Title Claim Date" has the meaning set forth in Section 3.4(b).

"Representatives" has the meaning set forth in Section 6.6(b).

"Target Formations" means that meaning ascribed to it in the Farmout Agreement.

"Taxes" means all federal, state, local, and foreign income, profits, franchise, sales, use, ad valorem, property, severance, production, excise, stamp, documentary, real property transfer or gain, gross receipts, goods and services, registration, capital, transfer, or withholding taxes or other governmental fees or charges imposed by any taxing authority, including any interest, penalties or additional amounts which may be imposed with respect thereto.

"Title Arbitrator" has the meaning set forth in Section 3.4(h).

"Title Claim Date" has the meaning set forth in Section 3.4(b).

"Title Closing Date" has the meaning set forth in Section 3.4(c).

"Title Defect" has the meaning set forth in Section 3.2.

"Title Defect Amount" has the meaning set forth in Section 3.4(g).

"Title Defect Notice" has the meaning set forth in Section 3.4(b).

"Title Defect Property" has the meaning set forth in Section 3.4(b).

"Transfer Requirement" means any consent, approval, authorization or permit of, or filing with or notification to, any Person which is required to be obtained, made or complied with for or in connection with any sale, assignment or transfer of any Lease or Leasehold Right or any interest therein, other than any consent of, notice to, filing with, or other action by Governmental Bodies in connection with the sale or conveyance of oil and/or gas leases or interests therein, if they are not required prior to the assignment of such oil and/or gas leases, or interests or they are customarily obtained subsequent to the sale or conveyance (including consents from state agencies).

[AMENDED AND RESTATED FARMOUT ACQUISITION AGREEMENT BETWEEN DOMINION EXPLORATION & PRODUCTION, INC., DOMINION TRANSMISSION INC., and DOMINION APPALACHIAN DEVELOPMENT, LLC, AS FARMORS, AND ANTERO RESOURCES APPALACHIAN CORPORATION, AS FARMEE](#)
[APPENDIX A DEFINITIONS](#)

FARMOUT AGREEMENT

This Farmout Agreement (this "Agreement") is made and entered into this 29th day of September, 2008, but effective as of September 30, 2008 (the "Effective Date"), by and among Dominion Exploration & Production, Inc. ("DEPI"), Dominion Appalachian Development, LLC and Dominion Transmission, Inc., (all of such entities collectively, "Farmor") and Antero Resources Appalachian Corporation ("Farmee"). Farmor and Farmee are collectively referred to herein as the "Parties" and each of Farmor and Farmee are sometimes referred to herein individually as a "Party".

WHEREAS, the Parties entered into that certain Amended and Restated Farmout Acquisition Agreement dated September 23, 2008 (the "Acquisition Agreement"), whereby in return for the execution and delivery of this Agreement and the payment of the amounts set forth in the Acquisition Agreement, Farmor agreed to convey to Farmee all of Farmor's right, title and interest in and to certain leases covering lands in Allegheny, Armstrong, Beaver, Butler, Fayette, Greene, Indiana, Washington and Westmoreland Counties in Pennsylvania and Doddridge, Harrison, Marion, Marshall, Monongalia and Wetzel Counties in West Virginia (such leases, as more particularly described in the Assignment, as hereinafter defined, the "Leases"), insofar and only insofar as such Leases cover depths and formations from the top of the Rhinestreet formation (as seen by the Bear Rocks #1 well, API number 37-051-22785, at a depth of 4805') to five hundred feet (500') below the top of the Helderberg formation (with the top of the Helderberg formation as seen by the Bear Rocks #1 well, API number 37-051-22785, at a depth of 7577') (such depths and formations, the "Target Formations");

WHEREAS, pursuant to the Acquisition Agreement and by that certain Partial Assignment of Oil and Gas Leases of even date herewith between Farmor and Farmee (the "Assignment"), Farmor has conveyed to Farmee its interests in the Leases as limited to the Target Formations (as more particularly described in the Assignment, the "Leasehold Rights");

WHEREAS, pursuant to the Assignment, Farmor retained all rights under the Leases except for the Leasehold Rights (as more particularly described in the Assignment, the "Retained Rights"); and

WHEREAS, as part of the consideration for such Assignment and the Leasehold Rights acquired by Farmee thereunder, Farmee has agreed to certain drilling and other obligations set forth in this Agreement.

NOW, THEREFORE, for and in consideration of the Assignment, the mutual covenants of the Parties and other good and valuable consideration, the Parties hereby agree as follows:

1. DRILLING COMMITMENT:

(a) Farmee shall be required to drill (or participate, including by way of farmout, in the drilling by third parties) to the Target Formations on the Leases or lands pooled or unitized therewith (collectively, the "Contract Area") the following minimum number of wells (the "Obligation Wells" and

each such well, an "Obligation Well") as of the time periods indicated (each such time period, a "Calendar Period")

<u>Annual Wells</u>	<u>Cumulative Obligation Wells</u>
Effective Date through December 31, 2009: eight (8) wells;	8
January 1, 2010 through December 31, 2010: sixteen (16) wells;	24
January 1, 2011 through December 31, 2011: twenty-four (24) wells;	48
January 1, 2012 through December 31, 2012: twenty-four (24) wells;	72
January 1, 2013 through December 31, 2013: twenty-four (24) wells;	96
January 1, 2014 through December 31, 2014: twenty-four (24) wells;	120
January 1, 2015 through December 31, 2015: twenty-four (24) wells;	144
January 1, 2016 through December 31, 2016: twenty-four (24) wells;	168
January 1, 2017 through December 31, 2017: eleven (11) wells;	179

(b) Notwithstanding anything to the contrary herein, in the event that Farmee drills (or participates, including by way of farmout, in the drilling by third parties) any number of Obligation Wells within the Contract Area that are in excess of the required minimum Obligation Wells in any Calendar Period under Section 1(a) hereof, then those number of Obligation Wells in excess of such required minimum Obligation Wells for such Calendar Period shall be credited to Farmee's drilling obligations in subsequent Calendar Periods on a cumulative basis. By way of example only, if during the Calendar Period of 2009, Farmee drills (or participates, including by way of farmout, in the drilling by third parties) 28 Obligation Wells, then Farmee shall be deemed to have satisfied its drilling obligations for the Calendar Periods of 2009 and 2010 and it shall be credited with drilling 4 of the Obligation Wells required to be drilled in the Calendar Period of 2011.

(c) It is anticipated by the Parties that the majority of the Obligation Wells will be horizontal wells with the horizontal portion of each wellbore being of a reasonable and practical length given the geological, leasehold and surface conditions. Notwithstanding the foregoing, and unless the Parties otherwise agree, to qualify as a horizontal well hereunder, once the wellbore reaches the Target Formations in no event shall the lateral length of such horizontal wellbore be less than 1,600 feet in length within the Target Formations; provided, however, that Farmee shall be permitted to drill Obligation Wells that are vertical but such vertical wells shall count as only 0.5 of an Obligation Well required to be drilled pursuant to Section 1(a) hereof.

2. CONSULTATION REGARDING OPERATIONS:

The Parties agree to meet on a Calendar Quarter basis to consult with each other regarding each Party's drilling plans and surface operations within the Contract Area (the "Quarterly Meetings"). No later than thirty (30) days prior to each scheduled Quarterly Meeting, each Party will provide to the other Party its anticipated drilling plans for the following Calendar Quarter. Each of the Parties shall use their reasonable efforts to cooperate with each other in their respective operations. Notwithstanding anything to the contrary set forth herein, Farmee shall not be permitted to drill any well in the Contract Area which is within the closer of (i) the boundaries of an existing voluntary well unit (as set forth on the plat for such well); or (ii) the smallest radius possible to encompass one hundred sixty (160) acres surrounding any then existing well not unitized (as measured by each well's current or proposed surface location) unless Farmee obtains the prior written consent of Farmor; provided, however, that the limitations set forth in subsections (i) and (ii) shall not apply to wells in which Farmee owns an interest and shall be limited to those wells producing from the Target Formations as set forth in Exhibit "B" attached hereto and incorporated by reference herein. "Calendar Quarter" means a period of three (3) months commencing with January 1 and ending on the following March 31, a period of three (3) months commencing with April 1 and ending on the following June 30, a period of three (3) months commencing with July 1 and ending on the following

September 30, or a period of three (3) months commencing with October 1 and ending on the following December 31.

3. GEOLOGICAL, TECHNICAL, OPERATIONAL AND REPORTING REQUIREMENTS:

With respect to each well drilled by Farmee (or in which Farmee participates, including by way of farmout, in the drilling with third parties) in the Contract Area, Farmee agrees to provide and perform those services outlined in Exhibit "A". Farmee shall be required to provide to Farmor, upon Farmor's request, any production data or reports which indicate gross production by month for each well drilled by Farmee (or in which Farmee participates, including by way of farmout, in the drilling with third parties) in the Contract Area.

4. EARNING EVENT:

With respect to any Obligation Well, an "Earning Event" shall occur at such time as such Obligation Well is completed as a well capable of producing oil and/or gas in paying quantities or, if based upon logs and other data pertaining to such Obligation Well, Farmee determines (in Farmee's sole and reasonable judgment) that an attempt to complete such Obligation Well as a commercial producer would not be prudent or economical, then at such time as such Obligation Well is plugged and abandoned by Farmee.

5. LEASE MAINTENANCE—RENTALS:

For a period of one hundred and eighty (180) days following the date of this Agreement (the "Transition Period"), Farmor shall continue to pay or cause to be paid all delay rental and similar payments (other than shut-in royalties attributable to any Retained Rights) necessary to maintain the Leases in full force and effect without production and Farmee shall reimburse Farmor within thirty (30) days following its receipt of an invoice for such payments, together with proof of Farmor's payment of the same. Following the expiration of the Transition Period through December 31, 2017, Farmee shall pay or cause to be paid such payments and within thirty (30) days following such payment, Farmee shall provide to Farmor proof of Farmee's payment of the same. Farmor shall provide Farmee, monthly, on or before the 10th day of each month, a report setting out the well status of Farmor's wells on the Leases. Such report will indicate if any wells are shut-in or there exists a proposal to shut-in any well at any time during the next succeeding three (3) months and if shut-in or other delay rental payments are required to be made with respect thereto and if such payments have been made where applicable.

6. ABANDONMENT AND RESTORATION OF PREMISES:

In the event that (a) in the case of Farmee, any well drilled by or on behalf of Farmee on the Contract Area is not capable of producing oil and/or gas in paying quantities or a producing well ceases to produce oil and/or gas in paying quantities, or (b) in the case of Farmor, any well drilled by or on behalf of Farmor on the Leases (or lands pooled therewith) is not capable of producing oil and/or gas in paying quantities and there are no other wells capable of production in paying quantities on the respective Lease (or lands pooled therewith), or a producing well ceases to produce oil and/or gas in paying quantities and such well is the only well capable of production in paying quantities on the respective Lease (or lands pooled therewith) (in either case, Farmee or Farmor, as applicable, being an "Abandoning Party"), and such Abandoning Party desires to plug and abandon such well, then such Abandoning Party shall provide written notice (or if during the drilling of such well, oral notice) (any such notice, the "Abandonment Notice") to the non-abandoning Party at least thirty (30) days (or, if during the drilling of such well, 24 hours) prior to the anticipated plugging and abandonment of such well in order to permit such non-abandoning Party the option, in its sole discretion, to take over operation of such well. In the event that such non-abandoning Party desires to take over the operation

of such well, then such non-abandoning Party shall provide written notice (or, if during the drilling of such well, oral notice) (the "Take Over Notice") to the Abandoning Party within thirty (30) days (or, if during the drilling of such well, 24 hours) of receiving such Abandonment Notice applicable thereto. Promptly following such receipt of such Take Over Notice, such Abandoning Party shall assign to such non-abandoning Party, free and clear of all encumbrances created by such Abandoning Party, all of its right, title and interest in such well pursuant to a mutually agreeable form of assignment containing no warranties except for a special warranty of title by, through and under the Abandoning Party. If a non-abandoning Party takes over the operations of any such well, then such non-abandoning Party agrees to plug and abandon such well and reclaim, restore and clean up the drillsite location and access routes associated therewith in accordance with all applicable rules, regulations and laws and the terms of the applicable Lease. If such non-abandoning Party does not elect to take over the operations of such well within the time period specified, then the Abandoning Party agrees to plug and abandon such well and reclaim, restore and clean up the drillsite location and access routes associated therewith in accordance with all applicable rules, regulations and laws and the terms of the applicable Lease. All oral notices provided under this Section 6 shall be followed with written notice as soon as reasonably practicable.

7. SEISMIC AND OTHER INFORMATION:

From time to time, upon reasonable notice and during normal business hours, each Party shall have access to all records, documents and data pertaining to the Leases, including but not limited to, seismic information, abstracts, supplemental abstracts, title opinions, surveys and production reports in the possession of the other Party, but (a) only to the extent that such other Party may grant such access without violating any confidentiality or other obligation to any third party (provided that such other Party shall use its commercially reasonable efforts to have such obligations waived by such third party or otherwise satisfied) or waiving any attorney client privilege, and (b) excluding all such records, documents and data (other than seismic records, documents and data which shall be governed by the terms and provisions of the Seismic Agreement attached hereto as Exhibit "C") relating solely to the Retained Rights. To the extent that either Party desires to have access to seismic records, documents or data of the other Party, then the Parties shall enter into a Seismic Agreement in the form of Exhibit "C" attached hereto (a "Seismic Agreement") under which such accessing Party shall be the "Licensee" thereunder. No representation or warranty, express or implied, shall be given by a Party regarding any such records, documents or data to which the other Party is granted access hereunder or a Seismic Agreement.

8. JOINT USE OF CONTRACT AREA/FARMOR RIGHT OF ACCESS:

(a) The Parties understand that each Party may have existing or future wells, pipelines and access roads located within the Contract Area, and no Party shall unreasonably interfere with or impede the operations of the other Party under the Leases or otherwise within the Contract Area. Upon request by a Party, the other Party may permit such requesting Party the right to utilize any existing well pads and other surface facilities (other than pipelines or gathering systems) on such Leases of such non-requesting Party. Should such requesting Party be granted such utilization rights, such requesting Party agrees to make repairs for any damage to and to share in the cost of maintenance of any shared facilities for so long as the requesting Party continues to share such facilities with the non-requesting Party.

(b) Whenever the Parties are drilling, operating or maintaining wells on the Contract Area at the same time, then the Parties shall cooperate with each other in a reasonable commercial manner so that such parallel activities can be accommodated.

(c) Farmee agrees that Farmor shall have the right of access to, and inspection of, any of Farmee's wells in the Contract Area during drilling, completion, production, operation and plugging phases of any of Farmee's wells drilled in the Contract Area.

(d) Each of the Parties agrees not to amend, breach, default or (subject however to Section 6 above) cause the termination of the terms of the Leases and to comply, in all material respects, with the terms of the Leases.

(e) To the extent that each Party is not restricted from granting such access, each Party shall have the right to use any access roads constructed by the other Party for the non-constructing Party's oil and gas operations related to its operations upon the Leases. The non-constructing Party shall indemnify the other Party from any claims, damages or injuries that arise from such non-constructing Party's or its representatives' or contractors' use of such access roads, and each Party, for so long as such access roads are used jointly by the Parties, shall (i) promptly repair any and all damages that such Party or its representatives or contractors may cause to such access roads; and (ii) participate in the further maintenance of such access roads.

9. LIABILITY AND INDEMNITY:

(a) Neither Party shall have any control over the drilling, testing, completing or other operations of the other Party upon the Leases and each Party shall be responsible for all costs and expenses incurred by such Party in connection with such operations including, without limitation, the proper payment of royalties. Each Party (an "Indemnifying Party") shall defend, indemnify and hold the other Party and such Party's Affiliates (as defined in the Acquisition Agreement), equity holders, officers, directors, employees and agents (all of such persons and entities, the "Indemnified Party") harmless from and against all claims, losses, damages, expenses, causes of action or lawsuits of every kind and character, including, without limitation, those lawsuits and/or claims brought by such Indemnifying Party's contractors, sub-contractors or the employees thereof, or such Indemnifying Party's employees, or any lessor or land owner associated with the Leases, arising out of or resulting from such Indemnifying Party's operations and with respect to the proper payment of royalties, and each Party shall keep the lands covered by the Leases, such Party's wells and all permanently installed equipment used in connection with such operations free and clear of all liens for delinquent monies.

(b) Each Indemnifying Party shall additionally assume all liability for and defend, indemnify and hold each Indemnified Party harmless from and against any penalty, loss, injury or damage arising from pollution, contamination or environmental damage of any kind, which arises out of or results from such Indemnifying Party's or its contractors' or subcontractors' operations, including, without limitation, spills of materials such as fuels, lubricants, motor oils, pipe dope, paints and garbage, and such Indemnifying Party shall control and remove such pollution or contamination.

10. ASSUMPTION OF OBLIGATIONS:

As between the Parties hereto, Farmee shall assume all of the obligations of Farmor under the Leases with respect to the Target Formations. Farmee shall comply with all laws, rules and regulations of governmental subdivisions, regulatory bodies, or agencies having jurisdiction over such operations or the premises.

11. INSURANCE:

While conducting any operations hereunder, Farmee shall carry insurance in not less than the following amounts, and furnish Farmor with certificates evidencing same, to wit:

(a) General Liability:

Property Damage—\$1,000,000.00 each occurrence
Bodily Injury—\$1,000,000.00 each occurrence

Such general liability coverage shall provide coverage for Farmee's contractual liabilities and indemnities assumed hereunder, as well as coverage for sudden and accidental pollution.

(b) Automobile Liability: (which shall include non owners liability coverage)

Property Damage—\$1,000,000.00 each occurrence
Bodily Injury—\$1,000,000.00 each occurrence

(c) Workers' Compensation:

Workers' Compensation and Occupational Disease Insurance in full compliance with the laws of the state(s) in which the Contract Area is located.

(d) Excess/umbrella:

Liability—\$5,000,000.00

(e) Operator extra expense or care, custody and control:

Coverage—\$5,000,000.00

The minimum insurance requirements as set forth above shall not limit or diminish in any way the respective rights and obligations of the Parties under this Agreement. Except for Workers' Compensation, the policy(ies) of insurance obtained by Farmee shall provide that Farmor is an additional named insured for all coverages and shall contain waivers of rights of subrogation against Farmor.

12. RESTRICTION ON ASSIGNMENT:

During the Term, Farmee's rights and obligations under this Agreement shall not be assigned, subleased, farmed out or encumbered in whole or in part without obtaining Farmor's prior written consent (which consent shall not be unreasonably withheld or delayed). Any such consent shall (a) not be effective until Farmor has received an instrument of the parties evidencing such assignment, sublease or farmout wherein the assignee, sublessee or farmee has agreed to be bound by the terms of this Agreement; and (b) provide that such assignee, sublessee or farmee be subject to the same limitations on assignments, subleases, farmouts and encumbrances as provided herein. If Farmee elects to assign (x) its interest in any Production Unit which has been earned, (y) its interest under this Agreement and the associated Leasehold Rights or (z) otherwise farms out any of its rights or obligations hereunder, in each case, to a Capable Party, Farmee shall give Farmor not less than thirty (30) days' prior written notice of the proposed transaction and furnish reasonable particulars confirming that its proposed counterparty qualifies as a Capable Party, in which event Farmor shall consent to the assignment of Farmee's interest to such Capable Party and Farmee shall be relieved of its obligations to Farmor hereunder to the extent of the interest(s) transferred. "Capable Party" means a person or entity who or which has demonstrated technical expertise with respect to oil and gas drilling and production operations and has the financial capability to fulfill Farmee's obligations under the Farmout Agreement with respect to the assigned interests. Subject to the foregoing, this Agreement will extend to, inure to the benefit of and be binding upon the Parties and each of their successors and permitted assigns. Notwithstanding the foregoing, without the consent of Farmor, Farmee shall have the right to (i) mortgage or pledge as security for indebtedness all or any part of its interests in the Contract Area, and (ii) assign all or part of its rights and obligations hereunder to an Affiliate, but in neither case shall Farmee be relieved of its obligations to Farmor hereunder.

13. FAILURE TO FULFILL DRILLING OBLIGATIONS:

(a) In the event that Farmee fails to drill the required number of Obligation Wells during any Calendar Period as required pursuant to Section 1(a) hereof and such failure is not cured on or before one hundred and eighty (180) days following the expiration of such Calendar Period (a "Drilling Obligation Deadline") or Farmee has not paid the Extension Amount (as hereinafter defined) on or before the expiration of such Drilling Obligation Deadline, then all of Farmee's rights, titles and interests in and to the Contract Area that is not within a Production Unit for any Obligation Well for which an Earning Event has occurred (the "Reversionary Rights") shall automatically terminate and vest in Farmors, and, upon request of Farmors, Farmee shall execute and deliver such instrument or instruments (containing a special warranty of title by, through and under Farmee, except for the Permitted Encumbrances, as defined in the Acquisition Agreement) as is necessary or desirable to evidence the termination and vesting in Farmors of the Reversionary Rights; provided, however, that if an Obligation Well is then being drilled by or on behalf of Farmee and within a reasonable period of time thereafter it is reasonably expected that an Earning Event may occur with respect to such well, then the Reversionary Rights shall not terminate; provided further, however, if such Earning Event does not occur within a reasonable period of time with respect to such Obligation Well being drilled, then the Reversionary Rights shall automatically terminate and vest in Farmor. In the event that an assignment from Farmee to Farmors is required to effect any such reversion, such assignment shall be in a form mutually agreeable to the Parties containing no warranties except for a special warranty of title by, through and under Farmee.

(b) If Farmee tenders to Farmor a payment of \$500,000 per undrilled Obligation Well with respect to any Calendar Period on or before the expiration of the Drilling Obligation Deadline applicable to such Calendar Period in which the shortfall occurred (the "Extension Payment"), such Extension Payment shall operate to cure any failure by Farmee to drill the Obligation Well(s) (with respect to the applicable Contract Period and on a cumulative basis) with respect to which such payment is made; provided, however, that Extension Payments may not apply to more than five (5) Obligation Wells during one (1) Calendar Period; and further provided that Extension Payments shall not apply to more than twenty (20) Obligation Wells (on a cumulative basis) during the Term.

(c) The term "Production Unit" means (i) in the case of a vertical well with no portion of its wellbore being a horizontal lateral, that portion of the Contract Area covering 320 acres, (ii) in the case of a horizontal well with the horizontal distance of such wellbore within the Target Formations of less than 2,000 feet, that portion of the Contract Area covering 320 acres, (iii) in the case of a horizontal well with the horizontal distance of such wellbore within the Target Formations equal to or more than 2,000 feet, that portion of the Contract Area covering 640 acres, or (iv) in the event that Farmee fulfills the cumulative Obligation Well commitment set forth in Section 1 hereof, all of the Leases. Portions of the Contract Area for which a Production Unit applies shall be designated by Farmee (subject to applicable spacing or field rules); provided, however, that no later than September 30th of each Calendar Period, Farmee shall deliver to Farmor the proposed location designations for Production Units that will be earned during the following Calendar Period; and further provided that on or before the 31st day of March of each Calendar Period, Farmee shall submit to Farmor "as drilled" plats indicating the location of Obligation Wells drilled during the preceding Calendar Period, including the distance of the horizontal wellbore within the Target Formations, and the proposed acreage earned from such Obligation Wells on each Lease, and the Parties, if necessary, shall meet to consider and modify such location designations in good faith at the following Quarterly Meeting. Notwithstanding the foregoing, in the event that Farmee's obligation to drill (or participate, including by way of farmout, in the drilling of) an Obligation Well is satisfied by an Extension Payment, Farmee shall not be entitled to a Production Unit or any acreage in the Leases whatsoever.

14. FORCE MAJEURE:

If any Party is rendered unable, wholly or in part by force majeure, to carry out its obligations under this Agreement, other than any obligation to make any money payments (which obligation will never be extended or suspended due to force majeure), such Party must give to the other Party prompt written notice of the force majeure, with reasonably full particulars, and thereupon the obligations of the Party giving the notice, so far as they are affected by the act of force majeure, will be suspended, and the running of all time periods within which certain actions must be completed will be tolled, during, but not longer than, the continuance of the force majeure plus such reasonable further period of time, if any, required to resume the suspended operation. The affected Party must use all reasonable diligence to remove the force majeure situation as quickly as practicable; provided, however, that it will not be required to settle strikes, lockouts or other labor difficulty contrary to its wishes. All such difficulties are to be handled entirely within the discretion of the Party concerned. "Force majeure" means an act of nature, strike, lock-out or other industrial disturbance, act of the public enemy, war, blockade, public riot, lightning, fire, storm, flood or other adverse weather condition, explosion, governmental action, inaction, restraint or delay, or any other cause, whether of the kind specifically enumerated above or otherwise, which is not reasonably within the control of the Party claiming force majeure; provided that the unavailability of drilling rigs shall not qualify as force majeure.

15. NON-SOLICITATION:

Farmee agrees not to solicit or cause an Affiliate of Farmee to solicit any of Farmor's or its respective Affiliates' employees for performance of duties for Farmee or any of its Affiliates as an employee, contractor or consultant. The foregoing prohibition on solicitation shall not include an advertisement published in a general circulation newspaper or other similar recruiting media that are not expressly designed or targeted to solicit the employees of Farmor and also shall not apply to the situation wherein any employee of Farmor voluntarily approaches the other Farmee for employment. Such prohibition shall be in full force and effect for a period of three (3) years from the Effective Date.

16. NO PARTNERSHIP:

It is not the purpose or intention to create any mining partnership, joint venture, general partnership or other partnership relation and none shall be inferred.

17. NOTICES:

All notices which are required or may be given pursuant to this Agreement shall be sufficient in all respects if given in writing and delivered personally, by telecopy or by registered or certified mail, postage prepaid, as follows:

If to Farmee:

Antero Resources Appalachian Corporation
1625 17th Street
Denver, CO 80202
Attn: Vice President—Land
Telephone: (303) 357-7310
Telecopy: (303) 357-7315

With a copy to: Vinson & Elkins LLP
1001 Fannin, Suite 2300
Houston, TX 77002
Attn: David Oelman
Telephone: (713) 758-3708
Telecopy: (713) 615-5861

If to Farmers: Dominion Exploration & Production, Inc.
P.O. Box 1248, One Dominion Drive
Jane Lew, WV 26378
Attn: Land Manager
Telephone: (304) 884-2000
Telecopy: (304) 884-2094

With a copy to: Baker Botts L.L.P.
910 Louisiana Street
Houston, Texas 77002-4995
Attn: Hugh Tucker
Telephone: (713) 229-1656
Telecopy: (713) 229-2856

Either Party may change its address for notice by notice to the other in the manner set forth above. All notices shall be deemed to have been duly given at the time of receipt by the Party to which such notice is addressed if received during normal business hours or on the next business day, if received outside of normal business hours.

18. TERM:

Unless earlier terminated in accordance with the express terms of this Agreement, Farmee's drilling obligations, together with all other rights and obligations of the Parties hereunder, shall terminate as of December 31, 2017; provided, however, in the event that any Obligation Well for the calendar year of 2017 is being drilled as of such termination date, then such date will be extended for a six (6) month period (such total time period, the "Term"). Notwithstanding the foregoing, Exhibit A shall survive the termination or expiration of this Agreement.

19. CONFLICT:

In the event that any provision within this Agreement conflicts with any provision in the Acquisition Agreement, the terms provided in this Agreement shall control.

20. TIME OF ESSENCE:

Except as expressly provided otherwise in this Agreement, it is understood that time is of the essence in fulfilling all provisions of this Agreement.

21. MODIFICATION:

No change, modification or alteration of this Agreement shall be valid unless the same be made in writing and signed by the Parties hereto and no course of dealing between the Parties shall be construed to alter the terms hereof.

22. GOVERNING LAW AND VENUE:

THIS AGREEMENT AND THE LEGAL RELATIONS BETWEEN THE PARTIES SHALL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE LAWS OF THE

COMMONWEALTH OF PENNSYLVANIA WITHOUT REGARD TO PRINCIPLES OF CONFLICTS OF LAWS OTHERWISE APPLICABLE TO SUCH DETERMINATIONS. JURISDICTION AND VENUE WITH RESPECT TO ANY DISPUTES ARISING HEREUNDER SHALL BE PROPER ONLY IN ALLEGHENY COUNTY, PENNSYLVANIA.

23. CONFIDENTIALITY:

Except as expressly set forth herein and except as required by applicable laws, the Parties hereto acknowledge and agree that this Agreement, their negotiations in connection herewith and all information obtained by or provided to any of them in connection with the matters contemplated herein or as it relates to the Contract Area will be maintained as confidential, except for disclosures to Representatives (as hereinafter defined) of the Parties and disclosures by Farmee to a third party that may be interested in participating in the drilling of any Obligation Well or other well (to the extent permitted hereunder) on the Leases; provided, however, that prior to making any such disclosures to third parties and/or Representatives, the Party disclosing such information shall obtain an undertaking of confidentiality from each such party. The term "Representatives," as used herein, shall mean (a) partners, employees, officers, directors, members, equity owners and counsel of a Party or any of its Affiliates or any prospective purchaser of a Party or an interest in a Party; (b) any consultant or agent retained by a Party or the parties listed in subsection (a) above; and (c) any bank, other financial institution or entity funding, or proposing to fund, such Party's operations in connection with the Leases, including any consultant retained by such bank, other financial institution or entity.

24. SEVERABILITY:

If any term or other provision of this Agreement is held invalid, illegal or incapable of being enforced under any rule of law, all other conditions and provisions of this Agreement shall nevertheless remain in full force and effect so long as the economic or legal substance of the transactions contemplated hereby is not affected in a materially adverse manner with respect to either Party.

25. COUNTERPARTS:

This Agreement may be executed in counterparts, each of which shall be deemed an original instrument, but all such counterparts together shall constitute but one agreement.

[Signature page follows.]

IN WITNESS WHEREOF, the authorized representatives of the Parties have executed this Agreement as of date set forth above:

APPRAISAL REPORT
as of
DECEMBER 31, 2009
on
CERTAIN ARKOMA PROPERTIES
owned by
ANTERO RESOURCES CORPORATION

FOREWORD

Scope of Investigation This report presents an appraisal, as of December 31, 2009, of the extent and value of the proved oil, condensate, and natural gas reserves of certain properties owned by Antero Resources Corporation (Antero). The reserves estimated in this report are located in Oklahoma. The properties appraised are listed in detail in the Appendix A bound with this report.

Reserves estimated in this report are expressed as gross and net reserves. Gross reserves are defined as the total estimated petroleum to be produced from these properties after December 31, 2009. Net reserves are defined as that portion of the gross reserves attributable to the interests owned by Antero after deducting royalties and interests owned by others.

This report presents values that were estimated for proved reserves based on prices and costs provided by Antero. Future prices were estimated using guidelines established by the United States Securities and Exchange Commission (SEC) and the Financial Accounting Standards Board (FASB). Prices were held constant for the lives of the properties. Costs were not escalated for inflation. A more detailed explanation of the prices and cost assumptions is presented in the Valuation of Reserves section of this report.

Values of proved reserves in this report are expressed in terms of estimated future gross revenue, future net revenue, and present worth. Future gross revenue is that revenue which will accrue to the appraised interests from the production and sale of the estimated net reserves. Future net revenue is calculated by deducting estimated production taxes, ad valorem taxes, operating expenses, and capital costs from the future gross revenue. Operating expenses include field operating expenses, transportation expenses, compression charges, and an allocation of overhead that directly relates to production activities. Future income tax expenses were not taken into account in the preparation of these estimates. Present worth is defined as future net revenue discounted at a specified arbitrary discount rate compounded monthly over the expected period of realization. In this report, present worth values using a discount rate of 10 percent are reported in detail and values using discount rates of 5, 8, 12, 15, 20, 25, and 30 percent are reported as totals in the appendix to this report.

Estimates of oil, condensate, and gas reserves and future net revenue should be regarded only as estimates that may change as further production history and additional information become available. Not only are such reserves and revenue estimates based on that information which is currently available, but such estimates are also subject to the uncertainties inherent in the application of judgmental factors in interpreting such information.

Authority This report was prepared at the request of Mr. Kevin J. Kilstrom, Vice President, Antero.

Source of Information Data used in the preparation of this report were obtained from Antero, from records on file with the appropriate regulatory agencies, and from public sources. In the

preparation of this report we have relied, without independent verification, upon information furnished by Antero with respect to its property interests, production from such properties, current costs of operation and development, current prices for production, agreements relating to current and future operations and sale of production, and various other information and data that were accepted as represented. A field examination of the properties was not considered necessary for the purposes of this report.

DEFINITION of RESERVES

Petroleum reserves included in this report are classified as proved. Only proved reserves have been evaluated for this report. Reserves classifications used in this report are in accordance with the reserves definitions of Rules 4-10(a) (1)-(32) of Regulation S-X of the SEC. Reserves are judged to be economically producible in future years from known reservoirs under existing economic and operating conditions and assuming continuation of current regulatory practices using conventional production methods and equipment. In the analyses of production-decline curves, reserves were estimated only to the limit of economic rates of production under existing economic and operating conditions using prices and costs consistent with the effective date of this report, including consideration of changes in existing prices provided only by contractual arrangements but not including escalations based upon future conditions. The petroleum reserves are classified as follows:

Proved oil and gas reserves—Proved oil and gas reserves are those quantities of oil and gas, which, by analysis of geoscience and engineering data, can be estimated with reasonable certainty to be economically producible—from a given date forward, from known reservoirs, and under existing economic conditions, operating methods, and government regulations—prior to the time at which contracts providing the right to operate expire, unless evidence indicates that renewal is reasonably certain, regardless of whether deterministic or probabilistic methods are used for the estimation. The project to extract the hydrocarbons must have commenced or the operator must be reasonably certain that it will commence the project within a reasonable time.

- (i) The area of the reservoir considered as proved includes:
 - (A) The area identified by drilling and limited by fluid contacts, if any, and (B) Adjacent undrilled portions of the reservoir that can, with reasonable certainty, be judged to be continuous with it and to contain economically producible oil or gas on the basis of available geoscience and engineering data.
- (ii) In the absence of data on fluid contacts, proved quantities in a reservoir are limited by the lowest known hydrocarbons (LKH) as seen in a well penetration unless geoscience, engineering, or performance data and reliable technology establishes a lower contact with reasonable certainty.
- (iii) Where direct observation from well penetrations has defined a highest known oil (HKO) elevation and the potential exists for an associated gas cap, proved oil reserves may be assigned in the structurally higher portions of the reservoir only if geoscience, engineering, or performance data and reliable technology establish the higher contact with reasonable certainty.
- (iv) Reserves which can be produced economically through application of improved recovery techniques (including, but not limited to, fluid injection) are included in the proved classification when:
 - (A) Successful testing by a pilot project in an area of the reservoir with properties no more favorable than in the reservoir as a whole, the operation of an installed program in the reservoir or an analogous reservoir, or other evidence using reliable technology establishes the reasonable certainty of the engineering analysis on which the project or

program was based; and (B) The project has been approved for development by all necessary parties and entities, including governmental entities.

- (v) Existing economic conditions include prices and costs at which economic producibility from a reservoir is to be determined. The price shall be the average price during the 12-month period prior to the ending date of the period covered by the report, determined as an unweighted arithmetic average of the first-day-of-the-month price for each month within such period, unless prices are defined by contractual arrangements, excluding escalations based upon future conditions.

Probable reserves—Probable reserves are those additional reserves that are less certain to be recovered than proved reserves but which, together with proved reserves, are as likely as not to be recovered.

- (i) When deterministic methods are used, it is as likely as not that actual remaining quantities recovered will exceed the sum of estimated proved plus probable reserves. When probabilistic methods are used, there should be at least a 50% probability that the actual quantities recovered will equal or exceed the proved plus probable reserves estimates.
- (ii) Probable reserves may be assigned to areas of a reservoir adjacent to proved reserves where data control or interpretations of available data are less certain, even if the interpreted reservoir continuity of structure or productivity does not meet the reasonable certainty criterion. Probable reserves may be assigned to areas that are structurally higher than the proved area if these areas are in communication with the proved reservoir.
- (iii) Probable reserves estimates also include potential incremental quantities associated with a greater percentage recovery of the hydrocarbons in place than assumed for proved reserves.
- (iv) See also guidelines in paragraphs (iv) and (vi) of the definition of possible reserves.

Possible reserves—Possible reserves are those additional reserves that are less certain to be recovered than probable reserves.

- (i) When deterministic methods are used, the total quantities ultimately recovered from a project have a low probability of exceeding proved plus probable plus possible reserves. When probabilistic methods are used, there should be at least a 10% probability that the total quantities ultimately recovered will equal or exceed the proved plus probable plus possible reserves estimates.
- (ii) Possible reserves may be assigned to areas of a reservoir adjacent to probable reserves where data control and interpretations of available data are progressively less certain. Frequently, this will be in areas where geoscience and engineering data are unable to define clearly the area and vertical limits of commercial production from the reservoir by a defined project.
- (iii) Possible reserves also include incremental quantities associated with a greater percentage recovery of the hydrocarbons in place than the recovery quantities assumed for probable reserves.
- (iv) The proved plus probable and proved plus probable plus possible reserves estimates must be based on reasonable alternative technical and commercial interpretations within the reservoir or subject project that are clearly documented, including comparisons to results in successful similar projects.
- (v) Possible reserves may be assigned where geoscience and engineering data identify directly adjacent portions of a reservoir within the same accumulation that may be separated from proved areas by faults with displacement less than formation thickness or other geological discontinuities and that have not been penetrated by a wellbore, and the registrant believes

that such adjacent portions are in communication with the known (proved) reservoir. Possible reserves may be assigned to areas that are structurally higher or lower than the proved area if these areas are in communication with the proved reservoir.

- (vi) Pursuant to paragraph (iii) of the proved oil and gas definition, where direct observation has defined a highest known oil (HKO) elevation and the potential exists for an associated gas cap, proved oil reserves should be assigned in the structurally higher portions of the reservoir above the HKO only if the higher contact can be established with reasonable certainty through reliable technology. Portions of the reservoir that do not meet this reasonable certainty criterion may be assigned as probable and possible oil or gas based on reservoir fluid properties and pressure gradient interpretations.

Developed oil and gas reserves—Developed oil and gas reserves are reserves of any category that can be expected to be recovered:

- (i) Through existing wells with existing equipment and operating methods or in which the cost of the required equipment is relatively minor compared to the cost of a new well; and
- (ii) Through installed extraction equipment and infrastructure operational at the time of the reserves estimate if the extraction is by means not involving a well.

Undeveloped oil and gas reserves—Undeveloped oil and gas reserves are reserves of any category that are expected to be recovered from new wells on undrilled acreage, or from existing wells where a relatively major expenditure is required for recompletion.

- (i) Reserves on undrilled acreage shall be limited to those directly offsetting development spacing areas that are reasonably certain of production when drilled, unless evidence using reliable technology exists that establishes reasonable certainty of economic producibility at greater distances.
- (ii) Undrilled locations can be classified as having undeveloped reserves only if a development plan has been adopted indicating that they are scheduled to be drilled within five years, unless the specific circumstances, justify a longer time.
- (iii) Under no circumstances shall estimates for undeveloped reserves be attributable to any acreage for which an application of fluid injection or other improved recovery technique is contemplated, unless such techniques have been proved effective by actual projects in the same reservoir or an analogous reservoir, as defined in [section 210.4-10 (a) Definitions], or by other evidence using reliable technology establishing reasonable certainty.

The extent to which probable and possible reserves ultimately may be reclassified as proved reserves is dependent upon future drilling, testing, and well performance. The degree of risk to be applied in evaluating probable and possible reserves is influenced by economic and technological factors as well as the time element. No probable or possible reserves have been evaluated for this report.

ESTIMATION of RESERVES

Estimates of reserves were prepared by the use of geological and engineering methods generally accepted by the petroleum industry. The method or combination of methods used in the analysis of each reservoir was tempered by experience with similar reservoirs, stage of development, quality and completeness of basic data, and production history.

When applicable, the volumetric method was used to estimate the original oil in place (OOIP) and original gas in place (OGIP). Structure maps were prepared to delineate each reservoir, and isopach maps were constructed to estimate reservoir volume. Electrical logs, radioactivity logs, core analyses,

and other available data were used to prepare these maps as well as to estimate representative values for porosity and water saturation. When adequate data were available and when circumstances justified, material-balance and other engineering methods were used to estimate OOIP or OGIP.

Estimates of ultimate recovery were obtained after applying recovery factors to OOIP or OGIP. These recovery factors were based on consideration of the type of energy inherent in the reservoirs, analyses of the petroleum, the structural positions of the properties, and the production histories. When applicable, material-balance and other engineering methods were used to estimate recovery factors. An analysis of reservoir performance, including production rate, reservoir pressure, and gas-oil ratio behavior, was used in the estimation of reserves.

For depletion-type reservoirs or those whose performance disclosed a reliable decline in producing-rate trends or other diagnostic characteristics, reserves were estimated by the application of appropriate decline curves or other performance relationships. In the analyses of production-decline curves, reserves were estimated only to the limits of economic production based on economic conditions defined by the price assumptions used in this report.

In certain cases, when the previously named methods could not be used, reserves were estimated by analogy with similar wells or reservoirs for which more complete data were available.

Gas quantities estimated herein are expressed as wet gas and sales gas. Wet gas is the indigenous gas in the reservoir to be produced. Sales gas is defined as that portion of the wet gas to be delivered into a gas pipeline for sale after separation, processing, fuel use, and flare. Gross gas reserves are reported as wet gas. The net gas reserves are reported as sales gas. Gas volumes are expressed at a temperature base of 60 degrees Fahrenheit (°F) and the legal pressure base of 14.65 pounds per square inch (psia). Condensate reserves estimated herein are those to be recovered by conventional lease separation.

In the preparation of this report, as of December 31, 2009, gross production estimated through December 31, 2009, was deducted from gross ultimate recovery to arrive at the estimate of gross reserves. This generally required that the production rates be estimated for up to 1 month, since production data were available only through November 2009 for most properties. Data available from wells drilled through December 31, 2009, were used in this report.

The following table presents estimates of proved reserves, as of December 31, 2009, of the properties appraised, expressed in thousands of barrels (Mbbbl) or millions of cubic feet (MMcf):

	Gross Reserves		Net Reserves	
	Oil and Condensate (Mbbbl)	Wet Gas (MMcf)	Oil and Condensate (Mbbbl)	Sales Gas (MMcf)
Developed Producing	135	1,050,747	33	155,191
Developed Nonproducing	0	0	0	0
Undeveloped	208	3,362,620	18	411,215
Total Proved	343	4,413,367	51	566,406

VALUATION of RESERVES

Revenue values in this report have been prepared using initial prices and cost estimates provided by Antero. Future prices were estimated using guidelines established by the SEC and the FASB.

The following assumptions were used for estimating future prices and costs:

Oil and Condensate Prices

Oil and condensate prices were calculated using specified differentials for each lease to a price of \$61.08 per barrel. No escalation was applied to the prices. The NYMEX price of \$61.08 per barrel is the 12-month average price, calculated as the unweighted arithmetic average of the first-day-of-the-month price for each month within the 12-month period prior to the end of the reporting period. The weighted average price for the proved reserves over the lives of the properties was \$57.38 per barrel.

Natural Gas Prices

Natural gas prices were calculated using specified differentials and British thermal unit (Btu) factors for each lease supplied by Antero to a NYMEX price of \$3.99 per million Btu. No escalation was applied to the prices. The NYMEX gas price of \$3.99 per thousand cubic feet is the 12-month average price, calculated as the unweighted arithmetic average of the first-day-of-the-month price for each month within the 12-month period prior to December 31, 2009. The weighted average price for the proved reserves over the lives of the properties was \$3.286 per thousand cubic feet.

Operating Expenses and Capital Costs

Operating expenses and capital costs were based on information provided by Antero and were used in estimating future costs required to operate the properties. In certain cases, future costs, either higher or lower than current costs, may have been used because of anticipated changes in operating conditions. Operating expenses include the deduction of net profits interest owned by others. Future capital costs were estimated using 2009 values and were not adjusted for inflation.

The estimated future revenue to be derived from the production and sale of the net proved reserves, as of December 31, 2009, of the properties appraised, expressed in thousands of dollars (M\$), is summarized as follows:

	Proved			Total Proved (M\$)
	Developed Producing (M\$)	Developed Nonproducing (M\$)	Undeveloped (M\$)	
Future Gross Revenue	538,607	0	1,325,417	1,864,024
Production and Ad Valorem Taxes	31,817	0	79,764	111,581
Operating Expenses	118,130	0	165,062	283,192
Capital Costs	52	0	635,015	635,067
Future Net Revenue*	388,608	0	445,576	834,184
Present Worth at 10 Percent*	201,668	0	13,663	215,331

* Future income taxes have not been taken into account in the preparation of these estimates.

Timing of capital expenditures and the resulting development of production were based on a development plan provided by Antero.

In our opinion, the information relating to estimated proved reserves, estimated future net revenue from proved reserves, and present worth of estimated future net revenue from proved reserves of oil, condensate, natural gas liquids, and gas contained in this report has been prepared in accordance with Paragraphs 932-235-50-4, 932-235-50-6, 932-235-50-7, 932-235-50-9, 932-235-50-30 and 932-235-50-31(a), (b), and (e) of the Accounting Standards Update 932-235-50, *Extractive Industries—Oil and Gas (Topic 932): Oil and Gas Reserve Estimation and Disclosures* (January 2010) of the Financial Accounting

Standards Board and Rules 4-10(a) (1)-(32) of Regulation S-X and Rules 302(b), 1201, 1202(a) (1), (2), (3), (4), (8)(i), (ii), and (v)-(x), and 1203(a) of Regulation S-K of the Securities and Exchange Commission; provided, however, future income tax expenses have not been taken into account in estimating the future net revenue and present worth values set forth herein.

To the extent the above-enumerated rules, regulations, and statements require determinations of an accounting or legal nature or information beyond the scope of this report, we are necessarily unable to express an opinion as to whether the above-described information is in accordance therewith or sufficient therefor.

Appendix A, bound with this report, includes (1) summaries of proved reserves and revenue by reserves status, (2) summaries of proved reserves and revenue by Value Area and reserves status, and (3) tabulations of proved reserves and revenue by Value Area, reserves status, and lease. Appendix B to this report, included on CD, contains projections of proved reserves and revenue by value area, reserves status, and lease.

SUMMARY and CONCLUSIONS

Antero owns working and royalty interests in certain properties located in Oklahoma. The estimated net proved reserves of the properties appraised, as of December 31, 2009, are summarized as follows, expressed in thousands of barrels (Mbbbl) and millions of cubic feet (MMcf):

	Net Reserves	
	Oil and Condensate (Mbbbl)	Sales Gas (MMcf)
Developed Producing	33	155,191
Developed Nonproducing	0	0
Undeveloped	18	411,215
Total Proved	51	566,406

The estimated future revenue and costs attributable to Antero's leasehold interests in the net proved reserves, as of December 31, 2009, of the properties appraised under the aforementioned assumptions concerning future prices and costs, expressed in thousands of dollars (M\$), are summarized as follows:

	Proved			Total Proved (M\$)
	Developed Producing (M\$)	Developed Nonproducing (M\$)	Undeveloped (M\$)	
Future Gross Revenue	538,607	0	1,325,417	1,864,024
Production and Ad Valorem Taxes	31,817	0	79,764	111,581
Operating Expenses	118,130	0	165,062	283,192
Capital Costs	52	0	635,015	635,067
Future Net Revenue*	388,608	0	445,576	834,184
Present Worth at 10 Percent*	201,668	0	13,663	215,331

* Future income taxes have not been taken into account in the preparation of these estimates.

DeGolyer and MacNaughton is an independent petroleum engineering consulting firm that has been providing petroleum consulting services throughout the world for over 70 years. DeGolyer and MacNaughton does not have any financial interest, including stock ownership, in Antero. Our fees were not contingent on the results of our evaluation. This report has been prepared at the request of Antero and should not be used for purposes other than those for which it is intended. DeGolyer and

MacNaughton has used all procedures, data, and methods that it considers necessary to prepare this report.

Gas quantities in this report are expressed at a temperature base of 60 °F and at the legal pressure base of 14.65 psia.

Dallas, Texas 75244

APPRAISAL REPORT
as of
DECEMBER 31, 2009
on
CERTAIN FAYETTEVILLE PROPERTIES
owned by
ANTERO RESOURCES CORPORATION

FOREWORD

Scope of Investigation This report presents an appraisal, as of December 31, 2009, of the extent and value of the proved natural gas reserves of certain properties owned by Antero Resources Corporation (Antero). The reserves estimated in this report are located in Arkansas. The properties appraised are listed in detail in Appendix A bound with this report.

Reserves estimated in this report are expressed as gross and net reserves. Gross reserves are defined as the total estimated petroleum to be produced from these properties after December 31, 2009. Net reserves are defined as that portion of the gross reserves attributable to the interests owned by Antero after deducting royalties and interests owned by others.

This report presents values that were estimated for proved reserves based on prices and costs provided by Antero. Future prices were estimated using guidelines established by the United States Securities and Exchange Commission (SEC) and the Financial Accounting Standards Board (FASB). Prices were held constant for the lives of the properties. Costs were not escalated for inflation. A more detailed explanation of the prices and cost assumptions is presented in the Valuation of Reserves section of this report.

Values of proved reserves in this report are expressed in terms of estimated future gross revenue, future net revenue, and present worth. Future gross revenue is that revenue which will accrue to the appraised interests from the production and sale of the estimated net reserves. Future net revenue is calculated by deducting estimated production taxes, ad valorem taxes, operating expenses, and capital costs from the future gross revenue. Operating expenses include field operating expenses, transportation expenses, compression charges, and an allocation of overhead that directly relates to production activities. Future income tax expenses were not taken into account in the preparation of these estimates. Present worth is defined as future net revenue discounted at a specified arbitrary discount rate compounded monthly over the expected period of realization. In this report, present worth values using a discount rate of 10 percent are reported in detail and values using discount rates of 5, 8, 12, 15, 20, 25, and 30 percent are reported as totals in the appendix to this report.

Estimates of gas reserves and future net revenue should be regarded only as estimates that may change as further production history and additional information become available. Not only are such reserves and revenue estimates based on that information which is currently available, but such estimates are also subject to the uncertainties inherent in the application of judgmental factors in interpreting such information.

Authority This report was prepared at the request of Mr. Kevin J. Kilstrom, Vice President, Antero.

Source of Information Data used in the preparation of this report were obtained from Antero, from records on file with the appropriate regulatory agencies, and from public sources. In the preparation of this report we have relied, without independent verification, upon information furnished

by Antero with respect to its property interests, production from such properties, current costs of operation and development, current prices for production, agreements relating to current and future operations and sale of production, and various other information and data that were accepted as represented. A field examination of the properties was not considered necessary for the purposes of this report.

DEFINITION of RESERVES

Petroleum reserves included in this report are classified as proved. Only proved reserves have been evaluated for this report. Reserves classifications used in this report are in accordance with the reserves definitions of Rules 4-10(a) (1)-(32) of Regulation S-X of the SEC. Reserves are judged to be economically producible in future years from known reservoirs under existing economic and operating conditions and assuming continuation of current regulatory practices using conventional production methods and equipment. In the analyses of production-decline curves, reserves were estimated only to the limit of economic rates of production under existing economic and operating conditions using prices and costs consistent with the effective date of this report, including consideration of changes in existing prices provided only by contractual arrangements but not including escalations based upon future conditions. The petroleum reserves are classified as follows:

Proved oil and gas reserves—Proved oil and gas reserves are those quantities of oil and gas, which, by analysis of geoscience and engineering data, can be estimated with reasonable certainty to be economically producible—from a given date forward, from known reservoirs, and under existing economic conditions, operating methods, and government regulations—prior to the time at which contracts providing the right to operate expire, unless evidence indicates that renewal is reasonably certain, regardless of whether deterministic or probabilistic methods are used for the estimation. The project to extract the hydrocarbons must have commenced or the operator must be reasonably certain that it will commence the project within a reasonable time.

- (i) The area of the reservoir considered as proved includes:
 - (A) The area identified by drilling and limited by fluid contacts, if any, and (B) Adjacent undrilled portions of the reservoir that can, with reasonable certainty, be judged to be continuous with it and to contain economically producible oil or gas on the basis of available geoscience and engineering data.
- (ii) In the absence of data on fluid contacts, proved quantities in a reservoir are limited by the lowest known hydrocarbons (LKH) as seen in a well penetration unless geoscience, engineering, or performance data and reliable technology establishes a lower contact with reasonable certainty.
- (iii) Where direct observation from well penetrations has defined a highest known oil (HKO) elevation and the potential exists for an associated gas cap, proved oil reserves may be assigned in the structurally higher portions of the reservoir only if geoscience, engineering, or performance data and reliable technology establish the higher contact with reasonable certainty.
- (iv) Reserves which can be produced economically through application of improved recovery techniques (including, but not limited to, fluid injection) are included in the proved classification when:
 - (A) Successful testing by a pilot project in an area of the reservoir with properties no more favorable than in the reservoir as a whole, the operation of an installed program in the reservoir or an analogous reservoir, or other evidence using reliable technology establishes the reasonable certainty of the engineering analysis on which the project or program was based; and (B) The project has been approved for development by all necessary parties and entities, including governmental entities.

- (v) Existing economic conditions include prices and costs at which economic producibility from a reservoir is to be determined. The price shall be the average price during the 12-month period prior to the ending date of the period covered by the report, determined as an unweighted arithmetic average of the first-day-of-the-month price for each month within such period, unless prices are defined by contractual arrangements, excluding escalations based upon future conditions.

Probable reserves—Probable reserves are those additional reserves that are less certain to be recovered than proved reserves but which, together with proved reserves, are as likely as not to be recovered.

- (i) When deterministic methods are used, it is as likely as not that actual remaining quantities recovered will exceed the sum of estimated proved plus probable reserves. When probabilistic methods are used, there should be at least a 50% probability that the actual quantities recovered will equal or exceed the proved plus probable reserves estimates.
- (ii) Probable reserves may be assigned to areas of a reservoir adjacent to proved reserves where data control or interpretations of available data are less certain, even if the interpreted reservoir continuity of structure or productivity does not meet the reasonable certainty criterion. Probable reserves may be assigned to areas that are structurally higher than the proved area if these areas are in communication with the proved reservoir.
- (iii) Probable reserves estimates also include potential incremental quantities associated with a greater percentage recovery of the hydrocarbons in place than assumed for proved reserves.
- (iv) See also guidelines in paragraphs (iv) and (vi) of the definition of possible reserves.

Possible reserves—Possible reserves are those additional reserves that are less certain to be recovered than probable reserves.

- (i) When deterministic methods are used, the total quantities ultimately recovered from a project have a low probability of exceeding proved plus probable plus possible reserves. When probabilistic methods are used, there should be at least a 10% probability that the total quantities ultimately recovered will equal or exceed the proved plus probable plus possible reserves estimates.
- (ii) Possible reserves may be assigned to areas of a reservoir adjacent to probable reserves where data control and interpretations of available data are progressively less certain. Frequently, this will be in areas where geoscience and engineering data are unable to define clearly the area and vertical limits of commercial production from the reservoir by a defined project.
- (iii) Possible reserves also include incremental quantities associated with a greater percentage recovery of the hydrocarbons in place than the recovery quantities assumed for probable reserves.
- (iv) The proved plus probable and proved plus probable plus possible reserves estimates must be based on reasonable alternative technical and commercial interpretations within the reservoir or subject project that are clearly documented, including comparisons to results in successful similar projects.
- (v) Possible reserves may be assigned where geoscience and engineering data identify directly adjacent portions of a reservoir within the same accumulation that may be separated from proved areas by faults with displacement less than formation thickness or other geological discontinuities and that have not been penetrated by a wellbore, and the registrant believes that such adjacent portions are in communication with the known (proved) reservoir. Possible reserves may be assigned to areas that are structurally higher or lower than the proved area if these areas are in communication with the proved reservoir.

- (vi) Pursuant to paragraph (iii) of the proved oil and gas definition, where direct observation has defined a highest known oil (HKO) elevation and the potential exists for an associated gas cap, proved oil reserves should be assigned in the structurally higher portions of the reservoir above the HKO only if the higher contact can be established with reasonable certainty through reliable technology. Portions of the reservoir that do not meet this reasonable certainty criterion may be assigned as probable and possible oil or gas based on reservoir fluid properties and pressure gradient interpretations.

Developed oil and gas reserves—Developed oil and gas reserves are reserves of any category that can be expected to be recovered:

- (i) Through existing wells with existing equipment and operating methods or in which the cost of the required equipment is relatively minor compared to the cost of a new well; and
- (ii) Through installed extraction equipment and infrastructure operational at the time of the reserves estimate if the extraction is by means not involving a well.

Undeveloped oil and gas reserves—Undeveloped oil and gas reserves are reserves of any category that are expected to be recovered from new wells on undrilled acreage, or from existing wells where a relatively major expenditure is required for recompletion.

- (i) Reserves on undrilled acreage shall be limited to those directly offsetting development spacing areas that are reasonably certain of production when drilled, unless evidence using reliable technology exists that establishes reasonable certainty of economic producibility at greater distances.
- (ii) Undrilled locations can be classified as having undeveloped reserves only if a development plan has been adopted indicating that they are scheduled to be drilled within five years, unless the specific circumstances, justify a longer time.
- (iii) Under no circumstances shall estimates for undeveloped reserves be attributable to any acreage for which an application of fluid injection or other improved recovery technique is contemplated, unless such techniques have been proved effective by actual projects in the same reservoir or an analogous reservoir, as defined in [section 210.4-10 (a) Definitions], or by other evidence using reliable technology establishing reasonable certainty.

The extent to which probable and possible reserves ultimately may be reclassified as proved reserves is dependent upon future drilling, testing, and well performance. The degree of risk to be applied in evaluating probable and possible reserves is influenced by economic and technological factors as well as the time element. No probable or possible reserves have been evaluated for this report.

ESTIMATION of RESERVES

Estimates of reserves were prepared by the use of geological and engineering methods generally accepted by the petroleum industry. The method or combination of methods used in the analysis of each reservoir was tempered by experience with similar reservoirs, stage of development, quality and completeness of basic data, and production history.

When applicable, the volumetric method was used to estimate original gas in place (OGIP). Structure maps were prepared to delineate each reservoir, and isopach maps were constructed to estimate reservoir volume. Electrical logs, radioactivity logs, core analyses, and other available data were used to prepare these maps as well as to estimate representative values for porosity and water saturation. When adequate data were available and when circumstances justified, material-balance and other engineering methods were used to estimate OGIP.

Estimates of ultimate recovery were obtained after applying recovery factors to OGIP. These recovery factors were based on consideration of the type of energy inherent in the reservoirs, analyses of the petroleum, the structural positions of the properties, and the production histories. When applicable, material-balance and other engineering methods were used to estimate recovery factors. An analysis of reservoir performance, including production rate, reservoir pressure, and gas-oil ratio behavior, was used in the estimation of reserves.

For depletion-type reservoirs or those whose performance disclosed a reliable decline in producing-rate trends or other diagnostic characteristics, reserves were estimated by the application of appropriate decline curves or other performance relationships. In the analyses of production-decline curves, reserves were estimated only to the limits of economic production based on economic conditions defined by the price assumptions used in this report.

In certain cases, when the previously named methods could not be used, reserves were estimated by analogy with similar wells or reservoirs for which more complete data were available.

Gas quantities estimated herein are expressed as wet gas and sales gas. Wet gas is the indigenous gas in the reservoir to be produced. Sales gas is defined as that portion of the wet gas to be delivered into a gas pipeline for sale after separation, processing, fuel use, and flare. Gross gas reserves are reported as wet gas. The net gas reserves are reported as sales gas. Gas quantities are expressed at a temperature base of 60 degrees Fahrenheit (°F) and a pressure base of 14.65 pounds per square inch absolute (psia).

In the preparation of this report, as of December 31, 2009, gross production estimated through December 31, 2009, was deducted from gross ultimate recovery to arrive at the estimate of gross reserves. This generally required that the production rates be estimated for up to 1 month, since production data were available only through November 2009 for most properties. Data available from wells drilled through December 31, 2009, were used in this report.

The following table presents estimates of proved reserves, as of December 31, 2009, of the properties appraised, expressed in thousands of barrels (Mbbbl) or millions of cubic feet (MMcf):

	Gross Reserves		Net Reserves	
	Oil and Condensate (Mbbbl)	Wet Gas (MMcf)	Oil and Condensate (Mbbbl)	Sales Gas (MMcf)
Developed Producing	0	160,216	0	7,742
Developed Nonproducing	0	0	0	0
Undeveloped	0	599,735	0	33,117
Total Proved	0	759,951	0	40,859

VALUATION of RESERVES

Revenue values in this report have been prepared using initial prices and costs estimates provided by Antero. Future prices were estimated using guidelines established by the SEC and the FASB.

The following assumptions were used for estimating future prices and costs:

Natural Gas Prices

Natural gas prices were calculated using specified differentials and British thermal unit (Btu) factors for each lease supplied by Antero to a NYMEX price of \$3.99 per million Btu. No escalation was applied to the prices. The NYMEX gas price of \$3.99 per thousand cubic feet is the 12-month average price, calculated as the unweighted arithmetic average of the first-day-of-the-month price for each month within the 12-month period prior to December 31, 2009. The weighted average price for the proved reserves over the lives of the properties was \$3.710 per thousand cubic feet.

Operating Expenses and Capital Costs

Operating expenses and capital costs were based on information provided by Antero and were used in estimating future costs required to operate the properties. In certain cases, future costs, either higher or lower than current costs, may have been used because of anticipated changes in operating conditions. Operating expenses include the deduction of net profits interest owned by others. Future capital costs were estimated using 2009 values and were not adjusted for inflation.

The estimated future revenue to be derived from the production and sale of the net proved reserves, as of December 31, 2009, of the properties appraised, expressed in thousands of dollars (M\$), is summarized as follows:

	Proved			Total Proved (M\$)
	Developed Producing (M\$)	Developed Nonproducing (M\$)	Undeveloped (M\$)	
Future Gross Revenue	28,725	0	122,863	151,588
Production and Ad Valorem Taxes	1,744	0	6,918	8,662
Operating Expenses	5,052	0	18,816	23,868
Capital Costs	0	0	48,214	48,214
Future Net Revenue*	21,929	0	48,915	70,844
Present Worth at 10 Percent*	11,890	0	7,651	19,541

* Future income taxes have not been taken into account in the preparation of these estimates.

Timing of capital expenditures and the resulting development of production were based on a development plan provided by Antero.

In our opinion, the information relating to estimated proved reserves, estimated future net revenue from proved reserves, and present worth of estimated future net revenue from proved reserves of oil, condensate, natural gas liquids, and gas contained in this report has been prepared in accordance with Paragraphs 932-235-50-4, 932-235-50-6, 932-235-50-7, 932-235-50-9, 932-235-50-30 and 932-235-50-31(a), (b), and (e) of the Accounting Standards Update 932-235-50, *Extractive Industries—Oil and Gas (Topic 932): Oil and Gas Reserve Estimation and Disclosures* (January 2010) of the Financial Accounting Standards Board and Rules 4-10(a) (1)-(32) of Regulation S-X and Rules 302(b), 1201, 1202(a) (1), (2), (3), (4), (8)(i), (ii), and (v)-(x), and 1203(a) of Regulation S-K of the Securities and Exchange Commission; provided, however, future income tax expenses have not been taken into account in estimating the future net revenue and present worth values set forth herein.

To the extent the above-enumerated rules, regulations, and statements require determinations of an accounting or legal nature or information beyond the scope of this report, we are necessarily unable to express an opinion as to whether the above-described information is in accordance therewith or sufficient therefor.

Appendix A, bound with this report, includes summaries of proved reserves and revenue by reserves status and tabulations of proved reserves and revenue by reserves status and lease. Appendix B to this report, included on CD, contains projections of proved reserves and revenue by reserves status and lease.

SUMMARY and CONCLUSIONS

Antero owns working and royalty interests in certain properties located in Arkansas. The estimated net proved reserves of the properties appraised, as of December 31, 2009, are summarized as follows, expressed in thousands of barrels (Mbbbl) and millions of cubic feet (MMcf):

	Net Reserves	
	Oil and Condensate (Mbbbl)	Sales Gas (MMcf)
Developed Producing	0	7,742
Developed Nonproducing	0	0
Undeveloped	0	33,117
Total Proved	0	40,859

The estimated future revenue and costs attributable to Antero's leasehold interests in the net proved reserves, as of December 31, 2009, of the properties appraised under the aforementioned assumptions concerning future prices and costs, expressed in thousands of dollars (M\$), are summarized as follows:

	Proved			Total Proved (M\$)
	Developed Producing (M\$)	Developed Nonproducing (M\$)	Undeveloped (M\$)	
Future Gross Revenue	28,725	0	122,863	151,588
Production and Ad Valorem Taxes	1,744	0	6,918	8,662
Operating Expenses	5,052	0	18,816	23,868
Capital Costs	0	0	48,214	48,214
Future Net Revenue*	21,929	0	48,915	70,844
Present Worth at 10 Percent*	11,890	0	7,651	19,541

* Future income taxes have not been taken into account in the preparation of these estimates.

DeGolyer and MacNaughton is an independent petroleum engineering consulting firm that has been providing petroleum consulting services throughout the world for over 70 years. DeGolyer and MacNaughton does not have any financial interest, including stock ownership, in Antero. Our fees were not contingent on the results of our evaluation. This report has been prepared at the request of Antero and should not be used for purposes other than those for which it is intended. DeGolyer and MacNaughton has used all procedures, data, and methods that it considers necessary to prepare this report.

Gas quantities in this report are expressed at a temperature base of 60 °F and a pressure base of 14.65 psia.

621 SEVENTEENTH STREET SUITE 1550DENVER, COLORADO 80293 TELEPHONE (303) 623-9147

March 2, 2010

Antero Resources Piceance Corporation
1625 17th Street, Suite 300
Denver, Colorado 80202

Gentlemen:

At your request, we have prepared an estimate of the reserves, future production, and income attributable to certain leasehold interests of Antero Resources Piceance Corporation as of December 31, 2009. The subject properties are located in the State of Colorado. The reserves and income data were estimated based on the definitions and disclosure guidelines contained in the United States Securities and Exchange Commission Title 17, Code of Federal Regulations, Modernization of Oil and Gas Reporting, Final Rule released January 14, 2009 in the Federal Register (SEC regulations). The proved net reserves attributable to the properties that we evaluated account for 100 percent to the total proved net liquid hydrocarbon and total net gas reserves. The results of our third party study, completed on March 1, 2010, are presented herein.

The estimated reserves and future net income amounts presented in this report, as of December 31, 2009 are related to hydrocarbon prices. The hydrocarbon prices used in the preparation of this report are based on the average prices during the 12-month period prior to the ending date of the period covered in this report, determined as unweighted arithmetic averages of the prices in effect on the first-day-of-the-month for each month within such period, unless prices were defined by contractual arrangements as required by the SEC regulations. Actual future prices may vary significantly from the prices required by SEC regulations; therefore, volumes of reserves actually recovered and the amounts of income actually received may differ significantly from the estimated quantities presented in this report. The results of this study are summarized below.

SEC PARAMETERS
Estimated Net Reserves and Income Data*
Certain Leasehold Interests of
Antero Resources Piceance Corporation
As of December 31, 2009

	Proved			
	Developed		Undeveloped	Total Proved*
	Producing	Non-Producing		
Net Remaining Reserves				
Oil/Condensate—Barrels	512,179	89,645	1,052,086	1,653,910
Plant Products—Barrels	0	0	0	0
Gas—MMCF	67,212	28,155	310,376	405,743
Income Data M\$				
Future Gross Revenue	\$ 188,404	\$ 74,039	\$ 803,080	\$ 1,065,523
Deductions	64,564	51,207	665,037	780,808
Future Net Income (FNI)	\$ 123,840	\$ 22,832	\$ 138,043	\$ 284,715
Discounted FNI @ 10%	\$ 72,444	\$ (3,261)	\$ (92,716)	\$ (23,533)

* From Landmark Graphics Corporation's "ARIES".

Liquid hydrocarbons are expressed in standard 42 gallon barrels. All gas volumes are sales gas expressed in millions of cubic feet (MMCF) at the official temperature and pressure bases of the areas in which the gas reserves are located. The various producing status categories are defined under the tab "Reserve Definitions" in this report.

The estimates of the reserves, future production, and income attributable to properties in this report were prepared using the economic software package Aries for Windows, a copyrighted program of Landmark Graphics. The program was used solely at the request of Antero Resources Piceance Corporation. Ryder Scott has found this program to be generally acceptable, but notes that certain summaries and calculations may vary due to rounding and may not exactly match the sum of the properties being summarized. Furthermore, one line economic summaries may vary slightly from the more detailed cash flow projections of the same properties, also due to rounding. The rounding differences are not material.

The future gross revenue is after the deduction of production taxes. The deductions are comprised of the normal direct costs of operating the wells, ad valorem taxes, recompletion costs and development costs. The future net income is before the deduction of state and federal income taxes and has not been adjusted for outstanding loans that may exist nor does it include any adjustment for cash on hand or undistributed income. Liquid hydrocarbon reserves account for approximately 7 percent and gas reserves account for 93 percent of total future gross revenue from proved reserves.

The discounted future net income shown above was calculated using a discount rate of 10 percent per annum compounded monthly. Future net income was discounted at four other discount rates which were also compounded monthly. These results are shown in summary form as follows.

Discounted Future Net Income As of December 31, 2009	
Discount Rate Percent	Total Proved M\$
5	\$ 70,769
8	\$ 5,906
9	\$ (9,899)
12	\$ (45,537)

The results shown above are presented for your information and should not be construed as our estimate of fair market value.

Reserves Included in This Report

The *proved reserves* included herein conform to the definition as set forth in the Securities and Exchange Commission's Regulation S-X Part 210.4-10 (a) as clarified by subsequent Commission Staff Accounting Bulletins. The definitions of proved reserves are included under the tab "Petroleum Reserves Definitions" in this report. The reserves and income quantities attributable to the different reserve classifications that are included herein have not been adjusted to reflect the varying degrees of risk associated with them and thus are not comparable.

Estimates of Reserves

The reserves for the properties included herein were estimated by performance methods or analogy. In general, reserves attributable to producing wells and/or reservoirs were estimated by performance methods such as decline curve analysis which utilized extrapolations of historical production data. Reserves attributable to non-producing and undeveloped reserves included herein were estimated by analogy.

To estimate economically recoverable oil and gas reserves and related future net cash flows, we consider many factors and assumptions including, but not limited to, the use of reservoir parameters derived from geological, geophysical and engineering data which cannot be measured directly, economic criteria based on current costs and SEC pricing requirements, and forecasts of future production rates. Under the SEC regulations 210.4-10(a)(22)(v) and (26), proved reserves must be demonstrated to be economically producible based on existing economic conditions including the prices and costs at which economic producibility from a reservoir is to be determined as of the effective date of the report. Antero Resources Piceance Corporation has informed us that they have furnished us all of the accounts, records, geological and engineering data, and reports and other data required for this investigation. In preparing our forecast of future production and income, we have relied upon data furnished by Antero Resources Piceance Corporation with respect to property interests owned, production and well tests from examined wells, normal direct costs of operating the wells or leases, other costs such as transportation and/or processing fees, production taxes, recompletion and development costs, product prices based on the SEC regulations, geological maps, well logs, core analyses, and pressure measurements. Ryder Scott reviewed such factual data for its reasonableness; however, we have not conducted an independent verification of the data supplied by Antero Resources Piceance Corporation

The reserves included in this report are estimates only and should not be construed as being exact quantities. They may or may not be actually recovered, and if recovered, the revenues therefrom and

the actual costs related thereto could be more or less than the estimated amounts. Moreover, estimates of reserves may increase or decrease as a result of future operations.

Future Production Rates

Initial production rates are based on the current producing rates for those wells now on production. Test data and other related information were used to estimate the anticipated initial production rates for those wells or locations which are not currently producing. If no production decline trend has been established, future production rates were held constant, or adjusted for the effects of curtailment where appropriate, until a decline in ability to produce was anticipated. An estimated rate of decline was then applied to depletion of the reserves. If a decline trend has been established, this trend was used as the basis for estimating future production rates. For reserves not yet on production, sales were estimated to commence at an anticipated date furnished by Antero Resources Piceance Corporation

The future production rates from wells now on production may be more or less than estimated because of changes in market demand or allowables set by regulatory bodies. Wells or locations that are not currently producing may start producing earlier or later than anticipated in our estimates.

Hydrocarbon Prices

The hydrocarbon prices used herein are based on the average prices during the 12-month period prior to the ending date of the period covered in this report, determined as the unweighted arithmetic averages of the prices in effect on the first-day-of-the-month for each month within such period, unless prices were defined by contractual arrangements. For hydrocarbon products sold under contract, the contract prices including fixed and determinable escalations, exclusive of inflation adjustments, were used until expiration of the contract. Upon contract expiration, the prices were adjusted to the 12-month unweighted arithmetic average as previously described.

The effects of derivative instruments designated as price hedges of oil and gas quantities are not reflected in our individual property evaluations.

Costs

Operating costs for the leases and wells in this report were furnished by Antero Resources Piceance Corporation and include only those costs directly applicable to the leases or wells. The operating costs include a portion of general and administrative costs allocated directly to the leases and wells. When applicable for operated properties, the operating costs include an appropriate level of corporate general administrative and overhead costs. The operating costs for non-operated properties include the COPAS overhead costs that are allocated directly to the leases and wells under terms of operating agreements. No deduction was made for loan repayments, interest expenses, or exploration and development prepayments that were not charged directly to the leases or wells.

Development costs were furnished to us by Antero Resources Piceance Corporation and are based on authorizations for expenditure for the proposed work or actual costs for similar projects. The estimated net cost of abandonment after salvage was included for properties where abandonment costs net of salvage was significant. The estimates of the zero net abandonment costs furnished by Antero Resources Piceance Corporation were accepted without independent verification.

Because of the direct relationship between volumes of proved undeveloped reserves and development plans, we include in the proved undeveloped category only reserves assigned to undeveloped locations that we have been assured will definitely be drilled. Antero Resources Piceance Corporation has assured us of their intent and ability to proceed with the development activities

included in this report, and that they are not aware of any legal, regulatory or political obstacles that would significantly alter their plans.

Current costs used by Antero Resources Piceance Corporation were held constant throughout the life of the properties.

Standards of Independence and Professional Qualification

Ryder Scott is an independent petroleum engineering consulting firm that has been providing petroleum consulting services throughout the world for over seventy years. Ryder Scott is employee owned and maintains offices in Houston, Texas; Denver, Colorado; and Calgary, Alberta, Canada. We have over eighty engineers and geoscientists on our permanent staff. By virtue of the size of our firm and the large number of clients for which we provide services, no single client or job represents a material portion of our annual revenue. We do not serve as officers or directors of any publicly traded oil and gas company and are separate and independent from the operating and investment decision-making process of our clients. This allows us to bring the highest level of independence and objectivity to each engagement for our services.

Ryder Scott actively participates in industry related professional societies and organizes an annual public forum focused on the subject of reserves evaluations and SEC regulations. Many of our staff have authored or co-authored technical papers on the subject of reserves related topics. We encourage our staff to maintain and enhance their professional skills by actively participating in ongoing continuing education.

Ryder Scott requires that staff engineers and geoscientists have received professional accreditation, and are maintaining in good standing, a registered or certified professional engineer's license or a registered or certified professional geoscientist's license, or the equivalent thereof, from an appropriate governmental authority or a recognized self-regulating professional organization prior to becoming an officer of the Company.

We are independent petroleum engineers with respect to Antero Resources Piceance Corporation. Neither we nor any of any of our employees have any interest in the subject properties and neither the employment to do this work nor the compensation is contingent on our estimates of reserves for the properties which were reviewed.

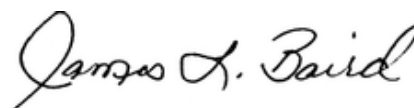

The professional qualifications of the undersigned, the technical person primarily responsible for reviewing and approving the reserves information discussed in this report, are included as an attachment to this letter.

Terms of Usage

This report was prepared for the exclusive use and sole benefit of Antero Resources Piceance Corporation and may not be put to other use without our prior written consent for such use. The data and work papers used in the preparation of this report are available for examination by authorized parties in our offices. Please contact us if we can be of further service.

Very truly yours,

RYDER SCOTT COMPANY, L.P.

[SEC PARAMETERS Estimated Net Reserves and Income Data* Certain Leasehold Interests of Antero Resources Piceance Corporation As of December 31, 2009](#)

March 17, 2010

Antero Resources Corporation
 1625 17th Street, Suite 300
 Denver, CO 80202

ATTENTION: Mr. Kevin Kilstrom

SUBJECT: Evaluation of Oil and Gas Reserves
 To the Interests of Antero Resources Corporation
 In Certain Properties Located in Various States
 Effective January 1, 2010
 Job 09.1141

At the request of Antero Resources Corporation (Antero), Wright & Company, Inc. (Wright) has performed an evaluation to estimate proved reserves and associated cash flow and economics from certain properties to the subject interests. This evaluation was authorized by Mr. Kevin Kilstrom of Antero. Projections of the reserves and cash flow to the evaluated interests were based on specified economic parameters, operating conditions, and government regulations considered applicable at the effective date and are pursuant to the financial reporting requirements of the Securities and Exchange Commission (SEC). It is the understanding of Wright that the purpose of this evaluation is for the internal use of Antero and may be presented to certain investors or financial institutions. The following is a summary of the results of the evaluation effective January 1, 2010:

<u>Antero Resources Corporation</u>	<u>Proved Developed Producing (PDP)</u>	<u>Proved Undeveloped (PUD)</u>	<u>Total Proved (PDP & PUD)</u>
Net Reserves to the Evaluated Interests			
Oil, Mbbl:	0.000	0.000	0.000
Gas, MMcf:	12,276.320	103,830.258	116,106.578
Cash Flow (BTAX), M\$			
Undiscounted:	35,644.488	133,170.266	168,814.750
Discounted at 10% Per Annum:	19,980.449	11,787.305	31,767.758

It should be noted that some minor differences between the total summaries may exist due to rounding techniques in the ARIES™ software program.

The properties evaluated in this report are located in the states of Pennsylvania and West Virginia. Proved oil and gas reserves are those quantities of oil and gas which can be estimated with reasonable certainty to be economically producible under existing economic conditions, operating methods, and government regulations. It was determined by Wright that there are no oil or other liquid hydrocarbons expected to be realized from the properties evaluated. As specified by the SEC regulations, when calculating economic producibility, the base product price must be the 12-month average price, calculated as the unweighted arithmetic average of the first-day-of-the-month price for each month within the prior 12-month period. In accordance with the instructions of Antero, the benchmark base price used for this evaluation was \$3.99 per Million British thermal units (MMBtu) for natural gas, as published by the New York Mercantile Exchange (NYMEX). This base price was adjusted for energy

content, gathering, compression, transportation, and basis differential, as appropriate. The price for gas was held constant for the life of the properties.

Oil and other liquid hydrocarbons are expressed in thousands of United States (U.S.) barrels (Mbbbl), one barrel equaling 42 U.S. gallons. Gas volumes are expressed in millions of standard cubic feet (MMcf) at 60 degrees Fahrenheit and at the legal pressure base that prevails in the state in which the reserves are located. No adjustment of the individual gas volumes to a common pressure base has been made.

Net income to the evaluated interests is the cash flow after consideration of royalty revenue payable to others, standard state and county taxes, operating expenses, and investments, as applicable. The cash flow is before federal income tax (BTAX) and excludes consideration of any encumbrances against the properties if such exist. The cash flow (BTAX) was discounted at an annual rate of 10.00 percent (PCT) in accordance with the reporting requirements of the SEC.

The estimates of reserves contained in this report were determined by accepted industry methods and to the level of detail that Wright deemed appropriate. Where sufficient production history and other data were available, reserves for producing properties were determined by extrapolation of historical production or sales trends. Analogy to similar producing properties was used for development projects and for those properties that lacked sufficient production history to yield a definitive estimate of reserves. When appropriate, Wright may have also utilized volumetric calculations and log correlations in the determination of estimated ultimate recovery (EUR). These calculations are often based upon limited log and/or core analysis data and incomplete reservoir fluid and rock formation data. Since these limited data must frequently be extrapolated over an assumed drainage area, subsequent production performance trends or material balance calculations may cause the need for significant revisions to the estimates of reserves.

Oil and gas reserves were evaluated for the proved developed producing (PDP) and proved undeveloped (PUD) reserves categories. The summary classification of total proved reserves combines the PDP and PUD categories. In preparing this evaluation, no attempt has been made to quantify the element of uncertainty associated with any category. Reserves were assigned to each category as warranted. Wright is not aware of any local, state, or federal regulations that would preclude Antero from continuing to produce from currently active wells or to fully develop those properties included in this report.

There are significant uncertainties inherent in estimating reserves, future rates of production, and the timing and amount of future costs. Oil and gas reserves estimates must be recognized as a subjective process that cannot be measured in an exact way, and estimates of others might differ materially from those of Wright. The accuracy of any reserves estimate is a function of quantity and quality of available data and of subjective interpretations and judgments. It should be emphasized that production data subsequent to the date of these estimates or changes in the analogous properties may warrant revisions of such estimates. Accordingly, reserves estimates are often different from the quantities of oil and gas that ultimately are recovered.

All data utilized in the preparation of this report were provided by Antero. No inspection of the properties was made as this was not considered to be within the scope of this evaluation. Wright has not independently verified the accuracy and completeness of information and data furnished by Antero with respect to ownership interests, oil and gas production or sales, historical costs of operation and development, product prices, or agreements relating to current and future operations and sales of production. Furthermore, if in the course of Wright's evaluation something came to our attention that brought into question the validity or sufficiency of any information or data, Wright did not rely on such information or data until we had satisfactorily resolved our questions relating thereto or independently verified such information or data. In accordance with the requirements of the SEC, all operating costs were held constant for the life of the properties.

It should be noted that neither salvage values nor abandonment costs were included in the economic parameters in accordance with the instructions of Antero. It was assumed that any salvage value would be directly offset by the cost to abandon the property. Wright has not performed a detailed study of the abandonment costs or the salvage values and offers no opinion as to Antero's assumptions.

No consideration was given in this report to potential environmental liabilities that may exist concerning the properties evaluated. There are no costs included in this evaluation for potential liability for restoration and to clean up damages, if any, caused by past or future operating practices.

Wright is an independent petroleum consulting firm founded in 1988 and does not own any interests in the oil and gas properties covered by this report. No employee, officer, or director of Wright is an employee, officer, or director of Antero nor does Wright, or any of its employees have direct financial interest in Antero. Neither the employment of nor the compensation received by Wright is contingent upon the values assigned or the opinions rendered regarding the properties covered by this report.

This report is solely for the information of Antero and for the information and assistance of its independent public accountants in connection with their review of and report upon the financial statements of Antero, and for reporting disclosures as required by the SEC. Notwithstanding, Wright understands and authorizes that this estimation of reserves may be included along with certain financial presentations on behalf of Antero. This report should not be used, circulated or quoted for any other purpose without the express written consent of the undersigned, an officer of Wright, or except as required by law.

The professional qualifications of the petroleum consultants responsible for the evaluation of the reserves and economics information discussed in this report meet the standards of Reserves Estimator as defined in the *Standards Pertaining to the Estimating and Auditing of Oil and Gas Reserves Information* as promulgated by the Society of Petroleum Engineers.

It has been a pleasure to serve you by preparing this evaluation. All related data will be retained in our files and are available for your review.

Very truly yours,

Wright & Company, Inc.

[ANTERO RESOURCE FINANCE CORPORATION LETTERHEAD]

April 30, 2010

VIA EDGAR AND OVERNIGHT MAIL

Securities and Exchange Commission
Division of Corporation Finance
100 F Street, N.E.
Washington, D.C. 20549-4628

Attention: Mr. Parker Morrill

Re: Antero Resources Finance Corporation
Registration Statement on Form S-4
Filed February 12, 2010
File No. 333-164876

Dear Mr. Morrill:

Set forth below are the responses of Antero Resources Finance Corporation, a Delaware corporation (the "Company"), to comments received from the staff of the Division of Corporation Finance (the "Staff") of the Securities and Exchange Commission (the "Commission") by letter dated March 8, 2010, with respect to the Company's Registration Statement on Form S-4, File No. 333-164876, filed with the Commission on February 12, 2010 (the "Registration Statement"). On the date hereof, the Company has filed Amendment No. 1 to the Registration Statement ("Amendment No. 1"). Amendment No. 1 incorporates the Company's responses to the Staff's comments in the March 8, 2010 letter. Amendment No. 1 also incorporates the Company's financial and operating information for the year ended December 31, 2009.

For your convenience, each response is prefaced by the exact text of the Staff's corresponding comment in italicized text.

General

1. *We note that you are registering the exchange notes in reliance on our position enunciated in Exxon Capital Holdings Corporation, SEC No-Action Letter (April 13, 1988). See also Morgan Stanley & Co. Inc., SEC No-Action Letter (June 5, 1991) and Shearman & Sterling, SEC No-Action Letter (July 2, 1993). Accordingly, with the next amendment, please provide us with a supplemental letter stating that you are registering the exchange offer in reliance on our position contained in these letters and include the representations contained in the Morgan Stanley and Shearman & Sterling no-action letters.*

Response:

The Company acknowledges the Staff's comment and has attached such supplemental letter as *Annex I* hereto.

2. *Please provide updated financial statements with your next amendment.*

Response:

The Company has included its updated financial statements in Amendment No. 1.

3. Please clarify the position(s) each officer and director hold in each of the Antero Resource Entities.

Response:

The Company acknowledges the Staff's comment and has revised its disclosure as requested. Please see page 93 of Amendment No. 1.

Signatures

4. Please provide the signatures required by the General Instructions to Form S-4 for the registrant and each registrant guarantor. For persons who occupy more than one of the positions requiring a signature, clearly indicate each capacity in which that person signs the registration statement.

Response:

The Company acknowledges the Staff's comment and has revised its disclosure as requested. Please see page II-6 of Amendment No. 1.

Exhibits

5. Please file the omitted exhibits as soon as possible. We must review these documents before the registration statement is declared effective, and we may have additional comments.

Response:

The Company acknowledges the Staff's comment and has filed all previously omitted exhibits with the filing of Amendment No. 1.

Closing Comments

Please direct any questions or comments regarding the foregoing to me, Glen C. Warren, Jr., at (303) 357-7310 or David Oelman of Vinson & Elkins L.L.P. at 713.758.3708.

Sincerely,

/s/ Glen C. Warren, Jr.

Glen C. Warren, Jr.
President, Chief Financial Officer and Secretary
Antero Resources Finance Corporation

Attn: Parker Morrill
Division of Corporation Finance

Re: Registration Statement on Form S-4
Filed February 12, 2010
File No. 333-164876

Dear Mr. Morrill:

This letter supplements the Registration Statement on Form S-4 of Antero Resources Finance Corporation (the "Company") with respect to an offer to exchange (the "Exchange Offer") the Company's 9.375% Senior Notes due 2017, which were originally issued on November 17, 2009 and January 19, 2010 (the "Outstanding Notes"), for new notes with terms materially identical to the Outstanding Notes but which will be registered under the Securities Act of 1933, as amended (the "Exchange Notes"). In connection with the above-referenced Registration Statement (the "Registration Statement"), the Company hereby confirms and represents as follows:

The Company is registering the Exchange Offer in reliance on the Staff's position and representations set forth in Shearman & Sterling, SEC No-Action Letter (available July 2, 1993), Morgan Stanley & Co., Inc., SEC No-Action Letter (available June 5, 1991), and Exxon Capital Holding Corp., SEC No-Action Letter (available May 13, 1988) (together, the "No Action Letters").

The Company has not entered into any arrangement or understanding with any person to distribute the Exchange Notes to be received in the Exchange Offer and, to the best of the Company's knowledge and belief, each person participating in the Exchange Offer is acquiring the Exchange Notes in its ordinary course of business and has no arrangement or understanding with any person to participate in the distribution of the Exchange Notes to be received in the Exchange Offer. In this regard, the Company will make each person participating in the Exchange Offer aware (through the prospectus or the letter of transmittal) that, if such person is tendering Outstanding Notes in the Exchange Offer with the intention of participating in any manner in a distribution of the Exchange Notes, such person (i) cannot rely on the Staff position enunciated in the No Action Letters or interpretative letters to similar effect and (ii) must comply with the registration and prospectus delivery requirements of the Securities Act of 1933, as amended (the "Securities Act"), in connection with a secondary resale transaction. The Company acknowledges that such a secondary resale transaction by such person participating in the Exchange Offer for the purpose of distributing the Exchange Notes should be covered by an effective registration statement containing the selling security holder information required by Item 507 or Item 508, as applicable, of Regulation S-K.

The Company will make each person participating in the Exchange Offer aware (through the prospectus or the letter of transmittal) that any broker-dealer that will receive Exchange Notes for its own account in exchange for Outstanding Notes that were acquired as a result of market-making activities or other trading activities may be a statutory underwriter and must deliver a prospectus meeting the requirements of the Securities Act in connection with any resale of such Exchange Notes.

4. Neither the Company nor any of its affiliates have entered into any arrangement or understanding with any broker-dealer to distribute the Exchange Notes.

5. The Company will include in the letter of transmittal to be executed by an exchange offeree in order to participate in the Exchange Offer a provision to the effect that if the exchange offeree is a broker-dealer holding Outstanding Notes acquired for its own account as a result of market-making activities or other trading activities, such broker-dealer will acknowledge that it will deliver a prospectus meeting the requirements of the Securities Act in connection with any resale of Exchange Notes received in respect of such Outstanding Notes pursuant to the Exchange Offer. The letter of transmittal also will include a statement to the effect that by so acknowledging and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an "underwriter" within the meaning of the Securities Act.

If any additional supplemental information is required by the Staff, please contact the undersigned at (303) 357-7310 or David P. Oelman of Vinson & Elkins L.L.P., whose telephone number and mailing address are shown on the facing sheet of the Registration Statement.

Very truly yours,

ANTERO RESOURCES FINANCE
CORPORATION
